#### Transmittal of Report on Proposed Purchase of Market Street Railway.

The following was presented, considered, read and *referred to the Finance Committee*:

August 5, 1938.

To the Honorable the Board of Supervisors, 235 City Hall, San Francisco, California.

Gentlemen: I send you herewith copies of the following documents:

1. Letter from Mr. Samuel Kahn, President of the Market Street Railway Company.

2. Recommendation of the Manager of Utilities to the Honorable Public Utilities Commission on the subject of Market Street Railway purchase and rehabilitation.

3. Report of the Manager of Utilities to the Honorable Public Utilities Commission on the above subject.

4. Certified copy of resolution of the Honorable Public Utilities Commission on the above subject.

I am transmitting to you 20 copies of each of these documents so that each member of the Board of Supervisors may have a copy of each document and the Clerk of the Board of Supervisors will have nine copies for his use.

Very truly yours,

E. G. CAHILL,  
Manager of Utilities.

#### MARKET STREET RAILWAY COMPANY

San Francisco, California

Office of  
Samuel Kahn  
President

August 5, 1938.

Mr. E. G. Cahill, Manager of Utilities,  
City and County of San Francisco,  
City Hall, San Francisco.

Dear Mr. Cahill: Pursuant to a resolution adopted by the Board of Supervisors of the City and County of San Francisco, you called at my office on several occasions to obtain a price at which we would sell the operative property of the Market Street Railway Company to the City.

The operative property of the Company consists of: Tracks, roadbeds, overhead construction, electric street cars, cable cars, work cars, trolley

MONDAY, AUGUST 8, 1938.

busses and automotive equipment, carbarns, cable machinery houses, substations and shops, land on which the buildings are situated and rights of way; it does not include several parcels of non-operative real estate (although one piece, situated at Market and Valencia streets, has a small blacksmith shop located on it), the stock of materials and supplies, and office equipment.

On June 30, 1928, M. M. O'Shaughnessy, deceased, when City Engineer determined that the reproduction cost of the Company's property was \$45,859,006.00 and that the reproduction cost less depreciation was \$28,602,831.00. According to our records, the net depreciation from that date to June 30, 1938 was \$2,520,916.00 thereby bringing the reproduction cost less depreciation down to date at \$26,081,915.00. While the valuation of this Company's property is not being used as a basis of negotiations, nevertheless, these figures cannot be entirely disregarded as they indicate holdings of considerable magnitude dedicated to public use.

As to price, I can only make recommendations to the stockholders. It is fundamental to them, however, that such price must be sufficient to pay:

Item 1. The outstanding bonds.

Item 2. The bank loans and other floating indebtedness.

Item 3. The unpaid power bills.

Item 4. The cost of liquidating the Company including the maintenance of Legal and Claims departments for disposition of a large number of damage suits and claims.

Item 5. To provide for 1921 bondholders, particularly the owners of the Prior Preference Stock, as all of this stock, much of which is held in San Francisco, and a part of the junior stocks, were issued in exchange for bonds and therefore represents money loaned to this Company to provide service for the people of San Francisco.

The debts of this Company (Items 1, 2 and 3, preceding paragraph) amount to \$7,000,000.00. The estimated cost of winding up the Company's affairs (Item 4) is \$575,000.00.

The 1921 bondholders (now represented by stock) in all fairness are entitled to, at least, 35 cents on the dollar. This figure is approximately one-third the amount these bondholders originally invested and does not take into consideration the fact that they have not received any return on their investment for fourteen years. If such return were taken at only three per cent, these bondholders would be entitled to an additional 42 cents on the dollar but consideration herein has been given only to the partial return of principal and not any to interest. Such partial return of principal would require \$5,375,000.00.

The aggregate of the foregoing items is \$12,950,000.00. The value of the non-operative property mentioned hereinbefore is estimated at \$450,000.00 which, when deducted from the above figure of \$12,950,000.00 leaves a balance of \$12,500,000.00.

I am willing to recommend to the stockholders that the Company surrender all franchises and convey its operative property to San Francisco for the sum of \$12,500,000.00.

Very truly yours,

(Signed) SAMUEL KAHN,  
President.

Purchase of Market Street Railway Company Properties.

August 5, 1938.

To the Honorable the Public Utilities Commission, City Hall, San Francisco, California.

Gentlemen: I have received from the Board of Supervisors a resolution requesting the Public Utilities Commission to negotiate with the Market Street Railway Company for a price at which their railway properties might be acquired. I enclose herewith my report in the matter. This report covers, not only the purchase price, but also the cost of rehabilitating the properties of the Market Street Railway Com-

pany. The asking price for the operative properties of the Market Street Railway Company is \$12,500,000. I estimate the cost of consolidation, re-routing, rehabilitation, extensions and repaving of the unified systems to be the sum of \$26,500,000.

From the enclosed report you will note that during the first year after the acquisition of these properties, on the basis of operating on a 5-cent fare and with a universal transfer system, a deficit of approximately \$350,000 will have to be reflected into the tax rate, and the average deficit during the 25-year life of the bonds will be approximately \$1,075,000. Both on the basis of 25-year, 4 per cent bonds.

Public interest and necessity demand proper mass transportation service for *all* the people of San Francisco at uniform cost.

In the final analysis, major questions of policy must be decided by the people themselves, and, therefore, for the purpose of getting the expression of the people of San Francisco on this most important subject, I recommend to you that you request the Board of Supervisors to submit to the people at the earliest possible time a bond issue of general mortgage bonds in the amount of \$39,000,000, for the purpose of acquiring and rehabilitating the properties of the Market Street Railway Company, in accordance with the report I submit herewith.

From an investment standpoint, purchase of the Market Street Railway Company for \$12,500,000 is not, in my opinion, justified. But one of the major problems confronting San Francisco today is that of transportation, and in view of the fact that the Company has franchises lasting approximately 17 more years, this recommendation is worthy of your earnest consideration.

Very truly yours,

E. G. CAHILL,  
Manager of Utilities.

#### Unification of Municipal and Market Street Railways Under City Ownership.

August 2, 1938.

The Honorable the Public Utilities Commission, City Hall, San Francisco, California.

Gentlemen: In July, 1937, you directed me to make a complete investigation and report on the possible results of acquiring the properties of the Market Street Railway and combining them with those of the Municipal Railway. This study to include necessary costs of rehabilitating the property and putting it in first class condition for operation by the City; the abandonment of needless lines; the efficient re-routing of other lines, and the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically. On July 5, 1938 the Honorable Board of Supervisors, by Resolution No. 4069, requested that I negotiate with officials of the Market Street Railway for acquisition of its property and, if possible, report the result of these negotiations by August 1st. I have complied with both these requests.

Mr. Kahn has stated that he would recommend to his stockholders a price of \$12,500,000 for the Market Street Railway properties. This sum includes the operative, but not the non-operative, properties in San Francisco and San Mateo counties.

The study, made in accordance with your direction, includes, in addition to the possible cost of acquisition, additional capital expenditures required to make the consolidated system function both efficiently and economically. No consideration has been given to the acquisition and consolidation of the properties of the California Street Cable Railroad, as I believe it to be preferable that arrangements be made with this Company to exchange transfers with the enlarged Municipal system, thus securing universal usage of the transportation lines in the City, and leaving the operation of this cable system in the hands of those who have guided its operations for many years, and who are thoroughly conversant with all of its intricacies. While I have not discussed the

matter of transfer exchange, I feel that under the conditions which can be proposed, the Company will accede to this request.

Over many years the management of the Market Street Railway has failed to fully maintain the property, and this has resulted in the gradual deterioration of the tracks, cars, and other portions of the plant. Your Commission cannot take over the Market Street properties and render a satisfactory service without large expenditures for rehabilitation.

The Market Street Railway, as it stands today, is the conglomerate residue of a large number of predecessor railways. For this reason it now operates a number of lines which cannot be justified by either convenience to patrons or earnings. Relatively few changes in routing have been made for many years, and in most cases such changes as have been made are of minor importance. The possible combination of the Municipal Railway properties with the Market Street system, has made it necessary to study the entire transportation system of the city with a view to eliminating all unnecessary lines, and the establishing of new services which will give the most direct means of communication between various sections of the city. While the Market Street Railway has discontinued a few lines during the past ten years, it has held on to many lines on which the frequency of service has been reduced to a point below which they can be said to be rendering a useful service.

The Company still operates four cable lines. The cars on these run at speeds which average six miles per hour, and cable lines are not only costly to operate, but costly to maintain. I am proposing to replace all of these, as far as patronage warrants, with trolley buses, which, I have ascertained, will satisfactorily negotiate all of the grades which the cable cars now traverse. These trolley coaches will have about the same seating capacity as the cable cars, and will travel at a considerably higher speed.

I am also proposing to substitute trolley coaches for some of the rail lines where the revenue does not justify the expenditure necessary to rebuild the tracks and where service must be continued for the convenience of the people. Gasoline engine coaches will be used on certain other routes now operated with trolley cars where they will supply superior and more economical service. New gasoline coach routes are planned in some places where neither the Company nor the city is now rendering needed service.

The changes which I propose to make may, in some cases, seem very drastic, but in view of the fact that the Company's passenger revenue decreased from \$9,668,987 in 1928 to \$7,115,905 in 1937—more than two and one-half million dollars, or nearly 26 per cent—the Company's records show that all of the lines now in use are not self-supporting. The decrease in the number of car miles operated in the same period was 26 per cent. The average revenue per car mile in 1928 was 36.445 cents and 36.75 cents in 1937. The Company has increased the average speed of its cars from 9 miles per hour in 1928 to 9.26 miles per hour in 1937. The revenue per car hour has increased from \$3.287 in 1928 to \$3.31 in 1937. These figures show how the Company has cut its schedules to fit service requirements.

Both the Municipal and Market Street systems have been confronted with a condition which has increased the over-all cost of operation. This is because the riding habits of the public have changed materially in the nine-year period so that there is much less riding during the off-peak hours, particularly in the evenings. At the same time the riding during the peak hours has increased. This change requires the railways to maintain cars, employees and power supply sufficient to move a heavier peak-load without furnishing use for this capacity at hours other than the peak.

#### *Investment Required.*

So that you may be informed and so that any bond issue presented may be drawn to cover the full costs of acquisition, consolidation, re-routing and rehabilitation, I present the following figures as representing the expenditures which will be required to carry through a

program giving our city a reasonably satisfactory system of urban transportation. What I propose will require a number of years for execution, and the details may be greatly modified when studied at greater length than the time, personnel and funds at my command have permitted. You may be assured, however, that the total sum is much closer to the minimum rather than the maximum which should be spent.

TOTAL CAPITAL REQUIRED.....\$39,000,000

A brief discussion of each of these items, except purchase price, is given below:

*Reconstructing Tracks.*

A complete inventory and valuation of the properties of the Market Street Railway were made in 1929 by the late City Engineer, M. M. O'Shaughnessy, as of June 30, 1928. This showed that it would cost \$21,282,000 to replace the track and roadway properties at that date. The condition of the property at that time showed that it had depreciated to an average 57 per cent condition, with a value of \$12,130,000. To maintain the 57 per cent condition of 1928, the Company should have spent at least \$8,000,000 in replacing this property during the elapsed ten years. Its actual expenditures have been approximately one and one-third million dollars, and much of this was forced by boulevard and street widening projects. An inspection of the road shows that of the property to be used in the proposed consolidated system, approximately 85 per cent will have to be rebuilt within the next ten years, and 43 per cent of this must be rebuilt as soon as possible. Obviously this cost of rehabilitation should be included in the original capital outlay.

To restore the surface of the streets on which trolley or motor coach operation is to be substituted for electric or cable operation, it will be necessary to take up the rails and repave part of the street. In some cases this will involve only the paving of the narrow trench out of which the rails are removed. In other cases, particularly on cable routes and on electric lines where the pavement between the rails is basalt block and the remainder of the street asphalt surfaced, it will be necessary to repave the entire width of the railway right of way to match the adjoining pavement. In other cases, where the tracks are in bad condition, the pavement has also deteriorated to such an extent that it will be necessary to repave the entire area occupied by the tracks. The trolley poles, trolley wires and feeder cables serving electric lines to be replaced will also have to be removed, and the sidewalk refinished where the poles are taken out. The materials removed in doing all this work will have some salvage value. Allowing for this, the net cost of rehabilitation and repaving will be \$11,900,000.

*Replacing Cars.*

In the 1928 valuation, the Market Street Railway cars were found to have a reproduction value of \$9,369,000, and to be in 63 per cent condition, having at that time a depreciated value of \$5,942,000. Normal street railway replacements, and modernization would have called

for the expenditure, in the intervening ten years, of between three and five million dollars. The Company's actual expenditures have been \$1,147,000 and an appreciable amount of this was expended in converting cars for one-man operation. Marked advances have been made in the design and construction of street railway cars in the last decade and to make street railway transportation attractive, almost all of the Market Street Railway cars must be junked and replaced with new ones, embodying the features which will bring San Francisco up to date. Piecemeal replacement will not be economical as the newer cars start, run and stop much more rapidly than those now in use here, and to attempt to operate new and old equipment on the same track will require the new cars to adopt the gait of the older vehicles.

A comparison of the cost of maintaining the Company's equipment with that of the cost of maintaining Municipal Railway equipment, reveals that even with lower wages, the Company's cost is more than 10 per cent higher. This in spite of the fact that much of the Municipal Railway equipment has been in service from 23 to 25 years. To attempt the continued operation of these old cars would be very unwise, as they not only lack rider appeal, but are costly to maintain and operate, in addition to which, experience elsewhere has shown that modern vehicles have stimulated riding 15 per cent, and sometimes more. The new cars needed will cost \$9,000,000.

#### *Trolley Coaches.*

Some of the trolley lines now in use should not be continued, because it would be necessary to not only rebuild the track, but to buy new cars, which their prospective business does not warrant. For certain of these lines I am recommending replacing rail with trolley coach operation. Poles and power supply are available for trolley coaches, and the removal of the rails and the repaving of the street is less costly than rebuilding tracks, and for the headways required, trolley coach operation would be less costly than with electric cars and equally satisfactory. I have already stated that it is my intention to abandon the use of the Market Street Railway cable cars and substitute therefor trolley buses. The expenditure for the purposes of purchasing the trolley coaches is \$1,512,000.

#### *Purchase of Automotive Coaches.*

Some of the outlying areas now receiving unsatisfactory street car service can be cared for better with motor coaches connecting with the street car lines. Some other sections of the city now without convenient transportation must be provided with motor coaches connecting with car lines. I estimate that the cost of these coaches will be \$228,000.

#### *Rehabilitation of Car and Coach Storage.*

The Market Street Railway now has no fireproof car storage; the structures being brick with wooden interiors or frame construction throughout. It is my opinion that a number of these can be abandoned, and that the others must be made more suitable and thoroughly fire-proofed. It is also the intention to build one new carhouse on a site which will come to the City with the Market Street Railway properties. The cable carhouse serving the Powell street lines will be converted to trolley-bus storage, and one of the other houses reconstructed for the gasoline buses. To provide these storage facilities we will require \$1,413,000.

#### *Consolidating and Equipping Shops.*

The Market Street Railway has extensive shop property in the vicinity of Geneva and San Jose avenues. To attain maximum efficiency, the Municipal Railway repair shop at Geary street and Presidio avenue should be abandoned and all repair work consolidated at the larger property of the Market Street Railway. The Market Street Railway shop buildings and tool equipment require considerable improvement for maximum economy and safety, therefore, I have included \$570,000 for the capital cost of this consolidation and improvement.

*Trolley Construction for Trolley Buses.*

For the trolley buses it is necessary to provide overhead wires for power supply where the bus routes are established on streets now served by street cars; it will be necessary to put up two additional wires to replace the rail return circuit used with the cars. In some streets it will be necessary to install complete new overhead structure and conductors. To get the trolley buses to storage and service houses, negative overhead wires will have to be added over some of the street car lines. Negative return cables will also be necessary to complete the return circuit from the second trolley wire. The total cost of this work will be approximately \$523,000.

*New Construction.*

The proposed new routings will necessitate the construction of some short pieces of track, and the installation of new connections between existing lines. The cost of making these additions and re-arrangements is \$150,000.

*General Railway Headquarters.*

The Market Street Railway general offices are located at 58 Sutter street, where the Company occupies three floors. The Municipal Railway headquarters are located at the Geary street car barn. All headquarters, staff and offices should be centrally located in one place. None of the Municipal Railway offices can be enlarged to accommodate the personnel of the consolidated system. I am recommending the expenditure of \$250,000 to either acquire or construct a railway general office to accommodate the administrative officers, accounting staff and engineers.

*Miscellaneous Contingencies.*

The major items have been covered above. In addition to these, there will be a number of changes necessary to consolidate the two systems. The rearrangement of power supply, the consolidation of stores and supplies, and the disposal of unnecessary equipment and property, together with an allowance for minor items are included in the sum of \$954,000.

*Financial Results.*

There are set forth below the operating results of 1937 for the two separate systems and the estimated operating results of the combined system for the first year after acquisition and following complete rehabilitation and re-routing. The operating income figure is before depreciation and taxes with a 5-cent fare.

Operating Income .....		\$1,526,050
Allow for Taxes Paid City by Mkt. St. Rwy. 1937		260,905
		<hr/>
Comparative Operating Income.....		\$1,265,145

The figures used in Table II are actual figures for 1937.

The operating revenue in Table III is less than that in 1937 for the reason that some lines are abandoned and no improved service can be offered, except in a minor way. It is also necessary to make a deduction for loss of revenue through transbay passengers arriving in San Francisco at Plan X Terminal rather than at the Ferry Building. The new location is much closer to the business and financial parts of the city than the Ferry Building and many who now use the street cars from the ferry will be able to walk to their destination from Plan X.

No deduction has been made because of establishing the universal transfer privilege, as it has been assumed that the stimulation in riding due to the convenience of the universal transfers will offset the loss of the double fares now paid.

Operating expenses were increased to reflect the application of Municipal Railway wages and other conditions to operating the present equipment over all but a few of the Market Street Railway lines, which will be converted. Municipal Railway operations included are at 1937 costs.

The real estate, property and franchise taxes now paid by the Market Street Railway would be lost to the city, and therefore, have been deducted for purposes of comparison.

The increase in revenue shown in Table IV for the combined system after re-routing and rehabilitation includes the operating revenue of Table III, plus 5 per cent increase due to stimulation of business by use of better equipment and more direct routing. This percentage of increase is conservative.

The operating expenses show a marked decrease even under Municipal Railway wages and working conditions with the new routing, reconstructed track, and new equipment, and include an allowance to carry the estimated 5 per cent increase in traffic reflected in the revenue. Real estate, property and franchise taxes are paid by the Market Street Railway. These taxes would be lost to the city under Municipal ownership, therefore, the 1937 taxes have been deducted for comparison purposes.

This result cannot be obtained for several years after the acquisition and consolidation of the properties. The first year will have the results of Table III and as the properties are gradually rehabilitated, new routes established, and new equipment supplied, the railway will reach the operating income of Table IV. In the intervening time the operating income will vary between these two figures.

It is impossible at this time to make firm long range estimates of either revenue or operating expenses for any public transportation system. The increasing ownership and use of private automobiles and the changing ideas of people with relation to any form of public transportation have not as yet become stabilized, and the developments of the next few years cannot now be foretold.

I am setting up the net results of operation under three plans on

the basis of borrowing \$39,000,000 with 25-year bonds on which retirement would not commence until after the third year.

*One*, with 4 per cent, 25-year bonds.

*Two*, with 3 per cent, 25-year bonds. The Controller informs me that during the years 1935-36, 1936-37 and 1937-38, bond issues of the City and County of San Francisco have been sold at interest rates varying between 2.63 and 2.68 per cent. For this reason I think that consideration should be given to the financial results of this project on the basis of 3 per cent bonds.

*Three*, outside of the payment to the Market Street Railway, all of the other items of capital expense are of a nature which might receive favorable consideration for a 45 per cent P.W.A. grant from the Federal Government, except for the fact that all of the work required cannot be done within the time now allowed for completion of P.W.A. projects under existing legislation. It is possible, however, that work to the extent of 16 or 17 million dollars might be completed in this period, which would have the effect of securing a saving to the city of possibly 7½ million dollars in capital outlay by means of a P.W.A. Federal grant. Therefore, I have figured the financial result of acquiring and rebuilding the railroad using 3 per cent bonds and securing a 7½ million dollar Government grant.

The results for the first year, considering that only one-half of the bonds would be issued and without bond redemption but including interest and redemption for 1938-39 on outstanding Municipal Railway bonds, is as follows:

TABLE V.

*Financial Results of Initial Year's Operation, Including Interest on One-Half the Bonds but No Redemption.*

	Deficit
4 per cent bonds .....	\$349,275
3 per cent bonds .....	154,275
3 per cent bonds with 7½ million dollar P.W.A. grant.....	41,775

For the second year of operation with interest on all of the bonds but no bond redemption these figures become:

	Deficit
4 per cent bonds .....	\$978,000
3 per cent bonds .....	734,000
3 per cent bonds with 7½ million dollar P.W.A. grant.....	362,000

During the period between the time of acquisition and the completion of rehabilitation, and the purchase of new vehicles, there will be a gradual increase in operating income from that shown in Table III, to that shown in Table IV. Taking into consideration the heavy losses before the road has been rebuilt, the average annual loss over the life of 25-year bonds including bond interest and redemption on outstanding Municipal Railway bonds will be as follows:

TABLE VI.

*Average Annual Financial Result Over Period of 25 Years, Including Bond Interest and Redemption.*

	Deficit
4 per cent bonds .....	\$1,075,000
3 per cent bonds .....	850,000
3 per cent bonds with 7½ million dollar P.W.A. grant.....	425,000

#### *Depreciation.*

The operating expenses used in the above tables do not include depreciation. Consideration must be given to the fact that a large part of the track and roadway is proposed to be rebuilt and new equipment purchased with new capital, and that full maintenance of the properties is covered by operating expenses, and the capital charges

used include bond retirement on a 25-year basis in addition to the interest. There is not a wide divergence between the life of the new properties and the time required to retire 25-year bonds. To fund full depreciation and bond retirement would require the present generation to not only pay for the Market Street Railway property and its rehabilitation, but provide money to replace it at the end of its life, which is illogical.

Another way to look at this situation is to consider that as long as revenues will not entirely meet operating expenses and fixed charges, any depreciation funded will have to be secured through taxation. For the purposes of this study, it seems better to consider passing to the taxpayers only the deficit incurred, without funding depreciation. Should money be required for replacements, before the extinction of the bonded indebtedness, only the actual amount required for replacements would have to be added to the tax rate. The amount allowed herein for maintenance in the operating expenses may be sufficiently generous, being based on past experience with the older properties, to carry a portion of such replacements as may have to be made within the next 25 years.

#### *Routings.*

Mr. O'Shaughnessy's report of 1929, outlined a unified plan embracing the Municipal and Market Street Railways and the California Street Cable Railroad. The present plan does not include the California Street Cable Railroad, and the routings proposed in 1929 have been revised for the following reasons:

1. The Bay Bridge and its associated rail terminal station had not been planned. The removal of transbay traffic from the Ferries to Plan X necessitates changes in routings at the lower end of Market street.

2. Changes in trackage and routings have been made since 1929.

3. Downtown street traffic has increased to such an extent as to make downtown switchbacks and turning movements objectionable.

4. Shifts of population have changed the patronage of some routes.

5. New residential districts have been developed.

6. It is planned to interchange transfers with the California Street Cable Railroad instead of embodying that company's properties in the unified system.

7. Developments in trolley and motor coach construction have now made them satisfactory for the replacement of cars on some of the more lightly traveled electric lines and all of the cable lines.

The fundamental objective of a unified system is to improve the efficiency of the city's transportation system and its effectiveness, discontinuing routes that are unable to compete with other types of transportation and duplicating services.

It is realized that further study will produce improvements in the details of the plan on which this report is based. However, the financial results will not be greatly changed.

By establishing through routing where possible, the number of routes will be reduced, likewise some mileage. The elimination of duplicate services also decreases the total length of routes to be operated. In no case is it intended to abandon any essential transportation and on the whole the result will be better and more effective service than is now possible.

It will be impossible to put all of the changes proposed in effect all at once, as this would lead to confusion. One route after another would be changed, as and when track and equipment becomes available through reconstruction and purchase.

#### *Trolley Coach Substitution.*

Trolley coaches are to be substituted for existing forms of transportation where advantageous. They will replace cable cars on routes not to be abandoned, and electric cars on routes which do not warrant rebuilding as electric lines. One existing heavily patronized motor coach line is to be converted to trolley coach operation.

*Motor Coach Substitution.*

To render equal if not better transportation at a lesser cost portions of some electric car lines will be replaced with motor coach routes. The portions of the electric lines to be replaced are at present lightly patronized, and an even better service will be rendered by buses.

When all of the changes in routing have been completed, there will be a marked shift in the relative number of car miles operated annually by street cars, trolley coaches and motor coaches and some decrease in the total number of vehicle miles. A decrease in the number of miles operated by electric cars will be largely offset by nine times the present number of trolley coach miles now operated. Motor bus miles will be increased nearly 50 per cent, and the 954,000 cable car miles are to be dropped entirely.

*Service.*

For some time past there has been an unbalance in the rush hour loading of the Market Street cars of the two systems; the Municipal cars being badly overloaded, while the Market Street cars frequently have surplus capacity. This was very evident even before the private company instituted the charge for transfers or raised its fares. For physical reasons it has been impossible to improve the Municipal Railway service on Market street. The plan of routing which I propose was designed to make effective use of all four of the tracks on Market street.

In estimating vehicle miles and the peak hour car requirements, loading was fixed at 100 passengers per car, compared to an actual loading of sometimes as many as 135 passengers on the Municipal Railway cars. Therefore, the schedules proposed allow a considerable margin for irregularities in headways and other conditions affecting car loading. For coaches, the schedules have been designed to demand a maximum loading of no more than 150 per cent of seating capacity, which is frequently exceeded on present buses.

The traffic checks made in connection with the 1929 report and the report made by Mr. Mott of the California Railroad Commission in 1931, were utilized as far as is still applicable. These have been supplemented with a large number of point checks and one riding check made during the past few months.

*Market Street Situation.*

In the drafting of new routings there has been a consistent effort to relieve Market street of its excessively heavy evening peak loading. The routings proposed will produce better results than those now in effect, and the application of modern cars will be of further benefit; however, the street car traffic on Market street will continue to be so heavy as to cause delay and inconvenience, which will increase with the growth of our city.

*Acknowledgment.*

I am indebted to Mr. Paul J. Ost, Manager and Chief Engineer of the Electric Power Bureau, L. M. Perrin, Electrical Engineer, L. V. Degnan, Office Engineer, Luther G. Stiles, Assistant Engineer, and to other members of Mr. Ost's staff, for their efficient work during the past year in making the engineering studies and assembling the data upon which this report is based.

Very truly yours,

E. G. CAHILL,  
Manager of Utilities.

PUBLIC UTILITIES COMMISSION  
City and County of San Francisco

Resolution No. 2803.

Whereas, the Manager of Utilities has submitted to this Commission his report relative to the acquisition and rehabilitation of the properties of the Market Street Railway Company:

Resolved, That said report, together with the recommendation of the Manager of Utilities, be forthwith submitted to the Board of Supervisors for the action of that body.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of August 5, 1938.

*Assistant Secretary.*

#### Action Deferred

The following matters *were laid over until Wednesday, August 12, 1938, 2 p. m.*

#### Declaratory Resolution, Bond Issue for Divisadero Street Tunnel.

(Code No. —)

Resolution No. —, as follows:

Determining and declaring that Public Interest and Necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Divisadero street from a point at or about the intersection of Pine and Divisadero streets northerly to a point at or about the intersection of Lombard street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof; and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Divisadero street from a point at or about the intersection of Pine and Divisadero streets northerly to a point at or about the intersection of Lombard street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof.

Section 2. That the estimated cost of such improvement as described in section 1 hereof is the sum of \$5,425,000.

Section 3. It is hereby determined and declared that of said sum of \$5,425,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and that said improvement will require the incurring of a bonded debt in the amount of \$5,425,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

#### Declaratory Resolution, Bond Issue for Lombard Street Tunnel.

(Code No. —)

Also, Resolution No. —, as follows:

Determining and declaring that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Lombard street from

a point at or about the intersection of Lombard and Franklin streets easterly to a point at or about the intersection of Taylor street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof; and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Lombard street from a point at or about the intersection of Lombard and Franklin streets easterly to a point at or about the intersection of Taylor street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof.

Section 2. That the estimated cost of such improvement as described in section 1 hereof is the sum of \$4,240,000.

Section 3. It is hereby determined and declared that of said sum of \$4,240,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and that said improvement will require the incurring of a bonded debt in the amount of \$4,240,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

#### RECESS.

Whereupon, the Board of Supervisors at the hour of 7 p. m. took a recess until Wednesday, August 10, at 2 p. m. at which time it will consider proposed purchase of Market Street Railway and such other business as may be brought before the meeting.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors August 15, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

## Declaratory Resolution, Bond Issue, Purchase of Market Street Railway Properties.

(Code No. 15.091)

The following matter, heretofore referred to the Finance Committee,  
was taken up:

Resolution No. ———, as follows:

Declaring and determining that public interest and necessity demand  
the acquisition of the operative properties of the Market Street Rail-  
way and the rehabilitation of said properties, all designed to aid in  
transportation of people within the City and County of San Francisco  
and that the cost thereof is and will be too great to be paid out of the  
ordinary annual income of said City and County.

Resolved, By the Board of Supervisors of the City and County of  
San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest  
and necessity demand the acquisition of the operative properties of  
the Market Street Railway, the re-routing of the lines of said company,  
the substitution of trolley and gas buses for rail service where coaches  
would render adequate service more economically, and the replacement  
of said Market Street Railway cars with modern equipment and the  
reconditioning of the rails, trolleys, and poles of the said company and  
the repair of streets within the rails and on both sides of the rails of  
said company, the establishment of equipping and maintenance shops,  
the construction of overhead for trolley bus operation when necessary,  
the reconstruction and constructions of new and connecting tracks and  
general railway headquarters, and that the estimated cost of said  
improvements is and will be too great to be paid out of the ordinary  
annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as de-  
scribed in section 1 hereof is the sum of \$39,000,000.

Section 3. It is hereby determined and declared that of said sum of \$39,000,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$39,000,000.

#### Point of Order.

Supervisor McSheehy raised as a point of order that the foregoing had not been referred to the Finance Committee. Chair ruled point of order was not well taken.

#### Privilege of the Floor.

Whereupon, the following persons were granted the privilege of the floor and spoke at length:

John A. O'Connell, representing San Francisco Labor Council, opposed the bond issue on the grounds expressed in resolution presented by him for Carmen's Union Division 1004 set forth at length immediately following:

*Amalgamated Association of Street, Electric Railway and Motor Coach  
Employees of America, Division 1004, Affiliated With the  
American Federation of Labor,*

1182 Market Street, Rooms 307-308, San Francisco, California.

January 27, 1938.

#### Resolution.

Whereas, the Charter of the City and County of San Francisco sets forth the principle of public ownership of utilities by the City and County of San Francisco in the following provision of the Charter:

#### "ARTICLE XII.

#### "ACQUISITION OF PUBLIC UTILITIES."

"It is hereby declared to be the purpose and intention of the people of the City and County that its public utilities shall be gradually acquired and ultimately owned by the City and County."

And whereas, acquisition of the Market Street Railway by the people of the City and County of San Francisco would constitute an important step toward the realization of this objective, and

Whereas, the history of street railway transportation in the City and County of San Francisco shows there has been a constant clash of interest between the municipally owned railway and the privately owned railway, resulting in cross purposes rather than in unification and the best interests of the people of San Francisco, and

Whereas, the City and County of San Francisco has reached a stage where the traffic problems created by rural developments and expansion of the City demand an entirely modernized mass transportation system, if the City and County of San Francisco is to maintain itself as a metropolitan American population center, and

Whereas, the City and County of San Francisco now stands at the cross roads in the matter of coordinating, unifying and modernizing its transportation system so it will conform to the demands of the times, and

Whereas, it is impossible to carry this plan out expeditiously and without duplication of service and incurring great waste while the competitive Market Street Railway Company continues in operation, and

Whereas, the Market Street Railway Company, through obtaining a two cent transfer on all of its lines has also struck a vital blow at the principle of the universal transfer, and

Whereas, the privately owned company has instituted the operation of one man cars, adding thereby great inconvenience and delay to

passengers and also reducing the number of men employed in the service during these critical years of local and national unemployment, and

Whereas, the Market Street Railway employees represented by Carmen's Union Division No. 1004 will enjoy substantially better working conditions under municipal ownership and will also be covered by the guaranteed pension plan, and

Whereas, the franchise of the Market Street Railway Company will continue in effect for eighteen more years, thus making it impossible for the citizens of the City and County to dispose of this matter and meet the problem of unification and modernization unless other positive steps are taken, and

Whereas, it is self-evident the best interests of the people of the City and County of San Francisco and the members of the Carmen's Union Division No. 1004 lie in the purchase of the operating properties of the Market Street Railway, thus eliminating once and for all the question of the relationship or balance of interests to be maintained between this company and the municipally owned system; therefore, be it

Resolved, That the San Francisco Labor Council go on record as advocating the purchase of said operating properties by the City and County of San Francisco under terms (advantageous to the City and County of San Francisco); and, be it

Further Resolved, That copies of this resolution be sent to His Honor, the Mayor of the City and County of San Francisco, the members of the Board of Supervisors, the Public Utilities Commission, the Building Trades Council, and the Press.

CARMEN'S UNION DIVISION NO. 1004,

By (Seal) (Signed) S. W. DOUGLAS,  
Secretary.

(Adopted by Labor Council later)

#### Privilege of the Floor.

Mrs. Rose C. Walker, representing Long Fellow Mt. Vernon Improvement Club, spoke in opposition to the proposed bond issue.

Geo. H. Allen, representing Central Council of Civic Clubs, spoke at length in opposition to the proposed bond issue. Favored purchase at a reasonable price and the stand taken in the resolution.

J. W. Dilkelspiel, representing Junior Chamber of Commerce, spoke at length in opposition to the proposed bond issue.

Henry Warfield, representing Citizens' Voters Union, spoke at length in opposition to the proposed bond issue.

R. J. O'Rourke, president, San Francisco Property Owners League, spoke in opposition to the proposed bond issue.

Wm. Merryman, representing San Francisco Chamber of Commerce, spoke in opposition to the proposed bond issue.

Geo. W. Gerhardt, representing Civic League of Improvement Clubs, spoke in opposition to the proposed bond issue until such time as the club has time to study matter and a reasonable price was arrived at.

S. W. Douglas, financial and recording secretary, Carmen's Union, Division 1004, opposed proposed bond issue as drawn up believing it too large amount for the proposition to carry at the polls. He urged purchase of the properties on a basis advantageous to the City and County of San Francisco.

#### Statement of Supervisor Uhl.

Supervisor Uhl read the following into the record:

August 8, 1938.

To the Honorable the Board of Supervisors:

Gentlemen: I have received the following letter dated August 5, 1938, from Mr. E. G. Cahill, Manager, Public Utilities.

Under date of August 2nd, 1938, copy of letter from Mr. E. G. Cahill, Manager, Public Utilities Commission, subject-matter, Unification of Municipal and Market Street Railways under City ownership.

Under date of August 5, 1938, copy of letter from Mr. E. G. Cahill, Manager, Public Utilities Commission, subject-matter, Purchase of Market Street Railway property.

Under date of August 5, 1938, copy of letter from Mr. Samuel Kahn, president of the Market Street Railway Company, to Mr. E. G. Cahill, Manager, Public Utilities Commission, subject-matter, Price of the Operative Properties of the Market Street Railway Company.

Mr. Cahill states in his letter of August 5th: "The asking price of the operative properties of the Market Street Railway Company is \$12,500,000" whereas Mr. Samuel Kahn in his letter to Mr. Cahill under date of August 5th, states: "I am willing to *recommend* to the stockholders that the company surrender all franchises and convey its operative properties to San Francisco for the sum of \$12,500,000."

Most certainly this is not the asking price of the operative properties of the Market Street Railway Company. Before submitting to the electorate a bond issue for the purchase of the Market Street Railway properties, the Public Utilities Commission should secure from the Market Street Railway Company an option for the purchase, otherwise to submit a bond issue will prove an idle gesture.

Quoting from Mr. Kahn's letter of August 5th:

"As to price, I can only make recommendations to the stockholders. It is fundamental to them, however, that such price must be sufficient to pay:

- Item 1. The outstanding bonds.
- Item 2. The bank loans and other floating indebtedness.
- Item 3. The unpaid power bills.
- Item 4. The cost of liquidating the Company, including the maintenance of legal and claims departments for disposition of a large number of damage suits and claims.
- Item 5. To provide for 1929 bondholders, particularly the owners of the Prior Preference stock, as all of this stock, much of which is held in San Francisco and a part of the junior stocks, were issued in exchange for bonds and therefore represents money loaned to this Company to provide service for the people of San Francisco."

It is regrettable that the Market Street Railway Company finds itself in this financial difficulty; however, Mr. Cahill should furnish this Board of Supervisors with a breakdown of the \$12,500,000, so that they and the citizens of San Francisco will know what they are paying \$12,500,000 for.

Under date of August 5, Mr. Cahill states: "From an investment standpoint, purchase of the Market Street Railway Company for \$12,500,000 is not, in my opinion, justified."

Mr. Cahill states in his report to the Public Utilities Commission, under date of August 2, 1938:

"Over many years the Management of the Market Street Railway Company has failed to fully maintain the property and this has resulted in a gradual deterioration of the tracks, cars and other properties of the plant."

Mr. Cahill further states:

"The Market Street Railway as it stands today, is a conglomerate residue of the large number of predecessor railways. An inspection of the road shows that of the property to be used in the proposed consolidated system, approximately 84 per cent will have to be rebuilt within the next ten years and 43 per cent must be rebuilt as soon as possible."

Mr. Cahill fails to state how much is being paid for the tracks to be acquired from the Market Street Railway. How much, Mr. Cahill?

Mr. Cahill states \$11,900,000 will be the cost of reconstructing tracks and streets but has failed to submit a list of the lines on which tracks will be reconstructed. Mr. Cahill should inform the Board the streets on which the tracks are to be reconstructed. Perhaps the Board will disagree with Mr. Cahill as to the continuation of trolley cars operating on many of the lines. I feel that many of the tracks should not be reconstructed but should be moved and bus transportation substituted.

Time limit is important in this matter of transportation, busses can be placed in operation four months after the funds are made available, whereas reconstruction of tracks will require years, will cause street obstruction, interference with street car service, for example, reconstruction of Haight street lines will seriously inconvenience the public.

Mr. Cahill fails to state in his report of August 2, 1938, how much is being paid for the old tracks. Mr. Cahill states:

*"Market advances have been made in the design and construction of street railway cars in the last decade and to make street railway transportation attractive, almost all of the Market Street Railway cars must be junked and replaced with new ones, embodying the features which will bring San Francisco up to date."*

Mr. Cahill should furnish the Board with a breakdown what the City will receive for \$12,500,000. I want to know what value he has placed on old cars, practically all of which he says should be junked, and replaced with 450 new cars, costing \$9,000,000. No gainsaying the fact that the Market Street Railway cars as well as the municipal cars which have been in operation, Mr. Cahill informs us, from 23 to 25 years, should be junked and up to date street cars substituted, but not 450 cars.

In the \$39,000,000 bond issue proposed by Mr. Cahill, he includes the purchase of 23 busses costing \$228,000. I am wondering if Mr. Cahill has reversed the items, intending 450 busses and 23 street cars. That would be nearer correct.

I am stupefied to think in this age of busses Mr. Cahill suggests the purchase of 450 cars and only 23 gasoline buses and 108 trolley coaches. It is positively a stupid suggestion and I predict that such a bond issue, if submitted, will meet a worse fate than was accorded the subway bond issue.

Two gasoline busses will cost no more than one street car. Two busses will seat 82 passengers, one street car seats 44 passengers. Two busses can be operated nearly as cheaply as one street car. Busses stop at the curb thereby allowing vehicular traffic to move, whereas street car stopping blocks traffic badly. Furthermore, bus operation will eliminate the terrible noises caused by all of the obsolete cars in San Francisco.

Of the \$39,000,000 bond issue which Mr. Cahill suggests, \$11,900,000 is for reconstructing tracks and streets and \$9,000,000 to purchase 450 street cars, making a total of \$20,900,000, more than 50 per cent of the \$39,000,000 bond issue proposed by Mr. Cahill. I repeat, I am stupefied to think that Mr. Cahill offers such a suggestion when progressive cities in the United States are removing rails and providing bus transportation. I do not wish to be misunderstood: I am not at this time recommending bus transportation on Market street but I feel, in time, by fanning out the busses, beginning at Pine street, north of Market and Third street south of Market, that much of the pedestrian traffic now on Market street using the street cars, will, in all probability, make bus transportation on Market street practical.

#### *Financing.*

Mr. Cahill in his letter of August 5th states:

*"On the basis of the five-cent fare and universal transfer, there will be a deficit of \$350,000 the first year and an average annual deficit of \$1,075,000 based on 4 per cent bond during the 25 year life of the*

suggested bonds or a deficit of \$850,000 annually based on the 3 per cent bond."

Mr. Cahill makes the surprising statement: "The operating expenses used in the tables does not include depreciation."

The Railroad Commission of the State of California has, in no uncertain terms, given warning that failure to provide a depreciation fund for street railway operation, will result in a calamity.

#### SUMMARY:

Objection to the proposed \$39,000,000 bond issue as follows:

1. That no definite offer has been made the City for the purchase of the operating properties of the Market Street Railway Company.
2. Mr. Cahill fails to give a breakdown of the \$12,500,000 which will indicate to San Francisco what it will receive for said sum.
3. Track reconstruction costing \$11,900,000.
4. Purchase of 450 street cars, costing \$9,000,000.
5. Purchase of only 23 gasoline busses costing \$228,000.
6. Discomfiture caused the public during track reconstruction period.
7. No provision for depreciation.
8. Suggestion of shifting to the taxpayers' shoulder upward of \$1,000,000 a year for 25 years, covering the annual average deficit.

Yours truly,

ADOLPH UHL,  
Supervisor.

#### Motion.

Supervisor Roncovieri, seconded by Supervisor Mead, moved that the Public Utilities Commission report to this Board of Supervisors not later than 2 o'clock p. m. on Friday, August 12, 1938, as to what extent the sum of \$20,000,000 will provide for the acquisition and rehabilitation of the properties of the Market Street Railway Company, and review its report on the acquisition and rehabilitation of the properties of said company, and to make such other recommendations as it may deem proper in the premises.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor McSheehy—1.

Absent—Supervisors Brown, Meyer—2.

#### Motion.

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved that at Supervisor McSheehy's suggestion that Mr. Cahill be requested by the Board of Supervisors to ask Mr. Kahn if he will accept \$5,449,970 for the properties of the Market Street Railway Company, and have Mr. Kahn's answer for 2 p. m., Friday, which sum was suggested by Supervisor McSheehy.

#### Ruled Out of Order.

Chair ruled motion out of order for the reason that the Committee had just requested the Public Utilities Commission to see what it can possibly do in an endeavor to get the properties of the company in shape for \$20,000,000.

#### Declaratory Resolution, Bond Issue for Divisadero Street Tunnel. (Code No. —)

The following matter heretofore presented by Supervisor Schmidt and laid over until this meeting was taken up:

Resolution No. 4172, as follows:

Determining and declaring that Public Interest and Necessity de-

mand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Divisadero street from a point at or about the intersection of Pine and Divisadero streets northerly to a point at or about the intersection of Lombard street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof; and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Divisadero street from a point at or about the intersection of Pine and Divisadero streets northerly to a point at or about the intersection of Lombard street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof.

Section 2. That the estimated cost of such improvement as described in section 1 hereof is the sum of \$5,425,000.

Section 3. It is hereby determined and declared that of said sum of \$5,425,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and that said improvement will require the incurring of a bonded debt in the amount of \$5,425,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

### Privilege of the Floor.

The following persons were granted the privilege of the floor and spoke at length with regard to the foregoing matter:

J. W. Kelly, President, Divisadero Street Merchants Association, was heard urging the adoption of the resolution.

John J. Casey, City Engineer, stated that no engineering plans or estimates had been made for this project and that it was doubtful whether, if a bond issue were approved, that the work could be commenced and finished in the time required by the Federal Grant agreement.

### Declaratory Resolution, Bond Issue for Lombard Street Tunnel.

(Code No. —)

The following matter heretofore presented by Supervisor Schmidt and laid over until this meeting was taken up:

Resolution No. 4173, as follows:

Determining and declaring that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Lombard street from a point at or about the intersection of Lombard and Franklin streets easterly to a point at or about the intersection of Taylor street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof; and that the estimated cost of said improvement is and will be too great to be paid out

of the ordinary annual income and revenue of said City and County.  
Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Lombard street from a point at or about the intersection of Lombard and Franklin streets easterly to a point at or about the intersection of Taylor street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof.

Section 2. That the estimated cost of such improvement as described in section 1 hereof is the sum of \$4,240,000.

Section 3. It is hereby determined and declared that of said sum of \$4,240,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and that said improvement will require the incurring of a bonded debt in the amount of \$4,240,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

#### Privilege of the Floor.

The following persons were granted the privilege of the floor and spoke at length with regard to the foregoing matter:

Hugo D. Newhouse, Director, Golden Gate Bridge and Highway District, urged adoption of resolution.

Stephen Malatesta, President, Property Owners Association of North Beach, also urged adoption of resolution.

Geo. H. Allen, President, Central Council of Civic Clubs, said that the Central Council had endorsed the project and that he favored the adoption of the resolution.

John J. Casey, City Engineer, said that only a few preliminary plans for this project had been made and doubted under the circumstances whether work could be started by January 1st, and finished in time required by Federal grant.

#### Action Deferred.

Whereupon, the two foregoing resolutions relative to bond issues for Divisadero and Lombard street tunnels were *laid over until Friday, August 12, 1938, at 2 p. m.*, when it was agreed would meet in recessed session.

#### Declaratory Resolution, Bond Issue for Broadway Tunnel.

(Code No. \_\_\_\_\_)

The following matter was taken up:

Resolution No. 4176, as follows:

Determining and declaring that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Broadway street from a point at or about the intersection of Broadway and Larkin streets easterly to a point at or about the intersection of Mason street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof; and that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the construction and completion by the City and County of San Francisco of a municipal improvement consisting of a tunnel to be used for vehicular, pedestrian and other traffic under Broadway street from a point at or about the intersection of Broadway and Larkin streets easterly to a point at or about the intersection of Mason street, and for the lighting of said tunnel and for the furnishing of such other equipment as may be necessary for the use thereof.

Section 2. That the estimated cost of such improvement as described in section 1 hereof is the sum of \$3,200,000.

Section 3. It is hereby determined and declared that of said sum of \$3,200,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and that said improvement will require the incurring of a bonded debt in the amount of \$3,200,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

#### Privilege of the Floor.

John J. Casey, City Engineer, was heard and declared that no engineering plans had been prepared for this project.

#### Action Deferred.

Whereupon, on motion of Supervisor Roncovieri, seconded by Supervisor McSheehy, the foregoing matter was *laid over until Friday, August 12, 1938, at 2 p. m.* Clerk being instructed to issue a call of the Board.

#### Motion.

Supervisor Ratto, seconded by Supervisor Schmidt, moved that this Board request our engineering department to submit to this Board estimates of costs of engineering studies and recommendations for Broadway, Lombard, Divisadero and Bernal tunnels.

*So ordered.*

#### Creating Underground District, Geary Street, Geary Boulevard and Point Lobos Avenue.

(Code No. 11.12)

Supervisor Uhl presented:

Bill No. 1667, Ordinance No. 11.1224, as follows:

Amending Order No. 214 (Second Series), entitled "Providing for placing wires and conduits underground in the City and County of San Francisco," by adding a new section to be known as Section ZZZ.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Order No. 214 (Second Series), the title of which is recited above, is hereby amended by adding a new section to be known as Section ZZZ:

Section ZZZ. An additional district to those heretofore described within which it shall be unlawful to maintain poles and overhead wires, except trolley poles and wires, after August 1, 1941, is hereby designated, to-wit:

Underground District No. 81. Geary street from Divisadero street to Presidio avenue; Geary boulevard from Presidio avenue to Forty-second avenue; Point Lobos avenue from Forty-second avenue to the Great Highway.

**Mayor Requested to Ask Public Utilities Commission to Place in Operation One of Three Bus Routes Specified Herein.**

(Code No. 15.094)

Supervisor Uhl presented:

Resolution No. 4183, as follows:

Whereas, Resolution No. 4126, which I presented recently to the Board of Supervisors was refused adoption by a vote of nine to two, and

Whereas, Bus operation will save from ten to fifteen minutes on any of the major routes, and

Whereas, Leading cities in the East are abandoning trolley operations in favor of bus operation, outstanding among which is the City of Newark, New Jersey, and

Whereas, It would be desirable to give bus operation a trial in order that the citizens can judge the value of bus transportation, based on two-minute schedules at peak hours, and the financial results of said bus operation on any one of the following routes:

Bush street from Sansome street, via Presidio avenue and California to Thirty-second avenue;

From Fifth Street at Mint avenue, via Brannan, Potrero, Bayshore, Alemany boulevard, to the County Line;

From Cabrillo and Forty-eighth avenue, via Turk to Market street; returning via Market street and Golden Gate Avenue, Arguello and Cabrillo street; and

Whereas, Said routes approximate six and one-half (6½) miles and require approximately thirty-five (35) forty-one passenger buses on each route, costing approximately \$350,000, and

Whereas, There is in the Surplus Fund of the Municipal Railway approximately \$288,548.15; now, therefore, be it

Resolved, That the Mayor will be asked to request the Public Utilities Commission to immediately adopt one of the foregoing bus routes and place buses in operation thereon.

*Referred to the Public Utilities Committee.*

**Excused.**

Supervisor Schmidt requested and was excused from attendance at Friday, August 12, 1938, 2 p. m. meeting until 3 p. m.

Supervisor Colman declared that it would be impossible for him to be in attendance on Friday, August 12, 1938, at 2 p. m., as at that time he started for military camp at Monterey, but that he would be glad to come Friday morning and stay until that time.

**Motion.**

Supervisor Colman moved that the Mayor be requested to appoint a Committee of representative citizens to arrange for a campaign for the passage of the bond issues to be presented to the people.

*So ordered.*

**Transcripts to Be Furnished.**

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved that transcripts of the meeting on Friday and subsequently on these matters be furnished members.

*So ordered.*

**RECESS.**

Whereupon, on motion of Supervisor Roncovieri, seconded by Supervisor McSheehy, the Board, at the hour of 6 p. m., took a recess until Friday, August 12, 1938, at 2 p. m.

DAVID A. BARRY,  
Clerk.

## Communication.

*Report on Proposed Purchase of Market Street Railway.*

The following communication, presented by Supervisor Roncovieri, was read by the Clerk:

August 12, 1938.

To the Honorable the Board of Supervisors,  
235 City Hall, San Francisco, California.

Gentlemen: I send you herewith copies of the following documents:

1. Recommendation of the Manager of Utilities to the Honorable Public Utilities Commission on the subject of Market Street Railway purchase and rehabilitation.
2. Report of the Manager of Utilities to the Honorable Public Utilities Commission on the above subject.
3. Certified copy of resolution of the Honorable Public Utilities Commission on the above subject.

I am transmitting to you 20 copies of each of these documents so that each member of the Board of Supervisors may have a copy of each document and the Clerk of the Board of Supervisors will have nine copies for his use.

Very truly yours,

E. G. CAHILL,

Manager of Utilities.

PUBLIC UTILITIES COMMISSION

City and County of San Francisco.

August 12, 1938.

The Honorable the Public Utilities Commission,  
City Hall, San Francisco, Calif.

Gentlemen: I have received from the Board of Supervisors a motion dated August 10, 1938, requesting that the Public Utilities Commission report to the Supervisors on Friday, August 12, 1938, as to what extent the sum of \$20,000,000 will provide for the acquisition and rehabilitation of the properties of the Market Street Railway Company, and requesting that my report of August 2, 1938, be revised to the end that the total bond issue proposal be reduced.

I stated in my letter to you dated August 5, 1938, that the asking price for the operative properties of the Market Street Railway is \$12,500,000. I estimated the cost of consolidation, re-routing, rehabili-

tation, extensions and repaving of the unified system to be the sum of \$26,500,000.

I have carefully revised the estimates contained in my prior report and I find that estimating the purchase price of the Market Street Railway Company at \$12,500,000, it will be possible to carry out a partial rehabilitation program for the additional sum of \$11,980,000. The enclosed report shows that with this revised program, during the first year after acquisition of these properties on the basis of operating on a five-cent fare with a universal transfer system, a deficit of approximately \$1,008,000 will have to be reflected into the tax rate, and in the fourth year with the beginning of bond amortization, the deficit to be met from taxes will be approximately \$1,709,000. Both of these calculations are on the basis of 25-year 4 per cent bonds.

If the bonds were sold on a 3 per cent interest basis, the deficit to be met the first year from taxes will be approximately \$764,000 and in the fourth year approximately \$1,464,000.

Public interest and necessity demand proper mass transportation service for *all* the people of San Francisco at a uniform cost. In the final analysis, the major questions of policy must be decided by the people, and for the purpose of getting the expression of the people of San Francisco on this most important subject, I recommend that you request the Board of Supervisors to submit to the people at the earliest possible date an issue of general mortgage bonds in the amount of \$24,480,000 for the purpose of acquiring and partially rehabilitating the properties of the Market Street Railway Company.

It should be clearly understood that the reduction in capital expenditures requested by the Board of Supervisors and reported on herein, will not provide a sufficient amount for a complete rehabilitation of the Market Street Railway system and for its proper consolidation with the operations of the Municipal Railway. It is inevitable, in order to reduce costs of operation, which will be reflected in the tax rate, that the entire program of rehabilitation and consolidation described in my report of August 2, 1938, be carried out at an early date. I feel certain that if the voters approve this bond issue, it will be necessary at an early date to request the voting of additional bond funds to complete the program heretofore outlined.

From an investment standpoint, the purchase of the properties of the Market Street Railway Company for \$12,500,000, is not, in my opinion, justified. But one of the major problems confronting San Francisco today is that of transportation, and in view of the fact that the company has franchises lasting approximately 17 more years, this recommendation is worthy of your earnest consideration.

Very truly yours,

E. G. CAHILL,

Manager of Utilities.

PUBLIC UTILITIES COMMISSION

City and County of San Francisco.

August 11, 1938.

To the Honorable the Public Utilities Commission,  
City Hall, San Francisco, Calif.

Gentlemen: The Board of Supervisors has requested that your Commission reconsider your report on the purchase of the Market Street Railway Company and its rehabilitation at a total cost of \$39,000,000.

At its meeting yesterday the Board carried a motion requesting your Commission to submit on August 12, 1938, the probable financial result of issuing \$20,000,000 in bonds in place of \$39,000,000 to purchase, rehabilitate, and extend the Market Street Railway.

It is obvious that any substantial reduction in the necessary capital expenditures heretofore outlined to place the properties of the Market

Street Railway Company in condition for proper operation inevitably must result in increased operating costs, together with the piling up of large deferred maintenance costs, and that these increased operating charges and maintenance costs must be reflected in the tax rate.

The Market Street Railway properties have reached nearly the end of their useful life. In taking over this railway with the intention of improving the transportation situation, the city government must assume the responsibility of full rehabilitation.

In my report to you of August 2, 1938, I stated that \$26,500,000 would be required for this purpose and I see no means whereby satisfactory mass transportation can be provided using street cars, trolley coaches and motor buses, each in its most effective field, without making the full expenditure within a relatively short time. With a \$20,000,000 bond issue, only \$7,500,000 would be available for rehabilitation and modernization. This is but 28 per cent of the sum which I have estimated will be required for rehabilitation and would be insufficient even to make the system dependable without regard to improved standards of service.

To start with only \$7,500,000 available for rehabilitation out of bonds, and to maintain the property in operating condition, would throw an excessive burden on the taxpayer or necessitate a raise in fare. That this is true is evidenced by the fact that the Market Street Railway with much lower wages and a lesser indebtedness, has formally declared its inability to continue to operate the property on a five-cent fare. No matter how carefully your Commission operates the Market Street Railway property with an allowance of only \$7,500,000 for rehabilitation, you are bound to meet with failure. I therefore cannot recommend any proposal for a \$20,000,000 bond issue.

Instead, I have given careful consideration to the minimum amount of money which would allow the City to take over the Market Street Railway properties, and carry on until a further bond issue can be secured to completely rehabilitate the property. This minimum figure is \$24,478,000, which it is contemplated will be spent as follows:

Purchase of Market Street Railway.....	\$12,500,000
Reconstruct track and extensions.....	5,000,000
Replace 150 cars at \$20,000 each.....	3,000,000
Purchase 108 trolley coaches at \$14,000 each.....	1,512,000
Repair car and coach storage.....	90,000
Consolidate shops .....	25,000
Overhead wire for trolley bus operation.....	523,000
New connecting tracks and special work.....	150,000
Purchase of automotive coaches.....	228,000
Contingencies .....	272,000
Materials, supplies and equipment.....	578,000
Overhaul cars .....	600,000
<b>Total .....</b>	<b>\$24,478,000</b>

The expenditures proposed will substitute trolley coaches for cable cars and electric cars to the full extent of my original plan, thus making it unnecessary to operate worn-out cars over worn-out track on some routes, at the same time securing better service with economy. To take advantage of possible savings through rerouting electric cars, I am providing for the necessary connecting tracks and special work. One hundred and fifty new and modern electric cars are being provided; the old cars which must be continued in service will be overhauled and put in condition for further use.

The amount set up for bond redemption in my report of August 2, 1938, was stated to be sufficient to offset the amount which should be funded for depreciation. Retirement on the bond issue which I propose herein will offset depreciation on the properties reconstructed and the retirement allowance on future bonds will cover depreciation

on the properties which they replace. I am, however, including in my present cost estimates, depreciation on Municipal Railway properties, which will not be covered by either of these bond issues.

The amount which will have to be provided by the taxpayer at the end of the first and fourth years, including Market Street Railway taxes lost, is as follows: first year \$1,008,000; fourth year, when bond redemption begins, \$1,709,000. These amounts are based on 4 per cent, 25-year bonds on which retirement will not commence for three years. Due to the necessity for further financing in order to keep the road in operating condition, it is impossible at this time to forecast future tax obligations with the five-cent fare, and a universal transfer.

You will note that the tax cost during the first year of operation with the bond issue now proposed is \$1,008,000, in contrast with an estimated deficit from operations of \$349,275 under the full rehabilitation plan heretofore presented.

Every effort should be made to secure P. W. A. funds to augment the City's bond money. After paying for the Market Street Railway properties, the City will have \$11,978,000 to spend on construction and equipment. A 45 per cent grant based on this sum would be approximately \$9,750,000.

If a federal grant is received it should be used for further rehabilitation of the property. Spent in this way, the grant will not only immediately improve service, but reduce the size of future bond issues.

The details of financial results for the first and fourth year are given in the following tables on the basis of a \$24,478,000 bond issue, a five-cent fare and a universal transfer.

E. G. CAHILL,  
Manager of Utilities.

PUBLIC UTILITIES COMMISSION  
City and County of San Francisco.

Resolution No. 2822.

Whereas, the Board of Supervisors, at its meeting of August 10, 1938, requested that this Commission submit a revised report on the purchase and rehabilitation of the Market Street Railway, with the object of reducing the initial investment contemplated in the report of this Commission of August 5, 1938; and

Whereas, the Manager of Utilities has submitted to this Commission his report in accordance with the request of the Board of Supervisors; therefore, be it

Resolved, That this report, together with the recommendation of the Manager of Utilities, be forthwith submitted to the Board of Supervisors for the action of that body; be it

Further Resolved, That the Public Utilities Commission hereby recommends to the Board of Supervisors that a bond issue in the sum of \$24,480,000 be submitted to the people for the purpose of purchase, extensions and rehabilitation of the Market Street Railway properties.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of August 12, 1938.

JOHN J. SHARON,  
Assistant Secretary.

Cleve F. Shaffer said that in his opinion it was needless to buy

the properties until passed on by competent engineers and advice thereon as to its necessity.

F. E. Shephard, Redwood City, favored municipal ownership of the system and urged the taking over of the properties of the Market Street Railway at this time and consolidating it with the Municipal Railway.

Geo. H. Allen, president, Central Council of Civic Clubs, urged submission of revised resolution and acquisition of the Market Street Railway at a reasonable price.

Geo. T. Baker, Citizen Voters Unity Council, spoke against bonding the City for \$24,000,000 for the acquisition and rehabilitation of the road. Before it is paid for, he said, it will have cost us \$48,000,000.

S. W. Douglas, secretary, Carmen's Union, spoke in favor of the resolution providing for purchase and rehabilitation at \$24,480,000, thereby permitting a five-cent fare and universal transfers.

Henry Warfield spoke against the resolution for the reason that by the time the railway is paid for it would have cost twice \$24,480,000.

Floyd Taylor, Market Street Association, spoke against the resolution.

Jos. F. Donovan, Palo Alto Chamber of Commerce, spoke in favor of the resolution with especial reference to the needs of the Peninsula commuter, stressing the necessity of better service to and from the Third Street Station of the Southern Pacific Company.

#### Communication from San Francisco Chamber of Commerce.

August 12, 1938.

The following matter was presented and read by the Clerk:

To the Clerk of the Honorable Board of Supervisors,  
City and County of San Francisco,  
City Hall, San Francisco, California.

Dear Sir: Confirming the statements made by Will Merryman, speaking for this Chamber of Commerce before your Board on Wednesday, August 10, with respect to the proposed bond issue for the purchase and rehabilitation of the Market Street Railway Company lines, we wish to submit the following:

In view of the analysis made by Mr. Cahill of the present physical condition of the Market Street Railway properties and his conclusion that the cars, trackage and other equipment must be immediately replaced or rehabilitated, we feel that at this moment it is impossible to consider the problem other than in its entirety. In other words, we would be merely blinding ourselves to the realities of the situation if we were to consider half of the proposal—the purchase—without giving simultaneous consideration to the other half—the expenditures necessary to put the lines into a condition that will allow profitable operation by the City.

Solution of our transportation problem is imperative. It has been with us a long time. But it may be highly dangerous for us to rush into an acceptance of this present proposal. Time must be given to a thorough analysis of everything involved. The time remaining for your Board to place a bond issue on the September 27 ballot is patently insufficient.

We would respectfully urge, therefore, that your Board defer submission of any bond proposal for the purchase of the Market Street lines until such proposal can be given the thorough analysis that its importance merits.

Very truly yours,

SAN FRANCISCO CHAMBER OF COMMERCE.

CHARLES PAGE,

Executive Vice-President.

**Motion.**

Whereupon, Supervisor Shannon moved that the matter be taken in the hands of the Joint Committee.

No objection and *so ordered*.

**Declaratory Resolution, Bond Issue for Purchase and Rehabilitation of Market Street Railway Co. Properties for \$24,480,000.**

(Code No. 15.091)

Thereupon, Supervisor Roncovieri, seconded by Supervisor Shannon, presented the following resolution and moved its adoption:

Resolution No. 4186, as follows:

Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the re-routing of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said Company and the repair of streets within the rails and on both sides of the rails of said Company, the establishment of equipping and maintenance shops, the construction of overhead of trolley bus operation when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,488,000.

**Minority Report of Supervisor McSheehy.**

After discussion as to the amended report of the Public Utilities Commission, Supervisor McSheehy presented the following minority report:

**SUPERVISOR MCSHEEHY:** I will read it so you will hear it:

"August 12, 1938.

"To the Honorable, the Board of Supervisors.

"Gentlemen:

"Minority report of James B. McSheehy on the purchase of the Market Street Railway——"

**THE CHAIRMAN** (interrupting): I would like to know how you knew there was going to be a minority.

**SUPERVISOR MCSHEEHY:** I thought very quick. Supervisor Shannon stated we were going into a committee, and here is the chair the stenographer used; see, this is the chair (indicating); I

dictated it a short time ago, but don't think I didn't have some of these figures, Supervisor.

THE CHAIRMAN: Thank you; thank you.

SUPERVISOR McSHEEHY (continuing reading):

"You have before you here this afternoon a recommendation from the Utilities Commission requesting a bond issue of \$24,478,000, set up in twelve items on page three of E. G. Cahill, Manager of Utilities' report.

"I feel as one member of this committee that a great mistake will be made in requesting a bond of this amount and that the same will not be voted favorably by two-thirds of the voters of the City.

"I, therefore, offer to you the following minority report:

"The bond issue of \$5,574,050 for the purchase of the properties of the Market Street Railway Company in San Mateo and San Francisco Counties; and \$9,245,950 for the purchase of 720 motor buses and various other types of equipment; the detail to be submitted by the Public Utilities Commission under section 121 of the Charter. The present municipal lines are to remain intact, and will coordinate with the various bus lines so as to give rapid transit to every section of the City.

"It is a simple plan that will require a total bond issue of only \$15,000,000; and one that is being carried out by all large cities of the United States.

"The following is the detail of the appraisement of the State Board of Equalization for the year 1938-39 for the properties in San Francisco and San Mateo Counties, assessed to the Market Street Railway Company:

"Improvements, Buildings:

Mission St. Car House.....	\$ 45,250

"Track:—"

Now, pay some attention to this next figure (continuing reading):

Electric Track and Trolley.....	1,699,520
Cable Track .....	113,040
Other track (electric) .....	22,290
Other track (cable) .....	840—"

The total of these items is \$2,561,120 (continuing reading):

"Personal Property:

<i>Money:</i> .....		3,290	3,290
<i>Land:</i> .....		851,240	851,240

Total ..... \$5,395,470"

Now, just listen to this capitulation:

You have here, as I stated, in the first one, "Improvements and Equipment," those items I read to you totalling \$2,561,000, and the last itemization I read to you totalling \$1,979,820, and money on hand \$3,290; and now it comes down to the land, the land which was assessed in San Francisco, downstairs in the Assessor's books: it is assessed, 50 parcels at \$851,240; and Mr. Cahill has brought you in a figure of \$2,240,000. What has our Assessor been doing, or what has Mr. Cahill been doing? Those are the facts, and you have a total here of \$5,395,470.

Now, Members of this Board, just give some thought to this; give some thought to it. Remember these are not my figures; these figures were taken off by the State Board of Equalization; I received those figures from Sacramento, and I received the figures from the Assessor. This is no great engineering task; this is no task of figuring the number of gallons of water that a dam will hold; it is just pure business, real business men—and I say to you, Members of this Board, I hope you will pass this minority report.

#### Discussion.

SUPERVISOR BROWN: I would like to ask the Chairman if the presentation of a minority report is in order at this time.

THE CHAIRMAN: I believe not.

SUPERVISOR MCSHEEHY: I am a Member of the Committee, Supervisor Brown; and if you say it is not in order I will simply amend the Committee's report.

THE CHAIRMAN: I think that is proper.

SUPERVISOR BROWN: I think that is the proper method.

SUPERVISOR REILLY: Supervisor McSheehy, would you please yield to a question? You state that the assessed valuation of the Market Street Railroad Company is approximately what at the present time,—\$5,000,000? You gave the figures—

SUPERVISOR MCSHEEHY: Yes, sir; this figure was taken from the Board of Equalization, \$5,000,000; San Francisco, \$5,395,470.

THE CHAIRMAN: What is San Mateo County?

SUPERVISOR REILLY: Yes. What does San Mateo County amount to?

SUPERVISOR McSHEEHY: The total of the two figures.

SUPERVISOR REILLY: The total is what I wanted to get.

SUPERVISOR McSHEEHY: The total of the two figures, \$5,574,050, San Mateo County and San Francisco.

SUPERVISOR REILLY: I understand your statement to be that the Assessor—

THE CHAIRMAN (interrupting): \$5,700,000?

SUPERVISOR McSHEEHY: \$5,574,050; that is the amount for both San Mateo County and San Francisco.

SUPERVISOR REILLY: I am trying to determine, Mr. Chairman and Members of the Board, just what the valuations of the properties are. Your resolution does not commit us, as I understand it, to pay \$12,500,000. We may get it for less; but Supervisor McSheehy, I understood to state the properties were valued at approximately \$5,470,000; that is, the assessed valuation of the properties in San Mateo County and San Francisco; and based upon a 50 per cent valuation, which you stated a few minutes ago seems to be the standard assessment and seems to be satisfactory to all concerned, and, if that is true, that it is now assessed at \$5,570,000, then it would figure around \$12,000,000, or the \$12,500,000 would only be about 5 per cent higher?

SUPERVISOR McSHEEHY: It is not \$12,500,000; it is not double that; you have got around \$11,000,000.

SUPERVISOR REILLY: You have around \$11,000,000; but the point I am bringing forward is that, based upon Supervisor McSheehy's own figures, the valuation of the property according to the Assessor's tabulation and figuring the assessment based on 50 per cent of the value, it would be around \$11,000,000; and we haven't committed ourselves to \$12,500,000, and probably the price could be negotiated for \$11,000,000; but the point I am making, based upon these figures, the properties are worth, at 50 per cent of the assessment, around \$11,000,000 or a little more. That question is very pertinent.

SUPERVISOR McSHEEHY: May I say, in answer to Supervisor Reilly, that I want to justify your figure—Don't take this personally—

SUPERVISOR REILLY: No; these are rough figures.

SUPERVISOR McSHEEHY: If any Member of this Board wants to justify it with those figures, very well; but remember this: this setup of figures—just go over it for one moment, and see where figures differ: \$1,699,000 for electric track and trolley. Would any man on this Board have the temerity to go out and act as appraiser and bring in a figure of that kind when we expect to destroy that track eventually throughout our City? I know you wouldn't do that. Now, to increase that and try to justify yourselves you say, "All right, I will give \$3,400,000." That is what you are going to do if you are right and are trying to justify yourselves on what is the Stafford appraisal. I tried to bring in something on the land values, because land value is something concrete, something we, here on the Board, know something about; and we find that land value is compiled on the entire block, and that is where I used the figure that I used, and—very well, if you want to be justified, but I doubt like thunder if the people of this City will think for one moment of bonding their homes.

Now, Members, I am talking as a Member of the Committee, and the problem is ours; I brought to you several weeks ago—I don't know whether I can convert any Member of this Board or not; but I showed you the Market Street Railroad Company was no longer a solvent company; they are ready to go into the hands of the receiver any day. I have no desire to punish that company; I have no desire to injure them. I have a desire, however, to protect this City and make the best possible bargain that I can make for the City in the purchase of their property. I do know, and I say, though you walked out of the room on me—I do know, if the Mayor would enforce the right of the City with the contract, in the form of the franchise, if

that was lived up to, you would find you would have over a million dollars. I find Howard street worn out and without a franchise; and I find Twentieth avenue without a franchise. One of the Superior Courts said: "Well, this company has been with you a great many years." They cannot continue to be with us many years at the rate they are losing money; and I think we should come to some conclusion in this entire matter. At one time they wanted \$28,000,000; and another time, \$40,000,000; and now they are down to \$12,500,000; and it is all up to this Board; we have to pass judgment in this matter, and our acts are our acts only, and we will be held responsible for them, and Mr. Cahill will not be held responsible for our acts. The Mayor of San Francisco is responsible for his acts. It will be up to the membership of this Board, and you will have to go out and give an accounting for your stewardship, and it might be before some improvement club and they will say, "Well, you asked us to vote a \$12,500,000 bond issue and you really didn't have a figure showing this was the value of these properties, yet you are our representatives." Well, you will see.

THE CHAIRMAN: You have, on many occasions on this Board, called the attention of the Board to the nuisance value of the Market Street Railroad Company. What do you estimate that nuisance value to be when you consider that they have nearly 18 years more of a franchise granted by the people and can stay on our streets and run one car every 24 hours and maintain their rights in that franchise? That certainly is a nuisance to the people. Now, what do you think that is worth?

SUPERVISOR McSHEEHY: I will answer that.

THE CHAIRMAN: How much would it be worth to get rid of them?

SUPERVISOR McSHEEHY: I will answer that question: \$5,500,000; and, if the Mayor of San Francisco saw that their franchise was lived up to and they were obliged to keep the streets in repair—

THE CHAIRMAN (interrupting): The Mayor has nothing to do with that.

SUPERVISOR McSHEEHY: Yes, he has; and you can differ as much as you want.

THE CHAIRMAN: The Mayor has nothing to do with this.

SUPERVISOR McSHEEHY: He has; he is the chief executive of this City—

THE CHAIRMAN (interrupting): Dr. Schmidt has the floor.

SUPERVISOR McSHEEHY: I am a member of this Committee, and I have a right—

THE CHAIRMAN (interrupting): It has no nuisance value, then?

SUPERVISOR McSHEEHY: I am a Member of this Committee, and I have the floor, and I should be accorded that privilege.

THE CHAIRMAN: I asked you a question, and you answered me.

SUPERVISOR BROWN: I rise to a point of order, and my point of order is that the rules say that one member may not talk more than once until all other members have spoken.

SUPERVISOR McSHEEHY: We are meeting in committee.

THE CHAIRMAN: That ought to be the rule: to let other members have the floor.

SUPERVISOR McSHEEHY: Supervisor Brown knows Roberts Rules as well as any other man; and if he looks in those rules, he will find that in committee there are no rules expressed as to the time allowed a member of a committee.

THE CHAIRMAN: You are right; but you are wrong in arrogating all the time to yourself.

\* \* \* \* \*

SUPERVISOR McSHEEHY: Members of the Board, I don't desire to get into any acrimonious debate with the Chairman of this Committee, and I will gladly be seated at this time, because I have made my presentation.

SUPERVISOR SCHMIDT: I merely wanted to ask some questions.

Mr. Cahill, on page 2 of the report just sent to us, or communication, you make the statement, "From an investment standpoint, the purchase of the properties of the Market Street Railway Company for \$12,500,000, is not, in my opinion, justified." Have you any idea what those properties are worth?

MR. CAHILL: That, Doctor, goes back to the same question which was asked me before, which I answered by saying "No, I have no idea. I think they are worth less than that." I was not accorded the money to make an evaluation, and I was merely sent out to get the price for this Board, through Mr. Kahn, and I succeeded in doing so after five or six weeks' conversations; but, as to the valuation, I have made none, and had no opportunity. It is my personal belief, as I stated here, that the property is not worth \$12,500,000; they are worth less than that; but, as Supervisor Roncovieri says, this bond issue does not bind this Board to pay \$12,500,000. The point has been made that you may not pay more than \$12,500,000, and you can pay any amount less than that which you may achieve by negotiations.

SUPERVISOR SCHMIDT: Have you any idea, as far as a rough estimate goes?

MR. CAHILL: No; I have not.

SUPERVISOR SCHMIDT: Well, why do you consider \$12,500,000 too high?

MR. CAHILL: One reason: because the assessment doubled is lower than that; the assessment is around five and a half million, and double that would be around eleven million; that is almost one million dollars above that twelve and a half million dollar figure compiled there; and I, therefore, for that reason alone, consider twelve and one-half million too high. However, it is not the actual value—physical value—of these properties, Doctor, which has to be taken into consideration here. It is to me tremendously much more important—the actual nuisance value of this outfit sitting on the streets for more than 17 years more, having gone through, we will say, the hands of a receiver, continuously refusing service and blocking our streets. We cannot duplicate the service and put four tracks on every street, or put bus lines and tracks on every street; both outfits would go broke with duplication. The nuisance value, Doctor, has a great deal to do with this matter, and that is a matter of judgment; and that judgment, in my opinion, should be exercised not by you gentlemen but by the people of San Francisco.

SUPERVISOR SCHMIDT: Suppose the people of San Francisco should not see fit to vote the sum of money, whatever it may be, for the purchase of the Market Street Railroad, then what would your position be at that time?

MR. CAHILL: Doctor, I would always abide by the wishes of the electors. If they refused, I will abide by their judgment and I shall be content, and the Market Street Railway will have to go on until probably in the course of time they go through a receivership, if that happens.

SUPERVISOR SCHMIDT: Well, would that stop us, as far as the extension of the Municipal Lines is concerned, or would you see fit at that time, should the people see fit not to vote the purchase of the Market Street Railroad, to not continue with the extensions?

MR. CAHILL: That is our intention at the present time, Doctor.

SUPERVISOR SCHMIDT: That is the intention?

MR. CAHILL: However, that can only be done very slowly, because of the fact we cannot earn enough to go very fast.

SUPERVISOR SCHMIDT: Then you think it would be perfectly feasible to vote a bond issue for the extension of our own lines without taking into consideration the purchase of the Market Street Railroad Company at all?

MR. CAHILL: No, because, Doctor, you must realize that they occupy almost all the streets and therefore, without duplication, we

could not occupy them; and I don't know whether we would have the right to occupy them; you would have to ask our City Attorney about that.

SUPERVISOR SCHMIDT: We occupy several streets together now; we occupy Market street and Church street.

MR. CAHILL: Yes, that is true, and I suppose we could go right out and do it; but certainly, as far as I am concerned, I would never advocate the building of four tracks on any street.

SUPERVISOR SCHMIDT: I agree with that.

MR. CAHILL: You have heard the discussions on that.

SUPERVISOR SCHMIDT: Suppose the people saw fit to vote a bond issue of \$10,000,000 for the extension of our own service, addition of a certain amount of rail and a certain amount of buses, do you think we could get WPA funds for that sort of a project to the extent of 45 per cent?

MR. CAHILL: Doctor, I think that would be just as logical as any other; but I don't see how you could use that money for extensions, to advantage.

SUPERVISOR SCHMIDT: You couldn't use it?

MR. CAHILL: I don't see how, because you would immediately proceed to duplicate the other system, and both properties would lose money, because both would do less business.

SUPERVISOR SCHMIDT: It seems to me they could be put where there are streets sufficiently removed from Market street and Church street where there would be no duplication, and that this could be done.

MR. CAHILL: There are, however, not very many south of Market street; Market street at the present time runs a surface line, Mission, Howard—

SUPERVISOR SCHMIDT (interrupting): We can get them off Howard street any time we want.

MR. CAHILL: That is one thing we can do; but all the way down to Townsend street, the Market Street occupies the streets, and in the other directions: First, Second, Third, Fourth, Fifth, Sixth, Eighth, and Ninth.

SUPERVISOR SCHMIDT: Some of those lines will probably be eliminated, anyway.

MR. CAHILL: That is true, likely, but to run down there now, with those tracks on, they block it; I cannot make that happen now.

SUPERVISOR SCHMIDT: Would you tell me why this is being brought in here before the formation of the Traffic Commission? Why not wait with this until the formation of the Traffic Commission?

MR. CAHILL: The answer to that, Doctor, is rather simple. Thirteen months ago, every member of this Board voted unanimously an appropriation of \$10,000 for the purpose of making a survey of what the Public Utilities Commission would have to do with the Market Street Railroad Company if we ever had to take it over. Thirteen months ago, a little over thirteen months ago—but about thirteen months ago, we began work and prosecuted it to a finish two or three weeks ago. About five or six weeks ago, this Board unanimously demanded that the Public Utilities Commission, through me, negotiate with the Market Street Railroad Company for a price on the property and to make a recommendation to you on the subject. The two things go together, and were finished about the same time, and I made the recommendation in accordance with your demand.

SUPERVISOR SCHMIDT: And in this recommendation you are asking us to present to the people a bond issue of \$39,000,000, which it was at first, and now \$24,000,000?

MR. CAHILL: That is right.

SUPERVISOR SCHMIDT: Don't you think that should, in justice to the Transit Commission—that this request should be made to that Commission rather than to us?

MR. CAHILL: In the first place, you would lose your PWA grant, in which you seem to be interested, Doctor. In the second place, I

am bringing you a report and recommendation at your request. What you choose to do with it thereafter, of course, is your affair. The Transit Commission of which you speak does not exist and may not ever exist; but, regardless of whether it does or does not, you would certainly lose any United States grant to which you would be entitled and in which you are interested.

SUPERVISOR SCHMIDT: If you should bring in a recommendation, aside from the purchase of the Market Street Railroad properties, of a sufficient number of millions of dollars to give the people service in the outlying parts, we would be eligible for that grant?

MR. CAHILL: We would be eligible; but this matter is not predicated on the grant; it merely states that we are eligible, and leaves the disposition of it in the hands of the Board of Supervisors.

THE CHAIRMAN: I would like to say to the Doctor: There are 256 miles of track; we are tied up. I just asked Mr. Oast.

SUPERVISOR McSHEEHY: Mr. Cahill, you just made the statement that this Board, some thirteen months ago, passed a resolution authorizing you to make an evaluation of the Market Street Company's properties. At that time, did you set aside a sum of money?

MR. CAHILL: \$10,000.

SUPERVISOR McSHEEHY: \$10,000.

MR. CAHILL: But not for the purpose of evaluation.

SUPERVISOR McSHEEHY: For what purpose?

MR. CAHILL: For the purpose of making an examination of the physical condition of the road so as to be able to figure out what we would do with it if we got it. That is quite different from making an evaluation.

SUPERVISOR McSHEEHY: Did you submit that report to this Board?

MR. CAHILL: Yes, sir; it is right in your hands.

SUPERVISOR McSHEEHY: When did you submit it?

MR. CAHILL: I submitted it August 5th.

SUPERVISOR McSHEEHY: August 5th. Then we paid \$10,000 for the report that you have here of August 5th?

MR. CAHILL: The people paid that.

SUPERVISOR McSHEEHY: The people of San Francisco paid \$10,000 for it?

SUPERVISOR REILLY: At our request.

MR. CAHILL: At your request.

SUPERVISOR McSHEEHY: You have a staff; you have a staff of engineers, and in that report you have no details of the cost of the rails?

MR. CAHILL: That is the thing I told you the money was not appropriated for. This money was appropriated for the purpose of making an engineering examination to determine how much money would have to be spent, should we buy it, to keep the railroad in operation. It did not contemplate and no evaluation of the properties was made; just how much it would cost to fix it.

SUPERVISOR McSHEEHY: Just how much it would cost to fix the roads. Have you any figure set up showing how much money it would cost to pave the streets?

MR. CAHILL: It is in your hands.

SUPERVISOR McSHEEHY: It is in this report?

MR. CAHILL: Yes, sir.

SUPERVISOR McSHEEHY: Just how much did that call for?

MR. CAHILL: The total cost, \$11,900,000, tracks and equipment.

SUPERVISOR McSHEEHY: I am not asking that question. I am asking the question that lies in the franchise; I am asking how much, in this report, you estimate it will cost to pave between the tracks and two feet on each side of the tracks, all of those occupied by the Market Street Railroad Company in San Francisco.

MR. CAHILL: I didn't figure just on repaving. I figured on taking all tracks and repaving, and that came to \$11,900,000.

SUPERVISOR McSHEEHY: Then you did not include that pave-

ment it is the duty of the Company to do; but you did include, and you claim this report here has cost the City \$10,000; and, in that report, you particularly touch on Mr. Kahn's letter of \$12,500,000 for his property. All right, Mr. Cahill, I will attend to that report some time in the near future.

SUPERVISOR REILLY: I think this matter will come before the Board after the Committee's report, and we can continue the discussion and answer questions then.

THE CHAIRMAN: I move at this time the adoption of the resolution—

SUPERVISOR MCSHEEHY: Just a moment—

SUPERVISOR SHANNON (interrupting): I second that motion.

THE CHAIRMAN: It has been moved and seconded that the resolution be adopted.

SUPERVISOR MCSHEEHY: I move, as a member of the Committee, an amendment as outlined; I don't need to read it again; I don't want to; I started it—I move the amendment that I read; I move that as an amendment.

THE CHAIRMAN: Will you please insert your amendment in this original where you desire it; write your figures in here?

SUPERVISOR SHANNON: Why don't you file a minority report?

SUPERVISOR MCSHEEHY: I will. I will offer, as an amendment, and if it is voted down, then I will move that it be filed as a minority report. We are sitting in Committee, and I am not trying to take your time.

THE CHAIRMAN: Will you kindly give us your amendment?

SUPERVISOR MCSHEEHY: All right. Call the roll.

THE CHAIRMAN: Before we call the roll, I have something to say on this matter.

Supervisor McSheehy called attention that the State Board of Equalization assessed the property of the Market Street Railroad Company at \$5,574,050. That was the sum stated. I know it to be correct because I received the same information. Mr. McSheehy says that I am—I understood him to say that he would be willing to offer the Company \$5,574,050, or the assessed valuation. I would like to ask Mr. McSheehy, who is a builder and sells the properties he puts up, if he would be willing to sell those buildings at the assessed price. I will ask any member of this Board; I will ask anybody. Would you sell your property for the assessed valuation? We all know that the Assessor, and it is the same with the State Board of Equalization, fixes the assessment on a 50 per cent basis of the actual cash value. This property, by all reason and logic, must be worth twice the assessed valuation. Now, it is \$5,574,000, and twice that is \$11,140,000; that we must assume is a reasonable cash value of everything that the Company will turn over to the City; but, in this resolution—Rather, before that, Mr. Kahn has, after some discussion over a month or six weeks with Mr. Cahill—Mr. Kahn, I believe, wanted some seventeen million, did he not?

MR. CAHILL: Yes.

THE CHAIRMAN: Mr. Cahill finally got Mr. Kahn to say, "Well, I will recommend to my bondholders, my people back East, \$12,500,000." Now that is his asking price, based upon an admitted value of \$11,100,000, admittedly so by the State Board of Equalization assessment. It is not so awful far, \$12,500,000 from \$11,100,000, from what we should pay; and the Finance Committee has been studying this matter and thought that instead of inserting in this proposed bond issue that the people would be asked to pay \$12,500,000, it wrote that "not more than \$12,500,000 shall be used for the purpose of purchasing the properties of the Market Street Railroad Company." "Not more." We have no money in the till, and the only way that we can bargain and get real action is to have the money right on the line and be able to say to Mr. Kahn, when we negotiate further, "We are going to give you \$10,000,000, or some other sum; we have got the money and we are ready to lay it on the line." You can bargain with a man when you

have the money to pay. That is his asking price. We have made no counter offer. Mr. Cahill was not authorized to make any counter offer; he was merely asked to get Mr. Kahn's price. He did: \$12-500,000. Now, it is up to us to make a counter offer. It may be, when we get down, to that point, if the people vote this, that Supervisor McSheehy may obtain the vote of a majority of the Board to offer him \$5,000,000. What he will do then I don't know. I imagine—

SUPERVISOR UHL (interrupting): May I break in there?

THE CHAIRMAN: No. I want to say that that nuisance value for some 17 or 18 years is something hanging over our heads for all time; and the people, admittedly, will have to pay, if you vote this down, 7 cents for 18 years more; and we are proposing here something that will save the people approximately \$4,000,000 a year, collectively, I am going to show it—

SUPERVISOR REILLY: Your ten minutes are up.

THE CHAIRMAN (continuing): The records show that the Market Street Railway carries 200,000,000 passengers a year, and that the Municipal road carries about 90,000,000; it carried 80,000,000 a little while ago, and has improved a little and carries about 90,000,000 now; about one-third of the others. Now, if there are 200,000,000 fares collected at 5 cents, that is \$10,000,000. If, however, 200,000,000 fares are 7 cents, that is 2 cents more—May I have quiet, please, and hold your conversations outside—200,000,000 fares at 2 cents over what is proposed; 2 times 200,000,000 is \$4,000,000. The people of San Francisco collectively are paying and will have to pay for the next 18 years \$4,000,000 a year; if you want that situation, without universal transfers and here we are proposing a universal transfer and a 5-cent fare and which will save \$4,000,000 a year to our people and bring about consolidation and unification. A far better situation than we now have, and which is growing worse every day, and yet there are some who would refuse to vote for this. For example, four members of this Board voted "No"; four are standing up against 325,000 voters that want to vote on this thing.

SUPERVISOR UHL: They elected us.

THE CHAIRMAN: They elected you; I will answer that, to submit to them the major problems—

SUPERVISOR UHL: They did not—

THE CHAIRMAN: —that we cannot decide—

SUPERVISOR UHL: They did not—

THE CHAIRMAN (continuing): —without their approval. Three hundred twenty-five thousand people are calling upon you to give them the right to express themselves; that is what you are elected for, and you are to consider the question of submitting it to the people—

SUPERVISOR UHL (interrupting): When did you get that idea?

THE CHAIRMAN: Oh, stop interrupting me. You are acting like a child. Stop interrupting me; I will give you the floor and you can talk for two hours, if you want.

SUPERVISOR REILLY: Ten-minute rule; ten-minute rule.

THE CHAIRMAN: Well, I say again that there isn't a man here, and least of all a builder like Mr. McSheehy, who would sell his property for the price fixed by the Assessor; that is too ridiculous for words. We want to save for the people this \$4,000,000 a year; and I was about to say, when interrupted, take the individual citizen who uses the cars and goes downtown in the morning and back in the evening—I mean on the Market Street Railroad—one of the 200,000,000; he goes downtown and pays 2 cents more than if the City owned it; and when he comes back, he pays 2 cents more; say he goes down to work 25 times a month, not counting the family and not counting going to the theater at night and not counting others—just counting the 25 times that he uses the cars; that is 4 cents a day, 2 cents down and 2 cents back, or 4 cents; and 25 times 4 cents is \$1 a month, and that is \$12 a year; \$12 a year for every citizen that uses that car. Is that fair?

Doctor, I wish you would listen to this. I am making the point that each individual under the 7 cent fare is taxed \$12 a year; and if you—

I don't mean you individually; but if the Board should refuse to submit this, you are taxing them, every mother's son of them, \$12 a year. I arrive at the figures in this way: I assume that every man uses the car to go down to his place of business; that is 2 cents; and to come back, another 2 cents; which is 4 cents a day; and 25 times 4 cents is \$1 a month; \$1 a month; and in 12 months that is \$12 a year for the next 18 years that everybody has to pay. I say the Committee is not going to quibble over a few nickels, a few cents, or a few millions, for that matter, or take the asking price of Mr. Kahn and say to him that we are ready to buy the road, but we don't propose to pay more than \$12,500,000, leaving the matter for future negotiations with Mr. Kahn; and, with the bond issue passed, I repeat, after we have got the money in the till, you can talk turkey.

SUPERVISOR REILLY: The roll call.

SUPERVISOR UHL: May I ask a question?

THE CHAIRMAN: Proceed.

SUPERVISOR UHL: Now, there is set up in the proposal, itemized account, \$24,480,000—Is that correct?

THE CHAIRMAN: Pardon me, the question?

SUPERVISOR UHL: In this proposal which is submitted to us today there is set up—

SUPERVISOR SHANNON: I rise to a point of order. The question before the Committee is the motion made and seconded for roll call on the resolution; and these matters can be gone through before the Board.

SUPERVISOR UHL: I just wanted to get it out of the way; it will only take a minute. These items as set up total \$24,480,000 which we are to submit to the voters. All right. The price set up for the Road is \$12,500,000, for the purchase—

THE CHAIRMAN (interrupting): No—

SUPERVISOR UHL (continuing):—not more than that; and if the people vote for this, do you think that Mr. Kahn is dumb enough to say "I will take less"? Certainly not.

THE CHAIRMAN: Mr. Kahn will have to say—Let me say: We do not bind ourselves in any way to give \$12,500,000 to Mr. Kahn; and Mr. Kahn cannot come back and say "it is in there, we want it."

SUPERVISOR UHL: You are getting fooled and fooling yourself.

THE CHAIRMAN: No. We will go to the people and say, "We will pay no more than that—"

SUPERVISOR SHANNON (interrupting): I will call for the question.

THE CHAIRMAN: When you want to buy something, you have got to have the money to put on the line. Later, when the people know that we don't intend to give \$12,500,000, he will accept what we will give him or he will wait until the cows come home. We will do the best we can with him, but we want to sell the bonds first.

SUPERVISOR REILLY: Question.

SUPERVISOR SHANNON: Question.

SUPERVISOR MCSHEEHY: I am standing up here now simply as a Member of the Committee so that before the resolution is finally adopted—I am just trying to preserve my rights.

SUPERVISOR SHANNON: You will give notice you will file a minority report. Roll call on the resolution by the Joint Committee.

THE CLERK: Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Reilly?

SUPERVISOR REILLY: Aye.

THE CLERK: Meyer?

SUPERVISOR MEYER: Aye.

THE CLERK: McSheehy?

SUPERVISOR MCSHEEHY: No; and I will offer this minority report to the Board.

THE CLERK: Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Five "Ayes," and one "No."

THE CHAIRMAN: Five "Ayes" and one "No," the motion is adopted and recommended to the Board for adoption with a——

SUPERVISOR MCSHEEHY (interrupting): With a minority report; I wish you would make that statement, by Supervisor McSheehy. I ask that just for record purposes.

THE CHAIRMAN: Yes, that will be entered just as you say.

SUPERVISOR BROWN: I move that we reconvene as a Board of Supervisors.

SUPERVISOR MEAD: Second the motion.

SUPERVISOR MEYER: Second the motion.

THE CHAIRMAN: If there is no objection, such will be the order.

### BOARD OF SUPERVISORS REASSEMBLES.

At the hour of 3 p. m. the Board of Supervisors reassembled for the purpose of hearing the report of the Joint Committee of Finance and Public Utilities.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

Quorum present.

President Shannon in the Chair.

### Discussion.

THE PRESIDENT: I think Supervisor Roncovieri, as Chairman of the Committee, should make the report of the Joint Committee.

SUPERVISOR RONCOVIERI: Gentlemen of the Board, the Committee has considered this resolution.—the resolution read and offered by me, and by a vote of five to one it was recommended; it was ordered recommended to the Board of Supervisors for adoption, the one "No" vote reserving the right to amend, that is, Supervisor McSheehy, to file a minority report.

THE PRESIDENT: It might be well, for the benefit of the full membership of the Board that the resolution before the Board be now read. Mr. Clerk.

THE CLERK (reading): "Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the rerouting of the lines of said company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said company and the repair of streets within the rails and on both sides of the rails of said company, the establishment of equipping and maintenance shops, the construction of overhead of trolley bus operation when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,480,000."

THE PRESIDENT: That was passed by what vote, Mr. Barry?

THE CLERK: That was recommended to the Board of Supervisors by a vote of five "Ayes" and one "No" of the Joint Committee on Finance and Public Utilities.

SUPERVISOR MCSHEEHY: I gave notice also that I would file a minority report.

SUPERVISOR BROWN: Pardon me, I think it is in order we move the adoption of the report.

THE PRESIDENT: It is not necessary; it is a Committee report and recommended by five votes of the members of the Joint Committee, and it is not necessary; it is just the same as if it was before us on the calendar.

SUPERVISOR MCSHEEHY: May I state to you: I am not going to read these figures out; you, of course, every member, was present. It is presented as a minority report, and I simply say this: I offer this as a minority report and submit it to the Clerk and I will ask that it be considered read, as it has already been read.

THE PRESIDENT: Thank you.

#### Explanation of Vote.

SUPERVISOR BROWN: I would like to explain my vote on the minority report. The figures quoted by Supervisor McSheehy were, as pointed out by Mr. Reilly, based upon a 50 per cent appraisal, and the figures which he quoted, \$5,500,000, more or less, should really be multiplied by the factor of two to produce the actual appraised valuation on the property.

I make the statement again merely because of the fact that was not brought out before the Board of Supervisors, merely before the committee. I want to make it a matter of record that the Cahill proposal of the Board of Equalization was on a 50 per cent basis.

SUPERVISOR SCHMIDT: I simply am not voting for the minority report because there are some factors in it I am not entirely in accord with.

SUPERVISOR UHL: I want to explain my vote. I am for bus operation, and cannot follow Supervisor McSheehy's figures, and therefore I am voting no.

THE PRESIDENT: Does any member of the Board desire to speak before Supervisor McSheehy closes? Supervisor McSheehy.

SUPERVISOR MCSHEEHY: May I answer you, Supervisor Brown, and Supervisor Reilly's objection. First of all, my particular objection to the amount was the amount that I had laid out here for the purchase of the property, the total sum. If—now, just follow, Supervisor Brown and Supervisor Reilly, follow me, if you will. There are 50 parcels of property here in San Francisco, and the Assessor of San Francisco, not the Board of Equalization, Supervisors, I am talking about the Assessor of San Francisco. The Assessor assessed that property at \$851,240. Mr. Cahill made the statement that the property, and I don't want to bring anybody else in, he made the statement, and it was more or less given here by Mr. Ost on memorandum he had there, he made the statement the assessed valuation of the property here in San Francisco, their valuation was \$2,240,000.

MR. CAHILL: No, I did not.

SUPERVISOR McSHEEHY: I beg to differ, and I ask to turn back to the record.

MR. CAHILL: No, it was not. \$2,240,000 was the amount the Market Street Railway Company claimed the property was worth before the Railroad Commission of the State of California in a regional hearing.

SUPERVISOR McSHEEHY: I can't help the way you couch your statement—

SUPERVISOR MEAD: That is the same statement as before.

SUPERVISOR McSHEEHY: All right, if I am not correct, I—all right, that was the assessment placed by the Railroad Commission. I say that the—at least, not the Railroad Commission, the Board of Equalization did not place this on the property, it was the Assessor of San Francisco. Correct me if I am wrong.

CONTROLLER BOYD: I am very reluctant to take any part in this at all—

SUPERVISOR McSHEEHY: I can stand it.

CONTROLLER BOYD: I would point out that in 1933 following the adoption of the Riley-Stewart Act the State Board of Equalization values all property owned or used by any public utility. All property. The local assessor has no authority, and does not value any property owned by any public utility at all.

SUPERVISOR REILLY: That is correct.

CONTROLLER BOYD: The State Board of Equalization is the sole agency of evaluation of that type of property.

SUPERVISOR McSHEEHY: Mr. Boyd, may I say that I was in the Assessor's office this morning. I went over this roll over in the Tax Collector's office. I went over the 50 pieces of property, and this is the amount certified to by the Assessor on his books as appraised to the Market Street Railroad, not later than this morning at 10:00 o'clock.

CONTROLLER BOYD: Supervisor, only that your own records may be clear, those figures must necessarily be of record in the Assessor's office, because the Assessor must have a record of evaluation, but the evaluation on that property is solely the responsibility of the State Board of Equalization. The evaluation staff of the State Board, headed by Mr. A. G. Mott, evaluates all public utility property, and the assessor of the county does not evaluate any of it. The record of evaluation is necessarily available here in San Francisco because those properties pay local taxes just as you pay local taxes on your property. They are subject to local levy, but the fixing of the value on the property is done exclusively by the State Board of Equalization.

SUPERVISOR McSHEEHY: All right, I will also state to the membership of this Board that I then telephoned to Mr. Mott at Sacramento. It took me a little time to get through to Mr. Mott's office, and I received the information I am reporting to you today in reference to this other value, and their value checked with the values the Assessor had, and I received that this morning.

Now, coming back again, I think my position is stronger. You just stated, some members of this Board are trying to justify themselves that the Assessor's value is one-half of the value of the property. That is not the Assessor's value, the value of the State Board of Equalization, and it makes an entirely different picture, and Mr. Kahn again comes along, and, through Mr. Cahill, he states these properties are worth so much. I am talking about land values only. Mr. Cahill states they are worth \$2,240,000, and Mr. Cahill figures on leaving out certain properties which amount to \$660,000. Therefore I take it for granted that Mr. Cahill has placed the difference between \$2,240,000 and \$660,000, which is practically \$1,600,000 in this estimate of \$24,000,000. Now, I say to you, gentlemen of this Board, you have asked me, and I have showed you here, you don't have to show me, every man on this Board, and a number of men on this Board have engaged in the insurance business, and they know values of property. I say to you, just look at the prices set up here on various properties. Why, some of these properties are 60 years old, 50 years old today. If you make an examination of those

properties, you will find, such as stated here, not one-half the value, it comes down to the principal things, electric track and trolley, \$1,690,000, for something that you are actually going to junk, and you want to raise that price twice. Over twice, you want to say to the people of San Francisco that particular property is worth it. You must mortgage your homes, not for \$1,170,000 but for \$3,140,000. Do you think the people are going to stand for that? I don't think so.

Another question: Let the people pass on it. Well, I asked the members of this Board, some of them, to pass on a matter last Wednesday. I offered testimony here, brought it out, and some day you will answer to your Government. Would you let the people pass on it? Oh, no. Oh, no. You might injure a certain large corporation here in San Francisco, and you wouldn't allow them to pass on it. Now, you say, "Pass it up to the dear people. It is up to them." Did you ever hear of the word "check and balance"? That is all we are doing here today, we are checking Mr. Cahill, and we are saying to the people, "These figures are correct." He has had conferences with Mr. Kahn, and Mr. Kahn says so much and so much, and Mr. Cahill has had the matter under advisement for 13 months and spent \$10,000 of the people's money. Here is this report, and I trust the members of the Board will vote for the minority report and let this matter go on its way, because I feel, as one member of the Board, the people will support my minority report and will not support the majority report.

THE PRESIDENT: Call the roll on the amendment by Supervisor McSheehy, Supervisor McSheehy's minority report.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: No.

THE CLERK: Supervisor Colman? Absent.

Supervisor McSheehy?

SUPERVISOR MCSHEEHY: Aye.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: No.

THE CLERK: Supervisor Meyer?

SUPERVISOR MEYER: No.

THE CLERK: Supervisor Ratto?

SUPERVISOR RATTO: No.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: No.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: No.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: No.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: No.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: No.

THE CLERK: 1 Aye, 9 Noes, and 1 absent.

Thereupon, Supervisor McSheehy's minority report was declared *defeated*.

SUPERVISOR REILLY: The committee's resolution is now before us?

THE PRESIDENT: It is.

SUPERVISOR REILLY: I would like to explain my vote on the resolution, or vote on the committee's report, and I would like to say, in a very friendly way to you, Supervisor McSheehy, I believe the two plans, the one submitted by you just recently, is in a somewhat different category than the resolution now before us. My reason for so explaining is to bring before the minds of the members of the Board again that the plans are entirely different. This plan of the committee has been recommended by the Utilities Commission and Mr. Cahill, manager of the Utilities Commission, and the plan suggested by Mr. McSheehy some two weeks ago did not have the approval of the Utilities Commission, and did not have the approval of the manager of utilities. I believe that

is quite different, for the simple reason that the Utilities Commission is the body, and Mr. Cahill is the manager of utilities, and we look to him and to that commission for guidance on problems of this kind, and Supervisor McSheehy, I say very respectfully to you I believe the problems are entirely different. The difference, your plan, as I said before, was made up rather hastily and did not have the approval of Mr. Cahill or the Commission, who are responsible for the conduct of our utilities, and they have opposed and do oppose your recommendation at this time. Now, we have before us a plan that has been suggested to this Board by the manager of utilities, who is the man in charge of our transportation utility of the Municipal Railway.

I would like to impress upon the members of this Board again that we are not setting the figure of \$12,500,000 on these properties, it may be quite possible that that figure can be somewhat reduced. As stated here today, if you have the money or cash to bargain with, Mr. Cahill can then, very probably, or we can instruct him so to do, negotiate further for the purchase, and the problem of the purchase price will again come back to this Board. We are not determining the purchase price until a later date, the purchase price will be before this Board again, and it might be possible to get a figure of less than \$12,500,000, but not to exceed the sum mentioned.

I might also remind Mr. McSheehy, if I may, and I do so very respectfully, that some months ago we had before us a subway bond issue, and Mr. McSheehy, as a member of the Board as is his right as a member of this Board vehemently opposed submission of a bond issue relative to the subway at the special election some months ago. However, when it came to the final submission of that issue, after many words had been produced, and I do not differ with the Supervisor, because he has a right to feel differently, the same as I have, or any other member of the Board, but after lengthy discussion at first Supervisor McSheehy felt at that time that it would be rather democratic and the proper thing to do to allow the people to decide, he reserving the right to protest before the voters, he giving them his opinion, if he so desired. But he did feel at that time that submission to the voters was the proper and democratic thing to do, and that he could personally argue the matter before the voters as he saw fit. And, Doctor Schmidt—and I say this very respectfully to you, Doctor, as one who admires your stand before this Board at all times, and I consider that you are one who follows these problems very seriously, and I consider you one of the finest members of the Board—you also felt that when it comes to the final determination of matters concerning the welfare of the people, and you stated at that time, if my memory serves me correctly, that you would reserve the right to present your personal viewpoint as an elected official and advise the people how you felt, and you did so at that time. I believe it is characteristic of your public life to allow the people to decide these issues, and more particularly when such an issue is sponsored by and approved by a commission and the responsible heads of one of our departments which is submitting a plan for the welfare of the people of San Francisco. That stand of yours I have always admired, and I trust and hope that stand will still characterize your public life, while you still reserve the right to advise the voters as to your personal viewpoint, but that you will allow them to decide this issue. Let the people of San Francisco speak on the investment and how they feel about this plan. I believe that the people of San Francisco are tired of a seven cent fare, and I believe they should be. I believe the people of San Francisco would like to return to the universal transfer and to a five cent fare, and I believe that if a plan can be submitted to them which is sound, practical and feasible, and having the approval of the representatives, the heads of our departments, and the manager of our utilities, to return to us the five cent fare, they will vote for it; and I believe that we should allow the people to decide this issue. I believe it is the democratic thing to do, and the sound thing to do at this time. I brought out the fact that the commission will not be created for some time, and I brought

out the fact that the transit commission cannot officially function until after the legislature gives its approval, which means months of delay, and when we may lose the possibility of obtaining a grant from the Federal Government which will be most important now to carry out this project, should the people adopt this plan. I believe further, members of the Board—we have heard so much about the plan here today, by those opposed and those in favor, and before the committee, it is unnecessary for me to repeat further, but I do trust, members of the Board, that those who may be opposed, I cannot understand their refusal to submit it to the people, and I emphasize this fact especially for the benefit of Doctor Schmidt and Mr. McSheehy, when the Utilities Commission and our manager of utilities gives us a plan which he feels is sound, after thorough investigation. I trust, Doctor Schmidt, you will give that thought your further consideration, and allow your public career here to be characterized again by letting the people of San Francisco decide, and reserving your right to inform them on your personal viewpoint on this matter.

**SUPERVISOR SCHMIDT:** I fully appreciate the remarks made by Supervisor Reilly when he says that I have always consistently done the democratic thing on this board as regards presenting things to the people for their decision whenever the opportunity should present itself. I don't think that I am reversing myself when I say that in this instance the picture is entirely different, for the reason that a short time ago this Board went on record favoring the submission to the people of a Charter amendment which would set up a Traffic Commission. This proposition that is before us today is absolutely contrary to the spirit of the submission of that particular Charter amendment. Now there is no argument about that at all. Now that is the stand I take, if I was to do otherwise I would be nullifying the other, if we were to pass this today we would be nullifying our position of just a few weeks ago so I am not reversing myself.

I can not understand the feverish rush to try to get this before the people. If it is a matter of a PWA grant, a matter of getting that money, then we can present to the people a bond issue of 20 million or 24 million to expend and rehabilitate our own road, and to give bus transportation into the outer parts of our city. Just imagine the wonderful amount of service we could give to the people if we were to give them 24 million dollars' worth of equipment and supplies. Why, there is no argument about that, in my opinion, although the last report of Mr. Cahill, which was given to me today, and I haven't had a chance to properly digest it, and I am speaking in general facts and figures and not trying to get down to the nickel, but I don't think that could be answered, that if we were to get 24 million dollars and say to the people that we will invest it in new equipment, buses, and so on, and there are plenty of streets and plenty of districts in our city which are not being served at all. I say, fine, let's present that to the people, and then we would also get a 45 per cent grant from the PWA. Now that is a sound business proposition, to my way of looking at it, and I am not going to be rushed into this thing on statements of that kind, not for one moment. Now then, as long as we have presented to the people, as I say, or are going to present to the people a charter amendment whereby a traffic commission to have charge solely of proper consideration of the entire traffic set up and transportation of our City, why should we interfere with that? That is the criticism raised at the time we voted on it. Why, you are trying now to interfere with a non-political body that will solve this problem if you will take it right to the people to vote on the creation of a traffic commission. Now you are reversing that stand, and you are trying to bring the traffic problem right back into the realm of politics, right after a few weeks ago we said, "Throw it out of the Board of Supervisors and give it to the people, where it belongs," and that is exactly where it belongs.

Now, then, the price of \$12,500,000 is the most ridiculous thing I ever heard of. I have, on pretty good authority, given to me by a friend of

mine, I didn't get it myself, but one in whom I have confidence in one of the investment houses here in the City, and I have taken his word for it. I haven't had a chance to check up on it, but I was told that you can buy all of the securities—and this is what I want the people of San Francisco to know—you can buy, according to this statement, which I should like to have checked up, because I was just able to get it here this afternoon—you can buy all of the securities of the Market Street Railroad, lock, stock and barrel, bonds, preferred stock and common stock, for \$6,273,000. Why not vote a bond issue of \$6,273,000 and go out in the open market and buy the whole kit and kaboodle? That is something we ought to do right now, apparently, because the securities are in the market and there is a possibility of doing it today. Why, the whole thing will only cost \$6,273,000. That is what you can get their entire investment for, and that also includes in that entire investment, my fellow members of the Board, this \$600,000 worth of nonoperative property. What a nice nest egg you would get. In the purchase of the old Spring Valley properties, that was held up until such time as the nonoperative properties were taken out and the people of San Francisco were hoodwinked to the extent that they would not be included in the purchase price, and that lost to us all of that nonoperative property, so that this is a question of gaining over half a million dollars, \$600,000, if you go out in the open market and buy these securities.

Now there is something wrong with the figures, the assessment valuation to the contrary notwithstanding, that is the valuation they place upon it, I am given to understand by investment houses. If I had, in other words, \$6,273,000, I could buy the whole Market Street Railroad, lock, stock and barrel. Now I am not going to be a party to handing the people of San Francisco the biggest, juiciest, and sourest lemon they have ever had handed to them. I am going to vote "No."

THE CHAIRMAN: Supervisor Brown.

SUPERVISOR BROWN: I think it would be well to deal with that last statement of the Doctor's before I go on with my own views. That is, the discussion by the Doctor of the purchase of the entire capital of the Market Street road for six million two hundred thousand odd dollars. That is, to put it mildly, the wrong theory. Undoubtedly the terms on which he based that are the present listed prices of the securities on the Exchanges, but if anyone attempted to get control of all of the securities of the Market Street Railroad they would immediately find when they went out into the market, as is always the case in such transactions, that the price would immediately advance as the demand became apparent. While that is no doubt the present market value of the outstanding bonds, common stock and so on, it would undoubtedly produce that result when it came to attempting to get 100 per cent of that stock. There is no doubt of that in my mind, nor do I think there is any doubt that the people holding the stock would immediately put the price up so that the result would be approximately the same as if the properties were purchased.

Now I have heard a lot of discussion here today on the subject of purchasing the Market Street Railroad and the price to be paid for it. In the first place, this resolution before us doesn't fix the price, it fixes a limit, and the price still remains a matter of negotiation. In the second place, I think we must consider not the price we will pay for the railroad, but the price the City and County of San Francisco will pay if they do not buy the Market Street Railroad. On February the 1st of next year, more or less, but approximately that date,—I think that is fairly accurate,—the Bay Bridge rail service will start. At that time, according to the present estimates, it will be possible to commute to San Francisco, that is, to the terminal, from many parts of Berkeley, Oakland, Piedmont, and so on in about 20 minutes, and it will be possible to ride all of that distance on one car, without changing from train to boat or boat to train, and it will be possible to make that trip for a monthly commute rate which, I am advised, will be the same in the future as it is now; that is, \$6.60. Approximately 10 cents a day each

way. Now when you oppose against that the conditions which now confront some 65 to 70 per cent of the street car riding public of San Francisco, you will find that it is costing them 7 cents each way, or 14 cents a day, which will run something over four dollars a month, and from the standpoint of speed and comfort there is no comparison whatever.

I am told that it is the intention of the trans-bay lines to operate their trains on a headway that will give everybody a seat, even at peak hours, and I don't think that any of the street car users living out in the Richmond district, or in the Sunset, or in any of the other outlying districts can ever hope to get down town, under present conditions, in anything approximating 20 minutes. I think the City must consider these facts, because it means, in words of one figure, that unless we are able to give the street car users of San Francisco approximately the same comfort, approximately the same speed, and at a reasonable cost, the same service that will shortly be available to the East Bay communities, you will find a depreciation in the number of San Francisco residents, an exodus of the San Francisco population, and there will be a consequent reduction in the sale of all kinds of produce, a consequent reduction in home building and home selling in San Francisco, and a consequent reduction in the tax roll, and a practical discontinuance of increase in San Francisco from a residential standpoint.

Now I think anyone who considers the matter fairly and squarely must agree that with the comparison I have given you there will be a very definite trend towards residents in the East Bay. So to my mind it is not so much a question of what the cost of the Market Street Railroad will be, it is more a question of what the cost will be should we not buy it.

I heard some talk here about the traffic commission. I was very much in favor of the traffic commission, and I was the one who introduced the original resolution in the Board for the appointment of the committee out of which the traffic commission came. I don't see anything inconsistent in the proposal here today, and the proposal for the traffic commission, which, today, is still in a very highly nebulous stage. At the present time it exists only as one of the propositions to appear on the ballot in November. We have no assurance that the people will vote for the traffic commission. In addition to that it must then be passed by the legislature. So that if the people do vote for it then it must go to Sacramento and be approved. And I am told that the earliest possible date will be March of next year. This situation is here right now, ask anyone riding our street cars. We are told that the Municipal road is operating all of the cars that they have, and operating to capacity, and that they can not solve the situation by increasing the number of cars on the Municipal tracks, because that would only cause added congestion. It seems to me that the only solution is a merger of the two transportation systems of the City. Now I don't think there is any possibility of interesting private capital in attempting such a merger, if the City were willing to sell out,—which I don't believe it is,—so I feel that the only alternative then is the purchase by the City of the private line.

Briefly reiterating, we are not asked to set the price at which the purchase will be made; we are asked to submit to the people the proposition of the purchase of the Market Street Railroad at a cost not to exceed \$12,500,000.

I saw in tonight's Daily News a statement, in the column by Arthur Caylor, to the effect the figure he had obtained from the Market Street Railroad Company's subordinate employees varied greatly as to the cost of rehabilitation from those submitted here, and indicated the Market Street Railroad, were they to rehabilitate their own lines, would not spend more than three or four million dollars to produce the results sought to be produced under this report. That is a matter of argument between the Market Street employees and Mr. Cahill. But I do think that very satisfactory results can probably be achieved for all time by the expenditure of this \$24,000,000 issue Mr. Cahill has placed before

us, so I am in favor of placing this matter before the people, because I think the people should be given a chance to indicate by their vote whether they feel the purchase of the Market Street Railroad is a forward step in transportation here in San Francisco, and I don't see any inconsistency in submitting that proposal to the people prior to the traffic commission being created, so I am going to vote in favor of submitting.

SUPERVISOR UHL: I am not going to take up a great deal of time on this matter, because I am satisfied that your minds are all made up, but for the record, I do wish to make the following statement:

I want to give credit to the Market Street Railroad for having had visions in the adoption of bus transportation on the Eighteenth street line, which is in operation, and that they had contemplated, and it was only because of the financial situation that they have not been able to carry through bus transportation on another main line, Guerrero. I understood a few months ago they were ready to go, but undoubtedly their finances have become so difficult they have not been able to consummate the matter, or so I was informed, and I presume possibly based on operations elsewhere. So much for that.

I should like to ask Mr. Cahill, heretofore you have stated, in effect, "I wouldn't take the properties of the Market Street Railway for nothing." Do you still feel you would not take the properties of the Market Street Railroad for nothing?

MR. CAHILL: I personally wouldn't have them as a gift.

SUPERVISOR UHL: You wouldn't personally——

SUPERVISOR MCSHEEHY: Do I understand that the record shows that you would not take them as a gift?

SUPERVISOR RONCOVIERI: Personally.

SUPERVISOR UHL: Personally.

SUPERVISOR MCSHEEHY: You stated you did not place a value on all their properties, now merely for the record you can state how much you would value the rails of the Market Street Railway Company for on the evaluation.

MR. CAHILL: Not only did I say I did not make any evaluation on the rails, I made no evaluation on any property.

SUPERVISOR UHL: On the street cars or any part of it at all. Now, then, I want to give my reasons for voting "No":

Number 1, Mr. Cahill states, "I feel certain that if the voters approve this bond issue, it will be necessary at an early date to request the voting of additional bond funds to complete the program heretofore outlined." Namely, the total bond issue of \$39,000,000 as proposed in Mr. Cahill's letter to the Utilities Commission of August 5, 1938.

Number 2, that the proposal before the Board is to reconstruct the tracks and purchase 450 cars involving a total of \$26,500,000, as covered in Mr. Cahill's letter of August 5, 1938.

Number 3, that Mr. Cahill states. "From an investment standpoint the purchase of the properties of the Market Street Railway Company for \$12,500,000 is not, in my opinion, justified."

Number 4, that Mr. Cahill states that he wouldn't take the properties at any price, as a gift.

Number 5, Mr. Cahill states that 3 per cent of the proposed bond issue of \$24,478,000 will be, for the first three years, \$764,000 in taxes, and for the fourth year, \$1,464,000 in taxes.

Number 6, that if I were to vote to place this proposal on the ballot, I feel it would be a commitment, which I will not be quoted as favoring.

For these reasons I am voting "No" on the proposal.

THE PRESIDENT: Mr. Ratto, will you kindly take the chair.

SUPERVISOR UHL: I ask that my statement be made a part of the record.

THE CHAIRMAN: (Supervisor Ratto) Such will be the order. (Gavel.)

SUPERVISOR SHANNON: Members of the Board, I desire to address

myself particularly to Doctor Schmidt, who, first of all, said that he didn't want to be rushed into this matter. Well, none of us like to be rushed, and I feel that if the Doctor was given a little more time and would listen attentively to what I say, he might change his attitude, because I feel that no member of this Board takes his work more seriously than the Doctor. I have watched Doctor Schmidt during his term of office here, and during his first term he was very quiet, he said very little, but you will note that when the Doctor does take the floor he gives us something to think about, and he digests matters in his own way.

Now, the reason I have taken the floor is that I feel the Doctor's premise is wrong. You base your premise, Doctor, primarily on the fact that we have just voted to submit to the voters a charter amendment for the creation of the transportation committee or commission. That is true, but in my travels around town I find some opposition to that, due to the fact it is going to raise the taxation, and for the further reason it is extending the life of this committee for three years. But in the event that it did carry, Doctor, the transportation committee would be the negotiating committee that would negotiate with the Market Street Railroad for the purchase of these properties.

And please don't be misled by any statement that has been made here today that \$12,500,000 is the definite amount that is to be paid the Market Street Railway Company. That figure is entirely, as Mr. Cahill stated, entirely up to this Board. Mr. Cahill has stated that he has made no evaluation of the property, and when the time comes that the transportation committee, if the charter amendment carries, should negotiate with the Market Street Railroad Company, they are in a position to say, "Mr. Kahn, we have so much money, but we want to know just exactly how you arrive at this \$12,500,000," and if he don't do this, possibly we will adopt the plan suggested by you, which could be utilized, and utilize the money above the \$12,500,000 for the purchase of buses to run in opposition.

Now, as far as the evaluation of the property is concerned if you are going to use the figures set up by the State Board of Equalization as the value of worth, you should also consider the worth of another agency of the State, the State Railroad Commission. They approved an evaluation of \$24,000,000, the Railroad Commission of the State of California, when the Market Street Railroad wanted to get a seven-cent fare, they approved an evaluation of \$24,000,000, so between the 5,500,000 and the 12,500,000, and the 24,000,000, we have some leeway to negotiate, and I feel that if the people of San Francisco were given the opportunity to consider this matter, and that we are liable to have this nuisance for years to come, because there is no value placed on the franchise, we are liable to have a condition here that is unbearable.

The seven cent fare is unpopular, but I would have much preferred to see the \$20,000,000 bond issue submitted to the people. I am rather inclined to think that they would have voted a \$20,000,000 bond issue, and I think if it is properly presented, if the newspapers of San Francisco would be united on the matter, that it might go through at \$24,000,000.

Mr. O'Toole, might I ask you when the deadline is on presenting this matter?

CITY ATTORNEY O'TOOLE: We have been figuring today was the dead line, Supervisor, for the reason we had intended all the ordinances submitting these matters to the people and calling the special election would be voted on on Monday. However, the absolute deadline is Thursday. We went by the ordinary meetings of the Board, not knowing the pleasure of the Board, but discussing the matter today with Orrick and Huntington, and figuring out the absolute deadline, there could be a meeting as late as Thursday.

SUPERVISOR SHANNON: Of next week?

CITY ATTORNEY O'TOOLE: Of the coming week, on which the matter might be considered. I think possibly your resolution of necessity would have to be passed before that, because, discussing the

matter with Major Collins, he has certain things he wants to do. Now, you have to pass your ordinance submitting it to the people so that it will become final by the 1st of September, and, as far as we can figure today, the deadline would be Thursday. Now, Mr. Orrick ruled today—not on this matter, but on all bond issues, and more particularly in connection with agricultural district 1-A, which was rather a vexing problem—we came to the conclusion that if you pass the ordinance calling for the election not later than Thursday of next week, we would be in the clear, that would make it effective on the 1st of September. Major Collins has to have all matters ready to submit to the people 25 days prior to the election, so the matter could be handled Monday, and it could be handled any day up to Wednesday.

Mr. Orrick has ruled that an adjourned meeting is a subsequent meeting, and now the State law provides that the resolution of necessity must be passed at a subsequent meeting, or passed and then become final at a subsequent meeting, the ordinance calling the election and submitting the matter to the people must be, so if we could pass it by Thursday of next week, we would have the matter cleared by the 1st of September, which is the absolute deadline. I am talking now about only this particular issue; as far as agricultural district 1-A is concerned, we may have to send it on its way on Monday, if you desire to do so.

**SUPERVISOR SCHMIDT:** The deadline on this is the 1st of September.

**CITY ATTORNEY O'TOOLE:** All ordinances must be finished and finally passed by that time. If I could figure up, Thursday will be the 18th, and now there must be 10 days between the first and second meetings, so if it is passed on the 18th, you could have the final passage on the 29th, unless you wanted to have a further meeting on the 30th or 31st. There wouldn't be much gained by postponing the matter, and we could give this matter consideration Monday, or we could meet Tuesday, or meet Wednesday, and we might then have an adjourned meeting, if the matter received favorable consideration by this Board, and then offer the ordinance submitting the matter to the people and calling the election on the 18th. Now that is the absolute deadline, because the registrar must have his ballots finished by the 6th, and he has to have time to prepare them, and you can't go much beyond the 1st, that is what I meant, that the proceedings, as far as this Board are concerned, must be finished by the first week in September.

**SUPERVISOR SHANNON:** In view of the statement of our City Attorney, and especially to give the members of the Board further opportunity to consider the matter, and particularly to digest the statement I have just made, I will move that further consideration of this matter be continued until Monday.

**SUPERVISOR BROWN:** I should like to ask the indulgence of the members of the Board. I came here today from a camping trip in the high Sierras, and my wife and two youngsters are still up there. We had made plans to pack out on Monday, and I can be here Monday evening, but I can't be here Monday afternoon. I wonder if the Board would agree to make this matter a special order for 8:00 o'clock on Monday evening, at which time I can be here.

**SUPERVISOR SHANNON:** I will make my motion to call for consideration of this matter on Monday evening at 8:30 o'clock, and that it be made a special order of business.

**THE CHAIRMAN:** No objection? OK. (Gavel.)

**SUPERVISOR McSHEEHY:** I object.

**SUPERVISOR UHL:** Didn't I have the floor?

**THE CHAIRMAN:** The motion before the Board was that we consider the matter next Monday evening.

SUPERVISOR UHL: I can see where it might have been difficult for the chairman to have noticed Supervisor McSheehy, and I move that the action of the chair be rescinded so that Supervisor McSheehy may have an opportunity to be heard. In other words, the chairman rapped the gavel on the matter, and I want to be fair. I move to rescind.

SUPERVISOR SHANNON: All right, second the motion.

THE CHAIRMAN: If there is no objection, such will be the order. I didn't see Supervisor McSheehy.

SUPERVISOR SHANNON: So that Supervisor McSheehy may have an opportunity to present his objections.

SUPERVISOR UHL: Now, just a minute. On the subject before us I want to ask a question on the original motion through the chair of our City Attorney.

Mr. City Attorney, this matter we have before us today, recommended by the Utilities Commission, as set forth on page two of the letter which is a part of the submission from the Utilities Commission, letter from Mr. Cahill on page two, it states: "Instead, I have given careful consideration to the minimum amount of money," and so forth.

"This minimum figure is \$24,478,000, which it is contemplated will be spent as follows:

Purchase of Market Street Railway, \$12,500,000." Now, if the people were to vote for that bond issue, doesn't that bind——

CITY ATTORNEY O'TOOLE: No, nothing more than with the School Department, the Recreation Department or Health Department when they come in and state they want a million, two million, five million, and wanted it for this, or that purpose. Now, we have always avoided itemization of bond issues, because the Board of Supervisors always retains the power of appropriation, and if Mr. Cahill came in and said, "I want \$10,000,000 or \$11,000,000 to buy the Market Street Railroad Company," he would have to get your approval, and if he said also: "I want \$1,000,000 to buy new cars," he would have to come and get your approval. You can't tell him to do something else with it, but you can withhold your approval of your appropriation.

SUPERVISOR McSHEEHY: I have no desire to stop Supervisor Brown from voting, but I must be consistent, and I am opposed to this issue. I will enter no argument, but I am rather surprised the City Attorney places a rather broad interpretation——

CITY ATTORNEY O'TOOLE: Just a minute. I haven't——

SUPERVISOR McSHEEHY: I have the floor.

CITY ATTORNEY O'TOOLE: You have your full privilege here, I have not.

SUPERVISOR McSHEEHY: I have the floor. I am rather surprised the City Attorney places this very broad interpretation on a bond issue, and citing conditions in reference to schools, sewers, and so forth. I have been on this Board a long time, bond issue after bond issue, and I will state to the members of this Board, I don't care who places an interpretation, but if the interpretation placed on a bond issue for \$24,000,000 is for the purchase of certain property, I think we all know enough to know that is the amount of money that will be spent.

CITY ATTORNEY O'TOOLE: That is up to you.

SUPERVISOR McSHEEHY: It is trying to ease over a condition that exists today in reference to this particular matter. Now, I won't

go into an argument entirely, I simply say to the membership of this Board I will vote no against postponement, because I am unalterably opposed to the recommendation. I have several matters here I might have argued, I know the entire matter, the entire matter now is on postponement, and I simply say to call the roll, and I shall vote "No." I am voting "No" in no way disrespectfully to Supervisor Brown, if the Board sees fit to carry the matter up to 8:30 so that the Supervisor can be here, I daresay he will be here at that time, and I will be, and I have no desire to deprive you of your vacation at this time.

#### Action Deferred.

THE CHAIRMAN: The question is on postponement of consideration of this matter until 8:30 o'clock on Monday evening, August 15th, as a special order of business.

SUPERVISOR RONCOVIERI: I would like to add to that under call of the Board.

THE CHAIRMAN: Yes, under call of the Board. Call the roll.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Supervisor Colman? Absent.

THE CLERK: Supervisor McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: Aye.

THE CLERK: Supervisor Meyer?

SUPERVISOR MEYER: Aye.

THE CLERK: Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: Aye.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: No.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: 8 Ayes, 2 Noes.

THE CHAIRMAN: The meeting stands adjourned.

#### ADJOURNMENT.

Whereupon, the Board of Supervisors, at the hour of 6:20 p. m., adjourned.

DAVID A. BARRY, Clerk.

**An Ordinance To Regulate the Use of Electrical Devices, Appliances,  
Equipment or Apparatus Which Interfere With the Reception  
of Radio Signals, and Providing Penalties For the Violation  
Thereof.**

(Code No. 11.11)

The following recommendations of Committee on Fire, Safety and Police, heretofore passed for second reading, were taken up:

Bill No. 1585, Ordinance No. 11.117, as follows:

An ordinance to regulate the use of electrical devices, appliances, equipment or apparatus which interfere with the reception of radio signals, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to operate or maintain, or to cause or permit to be operated or maintained within the City and County of San Francisco, any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscilla-

tions, or other electrical disturbances which interfere with the reception of radio signals.

Section 2. The word "person" as used herein shall mean any person, firm, corporation, association or individual.

Section 3. The provisions of this ordinance shall not apply:

a. To any radio transmitting station licensed by the Government of the United States.

b. To public utilities, lines and equipment owned and/or operated by them in and for general public service.

c. To lines and equipment owned and/or operated by the Department of Electricity of the City and County of San Francisco.

Section 4. The Department of Electricity of the City and County of San Francisco, hereinafter called "The Department" is hereby empowered to enforce the provisions of this ordinance. It shall be the duty of the Chief of the Department, as soon as practical after the effective date of this ordinance, to adopt rules and regulations to carry out and enforce the purposes and intent of this ordinance and by said rules to provide the manner for the inspection, examination and abatement of any electrical device, appliance or equipment mentioned in Section 1 of this ordinance when the same interferes with the reception of radio signals; which said rules and regulations shall be in furtherance of the provisions of this ordinance and not in conflict therewith. Before adopting said rules and regulations the Chief of the Department shall hold a hearing or hearings as to the kind and character of the rules to be adopted and notice of the time and place of said hearing shall be given by one publication of the said notice in the official newspaper of the City and County of San Francisco, and any person interested shall be given the opportunity to be heard at said meeting. The Chief of the Department shall have power to continue any such hearing from time to time without further notice, save and except the announcement of said continuance at said hearing. Upon the adoption of said rules a copy thereof shall remain on file in the said Department and shall be effective within five (5) days after the date of the filing thereof.

Section 5. When any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations or other electrical disturbances which interfere with the reception of radio signals is found to exist, the Department shall give notice, in writing, to the person owning, operating or maintaining said device, appliance or equipment, notifying the said person owning, operating or maintaining said device, appliance or equipment to remedy and eliminate the cause of said interference, and should the said person fail to discontinue the operation of said device, appliance or equipment at the expiration of five (5) days he shall be guilty of a misdemeanor. When any person owning, operating or maintaining any such device, appliance or equipment shall fail to remedy such defect or cause of said interference within a period of five (5) days after the giving of said notice, the Department may take the necessary steps to eliminate said interfering conditions.

In cases of interference to police and fire department radio equipment, the Department may require the immediate discontinuance of the operation of the device, appliance or equipment causing such interference and any person thereafter operating or maintaining, or permitting the operation or maintenance of, said interfering device, appliance or equipment without the permission of the Chief of the Department shall be guilty of a misdemeanor. Whenever the Department shall have reason to believe that any electrical device, appliance or equipment is causing interference with the reception of radio signals, the Chief of the Department or his subordinates shall have the right to enter upon the premises wherein such device, appliance or equipment is operated or maintained for the purpose of inspecting the same, as well as for the purpose of abating or discontinuing the operation of such device, appliance or equipment.

Section 6. The Department shall have the power and authority to

discontinue electrical power and lighting service to any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations, or other electrical disturbances which interfere with reception of radio signals.

Section 7. Any person operating or maintaining, or causing or permitting to be operated or maintained any interfering device, appliance or equipment contrary to the provisions of this ordinance, as well as any person who interferes with the inspection by the Department of any such device, appliance or equipment shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed two hundred fifty (\$250) dollars, or imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment, and each day during which any such interfering device, appliance or equipment is operated or maintained shall constitute a separate offense.

Section 8. Any notice to be given by the Department or any other official of the City and County of San Francisco to enforce the provisions of this ordinance may be given by notice in writing delivered personally to the owner, operator or person in charge of any electrical device, appliance or equipment which causes, or may cause, interference with the reception of radio signals; or said notice may be posted in a conspicuous place upon the building in which said electrical device, appliance or equipment is housed or maintained; or notice may be mailed to the owner of said premises or to the person in charge thereof or operating or maintaining said device, appliance or equipment, said mail to be sent by registered United States mail with proper postage prepaid thereon; and said notice shall be deemed to be complete when posted on said premises or deposited in the United States Post Office in San Francisco with the proper postage prepaid thereon.

Section 9. All ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

*Finally passed by the following vote:*

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman, Reilly, Roncovieri—4.

### **Prohibiting Smoking on Any Wharf, Pier, etc., Within City Limits.**

(Code No. 11.05)

Also, Bill No. 1620, Ordinance No. 11.059, as follows:

Prohibiting the smoking of any cigar, pipe or cigarette, or the burning of tobacco or the burning of an open flame or electric arc, by any person upon any wharf, pier, quay or bulkhead or within any hatch, hold or space wherein any cargo of any character is kept or stored on or within any ship or vessel anchored or berthed within the limits of the City and County of San Francisco, and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to smoke any cigar, pipe or cigarette, or to burn tobacco in any manner whatsoever, or to use an open flame of any character or an electric arc, excepting only when said open flame or electric arc is necessarily employed in the making of repairs, alterations or structural changes, on or upon any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo of any character is kept or stored on or within the limits of the City and County of San Francisco.

Section 2. The Chief Engineer of the Fire Department, in conjunction with the Chief of the Bureau of Fire Prevention and Public Safety, is hereby authorized and given full power and authority to make all necessary rules and regulations providing for the use of any open flame or electric arc when the same are used in the making of repairs, alterations, or structural changes on any wharf, pier, quay or bulkhead or

within any hatch, hold or other space wherein cargo is kept or stored on or within the limits of the City and County of San Francisco.

Section 3. Any person who shall violate any of the provisions of this ordinance, or of any rule or regulation made by the Chief Engineer of the Fire Department or by the Chief of the Bureau of Fire Prevention and Public Safety under authority hereof, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 831 prohibiting smoking of any cigar, pipe or cigarette or the burning of tobacco on any wooden wharf, pier, quay or bulkhead in the City and County of San Francisco, which ordinance was approved on July 21, 1909, is hereby repealed.

Section 5. The Municipal Recreation Concrete Pier at the Aquatic Park shall be exempt from the provisions of this ordinance, except those provisions contained in Section 2.

of a curve to the left, tangent to the preceding course, radius 15 feet, central angle 33 degrees 54 minutes 16 seconds, a distance of 8.876 feet; thence leaving the last-named line on the arc of a curve to the right, tangent to a line deflected 96 degrees 55 minutes 10 seconds to the right from a line tangent to the preceding curve at the latter point, radius 15 feet, central angle 26 degrees 59 minutes 06 seconds, a distance of 7.065 feet to tangency with the southeasterly prolongation of the said northeasterly line of Teresita boulevard; thence northwesterly along last-named line tangent to the preceding curve 70.744 feet to the point of beginning.

Being a portion of Evelyn way lying northeasterly of and adjoining the northeasterly line of Teresita boulevard.

Said closing and abandonment of said portions of Twenty-eighth street, Stanford Heights avenue, Evelyn way, and Valley street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost, and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Twenty-eighth street, Stanford Heights avenue, Evelyn way, and Valley street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted—Board of Supervisors, San Francisco, June 27, 1938.

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Mead—1.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved, San Francisco, June 29, 1938.

ANGELO J. ROSSI, Mayor.

And Whereas, The Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco, a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 4061, Code No. 12.0621, and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Stanford Heights avenue, Twenty-eighth street, Valley street and Evelyn way, described in Resolution No. 4061, be closed and abandoned; and

Whereas, by Resolution No. 4001, adopted June 6, 1938, this Board agreed to close and convey the first three parcels described in Resolution No. 4061 to Forrest S. Rowley Estate as part consideration for certain land required for O'Shaughnessy boulevard! and

Whereas, by Resolution No. 4055, adopted June 27, 1938, this Board agreed to close and convey the last parcel described in Resolution No. 4061 to Meyer Bros. in exchange for certain land required for the new

Evelyn way connection between Teresita boulevard and O'Shaughnessy boulevard; now, therefore, be it

Resolved, That the portions of Stanford Heights avenue, Twenty-eighth street, Valley street and Evelyn way described in Resolution No. 4061 be and are hereby closed and abandoned, subject to the conditions set forth in this resolution.

Further Resolved, pursuant to the provisions of Chapter 690, 1911 Statutes of California, that the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deeds for the conveyance of said three parcels to Forrest S. Rowley Estate and for the conveyance of the last parcel described in Resolution No. 4061 to Meyer Bros., or their successors in interest. The Director of Property shall deliver said deeds to the grantees upon receipt of the necessary deeds to the City.

Further Resolved, That the entire damages, costs and expenses of closing said portions of said streets described in Resolution No. 4061, Code No. 12.0621, shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 4061, Code No. 12.0621, and be it

Further Resolved, That the said closing and abandonment of said portions of said streets described in Resolution No. 4061, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889 as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

Resolution No. 3994, as follows:

Whereas, San Francisco has a superabundance of water stored in its lakes and reservoirs; and

Whereas, the present high water rates in effect in the City and County of San Francisco prohibit increased use thereof, both domestically and industrially; and

Whereas, it is imperative, in an endeavor to stimulate and attract industries, as well as to beautify our city, that such reasonable rates be scheduled for water as will permit its greatly increased use; and

Whereas, the small home owner particularly, is severely hampered in his endeavor to beautify his property, and the city, through the maintenance of trees, shrubs, lawns and gardens because of the almost prohibitive price of the water necessary therefor; and

Whereas, it has been asserted by representatives of many large industries in San Francisco, now maintaining and operating their own wells, and particularly those engaged in the laundry industry, that if a rate comparable to the expense incurred in maintaining and operating these wells were to be established by the city, these industries would be happy to purchase water from the city and abandon the use of their wells; and

Whereas, many industries are deterred from establishing in San Francisco because of the excessive water rates; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby requested to give consideration to and within thirty days report on a proposal to inaugurate a plan for water rates as follows:

1. Strike an average for each consumer's water bills for the twelve months preceding the inauguration of the plan;

2. Establish a schedule of rates which will affect an 80 per cent reduction on present rates for all water used over and above that which was used during the twelve-month period hereinbefore referred to;

3. So establish water rates for industries, that those now maintaining and operating their own wells will be impelled to become customers of the city, thereby utilizing to some extent our present tremendous but idle water surpluses.

4. Afford quick and real relief to the small home owner who is endeavoring to beautify his home and the city through the maintenance of a garden.

Whereupon, the following proposed Charter Amendment was taken up:

## CHARTER AMENDMENT—TRAFFIC COMMISSION

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the Special Election to be held on the 27th day of September, 1938, a proposal to add a new section to the Charter of the City and County of San Francisco to be designated as Section 118.1 to read as follows:

### TRAFFIC COMMISSION

#### Section 118.1

Subdivision 1. There is hereby established a commission to be known as the Traffic Commission which will consist of five members who shall be appointed to said commission by the Mayor within ten days after this section of the Charter becomes effective. The members of said commission so appointed shall serve without compensation and shall hold office until the 15th day of July, 1942; provided, however, that whenever said commission shall, by resolution, certify to the Mayor that the work of said commission, as set forth in this section, has been completed, the Mayor shall transmit to the Board of Supervisors a copy of said resolution and the Board of Supervisors shall give consideration thereto and if, after investigation, the said Board shall determine that the work of said commission has been completed, it may adopt a resolution to that effect, which said resolution shall be subject to veto by the Mayor, or to passage over his veto, as would any other resolution of the Board of Supervisors. If said resolution should be finally passed and become effective, thereupon the term of office of the several persons appointed to said commission shall cease and determine and said commission shall cease to exist and all unfinished business undertaken by said commission shall, by resolution of the Board of Supervisors, be referred to the appropriate department of the municipal government for consideration and determination. Said commission shall continue in existence and carry out the duties hereby imposed upon it to and until the 15th day of July, 1942, and unless the term of said commission shall be extended by resolution adopted by the Board of Supervisors and approved by the Mayor, said commission shall cease to exist on and after the 15th day of July, 1942; provided, however, that the Board of Supervisors may, by ordinance duly adopted, extend the life of said commission and continue its functions for a period of one year on and after July 15, 1942. Upon the dissolution of said commission any and all unfinished business pertaining to the affairs hereby committed to the jurisdiction of said commission shall be, by the Board of Supervisors, referred to the appropriate department for hearing and determination. No person shall be eligible to serve on said commission while holding any other public office or employment.

Subdivision 2. The Traffic Commission shall make a comprehensive survey and study of all phases of traffic, transportation and matters relating thereto for the benefit of the public and relief of general traffic congestion in the City and County and the co-ordination thereof. This shall include, without thereby limiting the generality of the foregoing the following: general street and highway plan and related matters

street railways, bus and stage service, automobiles, and the regulation of the use thereof in so far as the same is subject to municipal regulation, city and interurban transportation of all kinds, pedestrian traffic, traffic signals and traffic law enforcement.

The Traffic Commission shall prepare and submit without delay to the Board of Supervisors a report or reports covering all its activities, findings, recommendations and detailed plans, specifications and estimates for carrying into effect its findings and recommendations, including such recommendations and legislative measures as will, in its opinion, aid in the consummation of such plan or plans as it may recommend.

It shall be the duty of the Board of Supervisors immediately upon receiving said report or reports and recommendations to refer the same to the appropriate departments for the report and recommendation of said department or departments regarding the same. Said report shall be made by said department or departments to said Board of Supervisors within thirty days after the receipt of the request for said report. Thereupon the Board of Supervisors shall give consideration to said report and may adopt said report and pass such legislation as may tend to carry the same into effect or it may reject said report and adopt such other legislation as may carry out the recommendations of said Traffic Commission. If the report of said Traffic Commission, or the report of any officer or commission considering said report of said Traffic Commission, shall recommend the financing of any plan for any public improvement, or for the acquisition, construction, extension or completion of any public utility, the Board of Supervisors may, by resolution adopted by a two-thirds vote of all of its members, determine that the public interest or necessity demands the acquisition, construction, extension or completion of said municipal improvement or the acquisition, construction, extension or completion of any public utility and may thereupon take the necessary proceedings to submit to the electors of the City and County of San Francisco the matter of the issuance of bonds for the acquisition, construction, extension or completion of said public utility. The failure of any department to submit its report within thirty days, unless said time be extended by the Board of Supervisors, shall be sufficient authority for said Board of Supervisors to proceed with consideration of the report of said Traffic Commission and to take such action thereon as it may deem proper.

Subdivision 3. The Traffic Commission shall have power to employ a chief executive officer and a secretary, neither of whom shall be subject to the civil service provisions of this charter. Said commission may also employ such subordinate engineers, draftsmen, clerks and other employees as it may deem necessary, all of whom shall be subject to the civil service provisions of this charter. Said commission may also contract for a period not exceeding beyond the term of its existence for such consulting, highly skilled and technical services as may be required to carry out the work of said commission. The chief executive officer and the secretary shall not be subject to the retirement or health service provisions of this charter.

Subdivision 4. For the purpose of paying the compensation of its employees and all its other expenses, the Traffic Commission shall prepare and file budget estimates pursuant to the provisions of this charter; provided, however, that neither the Mayor nor the Board of Supervisors

shall have the power to decrease or reject any item of the annual budget estimate of the commission so that the total amount of said budget allowance and appropriation shall be less than the sum requested by the commission; provided, however, that in no event shall the budget allowance and appropriation of the commission exceed the equivalent of one cent annually on each one hundred dollar valuation of the property assessed in and subject to taxation by the City and County.

All unused appropriations or unexpended balances in revenue or expense appropriations of the Traffic Commission at the close of any fiscal year shall be carried forward and continue to be subject to the order of the Traffic Commission in the next fiscal year.

Upon conclusion of the term of office of the Traffic Commission and any extension thereof all unencumbered funds of the commission shall be transferred to the general fund of the City and County.

Subdivision 5. All departments and officers of the City and County shall upon request furnish to the commission such information and data as it may require for its work.

Subdivision 6. If any portion of this section of this Charter conflicts with any other section, subsection, subdivision or provision of this Charter, the provisions of this section of this Charter shall prevail.

*Ordered submitted by the following vote:*

Ayes—Supervisors Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—

Noes—Supervisors McSheehy, Uhl—2.

Absent—Supervisors Brown, Colman—2.

#### **Proposed Acquisition and Rehabilitation of the Market Street Railway Properties.**

The following resolution, heretofore presented by Supervisor Roncovieri and made a Special Order of Business for 8:30 p. m. this evening, was taken up:

#### **Declaratory Resolution, Providing for Bond Issue of \$24,480,000 for Acquisition and Rehabilitation of Properties of Market Street Railway Company.**

(Code No. 15.091)

Resolution No. 4186, as follows:

Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the re-routing of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said Company and the repair of streets within the rails and on both sides of the rails of said Company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the esti-

mated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or from other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,480,000.

### Discussion.

THE PRESIDENT: That is the matter, Mr. Mayor, which has been made a Special Order of Business for 8:30 tonight. Do you desire to address the Board at this time?

### Address of Hon. Angelo J. Rossi, Mayor.

MAYOR ROSSI: Mr. President, and members of the Board of Supervisors, and my fellow citizens: I want to say at the outset that I consider the matter before this Board of such a serious nature that I have prepared a statement which I will make to the Board, and I am going to read it for the simple reason that, first of all, I do not want to be misunderstood or intentionally misquoted. With your permission I will read the statement which I have prepared.

Members of the Board, I appear before you tonight because I believe that this Board of Supervisors is facing the most critical and momentous issue in the life of your Honorable Board—the proposed unification of San Francisco street railway systems.

It is because this issue is critical and momentous that I ask the privilege of addressing you without interruption. When I have concluded I shall be glad to answer questions.

You are to decide whether the people of San Francisco shall be given an opportunity to make their own decision on this most vital question of transportation.

I am here to urge that you give them that opportunity. To urge it with all the power at my command.

If the decision which rests with this Board was that of considering whether a sum of money was to be paid from the public treasury to a private corporation, I would not be here.

If the decision to be made by this Board was that of determining the value of the property of a privately-owned corporation, I would not be here.

If the decision to be made by this Board was that of determining whether the people were to ride in street cars, buses, or any other method of transportation, I would not be here.

The actual problem before this Board tonight is so much simpler.

The problem is merely whether something is to be done now to restore the five-cent carfare to all the people of San Francisco. To give them the universal transfer. To wipe out the one-man car.

I believe that the people, and only the people, have the right to decide that question.

I believe that it is unfair, unsound and unjust for one-third of the people to ride for five cents while the other two-thirds of our people pay seven cents.

And, I do not propose to sit idle while this rank injustice to our people continues.

I am here to urge that something be done now.

There has been reference in your debates upon this subject, to a "Rush Act."

Some have sought to convey the idea that they should oppose sub-

mitting this issue to the people because they have had no time to study it.

I don't think there is a member of this Board who at one time or another has not visited improvement and other clubs in outlying districts and enthusiastically decried the fact that adequate transportation was not being given the people.

My friends, this has been a problem of many years.

This and other Boards have spent the tax-payer's money securing recommendations from experts, and those not so expert, which have been made in an effort to solve the traffic problem.

What happened to them? Well, here's the story!

In 1913, Mr. Arnold made a report which cost one hundred thousand dollars. Was anything done about it? No!

In 1927, Mr. Wilcox made a report which cost ten thousand dollars. Was anything done about it? No!

In 1931, Mr. Mott made a report costing ten thousand dollars. Was anything done about it? No!

In 1929, Mr. O'Shaughnessy made a report costing seventy-five thousand dollars. Was anything done about it? No!

Again in 1931, Mr. O'Shaughnessy made another report costing twenty-five thousand dollars. Was anything done about it? No!

Then there was the Cahill Rapid Transit Survey of 1936, costing thirty-six thousand six hundred and sixty-six dollars. Was anything done about that? No!

Then followed Doctor McClintock's report of 1937, which including the amount expended by the Federal Government, cost one hundred and thirteen thousand seven hundred and twenty dollars. Was anything done about that? Again I say no!

So, since 1913—25 years ago—three hundred seventy thousand three hundred and eighty-six dollars have been expended with the approval of the Board and nothing has been done.

And, oh, yes, lest we forget—Doctor Rastall made two other reports for the Chamber of Commerce. What they cost, I do not know. What was done about them? Nothing!

So, when people say: "Oh, let's go slow"—"Let's digest this thing"—"We don't know enough about it"—"we can't be rushed."—Well, then I say: "Where is the 'rush act'?" I will let you be the judge.

If those who think this is a "rush act" I will refer to City Engineer M. M. O'Shaughnessy's report on the street railway transportation requirements of San Francisco, printed in 1929, many will blush for shame at ever having voiced the idea that this was a "rush act."

Turn to page 177 of that report and what do you find?

We find Mr. O'Shaughnessy urging the purchase of the Market Street Railway for seventeen and a half million dollars. We find him urging that the five cent fare be retained. We find him urging the universal transfer privilege. And we find him urging that deficits resulting from the unified operation and retention of the five cent fare, be met by additions to the tax rate.

And in addition, my annual messages to the Board have consistently urged unification of the systems. Year after year that appeal has been made.

By exacting the seven cent fare the private corporation is taking millions from the pockets of the riders—a burden our people should not be forced to bear especially without any improvement in service.

Our people are looking to their municipal officials for action to relieve that condition.

Where else can they look? Who else can help them? Who else is under any obligation to help them?

It is our duty to take the lead.

As Mayor of San Francisco I have never interfered with the legislative branch of local government.

I have been criticized at times because of my policy in that regard.

To my critics I have always said: "I have served as a supervisor and I know from personal experience that the legislative branch of local

government resents executive interference. The supervisors have their responsibilities and the other public officials and various boards have different responsibilities."

This has consistently been my policy. It will continue to be my policy but, now, because of the seriousness of the situation and because it is the responsibility of all of us, I come to you as Mayor, as a former colleague of most of the members of this Board, and as a private citizen.

In this triple role, I come to voice my opinion upon submission to the people of the very simple question.

This is the question: Shall we negotiate to buy the Market Street Railway and spend money to rehabilitate and extend it so that it may serve the public—which it is not doing now? If you, the people, say yes, then negotiations will begin with the proviso that no more than twelve and a half million shall be given for the road.

Now let's discuss the question from a cold blooded business standpoint.

I ask you: Can anyone sit down and effectively negotiate for the acquisition of any property without having funds available with which to buy the property in the event that the owner is willing to sell? You know that there is but one answer to that question. The answer is No.

The next question that sound business judgment would ask is: Who will do the negotiating on behalf of the purchasers? The present Charter makes provision for that.

Either the duly constituted public officials can negotiate or it is within the province of this Board to provide an entirely different agency for negotiating.

That you have already done by voting to submit a charter amendment creating a traffic commission.

And, in passing, may I urge that you submit this amendment on the special election ballot.

Let me remind you that such a commission has been suggested by the citizens committee you asked me to appoint.

Now the next question that sound business judgment would ask about the Market Street Railway purchase would be: Who will have the final word in the concluding of the transaction?

And, the answer to that question is: You, the Board of Supervisors. Because you must make the appropriation to pay the price agreed upon.

And that, gentlemen of the Board, answers definitely the questions which a businessman would ask.

There should be no opposition in this Board by letting the voter—the very man or woman most affected, decide. Those who must pay a seven cent fare, who are denied adequate transportation facilities. Who must ride in dangerous one-man street cars. And finally, those enjoying a five cent fare who are anxious that the same privilege be extended to their fellow citizens.

Who has to pay seven cent fare? The people! Who is denied a universal transfer? The people! Who must foot the transportation bill? The people!

These same voters who elected you—are they incapable of thinking and deciding for themselves in a matter so vitally affecting them: I think they are quite capable.

Gentlemen, it is just nonsense to create the impression we are asking the people to pay twelve and a half million dollars for the Market Street Railway.

Who proposed the figure? Why, Mr. Kahn! Not the administration. Not the Board of Supervisors. Twelve and a half million is Mr. Kahn's asking price.

Surely all of you have done enough buying and selling to know that the original price offered is not the accepting price.

That argument is just a smoke screen laid down for want of a better argument to prevent the taxpayer being given an opportunity to speak! All of you have been in business enough to know that whenever property of any kind changes hands there is a question as to value. Let us examine for a moment the recorded facts as to value.

The State Board of Equalization says that, for purposes of taxation, they have assessed this property at fifty per cent and they arrive at a figure of five and a half million dollars.

I repeat, they have set this value for purposes of taxation. The State Railroad Commission, in considering the application of the Market Street Railway for an increase in fare approved a valuation of twenty-four million dollars for rate making purposes.

Mr. Kahn has said that, for purposes of sale, he would recommend to his directors an acceptance of twelve and one-half million dollars.

Surely, gentlemen of the Board, we need go no further than those three points of value in order to convince you and the people of San Francisco that this question of value is a complex one.

As frankly, as honestly, and as simply as I can find words to express my thought, I want to say that I do not know the value of this property.

And, with equal frankness, and with the candor which I believe the circumstances justify, I want to say that I do not think any member of this Board knows the value of the property.

And, finally, I do not think the people of San Francisco know the value of the property.

I am not recommending the acquisition of this railway for twelve million five hundred thousand dollars, or for any figure—because I do not know its value.

And please let the records show that I am not approving twelve and one-half million dollars or any other sum as the price at which the property should be purchased.

I am not approving any sum for two reasons: First, because I do not know. Second, because the ultimate responsibility of approving the price for acquisition rests with this Board of Supervisors and with no one else.

Yet there have been many suggested ways at arriving at a selling price—some offered in good faith, others offered with—well, let's put it mildly—without any semblance of faith.

For the reasons already stated, I do not intend to analyze these suggestions.

But I do desire to refer to the suggestion of a very distinguished and sincere member of the Board who has been of the opinion that the securities of the Market Street Railway, lock, stock and barrel—bonds, preferred stock and common stock—could be purchased on the market for six million two hundred and seventy-three thousand dollars.

Assuming you could buy a small percentage of floating stock at the prices made by the very thin market on the stock exchange—nevertheless when you started trying to buy control, the price would rise to a figure which Mr. Kahn and his associates, controlling the stock, would establish.

Of course, it is against the law for the City to issue bonds in the first place to buy stocks of any corporation. But let us assume we could buy this stock for six million odd. What would we get? We would get the physical properties of the Market Street Railway. Sure! And what besides? Why, friends, we would get the Market Street Railway's floating debt which is approximately two million.

Anything else? Sure! We would inherit damage suits now on file against the company of approximately three million.

Under that plan, if it were permissible, we would obligate ourselves for not less than twelve million dollars.

Now, all of us, in fact all the people of San Francisco, I fancy, have given a good deal of thought to the traffic and the transit problems of the community.

There is in my office, a filing case that is jammed to the limit of its capacity with well-intended proposals for the solution of these problems. It would almost seem that every man is his own traffic expert. Why, a child can see the condition we face. A mere child knows the condition of the roadbed of the Market Street Railway and the deplorable condition of many of its cars.

Sometime, gentlemen of the Board, this problem must be settled. Sometime we must do something to correct the condition which now confronts us.

In this problem, as in all other problems, there are interwoven all of the complexities of political affiliations, personal ambitions, and other consideration and a variety of other factors.

And there is always a tendency under those circumstances to say: "Let's do nothing. Let's play safe. If we do nothing maybe something will happen." That's true. Something will happen. I'll tell you what will happen. The people of San Francisco on the basis of seven cent fare will continue to pay additional millions of dollars annually into the treasury of this privately owned street car system. That's what will happen.

Let us suppose that you do nothing. And let us suppose that at the end of a year, or two years, or three years, you finally are forced to do something. What then? Let this matter drift for three years and you make the privately owned corporation a present of millions of dollars out of the pockets of the people of San Francisco, through the medium of seven cent fares, and the road will belong to the privately owned company.

Let me, as a businessman, as a private citizen, and as a public official, register my protest against that sort of policy.

It puzzles me that any opposition to this bond issue should develop. Didn't the Board of Supervisors make possible the expenditure of thirty-five million for the Golden Gate Bridge?

Didn't the Board of Supervisors make possible the expenditure of one million six hundred and ninety thousand dollars for the approaches to that bridge? Didn't the Board of Supervisors make possible the expenditure of hundreds of thousands of dollars for approaches to the San Francisco Oakland Bay Bridge?

Of course! Certainly millions have been authorized to make it easy for people to get out of San Francisco. Aren't we going to do anything to keep them in San Francisco? What must be the inevitable result of the present snarled transportation system?

A migration of people to places where they can get to and from their business with ease and of necessity, a distinct and serious shift in property values. Let's be a little bit selfish for a change.

Let's think of ourselves for a while. Let's spend a little making it easy for us to move about our own city. There is nothing wrong in it; is there? I urge the members of the Board of Supervisors to submit this proposal to the people of San Francisco, the people who are paying the bills. Let us say to the people of San Francisco: Do you want negotiations to be entered into in your name with a view to acquiring this property on as sound a basis as it can be acquired? Do you want to buy it as cheaply as it can be acquired, but, in no case, in excess of twelve and a half million dollars? And do you want to authorize the renovation, rehabilitation, extension and improvement of what will then be your property?

Let's get down to business in a business-like fashion and do something about this seven cent fare problem—about the universal transfer privilege—about the unification of your street railway tonight. Where is the harm in asking the people to decide this momentous problem? The people will tell you whether they want adequate service particularly to the outlying sections; whether they want a five cent fare; whether they want universal transfers; whether they want a modernized transportation system of their own.

Gentlemen of the Board, you requested the Public Utilities Commission to ask Mr. Kahn what he wanted for the road. Requested it by a unanimous vote. Gentlemen of the Board, you requested Mr. Cahill, Manager of Public Utilities, to estimate what, in his opinion, would be needed for rehabilitation of the road in case it was purchased. Requested it by a unanimous vote. And, gentlemen, you then asked Mr. Cahill

to revise downward his estimate to the neighborhood of twenty millions. You initiated all these things.

Now, gentlemen, let us be consistent in this matter. I say us because, in our respective offices, we are the elected representatives of the people. Differences of opinion will always exist between men who have opinions. Conflicts of ambitions present themselves whenever men have ambitions. Pet theories, pride of personal plans, bring about conflicts and will as long as men think and plan. But, none of these should be permitted to be in the picture in this case. Surely none should influence your vote on this proposition.

Vote "Aye" on this bond issue and let the people who voted you into office give you their answer. You didn't hesitate to submit your name to the voters when you sought office. Surely this issue is of more importance. Surely you are not now determined to refuse the voters who elected you the right to express their views.

Let the people decide.

I thank you.

(Applause.)

#### Proposed Amendments.

Thereupon, Supervisor Schmidt offered the following amendments to Supervisor Roncovieri's motion: "In the title, in the third line, is the wording: 'And the rehabilitation of said properties,' strike out the word 'the' and substitute therefor the word 'partial;' 'partial rehabilitation.'"

Supervisor Schmidt, seconded by Supervisor Shannon, moved to strike out Section 1 of Supervisor Roncovieri's resolution and insert the following:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and partial rehabilitation of said properties, and that the estimated cost of the acquisition of said operative properties of the Market Street Railway Company and partial rehabilitation thereof will be too great to be paid out of the ordinary annual income and revenue of the said City and County.

Supervisor Schmidt offered the following amendment to Section 2 of Supervisor Roncovieri's resolution:

Section 2. That the estimated cost of acquisition of the operative properties of the Market Street Railway, together with the partial rehabilitation of said properties as described in Section 1 hereof, is the sum of \$9,780,000. Of the said sum of \$9,780,000, not more than \$5,680,000 shall be used for the purchase of the operative properties of the Market Street Railway Company, and not more than \$2,500,000 shall be used for payment of unpaid equipment and power bills, due and owing by the Market Street Railway Company, and not more than \$1,000,000 shall be used for payment of or in settlement of damage claims against the said Market Street Railway Company.

#### Discussion.

THE PRESIDENT: Doctor, you are amending the \$24,480,000 in section 2 to read \$9,000,000?

SUPERVISOR SCHMIDT: \$9,780,000.

THE PRESIDENT: What are you allowing for rehabilitation?

SUPERVISOR SCHMIDT: That is something for the Traffic Commission to recommend later on.

THE PRESIDENT: I thought you were offering the Market Street Railway \$9,780,000 for their property?

SUPERVISOR SCHMIDT: No. If you will read—of this sum—The next sentence will give you the explanation:

"Of the said sum of \$9,780,000 not more than \$5,680,000 shall be used for the purchase of the operative properties of the Market Street Railway Company, and not more than \$2,500,000 shall be used for payment of unpaid equipment and power bills, due and owing by the Market Street Railway Company, and not more than \$1,000,000 shall be used

for payment of or in settlement of damage claims against the said Market Street Railway Company."

THE PRESIDENT: Who pays these claims? Who pays these claims?

SUPERVISOR SCHMIDT: If the people vote the \$9,780,000, not more than \$5,680,000 will be paid for the physical properties, and \$3,500,000 will be used for the settlement of bills and damage claims against the company, which will be handled by our City Attorney.

THE PRESIDENT: Oh, no. Oh, no. Whatever we give the Market Street Railway for their property we also give them for their debts and they settle their own debts, so we have nothing to do with that.

SUPERVISOR SCHMIDT: I thought that could be handled in that way.

THE PRESIDENT: Not according to the reading of your resolution.

SUPERVISOR SCHMIDT: Then that could be corrected.

THE PRESIDENT: I think the suggestion of Supervisor Roncovieri, that if you got together with Mr. O'Toole, possibly you could get your amendment whipped into shape so that it would be perfectly legal.

SUPERVISOR SCHMIDT: Exactly. I haven't seen Mr. O'Toole.

CITY ATTORNEY O'TOOLE: Doctor, if I might say a word, as long as you would give me the privilege, of course, as far as the paying of the bills, the company must pay those out of the amount of money we give them for their property, they go out and pay all bills. They have to. They have a perfect right to sell their property, with the permission of the Railroad Commission, and the Railroad Commission takes good care that all bills are paid. So whatever price you pay for the Market Street Railway for its operative properties will, I presume, include their bills, and the Railroad Commission will see that they are paid. But I see a decided weakness in your plan, and it is this: Section 119 of the Charter says:

"Whenever the Board of Supervisors, as provided in sections 101 to 104, inclusive, (those are the bonding sections) of this Charter, shall determine that the public interest or necessity demands the acquisition, construction or completion of any public utility or utilities by the City and County, or whenever the electors shall petition the Supervisors as provided in sections 105, 179 and 180 (those are the initiative provisions of the charter) of this Charter, for the acquisition of any public utility or utilities, the Supervisors must procure a report from the Public Utilities Commission thereon."

This you have done. Now, the next section, number 121—I was reading 119,—provides:

"In each such case"—

This is what the Commission must do before giving you a report, before giving the Board a report—

"It shall secure the recommendation of the Manager of Utilities, which shall be in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed by the Manager that such alternatives exist."

Now, I would take it—I have told you many times that this provision of the Charter in the matter of the acquisition of Public Utilities, as to what jurisdiction the Board of Supervisors has, and what jurisdiction the Utilities Commission has, are far from being very definite, but I take it that the Utilities Commission, as this section provides, must make a report, and that that report must be based, to some extent, on the recommendation of the Manager of Utilities. As contained in a subsequent section, my understanding of the section is that this Board has a perfect right to put the upset price, any price they want, as to how much the City should pay for such properties as the Utilities Commission desire to acquire from the Market Street Railway. Their word is final on that, first, because they have the right to provide for a bond issue, and, second, the appropriation of all money lies with this Board. But I don't think the Utilities Commission, when it makes a report here: "We desire to buy this or that utility, and if we do take it over, if you permit us to buy this utility," at whatever price you

think is a proper price—and you have got to have a voice in the amount of money, because that will be determined by subsequent appropriation, but you would have to give them a sufficient amount of money to carry out the program on which the Commission has based the recommendation that the utility be acquired.

Now, I will explain that. You say that \$9,000,000 would be a fair price, taking into consideration the debts owed, and subtracting the amount for the operating properties. Now, maybe those properties when the Public Utilities Commission gets them, with only the addition of \$600,000 would be absolutely no good to them, wouldn't fit in with any program of theirs. Now, this Board of Supervisors cannot run them at all. You don't have to give them any money, you don't have to buy them. But if that is done, if you give them any new utilities—and you can't give them any at all unless they want—when they come in to you and say that certain things should be done, certain cars repaired, and certain lines now served with cars as railways transferred into bus lines, or that we should do this or do that, this Board cannot do that. I think if you went to put in there the upset price which the City will pay for the utility, that is proper, but you cannot compel the Utilities Commission to take this utility, or these utilities, and operate them unless you comply with their recommendation as to how they should be run, because they are the ones who are going to operate these utilities.

SUPERVISOR SCHMIDT: In other words, we have to accept the figure of the Public Utilities Commission?

CITY ATTORNEY O'TOOLE: I don't think you have to accept the figure of the Public Utilities Commission, Doctor, but I don't think you could set up an entirely different scheme. I think when the Utilities Commission come in and tell you that they need \$10,000,000 or \$12,000,000, whatever it is, for rehabilitation, and they lay down a certain plan on which they think the properties can be operated at a profit to the City—

SUPERVISOR SCHMIDT: Would you pardon an interruption there. Aren't they anticipating the Traffic Commission?

CITY ATTORNEY O'TOOLE: No, Doctor, I don't think so. All they can do is to recommend, and the Board of Supervisors don't have to take the recommendation of the Traffic Commission or the Utilities Commission.

SUPERVISOR SCHMIDT: Who is going to have the final say?

CITY ATTORNEY O'TOOLE: The Board of Supervisors has the final say in all appropriations. Now, when they submit a plan to you, when the Public Utilities Commission submits a plan to you and say, "Well, we will take the property of the Market Street Railway Company," now, you can put the price at which you think they can be bought, at which you think you ought to buy. If you cannot buy them for that, you don't get them, but as to outlining a plan as to how the Public Utilities Commission should operate them, I don't think the Board of Supervisors could outline that.

SUPERVISOR SCHMIDT: Would I be in order by offering a figure that is reducing their figure of \$12,500,000 for the acquisition of the road?

CITY ATTORNEY O'TOOLE: I think the Board can fix any figure it wants to for the acquisition of the property. You may not get it, but I think the matter of determining the price lies with this Board.

SUPERVISOR SCHMIDT: That is the point.

CITY ATTORNEY O'TOOLE: You have one other thing, you don't have to give anything, but in view of a rather dual control of our utilities, one body controlling the finances and the other controlling the operation, you can hardly force on the Public Utilities Commission a utility they do not want. Suppose you can buy it for \$9,000,000, or \$10,000,000, then unless you give them money to repair and operate it, they cannot operate, and they are the ones to say how it is to be operated. Those things should be worked out before you can authorize

bonds, issue bonds. But even if bonds are authorized, and even after the approval, even after issue the money can never be spent without an appropriation by this Board. I will concede that this Board has the right to fix the upset price or top price that the City would be willing to pay for the Market Street Railroad properties, but they cannot be compelled to buy it unless their plan for operation is carried out.

SUPERVISOR SCHMIDT: I have no idea to offer here a new or novel plan—I just gave you the breakdown figure—

CITY ATTORNEY O'TOOLE: You may be right as to the value of the property; that I don't know.

SUPERVISOR SCHMIDT: Well, I feel that if the Market Street Railway Company receives \$9,180,000, which broke down, gives \$5,680,000 for their operative properties and \$3,500,000 for their debts and damage claims—

CITY ATTORNEY O'TOOLE: Leave out their debts. It is the value of the property. Let them pay the debts.

SUPERVISOR SCHMIDT: \$9,180,000, I feel, is a fair price.

CITY ATTORNEY O'TOOLE: You may be right.

SUPERVISOR SCHMIDT: I am just trying to justify that figure.

CITY ATTORNEY O'TOOLE: Admitting that you can buy those properties for that figure, that Mr. Kahn, or whoever it is, says: "I will take \$9,180,000. What is the Utilities Commission going to do with those properties unless you give them the finances to carry out their plan for operation?"

SUPERVISOR SCHMIDT: Now, just to operate them, I was trying to cover that, Mr. City Attorney, I can't see the virtue of offering to the people a \$20,000,000 bond issue to rehabilitate a system which the experts called in by the Traffic Commission later on will say are not wanted, that possibly they are not necessary and worthless, and we will be spending a lot of money uselessly.

THE PRESIDENT: Now, Doctor, so the chair may get your motion straight, please state your amendment to section 2.

SUPERVISOR RATTO: Pardon me, I was just—

THE PRESIDENT: Supervisor Ratto, I was trying to get from the Doctor his amendment to section 2.

SUPERVISOR RATTO: I was just wondering whether these amendments may not be premature, because there is a statement we are going along committed to the purchase of the railroad—

THE PRESIDENT: The chair hasn't got the Doctor's amendment before him. Doctor Schmidt, will you take Supervisor Roncovieri's resolution and amend it. Supervisor Roncovieri's resolution reads:

"That the estimated cost of such improvements as described in section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company." Now, will you kindly amend that resolution.

SUPERVISOR SCHMIDT: That the estimated cost—amend it to delete that part of it, of Supervisor Roncovieri's resolution, section 2, following the words "estimated cost" in the first line, and substituting therefor—

THE PRESIDENT: By striking out the words "of such improvements."

SUPERVISOR SCHMIDT: Yes.

THE PRESIDENT: As described in section 1 hereof.

SUPERVISOR SCHMIDT: Yes.

THE PRESIDENT: In the sum of \$24,480,000.

SUPERVISOR SCHMIDT: Yes.

THE PRESIDENT: And insert what?

SUPERVISOR SCHMIDT: Insert—that is, I have changed that section 2, and to amend that I am offering practically—I will ask the striking out of all of that section, section 2 in Roncovieri's resolution, following the word "cost" and substitute therefor the following: "of

acquisition of the operative properties of the Market Street Railway," and so forth, which I have read.

THE PRESIDENT: The chair will rule as a result of the City Attorney's opinion, that motion is out of order.

SUPERVISOR SCHMIDT: I beg your pardon?

THE PRESIDENT: As a result of the City Attorney's opinion, just stated, that amendment is out of order. In other words, you cannot dictate the policy of the Utilities Commission.

SUPERVISOR SCHMIDT: Then I would—

THE PRESIDENT: The next is section 3.

SUPERVISOR SCHMIDT: Could I amend to reduce that figure?

THE PRESIDENT: Yes, yes.

SUPERVISOR SCHMIDT: That the estimated cost of said improvements, as described in section 1 hereof, is the sum of—I changed section 1. That is, my section 1 reads differently from section 1 of Supervisor Roncovieri's resolution, Mr. President, and the thought that I wanted to get into this section here is that the sum of \$24,000,000 be reduced to—

THE PRESIDENT: \$21,160,000.

SUPERVISOR SCHMIDT: \$9,780,000, that would be.

THE PRESIDENT: No, no.

SUPERVISOR SCHMIDT: Can't be done?

THE PRESIDENT: No. Then for the acquisition \$9,180,000, that is the amount you would give the Market Street Railway and acquire their debts and everything?

CITY ATTORNEY O'TOOLE: \$9,180,000?

THE PRESIDENT: That would be in order.

CITY ATTORNEY O'TOOLE: Then you provide simply, if I am correct—the price would still remain, it would not remain at \$24,000,000.

SUPERVISOR SCHMIDT: No, I am changing the figure \$24,000,000 to read \$9,180,000.

SUPERVISOR MEAD: No.

SUPERVISOR MEYER: No.

SUPERVISOR SCHMIDT: Pardon me, in other words, I want to pay \$9,180,000 for the road.

THE PRESIDENT: Yes, that you can do.

SUPERVISOR SCHMIDT: Yes.

THE PRESIDENT: Now, what do you want to do with the figure of \$24,480,000—reduce that \$3,300,000 and make it \$21,180,000?

SUPERVISOR SCHMIDT: Oh, no.

THE PRESIDENT: No?

SUPERVISOR SCHMIDT: I will reduce that down to \$600,000.

THE PRESIDENT: That wouldn't be in order, Doctor. I think Mr. O'Toole will have to explain his language to you again; it was very clear to the chair. Give it to the doctor once more, Mr. O'Toole.

SUPERVISOR SCHMIDT: I got his language.

THE PRESIDENT: All right.

SUPERVISOR SCHMIDT: But I don't want to bring before the people a bond issue for \$24,000,000 and anticipate the work of the Traffic Commission, that is exactly what I mean, and that is what I insist upon, and as far as I am concerned I am making my stand right here. I am willing to pay \$9,180,000 for that pile of junk, all of the Market Street Railroad Company's assets and liabilities. Then I will say to them, let them have this thing, let the Utilities Commission have it, if they want it. I am not dictating to it, but I will let them have, if they ask me, \$600,000 to temporarily rehabilitate that pile of junk until such time that the traffic experts of the Traffic Commission that they call in make their recommendation, and come to us with that recommendation.

THE PRESIDENT: Out of order.

SUPERVISOR SCHMIDT: Well, that is where it stands, in order

or out of order, that is where I stand and that is what I am going to insist upon.

THE PRESIDENT: It is entirely out of order.

SUPERVISOR SCHMIDT: All right.

SUPERVISOR RONCOVIERI: I would like to say to the doctor, the very commission that you are speaking of, Doctor, the Traffic Commission to which you are referring and in whom you have confidence, apparently, should have your confidence for a sufficient sum of money to dicker with Mr. Kahn. If you give them but \$9,000,000 to dicker with, and they go down there and they find they cannot get the road for that, the very commission you have confidence in would have to come back and say "Everything is off." We must trust somebody. In the resolution that I read a little while ago, that commission, with the help of the Controller and of Mr. Cahill will arrive at a price. When we say we will need that \$12,500,000, we do not say we will give them that. That is the asking price. We should give the asking price to our agent. Our agent will be this new Traffic Commission, and Mr. Cahill, and Mr. Boyd. They will go down and dicker with Mr. Kahn, but they have got to have the money to dicker with.

SUPERVISOR SCHMIDT: May I answer that?

SUPERVISOR RONCOVIERI: Yes.

SUPERVISOR SCHMIDT: When the Spring Valley was offered to the City and County of San Francisco did the people first vote the \$40,000,000 or did they go back and ask, "What would you take for your company?"

SUPERVISOR RONCOVIERI: They first asked, "What will you take for your company?" That has already been done here. Mr. Cahill did go down and ask, "How much do you want, Mr. Kahn?" And his answer was, \$17,500,000. Then Mr. Cahill said: "Nothing doing. I would not recommend that sum to the Board of Supervisors." Then later on he cut it down to \$12,500,000, and even Mr. Cahill is not recommending \$12,500,000. He says though, that amount, and not more than that amount, should be paid. He may bring it down to \$9,000,000, as you say, but it seems to me logical that the Traffic Commission that you spoke of should have enough money to make a provosal and counter proposal. No counter proposal has yet been made to Mr. Kahn. Mr. Kahn finally said, "All right, I will take \$12,500,000. Mr. Cahill comes to us and says, "That is the best he will do, but I do not recommend it. I think we ought to get it for less. But I think, also, you ought to provide so I can dicker with him."

If I remember correctly, the assessed valuation of this property made by the Railroad Commission, or was it the—

SUPERVISOR SCHMIDT: The Railroad Commission.

SUPERVISOR RONCOVIERI: —the State Board of Equalization, was \$5,500,000. Now, that is the assessed valuation put upon this property by the State Board. We have nothing to do with that. It is well understood that they assess at 50 per cent of the actual cash value.

SUPERVISOR SCHMIDT: What is the breakdown of just what that property is? Is it junk cars and rolled rails?

SUPERVISOR RONCOVIERI: I only know that \$5,500,000 is the assessed valuation of the Market Street road. I know that they are paying taxes to the State and the City on \$5,500,000. I know that that represents one-half of its actual value in the opinion of the experts in Sacramento. Now, then, if you want a piece of proverty, and it is assessed at \$5,000, you would not think of selling it for \$5,000, and if you offered a man \$5,000 for it, he would laugh at you, and would say, "That property is worth at least twice the assessed valuation." I am not asking to give the company more. I am with you if you can get it for \$9,000,000 or for \$8,000,000, I am with you, but I also do not want to tie the hands of my agent. My agent is going to be, if my resolution goes through, the new commission. Well, I do not want to tie its hands. If he comes back and says, "I cannot get

it for \$9,000,000," we will be nowhere. By allowing him a larger sum within reason, say, twice the assessed valuation, you give the agent an opportunity to bargain, and to say, "I will give you so much." Now, a group of men to be appointed on this commission, and aided by Mr. Cahill and Mr. Boyd, will be a splendid committee to go down and talk it over with Mr. Kahn, but you must start out by giving it enough money to bargain. We will say to the people, "All right, we believe it is possible we may have to pay \$12,000,000. Mr. Kahn has asked that amount. But our committee is going to bargain and bring him down to the last dollar. They may get it for \$9,000,000."

SUPERVISOR SCHMIDT: I am sure the railroad will feel, "\$12,000,000 was allocated. Why should not we get it?"

SUPERVISOR RONCOVIERI: Don't you think it should be about \$11,000,000? \$5,500,000 is the assessment. It is worth, in the eyes of the State, \$11,000,000 or they would not be paying taxes on that amount. It seems to me we must give them enough—

THE PRESIDENT: Mr. Roncovieri there is no use in discussing that point. Let the chair make that clear. There is only one figure can be reduced, and that is the figure of \$12,500,000. The Public Utilities Commission has asked for the difference between \$12,500,000 and the \$24,000,000 for purchase of cars, consolidation of shops, and so forth. If you want to reduce the figure of \$12,500,000, you can do it. You can reduce the figure of \$24,480,000 by whatever amount you reduce the \$12,500,000. Other than that our hands are tied.

SUPERVISOR RONCOVIERI: What I am trying to say to Doctor Schmidt, that he makes it impossible to purchase the road and to bargain properly if he reduces it too low. I have faith in that new commission. I voted for it here tonight. At one time I did not think much of it because they wanted to spend \$75,000 a year. However, I have changed my mind on that. I do not know who they are going to be. I suppose that some of the gentlemen who appeared here will be appointed, but I feel that those men should have enough money in their pockets. If you send a man down to buy something, you have to give him enough money to buy it. You can say to him: "Get it as cheaply as you can, but for heaven's sake, don't waste any money." If your agent goes out and buys a house for you, or buys a horse, or anything, give him enough money to do it with.

SUPERVISOR BROWN: Mr. President?

THE PRESIDENT: Mr. Brown.

SUPERVISOR BROWN: I asked the City Attorney informally, and I think it would be a good idea to have it in the record, if it is not a fact that the Board of Supervisors would again have this matter before them, once the price had been determined by negotiations by the proper City authorities and the Market Street Railway. The City Attorney pointed out to me the Board of Supervisors would have it before them again, because it would be necessary for the Board of Supervisors to appropriate the money to make the purchase, and therefore, when the appropriation ordinance is being considered, we will have a chance to say whether the price agreed upon was according to our liking. So it seems to me it would be a mistake to make any alteration of the set-up that has been placed before us because it is a flexible set-up, and it does not bind the City to any given price nor does it bind the Board of Supervisors to go along with any price which has been determined.

SUPERVISOR SCHMIDT: I might say, by permission of the chair, as I look at it, our primary problem is to get rid of the Market Street Railway, to give us a universal transfer system, and to give us a five cent fare, and that is what we are looking for. Now, if we are going to offer the people of San Francisco this matter of \$12,000,000, plus these immense amounts of money for rehabilitation, I fear that it will never pass, and that it is due for defeat, and then you have not got the Market Street Railway. I am not trying to do anything except get that Market Street Railway out of the picture and acquire it, and

then when you have got that, take the next step at the recommendation of the Traffic Commission. That is my position. So I say as long as our primary problem is to get rid of the Market Street Railway, which is now in the way and will be in the way of the Traffic Commission and prevents that Commission from solving our traffic problem,—they will take \$9,500,000, I think,—if we give the people much more than that, they may not vote for it, and you still will be in the same fix you are now. I am willing to put it before the people, as far as the purchase of the Market Street Railway is concerned. I want to do that.

THE PRESIDENT: We cannot do it, Doctor, according to the statement of Mr. O'Toole.

SUPERVISOR SCHMIDT: That is because the—

THE PRESIDENT: The Public Utilities Commission have recommended these other figures. We must take their recommendation or no.

SUPERVISOR McSHEEHY: Mr. Chairman?

THE PRESIDENT: Mr. McSheehy.

SUPERVISOR McSHEEHY: Mr. Chairman, and members of the Board: We met last Friday, and we postponed this entire matter until tonight, special order of business at 8:30. We did it to accommodate one of our supervisors who was away with his family in the country. We met this afternoon and transacted our business in about one-half hour; we adjourned a little before 3 o'clock. We are here tonight with one purpose, and that purpose is to create a bond issue for the Market Street Railway Company's properties. We have before us a duty. The Mayor very carefully prepared a written statement here tonight that he read to the members of this Board, that was well thought out. Now, we are meeting here for but one purpose tonight, and that purpose is to pass this bond issue. The law is very clear. It calls for a two-thirds majority. Certain members of this Board have stated publicly on this Board that they are not in favor of the resolution as presented by Supervisor Roncoveiri. The question is: Are eight members of this Board in favor of that resolution. I do not know until the vote is counted, but I do know how I feel as one member of this Board. I do know that I have a duty to perform. My duty is very clear; my duty calls for me to submit to the people of San Francisco a sum of money for the purchase of this railroad that I conscientiously believe it is worth. I submitted to this Board an amendment. I very carefully went to the Railroad Commission and got their figures. A great deal has been said about those figures being founded on a 50 per cent valuation. Whoever makes that statement is absolutely wrong. The Railroad Commission is not the assessor of San Francisco, and the assessor of San Francisco does not make his figures on any particular 50 per cent valuation. The Board of Equalization does not compile its figures on any 50 per cent valuation, so don't condone yourself with the idea that the amount suggested on the assessment is about 50 per cent of the value of the properties as outlined by the Board of Equalization. I carefully read to you—I know there is a lot of citizens present here tonight. I have been on this Board a great many years and have seen these chambers packed time in and time out. I very carefully read to you an amendment, and I am going to read it again. I want the Mayor of this City and County to hear that, and I want the citizens present to hear it, because I want you to know that this amendment I am going to read is one that has been very carefully compiled, one that I personally gave a lot of time to, and I was assisted by others in preparing this amendment. It is not very long.

SUPERVISOR BROWN: Mr. Chairman, I will rise to a point of order. The amendment has been read once and is submitted to the Board. It seems to me a re-reading at this time will be superfluous. I will ask the chair to rule whether or not the re-reading at this time is in order.

SUPERVISOR McSHEEHY: I am offering this amendment not in

the form of an amendment, but I am offering it to show my reasons I am not in accord with the resolution offered by Supervisor Roncovieri. I am not offering it as an amendment.

THE PRESIDENT: You are offering it, as I understand, in explanation of what you are going to say?

SUPERVISOR MCSHEEHY: Yes, sir.

THE PRESIDENT: I rule it is in order.

SUPERVISOR MCSHEEHY: You have before you here this afternoon a recommendation from the Utilities Commission requesting a bond issue of \$24,480,000 set up in 12 items on page 3 of Mr. Cahill's report. I feel, as one member of this Board, that a great mistake will be made in requesting a bond issue of this amount, and that the same will not be voted on favorably by two-thirds of the voters of San Francisco. And, by the way, these are obligation bonds and not revenue bonds. I, therefore, offer to you a bond issue of \$5,574,050 for the purchase of the properties of the Market Street Railway Company—I want to keep entirely within your ruling, Mr. President. The suggestion that I made in this matter that these properties are worth \$5,574,050, and that we can purchase, for the sum of \$9,245,950, 720 motor buses, improved buses. I believe members of this Board and your Honor, the Mayor, and I have just as much right to my opinion as Mr. Cahill has—one has not to qualify as an engineer in a statement here on a matter of this kind, but simply means nothing but ordinary common sense and judgment, and I think I am possessed a little bit of both; the people of San Francisco have thought that several times. \$9,245,950 will purchase 720 motor buses, and the thought that I had is to take up every foot of the Market Street Railroad Company's properties that traverse the City and County of San Francisco and substitute for those properties buses, and those buses be run by two men and on a five cent fare. The present Municipal Railroad to remain as is, and they to continue just as they are continuing here today. It is a simple plan, and requires a total bond issue of \$15,000,000, and not \$24,500,000. Now, this is the portion I would like to have his Honor, the Mayor, and those that were not here the other day to give some thought to. The Board of Equalization, and I take these figures from their books, have placed the following—now, I know there is a great many railroad men here in this body tonight, a great many that are familiar with all of the properties of the Market Street Railway Company. These estimates were taken from the books of the Railroad Commission:

The Mission street car house they placed a value of \$45,250; the Third street car house, \$11,100; McAllister street car house, \$6,420; Eighth street car house, \$6,850; Utah street car house, \$37,150; Turk street car house, \$20,050; Thirty-second avenue car house, \$10,250; Castro street power and car house, \$9,000; Geneva shop, \$30,800; Oak street car house, \$28,930; Washington street car and power house, \$56,380; Geneva car house, \$33,550; miscellaneous street buildings, \$8,920; Twenty-eighth street car house, \$21,500; group miscellaneous buildings, \$34,000. This is buildings only, not the land values in that particular location.

Shop and equipment they place a value of \$100,000; Eighth avenue substation, they place a value on the equipment there of \$7,940; Turk and Fillmore substation, \$14,700; Bryant street substation, \$31,590; Geneva avenue substation, \$5,460; Stevenson street substation, \$23,680; San Bruno avenue substation, \$6,680; miscellaneous substation, \$1,310; Castro street power plant, \$12,420; Mason and Washington plant, \$25,600; Eighth avenue substation, \$30,250; Geneva avenue substation, \$5,580; Bryant street substation, \$21,430; Turk and Fillmore substation, \$13,440; Stevenson street substation, \$54,000; San Bruno substation, \$11,200.

Now, I want this figure particularly, and I address myself again to his Honor, the Mayor, and to you ladies and gentlemen present

here, the next item represents the electric track and trolley of the system, and they have got the huge sum of \$1,699,520. That is practically \$1,700,000. Now, I have seen them taking tracks up on a number of streets; I have seen them take tracks up in the section where I live on Ashbury and cars placed there on a trackless trolley, and they just barely cover the tracks over with asphalt, and the same thing in other places, showing there is absolutely no value whatsoever, and yet the Commission generously allows them \$1,700,000. Now, cable track is \$113,040; other track, electric, \$22,290; other track, cable, \$840. There is a total there of \$2,561,120.

Personal property: Furniture, \$33,000; miscellaneous power plant equipment, \$630; miscellaneous sub-station equipment, \$1,550; material and supplies, \$174,000; trolley and poles, \$258,150; trolley, power house, \$2,230; cable in tracks, \$11,380; overhead trolley for trolley coach, \$8,320; rolling stock, electric, \$1,416,710; rolling stock, cable, \$25,310; trolley coaches, \$46,400. The land is valued at \$851,240, and that does not represent the non-operating land; it is not in this estimate of \$12,500,000 Mr. Cahill is so generously asking we bond our City for. He has made a statement that cost around 5- or \$600,000. So we find here a value of \$5,395,470. I dare Mr. Cahill or any engineer to prove that these figures are erroneous. I believe there is a nuisance value there, and the sooner we purchase the properties of this company, the sooner we will give transportation to our City. Now, members of the Board, the problem is ours, and it is one that has been well thought out. I want to read to you the very latest on it from the Daily News, on the value of Market Street Railway shares:

"Editor: In the News of August 11 it was reported that Mr. Kahn of the Market Street Railway had first offered the system to the City for 17 million dollars, later reducing this asking price to \$12,500,000.

Further, it was reported that Mr. McSheehy demanded to know if that was a correct valuation. His demand is the concern of every would-be buyer.

One of the many economic benefits of a highly organized market, such as the Stock Exchange, is that it permits prices to be established which reflect the collective judgment of buyers and sellers from all over the country as to a company's value or prospects. These prices, being readily available every day in the newspapers, are no secret.

Such information as of February, 1937—correct to the best of my knowledge—shows that the capitalization of the Market Street Railway, incorporated in 1893 as a consolidation, consists of a funded debt of \$5,857,000 and 116,185 shares of prior preferred stock, 49,868 shares of preferred stock, 46,737 shares of second preferred stock, and, finally, 106,474 shares of common stock. Through stock ownership the company is controlled by the Standard Gas & Electric Corporation of Chicago, in receivership since 1935 (as of June, 1937).

The price of the prior preferred stock closed August 11, 1938, on the New York Stock Exchange at \$11.50 per share. There is no market, evidently, for the preferred and second preferred. A recent price on the common stock was 75 cents per share.

In the absence of any quotations for the preferred and second preferred, let us—for goodwill, if for no other reason—give a valuation of \$10 per share, although no dividends have ever been paid.

On the basis of the above, therefore, the present market valuation of this company is indicated to be around \$2,382,033.75. — Russell Leake."

This gentleman wrote that letter to the editor of the Daily News, and they thought enough of it to publish it. They generally publish letters they feel have merit.

THE PRESIDENT: I thought that was an editorial.

SUPERVISOR MCSHEEHY: No, sir, it is not an editorial.

SUPERVISOR RATTO: Oh, that is different.

SUPERVISOR MCSHEEHY: May I say to the members of this Board that we are here to vote yes or no on this proposed bond

issue. I have before me here a letter from the Chamber of Commerce. I understand the Chamber of Commerce has been telephoned in the last two days in reference to their action. I, quite often, do not agree with the Chamber of Commerce, but I can assure you that I am agreeing entirely with them in reference to this matter. Now, members of the Board, I hope——

THE PRESIDENT: Mr. McSheehy, you have been going for 20 minutes. 10 minutes is the limit. What is the pleasure of the Board?

SUPERVISOR UHL: I would say to extend his time.

THE PRESIDENT: Any objection to extending the time? Proceed, Mr. McSheehy.

SUPERVISOR MCSHEEHY: Thank you, gentlemen. All I have done is read reports to you.

THE PRESIDENT: You have been going on 20 minutes already. I gave you that leeway. It didn't accomplish a thing. It is not really germane, but it is part of your argument, and for that reason, for one thing, I let you go. You are addressing your remarks to the members of the Board who are to vote on it, and I think it would be better if you would confine your remarks to members of the Board rather than to the citizens present.

SUPERVISOR MCSHEEHY: Mr. President, I am particularly confining my remarks to the chief of the City and County of San Francisco, the Mayor.

THE PRESIDENT: But you are turning your head the other way. (Applause.)

THE PRESIDENT: Applause is not permitted in these chambers, ladies and gentlemen.

SUPERVISOR MCSHEEHY: This is written on the Chamber of Commerce letterhead, August 12th——

THE PRESIDENT: That has been read, Mr. McSheehy.

SUPERVISOR MCSHEEHY: The Mayor has not heard this letter read.

THE PRESIDENT: The chair will not permit re-reading of that letter to the members of the Board. The Mayor has no vote.

SUPERVISOR MCSHEEHY: I bow to the supremacy of the chair. May I say, and I say this seriously as a member of this Board, every man is responsible for his own acts here. From time to time we give an account of our stewardship. We all like our work; we all go to the people. Most of us have been very fortunate. Last election the people did something they had not done in San Francisco for 40 years; they re-elected every member of the Board. We all go right to our citizens. I personally feel, speaking for myself entirely, that this problem before us now does not warrant a bond issue of \$12,500,000. I would no more think of asking the people of this City to vote for that bond issue than I would think of doing something that I should not do. I simply cannot do it. There is not a member of this Board that really justifies himself in voting for this issue. Some try to fortify themselves with the thought that the amount prescribed by the Board of Equalization is based on a 50 per cent basis, which is entirely erroneous and wrong. You have the problem before you. I have read to you a statement showing the exact value of the property. Mr. Cahill stated only the other day that he would not have the properties for a gift, and yet he has the timidity to offer, and ask us to offer them to the people for \$12,500,000. So I hope and trust that you will not foster this matter on the people in San Francisco. We want transportation, and we want it bad, but the people will not be sandbagged into paying this price for the property. I am trying to go along with other members of this Board and submit something I feel that the properties are worth at a nuisance value. We know they have no rolling stock, everything they have, almost, has no real value, and even the good, careful Mr. Cahill, Manager of the Utilities Commission, has taken good care to take out of the operating properties

a number of parcels that are really worth something. Yet you are asking us to pass judgment on this tonight. I trust and I hope the majority members of this Board will not attempt to foster this outrageous price on the voters of San Francisco. A great deal was said about "Let the people pass judgment." Everything we do is checked and balanced. Now, we are checking Mr. Cahill's figures. We have given thought and study to them. Why should we go out and tell the people that we think these properties are worth this amount of money? It is a crime to have the people vote on it. It is not fair; it is not just. We know in our hearts, some of us do, that the properties are not worth that amount that the resolution is calling for. Then, coming back again, we are asked to agree to continue the old street cars in our City. We know they are obsolete. We know that street cars and electric cars have got to give way to a motor-driven apparatus through our City, just as the old horse car gave way to the cable car, and then the electric car. Progress will go on. Do not try to handicap the entire matter by fostering a matter of this kind on the people. The people won't vote for it, so why ask them to, if you conscientiously feel that you should not ask them to, and I, as one member of the Board, conscientiously feel I would be derelict to my City and my family, and everyone, if I asked them to vote this huge sum of money for properties that are not worth one-half that.

SUPERVISOR SCHMIDT: I would like to ask Mr. Cahill a few questions—

SUPERVISOR MCSHEEHY: I would like to have my remarks made part of the record as my reasons for voting No.

THE PRESIDENT: So ordered.

SUPERVISOR SCHMIDT: Mr. Cahill, the report that you gave us, which was originally \$39,000,000's—pardon me a second. I will get it. Even in the \$12,000,000 that you proposed to use in the rehabilitation of the Market Street Railway, are you not anticipating the work of the Traffic Commission?

MR. CAHILL: I do not think so, Doctor. This thing, as you well said, is a wreck. Now, it is a curious thing that you admit it is a wreck, but you do not want to give me more than \$600,000 to fix this wreck. It cannot be done for that price. This wreck is worse than an old Model T Ford. When you offer \$600,000, you do not offer me enough money to buy the materials and supplies to run that aggregation of wrecks. It is like offering me a broken down Model T Ford, and then saying, after I have this broken down wreck, "I won't give you any money for gas and oil and tires." This work has got to be done if we are to take this wreck. You well said it was not worth twelve million and a half. I say so. Everyone admits it. How much less than twelve and one-half millions you can get it for, no one knows, and the fact that a figure of twelve and one-half millions was placed on it does not mean, in the final analysis, this Board of Supervisors is going to authorize any such purchase price. If this is voted it gives this Traffic Commission some money wherewith to go to Mr. Kahn and ask him how much he will really take for the road. This thing here does not mean we are going to pay any \$12,500,000 for it, but it does mean this, that if we take this wreck, and I admit it is a wreck, the curious thing is you are not willing to give me any money wherewith to fix it, even though you admit beforehand it is a wreck. This does not anticipate the Traffic Commission; this work has to be done by the Public Utilities Commission, and the rehabilitation of that road must be done by someone as soon as possible. The private company can not do it.

SUPERVISOR SCHMIDT: Do I also understand you to say, Mr. Cahill, that you were going to use a goodly portion of this \$12,000,000 that is for rehabilitation, you are going to use that to rehabilitate the line? Do you mean that?

MR. CAHILL: Yes.

SUPERVISOR SCHMIDT: Aren't you going to take the recom-

mentation of the experts? They are going to call in traffic engineers and so on, but you are going to disregard any recommendations that are made by them?

MR. CAHILL: Certainly not.

SUPERVISOR SCHMIDT: This will give you permission to go right ahead and use this money in the rehabilitation of the road, and if some of these experts that may be called on later on by the Traffic Commission would say, "We don't want this part of the line or that part of the line, and you are spending money there that would probably be wasted,"—

MR. CAHILL: Doctor, in the final analysis, while I have set up approximately \$12,000,000 for the rehabilitation of this wreck, every dollar of that has to be appropriated by your Board before I can spend it.

SUPERVISOR SCHMIDT: May I ask you another question? It has been reported in the press that competent engineers for the Market Street Railway would be delighted to spend as much as \$3,780,000 for rehabilitation of the system, and would then regard it as giving fairly good satisfaction. What would you say in regard to that statement?

MR. CAHILL: I would say that was nonsense. In other words, Doctor, our engineers, who are running probably the most successful street railway in the United States, have used 13 months of time and a great deal of effort, and examined meticulously everyone of the vehicles they own and know the operating condition of all this wreck, we know we cannot rehabilitate this thing for less money than I have shown there, and the matter of three and one-half million dollars is just as futile as the sum of \$600,000 would be.

SUPERVISOR SCHMIDT: In other words, \$4,000,000 would not help you?

MR. CAHILL: No, it would not.

SUPERVISOR SCHMIDT: Mr. Cahill, are you of the opinion—I would like to ask you this question—if you placed this bond issue of \$24,000,000, and that is what you are placing, before the people, do you think that they will pass that?

MR. CAHILL: Doctor, I have not the remotest idea about that. I have given you a recommendation of a bond issue of \$24,000,000 solely for the purpose, if you will read my whole recommendation, solely for the purpose of letting the people decide whether or not they want to buy this nuisance, get rid of it, have the five-cent fare, universal transfers, and abolish the one-man car.

SUPERVISOR SCHMIDT: Personally, my opinion is I do not believe that the people of San Francisco will vote the \$24,000,000.

MR. CAHILL: That is beside the point, Doctor. It is what it costs. If the people won't vote it, they have had their chance to vote it down, and we will be guided by their decision. But the only thing I can say is this: Give them a chance to decide.

SUPERVISOR SCHMIDT: I am sure it should not require—I am not an engineer, and I do not propose to dictate to you as regards that at all, but nevertheless, I feel that a reasonable sum—if a reasonable sum would be accepted by your Commission, that you can put it in fair operating condition until such time that you have an additional recommendation of the traffic experts brought in by the Traffic Commission, and then you will not endanger this entire set-up by the people voting the entire thing down and losing the opportunity of acquiring the Market Street Railway, which is one of the big stumbling blocks in the solution of this problem. I would like to see an amount less offered to the people; an amount that will stand a chance of passing. If you offer them \$24,000,000, it is my opinion it will never pass. I would not blame the people, in a way. It is a big pill for them to swallow in addition to others. I do not want to see the Board lose the chance of getting hold of the Market Street Railway at a figure that, in my opinion, should be under \$10,000,000.

MR. CAHILL: In answering that, all I can say is this: The Public Utilities Commission and I are responsible for the operation of this wreck. Now, it is out of the question for us to recommend any sum which, in our opinion, would be insufficient to run the thing in a half-way decent way, and give half-way decent service. I have cut this thing down to the minimum, and did it at the request of this Board of Supervisors. That is what caused me to come in with the second report. I can not go any lower than that. I am sorry, but you will not have any recommendation from me for any lower amount because, being responsible, I have got to run it right or not run it at all.

SUPERVISOR UHL: Mr. Chairman, may I make a statement?

THE PRESIDENT: Mr. Uhl.

SUPERVISOR UHL: I just want to make this statement: I am heartily in favor of this Transit Commission which you gentlemen voted tonight to place on the ballot. I want to say to you that I have not—I want to repeat, rather, that I have not placed any valuation on the Market Street Railway Company, nor am I in a position to place any. I agree with everything that has been said here tonight that it practically has no value. There is, however, a nuisance value, and we also must remember this fact, that the Market Street Railway Company, through the generosity of the voters of San Francisco, was granted a franchise for twenty-five years for nothing, and they still have about seventeen years to go. I do not think any member of this Board wants to hold up this traffic problem for seventeen years. But what I want to say is this, and I am saying this, God willing, I hope to be here tomorrow and for the next few months, and I want to say to you that if the people of San Francisco see fit to elect this Commission, which I hope they will, that in so far as I am concerned I will not agree to any price for the Market Street Railway Company until this Commission makes a recommendation.

THE PRESIDENT: The question is on the resolution.

SUPERVISOR REILLY: Mr. Chairman?

THE PRESIDENT: Mr. Reilly.

SUPERVISOR REILLY: I would like to ask a question. Would you support a \$20,000,000 bond issue?

SUPERVISOR SCHMIDT: I do not know.

SUPERVISOR REILLY: If it is a fair question.

SUPERVISOR SCHMIDT: I think it is a fair question. I feel that it should be considerably less than that, considerably less than that. I feel that if we offer—I will just give you briefly the way I feel at this present moment, that if we would give the Market Street Railway \$9,180,000 for their entire set-up, that is, debts and liabilities, and physical properties, and then if the Utilities Commission would ask us for \$4,000,000, then I think they are offering something that the people would give kindly consideration to.

THE PRESIDENT: Might the Chair ask you how you would use that \$4,000,000? Mr. Cahill has \$5,000,000 to reconstruct track and extensions, \$3,000,000 to replace 150 cars at \$20,000 each, \$1,512,000 to purchase 108 trolley coaches at \$14,000 each, repair car and coach storage, \$90,000; consolidate shops, \$25,000; overhead wire for trolley bus operation, \$523,000; new connecting tracks and special work, \$150,000; purchase of automotive coaches, \$228,000; contingencies, \$272,000; materials, supplies and equipment, \$578,000; overhaul cars, \$600,000, which makes a total of \$12,000,000. How would you use that \$4,000,000?

SUPERVISOR SCHMIDT: I feel Mr. Cahill is going much further than he should at this time, on account of the Traffic Commission. For instance, in his original estimate he wants to replace cars, 450 of them, more cars, I believe, than the Market Street Railway has at the present time. Am I correct when I say that?

MR. CAHILL: I just told you we had meticulously examined over 400 vehicles. You are reading from the wrong report. The last report

calls for 150 cars, and repair the old ones to the tune of about \$600,000, and try to run along with them for a while.

**SUPERVISOR SCHMIDT:** I believe if Mr. Cahill is given \$4,000,000 to start with, if the people will give him that, in other words, if we offer the people a bond issue of, we will say, \$14,000,000, and then the price that the railroad would come to us—I cannot see any more than \$9,180,000 being paid for it—well and good.

**THE PRESIDENT:** We can not do it, Doctor.

**SUPERVISOR SCHMIDT:** If they don't want to recommend that, I can not see where—

**THE PRESIDENT:** Call the roll.

**SUPERVISOR RONCOVIERI:** Mr. President?

**THE PRESIDENT:** Mr. Roncovieri.

**SUPERVISOR RONCOVIERI:** Just a word. After all, the responsibility for rehabilitating and conducting the road rests, according to the Charter, legally in the hands of the Public Utilities Commission. We have nothing whatever to do with it. The Charter makers, of which we have our honorable friend here, Mr. Uhl, created that situation. We are out of the picture. We have nothing whatever to say. Now, as a member of this Board, I feel it my duty to accept the recommendation that is made by Mr. Cahill and the Utilities Commission. The amount of \$12,500,000 is the limit on the amount that will be paid, it will be less than that, and we will depend upon that commission that is about to be appointed, and in the event it is not appointed, that is, in the event it is not voted by the people, I provide for the Mayor appointing a committee of five outstanding citizens to bargain for a less sum than \$12,500,000.

I cannot understand, in view of the limitations that surround us, inability to force any price, any amount on the Public Utilities Commission, due largely to lack of knowledge—we are not engineers, and I don't think it is our province. If the people are not permitted to decide the matter—after all, in major matters of this kind the intelligence of the people may be relied upon, and if they think it is too much or if they think there is anything wrong, they will vote no, but I firmly believe that the 100,000 daily riders on the Market Street line, each of whom pays two cents more than he ought to pay, both ways, going downtown and coming back home, making four cents a day, makes, if you use 25 days a month, at least \$1 a month, and makes \$12 a year to one individual. I believe that individual will vote in favor of that bond issue. He will figure that \$12 a year may mean more milk for the babies at home. These things are important to the individual, so important that he will vote for this issue.

You will have this present condition for the next 17 or 18 years due, as the Mayor has said, to the generosity of the people in making a gift to that company of a franchise for 25 years. Seventeen or 18 more years to run. Does any sound man want this condition to continue and get so bad that the company may have to discontinue service in the outlying districts? And the people of those districts will storm this City Hall some day and do something about it. The people are aroused at the present moment. They want a five-cent fare, as stated in the Daily News one day in an editorial, that the City purchase of the Market Street Railway Company is the only way to restore the five-cent fare and give the rehabilitation and progress that will eventually give us an up-to-date unified service. The News is for that on that basis. That's why I am for it. I want to see the five-cent fare come back to two-thirds of our riders; I want to see the universal transfer. To vote no tonight is to deny, is to deprive two out of every three riders of the five-cent fare.

I pointed out the other day that 200,000,000 fares are collected, according to Mr. Randall Ellis, 200,000,000 fares are collected in one year by that company. Two cents difference, two cents more that they have to pay equals \$4,000,000. Just think of the money that the

people have to pay, \$4,000,000 more than they would pay if the City ran those cars on a five-cent fare——

SUPERVISOR SCHMIDT: Mr. Roncovieri——

SUPERVISOR RONCOVIERI: I wish you wouldn't interrupt me.

SUPERVISOR SCHMIDT: I am perfectly willing to submit to the people a figure of \$9,180,000, or thereabouts, say, \$9,200,000 for the purchase of the line. I am in favor of it.

SUPERVISOR RONCOVIERI: Yes, sir.

SUPERVISOR SCHMIDT: It will do away with the seven-cent fare, give us the universal transfer, and get rid of a big stumbling block.

SUPERVISOR RONCOVIERI: Yes, sir.

SUPERVISOR SCHMIDT: I am in favor of that, and perfectly willing to do that. I don't want to see that defeated, I don't want to see that defeated. I want to get rid of that stumbling block, and what we are doing if we add \$12,000,000 to that will be to surely defeat that part of the proposition we are anxious to achieve, the getting rid of the Market Street Railroad. I feel, as I said before, Supervisor Roncovieri, what we should do is place before the people \$9,200,000 for the acquiring of the Market Street road. Let them negotiate on that basis. And add, we will say, around \$4,000,000 for the beginning or doing necessary rehabilitation.

THE PRESIDENT: Doctor, I thought you were rising to ask a question.

SUPERVISOR SCHMIDT: That's the way I feel.

SUPERVISOR RONCOVIERI: My answer to that is this: If you fix the \$9,000,000 price, you are tying the hands of the new Traffic Commission. They will say, "Why, we only have \$9,000,000 to buy a piece of property that we think is worth more." I don't know. I hope they will be able to get it for less——

SUPERVISOR SCHMIDT: Mr. Roncovieri——

THE PRESIDENT: Wait until Supervisor Roncovieri has finished, Doctor.

SUPERVISOR RONCOVIERI: I hope they can buy it for less. At least, when a man asks you \$12 for a suit of clothes, you ought to have the \$12 in your clothes, and then you can try to get it for \$9, if you want. Now, they want \$12,000,000. We don't approve \$12,000,000—I do not, and Mr. Cahill has repeatedly said he does not.

SUPERVISOR SCHMIDT: Exactly.

SUPERVISOR RONCOVIERI: No counter offer has been made. We intend—at least I think that the Traffic Commission will act as our agent and that they will go to the Railroad Company and say, "We offer you so much," according to how much they think, and if we have faith in them, and we have to have faith in someone——

THE PRESIDENT: Supervisor Roncovieri, his Honor the Mayor would like to be excused at this time.

MAYOR ROSSI: Yes, I should like to be excused, if there is no objection on the part of the Board, and incidentally I would like to ask a small favor; that is, that my remarks be made a part of the record.

THE PRESIDENT: If there is no objection, such will be the order. (Gavel.)

MAYOR ROSSI: Thank you, gentlemen.

THE PRESIDENT: Proceed, Supervisor Roncovieri.

SUPERVISOR RONCOVIERI: Now, if the Traffic Commission, when and if it is appointed, should come back to us and say, "We want to give \$12,500,000, that is the right price," and you still think that it should be \$9,000,000, you will then vote no, and I will vote with you if I think the Commission are wrong, because we will put the Commission on the witness stand and make them explain how they arrive at the \$12,500,000. No one has studied how much to offer as a counter offer, nobody. Mr. Cahill has not, and he tells you offhand, "I don't think it is worth that." Now, what it is worth, I don't know, but we do know Mr. Kahn has asked \$12,500,000; at least he will not raise

that figure. Now, we are perfectly willing, and we are not asking for \$12,500,000, and when the price is brought to us by the new Commission, then vote yes or vote no, we have power over them, we can refuse to vote \$9,000,000, or it might be \$11,500,000.

As said a minute ago, if the assessment is \$5,500,000, then it is reasonable to suppose that is on a 50 per cent basis. I don't know, but we know our own property, anybody knows that they wouldn't sell it for what it is assessed for.

I hope no one will deprive the people of the relief that they are entitled to. A question, a point that has not been touched at all, is this: Mr. Cahill states clearly in his report that he anticipates and believes \$5,500,000 will be allowed by the Federal Government. Now, that is clean, new money, \$5,500,000. That money is given for the purpose of putting our unfortunate unemployed to work. Thousands of men will be put to work tearing up the street and placing down rails, repaving and what-not. Those men who need employment. We, some few years ago, borrowed—issued a bond issue of some \$6,000,000 and borrowed that money for no other purpose than to give relief to those who needed it. Now, this is relief that will help the unemployed man, it has every advantage, and I believe the people, not only those on relief but those who are travelers on that line, I believe every person who pays a dollar a month more on the Market Street line will vote favorably on this bond issue. And we don't have to give Mr. Cahill the money he will ask in the future, we still hold the purse strings. But the amount will be there, the \$24,000,000 wherewith to buy and rehabilitate the road. Now, don't deprive the people of this five-cent fare, the universal transfer and all of the advantages that will come from a 100 per cent new road, new tracks, new cars, 150 of them of the latest type, trolley coaches, trolley buses, all the latest, don't deprive the people of that; I wouldn't.

**SUPERVISOR REILLY:** I would like to ask the Doctor a question. If I am right—I missed part of the meeting—but I heard a remark, I believe that you made, that you were rather fearful that the people might not view with acceptance the proposed bond issue that is now before us. You asked the question of Mr. Cahill: Did he think, in his judgment, would the people vote for the bond issue now proposed. Nobody, in my opinion, of course, can pre-determine what the people will do, but we can present an issue to them, and it is natural that we should do that, that is my feeling in the matter. Then, of course, we must abide by their wishes in the matter. Now, the thought that I am trying to convey to the Doctor is this: If this proposed issue is presented, and if the people should turn down this issue and say they don't want it, then you are not prevented from presenting another plan with another figure to be presented again. And then if that is accepted and agreed to by the people we can immediately go to work, and, with the co-operation of the Board, and the Utilities Commission, and the Manager of Utilities, and present to the people again a bond issue in some form which might meet with your approval. This matter is before us to present to the people this bond issue to see what their decision is in the matter. You will have the right—still have the right, if they are opposed to it, to present some new plan, which I think this Board would be glad to present to the people again.

And I would address my remarks to Supervisor Uhl, who has very definite ideas on the transportation problems. I think Supervisor Uhl should give some thought to the presentation of this to the people and if it is turned down, reserving the right to oppose it at the election, and later, if it is defeated, come in with some new plans and present some new plans to this Board, if the Commission is agreeable to that Commission, and then possibly this Board would present your own plan as a Charter amendment at a subsequent election. In that way we are giving the people the right to decide the issue before us now,

and then we are not denying them the right, if they defeat this issue at the present election, we are not denying them the right to represent some other plan. I believe you should consider that idea, Supervisor Uhl.

Now, Honorable Mayor Rossi has stated he would place great confidence in this Commission, if created, and that he would naturally sit down with them and discuss the entire phases of this transportation problem, and that he would not recommend anything that was not favored by that Commission. The Mayor left a very definite impression in my mind, and I think in the minds of other members of the Board, as I say, on that particular matter. As I see the matter, Doctor Schmidt, and you, Supervisor Uhl, who have taken the opposite view, let us present this issue, and if it should be defeated, if they should deny it, you can come in with another issue and give the people another chance to decide what they want in solving this transportation problem.

SUPERVISOR SCHMIDT: May I—

THE PRESIDENT: Does any other member of the Board desire to speak on this question before Supervisor Schmidt takes the floor again?

SUPERVISOR RONCOVIERI: May I?

THE PRESIDENT: Does any other member of the Board wish to speak before Supervisor Roncovieri talks again?

SUPERVISOR SCHMIDT: I merely wanted to ask a question.

THE PRESIDENT: Proceed.

SUPERVISOR SCHMIDT: Is it legally possible to divide this into two parts, that is, this resolution? One, the buying of the Market Street Railroad, and put that proposition up to the people at a figure not to exceed, I would say at the most—in all common sense we have to put some figure—say \$10,000,000—and then another amount for rehabilitation. I should like to ask that question.

THE PRESIDENT: You will have to ask City Attorney O'Toole.

SUPERVISOR SCHMIDT: I don't want to be—

CITY ATTORNEY O'TOOLE: Doctor, I think you would be doing a great accommodation to the Market Street Railroad, because whatever influence they would have would go behind the bond issue for the purchase of the property, whatever the amount. You might have the possibility of having the properties on your hands without any money to rehabilitate them. I suppose you could submit two bond issues, if you want, but it would appear to me to be entirely impracticable, because you would have the properties Mr. Cahill has described to you, and you might not even have your own suggested \$600,000 to rehabilitate them with, so that would be an objection. I think possibly this Board, in the exercise of the discretion provided in the law, and you might get a report from Mr. Cahill or the Utilities Commission on that, and might be able to submit two bond issues.

THE PRESIDENT: Supervisor Roncovieri.

SUPERVISOR RONCOVIERI: I merely want to state that if this resolution should be adopted, that I shall follow it up by presenting a resolution that I read, and that I would like to read again, with your permission. May I read it now?

THE PRESIDENT: Proceed.

SUPERVISOR RONCOVIERI (Reading): "Whereas, it has not as yet been determined whether the price of \$12,500,000 which is being asked by the Market Street Railway Company for its operative properties is a fair and reasonable price therefor; and

"Whereas, if a bond issue, as recommended by the Public Utilities Commission, is ratified by the people, the actual value of said operative properties should be determined by negotiation or otherwise; and

"Whereas, it is the intention of the Board of Supervisors to submit to the electors of the City and County of San Francisco a Charter Amendment providing for a Traffic Commission to deal with transportation and other kindred matters; now, therefore, be it

"Resolved, That if said Charter Amendment is ratified by the people, said Traffic Commission, as appointed by the Mayor, shall conduct negotiations with the Market Street Railway Company for the purpose of determining the fair and reasonable value of its operative properties; and if said Charter Amendment is not ratified by the people, that the Mayor be given authority, by ordinance of this Board of Supervisors, to appoint a committee of five persons who will conduct said negotiations and will report to this Board as to a fair and reasonable amount to be paid for the operative properties of said Market Street Railway Company; and that the Manager of Utilities and the Controller be made ex-officio members of said committee."

So that the bargain between the City and the Market Street Company will be through our agents, these gentlemen who will be appointed and our own two officials.

SUPERVISOR SCHMIDT: May I ask you this question?

THE PRESIDENT: Proceed.

SUPERVISOR SCHMIDT: Mr. Roncovieri, in offering this you are offering to the people then a bond issue of \$12,000,000 in lieu of the \$24,000,000?

SUPERVISOR RONCOVIERI: No, I said nothing about the money.

SUPERVISOR SCHMIDT: You said: "Whereas, it has not as yet been determined whether the price——"

SUPERVISOR RONCOVIERI: "Whereas, it has not as yet been determined whether the price of \$12,500,000 which is being asked by the Market Street Railway Company for its operative properties is a fair price therefor."

THE PRESIDENT: That, you will notice, is in the event this resolution is passed.

SUPERVISOR RONCOVIERI: We are not assuring them it is \$12,000,000, it states whereas, that has not been determined.

THE PRESIDENT: Now, the question, first——

SUPERVISOR BROWN: I will be very brief, but I would just like to point out to the doctor a little analogy by making use of medical terms, and while I am not a doctor of medicine, this may help him to see the point.

Let us say, Doctor, that you had a patient suffering from some very serious illness, say, an alarmingly low blood count, and perhaps you did not feel that that ailment was in your particular line, you did not feel fully qualified, and you called in a specialist and asked for a consultation on the patient. Suppose that the specialist recommended a major operation and followed that with a recommendation as to the care and treatment of the patient. Wouldn't you feel, having called in a specialist for a consultation, that you should follow his advice? I think I can answer that by saying that that is the general practice among doctors, and that when a specialist recommends a course of treatment, it is usually followed by the doctor calling him in.

Now, we have a patient here that is suffering from an alarmingly low blood count—an alarmingly low revenue count—and we have called in a specialist in the person of Mr. Cahill, to suggest a course of action, which he has done, and the major operation would be the purchase of the road and the course of treatment to be followed would be the rehabilitation Mr. Cahill has suggested——

SUPERVISOR RONCOVIERI: Diet and exercise.

SUPERVISOR BROWN: Yes, diet and exercise, and tender care.

Mr. Cahill I know personally, and have a very high regard for, and I know that some of the members of the Board share that opinion. Maybe some of the members of the Board don't think as much of him as I do, or his opinions, but if anyone knows the record Mr. Cahill has made, they must admit that he has done a pretty good job with the Municipal Railroad, and he stands very high among those who share his same responsibilities in other cities of the country, and I

think we can regard him as a specialist in this matter, and when he makes a recommendation as to a course of treatment following the major operation, we must accept that as a considered and valued opinion. As far as I am concerned, sufficient of an opinion to justify voting for the sum of money which Mr. Cahill says is the minimum amount to put the railroad in operating condition.

I hope now, Doctor, that I have converted you by my analogy.

SUPERVISOR REILLY: I move a vote on the question.

SUPERVISOR UHL: Which are we voting on, Supervisor Roncovieri's resolution?

THE PRESIDENT: Supervisor Roncovieri's resolution.

CITY ATTORNEY O'TOOLE: The resolution of necessity.

THE PRESIDENT: As read by the Clerk.

SUPERVISOR UHL: The hour is late, and I don't want to take any time of the Board except this, to say my objection to it is the same as I expressed last Friday, and which I asked be made a part of the record. There is no use in repeating it, as it was stated very clearly then, and I ask that be incorporated in the record as my reason for voting no.

SUPERVISOR REILLY: I move the question.

THE PRESIDENT: Mr. George Allen, representing the Central Council of Civic Clubs, desires about one minute. Is there any objection? (Gavel.)

MR. ALLEN: Mr. President, Gentlemen of the Board: The seriousness of the matter under consideration prompts me to trespass on your tired feelings to say one word. I represent an organization which is a democratic organization and one of the people. There is no other organization in San Francisco in which the people of San Francisco are represented as in the Central Council. I am asking you, in accordance with the vote of the Central Council, to give the people an opportunity to vote on this matter. We are on record for the purchase of the Market Street Railroad at a reasonable price. Others must state that price, but I call your attention that always, when there is a controversial matter up, the Supervisors say, "We will let the people decide." You did that in the case of this so-called Traffic Commission, and there is quite a divergence of opinion amongst the citizens as to whether they may or may not want that particular commission, but I heard Supervisors, one after another, state that, "In a case of that sort we let the people decide." I call upon you to let the people decide on this. If they turn it down, then the onus is on the people of San Francisco. You have no right to deprive us of the right to vote on this.

THE PRESIDENT: After the roll call I trust the members will retain their seats, due to the fact we have other matters before us. Call the roll

#### **Declaratory Resolution—Bond Issue of \$24,480,000, Acquisition and Rehabilitation of the Market Street Railway.**

Whereupon, the roll was called on the foregoing Resolution No. 4186, heretofore presented by Supervisor Roncovieri with the following result:

Ayes—Supervisors Brown, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—7.

Noes—Supervisors McSheehy, Schmidt, Uhl—3.

Absent—Supervisor Colman—1.

#### **Motion to Reconsider.**

SUPERVISOR REILLY: I wish to change my vote from Aye to No, and give notice of reconsideration, and move that this Board meet tomorrow.

SUPERVISOR RATTO: I should like to ask what the deadline is.

SUPERVISOR McSHEEHY: I wish to change my vote and give notice of immediate reconsideration.

SUPERVISOR REILLY: I have the first call, I believe, I changed my vote from Aye to No and move that the Board recess and meet tomorrow at 2:00 o'clock, is there a second?

SUPERVISOR RONCOVIERI: I second the motion.

THE PRESIDENT: It has been regularly moved and seconded that we recess until 2:00 o'clock tomorrow, that is, when we do recess.

SUPERVISOR SCHMIDT: If that could be made Wednesday, I could be here, for the reason that I have been trying to get out of town for the past week, and it is absolutely imperative that I leave town tomorrow, but I could be back Wednesday, and if you could make it Wednesday around 4:00 o'clock—

SUPERVISOR REILLY: I should like to ask the City Attorney—

CITY ATTORNEY O'TOOLE: Wednesday, I am afraid you could do nothing, because you would have to hold another adjourned meeting not later than Friday.

SUPERVISOR McSHEEHY: May I ask you, Mr. President, what is the parliamentary situation?

THE PRESIDENT: The parliamentary situation is that Supervisor Reilly changed his vote from Aye to No and gave notice that he will move for reconsideration at the next meeting, and has moved that we recess until 2:00 o'clock—4:00 o'clock Wednesday, Mr. Reilly?

SUPERVISOR REILLY: 4:00 o'clock Wednesday.

SUPERVISOR McSHEEHY: I realize, I was going to make a motion for immediate reconsideration.

SUPERVISOR REILLY: Roll call on that.

THE PRESIDENT: The motion is on recessing until 4:00 o'clock on Wednesday—

SUPERVISOR McSHEEHY: Along that same line—Supervisor Brown, I wonder if you would answer a question, I don't want to deprive you from having your vacation, but I don't want to come here Wednesday, because myself and others on this Board have businesses of our own, our own little affairs, and I would ask if it will be convenient for you to be here.

SUPERVISOR BROWN: Yes, surely. I was going to say something about it before the Board adjourned anyway. You will remember, I am sure, that I was excused for five weeks a week ago Monday. Now, that five weeks was asked for deliberately because I intended to take a short vacation, which was sadly interrupted, by the way, and I then intended to leave San Francisco next Wednesday, by train, for Portland to be gone in the Northwest at least two weeks. It so happened that the insurance agents of the State of Oregon are having a convention in Portland, which will run on next Thursday and Friday, and the following week the insurance agents of the State of Washington have a convention in Spokane, both of which conventions it is imperative that I attend. I will be here Wednesday night until about—

CITY ATTORNEY O'TOOLE: Your action Wednesday will be merely passing the resolution of necessity. Now, after that is done the ordinance consolidating this bond issue with the other bond issues, and calling them all for the 27th would cancel beyond Friday.

SUPERVISOR UHL: How many votes are necessary?

CITY ATTORNEY O'TOOLE: Eight, Supervisor.

SUPERVISOR SCHMIDT: Could we meet again in the evening?

CITY ATTORNEY O'TOOLE: The law says "a subsequent meeting."

SUPERVISOR BROWN: Is it true that a resolution of intention requires eight votes?

CITY ATTORNEY O'TOOLE: The resolution of intention, as well as the ordinance, is a matter of state law, and requires eight votes.

SUPERVISOR BROWN: I never found it in the Charter.

CITY ATTORNEY O'TOOLE: It is a matter of state law. We have adopted the State Municipal bond procedure in our Charter, and therefore, you have got to have eight votes, not only for the resolution of necessity, but also for the ordinance. Could you be here Thursday, Arthur?

SUPERVISOR BROWN: I don't see how I can, it would be impossible. The convention is for two days, Thursday and Friday, and I must be there both days.

SUPERVISOR RATTO: A plane would take you up there by noon.

SUPERVISOR MCSHEEHY: May I simply make this point, I think we are all interested—I say this to Supervisor Reilly—

SUPERVISOR BROWN: I would like to say this, as I see the thing, we are trying to get this on the ballot on September 16th—

THE PRESIDENT: September 27th, Supervisor.

SUPERVISOR BROWN: On September 27th, and I am just as anxious as anyone, but there is another election coming in November, and there is no reason why the matter cannot be submitted then, and I see no reason—it would probably be just as expeditious to submit it in November as September.

SUPERVISOR RONCOVIERI: The only difference there, we lose all chance of getting the \$9,750,000 public grant.

SUPERVISOR MCSHEEHY: May I address myself to you and Supervisor Reilly—

CITY ATTORNEY O'TOOLE: Supervisor Reilly wants to withdraw his motion.

SUPERVISOR MCSHEEHY: According to what Mr. O'Toole just stated, and Supervisor Brown stated, I would ask you respectfully, can we accomplish anything, irrespective of how I feel?

THE PRESIDENT: I am going to rule Supervisor Reilly's notice of reconsideration out of order because it could not be considered until the next regular meeting of the Board.

SUPERVISOR UHL: Supsequent meeting.

SUPERVISOR SCHMIDT: Would it help matters if we could meet here tomorrow evening, and I would get that part of my business, which is out of town, attended to and then we could meet again on Wednesday?

SUPERVISOR UHL: The President has ruled against it.

THE PRESIDENT: You could move to rescind the vote taken and then take it up again on the question of tomorrow night.

SUPERVISOR RONCOVIERI: I move to rescind our action.

SUPERVISOR REILLY: Second the motion.

SUPERVISOR BROWN: Will the chair rule on the number of votes required on this?

THE PRESIDENT: Six votes.

SUPERVISOR MCSHEEHY: May I say this, members of the Board: I know that any argument of mine would do nothing but delay matters. I cannot see much reason, if men think as they do on this matter. Of course, men sometimes change their minds. We do know that Supervisor Brown made one point, and every man here is anxious that we purchase the Market Street Railroad, and I take second place to no man on this Board. I would go as far towards buying the Market Street Railroad as any man on this Board, but I cannot allow myself to purchase properties for a price I don't think they are worth. Now, Supervisor Brown has just touched upon the point that this matter can go over until November, and Supervisor Roncovieri rebutted that statement with the thought if it did, we could not get the PWA money. Well, he knows, as chairman of the Finance Committee, perhaps better than any man on this Board here, that PWA money is only given under certain conditions, for work and some material, but for work to be done. I don't think that Supervisor Brown's suggestion is a bad one, so why attempt here tonight—I know what it is. I know the drive that is being made on one member of the Board

of Supervisors. And may I simply say this, following along the lines of Supervisor Brown's suggestion—and Supervisor Brown made quite a statement to the doctor of what might happen in the case of a patient. Let me make a statement, merely as a member of this Board, one who has been on this Board some time, and I sort of feel as one member of this Board a Supervisor should possess—there are two types of character: the positive and the negative. The people of San Francisco don't want negative characters as members of this Board. If a man ever establishes in the minds of the people that he is a negative character, well, he might not repeat very often on being re-elected. I trust during the interim that if any member of the Board, any member of the three voting in the negative here tonight, I think they should give a little thought before changing their vote. This is no small issue, this is an issue of millions and millions, and if you are going to change your vote for one million, or ten million, or six, or nine, and then say ten million, I say look out, because if it is ever established by the people of San Francisco that you are a negative character, you don't stand very long on this Board.

THE PRESIDENT: The question is on rescinding.

SUPERVISOR MCSHEEHY: I trust when we adjourn—and I am particularly speaking to the two men who voted with me, we are seeing here a great effort made to change the vote of one man here tonight, and I trust and hope that one man will stand as he has stood, unless he can positively say to himself, "I have done the right thing and have not been merely whipped into line because of others."

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Supervisor Colman? Absent.

THE CLERK: Supervisor McSheehy?

SUPERVISOR MCSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: Aye.

THE CLERK: Supervisor Meyer?

SUPERVISOR MEYER: Aye.

THE CLERK: Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: Aye.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: Aye.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: 9 Ayes, 1 No, and 1 absent.

The action is *rescinded*.

### Passed for Second Reading.

The following matter was presented and *passed for second reading* by the following vote:

### Calling Special Election September 27, 1938, For Issuance of Bonds For Various Public Improvements.

(Code No. 12.12)

Bill No. 1669, Ordinance No. 12.1291, as follows:

An Ordinance calling a special election in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the electors of the City and County of San Francisco the following propositions of incurring bonded indebtedness of said city for the acquisition, construction and completion of each

of the following improvements, to-wit: (1) Sewers; (2) Courts Building; (3) Yacht Harbor; (4) Schools; (5) Welfare Building; (6) Playgrounds; (7) Livestock Pavilion: declaring the estimated cost of said improvements and each thereof, the amount of the principal of said indebtedness to be incurred for each thereof and the maximum rate of interest to be paid thereon: fixing the date of said election, the manner of holding the same, establishing election precincts and polling places for said election and appointing boards of election therefor, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the qualified electors of said City and County the several questions of incurring bonded indebtedness of said City and County for the objects and purposes set forth in each of the following several propositions, to-wit:

**PROPOSITION No. 1:** Shall the City and County of San Francisco (Sewer Bonds) incur a bonded indebtedness in the principal amount of \$4,200,000 for the acquisition, construction and completion of the following municipal improvements, to-wit: The construction of new sewers, sewer replacements and the construction and extension of sewage treatment plants and pumping stations within the City and County of San Francisco, together with all appurtenances and lands that may be necessary for the construction, replacement and extension of sewers, sewage treatment plants and pumping stations, the work to be performed in the east of Van Ness avenue district, west of Van Ness avenue district, south of Market and Mission streets districts, Sunset-Parkside and West of Twin Peaks districts and Park-Presidio district?

**PROPOSITION No. 2:** Shall the City and County of San Francisco (Courts Building Bonds) incur a bonded indebtedness in the principal amount of \$3,828,000 for the acquisition, construction, completion and furnishing of the following municipal improvement, to-wit: A Courts Building in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and Municipal courts, and for other courts that may be hereafter created, for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or offices of the City and County of San Francisco as may be accommodated therein?

**PROPOSITION No. 3:** Shall the City and County of San Francisco (Yacht Harbor Bonds) incur a bonded indebtedness in the principal amount of \$700,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: The extension and improvement of the existing Yacht Harbor in the Bay of San Francisco, by the construction of a concrete pier, approaches, service wharves, landing stages and mooring piles for yacht berths and the installation of electric lighting, water supply and other utilities and the construction of light houses at each end of the concrete pier designed to light the harbor entrances and all intended for the safe and better enjoyment of the Yacht Harbor.

**PROPOSITION No. 4:** Shall the City and County of San Francisco (School Bonds) incur a bonded indebtedness in the principal amount of \$2,800,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: New school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, including the furnishings and structures necessary to be used in and about said school house buildings?

**PROPOSITION No. 5:** Shall the City and County of San Francisco (Welfare Building Bonds) incur a bonded indebtedness in the principal amount of \$225,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: A Welfare Building to be erected for the use of the Public Welfare Department on the west side of Gough street between Page and Rose streets in the City and County of San Francisco, on land owned by the said City and County of San Francisco, and to properly furnish and equip the said building?

**PROPOSITION No. 6:** Shall the City and County of San Francisco (Playground Bonds) incur a bonded indebtedness in the principal amount of \$900,000 for the acquisition, construction, completion, equipping and furnishing of playground structures and other improvements, all of which said playgrounds are located within the City and County of San Francisco?

**PROPOSITION No. 7:** Shall the City and County of San Francisco (Livestock Pavilion Bonds) incur a bonded indebtedness in the principal amount of \$525,000 for the construction and completion of the following improvement, to-wit: Buildings on the property of Agricultural District 1A, all designed for agricultural, horticultural, viticultural and livestock fairs and exhibitions, floral displays, exhibitions of industries, county fairs and of expositions, including all furniture, fixtures and other works, property and appliances necessary or convenient for the proper exercise of the functions of the City and County of San Francisco?

That the estimated cost of said proposed municipal improvement above described as Proposition No. 1 (Sewer Bonds) is the sum of \$4,200,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$4,200,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 2 (Courts Building Bonds) is the sum of \$3,828,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$3,828,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 3 (Yacht Harbor Bonds) is the sum of \$700,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$700,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 4 (School Bonds) is the sum of \$2,800,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$2,800,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 5 (Welfare Building Bonds) is the sum of \$225,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$225,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 6 (Playground Bonds) is the sum of \$900,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$900,000. That the estimated cost of said proposed improvement above described as Proposition No. 7 (Livestock Pavilion Bonds) is the sum of \$525,000, and the amount of the principal of said indebtedness to be incurred for said improvement is the sum of \$525,000.

None of the bonds described in Proposition No. 1 (Sewer Bonds,) Proposition No. 2 (Courts Building Bonds,) Proposition No. 3 (Yacht Harbor Bonds,) Proposition No. 4 (School Bonds,) Proposition No. 5 (Welfare Building Bonds) or Proposition No. 6 (Playground Bonds,) or any thereof, shall be offered for sale or sold unless the United States Government through one of its agencies shall make, or agree to make, a grant to the City and County of approximately forty-five (45) per

cent of the estimated cost of the respective projects (exclusive of land) for which such bonds are proposed to be issued, as determined by the Administrator of the Federal Emergency Administration of Public Works.

It is contemplated that said grants to the amount aforesaid will be received by the City and County of San Francisco in cash and if so received the amount thereof will be applied to the payment of the principal and interest of said bonds herein proposed to be issued for the respective project for which such grant is received. Any sums which may be received upon any such grant, in excess of 45 per cent of the estimated cost of any such proposed improvement, may be applied in the discretion of the Board of Supervisors either to the payment of the cost of such proposed improvement or to the payment of the principal and interest of the bonds proposed to be issued therefor. If any grant in respect of any such project so made by the United States of America or any agency thereof, is conditioned or is to be applied solely to the payment of the cost of the improvement for which such grant is made, then the total amount of bonds herein proposed to be issued in respect of such improvement shall be proportionately reduced and the Board of Supervisors shall withhold from sale, and cancel, an amount of bonds equal to the amount of the grant so applied to the payment of the cost of such improvement. Said Board of Supervisors reserves the right to adopt such of the foregoing methods of applying any such grant received from the United States of America or any one of its agencies as may be necessary to satisfy any condition imposed by the United States of America or any one of its agencies as a condition precedent to the making of such grant.

Before bonds shall be issued or sold for the construction or completion of the livestock pavilion referred to as Proposition No. 7, the State of California shall contribute to Agricultural District No. 1A, the sum of \$300,000, or said contribution shall be made from one of the agencies of the State of California.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby submit to the qualified electors of said City and County at said special election the said several propositions set forth in Section 1 of this ordinance and designated respectively Proposition No. 1 (Sewer Bonds), Proposition No. 2 (Courts Building Bonds), Proposition No. 3 (Yacht Harbor Bonds), Proposition No. 4 (School Bonds), Proposition No. 5 (Welfare Building Bonds), Proposition No. 6 (Playground Bonds) and Proposition No. 7 (Livestock Pavilion Bonds), and designates and refers to each of said propositions in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition or propositions which carry by the affirmative vote of two-thirds of the qualified electors of said City and County voting upon such proposition or propositions, shall be issued and sold for the purposes specified in such proposition or propositions which receive such affirmative two-thirds vote. The votes cast for and against each proposition hereby submitted shall be counted separately and when two-thirds of the qualified electors voting on any one of such propositions at said election vote in favor thereof, such proposition shall be deemed adopted.

The maximum rate of interest to be paid upon said indebtedness created in all said propositions shall be six per cent (6%) per annum payable semi-annually. All bonds issued to represent any indebtedness authorized under any of said propositions herein submitted shall be of the denomination of One Thousand Dollars (\$1,000) each, and in the case of Proposition No. 3 (Yacht Harbor Bonds), Proposition No. 5 (Welfare Building Bonds), Proposition No. 6 (Playground Bonds) and Proposition No. 7 (Livestock Pavilion Bonds), these bonds shall be retired within five (5) years from date of issuance. In the case

of Proposition No. 4 (School Bonds), these bonds shall be retired within ten (10) years from the date of issuance. In the case of Proposition No. 1 (Sewer Bonds) and Proposition No. 2 (Courts Building Bonds), these bonds shall be retired within fifteen (15) years from the date of issuance; provided, however, that in the case of any bonds issued for any authorized revenue producing public works, plant, utility or property, the Board of Supervisors may in its discretion determine and fix a day for the earliest maturity of the principal of such bonds not more than ten (10) years from the date of the issue thereof, and, provided, further, that bonds issued pursuant to said proposition designated in Section 1 of this ordinance as Proposition No. 7 (Livestock Pavilion Bonds) shall be payable One Hundred and Five Thousand Dollars (\$105,000) principal amount in each of the years from one (1) to five (5) years after their date.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided by law for holding city and county elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at seven (7) o'clock in the morning of said day of election and shall be kept open continuously thereafter until eight (8) o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. For the conduct of said special election the City and County of San Francisco is hereby divided into One Thousand and Fifty-five (1055) special election precincts. The territory embraced within each of said precincts hereinafter numbered shall consist of the precincts bearing a like number as now established of record by the Registrar of Voters of the City and County of San Francisco for general state and county election purposes. Said precincts and polling places therein for the conduct of said election are as follows, with the names of the officers serving therein:

[Here follows the list of voting places and officers to serve at the special election as designated by the Registrar of Voters:]

Section 5. The ballots to be used at said special election shall be substantially in the following form, to-wit:

No.	No.	Stamp crosses (X) on ballot ONLY WITH RUBBER STAMP; never with pen or pencil.  (Fold ballot to this line, leaving top margin exposed.)
-----	-----	--

#### MUNICIPAL TICKET.

To vote for the proposition and thereby incur a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "YES".

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

All marks except the cross (X) are forbidden.

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the Inspector of Election and obtain another.

Where voting machines are used at said special election, said propositions shall appear thereon substantially in the form above set forth in said ballots to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon any or all of the propositions hereby submitted at said special election.

WHERE BALLOTS ARE USED, each voter to vote for any proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against any proposition and against incurring said indebtedness set forth on such proposition, shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of such proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" to the right of any proposition shall be counted as a vote in favor of such proposition and to authorize the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of any proposition shall be counted as a vote against such proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

WHERE VOTING MACHINES ARE USED at said special election, said voting machines shall be so arranged that any qualified elector may vote for any proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting machines shall also be arranged so that any qualified elector may vote against any proposition by pulling down a lever over the word "NO" under or near a statement of any proposed proposition appearing on cardboard, paper or other material placed on the front of the machine which said act shall constitute a vote against such proposition. Said voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy; provided that if the maturity of the indebtedness created by any issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity; provided, further, that in the case of said bonds issued pursuant to said proposition designated in section 1 of this ordinance as Proposition No. 7 (Livestock Pavilion Bonds) such tax shall be, in any event, sufficient to raise annually for the first one-half of the term said bonds have to run a sum sufficient to pay the interest thereon, and during the balance of the term sufficient to pay such annual interest and to provide annually a proportion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds have to run, and the Board of Supervisors hereby by ordinance provides for the levy of an annual tax sufficient for the purposes aforesaid.

Section 8. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Call-Bulletin, a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County) and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

For the purpose of giving notice of said special election in so far as the same is called for the purpose of authorizing the indebtedness referred to in said Proposition No. 7 (Livestock Pavilion Bonds), as designated in section 1 of this ordinance (but for no other purpose) this ordinance shall also be published once a week for at least four (4) weeks in said official newspaper, but no defect in such publication shall affect the election hereby called with respect to any proposition other than said Proposition No. 7 (Livestock Pavilion Bonds) as so designated in said Section 1 of this ordinance.

**Declaratory Resolution, Providing for Bond Issue of \$24,480,000 for Acquisition and Rehabilitation of Properties of Market Street Railway Company.**

(Code No. 15.091)

The following resolution, heretofore on August 15, 1938, defeated and subsequently at the same meeting such action thereon being rescinded, the same was again presented by Supervisor Roncovieri and after discussion *withdrawn temporarily*:

Resolution No. 4186, as follows:

Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the re-routing of the lines of said company, the substitution of trolley and gas busses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said company and the repair of streets within the rails and on both sides of the rails of said company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or from other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,480,000.

**Provides for Negotiations for Fair and Reasonable Price for Market Street Railway Properties.**

(Code No. 15.091)

Whereupon, Supervisor Roncovieri presented the following resolution and moved its adoption:

Resolution No. 4189, as follows:

Whereas, it has not as yet been determined whether the price of \$12,500,000 which is being asked by the Market Street Railway Company for its operative properties is a fair and reasonable price therefor; and

Whereas, if a bond issue, as recommended by the Public Utilities Commission is ratified by the people, the actual value of said operative properties should be determined by negotiation or otherwise; and

Whereas, the Board of Supervisors has submitted to the electors of the City and County of San Francisco a Charter Amendment providing for a Traffic Commission to deal with transportation and other kindred matters; now, therefore, be it

Resolved, That if said Charter Amendment is ratified by the people,

said Traffic Commission, as appointed by the Mayor, shall conduct negotiations with the Market Street Railway Company for the purpose of determining the fair and reasonable value of its operative properties; and if said Charter Amendment is not ratified by the people, that the Mayor be given authority, by ordinance of this Board of Supervisors, to appoint a committee of five persons who will conduct said negotiations and will report to this Board as to a fair and reasonable amount to be paid for the operative properties of said Market Street Railway Company; and that the Manager of Utilities and the Controller be made ex-officio members of said committee; and that said Traffic Commission or said committee to be appointed by the Mayor, report to this Board the nature, character and cost of such rehabilitation and extensions to the properties of said Market Street Railway Company, as said Commission or Committee shall deem proper.

#### Point of Order.

Supervisor McSheehy raised the point of order that the resolution had not been referred to committee.

Chairman (President Shannon) ruled the point of order *well taken*.

#### Referred.

Whereupon, the foregoing resolution (No. 4189) was on motion of Supervisor Roncovieri *referred to the Finance Committee*.

#### Recess.

Thereupon after lengthy discussion Supervisor Roncovieri, seconded by Supervisor Brown moved that the Board of Supervisors take a recess in order that the Finance Committee might meet and give consideration to the resolution.

Supervisor McSheehy raised a point of order and asked City Attorney whether it is legally right for the Finance Committee to hold this meeting at this time. He referred to Rule Ten of the Board of Supervisors.

City Attorney O'Toole declared that the President of the Board of Supervisors must answer that question as he is the one that interprets the rules. He referred him to Section 13 of the Charter.

Thereupon, the roll was called on the motion to recess the Board of Supervisors to permit a meeting of the Finance Committee and the same was *carried* by the following vote:

Ayes—Supervisors Brown, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon, Uhl—8.

Noes—Supervisor McSheehy—1.

Absent—Supervisors Colman, Schmidt—2.

#### Meeting of the Finance Committee.

Whereupon, the Board of Supervisors recessed and the Finance Committee went into session.

The roll was called and the following members were noted present:

Supervisors Roncovieri, Shannon, Reilly—3.

Supervisor Roncovieri presiding.

#### Provides for Negotiations for Fair and Reasonable Price for Market Street Railway Properties.

(Code No. 15.091)

Thereupon, the following resolution presented by Supervisor Roncovieri was read by the Clerk:

Resolution No. 4189, as follows:

Whereas, it has not as yet been determined whether the price of \$12,500,000 which is being asked by the Market Street Railway Com-

pany for its operative properties is a fair and reasonable price therefor; and

Whereas, if a bond issue, as recommended by the Public Utilities Commission is ratified by the people, the actual value of said operative properties should be determined by negotiation or otherwise; and

Whereas, the Board of Supervisors has submitted to the electors of the City and County of San Francisco a Charter Amendment providing for a Traffic Commission to deal with transportation and other kindred matters; now, therefore, be it

Resolved, That if said Charter Amendment is ratified by the people, said Traffic Commission, as appointed by the Mayor, shall conduct negotiations with the Market Street Railway Company for the purpose of determining the fair and reasonable value of its operative properties; and if said Charter Amendment is not ratified by the people, that the Mayor be given authority, by ordinance of this Board of Supervisors, to appoint a Committee of five persons who will conduct said negotiations and will report to this Board as to a fair and reasonable amount to be paid for the operative properties of said Market Street Railway Company; and that the Manager of Utilities and the Controller be made ex-officio members of said Committee; and that said Traffic Commission or said Committee to be appointed by the Mayor, report to this Board the nature, character and cost of such rehabilitation and extensions to the properties of said Market Street Railway Company, as said Commission or Committee shall deem proper.

#### Motion.

Supervisor Reilly, seconded by Supervisor Shannon moved that the resolution be recommended to the Board of Supervisors for adoption.

Chairman Roncovieri then asked whether there were any citizens present who wanted to be heard on the resolution.

There was no response.

After discussion the roll was called and the resolution *recommended to the Board of Supervisors* by the following vote:

Ayes—Supervisors Roncovieri, Reilly, Shannon—3.

Thereupon, the Chairman declared that the resolution had been recommended to the Board of Supervisors for adoption.

Whereupon, the Finance Committee adjourned to report the resolution to the Board.

#### REASSEMBLED.

Whereupon, the Board of Supervisors reassembled.

#### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

President Shannon in the chair.

#### Provides for Negotiations for Fair and Reasonable Price for Market Street Railway Properties.

(Code No. 15.091)

Thereupon, the following resolution, as recommended by the Finance Committee, was presented and *adopted* by the following vote:

Resolution No. 4189, as follows:

Whereas, it has not as yet been determined whether the price of

\$12,500,000 which is being asked by the Market Street Railway Company for its operative properties is a fair and reasonable price therefor; and

Ayes—Supervisors Brown, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—7.

Noes—Supervisors McSheehy, Schmidt, Uhl—3.

Absent—Supervisor Colman—1.

#### Explanation of Vote.

SUPERVISOR UHL: I want to state my reasons for voting "No" on that, because if I would vote "Yes" it would commit me to the charter amendment creating the Traffic Commission. I have expressed the opinion before that commission would be a duplication of the Public Utilities Commission, and I have written the Mayor a letter stating that in endorsing this Traffic Commission he rather places a reflection on the Public Utilities Commission that they don't quite measure up to the other commission, and therefore I suggest to the Mayor that he ought to remove the Public Utilities Commission and appoint these gentlemen he has in mind and that would clear the whole thing up at a single stroke. I am opposed to duplication, and that is why I am voting "No" on this resolution.

SUPERVISOR MCSHEEHY: I am going to vote "No" on this resolution, and I wish my vote so recorded for the following reasons: One. The resolution has been introduced by a member of this Board; the Board recessed for five or ten minutes and it has been reported favorably. The Charter never contemplated that any resolution should be introduced under conditions of this kind, and has so stated, and the section is very clear, and made a part of our own rules. The intent of the charter framers was that resolutions and ordinances should not pass this Board without the necessary and orderly procedure, and that particular part is provided for by reference to a committee of the Board, and I feel that the entire resolution presented here tonight is not one that has been orderly passed by this Board, irrespective of what action the Board takes at this particular time.

Secondly, I never was in favor of the Citizens Traffic Committee. Six members of this Board were not in favor, five others changed their minds, which was their perfect right. I feel this is just simply an enactment of the old Traffic Committee, and therefore I will vote "No" for this reason.

**Declaratory Resolution, Providing for Bond Issue of \$24,480,000 for Acquisition and Rehabilitation of Properties of Market Street Railway Company.**

(Code No. 15.091)

Thereupon, Supervisor Roncovieri again presented the following resolution and moved its adoption.

Resolution No. 4186, as follows:

Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the re-routing of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said Company and the repair of streets within the rails and on both sides of the rails of said Company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or from other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,480,000.

**Sabotaging the Five Cent Fare.**

Thereupon, Supervisor Roncovieri read the following editorial from the Daily News of this date and urged that request should be made by the Board of Supervisors of Mr. Cahill that he reduce the figure of \$24,480,000 to say \$17,500,000 in order to meet this criticism. The editorial follows:

"Pretending to want unification and the 5 cent fare, Mayor Rossi, Manager of Utilities Cahill and those city officials who go along with them are taking the best way to defeat it by proposing a bond issue of \$24,480,000 for purchase and rehabilitation of the private lines. Much as they want the 5 cent fare the people will not vote for any such amount at the September 27th election. The proposal to spend that much on top of the other P. W. A. bond issues would provoke a taxpayers' revolt and a campaign against all the bonds sufficient to insure their defeat. Mr. Cahill has already yielded partly to the dictates of common sense by scaling down his demands from \$39,000,000 to \$24,480,000. It is now up to Mayor Rossi to insist that he scale them down still farther. Even if the city should pay the Market Street Company's asking price, the lines will cost only \$12,500,000. And we have the testimony of competent

street railway engineers that they could be vastly improved and put into reasonably good condition by the expenditure of not more than \$3,780,500. In other words, a bond issue of 15 to 16 million dollars would be ample to restore the 5 cent fare and improve service at once to the point where it would be tolerable until the city can afford to spend more. If Mayor Rossi wants the 5 cent fare and wishes to demonstrate his sincerity, let him insist that Mr. Cahill withdraw his \$24,480,000 figure and present the board at its meeting with a proposal that stands some chance of getting the people's approval."

City Attorney O'Toole advised that Mr. Cahill had no power to recommend a lower figure. That power rests with the Public Utilities Commission.

After discussion of the foregoing editorial and the submission of a reduced price by Mr. Cahill, Supervisors Roncovieri, Reilly, Brown, McSheehy, Uhl, Schmidt and City Attorney O'Toole, Supervisors Roncovieri moved to withdraw his resolution.

Motion to withdraw *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor Brown—1.

Absent—Supervisor Colman—1.

#### Supervisor Schmidt's Resolution.

Whereupon, Supervisor Schmidt presented:

Whereas, on the 16th day of August, 1938, the Board of Supervisors of the City and County of San Francisco is contemplating the adoption of a resolution calling for a bond issue of \$24,000,000 for the purchase of the operative properties of the Market Street Railway Company, and for extensions, improvements, and equipment; now, Therefore, Be It

Resolved, That it is the sense of the Board that if the resolution above referred to is adopted and the bonds are voted, none of the proceeds from the sale of such bonds shall be approved for expenditure by the Board of Supervisors except upon the recommendation of the proposed Traffic Commission if and when it comes into being.

#### Motion.

Supervisor Reilly seconded by Supervisor Roncovieri moved the adoption of the resolution.

Supervisor Brown objected to the consideration of the resolution at this time without the reference to committee.

#### Referred.

The resolution was thereupon referred to the Finance Committee.

#### Recess.

Supervisor Roncovieri moved a five minute recess to permit the Finance Committee to meet and consider the resolution.

Motion *carried* by the following vote:

Ayes—Supervisors Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

Noes—Supervisors Brown, McSheehy—2.

Absent—Supervisor Colman—1.

#### Finance Committee Meeting.

Whereupon, the Board of Supervisors having at the hour of 12 o'clock midnight, Thursday, August 16, 1938, recessed for that purpose, a meeting was held by the Finance Committee of the Board of Super-

visors in the chambers of the Board, City Hall, San Francisco, and the following proceedings were had:

### Calling the Roll.

The roll was called and the following Supervisors were noted present: Supervisors Roncovieri, Reilly, Shannon—3.

Quorum present.

Supervisor Roncovieri presiding.

### Amendment.

Thereupon, Supervisor Schmidt presented the following language to be added as an amendment to Supervisor Roncovieri's Resolution No. 4189 heretofore presented, to-wit:

"and that said Traffic Commission or said Committee to be appointed by the Mayor to report to this Board the nature, character and cost of such rehabilitation and extensions to the properties of the said Market Street Railway Company as said Commission or Committee may deem proper."

Supervisor Shannon, seconded by Supervisor Reilly moved that Supervisor Schmidt's amendment be adopted.

Motion *carried* by the following vote:

Ayes—Supervisors Reilly, Roncovieri, Shannon—3.

### Resolution as Amended.

Thereupon, the resolution of Supervisor Roncovieri as amended by Supervisor Schmidt as follows was recommended to the Board for adoption.

### Provides for Negotiations for Fair and Reasonable Price for Market Street Railway Properties.

(Code No. 15.091)

Resolution No. 4189, as follows:

Whereas, it has not as yet been determined whether the price of \$12,500,000 which is being asked by the Market Street Railway Company for its operative properties is a fair and reasonable price therefor; and

Whereas, if a bond issue, as recommended by the Public Utilities Commission is ratified by the people, the actual value of said operative properties should be determined by negotiation or otherwise; and

Whereas, the Board of Supervisors has submitted to the electors of the City and County of San Francisco a Charter amendment providing for a Traffic Commission to deal with transportation and other kindred matters; now, therefore, be it

Resolved, That if said Charter amendment is ratified by the people, said Traffic Commission, as appointed by the Mayor, shall conduct negotiations with the Market Street Railway Company for the purpose of determining the fair and reasonable value of its operative properties; and if said Charter amendment is not ratified by the people that the Mayor be given authority, by ordinance of this Board of Supervisors, to appoint a committee of five persons who will conduct said negotiations and will report to this Board as to a fair and reasonable amount to be paid for the operative properties of said Market Street Railway Company; and that the Manager of Utilities and the Controller be made ex-officio members of said committee; and that said Traffic Commission or said committee to be appointed by the Mayor, report to this Board the nature, character and cost of such rehabilitation and extensions to the properties of said Market Street Railway Company, as said Commission or committee shall deem proper.

Whereupon, the Finance Committee adjourned to report to the Board of Supervisors.

**BOARD OF SUPERVISORS.**

Thereupon, the Board of Supervisors re-assembled.

**Calling the Roll.**

The roll was called and the following members were noted present:  
Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

Quorum present.

Supervisor Shannon presiding.

**CITY ATTORNEY O'TOOLE:** Mr. President of the Board, would it be possible, in view of the fact that the matter of voting bond issues is so technical, to have an agreement that this Board would first vote on the declaration of necessity, and then on that resolution afterwards? Would that be agreeable to the Board? Because it might be said that that was tied in to the resolution of necessity, and we might have to carry it all through the bond proceedings, which would make it extremely difficult to sell any bonds, no matter how much the Board might be in accord as to the price, extensions and rehabilitations. Now, this Board can only agree among themselves that if the resolution declaring the necessity of acquiring the utility and rehabilitating it is adopted, that this resolution of Supervisor Roncovieri's, as amended, will follow.

**Action Rescinded.**

Whereupon, Supervisor Roncovieri moved to rescind action on the following resolution.

**Provides for Negotiations for Fair and Reasonable Price for Market Street Railway Properties.**

(Code No. 15.091)

Resolution No. 4189, as follows:

Whereas, the Board of Supervisors has submitted to the electors of the City and County of San Francisco a Charter Amendment providing for a Traffic Commission to deal with transportation and other kindred matters; now, therefore, be it

Resolved, That if said Charter Amendment is ratified by the people, said Traffic Commission, as appointed by the Mayor, shall conduct negotiations with the Market Street Railway Company for the purpose of determining the fair and reasonable value of its operative properties; and if said Charter Amendment is not ratified by the people, that the Mayor be given authority, by ordinance of this Board of Supervisors, to appoint a Committee of five persons who will conduct said negotiations and will report to this Board as to a fair and reasonable amount to be paid for the operative properties of said Market Street Railway Company; and that the Manager of Utilities and the Controller be made ex-officio members of said Committee.

Motion to rescind *carried* by the following vote:

Ayes—Supervisors Brown, Mead, Meyer, Ratto, Reilly, Roncovieri,\* Schmidt, Shannon, Uhl—9.

**Declaratory Resolution, Providing for Bond Issue of \$24,480,000  
for Acquisition and Rehabilitation of Properties of Market Street  
Railway Company.**

(Code No. 15.091)

Whereupon, the following resolution was again taken up and read by the Clerk:

Resolution No. 4186, as follows:

Declaring and determining that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway and the rehabilitation of said properties, all designed to aid in transportation of people within the City and County of San Francisco and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the acquisition of the operative properties of the Market Street Railway, the re-routing of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said Company and the repair of streets within the rails and on both sides of the rails of said Company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters, and that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$24,480,000. Of the said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of Market Street Railway Company.

Section 3. It is hereby determined and declared that of said sum of \$24,480,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or from other funds derived from taxes levied for that purpose and will require the incurring of a bonded debt in the amount of \$24,480,000.

**Explanation of Vote.**

SUPERVISOR UHL: Mr. President, without taking up the time of the Board to repeat the language tonight, which I gave recently, last Friday's meeting, I believe it was, I gave six reasons for voting No, and I would ask that those six reasons be made a part of the record tonight.

Number 1, Mr. Cahill states, "I feel certain that if the voters approve this bond issue, it will be necessary at an early date to request the voting of additional bond funds to complete the program heretofore outlined." Namely, the total bond issue of \$39,000,000 as proposed in Mr. Cahill's letter to the Utilities Commission of August 5, 1938.

Number 2, that the proposal before the Board is to reconstruct the tracks and purchase 450 cars involving a total of \$26,500,000, as covered in Mr. Cahill's letter of August 5, 1938.

Number 3, that Mr. Cahill states. "From an investment standpoint the purchase of the properties of the Market Street Railway Company for \$12,500,000 is not, in my opinion, justified."

Number 4, that Mr. Cahill states that he wouldn't take the properties at any price, as a gift.

Number 5, Mr. Cahill states that 3 per cent of the proposed bond issue of \$24,478,000 will be, for the first three years, \$764,000 in taxes, and for the fourth year, \$1,464,000 in taxes.

Number 6, that if I were to vote to place this proposal on the ballot, I feel it would be a commitment, which I will not be quoted as favoring.

For these reasons I am voting "No" on the proposal.

THE PRESIDENT: If there is no objection, such will be the order (Gavel).

SUPERVISOR SCHMIDT: Mr. President, I would like to explain my vote this evening and my position in this matter.

When this matter first was presented to us I objected to the presentation, as I stated at that time, because I felt that in the main it interfered with and anticipated the work of the Traffic Commission, which proposition is going to be presented to the people for their decision, and I did not think at the time that this Board should do anything to interfere with that Traffic Commission. When Supervisor Roncovieri introduced this resolution I felt that he answered a good part of that objection. The resolution that I originally read to you along that line, at the time I wrote it, I did not exactly have in mind what Supervisor Roncovieri stated, but when I read my resolution outside, along with Supervisor Roncovieri's, I could see the similarity of them in a good part of it, and I said I would have no objection to that resolution, because I thought it answered much of my objections, if he would accept the amendment that I offered just a few moments ago. With that I feel that the Traffic Commission is not interfered with to the extent that I believe it would have otherwise been interfered with, and, if you remember, that was my objection.

And at that time I said that as long as I have been on this Board I have persistently and consistently favored the right of the people to decide an issue whenever that could be presented to them, whether I agreed with it or not, and I remember Supervisor Reilly at that time said he hoped I would do that at this time. I said that under the conditions which prevailed at that time, I could not, but I feel that under Supervisor Roncovieri's resolution that does not hold. I believe I made my position perfectly clear at that time.

Now, then, the other objection I had was to the price. I still object to it, and I think the people in their wisdom will object to it. That is my opinion, as I mentioned now, is my impression, but because I think it is too high and because I think a majority may defeat it, is no reason why I should deny them the opportunity of expressing their opinion. I have done it before, I have done it on issues I am not in favor of, and I am not particularly, as I want to explain further, in favor as regards this particular matter. I want the people to understand that, that in the presentation of this \$24,000,000 bond issue, we are more or less helpless as regards reducing the figure. Supervisor Roncovieri tried to reduce it, he made suggestions, he read the editorial in the Daily News tonight, and that you—well, it has been read to the members, and when I read this editorial this evening it summarized absolutely my thoughts in the matter. I believe offering this \$24,000,000 bond issue will not tend to save the five-cent fare. But is that the responsibility of the Board of Supervisors? No, it rests with the Public Utilities Commission. The finger can be pointed to us, and rightly so, if it is not presented to the people, and I don't want to be a party to that. "You are the man, or you are the men who denied us the opportunity of voting on this, and for that reason we are still paying the seven-cent fare." I am for a five-cent carfare, I am for a universal transfer, and I am for getting rid of the incubus of the Market Street Railroad, which is nothing but a pile

of junk, in my opinion, and I also believe in clearing the decks for the action of the Traffic Commission, should it be voted into being by the people, or the committee which will be subsequently appointed.

So I would like to have it understood, and I think the people should understand the parliamentary situation that we were up against to-night, and also the charter limitations, that the responsibility—puts the responsibility exactly where it belongs as regards this high figure, which is a high figure. I am not in favor of this figure, it belongs on the shoulders of the Utilities Commission, who will not recommend a lower figure. I think a much better policy would have been for the Public Utilities Commission to have gone to the people of San Francisco and taken them into their confidence and tell them, "It is going to cost you so many million dollars for the rehabilitation of as much of this system as is worthwhile for the extension of our municipal railway system, where that is necessary, and for the addition of buses in the outlying districts, or for any other type of transportation that may be necessary, it is going to cost you so much, but we cannot bite off too much at one time." Let's offer them \$5,000,000 this year, or even \$10,000,000 for rehabilitation, because I think that the price is the chief objection, and I am hoping and trusting we will not have to pay that price, and I understand that the matter of the price to be paid the Market Street Railroad Company has got to come before this Board for final approval, which will doubtless be less than the \$12,000,000, because it is not worth it. However, in removing this incubus I think we are going to go ahead and give the people of San Francisco transportation of the variety they want, if they decide to vote for this. The only thing I am fearful of is that they will deem the price too high.

Should we also take this view? Should it be defeated, will it be a mandate to us to disregard entirely the Market Street Railroad Company, extend our system, and let them, if they will, go into receivership and just wipe them out as a matter of competition? That is something I would like to have the authorities of the Market Street Railroad take into consideration, because I can see that is what is likely to happen in their negotiations with this Commission or the Public Utilities Commission, and my earnest advice to them would be to give the lowest possible figure you can, because that is the danger you are going to run, of not receiving anything for your road if the people defeat this. I think the Board of Supervisors should take that into consideration, and I say it earnestly, and that then we can disregard the Market Street Railroad entirely and go ahead and develop the Municipal part of our system, because that is the destiny of transportation in San Francisco. There is no argument about that.

Under the present circumstances, with the resolution that we have just passed, in casting my vote for this I am allowing the people of San Francisco to express their opinion, realizing that they have sufficient intelligence to decide whether or not they want to vote \$24,000,000 worth of bonds. I feel it is too much, and that you are going to endanger the universal five-cent fare. That if it is defeated the only recourse we will have, as a result of the Public Utilities Commission being able to take the attitude they have taken,—and that is where the responsibility belongs—that we will have to then extend our lines and go into competition, real competition with the Market Street Railroad and eliminate them by such competition.

I hope that I have made my position clear. I have done my best to try to get the lowest possible price. I am up against a stone wall in that, there is no yielding on the part of the Public Utilities Commission, but I don't care to have the finger pointed at me as being the man who is responsible for a seven-cent carfare for two-thirds of the people. I don't care to be placed in that position, and don't want to be placed in that position because that is not my position and not the position I want to take. I want the universal five-cent fare, and if the people don't vote it, it is not my responsibility, then it is the

responsibility of the people, but that is exactly what would happen if we did not send it to the people. My idea was not to stubbornly block it, as I stated, if you will bear with me, my objection to it was from the standpoint of anticipating and interfering, and political interference, if you will, being put in the way of the Traffic Commission.

The figure of \$14,000,000 would have been enough, and I am very sorry that the Public Utilities Commission would not take that view, that \$14,000,000 is enough to pay, and I think that the people would take to it, and it is my prediction that they will not vote the \$24,000,000. I don't think they will vote it, you are giving them too much. After all, we make progress best by taking steps deliberately and somewhat slowly, you are giving them too big a pill to swallow; it is somewhat sugar-coated, but the sugar-coating is somewhat slim. I am afraid it is going to leave us with most of the people still paying a seven-cent fare, but if I should block it they would still be paying a seven-cent fare. That is the position I am in, so I want to give the people the opportunity of voting for this. They will probably vote—they may vote for it and they may not, I don't expect them to, and then the responsibility, I feel, rests upon the Public Utilities Commission.

Then, if we cannot eliminate the seven-cent fare in the manner we hoped it would be by passing this \$24,000,000 bond issue, then we must go into absolute competition with the Market Street Railway and eliminate them by absolute competition, and it can be done if there was a will to eliminate them, and I will say this now, if there was a will to eliminate the Market Street Railway out of the way by competition, you can do it tomorrow, but there is not the will, and we cannot, as a Board, do it. I repeat that again, if there was the will to so compete with the Market Street Railway and with broken promises, I think we would be perfectly justified in doing it. I certainly don't believe in any confiscation of property, but defeat of this proposition would be practically that kind of a mandate. I believe something should be taken into consideration, and, as I say, that situation could be handled when it comes, but it is not the domain of the Board of Supervisors, it is in the domain of the Public Utilities Commission.

Referred to Streets Committee. Clerk to acknowledge.

Supervisor McSheehy presented resolution adopted by Clement Street Merchants Association urging removal of certain car tracks, the repair of streets, and the establishing of bus service over certain streets in the Park-Presidio and Richmond districts.

Supervisor Ratto announced that the matter was under consideration in Streets Committee.

### Passed for Second Reading.

Whereupon, the following Bill was presented and *passed* for second reading by the following vote:

**Calling Special Election September 27, 1938, for the Issuance of Bonds for Acquisition and Rehabilitation of Properties of Market Street Railway Company in Estimated Sum of \$24,480,000 and Consolidating Said Election with Special Municipal Bond Election.**

(Code No. 15.091)

Bill No. 1673, Ordinance No. 15.09120, as follows:

An ordinance calling a Special Election in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the electors of the City and County of San Francisco the following proposition of incurring bonded indebtedness of said City for the acquisition, construction and completion of the following improvement, to-wit: Acquisition of operative properties of Market Street Railway Company, rerouting lines, replacing and reconditioning equipment, all construction and new equipment necessary for street railway purposes; declaring the estimated cost of said improvement, the amount of the principal of said indebtedness to be incurred therefor and the maximum rate of interest to be paid thereon; fixing the date of said election, the manner of holding the same, and consolidating said election with the Special Municipal Bond Election to be held in said City and County on September 27, 1938, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the qualified electors of said City and County the question of incurring a bonded indebtedness of said City and County for the objects and purposes set forth in the following proposition, to-wit:

**PROPOSITION:** Shall the City and County of San Francisco (Municipal Railway System) incur a bonded indebtedness in the principal amount of \$24,480,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: The acquisition of the operative properties of the Market Street Railway, the rerouting of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said company and the repair of streets within the rails and on both sides of the rails of said company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters?

That the estimated cost of said proposed municipal improvement is the sum of \$24,480,000. The amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the said sum of \$24,480,000. Of said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of the Market Street Railway Company.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby submit to the qualified electors of said City and County at said special election the proposition set forth in Section 1 of this ordinance, and designates and refers to said proposition in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition shall be issued and sold for the purpose specified in said proposition if two-thirds of the qualified electors voting on such proposition at said special election shall vote in favor of said proposition.

The maximum rate of interest to be paid upon said indebtedness created in said proposition shall be six per cent (6%) per annum, payable semi-annually. All bonds issued to represent the indebtedness authorized under said proposition herein submitted shall be of the denomination of one thousand dollars (\$1,000) each. Said bonds shall mature and become payable in not to exceed twenty-five years from their date of issuance; provided, however, that the Board of Supervisors may, in its discretion, determine and fix a date for the earliest maturity of the principal of said bonds not more than three (3) years from the date of issuance thereof, and may divide said issue into one or more divisions or series, in which event the bonds of each separate division or series shall mature in not to exceed a like number of years from the date of each such division or series, respectively, and the earliest maturity of said bonds of such separate division or series may be postponed for a period of not more than three (3) years from the date of each separate division or series.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided by law for holding City and County elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at seven (7) o'clock in the morning of said day of election and shall be kept open continuously thereafter until eight (8) o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. In accordance with the provisions of law, said election hereby called shall be, and is hereby, consolidated with the special municipal election to be held in said City and County of San Francisco on the 27th day of September, 1938, pursuant to Ordinance No. 12.1291, Bill No. 1669, introduced and passed for second reading by the Board of Supervisors of the City and County of San Francisco on the 15th day of August, 1938, and reference to said Ordinance (a copy whereof is now on file in the office of the Clerk of the Board of Supervisors) is hereby specifically made for a designation of the precincts, polling places and officers of election therein set forth, which precincts, polling places and officers of election are hereby adopted for the election hereby called. Such election shall be held in all respects as if there were only one election, and only one ticket or ballot shall be used thereat, except that the Registrar of Voters may provide that voting machines may be used at said election in lieu of ballots.

Section 5. The ballots to be used at said special election shall have printed thereon, in addition to all other matters required by law, the following:

**PROPOSITION No. 8:** Shall a bonded indebtedness of \$24,480,000 be incurred for acquisition of operative properties of Market Street Railway Company, replacing and reconditioning equipment, construction and new equipment necessary for street railway purposes?

Said proposition shall be numbered in consecutive numerical order to follow the numbers of the propositions to be submitted at the special municipal election with which this election is consolidated.

Where voting machines are used at said special election said proposition shall appear thereon substantially in the form above set forth in the ballot to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon the proposition hereby submitted at said special election.

*Where Ballots Are Used*, each voter to vote for said proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against incurring said indebtedness set forth therein shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" to the right of the proposition shall be counted as a vote in favor of the proposition and to authorize the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of said proposition shall be counted as a vote against said proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

*Where Voting Machines Are Used* at said special election, said voting machines shall be so arranged that any qualified elector may vote for said proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting machines shall also be arranged so that any qualified elector may vote against said proposition by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, which said act shall constitute a vote against such proposition. Said

voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy; provided that if the maturity of the indebtedness created by said issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Call-Bulletin, a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County), and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

**Authorizing and Confirming the Lease of Certain Lands and Improvements on Treasure Island to Pan American Airways Company for Harbor Purposes.**

(Code No. 12.17354)

Also, Bill No. 1661, Ordinance No. 12.173546, as follows:

Authorizing and confirming the lease of certain lands and improvements on Treasure Island to Pan American Airways Company for harbor purposes.

Whereas, the Director of Property advertised in the official newspaper that bids would be received by him on July 20, 1938, for leasing the following described land and improvements for airport purposes:

In the generally southwest portion of the Air Terminal Building at "Treasure Island" and in the basement thereof 9290 square feet; on the first floor 12,280 square feet; on the second floor 12,230 square feet; on the third floor 4,180 square feet, and on the fourth floor 410 square feet.

For the entire edifice known as Hangar B situated on said "Treasure Island" and an area of land surrounding and including said Hangar B which area shall be described as follows:

Commencing at a point on the southerly seawall of said "Treasure Island" and 200 feet distant in an easterly direction, measured along the southerly seawall line, from the easterly wall line of said Hangar B produced to said southerly seawall line, thence in a southerly direction 200 feet, thence at right angles westerly and on a line parallel to said southerly seawall a distance of 835 feet, thence at right angles a distance of 200 feet northerly to said seawall, this area overlying the waters of the Lagoon to the south of the seawall, thence from last named point northerly a distance of 837.50 feet, thence at right angles on a line parallel to aforesaid seawall and in an easterly direction a distance of 835 feet and then thence at right angles in a southerly direction a distance of 837.50 feet to the point of commencement.

Whereas, in response to said advertisement, Pan American Airways Company made a bid and offer to lease said property for a period of ten (10) years at the following amounts of cash rentals:

\$1,000 per year for the first five years;

\$5,000 per year for the second five years, with the right in the Lessee to extend the term of the lease for an additional period of ten (10) years at a cash rental of \$10,000 per year, and further bid and offer to do and

perform the other matters and things as set forth in said advertisement;

Whereas, no higher bids were made or received and the Public Utilities Commission has recommended that said property be leased upon the terms set forth in said bid and offer; now therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That said bid and offer of said Pan American Airways Company be and the same is hereby accepted, and the leasing of the above described property to said Pan American Airways Company on the terms and conditions specified in said bid and offer be, and the same is, hereby authorized.

Section 2. That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof, for and on behalf of the City and County of San Francisco, are hereby authorized and directed to execute the necessary lease to said Pan American Airways Company, leasing to said Company the above described property on the terms and conditions hereinbefore set forth.

### **Underground Districts.**

(Code No. 11.12)

The following recommendation of Committee on Fire, Safety and Police was taken up:

Bill No. 1631, Ordinance No. 11.1223, as follows:

Providing for the placing and installing of electrical cables and conductors underground in any district that is now designated as an underground district in the City and County of San Francisco, or any additional district that is designated as an underground district in said City and County, within which it shall be unlawful to maintain poles and overhead conductors, except trolley poles and conductors; prohibiting the use of overhead wiring, materials, devices, poles or overhead conductor supporting structures over or upon any street designated as being within an underground district; providing for the removal of poles, overhead wiring structures, overhead wiring, materials, and devices by persons, firms, partnerships, corporations or public utilities owning, operating or maintaining said equipment, materials and devices; providing for the removal of poles, overhead wiring structures, overhead materials and devices within a specified time at the cost of the person, firm, partnership, corporation or public utility owning, operating, using or maintaining same; requiring electrical service conductors to terminate in underground pull boxes and notice of installation; providing for installation by owner, operator or lessor of property of electrical conduits and conductors for light, heat and power from pull boxes after notice; providing for installation by owner, operator or lessor of property of electrical conduits for telephone and telegraph service; providing for extension of conduits to pull boxes and installation of service conductors; requiring disconnection and removal of overhead electrical service wires or conductors in event of failure to install conduits and service conductors within thirty (30) days after installation of underground pull boxes; providing for the duties of the Chief of the Department of Electricity; providing for the penalties for violations of the sections of this ordinance; providing for the use of temporary poles and conductors in underground districts; exempting trolley poles and trolley conductors in underground districts; providing for the extension of certain conductors across underground districts; and repealing all ordinances and parts of ordinances in conflict herewith, and particularly Sections 2B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series,

regulating the removal of all poles, overhead wiring structures, materials and devices from designated underground districts.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Unlawful to Maintain Overhead Wiring, Materials and Devices in an Underground District.* It shall be unlawful for any person, firm, partnership, corporation or public utility to erect, maintain, extend or operate any pole or structure used for the support of overhead electrical conductors, electrical materials and devices, overhead cables or conductors, by, through, over or upon the streets of any designated underground district where electrical energy may be or has been transmitted or used for the purpose of electrical lighting, heat, power, telephone, telegraph, or any other type of electrical transmission or distribution.

Section 2. *Declaring Overhead Conductors, Materials and Devices in Underground Districts a Public Nuisance.* On and after the date that the Board of Supervisors of the City and County of San Francisco officially declares a designated underground district, all overhead cables, conductors, materials, devices, poles or overhead structures used for the support of electrical conductors, materials and devices, on, by, over, through or upon the streets of said designated district shall be deemed and become public nuisances, except such as are in this ordinance exempted from the provisions of this ordinance. It shall be unlawful after the respective times aforesaid for any person, firm, partnership, corporation or public utility to erect, maintain or extend any overhead conductors from building to building, or otherwise, and not on poles, except such as are in this ordinance exempted from the provisions of this ordinance.

Section 3. *Poles, Conductors, Materials and Devices in Underground District to be Removed.* Every person, firm, partnership, corporation or public utility that owns, uses, maintains or operates any pole or structure used for the support of electrical materials or devices, overhead conductors, cables, materials or devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical distribution or service, shall remove the aforesaid materials and devices from such of those streets which have been or shall be designated by the Board of Supervisors of the City and County of San Francisco as being within an underground district, provided that said persons, firms, partnerships, corporations or public utilities owning, maintaining, extending, using, or operating such poles, overhead wiring supporting structures, overhead cables and devices, shall not be required to remove said poles, structures, materials and devices for more than two and one-half ( $2\frac{1}{2}$ ) lineal miles of said streets in any one calendar year after the date of passage of this ordinance.

Section 4. *Removal of Poles, Overhead Materials and Devices Within a Specified Time.* Each and every pole, overhead wiring structure, cable and device described in aforesaid sections of this ordinance, excepting such as are in this ordinance exempted, in said City and County, owned, controlled, operated or used by said person, firm, partnership, corporation or public utility for any of the aforesaid purposes, shall be taken down and removed before the time specified by the Board of Supervisors of the City and County of San Francisco at the time a respective underground district is designated. The removal and taking down of said equipment and materials shall be by and at the cost of the person, firm, partnership, corporation or public utility so owning, controlling, operating or using same.

Section 5. *Electrical Service Conductors to Terminate in Underground Pull Boxes, Notice of Installation.* In any district that the Board of Supervisors of the City and County of San Francisco may now or hereafter designate as an additional underground district,

the person, firm, corporation or utility supplying the electrical service for electric lighting, heat, power, telephone, telegraph, or any other type of electrical service, and hereinafter called the Serving Company, shall terminate its electrical service conductors in an underground pull box adjacent to or at the property line of the building or structure being served, provided that, in the event the Serving Company elects to serve a building or structure from some other location than adjacent to or at the property line of the building or structure, in any other approved manner, the provisions of this section and of Section 8 hereof shall not be applicable. The Serving Company shall give to the person, firm, or corporation owning, operating, leasing or renting such building or structure, notice of the date when such pull box will be installed.

Section 6. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Light, Etc., From Pull Boxes.* The electrical conduits and conductors for light, heat and power, between the underground pull box and the main service switches in the building or structure being served, shall be installed by the person, firm, or corporation owning, operating, leasing or renting said property, within thirty days after the date specified in such notice as the date when such pull box will be installed.

Section 7. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Telephone, Etc., Service.* The electrical conduits for telephone and telegraph service shall be installed between the property line and the terminal location in the building by the person, firm or corporation owning, operating, leasing or renting said building.

Section 8. *Extension of Conduits to Pull Boxes and Installation of Service Conductors.* The Serving Company for telephone or telegraph service shall extend said conduit to their respective underground pull box or manhole and shall install the service conductors in said conduit.

Section 9. *Failure to Install Conduits, Etc., Removal of Overhead Wires, Etc.* In the event of failure on the part of the person, firm or corporation owning, operating, leasing or renting such building or structure to install such conduits and service conductors within thirty (30) days after the installation of the underground pull box so as to permit the removal of the overhead wires and conductors by the Serving Company, the Department shall order the disconnection and removal of any and all overhead electrical service wires or conductors supplying electrical service to such building or structure.

Section 10. *Duties of the Chief of the Department of Electricity.* The Chief of the Department of Electricity shall be responsible for the enforcement of this ordinance in any district that is now or may hereafter be designated as an underground district by the Board of Supervisors of the City and County of San Francisco.

The Chief of the Department of Electricity, after the time specified in Section 4, shall have the authority to order the removal, taking down, and carrying away any and all such poles, overhead wiring structures, overhead wires, materials and devices aforesaid, as may not have been previously removed by the owners or operators thereof, as required by the provisions of this ordinance. The Chief of the Department of Electricity is hereby given authority to use and employ whatever labor, materials and devices as may be necessary to effectually carry out the provisions of this ordinance. The total cost of the labor, materials and devices necessary for the taking down and removal of the aforesaid overhead materials and devices shall be paid by the person, firm, partnership, corporation or public utility owning, controlling or operating the aforesaid overhead poles, structures, materials and devices.

Section 11. *Penalty For Each Day Such Poles and Other Overhead Materials and Devices Are Left Standing.* Any person, firm, partner-

ship, corporation or public utility who shall erect or construct, place, maintain, extend or operate in any manner whatever, any pole or structure used for the support of overhead electrical materials or devices, overhead conductors, cables, materials and devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical service or transmission, except such as are in this ordinance exempted, after the time specified aforesaid for each of the designated underground districts, or who shall neglect to take down and remove the aforesaid overhead materials and devices, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty (50) or more than two hundred (200) dollars for every day such poles and other aforesaid overhead equipment and devices are left standing.

**Section 12. *Temporary Use of Poles, Overhead Materials and Devices in Underground Districts.*** In cases requiring the temporary use of overhead poles, structures, electrical materials and devices for the purpose of reporting conventions, meetings or other important public gatherings, or in cases of emergency, permits may be granted by the Chief of the Department of Electricity for the erection of overhead conductors and their supporting materials and devices for a period not exceeding sixty (60) days in each case.

**Section 13. *Erection and Maintenance of Temporary Poles, Etc.*** Temporary poles, overhead conductors and electrical materials and devices shall be erected and maintained by the person, firm, partnership, corporation or public utility to whom the temporary permit has been issued, and shall be erected and maintained in conformity with the rules and regulations of the Department of Electricity of the City and County of San Francisco and General Order No. 64A of the California Railroad Commission.

**Section 14. *Removal of Temporary Poles, Etc.*** After the expiration of a temporary permit, as specified in Section 12, and the emergency or special condition no longer exists, the person, firm, partnership, corporation or public utility shall remove all poles and other overhead materials and devices from said underground district. Failure to comply with the provisions of this section of this ordinance shall result in the same penalties as are specified in Section 11.

**Section 15. *Inspection by Chief of the Department of Electricity or His Representative.*** The Chief of the Department of Electricity is hereby charged with the duty of inspection and enforcement of all ordinances, rules and regulations relative to the installation of electrical conductors, materials and devices used for the transmission of electrical energy for light, heat, power, telephone, telegraph, or any other service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

**Section 16. *Exemption of Trolley Poles and Conductors.*** Electric Railways are expressly exempted from the provisions of this ordinance in so far as it affects the trolley poles and trolley wires used exclusively for the transmission of electrical power for railway purposes. The feeders or electrical service conductors for the trolley conductors shall conform to the provisions of this ordinance.

**Section 17. *Extension of Certain Conductors Across Underground Districts.*** Conductors of continuous lead crossing designated underground districts or parts thereof not further than to the extent of the width of a single street are hereby exempted from the provisions of this ordinance.

**Section 18. *Application of This Ordinance to All Future Underground Districts.*** In the event that the Board of Supervisors of the City and County of San Francisco shall declare any additional underground district, the provisions as specified in this ordinance shall govern all overhead electrical conductors, poles, conductor or material supporting

structures, and overhead materials and devices used for the transmission of electrical energy for lighting, heating, power, telephone, telegraph, or any other type of electrical service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 19. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, paragraph, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 20. *Repeal.* All ordinances and parts of ordinances in conflict with the provisions of this ordinance, and particularly Sections 2-B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all overhead structures, poles, materials and devices from designated underground districts, are hereby repealed.

### Motion.

Supervisor McSheehy, seconded by Supervisor Mead, moved that in Section 3 the words "two and one-half (2½)" be stricken out and the words "five (5)" be substituted therefor.

This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That the passage of said ordinance is required as a prerequisite to the issuance of tax anticipation warrants in accordance with the provisions of Section 81 of the Charter, and that the issuance of said notes immediately is necessary in order to provide funds for the operation of the police and fire departments, and for the maintenance of hospitals and relief homes in San Francisco and for the care of the indigent sick and dependent poor of the City and County, and for the preservation of the public peace, property, health and safety of the people of said City and County, as well as for the uninterrupted operation of the various departments of the government of the City and County of San Francisco.

**Explanation of Vote.**

Supervisor McSheehy presented the following explanation of his vote and asked that it be made part of the record:

San Francisco, California,  
August 22, 1938.

To the Honorable the Board of Supervisors:

Gentlemen: On May 31, 1938, I voted NO on the budget sent to us by Mayor Rossi calling for an expenditure of \$1,648,709 over what it cost last year to run our city government for the coming fiscal year of 1938-1939, a raise of about 17 cents in the tax rate.

As a member of this Board I feel a great mistake was made in passing that budget as it contains a number of items which could have been eliminated without impairing the efficiency of this city in any manner or form, to the amount of \$562,500, or a reduction of about 8 cents in the tax rate.

Three weeks ago today I presented to you a plan which the Secretary of the Interior stated would meet with the requirements of the Raker Act if voted by the people of San Francisco, in the form of a charter amendment, calling for the issuance of \$21,000,000 of revenue bonds to distribute our own Hetch Hetchy power in which the taxpayers of the city have invested \$50,000,000, and which would mean a direct cut of 25 per cent to the rate payers using electricity living in the zone called for in this amendment which covers about two-thirds of the city.

By a vote of 8 to 2, one member being absent, this charter amendment was voted down.

Today you are confronted with the problem of whether this tax rate will be sufficient to meet the many obligations called for in the budget. According to a decision by the Federal Court, we cannot sell Hetch Hetchy power to the Pacific Gas & Electric Company after December 28, 1938, because it is in direct violation of the Raker Act which is a contract the city has with our own Federal Government.

If this decision stands we are today passing a tax rate that is not sufficient to meet the amount called for in the budget and will mean the cutting of salaries or the laying off of city employees as we must pay our interest and redemption charges on all outstanding bonds, and if there are any retrenchments they will be made by a reduction of salaries and the cutting off of employments.

It is positively an unsound tax rate and we are placing this city in

an embarrassing position, not alone with the Federal Government, but with all the city employees and the taxpayers, first: by not keeping our word with our own government; second, by passing a tax rate that will not meet the expenses called for in the budget; and third: by increasing the burden on the taxpayers by placing items in the budget that never should have been there.

For these reasons I am voting NO on this tax rate and request that this statement be made part of the record and recorded in the journal.

Respectfully,

JAMES B. MCSHEEHY,  
Supervisor.

President Shannon called attention to the emergency section of the Tax Rate Ordinance, as presented, and suggested the deletion of same, which the Board *ordered*.

### Opinion From City Attorney.

President Shannon requested from the City Attorney his opinion with respect to the \$1,200,000 that the city might possibly lose as a result of Judge Roche's decision as to compliance of contract with the Pacific Gas & Electric Company with the terms of the Raker Act, which amount of \$1,200,000 enters into this tax rate of \$4.04.

Thereupon, the Clerk read the following opinion:

August 28, 1938.

*Subject—In re effect of decision of U. S. District Court in Hetch Hetchy Litigation on 1938-39 tax rate.*

Dear Sirs: You have directed my attention to the fact that you are about to fix the tax rate for the current fiscal year, and state that if you should take into consideration the revenue for the entire year from the distribution of the Hetch Hetchy power you will, in all probability fix a rate of \$4.04 per hundred valuation, but that if you anticipate that the City will not be permitted to distribute this power after January 1st, some 14 or 15 cents must be added to the rate. You ask if you may anticipate the revenue from this profit after January 1st. Also should you determine that it should not be anticipated, and the revenue should continue will your tax rate be invalid.

### Opinion

The first paragraph of Section 78 of the Charter reads as follows: "On or before the 15th day of September of each year, the board of supervisors by ordinance shall levy a tax, the estimated proceeds of which, together with the total amount of receipts and revenues estimated to be received from all sources, will be sufficient to meet all appropriations made by the annual appropriation ordinance."

Therefore, it is incumbent upon the Board of Supervisors in fixing the tax which will be levied on real and personal property to anticipate and estimate the revenues which may accrue to the City from sources other than taxation. To do this you must estimate the revenue which will be forthcoming from the distribution of Hetch Hetchy power.

As you are aware the United States District Court has granted an injunction prohibiting the City from continuing its present method of distributing this power. This injunction will become effective on December 28, 1938. An appeal has been taken from the decision of Judge Roche and his ruling will be reviewed by the Circuit Court of Appeals. Judge Roche has also reserved the right to modify the injunction upon application by either the City or the United States Government.

Therefore, we find ourselves in this position. An appeal has been taken and the power lies within the Circuit Court of Appeals to make an order suspending the injunction until the appeal is finally deter-

mined. In my opinion there is every reason to believe that the Court would make such an order, for the reason that the government will not be benefited by the enforcement of the injunction and the City would be deprived of a great amount of revenue and, therefore, more than likely the Court would not deprive the City of the revenue until the litigation is finally determined. In all probability the appeal will not be determined until some time early in the coming year. If the City is successful the matter is at an end for the time being. If the Government prevails there are two courses open to the City—one to ask the Supreme Court of the United States to review the decision of the Circuit Court of Appeals. Two, to apply to the District Court to extend the effective date of the injunction to enable the City to carry out any plans which it may have under way to engage in the direct distribution of power. If our plans are under way I feel that such permission will be given, but of course I can give no assurance on this point.

As I have already told the board I am hopeful that the Circuit Court of Appeals will reverse the lower court and at least remand the case to be retried. However, it is the duty of the Board to determine the probability of the continuation of the Hetch Hetchy revenue for the full year. Should the Board, from the information which I have given you, determine that there is such a possibility it should act accordingly—if it should determine that there is not such a possibility you must add the additional burden.

Should the Board follow the latter course and the revenue should continue through the year the additional amount will not invalidate the tax rate, any more than should the Board anticipate a certain amount of revenue from licenses, fines or other sources and that revenue exceeded the anticipation. In fixing a tax rate if the Board acts in good faith and exercises its best judgment as to the anticipated revenues to be received the Court will not review its decision. In any event the tax rate would not be void and the only penalty would be a refund of the excess, and whether this would happen is not determined at this time.

Very truly yours,

JNO. J. O'TOOLE,  
City Attorney.

#### Discussion.

Supervisor Roncovieri discussed the proposed tax rate ordinance, explaining the reasons for increases in various items over the amounts of the previous year, such as provision for indigent sick and dependent poor, and new or increased appropriations due to San Francisco's participation in the Exposition in 1939; also decrease in transfer to the General Fund from Water Department surplus, because of increase in the requirements for water bonds redemption.

Supervisor Uhl objected to statement made by Supervisor McSheehy, that the approval of proposed Charter Amendment to provide for distribution of Hetch Hetchy power would result in a direct cut of 25 per cent to the rate payers using electricity living in the zone called for in his amendment, on the grounds that such saving to the rate payers had not been demonstrated.

#### Passed for Second Reading.

Thereupon, the Tax Rate Ordinance, as amended by the deletion of the emergency section, was *passed for second reading* as follows:

The following recommendation of the Finance Committee was taken up:

**Confirming Sale of City Property in Stanislaus County To The State of California.**

(Code No. 12.17251)

Resolution No. 4197, as follows:

Whereas, pursuant to Ordinance No. 12.172511, Bill No. 1609, the Director of Property advertised in the official newspaper that bids would be received by him on August 5, 1938 for the sale of the following described City owned property situated in the County of Stanislaus, State of California:

Parcel 1. A strip of land 50 feet in width and being a portion of that certain 6.905 acre tract of land described as Parcel I in deed recorded July 18, 1923, in Book 29 at page 203, Official Records of Stanislaus County. Said strip of land is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly boundary of said 6.905 acre tract of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 6.905 acre tract of land and on the southeasterly end by the easterly boundary of said 6.905 acre tract of land.

Parcel 2. A right of way easement for the construction, maintenance and use of a state highway over a portion of that certain 110 foot strip of land described as Parcel II in deed recorded July 18, 1923, in Book 27 at page 330, Official Records of Stanislaus County. Said right of way is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly end of said 110 foot strip of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 110 foot strip of land and on the southeasterly end by the southeasterly boundary of said 110 foot strip of land.

The City and County of San Francisco shall have the right to construct, reconstruct, maintain, operate, repair and/or use existing and future water, transmission and other utility structures over, across and/or beneath the above described Parcel 2.

Whereas, in response to said advertisement the State of California offered to purchase said property for the sum of \$1,022.50 cash, no higher bids having been made or received; and

Whereas, said sum of \$1,022.50 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$1,022.50; and

Whereas, the Public Utilities Commission has recommended the sale of said property. Now, therefore, be it

Resolved, That said offer be and is hereby accepted. Be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of said property to the State of California. The Director of Property shall deliver said deed to the Grantee upon receipt of the purchase price.

Recommended: E. G. Cahill, Manager of Utilities.

Approved: Joseph J. Phillips, Director of Property.

Form Approved: Jno. J. O'Toole, City Attorney.

The following recommendation of the Finance Committee was taken up:

**Approving California Bantam & Wild Bird Exposition, and Providing for Future Exhibitions.**

(Code No. 5.93)

Resolution No. 4198, as follows:

Whereas, California Exhibitors Association, a non-profit corporation, did, from April 27, 1938, to May 1, 1938, both dates inclusive, conduct a fair and exposition called "California Bantam & Wild Bird Exposition" in the City and County of San Francisco; and

Whereas, the said fair and exposition was most favorably received by the public and created widespread public interest as shown by attendance records, press reports and comments of the members of this Board of Supervisors who attended the said fair and exposition; and

Whereas, certain members of this Board of Supervisors had prior

to the said exposition given thereto their sincere cooperation and support to the said California Exhibitors Association; and

Whereas, said fair and exposition was conducted as an exposition for and on behalf of the City and County of San Francisco; and

Whereas, the said California Exhibitors Association did expend one thousand two hundred (\$1,200) dollars for premiums and prizes to exhibitors at said exposition and four thousand seven hundred four (\$4,704) dollars for permanent improvements and equipment in the nature of coops, pens and other paraphernalia used in and about said exposition which the said Association is desirous of turning over to the City and County of San Francisco to be used in future exhibitions; and

Whereas, said California Exhibitors Association proposes to conduct during the year 1939 a fair and exposition of pet stock, flowers and other products of the City and County of San Francisco as distinguished from the products ordinarily exhibited by rural communities, the said exhibition to be called "San Francisco County Fair" and to be held in the City and County of San Francisco: Now, therefore, be it

Resolved, That the fair and exposition conducted by California Exhibitors Association from April 27, 1938, to May 1, 1938, inclusive, be ratified and confirmed as the first of a series of two county fairs to be conducted by California Exhibitors Association, as the agency of the City and County of San Francisco and that the second fair be conducted during the year 1939 at a date or dates to be agreed upon hereafter, the same to be held under the auspices of the California Exhibitors Association, provided that the plans and budget for the 1939 fair be first approved by the Chief Administrative Officer of the City and County of San Francisco: Be it

Further Resolved, That the Controller of the City and County of San Francisco be, and he is, hereby authorized and directed, to apply to the State of California in accordance with the provisions of the Horse Racing Act, Act 3421 Deering General Laws, for the sum of five thousand nine hundred four (\$5,904) dollars to be paid from the "Fair and Exposition Fund" established under said Act, to be used to reimburse California Exhibitors Association for the sums expended during the 1938 fair for prizes, premiums and permanent improvements, and that upon the receipt of the money so applied for the California Exhibitors Association be so reimbursed by the City and County of San Francisco.

**Extension of Time, Contract for Dredging of Yacht Harbor, etc.**

(Code No. 9.09)

Resolution No. 4178, as follows:

Whereas, The Contract Procedure Ordinance of the Board of Supervisors of the City and County of San Francisco provides, in part, that when the expenditure by contract by a Commission exceeds the sum of one thousand dollars (\$1,000), such contract shall be let to the lowest reliable and responsible bidder at any time not less than ten (10) days after the last date of the publication of the call for bids or more than twenty (20) days after the receipt of bid, unless the time of letting such contract be extended by resolution of the Board of Supervisors, upon the recommendation of the department head, board or commission responsible for such award; and

Whereas, The Board of Park Commissioners of the City and County of San Francisco did receive bids for the dredging of Yacht Harbor on June 27, 1938; and for the regrading and resurfacing of eleven tennis courts at the Palace of Fine Arts on June 28, 1938; and for the wearcoat resurfacing of seven tennis courts at the Palace of Fine Arts on June 28, 1938; and

Whereas, due to the absence of Park Commissioners on vacation the Park Commission, on account of the lack of a quorum, was

unable to meet and award the aforesaid contracts in compliance with the contract procedure ordinance; now, therefore, be it

Resolved, That the time for the letting of the said contracts be extended from twenty days to sixty days after receipt of bids.

Approved as to form: John J. O'Toole, City Attorney.

**City Planning Commission and Secretary Authorized to Attend Convention of the League of California Municipalities at Santa Barbara, September 8, 9 and 10, 1938.**

(Code No. 5.93)

Also, Resolution No. 4200, as follows:

Whereas, the League of California Municipalities will hold its annual convention on the 8th, 9th and 10th days of September, 1938, at the City of Santa Barbara, California, and

Whereas, the various City Planning Commissions of the municipalities of the State of California will conduct a conference during the said convention, at the same place, and

Whereas, the City Planning Commission of the City and County of San Francisco should be represented at, and participate in said conference; therefore, be it

Resolved, That the said City Planning Commission of the City and County of San Francisco, and the Secretary therefor, be, and they are hereby authorized to attend said convention at said time and place.

### Creating Underground District, Geary Street, Geary Boulevard and Point Lobos Avenue.

(Code No. 11.12)

Bill No. 1667, Ordinance No. 11.1224, as follows:

Amending Order No. 214 (Second Series), entitled, "Providing for Placing Wires and Conduits Underground in the City and County of San Francisco," by adding a new section to be known as Section ZZZ.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Order No. 214 (Second Series), the title of which is recited above, is hereby amended by adding a new section to be known as Section ZZZ.

Section ZZZ. An additional district to those heretofore described within which it shall be unlawful to maintain poles and overhead wires, except trolley poles and wires, after August 1, 1941, is hereby designated, to-wit:

Underground District No. 81. Geary street, from Divisadero street to Presidio avenue; Geary boulevard, from Presidio avenue to Forty-second avenue; Point Lobos avenue, from Forty-second avenue to the Great Highway.

## Passed for Second Reading.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

**Adding Section 133-D to Ordinance No. 1008 (New Series), "Building Law," Relating to Dwellings of Reinforced Concrete.**

(Code No. 11.0826)

Bill No. 1697, Ordinance No. 11.08, as follows:

Amending Ordinance No. 1008 (New Series), entitled, "Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Buildings; Regulating Character and Use of Materials in and for Buildings; Establishing Fire Limits and Repealing All Ordinances in Conflict With This Ordinance," by adding thereto a new section to be known as Section 133-D, relating to dwellings of reinforced concrete.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended by adding thereto a new section to be known as Section 133-D, and to read as follows:

Section 113-D—Dwellings of Reinforced Concrete: Dwellings of reinforced concrete, one or two stories in height, with or without basements, may be constructed with bearing or partition walls of solid monolithic reinforced concrete, or of pre-cast hollow concrete masonry units reinforced after assembly, or of various combinations thereof, subject to the following requirements:

Solid monolithic reinforced concrete bearing walls shall have a minimum thickness of six (6) inches for one-story dwellings. For two-story dwellings the first story walls shall have a minimum thickness of eight (8) inches, and the second story walls a minimum thickness of six (6) inches. Basement walls shall have a minimum thickness of eight (8) inches, and shall be of reinforced concrete.

When the total length of all openings in any story exceeds fifty (50) per cent of the total length of wall, the minimum thickness of wall shall be eight (8) inches.

The minimum width of wall between adjacent openings shall be twelve (12) inches, and the minimum width between any opening and the end of a wall or to an offset shall be eighteen (18) inches; except when adequate additional reinforcing is provided.

Pre-cast hollow concrete masonry units shall be made from Portland cement and suitable aggregates such as sand, gravel, crushed stone, cinders, burned clay or shale and blast furnace slag. The average compressive strength, in pounds per square inch of gross cross-sectional area as laid in the wall, shall be not less than the following:

<i>Minimum Face Shell Thickness in Inches</i>	<i>Compressive Strength Mean of 5 Tests — Individual Minimum</i>	
1¼ or over	700	600
Under 1¼ and over ¾	1000	800

Units which will be exposed to the weather or soil in the finished work, without brick, stucco or other protective covering not less than one-half (½) inch thick, shall not absorb more than fifteen (15) pounds of water per cubic foot of concrete actually contained. The ratio of cellular space to total volume of any individual unit shall not exceed forty-five (45) per cent.

The working stresses in hollow concrete masonry bearing walls laid end construction in lime-cement and cement mortars shall not exceed the following values, applied on the net area except as noted:

	<i>Lime-Cement Mortar</i>	<i>Cement Mortar</i>
Compression in flexure.....	140	160
Tension .....	10	12
Shear .....	10	12
Direct compression over gross area..	70	80

Continuous reinforced bond beams shall be located at every floor and at roof line, and bond columns shall be located at every corner and at intermediate points in the wall not exceeding twelve (12) feet. Such bond beams and columns shall not be less in thickness than the thickness of the wall, and shall have a minimum depth of eight (8) inches, reinforced with at least four (4) one-half ( $\frac{1}{2}$ ) inch round deformed bars, the bars being tied together with metal ties not less than one-fourth ( $\frac{1}{4}$ ) inch in diameter nor more than twelve (12) inches on centers.

Systems of bearing wall construction wherein reinforced concrete studs or columns, 4-inch by 4-inch minimum size, are formed along the length of the wall by filling the cells of hollow masonry units at intervals of four (4) feet or less, shall have the studs reinforced with the equivalent of four (4) three-eighths ( $\frac{3}{8}$ ) inch round bars, properly tied and bonded, in each four (4) foot length of wall, and at all corners, adequately anchored to the wall footings and to horizontal bond beams at floors and at roof line.

Bearing walls of concrete masonry units complying with the above requirements shall have a minimum thickness of eight (8) inches. Basement walls of masonry units shall be of a minimum thickness of eight (8) inches for one-story dwellings, and ten (10) inches for two-story dwellings.

Walls below grade shall be laid in cement mortar and all cells shall be filled solid with concrete.

Non-bearing partition walls of reinforced concrete or concrete masonry units shall have a minimum thickness of four (4) inches.

*Passed for second reading by the following vote:*

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Reilly—3.

**Amending Sections 46 and 48 of Ordinance No. 1008 (New Series),  
"Building Law."  
(Code No. 11.08)**

Also, Bill No. 1700, Ordinance No. 11.0827, as follows:

Amending Sections 46 and 48 of Ordinance No. 1008 (New Series), entitled, "Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Building; Regulating Character and Use of Materials in and for Buildings, Establishing Fire Limits and Repealing All Ordinances in Conflict with This Ordinance," in Section 46 as to second paragraph thereof governing ultimate strength of structural steel and in Section 48 as to paragraph "A" thereof, relating to permissible tension on rolled steel, and as to paragraph "C" thereof, relating to permissible stresses in bending steel.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 46 of Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended to read as follows:

All structural steel used in buildings shall be free from seams, flaws, cracks, defective edges or other defects, and shall have a smooth uniform finish. All structural steel used in beams and columns and in other large members shall have an ultimate tensile resistance of from 60,000 pounds to 72,000 pounds per square inch, a yield point minimum of one-half of its ultimate strength, but in no case less than 33,000

pounds per square inch, and a percentage of elongation in two inches equal to 22 per centum. Such steel shall also bend to 180 degrees to a diameter equal to the thickness of the piece tested without fracture on the outside of the bent portion when tested in a test piece.

Rivet steel shall have an ultimate resistance of from 48,000 pounds to 58,000 pounds per square inch, an elastic limit not less than one-half of its ultimate strength, and a percentage of elongation in eight inches equal to 26 per centum.

Section 2. Section 48 of Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended to read as follows:

*Allowable Stresses*

Section 48. All parts of the structure shall be so proportioned that the sum of the maximum static stresses in pounds per square inch shall not exceed the following:

- (a) *Tension*—
  - Rolled steel on net section..... 20,000
  - Cast steel on net section..... 16,000
- (b) *Compression*—
  - Rolled steel on short lengths or where lateral deflection is prevented ..... 18,000
  - Cast steel ..... 16,000
  - On gross section of columns,  
18,000
  - $$1 + \frac{L^2}{18,000r^2}$$

with a maximum of..... 15,000

In which L is the unsupported length of the column, and r is the corresponding least radius of gyration of the section, both in inches.

For main compression, the ratio L/r shall not exceed 120, and for bracing and other secondary members, 200.

- (c) *Bending*—
  - On extreme fibres of rolled shapes, and built up sections, net section, if lateral deflection is prevented.. 20,000

When the unsupported length L exceeds 15 times b, the width of the compression flange, the stress in pounds per square inch in the latter shall not exceed

$$\frac{20,000}{1 + \frac{L^2}{2,000b^2}}$$

The laterally unsupported length of beams and girders shall not exceed 40 times b the width of the compression flange.

On extreme fibres of pins, when the forces are assumed as acting at the center of gravity of the pieces..... 27,000

- (d) *Shearing*—
  - On pins ..... 13,500
  - On power-driven rivets ..... 13,500
  - On turned bolts in reamed holes with a clearance of not more than 1/50 of an inch..... 13,500
  - On hand-driven rivets ..... 10,000
  - On unfinished bolts ..... 10,000
  - On the gross area of the webs of beams and girders,

where  $h$ , the height between the flanges in inches, is not more than 60 times  $t$ , the thickness of the web in inches ..... 12,000

On the gross area of the webs of beams and girders if the web is not stiffened where  $h$ , the height between flanges in inches is more than 60 times  $t$ , the thickness of the web, the maximum shear per square inch,

$$S \text{ shall not exceed } \frac{A}{1 + \frac{h^2}{7,200t^2}}$$

In which  $S$  is the total shear, and  $A$  is gross area of web in square inches,

	Double Shear	Single Shear
(e) <i>Bearing</i> —		
On pins .....	30,000	24,000
On power-driven rivets .....	30,000	24,000
On turned bolts in reamed holes.....	30,000	24,000
On hand-driven rivets .....	20,000	16,000
On unfinished bolts .....	20,000	16,000
On expansion rollers per lineal inch, 600 times the diameter of the roller in inches.		

#### *Beams and Girders*

(a) Rolled beams shall be proportioned by the moment of inertia of their net section. Plate girders with webs fully spliced for tension and compression shall be so proportioned that the unit stress on the net section does not exceed the stresses specified as determined by the moment of inertia of the net section.

(b) Plate girder webs shall have a thickness of not less than  $1/60$  of the unsupported distance between the flanges.

(c) Web splices shall consist of a plate on each side of the web capable of transmitting the full stress through the splice rivets.

(d) *Stiffeners*. Stiffeners shall be required on the webs of rolled beams and plate girders at the ends and at points of concentrated loads, and at other points where  $h$  the clear distance between flanges is greater than  $85t\sqrt{18,000 (A/S) - 1}$ , in which  $t$  is the thickness of the web. When stiffeners are required, the distance in inches between them shall not be greater than  $85t\sqrt{18,000 (A/S) - 1}$ , or not greater than 6 feet. When  $h$  is greater than 60 times  $t$  the thickness of the web of a plate girder, stiffeners shall be required at distances not greater than 6 feet apart. Stiffeners under or over concentrated loads shall be proportioned to distribute such loads into the web.

Plate girder stiffeners shall generally be in pairs, one on each side of the web, and shall have a close bearing against the flange angles at points of concentrated loadings; stiffeners over the end bearings shall be on plate filters. The pitch of rivet in stiffeners shall not exceed 6 inches.

(e) Flange plates of all girders shall be limited in width so as not to extend more than 6 inches or more than 12 times the thickness of thinnest plate beyond the outer row or rivets connecting them to the angles.

(f) Crane runway girders and the supporting framework shall be proportioned to resist the greatest horizontal stresses caused by the operation of the cranes.

(g) Rivets connecting the flanges to the web at points of direct load on the flange between stiffeners shall be proportioned to carry the resultant of the longitudinal and transverse shears.

(h) Rivets connecting the flanges to the webs of plate girders and of columns subjected to bending shall be so spaced as to carry the increment of the flange stress between the rivets.

### Regulating the Operation and Use of Bicycles.

(Code No. 3.041)

Bill No. 1698, Ordinance No. 3.041171, as follows:

Regulating the operation or use of bicycles propelled wholly or in part by muscular power, upon streets and public highways in the City and County of San Francisco, and providing a penalty for a violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. No person shall operate or use a bicycle propelled wholly or in part by muscular power upon any streets or public highways of the City and County of San Francisco, without first obtaining from the Tax Collector a license therefor.

Section 2. The Tax Collector is hereby authorized and directed to issue, upon written application, bicycle licenses which shall be effective for one calendar year. All such licenses shall be dated January 1st of the year issued. When issued, such licenses shall entitle the licensee to operate such bicycle for which the license has been issued, upon all the streets and public highways, exclusive of the sidewalks thereof, in the City and County of San Francisco.

Section 3. The Tax Collector shall provide each year metallic license plates and seals, together with registration cards and isinglass holders therefor. Said metallic license plates and registration cards shall have numbers stamped thereon in numerical order, beginning with Number 1, and shall indicate the year for which they are issued, and shall have the letters "SFBL" stamped thereon. Such metallic license plates shall be suitable for attachments upon the frames of bicycles. It shall be the duty of the Tax Collector to attach one such metallic license plate to the frame of each bicycle and to issue a corresponding registration card to the licensee upon the payment of the license fee. Such metallic license plate shall remain attached during the valid period of such license. The Tax Collector shall keep a record of the date of issuance of such license, the person to whom issued and the number thereof.

Section 4. All persons engaged in the business of buying second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving the name and address of the person from whom each bicycle is purchased, the description of each bicycle purchased, the frame number thereof, and the number of the metallic license plate found thereon, if any. All persons engaged in the business of selling

new or second-hand bicycles are hereby required to make a daily report to the Chief of Police, giving a list of all sales made by such dealers, which list shall include the name and address of each person to whom sold, the kind of bicycle sold, together with a description and frame number thereof, and the number of the metallic license plate attached thereto, if any.

Section 5. It shall be the duty of every person who sells or transfers ownership of any bicycle to report such sale or transfer by returning to the Tax Collector the registration card issued to such person as licensee thereof, together with the name and address of the person to whom said bicycle was sold or transferred. Such report shall be made within five (5) days of the date of said sale or transfer. It shall be the duty of the purchaser or transferee of such bicycle to apply for the transfer of registration therefor, within five (5) days of said sale or transfer.

Section 6. No persons shall wilfully or maliciously remove, destroy, mutilate or alter the number of any bicycle frame licensed pursuant to this section.

Section 7. No person shall remove, destroy, mutilate or alter any license plate, seal or registration card during the time in which such plate, seal or card is operative. Nothing in this section shall prohibit the Tax Collector from stamping numbers on the frames of bicycles on which no serial number can be found, or on which the number is illegible or insufficient for identification purposes.

Section 8. For the first annual license issued pursuant to this section, the sum of 50 cents shall be paid. For each annual renewal of any such license, or for the issuing of a duplicate for a lost, destroyed or defaced license plate, the sum of 25 cents shall be paid.

In cases where a transfer of ownership is made in the manner prescribed by this section the fee for transfer of the license shall be the sum of 25 cents.

Section 9. Any person, or persons, violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than five hundred dollars (\$500.00), or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

### Passed for Second Reading.

The Finance Committee presented the following:

### Authorizing Tax Anticipation Notes.

(Code No. 9.033)

Bill No. 1701, Ordinance No. 9.03310, as follows:

Determining that funds are needed for the immediate requirements of the City and County of San Francisco for the fiscal year 1938-39 in accordance with appropriations made, as authorized by the Charter of said City and County of San Francisco, for said fiscal year; determining that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; authorizing the Board of Supervisors of said City and County of San Francisco to borrow on its behalf the sum of \$8,000,000 solely for the purpose of anticipating receipt of income, and to cause to be issued notes or other evidences of indebtedness evidencing the amount or amounts so borrowed, which notes shall be payable exclusively out of taxes levied and collected by said City and County for said fiscal year 1938-39 providing that the principal amount of said notes together with the interest thereon shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which such money shall be borrowed and shall be repaid from the first moneys received from said taxes; and providing for the sale of said notes or evidences of indebtedness as provided by law and for the payment of the principal thereof and the interest thereon.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of \$8,000,000 is needed for the immediate requirements of said City and County in the fiscal year 1938-39, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1939, and which may be paid in advance of receipt of the income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of \$8,000,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated aggregate amount of all taxes actually levied by said City and County for said fiscal year is \$33,384,852, and that said sum of \$8,000,000 does not exceed twenty-five (25) per centum of said estimated aggregate amount of all taxes actually levied for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and County, solely for the purpose of anticipating receipt of income, the sum of \$8,000,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as aforesaid, there is hereby authorized to be issued by said City and County of San Francisco tax anticipation notes of said City and County of San Francisco in the aggregate principal amount of \$8,000,000. Said notes shall be in the denomination of not less than \$1,000 each, nor more than \$100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County shall be affixed thereto. Said notes shall bear such interest as may be hereafter fixed by resolution of said Board of Supervisors at or after the time said notes are sold, as hereinafter provided which said interest shall in no case exceed six (6) per cent per annum, and full authority is hereby given to said Board of Supervisors to fix by resolution the rate of interest on said notes and each or any of them. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes together with the interest thereon, issued and delivered under authority of this ordinance, shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1938-39 and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1939, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1938-39; irrespective of the date of the receipt thereof, it being the intent and purpose of this ordinance to provide for the payment of all notes issued hereunder out of the taxes levied for said fiscal year 1938-39 and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

(c) Each of said notes shall be substantially in the following form, to-wit:

CITY AND COUNTY OF SAN FRANCISCO TAX  
ANTICIPATION NOTE  
FISCAL YEAR 1938-1939

No..... \$.....  
San Francisco.....193...

On the.....day of....., 193..., the City and County of San Francisco, a municipal corporation organized and existing under and by virtue of the laws of the State of California, promises to pay to the bearer hereof, out of the funds hereinafter mentioned, at the office of the Treasurer of said City and County of San Francisco, the sum of.....dollars, in lawful

money of the United States of America, with interest thereon at the rate of.....per cent per annum from date until paid.

This note is one of an issue of notes aggregating in principal amount the sum of eight million (\$8,000,000) dollars authorized to be issued under and pursuant to an ordinance of the Board of Supervisors of said City and County of San Francisco, enacted under authority of Section 81 of the Charter of said City and County. Both the principal of and interest on this note and all other notes of said issue are payable exclusively out of taxes levied and collected by said City and County of San Francisco for the fiscal year 1938-39, without preference or priority of any one note over any other note of this issue by reason of prior issuance, or otherwise, and said notes issued and delivered under authority of said ordinance shall constitute a first lien and charge against said taxes collected during the half of said fiscal year 1938-39, in which the money represented by said notes, respectively, shall be borrowed, and shall be repaid from the first moneys received from said taxes and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness.

Any of said notes not paid at or prior to maturity shall, nevertheless, be paid out of moneys received from the taxes for said fiscal year 1938-39 irrespective of the date the same shall be so received.

It is hereby certified, recited and declared that this note is issued in strict conformity with the Constitution and laws of the State of California, and with the Charter of the City and County of San Francisco, and with proceedings of said City and County of San Francisco authorizing the same, and that all acts, conditions and things required to exist, happen and to be performed precedent to, and in the issuance of, this note, have existed, happened and been performed in regular and due time, form and manner as required by law, and that this note, together with all indebtedness and obligations of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or the Charter of said City and County.

In witness whereof, said City and County of San Francisco has caused this note to be signed by the President of the Board of Supervisors of said City and County of San Francisco, and by the Controller of said City and County and to be countersigned by the Treasurer thereof, and the seal of said City and County to be affixed thereto the day and year first above written.

.....  
President of the Board of Supervisors  
of the City and County of San Francisco.

.....  
Controller of the City and County of  
San Francisco.  
Countersigned:

.....  
Treasurer of the City and County of  
San Francisco.

(d) Said Board of Supervisors, on behalf of said City and County of San Francisco, hereby confirms all recitals, declarations, certificates

and promises contained in said notes, and each thereof, issued under and pursuant to this ordinance.

(e) At the time of the sale of any of said notes as hereinafter provided, and prior to the delivery thereof, the Treasurer of the said City and County of San Francisco shall date the same as of the date of delivery thereof and insert therein the denomination thereof and the rate of interest thereon as provided by resolution of said Board of Supervisors.

Section 4. The aforesaid notes shall be issued and offered for sale by the Board of Supervisors at such time (prior to May 15, 1939), as may from time to time be provided by resolution of said Board, so as to meet the immediate requirements of said City and County of San Francisco, as aforesaid. Each such sale shall be made to the bidder offering to accept and pay for the note or notes so sold at the lowest net interest cost to said City and County computed from the date fixed for the presentation of bids to December 21, 1938 (in the case of such notes as shall be sold in the first half of said fiscal year), or to May 15, 1939 (in the case of such notes as shall be sold in the second half of said fiscal year); provided, however, that none of said notes shall be sold for less than the face amount thereof and accrued interest thereon to the date of delivery thereof.

Section 5. The principal and interest of all of said notes issued and sold as aforesaid shall be paid only upon the surrender thereof. All of said notes not sold prior to May 15, 1939, shall be cancelled.

Section 6. If any section, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or void, such decision shall not affect the validity of any other portion of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, paragraphs, sentences, clauses or phrases be declared unconstitutional or void for any reason.

### Calling Special Election September 27, 1938, For Issuance of Bonds For Various Public Improvements.

(Code No. 12.129)

Bill No. 1669, Ordinance No. 12.1291, as follows:

An Ordinance calling a special election in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the electors of the City and County of San Francisco the following propositions of incurring bonded indebtedness of said city for the acquisition, construction and completion of each of the following improvements, to-wit: (1) Sewers; (2) Courts Building; (3) Yacht Harbor; (4) Schools; (5) Welfare Building; (6) Playgrounds; (7) Livestock Pavilion: declaring the estimated cost of said improvements and each thereof, the amount of the principal of said indebtedness to be incurred for each thereof and the maximum rate of interest to be paid thereon; fixing the date of said election, the manner of holding the same, establishing election precincts and polling places for said election and appointing boards of election therefor, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the qualified electors of said City and County the several questions of incurring bonded indebtedness of said City and County for the objects and purposes set forth in each of the following several propositions, to-wit:

PROPOSITION No. 1: Shall the City and County of San Francisco (Sewer Bonds) incur a bonded indebtedness in the principal amount of \$4,200,000 for the acquisition, construction and completion of the following municipal improvement, to-

wit: The construction of new sewers, sewer replacements and the construction and extension of sewage treatment plants and pumping stations within the City and County of San Francisco, together with all appurtenances and lands that may be necessary for the construction, replacement and extension of sewers, sewage treatment plants and pumping stations, the work to be performed in the east of Van Ness avenue district, west of Van Ness avenue district, south of Market and Mission streets districts, Sunset-Parkside and West of Twin Peaks districts and Park-Presidio district?

**PROPOSITION No. 2:** Shall the City and County of San Francisco (Courts Building Bonds) incur a bonded indebtedness in the principal amount of \$3,828,000 for the acquisition, construction, completion and furnishing of the following municipal improvement, to-wit: A Courts Building in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and Municipal courts, and for other courts that may be hereafter created, for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or offices of the City and County of San Francisco as may be accommodated therein?

**PROPOSITION No. 3:** Shall the City and County of San Francisco (Yacht Harbor Bonds) incur a bonded indebtedness in the principal amount of \$700,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: The extension and improvement of the existing Yacht Harbor in the Bay of San Francisco, by the construction of a concrete pier, approaches, service wharves, landing stages and mooring piles for yacht berths and the installation of electric lighting, water supply and other utilities and the construction of light houses at each end of the concrete pier designed to light the harbor entrances and all intended for the safe and better enjoyment of the Yacht Harbor?

**PROPOSITION No. 4:** Shall the City and County of San Francisco (School Bonds) incur a bonded indebtedness in the principal amount of \$2,800,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: New school house buildings in the City and County of San Francisco and the acquisition of certain lands therefor, including the furnishings and structures necessary to be used in and about said school house buildings?

**PROPOSITION No. 5:** Shall the City and County of San Francisco (Welfare Building Bonds) incur a bonded indebtedness in the principal amount of \$225,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: A Welfare Building to be erected for the use of the Public Welfare Department on the west side of Gough street between Page and Rose streets in the City and County of San Francisco, on land owned by the said City and County of San Francisco, and to properly furnish and equip the said building?

**PROPOSITION No. 6:** Shall the City and County of San Francisco (Playground Bonds) incur a bonded indebtedness in the principal amount of \$900,000 for the acquisition, construction, completion, equipping and furnishing of playground structures and other improvements, all of which said playgrounds are located within the City and County of San Francisco?

**PROPOSITION No. 7:** Shall the City and County of San Francisco (Livestock Pavilion Bonds) incur a bonded indebtedness in the principal amount of \$525,000 for the construction and completion of the following improvement,

to-wit: Buildings on the property of Agricultural District 1A, all designed for agricultural, horticultural, viticultural and livestock fairs and exhibitions, floral displays, exhibitions of industries, county fairs and of expositions, including all furniture, fixtures and other works, property and appliances necessary or convenient for the proper exercise of the functions of the City and County of San Francisco?

That the estimated cost of said proposed municipal improvement above described as Proposition No. 1 (Sewer Bonds) is the sum of \$4,200,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$4,200,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 2 (Courts Building Bonds) is the sum of \$3,828,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$3,828,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 3 (Yacht Harbor Bonds) is the sum of \$700,000, and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the sum of \$700,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 4 (School Bonds) is the sum of \$2,800,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$2,800,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 5 (Welfare Building Bonds) is the sum of \$225,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$225,000. That the estimated cost of said proposed municipal improvement above described as Proposition No. 6 (Playground Bonds) is the sum of \$900,000, and the amount of the principal of said indebtedness to be incurred for said municipal improvement is the sum of \$900,000. That the estimated cost of said proposed improvement above described as Proposition No. 7 (Livestock Pavilion Bonds) is the sum of \$525,000, and the amount of the principal of said indebtedness to be incurred for said improvement is the sum of \$525,000.

None of the bonds described in Proposition No. 1 (Sewer Bonds,) Proposition No. 2 (Courts Building Bonds,) Proposition No. 3 (Yacht Harbor Bonds,) Proposition No. 4 (School Bonds,) Proposition No. 5 (Welfare Building Bonds) or Proposition No. 6 (Playground Bonds,) or any thereof, shall be offered for sale or sold unless the United States Government through one of its agencies shall make, or agree to make, a grant to the City and County of approximately forty-five (45) per cent of the estimated cost of the respective projects (exclusive of land) for which such bonds are proposed to be issued, as determined by the Administrator of the Federal Emergency Administration of Public Works.

It is contemplated that said grants to the amount aforesaid will be received by the City and County of San Francisco in cash and if so received the amount thereof will be applied to the payment of the principal and interest of said bonds herein proposed to be issued for the respective project for which such grant is received. Any sums which may be received upon any such grant, in excess of 45 per cent of the estimated cost of any such proposed improvement, may be applied in the discretion of the Board of Supervisors either to the payment of the cost of such proposed improvement or to the payment of the principal and interest of the bonds proposed to be issued therefor. If any grant in respect of any such project so made by the United States of America or any agency thereof, is conditioned or is to be applied solely to the payment of the cost of the improvement for which such

grant is made, then the total amount of bonds herein proposed to be issued in respect of such improvement shall be proportionately reduced and the Board of Supervisors shall withhold from sale, and cancel, an amount of bonds equal to the amount of the grant so applied to the payment of the cost of such improvement. Said Board of Supervisors reserves the right to adopt such of the foregoing methods of applying any such grant received from the United States of America or any one of its agencies as may be necessary to satisfy any condition imposed by the United States of America or any one of its agencies as a condition precedent to the making of such grant.

Before bonds shall be issued or sold for the construction or completion of the livestock pavilion referred to as Proposition No. 7, the State of California shall contribute to Agricultural District No. 1A, the sum of \$300,000, or said contribution shall be made from one of the agencies of the State of California.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby submit to the qualified electors of said City and County at said special election the said several propositions set forth in Section 1 of this ordinance and designated respectively Proposition No. 1 (Sewer Bonds), Proposition No. 2 (Courts Building Bonds), Proposition No. 3 (Yacht Harbor Bonds), Proposition No. 4 (School Bonds), Proposition No. 5 (Welfare Building Bonds), Proposition No. 6 (Playground Bonds) and Proposition No. 7 (Livestock Pavilion Bonds), and designates and refers to each of said propositions in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition or propositions which carry by the affirmative vote of two-thirds of the qualified electors of said City and County voting upon such proposition or propositions, shall be issued and sold for the purposes specified in such proposition or propositions which receive such affirmative two-thirds vote. The votes cast for and against each proposition hereby submitted shall be counted separately and when two-thirds of the qualified electors voting on any one of such propositions at said election vote in favor thereof, such proposition shall be deemed adopted.

The maximum rate of interest to be paid upon said indebtedness created in all said propositions shall be six per cent (6%) per annum payable semi-annually. All bonds issued to represent any indebtedness authorized under any of said propositions herein submitted shall be of the denomination of One Thousand Dollars (\$1,000) each, and in the case of Proposition No. 3 (Yacht Harbor Bonds), Proposition No. 5 (Welfare Building Bonds), Proposition No. 6 (Playground Bonds) and Proposition No. 7 (Livestock Pavilion Bonds), these bonds shall be retired within five (5) years from date of issuance. In the case of Proposition No. 4 (School Bonds), these bonds shall be retired within ten (10) years from the date of issuance. In the case of Proposition No. 1 (Sewer Bonds) and Proposition No. 2 (Courts Building Bonds), these bonds shall be retired within fifteen (15) years from the date of issuance; provided, however, that in the case of any bonds issued for any authorized revenue producing public works, plant, utility or property, the Board of Supervisors may in its discretion determine and fix a day for the earliest maturity of the principal of such bonds not more than ten (10) years from the date of the issue thereof, and, provided, further, that bonds issued pursuant to said proposition designated in Section 1 of this ordinance as Proposition No. 7 (Livestock Pavilion Bonds) shall be payable One Hundred and Five Thousand Dollars (\$105,000) principal amount in each of the years from one (1) to five (5) years after their date.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particu-

lars not herein recited, such election shall be held as provided by law for holding city and county elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at seven (7) o'clock in the morning of said day of election and shall be kept open continuously thereafter until eight (8) o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. For the conduct of said special election the City and County of San Francisco is hereby divided into One Thousand and Fifty-five (1055) special election precincts. The territory embraced within each of said precincts hereinafter numbered shall consist of the precincts bearing a like number as now established of record by the Registrar of Voters of the City and County of San Francisco for general state and county election purposes. Said precincts and polling places therein for the conduct of said election are as follows, with the names of the officers serving therein:

[Here follows the list of voting places and officers to serve at the special election as designated by the Registrar of Voters:]

Section 5. The ballots to be used at said special election shall be substantially in the following form, to-wit:

No.	No.	Stamp crosses (X) on ballot ONLY WITH RUBBER STAMP; never with pen or pencil.
		(Fold ballot to this line, leaving top margin exposed.)

#### MUNICIPAL TICKET.

To vote for the proposition and thereby incur a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "YES".

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO".

All marks except the cross (X) are forbidden.

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the Inspector of Election and obtain another.

	NO	

Where voting machines are used at said special election, said propositions shall appear thereon substantially in the form above set forth in said ballots to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon any or all of the propositions hereby submitted at said special election.

WHERE BALLOTS ARE USED, each voter to vote for any proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against any proposition and against incurring said indebtedness set forth on such proposition, shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of such proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" to the right of any proposition shall be counted as a vote in favor of such proposition and to authorize the incurring of a bonded debt to the amount of and for the

purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of any proposition shall be counted as a vote against such proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

WHERE VOTING MACHINES ARE USED at said special election, said voting machines shall be so arranged that any qualified elector may vote for any proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting machines shall also be arranged so that any qualified elector may vote against any proposition by pulling down a lever over the word "NO" under or near a statement of any proposed proposition appearing on cardboard, paper or other material placed on the front of the machine which said act shall constitute a vote against such proposition. Said voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy; provided that if the maturity of the indebtedness created by any issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity; provided, further, that in the case of said bonds issued pursuant to said proposition designated in section 1 of this ordinance as Proposition No. 7 (Livestock Pavilion Bonds) such tax shall be, in any event, sufficient to raise annually for the first one-half of the term said bonds have to run a sum sufficient to pay the interest thereon, and during the balance of the term sufficient to pay such annual interest and to provide annually a proportion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds have to run, and the Board of Supervisors hereby by ordinance provides for the levy of an annual tax sufficient for the purposes aforesaid.

Section 8. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Call-Bulletin, a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County) and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

For the purpose of giving notice of said special election in so far as the same is called for the purpose of authorizing the indebtedness referred to in said Proposition No. 7 (Livestock Pavilion Bonds), as so designated in section 1 of this ordinance (but for no other purpose) this ordinance shall also be published once a week for at least four (4) weeks in said official newspaper, but no defect in such publication shall affect the election hereby called with respect to any proposition

other than said Proposition No. 7 (Livestock Pavilion Bonds) as so designated in said Section 1 of this ordinance.

**Calling Special Election September 27, 1938, for the Issuance of Bonds for Acquisition and Rehabilitation of Properties of Market Street Railway Company in Estimated Sum of \$24,480,000 and Consolidating Said Election with Special Municipal Bond Election.**

(Code No. 15.091)

Bill No. 1673, Ordinance No. 15.09120, as follows:

An ordinance calling a Special Election in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the electors of the City and County of San

Francisco the following proposition of incurring bonded indebtedness of said City for the acquisition, construction and completion of the following improvement, to-wit: Acquisition of operative properties of Market Street Railway Company, rerouting lines, replacing and reconditioning equipment, all construction and new equipment necessary for street railway purposes; declaring the estimated cost of said improvement, the amount of the principal of said indebtedness to be incurred therefor and the maximum rate of interest to be paid thereon; fixing the date of said election, the manner of holding the same, and consolidating said election with the Special Municipal Bond Election to be held in said City and County on September 27, 1938, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the qualified electors of said City and County the question of incurring a bonded indebtedness of said City and County for the objects and purposes set forth in the following proposition, to-wit:

<b>PROPOSITION:</b> (Municipal Railway System)	Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of \$24,480,000 for the acquisition, construction and completion of the following municipal improvement, to-wit:
--	---

The acquisition of the operative properties of the Market Street Railway, the rerouting of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said company and the repair of streets within the rails and on both sides of the rails of said company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters?

That the estimated cost of said proposed municipal improvement is the sum of \$24,480,000. The amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the said sum of \$24,480,000. Of said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of the Market Street Railway Company.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby submit to the qualified electors of said City and County at said special election the proposition set forth in Section 1 of this ordinance, and designates and refers to said proposition in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition shall be issued and sold for the purpose specified in said proposition if two-thirds of the qualified electors voting on such proposition at said election shall vote in favor of said proposition.

The maximum rate of interest to be paid upon said indebtedness created in said proposition shall be six per cent (6%) per annum, payable semi-annually. All bonds issued to represent the indebtedness authorized under said proposition herein submitted shall be of the denomination of one thousand dollars (\$1,000) each. Said bonds shall mature and become payable in not to exceed twenty-five years from their date of issuance; provided, however, that the Board of Supervisors may, in its discretion, determine and fix a date for the earliest maturity of the principal of said bonds not more than three (3) years from the date of issuance thereof, and may divide said

issue into one or more divisions or series, in which event the bonds of each separate division or series shall mature in not to exceed a like number of years from the date of each such division or series, respectively, and the earliest maturity of said bonds of such separate division or series may be postponed for a period of not more than three (3) years from the date of each separate division or series.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided by law for holding City and County elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at seven (7) o'clock in the morning of said day of election and shall be kept open continuously thereafter until eight (8) o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. In accordance with the provisions of law, said election hereby called shall be, and is hereby, consolidated with the special municipal election to be held in said City and County of San Francisco on the 27th day of September, 1938, pursuant to Ordinance No. 12,1291, Bill No. 1669, introduced and passed for second reading by the Board of Supervisors of the City and County of San Francisco on the 15th day of August, 1938, and reference to said Ordinance (a copy whereof is now on file in the office of the Clerk of the Board of Supervisors) is hereby specifically made for a designation of the precincts, polling places and officers of election therein set forth, which precincts, polling places and officers of election are hereby adopted for the election hereby called. Such election shall be held in all respects as if there were only one election, and only one ticket or ballot shall be used thereat, except that the Registrar of Voters may provide that voting machines may be used at said election in lieu of ballots.

Section 5. The ballots to be used at said special election shall have printed thereon, in addition to all other matters required by law, the following:

**PROPOSITION No. 8:** Shall a bonded indebtedness of \$24,480,000 be incurred for acquisition of operative properties of Market Street Railway Company, replacing and reconditioning equipment, construction and new equipment necessary for street railway purposes?

Said proposition shall be numbered in consecutive numerical order to follow the numbers of the propositions to be submitted at the special municipal election with which this election is consolidated.

Where voting machines are used at said special election said proposition shall appear thereon substantially in the form above set forth in the ballot to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon the proposition hereby submitted at said special election.

*Where Ballots Are Used*, each voter to vote for said proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against incurring said indebtedness set forth therein shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. A cross (X) stamped in the voting square on the ballot after

the word "YES" to the right of the proposition shall be counted as a vote in favor of the proposition and to authorize the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of said proposition shall be counted as a vote against said proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

*Where Voting Machines Are Used* at said special election, said voting machines shall be so arranged that any qualified elector may vote for said proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting machines shall also be arranged so that any qualified elector may vote against said proposition by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, which said act shall constitute a vote against such proposition. Said voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy; provided that if the maturity of the indebtedness created by said issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Call-Bulletin, a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County), and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

**Passed for Second Reading.**

The following recommendation of Finance Committee was taken up:

**Authorizing and Directing Tax Collector to Collect Taxes Pursuant to Provisions of Section 3820 of Political Code.**

(Code No. 9.023)

Bill No. 1704, Ordinance No. 9.0232, as follows:

Authorizing and directing the Tax Collector of the City and County of San Francisco to collect taxes on all property, including the taxes on all assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected by the Assessor pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July, and vesting said Tax Collector with all the powers and authority which are by law vested in the Assessor to collect said taxes prior to the last business day in July of each year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, there was added to the laws of the State of California by the Legislature convening in general session during the year 1937, Section 3832 of the Political Code, which authorized the Tax Collector of any county or any city and county by a four-fifths vote of all the members of its Board of Supervisors to collect taxes on assessments of possession of, claim to or right to the possession

of land and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July.

Section 2. And whereas, there is upon the assessment rolls of the City and County of San Francisco a large amount of taxes on personal property which are not a lien upon any real property in the City and County of San Francisco, together with taxes which are assessed by reason of the possession of land as well as upon taxable improvements located on land exempt from taxation.

Section 3. And whereas, said taxes are due and payable to the City and County of San Francisco and the collection thereof will add a large amount of revenue to the City and County of San Francisco.

Section 4. Therefore, the Tax Collector of the City and County of San Francisco is hereby authorized, empowered and directed to collect the taxes on all property, including the taxes on assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located on land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof, and when said taxes have not, by any action of the Assessor, been made a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of California on or before the last business day in July.

Section 5. The said Tax Collector is hereby given all of the power and authority vested in the Assessor of the City and County of San Francisco under and pursuant to Sections 3820, 3821, 3822, 3832, 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code in regard to the collection of taxes upon all and singular the property above mentioned by seizure and sale thereof, and said Tax Collector is hereby authorized to do any and all things provided or authorized by the general laws of the State of California to collect any and all taxes due upon any or all of the property above mentioned.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Sponsored by Edward F. Bryant, Tax Collector.

Approved by Harold J. Boyd, Controller.

Approved by Russell L. Wolden, Assessor.

Approved as to form by John J. O'Toole, City Attorney.

*Passed for second reading by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

### **Civil Service Commission Requested to Hold Hearing on High School Qualifications for Entrance to Police Department.**

The following matter recommended by the Judiciary Committee, (Supervisor Ratto dissenting), was taken up:

(Code No. 4.01)

Resolution No. 4142, as follows:

Whereas, in connection with an examination for members of the Police Department, tentatively set for September 14th, the Civil Service Commission has adopted a policy which, among other things, provides that those candidates who present themselves for the examination must, as a condition precedent thereto, produce credentials to show that they have a high school diploma or the equivalent thereto; and

Whereas, such a policy, if actually carried into effect, will work a severe hardship upon many citizens of the City and County of San Francisco, in that:

1. It will deprive many young men who are capable, both physically and mentally, of serving the City and County of San Francisco in the capacity of police officers;

2. It will deprive the families and dependents of those young men of the opportunity for that financial support which would be derived from their earnings if their right to take the examination were not foreclosed;

3. It will deprive the general populace of the City and County of San Francisco of the most efficient form of police protection, to which they are entitled and accustomed, as evidenced by past performance of our Police Department, which enjoys a place very high in the field of police work;

4. It will further destroy incentive among those young men who through no fault of their own, but through adverse financial circumstances, do not have the opportunity to complete a four-year course in high school because they are required to leave school and seek employment in an endeavor to support their families; and

Whereas, it has not been demonstrated that there exists any necessity for the requirement that candidates for police work shall have graduated from high school as a requisite to competent and conscientious service in the department, but on the contrary the history of the local Police Department clearly shows that most of the men from the lowest rank therein to and including the Chief thereof, are self-educated; that they had no opportunity for higher education, and that they have served the City faithfully and with the utmost efficiency; and

Whereas, it is the opinion of this Board of Supervisors, as well as of ranking officers in the Police Department, that the Police Department will conduct its business more efficiently and serve the people

with whose protection and safety it is charged more efficiently if this rule of the Civil Service Commission be repealed or revoked; now, therefore, be it

Resolved, That this Board of Supervisors, acting in what in its opinion makes for the best interests of the citizens of the City and County of San Francisco, does hereby request the Civil Service Commission to reconsider its action by which the aforementioned rule was adopted to the end that it may not be made effective; and be it

Further Resolved, That this Board respectfully requests that Civil Service Commission to hold a public hearing upon the matter at which time that great host of citizens who have evinced an interest adverse to the proposal, may have an opportunity to be heard in protest; and be it

Further Resolved, That the Clerk of this Board be and is hereby directed to forward a copy of this resolution to the Civil Service Commission; to the Federation of Municipal Employees; to the Civil Service Association; to the representatives of Union Labor and to the David Scannell Club.

### Explanation of Vote.

Supervisor Reilly read the following statement into the record in explanation of his sponsorship of the above resolution:

As the author of the resolution which is now before this Board and which has been recommended for passage by our Judiciary Committee, I desire at this time to definitely set forth my reasons for sponsoring same.

The Civil Service Commission of the City and County of San Francisco has given public and official notice that an entrance examination for positions in the uniformed forces of the Police Department will be held on September 14, 1938. Among other things, the Commission set forth the following educational requirements as a minimum:

“(a) Completion of a regular high school course of study, which course of study has been approved by the Department of Education of the state in which the high school is located; or

“(b) The equivalent thereof (Applicants seeking admission to the examination under sub-section (b) whose educational qualifications are interpreted by the Civil Service Commission as equivalent to those set forth under sub-section (a) will be required to pass a qualifying test. Applicants failing to attain the minimum passing mark fixed by the Civil Service Commission for this qualifying test will stand rejected).”

Much discussion has taken place concerning the resolution now before this Board. It has been made to appear, even in the public press, that the resolution is an attempt to interfere with the Civil Service Commission in the exercise of its lawful power and in reasonable exercise of its discretion. Attempt has been made to draw the inference that I, personally, am opposed to the procuring of men of high education for our Police Department, that I am attempting to interfere with the efficiency of that department. In order to dissipate such unfounded statements and to make the issue clear, I desire to say, and to publicly proclaim, that I have no desire to interfere with the Civil Service Commission or any other commission in the lawful exercise of their functions. I am not attempting to diminish the efficiency of that great branch of our municipal government, the Police Department. My respect for that department and for the splendid men who compose it is too great even for the entertainment of such a thought. I am, however, vitally interested in seeing that every man in this City and County who is otherwise eligible is given an opportunity to participate in the forthcoming examination. I am convinced that that is the mandate of the people of this City and County as expressed in their Charter. I want to repeat right here and now

that the sole and only issue involved is the interpretation and application of the phrase, "*competitive test*," as set forth in the Charter. I, therefore, specially urge the members to keep that phrase in mind as I proceed with my argument.

Section 140 of the Charter establishes the Civil Service Commission and charges it with the duty of providing qualified persons for appointment to City and County service. All appointments to said service must be made for the good of the public and solely upon merit and fitness as established by appropriate tests without regard to partisan, political, social or other considerations. The desire of the people to have their public employees selected fairly and honorably is apparent when we consider that in the Charter itself there is provided that each Civil Service Commissioner, before taking office, must under oath make and file in the office of the County Clerk the following declaration: "I am opposed to appointments to the public service as a reward for political activity and will execute the office of Civil Service Commissioner in the spirit of this declaration."

Section 141 of the Charter says the Civil Service Commission shall be the employment and personnel department of the City and County and shall determine appointments on the basis of merit and fitness as shown by appropriate tests.

Section 145 of the Charter says that all applicants for places in the classified service shall submit to *tests which shall be competitive*. The tests may be written, oral, mechanical or physical or any combination of them, practical in character and related to matters fairly to test the relative capacity of the applicants for positions to be filled. Said Section 145 states that the Civil Service Commission shall be the sole judge of the adequacy of the tests to rate the capability of the applicants to perform the service for the City and County.

Again I want the members to bear in mind that the Charter is quite definite that no matter what tests are given and notwithstanding the language that the Commission shall be the sole judge of the adequacy of the tests, *said tests must be competitive*. This term *competitive* is in my opinion the foundation for the adoption of this resolution and it is the rock which turns back and frustrates the proposed conduct of the Commission.

In view of the confusion that has already crept into this issue, it is incumbent upon me to make the matter definite and clear. For that reason let me enumerate the steps which must be taken in the proposed examination before a candidate finds himself on the eligible list:

First—Applicants for entrance positions in the uniformed force of the Police Department shall not be less than 21 nor more than 35 years of age at the time of appointment and shall have the physical qualifications required for enlistment in the United States Army, Navy and Marine Corps.

Second—All candidates must pass a *standard medical test*.

Third—All candidates must pass a *standard athletic test*.

Fourth—Some candidates (*not all*) must pass an "educational equivalent test."

Fifth—All candidates who survive tests 1, 2, 3 and 4 must engage in a relative capacity and intelligence test. (Others may participate who have not taken No. 4.)

We can readily agree and there is no contention that as to No. 2 and No. 3 the outcome will be based on the result of *competitive tests* and all candidates will be judged by a common standard. When we come to No. 4, however, we ask *where is the competitive test for all candidates?* The procedure outlined in subdivision No. 4 is the foundation of my opposition and I feel satisfied that I will convince this Board as to the justice of my cause. Please bear in mind that the public press during the past week carried the information that some 5000 young San Franciscans have submitted applications to participate in

this police examination and the president of the Civil Service Commission, Dr. Howard McKinley, has been quoted as saying that of those 5000, 1250 young men, or 25 per cent of the total, have no high school diploma. In other words the 5000 young men are divided into two groups. For brevity and for the sake of reference we will refer to the 3750 high school graduates as class "A" and to the 1250 who are not graduates of high schools as class "B."

Let us now go back to subdivision No. 4, which deals with the so-called "*educational equivalent tests*." Let us now assume that the date of this test is September 15th at 10 a. m.; the place of the test is the Civic Auditorium, and that within the Auditorium are certain written tests prepared by the Civil Service Commission. The Civil Service Commission stands at the entrance to the Auditorium and as the class "A" man comes up to the door he presents a diploma and by the mere presentation of such a document he is relieved from entering the Auditorium and from competing in the examination. The class "B" man comes up and he is told to enter the Auditorium and compete with other class "B" men as to his right to engage in the test provided for in subdivision No. 5. The class "B" man says to the Civil Service Commission, "Why did you turn away the class "A" man from this test and relieve him from the necessity of competing against me in this examination?" The Civil Service Commission has no reply except to say he has a certificate and that his possession of that certificate, ipso facto, relieves him from the necessity of competing in said examination. It may well be that the diploma is ten years old and that the class "A" man may have completely forgotten the essential background of his studies; it may be true that the class "A" man would fail if he were compelled to take this "*educational equivalent test*," but notwithstanding all of those reasonable probabilities the class "A" man is not required to compete. He can take test No. 5 without engaging in test No. 4, and *the class "B" man is compelled to take a test in which the class "A" man does not participate nor compete.*

Gentlemen, is it not as plain as a pikestaff that the proposed conduct of the Civil Service Commission *destroys competitive examinations and nullifies the plain provisions of the Charter in that respect?* Let us go back for a moment to subdivisions No. 1 and No. 2, which deal with medical and athletic tests. Let us assume that the Civil Service Commission announced a rule that any candidate presenting a medical certificate from an Army doctor would not be required to submit to a medical test according to the standard prescribed by the Civil Service Commission, and that those who did not possess such a certificate would be required to take said test. Do you think that such a condition would be in conformity with the Charter and with the civil service requirements as to *competitive tests*? Let us assume further that the Civil Service Commission announced the rule that any candidate presenting a certificate from one of our colleges or universities, showing that he was an outstanding athlete, would not be required to engage in *competitive athletic tests* with other candidates according to the civil service standards, while those candidates who had no such certificate would be required to so compete in said athletic tests. Do you think that such a rule would be in conformity with the Charter and with the civil service requirements as to *competitive tests*? Your answers must unquestionably be "No." Then I say to you if your answers must be "No" on propositions No. 2 and No. 3, your answers must be "No" on proposition No. 4. In all probability proposition No. 4, dealing with "*educational equivalent test*," will be more difficult than the examination contemplated in No. 5. All examinations are relative. The answers are easy for the man who has particularly studied his subject, while difficult and impossible for the man who has not. Under tests as proposed by the Civil Service Commission, isn't it reasonable to anticipate and to conclude that many of the class "A" men would not be able to pass the

test to be given pursuant to proposition No. 4? But irrespective of that feature, my contention is that class "A" men are relieved from competing with class "B" men in examination No. 4 and thereby the very foundation of civil service is destroyed. There is not one word in the Charter which permits the Civil Service Commission to give one class of police candidates one examination *and exempt another class from taking it*. In fact, after all candidates have survived examinations No. 2 and No. 3, they are immediately divided into two classes and the basis for said division is arbitrary, discriminatory and illegal.

An examination of the decisions of our courts throughout this nation shows that whenever they have been called upon to pass upon questions of this kind they have definitely laid down the rule that if the competitive examination element is missing, there is an entire disregard of the civil service laws. The supreme court of the State of Kansas in *Gregory v. Kansas City*, 149 S. W. 466, said, "*Competitive examinations are the very heart and purpose of all real civil service laws*," and the brilliant Justice Cardozo, who recently passed away and whose membership in the Supreme Court of the United States was considered as a special embellishment, said in 1921 when, as a member of the New York Court of Appeals, he had occasion to pass upon a matter closely analogous to the one now before this Board:

"The test is not merely examination. *The test is competitive examination*. Competition is useless if favor may reverse the verdict. Eligibility counts for little if grades of eligibility may be established without restriction. Sublists may then be made up of one political party or another." (*Barthelmess v. Civil Service Commission of New York*, 231 N. Y. 435.)

In that particular case the claim was made that the Civil Service Commission would arrange eligible lists in the benefit of public service. Justice Cardozo replied that from such a dubious gain there would have been conceded to the Civil Service Commission a power of discrimination that might undermine civil service by injecting beneath its foundation an ever-widening stream of favor. To apply his reasoning to the pending controversy we must assert that "college or high school diplomas must seek no reward save in conformity to the law and none other can be theirs."

The daily papers recently carried an announcement to the effect that class "B" candidates would receive liberal consideration from the Civil Service Commission. I say to you, gentlemen, and I say to the Civil Service Commission, that the young men of San Francisco who have applied for permission to participate in this examination are not seeking partisan favors; neither are they seeking special privileges. They are not entitled to them and the slightest attempt on the part of any one in public or in private to grant them would be made the subject of immediate condemnation by our people. They are entitled, however, to be permitted to participate upon equal terms in examinations No. 2, No. 3, No. 4 and No. 5 with very other candidate. They are entitled to no more and they should not be insulted and humiliated by offering them less. It certainly is no concern of this Board, nor of mine, nor of the Civil Service Commission, who attains the position of No. 1 on the eligible list. Blind justice, fair play, intelligence and efficiency will in their majesty determine that. I am not concerned with the tests to be applied to the candidate either in propositions No. 2, No. 3, No. 4 or No. 5. The Civil Service Commission may, so far as I am concerned, require in the medical test the physical perfection of a prize ring man. It may in the athletic test prescribe standards ordinarily met only by expert trackmen and they may, so far as I am concerned, examine the candidates in No. 5 as to their knowledge of ancient, medieval and modern history, as to their knowledge of the great masters of logic and philosophy, and as to their ability to solve problems in geometry and algebra. I recognize, however, that my declaration in this respect is circumscribed by the

Charter when it says that *the tests must be practical in character*. I submit, however, and it is my sole contention, that *the test for one must be the test for all and that it must be competitive*. If a diploma relieves one class from participating in No. 4, I say to you that it will eventually be used to relieve another class from competing in No. 5. No man has a vested right to public office. It is held neither by grant nor contract. The duty of the Civil Service Commission is plain and that is that it must provide personnel for public service as a *result of competitive tests*.

The Civil Service Commission derives its power from the Charter and it may exercise no power not directly given or necessarily implied from those conferred. As I have already stated, the Charter expressly provides that the Civil Service Commission must operate by means of *competitive tests*, yet here we have a positive disregard of such *competitive tests* when it tells class "A" men that they do not have to participate in one examination while class "B" men must.

It is true that the courts have been reluctant to interfere with the Civil Service Commission even though they have erred. However, there must be a remedy and if the judicial department will not step in, the legislative department must. The question involved is one of serious import. I personally feel that once the *competitive test feature of civil service is broken down*, the very lifeblood is taken from our merit system and partisanship and favoritism will sooner or later rear their ugly heads. We are all agreed that the matter at issue does not involve the personal integrity of our Civil Service Commissioners. While I have disagreed with them as to matters of Charter procedure and the application of the civil service laws, I have always had and I now have the highest regard for them personally. But, gentlemen, Commissioners, Supervisors and all public officials are human beings. Men come into public office. We are subject to all the frailties of human nature. If once the eternal principles of justice and fair play, which are pillars of our American government, are departed from, even slightly, we have then abandoned the destiny of our young men to the whims and vacillations of human beings. If this legislative body sanctions the action of the Commission, then I say that it has failed in its appreciation of the rights of our people as manifested by their Charter. While I believe that the rule announced by the Commission is illegal and void without any action on the part of this Board, yet I am convinced that the adoption of this resolution will clarify the issue beyond a question of doubt. Democratic governments are today undergoing severe tests. In many places we have so-called blood purges, racial purges, national purges, and economic purges. Can it be said that San Francisco has added another purge which may be characterized as the "diploma purge." I do not believe that the latter purge will be made effective because the wisdom of our people as expressed in their Charter furnishes the answer.

Mindful of my oath of office and my desire that no citizen or class of citizens shall be granted privileges or immunities which upon the same terms shall not be granted to all citizens, I unconditionally favor the passage of this resolution and I vote "Yes" on the question.

#### Amended.

The foregoing resolution was, on motion of Supervisor Roncovieri, seconded by Supervisor Brown, amended as follows:

#### Civil Service Commission Requested to Hold Hearing on High School Qualifications for Entrance to Police Department.

(Code No. 4.01)

Resolution No. 4142, as follows:

Whereas, in connection with an examination for members of the Police Department, tentatively set for September 14th, the Civil Ser-

vice Commission has adopted a policy which, among other things, provides that those candidates who present themselves for the examination must, as a condition precedent thereto, produce credentials to show that they have a high school diploma or the equivalent thereto; and

Whereas, such a policy, if actually carried into effect, will work a severe hardship upon many citizens of the City and County of San Francisco, in that:

1. It will deprive many young men who are capable, both physically and mentally, of serving the City and County of San Francisco in the capacity of police officers;

2. It will deprive the families and dependents of those young men of the opportunity for that financial support which would be derived from their earnings if their right to take the examination were not foreclosed;

3. It will deprive the general populace of the City and County of San Francisco of the most efficient form of police protection, to which they are entitled and accustomed, as evidenced by past performance of our Police Department, which enjoys a place very high in the field of police work;

4. It will further destroy incentive among those young men who through no fault of their own, but through adverse financial circumstances, do not have the opportunity to complete a four-year course in high school because they are required to leave school and seek employment in an endeavor to support their families; and

Whereas, it is the opinion of this Board of Supervisors, as well as of ranking officers in the Police Department, that the Police Department will conduct its business more efficiently and serve the people with whose protection and safety it is charged more efficiently if this rule of the Civil Service Commission be repealed or revoked; now, effective; and be it

Resolved, That this Board of Supervisors, acting in what in its opinion, makes for the best interests of the citizens of the City and County of San Francisco, does hereby request his Honor the Mayor to ask the Civil Service Commission to reconsider its action by which the aforementioned rule was adopted to the end that it may not be made effective; and be it

Further Resolved, That this Board respectfully requests his Honor the Mayor to ask the Civil Service Commission to hold a public hearing upon the matter at which time that great host of citizens who have evinced an interest adverse to the proposal, may have an opportunity to be heard in protest; and be it

Further Resolved, That the Clerk of this Board be and is hereby directed to forward a copy of this resolution to the Civil Service Commission; to the Federation of Municipal Employees; to the Civil Service Association; to the representatives of Union Labor and to the David Scannell Club.

#### Explanation of Vote.

Supervisor Mead opposed the amendment on the grounds that the Board of Supervisors should pass on the matter itself and not ask the Mayor to request of the Civil Service Commission that which in itself was the province of the Board of Supervisors who, in the last analysis, would have to pass upon the matter the same as any routine piece of legislation.

Supervisor Colman explained his position as being wholly in accord with the stand taken by the Civil Service Commission, explaining at length the rise in standards set up by other cities throughout the country.

### Privilege of the Floor.

Mr. Wm. Henderson, representing the Civil Service Commission, was also heard at length.

### Adopted.

Whereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

(Code No. 5.3)

Resolution No. 4219, as follows:

Whereas, the Boards of Supervisors in and for the Counties of Humboldt, Mendocino, Lake and Napa have adopted resolutions requesting elimination of commercialization in State Parks with particular reference to Richardson's Grove State Park in Humboldt County; and

Whereas, said resolutions are based upon following specific reasons, among others:

(a) The treasury of Humboldt County has lost (and will continue to lose) an annual income totaling many thousands of dollars, due to the transfer to the State (for park purposes) of what were formerly privately-owned tax-paying timberlands. Humboldt County has forever lost this tax revenue, and balance of taxpayers in Humboldt County have assumed the burden of this differential, digging this additional tax money out of their own pockets annually.

(b) Humboldt County taxpayers have contributed substantially to the purchase of some of these lands, in addition to shouldering additional tax burdens when these lands were taken off the tax rolls for State Park purposes (for general enjoyment, benefit and pleasure).

(c) Had not the Humboldt County taxpayers and Board of Supervisors thus cooperated and contributed their own funds, it is questionable whether the general public would have had so many State Parks to enjoy.

(d) Richardson's Grove was purchased with State funds appropriated by the Legislature, with the understanding that this grove would retain its original natural condition.

(e) It had always been the understanding of the taxpayers of Humboldt County that private lands thus dedicated to Park purposes would be perpetuated, maintained and protected in their original natural state; also, that these parks would not be desecrated and spoiled by concessionaire structures and commercial operations for the benefit of profit-making concessionaires. Therefore, the original basic principle of the land transfer and its expected and understood use has been abused and transgressed.

(f) The private concessionaires in Richardson's Grove (operating for the purposes of making a personal gain and profit) enjoy unfair and discriminating advantages over the operators catering to tourists and vacationists outside State Parks.

(g) By virtue of the unfair competition developed and made possible by the State Park Commission, *existing* operators outside State Parks are discouraged from expanding their operations and facilities;

potential *new* capital is discouraged from acquiring new properties and erecting new structures and facilities not now available to the traveling public. Result: County treasuries in Humboldt and neighboring counties suffer a loss of potential new tax revenue—income which would otherwise accrue if this unfair State Park competition did not exist.

(h) The State Park Commission's apparent desire to perpetuate concessions at Richardson's Grove appears to be an invasion by the State upon the sovereign rights of counties, particularly since the Board of Supervisors and civic organizations in Humboldt County claim that not only were they not advised of the proposed expansion of concession facilities and the signing of a new lease with the concessionaire—but that they were not given an opportunity to appear before the State Park Commission at the time the lease was up for final consideration, in spite of specific requests filed (prior thereto) with the State Park Commission by Humboldt County groups.

And whereas the Board of Supervisors in the above-named counties have requested the Board of Supervisors in and for the County of San Francisco to take action in support of the above-named project; now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco hereby endorse the stand taken by the Boards of Supervisors of Humboldt, Mendocino, Napa and Lake Counties and hereby petitions the Governor of the State of California and State Park Commission to immediately take whatever steps are necessary to eliminate commercialization in State Parks.

#### Discussion.

Supervisor Uhl expressed a desire for information as to just what was intended by the State as to the resolution, being interested principally in how the small purveyor of food and refreshments along the highways, and at small camps, would be affected.

Supervisor McSheehy requested the Clerk to send copy of the resolution to each member of the Board.

Supervisor Ratto requested that the Clerk obtain information from Supervisors of the Northern Counties of California as to just what is intended by the resolution.

#### Action Deferred.

Whereupon, the foregoing resolution *was laid over until Tuesday, September 6, 1938.*

#### Passed for Second Reading.

The following resolution, recommended by the Public Health Committee, was taken up:

#### **Amending Ordinance Regulating Advertising in Connection with Retail Sale of Meat.**

(Code No. 17.04)

Bill No. 1702, Ordinance No. 17.050, as follows:

Amending Sections 2, 3, 5 and 6 of Ordinance No. 17.049 entitled, "Providing for the Manner in Which Meat Shall Be Advertised for the Purpose of Sale at Retail in the City and County of San Francisco; Defining Classes of Meat and Retail Cuts of Meat; Defining Offenses and Providing Penalties for the Violation of this Ordinance."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2, 3, 5 and 6 of Ordinance No. 17.049, the title of which is recited above, are hereby amended to read as follows:

Section 2. Any class or cut of meat which is defined in this ordinance

must conform to such definition if advertised as such or offered for retail as such.

Section 3. It shall be unlawful for any person, firm, copartnership, association or corporation, or any agent or employee thereof, selling or delivering or offering for sale or delivery meat at retail to misrepresent the classes or "cuts" of meat as defined in this ordinance in their advertising or placards, or in any manner whatsoever.

Section 5. The following terms, used in describing the various retail cuts of meat shall be used and applied only as defined herein, as follows:

(a) In naming the ribs of the carcass, the first or Number One rib shall be that which is closest to the neck, the other ribs being counted from that point.

(1) "Prime rib roast" shall consist of from the eighth to thirteenth ribs, inclusive, of a beef carcass. "Short cuts" shall be used only when the rib bone is not more than five inches in length from the junction of the eye and the rib. "Long cut" shall have the plate removed at a point parallel to the chine-bone and making a twelve-inch wing.

(2) "Beef round" shall consist of the buttocks cut to include the section from the socket bone to the gambrel or hock.

(3) "Round steak" shall be cut from the round, including top and bottom with or without bone. In advertising any cut of round steak, the particular kind of round as defined herein must be stated.

(4) "Top round steak" shall be cut from the upper or inside portion of the round with or without bone.

(5) "Bottom round steak" shall be cut from the under or outside portion of the round without bone.

(6) "Heel of round" shall be the lower portion of the round, triangular in shape.

(b) "Forequarter of lamb" shall consist of not less than thirteen ribs, shoulder, breast, shank and neck.

(1) "Shoulder of lamb" shall consist of the shoulder in one piece, including not less than three ribs, and may include the neck and shank. "Shoulder of lamb, Boston style," shall not be used with the term "leg" or "leg of lamb." Its use shall be confined to shoulders of lamb as herein defined.

(2) Any part of the shoulder of lamb cut to contain less than three ribs shall be described as "yoke of lamb." Any yoke of lamb cut with the major part of the breast attached must be advertised and sold as "yoke of lamb with breast."

(c) "Pork loin" shall be cut at the leg end at a point two and one-half inches above the aitch-bone on the pork leg, and shall include thirteen ribs and no further portion of the shoulder, and the belly shall be removed at a point not to exceed five inches from the chine-bone at the center part of the loin.

(1) "Pork loin roast" shall consist of not less than half the loin.

(2) "Pork loin chops" shall be cut from the fifth rib to the hip bone. "Large loin pork chops" shall be cut from that portion of the loin from the hip-bone to the aitch-bone, inclusive.

(3) "Pork leg" shall consist of the hind leg, with foot removed through the hockjoint; the butt shall be rounded and the tail removed. "Leg pork roast" shall consist of not less than half a leg.

Section 6. Whenever a conflict arises in the definitions as set out herein, or the words Prime or Choice are used in advertising meat offered for sale or delivery at retail, the standards of the Bureau of Agriculture Economics of the United States Department of Agriculture shall prevail in the operation of this ordinance. The use of the terms A-1 or Stall-fed shall be prohibited unless the meat sold under such terms shall be the equivalent in grade of the United States Department

of Agriculture standards of Prime or Choice. The standards of the United States Department of Agriculture shall prevail only for the enforcement of this ordinance and nothing contained in this ordinance shall be construed to apply the standards of the United States Department of Agriculture to the compulsory grading of meat sold or offered for sale at retail in the City and County of San Francisco.

**Chief Administrative Officer to Adopt Policy That Street Widening Under W. P. A. Grant Shall Provide That W. P. A. Shall Relocate or Reconstruct All Structures Which Extend Under the Sidewalk or Street From Private Property, and Shall Be Performed by W. P. A. Forces Without Charge.**

The following resolution, recommended by the Streets Committee, was taken up:

(Code No. 12.064)

Resolution No. 4210, as follows:

Resolved, That this Board of Supervisors does hereby request the Chief Administrative Officer to adopt a policy which will provide, in connection with street widening under the Works Progress Administration, that relocation or reconstruction of all structures, utilities and facilities which extend under the sidewalk or street, from private property by necessity or as a matter of right, shall be performed by W. P. A. forces without charge to the adjoining property owners, and that those structures, utilities and facilities which serve private property but are located upon public property by privilege or sufferance shall be relocated or reconstructed under private contract and shall be a charge against the private property which they serve; provided, however, that the removal or relocation of trees, shrubs and

other ornamental vegetation from or upon public property shall not be a charge against private property; and be it

Further Resolved, That if and when the above policy is adopted by the Chief Administrative Officer, Resolution No. 4114 and all other resolutions or parts of resolutions in conflict herewith, shall stand repealed.

### Privilege of the Floor.

The following persons were heard in favor of the proposed amendment:

Wm. D. Coughlin, representing the Associated General Contractors of North America.

C. E. Healy, Assistant City Engineer, voiced no objection.

### Amendment.

Whereupon Supervisor Brown moved to amend by inserting the following paragraph:

Resolved, further, That this resolution, and the subject matter thereof, shall be subject to the rules and regulations of the W. P. A., and that in the event of any conflict therewith, said rules and regulations shall supersede and control this resolution.

No objection and it was *so ordered*.

### Adopted.

Whereupon, the foregoing resolution, amended as follows, was adopted by the following vote:

**Chief Administrative Officer to Adopt Policy That Street Widening Under W. P. A. Grant Shall Provide That W. P. A. Shall Relocate or Reconstruct All Structures Which Extend Under the Sidewalk or Street From Private Property, and Shall Be Performed by W. P. A. Forces Without Charge.**

**Creating Underground District, Geary Street, Geary Boulevard and Point Lobos Avenue.**

(Code No. 11.12)

The following ordinance, from Streets Committee with recommendation that Board do not pass, was taken up:

Bill No. 1667, Ordinance No. 11.1224, as follows:

Amending Order No. 214 (Second Series,) entitled, "Providing for Placing Wires and Conduits Underground in the City and County of San Francisco," by adding a new series to be known as Section ZZZ.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Order No. 214 (Second Series,) the title of which is recited above, is hereby amended by adding a new section to be known as Section ZZZ.

Section ZZZ. An additional district to those heretofore described within which it shall be unlawful to maintain poles and overhead wires, except trolley poles and wires, after August 1, 1941, is hereby designated, to-wit:

Underground District No. 81. Geary street, from Divisadero street to Presidio avenue; Geary boulevard, from Presidio avenue to Forty-second avenue; Point Lobos avenue, from Forty-second avenue to the Great Highway.

**Motion.**

Supervisor McSheehy, seconded by Supervisor Uhl, moved to amend the ordinance by making the boundaries from First Avenue to Twenty-eighth Avenue. This work to be done over a period of three years.

Supervisor Colman, seconded by Supervisor McSheehy, moved that the matter be re-referred to the Streets Committee.

**Privilege of the Floor.**

Ed. W. Kenny, representing the Geary Boulevard Merchants Association, spoke in favor of the ordinance, except that in his opinion, what with the Board having favored so much underground installation of utilities to this date, the ordinance should read: From First Avenue to Twenty-eighth Avenue, inclusive, the work to be done over a period of three years.

**Re-referred to Streets Committee.**

Whereupon, the foregoing ordinance was *re-referred to the Streets Committee, with the suggestion that the committee take cognizance of the proposed amendment of the boundaries to read from First avenue to Twenty-eighth Avenue.*

### **Making Certain Changes to the Official Flag of San Francisco.**

(Code No. 5.94)

Supervisor Schmidt presented:

Resolution No. 4226, as follows:

Whereas, the Official Flag of the City and County of San Francisco, adopted at the beginning of the century, is beautiful in artistic design and coloring; and

Whereas, the Flag is composed of a Phenix rising from the flames, below which is the appropriate motto: "Oro en Paz—Fierro en Guerra"—Gold in Peace—Iron in War—both in a golden hue on a field of white, with the Flag itself bordered with gold; and

Whereas, the motto in Spanish is fittingly appropriate to the wartime and peacetime spirit of San Francisco and the Phenix is eloquently expressive of the incomparable valor with which our fire-swept city rose from its ashes after 1906; and

Whereas, many have marveled at the beauty of the Official Flag of the City and County of San Francisco and have inquired "What flag is it?" because there is no wording to show; now, therefore, be it

Resolved, That there be added to the Official Flag of the City and County of San Francisco the words "San Francisco" so that it will be identifiable to all who view it; and be it

Further Resolved, That the words "San Francisco" be placed horizontally along the lower portion of the Flag, below the Phenix and the Motto, in letters of appropriate size, rich blue in coloring, so that the Flag will be blue and gold on a field of white, symbolic of the blue skies of San Francisco, the gold of her commerce and industry and the white of her pure purpose to be a city of happy homes and contented, prosperous people.

This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That the passage of said ordinance is required as a prerequisite to the issuance of tax anticipation warrants in accordance with the provisions of Section 81 of the Charter, and that the issuance of said notes immediately is necessary in order to provide funds for the operation of the police and fire departments, and for the maintenance of hospitals and relief homes in San Francisco and for the care of the indigent sick and dependent poor of the City and County, and for the preservation of the public peace, property, health and safety of the people of said City and County, as well as for the uninterrupted operation of the various departments of the government of the City and County of San Francisco.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Shannon—1.

**Explanation of Vote.**

Supervisor McSheehy read the following into the record in explanation of his vote:

San Francisco, California, August 29, 1938.

To the Honorable, the Board of Supervisors.

Gentlemen: On May 31, 1938, I voted NO on the budget sent us by Mayor Rossi calling for an expenditure of \$1,648,709 over what it cost last year to run our city government for the coming fiscal year of 1938-39, a raise of about 17 cents in the tax rate.

As a member of this Board I feel a great mistake was made in passing that budget, as it contains a number of items which could have been eliminated without impairing the efficiency of this city in any manner or form, to the amount of \$562,500, or a reduction of about 8 cents in the tax rate.

Three weeks ago today I presented to you a plan which the Secretary of the Interior stated would meet with the requirements of the Raker Act if voted by the people of San Francisco, in the form of a Charter amendment, calling for the issuance of \$21,000,000 of revenue bonds to distribute our own Hetch Hetchy power in which the taxpayers of the city have invested \$50,000,000, and which would mean a direct cut of 25 per cent to the ratepayers using electricity living in the zone called for in this amendment which covers about two-thirds of the city.

By a vote of 8 to 2, one member being absent, this Charter amendment was voted down.

Today you are confronted with the problem of whether this tax rate will be sufficient to meet the many obligations called for in the budget. According to a decision by the Federal Court, we cannot sell Hetch Hetchy power to the Pacific Gas & Electric Company after December 28, 1938, because it is in direct violation of the Raker Act, which is a contract the city has with our own Federal Government.

If this decision stands we are today passing a tax rate that is not sufficient to meet the amount called for in the budget and will mean the cutting of salaries or the laying off of city employees, as we must pay our interest and redemption charges on all outstanding bonds, and if there are any retrenchments they will be made by a reduction of salaries and the cutting off of employments.

It is positively an unsound tax rate and we are placing this city in an embarrassing position, not alone with the Federal Government, but with all the city employees and the taxpayers, first: by not keeping our word with our own government; second: by passing a tax rate that will not meet the expenses called for in the budget; and third: by increasing the burden on the taxpayers by placing items in the budget that never should have been there.

For these reasons I am voting NO on this tax rate and request that this statement be made part of the record and recorded in the Journal.

Respectfully,

JAMES B. MCSHEEHY, Supervisor.

(Code No. 9.033)

Bill No. 1701, Ordinance No. 9.03310, as follows:

Determining that funds are needed for the immediate requirements of the City and County of San Francisco for the fiscal year 1938-39 in accordance with appropriations made, as authorized by the Charter of said City and County of San Francisco, for said fiscal year; determining that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; authorizing the Board of Supervisors of said City and County of San Francisco to borrow on its behalf the sum of \$8,000,000 solely for the purpose of anticipating receipt of income, and to cause to be issued notes or other evidences of indebtedness evidencing the amount or amounts so borrowed, which notes shall be payable exclusively out of taxes levied and collected by said City and County for said fiscal year 1938-39 providing that the principal amount of said notes together with the interest thereon shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which such money shall be borrowed and shall be repaid from the first moneys received from said taxes; and providing for the sale of said notes or evidences of indebtedness as provided by law and for the payment of the principal thereof and the interest thereon.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of \$8,000,000 is needed for the immediate requirements of said City and County in the fiscal year 1938-39, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1939, and which may be paid in advance of receipt of the income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of \$8,000,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated aggregate amount of all taxes actually levied by said City and County for said fiscal year is \$33,384,852, and that said sum of \$8,000,000 does not exceed twenty-five (25) per centum of said estimated aggregate amount of all taxes actually levied for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and

County, solely for the purpose of anticipating receipt of income, the sum of \$8,000,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as aforesaid, there is hereby authorized to be issued by said City and County of San Francisco tax anticipation notes of said City and County of San Francisco in the aggregate principal amount of \$8,000,000. Said notes shall be in the denomination of not less than \$1,000 each, nor more than \$100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County shall be affixed thereto. Said notes shall bear such interest as may be hereafter fixed by resolution of said Board of Supervisors at or after the time said notes are sold, as hereinafter provided which said interest shall in no case exceed six (6) per cent per annum, and full authority is hereby given to said Board of Supervisors to fix by resolution the rate of interest on said notes and each or any of them. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes together with the interest thereon, issued and delivered under authority of this ordinance, shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1938-39 and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1939, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1938-39; irrespective of the date of the receipt thereof, it being the intent and purpose of this ordinance to provide for the payment of all notes issued hereunder out of the taxes levied for said fiscal year 1938-39 and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

(c) Each of said notes shall be substantially in the following form, to-wit:

CITY AND COUNTY OF SAN FRANCISCO TAX  
ANTICIPATION NOTE  
FISCAL YEAR 1938-1939

No. .... \$.....  
San Francisco.....193...

On the.....day of....., 193..., the  
City and County of San Francisco, a municipal corporation organized

and existing under and by virtue of the laws of the State of California, promises to pay to the bearer hereof, out of the funds hereinafter mentioned, at the office of the Treasurer of said City and County of San Francisco, the sum of.....dollars, in lawful money of the United States of America, with interest thereon at the rate of.....per cent per annum from date until paid.

This note is one of an issue of notes aggregating in principal amount the sum of eight million (\$8,000,000) dollars authorized to be issued under and pursuant to an ordinance of the Board of Supervisors of said City and County of San Francisco, enacted under authority of Section 81 of the Charter of said City and County. Both the principal of and interest on this note and all other notes of said issue are payable exclusively out of taxes levied and collected by said City and County of San Francisco for the fiscal year 1938-39, without preference or priority of any one note over any other note of this issue by reason of prior issuance, or otherwise, and said notes issued and delivered under authority of said ordinance shall constitute a first lien and charge against said taxes collected during the half of said fiscal year 1938-39, in which the money represented by said notes, respectively, shall be borrowed, and shall be repaid from the first moneys received from said taxes and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness.

Any of said notes not paid at or prior to maturity shall, nevertheless, be paid out of moneys received from the taxes for said fiscal year 1938-39 irrespective of the date the same shall be so received.

It is hereby certified, recited and declared that this note is issued in strict conformity with the Constitution and laws of the State of California, and with the Charter of the City and County of San Francisco, and with proceedings of said City and County of San Francisco authorizing the same, and that all acts, conditions and things required to exist, happen and to be performed precedent to, and in the issuance of, this note, have existed, happened and been performed in regular and due time, form and manner as required by law, and that this note, together with all indebtedness and obligations of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or the Charter of said City and County.

In witness whereof, said City and County of San Francisco has caused this note to be signed by the President of the Board of Supervisors of said City and County of San Francisco, and by the Controller of said City and County and to be countersigned by the Treasurer thereof, and the seal of said City and County to be affixed thereto the day and year first above written.

.....  
President of the Board of Supervisors  
of the City and County of San Francisco.

.....  
Controller of the City and County of  
San Francisco.  
Countersigned:

.....  
Treasurer of the City and County of  
San Francisco.

(d) The signature of the President of the Board of Supervisors to said notes may be by the facsimile of the President of said Board.

(e) Said Board of Supervisors, on behalf of said City and County of San Francisco, hereby confirms all recitals, declarations, certificates and promises contained in said notes, and each thereof, issued under and pursuant to this ordinance.

(f) At the time of the sale of any of said notes as hereinafter provided, and prior to the delivery thereof, the Treasurer of the said City and County of San Francisco shall date the same as of the date of delivery thereof and insert therein the denomination thereof and the rate of interest thereon as provided by resolution of said Board of Supervisors.

Section 4. The aforesaid notes shall be issued and offered for sale by the Board of Supervisors at such time (prior to May 15, 1939), as may from time to time be provided by resolution of said Board, so as to meet the immediate requirements of said City and County of San Francisco, as aforesaid. Each such sale shall be made to the bidder offering to accept and pay for the note or notes so sold at the lowest net interest cost to said City and County computed from the date fixed for the presentation of bids to December 21, 1938 (in the case of such notes as shall be sold in the first half of said fiscal year), or to May 15, 1939 (in the case of such notes as shall be sold in the second half of said fiscal year); provided, however, that none of said notes shall be sold for less than the face amount thereof and accrued interest thereon to the date of delivery thereof.

Section 5. The principal and interest of all of said notes issued and sold as aforesaid shall be paid only upon the surrender thereof. All of said notes not sold prior to May 15, 1939, shall be cancelled.

Section 6. If any section, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or void, such decision shall not affect the validity of any other portion of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, paragraphs, sentences, clauses or phrases be declared unconstitutional or void for any reason.

Section 7. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That said ordinance authorizes the issuance of tax anticipation notes in accordance with the provisions of Section 81 of the Charter, and that the issuance of said notes immediately is necessary in order to provide funds for the operation of the Police and Fire Departments, and for the maintenance of hospitals and relief homes in San Francisco and for the care of the indigent sick and dependent poor of the City and County, and for the preservation of the public peace, property, health and safety of the people of said City and County, as well as for the uninterrupted operation of the various departments of the government of the City and County of San Francisco.

**William Hall of Bureau of Engineering to Represent City and County of San Francisco Officially at Western Safety Conference to Be Held at Los Angeles From September 12 to 16, 1938.**

Supervisor Ratto presented, communication from A. D. Wilder, Director, Department of Public Works, communication dated August 29, 1938, requesting Board of Supervisors to permit William Hall, of the Bureau of Engineering, to represent the City and County of San Francisco officially at the Western Safety Conference, to be held at Los Angeles from September 12 to 16, 1938.

*So ordered.*

**Remarks by Controller Boyd.**

Controller H. J. Boyd was granted the privilege of the floor and called attention to the necessity of making some provision for Supervisors attending conventions. He declared funds could no longer be drawn from "Contractual Services" and something should be done about it. He also referred to necessity of providing funds for reporters' fees, as nothing was set up in the Budget for this purpose.

Supervisor Roncovieri also suggested that funds be made available for purchase of Municipal Flags referred to heretofore in resolution No. 4226.

It was agreed that the Finance Committee would take the matter up with the Chief Administrative Officer.

**Final Passage.**

The following recommendation of the Joint Finance and Public Utilities Committee, heretofore passed for second reading, was taken up:

Calling Special Election September 27, 1938, for the Issuance of Bonds for Acquisition and Rehabilitation of Properties of Market Street Railway Company in Estimated Sum of \$24,480,000 and Consolidating Said Election with Special Municipal Bond Election.

(Code No. 15.091)

Bill No. 1673, Ordinance No. 15.09120, as follows:

An ordinance calling a Special Election in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the electors of the City and County of San Francisco the following proposition of incurring bonded indebtedness of said City for the acquisition, construction and completion of the following improvement, to-wit: Acquisition of operative properties of Market Street Railway Company, rerouting lines, replacing and reconditioning equipment, all construction and new equipment necessary for street railway purposes; declaring the estimated cost of said improvement, the amount of the principal of said indebtedness to be incurred therefor and the maximum rate of interest to be paid thereon; fixing the date of said election, the manner of holding the same, and

consolidating said election with the Special Municipal Bond Election to be held in said City and County on September 27, 1938, and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 27th day of September, 1938, for the purpose of submitting to the qualified electors of said City and County the question of incurring a bonded indebtedness of said City and County for the objects and purposes set forth in the following proposition, to-wit:

**PROPOSITION:** Shall the City and County of San Francisco (Municipal Railway System) incur a bonded indebtedness in the principal amount of \$24,480,000 for the acquisition, construction and completion of the following municipal improvement, to-wit: The acquisition of the operative properties of the Market Street Railway, the rerouting of the lines of said Company, the substitution of trolley and gas buses for rail service where coaches would render adequate service more economically, and the replacement of said Market Street Railway cars with modern equipment and the reconditioning of the rails, trolleys, and poles of the said company and the repair of streets within the rails and on both sides of the rails of said company, the establishment of equipping and maintenance shops, the construction and acquisition of trolley buses when necessary, the reconstruction and construction of new and connecting tracks and general railway headquarters?

That the estimated cost of said proposed municipal improvement is the sum of \$24,480,000. The amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the said sum of \$24,480,000. Of said sum of \$24,480,000 not more than \$12,500,000 shall be used for the purpose of purchasing the operative properties of the Market Street Railway Company.

Section 2. The Board of Supervisors of the City and County of San Francisco does hereby submit to the qualified electors of said City and County at said special election the proposition set forth in Section 1 of this ordinance and designates and refers to said proposition in the form of ballot hereinafter prescribed for use at said election. Bonds of said City and County in the aggregate amount specified in the proposition shall be issued and sold for the purpose specified in said proposition if two-thirds of the qualified electors voting on such proposition at said election shall vote in favor of said proposition.

The maximum rate of interest to be paid upon said indebtedness created in said proposition shall be six per cent (6%) per annum, payable semi-annually. All bonds issued to represent the indebtedness authorized under said proposition herein submitted shall be of the denomination of one thousand dollars (\$1,000) each. Said bonds shall mature and become payable in not to exceed twenty-five years from their date of issuance; provided, however, that the Board of Supervisors may, in its discretion, determine and fix a date for the earliest maturity of the principal of said bonds not more than three (3) years from the date of issuance thereof, and may divide said issue into one or more divisions or series, in which event the bonds of each separate division or series shall mature in not to exceed a like number of years from the date of each such division or series, respectively, and the earliest maturity of said bonds of such separate division or series may be postponed for a period of not more than three (3) years from the date of each separate division or series.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided

by law for holding City and County elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at seven (7) o'clock in the morning of said day of election and shall be kept open continuously thereafter until eight (8) o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. In accordance with the provisions of law, said election hereby called shall be, and is hereby, consolidated with the special municipal election to be held in said City and County of San Francisco on the 27th day of September, 1938, pursuant to Ordinance No. 12.1291, Bill No. 1669, introduced and passed for second reading by the Board of Supervisors of the City and County of San Francisco on the 15th day of August, 1938, and reference to said Ordinance (a copy whereof is now on file in the office of the Clerk of the Board of Supervisors) is hereby specifically made for a designation of the precincts, polling places and officers of election therein set forth, which precincts, polling places and officers of election are hereby adopted for the election hereby called. Such election shall be held in all respects as if there were only one election, and only one ticket or ballot shall be used thereat, except that the Registrar of Voters may provide that voting machines may be used at said election in lieu of ballots.

Section 5. The ballots to be used at said special election shall have printed thereon, in addition to all other matters required by law, the following:

PROPOSITION NO. 8: Shall a bonded indebtedness of \$24,480,000 be  
(Municipal Railway incurred for acquisition of operative properties  
System) of Market Street Railway Company, replacing  
and reconditioning equipment, construction and  
new equipment necessary for street railway purposes?

Said proposition shall be numbered in consecutive numerical order to follow the numbers of the propositions to be submitted at the special municipal election with which this election is consolidated.

Where voting machines are used at said special election said proposition shall appear thereon substantially in the form above set forth in the ballot to be used at said special election.

Section 6. All persons qualified to vote at City and County elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon the proposition hereby submitted at said special election.

*Where Ballots Are Used*, each voter to vote for said proposition hereby submitted and for incurring said bonded indebtedness set forth in such proposition shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against incurring said indebtedness set forth therein shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" to the right of the proposition shall be counted as a vote in favor of the proposition and to authorize the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square after the word "NO" to the right of said proposition shall be counted as a vote against said proposition and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

*Where Voting Machines Are Used* at said special election, said voting machines shall be so arranged that any qualified elector may vote for said proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and said voting

machines shall also be arranged so that any qualified elector may vote against said proposition by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, which said act shall constitute a vote against such proposition. Said voting machines and the preparation of the same shall comply in all respects with the provisions of law.

Section 7. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors of the City and County of San Francisco shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until said bonds are paid, or until there shall be a sum in the treasury of said City and County set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy; provided that if the maturity of the indebtedness created by said issue of bonds be made to begin more than one year after the date of issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Call-Bulletin, a newspaper of general circulation published in said City and County of San Francisco at least six (6) days a week (being the official newspaper of said City and County), and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

Recommended by Public Utilities Committee, Fred W. Meyer and Arthur M. Brown, Jr.

#### Motion.

Supervisor Roncovieri, seconded by Supervisor Reilly, moved final passage of ordinance.

#### Explanation of Vote.

Supervisor Colman explained his vote at length, giving his reasons for voting against submission to the electors, the question of issuance of \$24,480,000 for the acquisition and rehabilitation of properties of the Market Street Railway Company.

**SUPERVISOR COLMAN:** Members of the Board, I am opposed to, and will vote against this piece of legislation for the following reasons:

First, I want to state on matters of bond issues, matters which vitally affect the people because when passed the placing of the interest and the amortization in the budget becomes absolutely necessary. I do not believe in the policy of allowing the—passing the buck, so to speak, to the public, particularly on a measure of which I do not approve. I believe—I look upon it as my duty in cases where the proposition to be voted upon does not measure up to the standard I have set, I look upon it as my duty to vote against the presentation of it. I think that our influence over matters of interest and bond issues is now, before it is presented to the people, because once it is passed and the matter is out of our hands it becomes a matter of the budget. So I am never impressed by the argument of passing to the public a proposal in which I do not agree, and I do not agree with this for these reasons: The Board has authorized the placing on the ballot of an amendment calling for the creation of a Traffic Com-

mission or Transportation Commission to whom will be entrusted the solving of the entire transportation problem. With this legislation in the immediate offing it does not seem logical to me that the Board should step into the problem at all at this time and attempt to solve the problem without having the benefit of the thoughts of this Commission, should it be created. Now, it is a part of the solution, namely, the combination of the two railroads. It is an important part of the transportation problem, but, in my opinion, it is by no means all of it, nor is it perhaps the most important part. This buying of the Market Street Railroad will not solve one of the most acute problems we have, namely, the presence daily of 200,000 automobiles in a very limited area of our city. I venture to say that in no other comparable city in this country, if anywhere, are there so many automobiles on so few streets and in such a very limited area, where there are so many automobiles cruising around during the busy period of each day, and this does not deal with that problem in any way, shape, or manner, and upon the solution of that problem does rest, in no small measure, the ultimate solution of our transportation problem.

I know I shall have to repeat, and I hope you will pardon me if some portion of this is repetition. There has been no cooperation in the conduct of our city's affairs with regard to the various elements which go to make up our traffic problem. This is not said in a critical way, but we have the conduct of our municipal railroad in the hands of our Traffic Commission, and the regulation of traffic in the hands of the Police Department, and we have any proposed change in streets in the hands of the Department of Public Works, and we have the signaling and that method of communication in the hands of our Chief Engineer, Mr. Wiley, and under these conditions it has been very difficult to have a solution that meets all of these particular problems, and we know very definitely that each one of these features has a bearing on the whole situation, and they are very closely interwoven together. In addition there is the pedestrian problem, which, with the completion of plan X terminal, is going to create a new problem.

Now, the creation of this Traffic Commission gives a natural solution to the situation, because it places one particular job with all of those functions right with them, and it is logical, in my opinion, to expect that they can present a solution to the people that will meet with their full support. It has been said that there will be a delay in the creation of this Commission. I cannot agree with that because today there is a wide difference of opinion as to the advantage of voting these bonds, and should they not be defeated a delay might ensue which might not occur if the Traffic Commission were to formulate a plan. You missed my first eloquent remarks, Supervisor, but I won't repeat them. It seems to me that if the Commission would formulate a plan taking into account all elements, all considerations of the problem, and if this plan goes to the various departments of the City government, where it must go under the terms of the amendment, and assuming that it should then meet with the approval of the Mayor and the various heads of department, it is my opinion that no matter what amount of money, within reason, would be involved in the solution, that that action would stand a much better chance of meeting the approval of the voters than this quickly considered proposal, which comes before us—after all, we received word of that proposal on Friday afternoon and the matter was to come before us on Monday.

I look upon this bond issue of \$24,000,000 in the broad sense as if it were a \$39,000,000 proposal, taking the figures of the Public Utilities Commission at their face value, which I do. It simply means, according to my interpretation, that the \$15,000,000 has not been taken from the amount but simply delayed. In other words, there is in the offing, you might say hanging over us, the probability of having to vote another \$15,000,000 in order to thoroughly repair the railroad.

Well, now, gentlemen, for those reasons—and furthermore, I recall to you that in Mr. Cahill's report he stated that this investment is not justifiable. Further, in Mr. Cahill's report, he states, and it cannot be denied, that the investment of this large sum of money will not solve the problem of four tracks on Market street, and will not bring about rapid transportation, which, after all, is the great need of the people of San Francisco. This will not take our people to their homes, according to Mr. Cahill, and will not bring them downtown any more quickly.

For those reasons I am in favor of not submitting it to the people and awaiting the creation of the Traffic Commission and their recommendations.

\* \* \* \* \*

**SUPERVISOR BROWN:** Mr. Chairman, in deference to your request I will be brief, but I just want to say, in response to Supervisor Colman's statement, that he overlooked entirely the fact that while the purchase of the Market Street Railway may not solve the question of four tracks on Market street, and may not solve the rapid transit problem, yet no solution of those two problems is possible at all until the Market Street Railway is purchased.

As I said before, in the course of the argument here during the debate on this question, we are not fixing the price by our action—we are fixing the maximum under which the road may be purchased, and even if we were fixing the price the thought paramount in my mind is not what San Francisco must pay for the Market Street Railway, but what San Francisco must pay in loss of population, loss of real estate taxation and other expenses in the event the railroad is not purchased.

#### Final Passage.

Whereupon the roll was called and the foregoing ordinance was *finally passed* by the following vote:

Ayes—Supervisors Brown, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—8.

No—Supervisor Colman—1.

Absent—Supervisors McSheehy, Uhl—2.

#### Adopted.

Supervisor Roncovieri, seconded by Supervisor Reilly, presented the following resolution, and moved its adoption:

**Registrar of Voters Directed to Submit Argument in Favor of Bond Issue in the Sum of \$24,480,000 for the Acquisition of the Properties of the Market Street Railway.**

(Code No. 3.02)

Resolution No. 4215, as follows:

Whereas, The Board of Supervisors of the City and County of San Francisco has by ordinance called a special election to be held in said City and County on Tuesday, the 27th day of September, 1938, at which said special election there has been ordered submitted to the electors by the Board of Supervisors the matter of the incurring of a bonded indebtedness of \$24,480,000 for the acquisition and rehabilitation of the properties of the Market Street Railway Company; now, therefore, be it

Resolved, That pursuant to the provisions of Section 183 of the Charter, the Registrar of Voters be, and he is hereby directed, to include a copy of printed argument favoring this Bond Issue, with each sample ballot mailed or delivered to the electors of the City and County.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Absent—Supervisors McSheehy, Uhl—2.

**Approval of Arguments in Favor of Market Street Railway Bonds.**

Supervisor Roncovieri, seconded by Supervisor Reilly, moved that the Finance Committee be given authority to approve arguments in favor of Market Street Railway Bonds, and present them to the Registrar of Voters.

*Motion carried.*

**Approval of Argument in Favor of Charter Amendment to Provide for Creation of Traffic Commission.**

City Attorney O'Toole presented argument, signed by members of the Executive Committee of Committee on Rapid Transit, in favor of Charter Amendment to provide for the Creation of Traffic Commission.

**Motion.**

Whereupon, Supervisor Reilly, seconded by Supervisor Colman, moved that the argument presented by the City Attorney in support of proposed charter amendment, be made the argument of the Board of Supervisors.

*Motion carried.*

**Appointment of Citizens' Committee for Passage of Market Street Railway Bonds.**

Supervisor Reilly announced he had been informed that Judge Walter Perry Johnson would act as chairman of committee for the passage of Market Street Railway Bonds, and moved that his Honor the Mayor be requested to appoint a citizens' committee to work for the passage of the Bonds. Seconded by Supervisor Roncovieri.

*Motion carried.*

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 2:40 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors September 12, 1938.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Ratto, Reilly, Uhl—4.

Absent—Supervisors Brown, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon—7.

No quorum.

Supervisor Ratto presiding, on motion by Supervisor Colman.

## Receipt of Bids for Purchase of \$3,500,000 Tax Anticipation Notes—3 P. M.

The Clerk announced receipt of bids for purchase of \$3,500,000 Tax Anticipation Notes from Bank of America and from Weeden & Company.

## Opinion From City Attorney.

Supervisor Colman requested an opinion from the City Attorney as to the action the Board should take, due to lack of a quorum.

Whereupon, Assistant City Attorney Walter Dold advised the Board that the only thing that could be done would be to adjourn from day to day until a quorum is present.

## ADJOURNMENT.

Thereupon, the Board, at the hour of 3:05 p. m., on motion by Supervisor Colman, seconded by Supervisor Uhl, adjourned until Wednesday, September 7, 1938, at 2 p. m.

## Sale of \$3,500,000 of Tax Anticipation Notes.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No.

9.03310, in the amount of three million five hundred thousand dollars (\$3,500,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Tuesday, September 6, 1938, and were opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of three million five hundred thousand dollars (\$3,500,000) in denominations of ten thousand dollars (\$10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1938, and issued under authority of Ordinance No. 9.03310 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1938-1939 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1938-1939 in which said money represented by said notes respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1938-1939 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to December 21, 1938. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any or all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashier's check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars (\$10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff & Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

This notice is given pursuant to direction of Resolution No. 4211 of the Board of Supervisors, adopted Monday, August 29, 1938.

#### Bids.

The following bids were received, opened, read and *referred to Committee of the Whole*:

Bankamerica Company, American Trust Company, Anglo California National Bank, by Bankamerica Company. For the \$3,500,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par and accrued interest to the date of delivery.

The notes above bid for are more particularly described as follows: \$3,500,000 par value Tax Anticipation Notes of the City and County of San Francisco, California; of the denomination of \$10,000 each; said notes to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1938; said notes to bear interest at the rate

of one and twenty hundredths per centum (1.20%) per annum; said interest to be paid at maturity of said notes.

Weeden & Co. We will pay you par and accrued interest to date of delivery for \$3,500,000 par value of Tax Anticipation Notes of the City and County of San Francisco to bear interest at the rate of eight tenths of one per cent (.80%) per annum.

#### Committee of the Whole.

Whereupon, the Board of Supervisors resolved itself into a Committee of the Whole, with Supervisor Ratto in the chair, for the purpose of giving consideration to the bids presented.

Subsequently the Committee of the Whole arose and recommended the following resolution, which was *adopted* by the following vote:

#### Sale of \$3,500,000 of Tax Anticipation Notes.

(Code No. 9.033)

Resolution No. 4232, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.03310 that sealed proposals for the purchase of three million five hundred thousand (\$3,500,000) dollars Tax Anticipation Notes of the City and County of San Francisco would be received up to the hour of 3 o'clock p. m. on Tuesday, September 6, 1938; and

Whereas, two bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore, be it

Resolved, That the bid of Weeden & Co. is hereby accepted, to-wit:

"We will pay you par and accrued interest to date of delivery for \$3,500,000 par value of Tax Anticipation Notes of the City and County of San Francisco, to bear interest at the rate of eight tenths of one per cent (.08%) per annum.

"These notes are as described in your notice of sale, to be due and payable on December 21st, 1938, and to be accompanied with the approving legal opinion of Messrs. Orrick, Dahlquist, Neff and Herrington.

"In accordance with your notice we enclose good faith check for \$10,000.00.

"Yours faithfully, Weeden & Co. by (Signed)

"Vernon Kimball."

The Clerk is directed to return the check to the unsuccessful bidder.

Ayes—Supervisors Brown, Colman, Meyer, Ratto, Reilly, Uhl—6.

Absent—Supervisors McSheehy, Mead, Roncovieri, Schmidt, Shannon—5.

#### UNFINISHED BUSINESS.

##### Finally Passed.

The following recommendations of Finance Committee, heretofore passed for second reading, were taken up.

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section One Hundred and Fifty-five (155) thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

*Section 1.* Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office August 15, 1938, by amending Section One Hundred and Fifty-five (155) thereof to read as follows:

*Section 155:* The width of sidewalks on Townsend street between First and Third streets shall be 10 feet.

The width of sidewalks on Townsend street, the northwesterly side of, between Third and Fourth streets shall be 10 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between Fourth street and a point 366 feet northeasterly therefrom shall be 8 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between points 366 feet and 396 feet northeasterly therefrom shall be abolished.

The width of sidewalks on Townsend street, the southeasterly side of, between points 396 feet and 593 feet northeasterly from Fourth street shall be 8 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between points 613.5 feet and 735.25 feet northeasterly from Fourth street shall be 15 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between points 593 feet and 613.5 feet northeasterly from Fourth street shall be the width between the property line and a reverse curve connecting the previously described widths at said points.

The width of sidewalks on Townsend street, the southeasterly side of, between points 742.5 feet and 767.5 feet northeasterly from Fourth street shall be 12 feet 6 inches.

The width of sidewalks on Townsend street, the southeasterly side of, between points 735.25 feet and 742.5 feet northeasterly from Fourth street shall be the width between the property line and a reverse curve connecting the previously described widths at said points.

The width of sidewalks on Townsend street, the southeasterly side of, between a point 775 feet northeasterly from Fourth street and Third street shall be 15 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between points 767.5 feet and 775 feet northeasterly from Fourth street shall be the width between the property line and a reverse curve connecting the previously described widths at said points.

The width of sidewalks on Townsend street, the northwesterly side of, between Fourth and Fifth streets shall be 2 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between Fourth and Fifth streets shall be abolished.

The width of sidewalks on Townsend street between Fifth and Division streets shall be abolished.

### Finally Passed.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

### **Adding Section 133-D to Ordinance No. 1008 (New Series), "Building Law," Relating to Dwellings of Reinforced Concrete.**

(Code No. 11.08)

Bill No. 1697, Ordinance No. 11.0826, as follows:

Amending Ordinance No. 1008 (New Series), entitled, "Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Buildings; Regulating Character and Use of Materials in and for Buildings; Establishing Fire Limits and Repealing All Ordinances in Conflict With This Ordinance," by adding thereto a new section to be known as Section 133-D, relating to dwellings of reinforced concrete.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended by adding thereto a new section to be known as Section 133-D, and to read as follows:

**Section 113-D—Dwellings of Reinforced Concrete:** Dwellings of reinforced concrete, one or two stories in height, with or without basements, may be constructed with bearing or partition walls of solid monolithic reinforced concrete, or of pre-cast hollow concrete masonry units reinforced after assembly, or of various combinations thereof, subject to the following requirements:

Solid monolithic reinforced concrete bearing walls shall have a minimum thickness of six (6) inches for one-story dwellings. For two-story dwellings the first story walls shall have a minimum thickness of eight (8) inches, and the second story walls a minimum thickness of six (6) inches. Basement walls shall have a minimum thickness of eight (8) inches, and shall be of reinforced concrete.

When the total length of all openings in any story exceeds fifty (50) per cent of the total length of wall, the minimum thickness of wall shall be eight (8) inches.

The minimum width of wall between adjacent openings shall be twelve (12) inches, and the minimum width between any opening and the end of a wall or to an offset shall be eighteen (18) inches; except when adequate additional reinforcing is provided.

Pre-cast hollow concrete masonry units shall be made from Portland cement and suitable aggregates such as sand, gravel, crushed stone, cinders, burned clay or shale and blast furnace slag. The average compressive strength, in pounds per square inch of gross cross-sectional area as laid in the wall, shall be not less than the following:

<i>Minimum Face Shell</i>	<i>Compressive Strength</i>	
<i>Thickness in Inches</i>	<i>Mean of 5 Tests — Individual Minimum</i>	
1¼ or over	700	600
Under 1¼ and over ¾	1000	800

Units which will be exposed to the weather or soil in the finished work, without brick, stucco or other protective covering not less than one-half (½) inch thick, shall not absorb more than fifteen (15) pounds of water per cubic foot of concrete actually contained. The ratio of cellular space to total volume of any individual unit shall not exceed forty-five (45) per cent.

The working stresses in hollow concrete masonry bearing walls laid end construction in lime-cement and cement mortars shall not exceed the following values, applied on the net area except as noted:

	<i>Lime-Cement Mortar</i>	<i>Cement Mortar</i>
Compression in flexure.....	140	160
Tension . . . . .	10	12
Shear . . . . .	10	12
Direct compression over gross area..	70	80

Continuous reinforced bond beams shall be located at every floor and at roof line, and bond columns shall be located at every corner and at intermediate points in the wall not exceeding twelve (12) feet. Such bond beams and columns shall not be less in thickness than the thickness of the wall, and shall have a minimum depth of eight (8) inches, reinforced with at least four (4) one-half ( $\frac{1}{2}$ ) inch round deformed bars, the bars being tied together with metal ties not less than one-fourth ( $\frac{1}{4}$ ) inch in diameter nor more than twelve (12) inches on centers.

Systems of bearing wall construction wherein reinforced concrete studs or columns, 4-inch by 4-inch minimum size, are formed along the length of the wall by filling the cells of hollow masonry units at intervals of four (4) feet or less, shall have the studs reinforced with the equivalent of four (4) three-eighths ( $\frac{3}{8}$ ) inch round bars, properly tied and bonded, in each four (4) foot length of wall, and at all corners, adequately anchored to the wall footings and to horizontal bond beams at floors and at roof line.

Bearing walls of concrete masonry units complying with the above requirements shall have a minimum thickness of eight (8) inches. Basement walls of masonry units shall be of a minimum thickness of eight (8) inches for one-story dwellings, and ten (10) inches for two-story dwellings.

Walls below grade shall be laid in cement mortar and all cells shall be filled solid with concrete.

Non-bearing partition walls of reinforced concrete or concrete masonry units shall have a minimum thickness of four (4) inches.

#### Amending Sections 46 and 48 of Ordinance No. 1008 (New Series), "Building Law."

(Code No. 11.08)

Also, Bill No. 1700, Ordinance No. 11.0827, as follows:

Amending Sections 46 and 48 of Ordinance No. 1008 (New Series), entitled, "Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Building; Regulating Character and Use of Materials in and for Buildings, Establishing Fire Limits and Repealing All Ordinances in Conflict with This Ordinance," in Section 46 as to second paragraph thereof governing ultimate strength of structural steel and in Section 48 as to paragraph "A" thereof, relating to permissible tension on rolled steel, and as to paragraph "C" thereof, relating to permissible stresses in bending steel.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 46 of Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended to read as follows:

All structural steel used in buildings shall be free from seams, flaws, cracks, defective edges or other defects, and shall have a smooth uni-

form finish. All structural steel used in beams and columns and in other large members shall have an ultimate tensile resistance of from 60,000 pounds to 72,000 pounds per square inch, a yield point minimum of one-half of its ultimate strength, but in no case less than 33,000 pounds per square inch, and a percentage of elongation in two inches equal to 22 per centum. Such steel shall also bend to 180 degrees to a diameter equal to the thickness of the piece tested without fracture on the outside of the bent portion when tested in a test piece.

Rivet steel shall have an ultimate resistance of from 48,000 pounds to 58,000 pounds per square inch, an elastic limit not less than one-half of its ultimate strength, and a percentage of elongation in eight inches equal to 26 per centum.

Section 2. Section 48 of Ordinance No. 1008 (New Series), the title of which is recited above, is hereby amended to read as follows:

*Allowable Stresses*

Section 48. All parts of the structure shall be so proportioned that the sum of the maximum static stresses in pounds per square inch shall not exceed the following:

(a) *Tension*—

Rolled steel on net section.....	20,000
Cast steel on net section.....	16,000

(b) *Compression*—

Rolled steel on short lengths or where lateral deflection is prevented .....	18,000
Cast steel .....	16,000
On gross section of columns,	
18,000	

$$1 + \frac{L^2}{18,000r^2}$$

with a maximum of..... 15,000

In which L is the unsupported length of the column, and r is the corresponding least radius of gyration of the section, both in inches.

For main compression, the ratio L/r shall not exceed 120, and for bracing and other secondary members, 200.

(c) *Bending*—

On extreme fibres of rolled shapes, and built up sections, net section, if lateral deflection is prevented.. 20,000

When the unsupported length L exceeds 15 times b, the width of the compression flange, the stress in pounds per square inch in the latter shall not exceed

$$20,000$$

$$1 + \frac{L^2}{2,000b^2}$$

The laterally unsupported length of beams and girders shall not exceed 40 times b the width of the compression flange.

On extreme fibres of pins, when the forces are assumed as acting at the center of gravity of the pieces..... 27,000

(d) *Shearing*—

On pins .....	13,500
On power-driven rivets .....	13,500
On turned bolts in reamed holes with a clearance of not more than 1/50 of an inch.....	13,500

On hand-driven rivets .....	10,000
On unfinished bolts .....	10,000
On the gross area of the webs of beams and girders, where h, the height between the flanges in inches, is not more than 60 times t, the thickness of the web in inches .....	12,000
On the gross area of the webs of beams and girders if the web is not stiffened where h, the height be- tween flanges in inches is more than 60 times t, the thickness of the web, the maximum shear per square inch,	

$$\frac{S}{1 + \frac{A}{7,200t^2}}$$

shall not exceed

In which S is the total shear, and A is gross area of web in square inches,

	Double Shear	Single Shear
(e) <i>Bearing</i> —		
On pins .....	30,000	24,000
On power-driven rivets .....	30,000	24,000
On turned bolts in reamed holes.....	30,000	24,000
On hand-driven rivets .....	20,000	16,000
On unfinished bolts .....	20,000	16,000
On expansion rollers per lineal inch, 600 times the diameter of the roller in inches.		

*Beams and Girders*

(a) Rolled beams shall be proportioned by the moment of inertia of their net section. Plate girders with webs fully spliced for tension and compression shall be so proportioned that the unit stress on the net section does not exceed the stresses specified as determined by the moment of inertia of the net section.

(b) Plate girder webs shall have a thickness of not less than 1/60 of the unsupported distance between the flanges.

(c) Web splices shall consist of a plate on each side of the web capable of transmitting the full stress through the splice rivets.

(d) *Stiffeners*. Stiffeners shall be required on the webs of rolled beams and plate girders at the ends and at points of concentrated loads, and at other points where h the clear distance between flanges is greater than  $85t\sqrt{18,000(A/S)-1}$ , in which t is the thickness of the web. When stiffeners are required, the distance in inches between them shall not be greater than  $85t\sqrt{18,000(A/S)-1}$ , or not greater than 6 feet. When h is greater than 60 times t the thickness of the web of a plate girder, stiffeners shall be required at distances not greater than 6 feet apart. Stiffeners under or over concentrated loads shall be proportioned to distribute such loads into the web.

Plate girder stiffeners shall generally be in pairs, one on each side of the web, and shall have a close bearing against the flange angles at points of concentrated loadings; stiffeners over the end bearings shall be on plate filters. The pitch of rivet in stiffeners shall not exceed 6 inches.

(e) Flange plates of all girders shall be limited in width so as

not to extend more than 6 inches or more than 12 times the thickness of thinnest plate beyond the outer row or rivets connecting them to the angles.

(f) Crane runway girders and the supporting framework shall be proportioned to resist the greatest horizontal stresses caused by the operation of the cranes.

(g) Rivets connecting the flanges to the web at points of direct load on the flange between stiffeners shall be proportioned to carry the resultant of the longitudinal and transverse shears.

(h) Rivets connecting the flanges to the webs of plate girders and of columns subjected to bending shall be so spaced as to carry the increment of the flange stress between the rivets.

**Approving Description of Junior College Site.**

(Code No. 12.179)

Also, Resolution No. 4229, as follows:

Whereas, by Resolutions Nos. 2666 and 3742, adopted by this Board on July 6, 1936, and January 17, 1938, respectively, the control of certain City-owned contiguous parcels of land was transferred to the Board of Education for the Junior College site, which site is located at the northeast corner of Ocean avenue and Phelan avenue, San Francisco, California; and

Whereas, the descriptions of said parcels, as set forth in the above-mentioned resolutions, were based on preliminary data; and

Whereas, the City Engineer has surveyed said site and it is now desirable that said property be definitely described to conform with said survey; now, therefore, be it

Resolved, That the final description of the Junior College site be and is hereby approved as follows:

Commencing at a point on the southerly line of Havelock street, distant thereon 583.719 feet westerly from the westerly line of the Southern Pacific Company right of way; thence running westerly along the southerly line of Havelock street and the westerly prolongation thereof 1,415 feet, more or less, to a point on the easterly line of Phelan avenue; thence southerly along last-named line 1,255.656 feet; thence on a curve to the left, tangent to the preceding course, radius 50 feet, central angle 89 degrees 40 minutes 40 seconds, a distance of 78.259 feet to point of tangency with the northerly line of Ocean avenue; thence easterly along last-named line, 1,012.979 feet, more or less, to a point distant thereon 298.50 feet westerly from the westerly line of the Southern Pacific Company right of way; thence at a right angle northerly 287.72 feet; thence at a right angle easterly 386.91 feet, more or less, to a point on the westerly line of said right of way; thence northerly along last-named line 360 feet, more or less, to a point distant 607.00 feet southerly measured at right angles from the southerly line of Havelock street; thence westerly, parallel with the southerly line of Havelock street, 250.00 feet, more or less, to a point on a line drawn southerly through the point of commencement at right angles to the southerly line of Havelock street; thence at a right angle northerly 607.00 feet to the point of commencement.

Containing 41.3 acres, more or less.

**Determining the Amount Due From the American District Telegraph Company of San Francisco Under Ordinance Number 15.0091 Granting to Said American District Telegraph Company of San Francisco a Franchise as Hereinafter Set Forth.**

(Code No. 15.099)

Also, Resolution No. 4231, as follows:

Whereas, on the first day of August, 1938, the Board of Supervisors of the City and County of San Francisco, after due proceedings had and taken in that behalf, enacted Ordinance No. 15.0991, entitled as follows: "An Ordinance Granting to the American District Telegraph Company of San Francisco and Assigns the Right to Install, Construct, Lay Down and Maintain Poles, Conduits, Wires, Cables, Conductors and Other Appliances and Equipment in, Under and Across the Streets, Alleys, Avenues, Thoroughfares and Other Public Places in the City and County of San Francisco, for the Operation of a General System or Systems for the Transmission of Signals and Alarms," which said ordinance was thereafter, to-wit, on the third day of August, 1938, duly approved by the Mayor of the City and County of San Francisco and which said ordinance becomes effective on the second day of September, 1938; and

Whereas, said American District Telegraph Company of San Francisco has offered to pay to the said City and County of San Francisco 2 per cent of its annual gross income from June 1, 1935, to August 1, 1938, as a consideration for the granting of the franchise referred to in the above-mentioned ordinance; and

Whereas, a computation has been made by the Controller of the City and County of San Francisco as to the amount of the gross income of the said American District Telegraph Company of San Francisco from the first day of June, 1935, to the first day of August, 1938, and said Controller has reported that, on the basis of 2 per cent of said gross income, there is due to the City and County of San Francisco the sum of \$13,925.73 for the granting of the aforesaid franchise; and

Whereas, said American District Telegraph Company of San Francisco has, pursuant to the provisions of Section 7 of the aforesaid ordinance, filed a written acceptance of the franchise granted by said ordinance and has, in writing, agreed to comply with all of the terms and conditions set forth in said ordinance and is now willing to pay to the City and County of San Francisco the said sum of \$13,925.73 in consideration of the granting of said franchise and stands ready and willing to pay from and after the first day of August, 1938, 2 per cent of its gross annual receipts arising from the use, operation or possession of the rights granted by said franchise; now, therefore, be it

Resolved, That the Clerk of this Board be, and he is, hereby directed to accept from said American District Telegraph Company of San Francisco the sum of \$13,925.73 in full payment of the consideration to be paid by said company to the City for the granting of said franchise and that the payment of 2 per cent of the gross annual receipts of said company arising from the use, operation or possession of the rights granted by said franchise shall commence as of August 1, 1938; and be it

Further Resolved, That a copy of this resolution be forwarded to the Controller of the City and County of San Francisco.

*Adopted by the following vote:*

(Code No. 15.091)

Bill No. 1706, Ordinance No. 15.09121, as follows:

Providing for notification to the Market Street Railway, a corporation, of the intention of the City and County of San Francisco to take over and acquire the properties of the Market Street Railway.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, Section 131 of the Charter provides: "Whenever the city and county desires to acquire said railway property, the city and county shall give the holder of said permit written notice, duly authorized by ordinance, of its intention to take over and acquire said properties on a date to be stated in said notice, but in no event less than three months nor more than fifteen months from the date of said notice."

Whereas, the Board of Supervisors have submitted a bond proposal to the voters of the City and County of San Francisco for authorization to thereby provide the funds with which to acquire the property of the Market Street Railway; and

Whereas, the Public Works Administration Appropriation Act of 1938 provides that grant may only be made on projects upon which work will be started prior to January 1, 1939; and

Whereas, to aid in the improvement of the properties to be acquired from the Market Street Railway, the City and County of San Francisco has made application for a grant in the amount of \$5,474,700; and

Whereas, it will therefore be necessary for the City and County of San Francisco to acquire the property of the Market Street Railway and start work thereon prior to January 1, 1939, if it is to be eligible to receive a grant in this connection;

Now, therefore, the Clerk of the Board of Supervisors, in accordance with the provisions of the Charter, is hereby directed to notify the Market Street Railway that the City and County of San Francisco desires to acquire said railway property on or before December 31, 1938, providing that the aforementioned bond issue is approved.

#### Action Deferred.

On motion by Supervisor Uhl, seconded by Supervisor Ratto, action on the following resolution was *postponed to September 12, 1938*:

#### Protesting Commercialization of State Parks.

(Code No. 5.3)

Resolution No. 4219, as follows:

Whereas, the Boards of Supervisors in and for the Counties of Humboldt, Mendocino, Lake and Napa have adopted resolutions requesting elimination of commercialization in State Parks with particular reference to Richardson's Grove State Park in Humboldt County; and

Whereas, said resolutions are based upon following specific reasons, among others:

(a) The treasury of Humboldt County has lost (and will continue to lose) an annual income totaling many thousands of dollars, due to the transfer to the State (for park purposes) of what were formerly privately-owned tax-paying timberlands. Humboldt County has forever lost this tax revenue, and balance of taxpayers in Humboldt County have assumed the burden of this differential, digging this additional tax money out of their own pockets annually.

(b) Humboldt County taxpayers have contributed substantially to the purchase of some of these lands, in addition to shouldering additional tax burdens when these lands were taken off the tax rolls for State Park purposes (for general enjoyment, benefit and pleasure).

(c) Had not the Humboldt County taxpayers and Board of Supervisors thus cooperated and contributed their own funds, it is questionable whether the general public would have had so many State Parks to enjoy.

(d) Richardson's Grove was purchased with State funds appropriated by the Legislature, with the understanding that this grove would retain its original natural condition.

(e) It had always been the understanding of the taxpayers of Humboldt County that private lands thus dedicated to Park purposes would be perpetuated, maintained and protected in their original natural state; also, that these parks would not be desecrated and spoiled by concessionaire structures and commercial operations for the benefit of profit-making concessionaires. Therefore, the original basic principle of the land transfer and its expected and understood use has been abused and transgressed.

(f) The private concessionaires in Richardson's Grove (operating for the purposes of making a personal gain and profit) enjoy unfair and discriminating advantages over the operators catering to tourists and vacationists outside State Parks.

(g) By virtue of the unfair competition developed and made possible by the State Park Commission, *existing* operators outside State Parks are discouraged from expanding their operations and facilities;

potential *new* capital is discouraged from acquiring new properties and erecting new structures and facilities not now available to the traveling public. Result: County treasuries in Humboldt and neighboring counties suffer a loss of potential new tax revenue—income which would otherwise accrue if this unfair State Park competition did not exist.

(h) The State Park Commission's apparent desire to perpetuate concessions at Richardson's Grove appears to be an invasion by the State upon the sovereign rights of counties, particularly since the Board of Supervisors and civic organizations in Humboldt County claim that not only were they not advised of the proposed expansion of concession facilities and the signing of a new lease with the concessionaire—but that they were not given an opportunity to appear before the State Park Commission at the time the lease was up for final consideration, in spite of specific requests filed (prior thereto) with the State Park Commission by Humboldt County groups.

And whereas the Board of Supervisors in the above-named counties have requested the Board of Supervisors in and for the County of San Francisco to take action in support of the above-named project; now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco hereby endorse the stand taken by the Boards of Supervisors of Humboldt, Mendocino, Napa and Lake Counties and hereby petitions the Governor of the State of California and State Park Commission to immediately take whatever steps are necessary to eliminate commercialization in State Parks.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Appointment of Supervisor George R. Reilly as Acting Mayor.

The following communication from his Honor, the Mayor, was presented:

September 3, 1938.

To the Honorable, The Board of Supervisors, City Hall, San Francisco.

Gentlemen: Having accepted the invitation of Mayor Joseph Carson of Portland to be guest speaker at the Florist's Telegraph Delivery Association Convention in that city, I am leaving San Francisco Monday night.

I shall carry to the convention the invitation of San Francisco that their 1939 gathering be held in this city.

Therefore, in accordance with Section 25 of the Charter, I hereby name Honorable George R. Reilly, member of the Finance Committee of the Board of Supervisors, to act as Mayor during my absence.

Yours very truly,

ANGELO J. ROSSI, Mayor.

Requesting His Honor the Mayor to Appoint Citizens' Committee for Proper Observance of Constitution Day.

(Code No. 5.93)

Supervisor Reilly for Supervisor Roncovieri presented:

Resolution No. 4233, as follows:

Whereas, the Federal Constitution of the United States is the fundamental document upon which is built our system of democratic laws; and

Whereas, it is desirous that this nation give increasingly thoughtful respect to the document that preserves the fundamentals of American life against the clamor of Old World isms, hates and idealogies; and

Whereas, September 17th will be the one hundred and fifty-first anniversary of the Constitution of the United States; and

Whereas, that anniversary will be observed throughout the United States; now, therefore, be it

Resolved, That his Honor the Mayor, be and he is hereby respectfully requested to appoint a Citizens' Committee for the proper observance of the anniversary of the Constitution.

**Prohibiting the Interception of Police Broadcasts for Private Purposes.**

(Code No. 11.00)

Supervisor Reilly presented:

Bill No. 1711, Ordinance No. 11.0018, as follows:

Prohibiting the interception of Police Broadcasts for Private Purposes in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation, other than the police department or other duly authorized emergency agencies of this City and County, to intercept, receive or assist in receiving any dispatch or communication from the Police Broadcasting Station for the purpose of using such dispatch or communication or any information contained therein for or in the conduct of any business, trade or occupation.

Section 2. Every person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the County Jail for not more than six (6) months or by fine not to exceed five hundred dollars (\$500.00), or by both such fine and imprisonment.

*Referred to Fire, Safety and Police Committee.*

**Proposed Amendment to the Rules Re Absence of Members of  
Board of Supervisors From the City.**

Supervisor Reilly announced that he considered it almost impossible, in the absence from the City of any five members of the Board at the same time, to hold a meeting of the Board, and that, as Chairman of the Rules Committee, he would call a meeting of the Committee to consider and urge the adoption of a rule that no five members of the Board be permitted to leave the City at the same time.

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 2:50 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors September 12, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

### Action Deferred.

Due to lack of sufficient votes, action on the following bill was deferred to September 19, 1938:

### Authorizing and Directing the Tax Collector to Collect Taxes Pursuant to Provisions of Section 3820 of the Political Code.

(Code No. 9.023)

Bill No. 1704, Ordinance No. 9.0232, as follows:

Authorizing and directing the Tax Collector of the City and County of San Francisco to collect taxes on all property including the taxes on all assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected by the Assessor pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July, and vesting said Tax Collector with all the powers and authority which are by law vested in the Assessor to collect said taxes prior to the last business day in July of each year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, there was added to the laws of the State of California by the Legislature convening in general session during the year 1937 Section 3832 of the Political Code, which authorized the Tax Collector of any county or any city and county by a four-fifths vote of all the members of its board of supervisors to collect taxes on assessments of possession of, claim to, or right to the possession of land and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July.

Section 2. And whereas, there is upon the assessment rolls of the City and County of San Francisco a large amount of taxes on personal property which are not a lien upon any real property in the City and County of San Francisco, together with taxes which are assessed by reason of the possession of land as well as upon taxable improvements located on land exempt from taxation.

Section 3. And whereas, said taxes are due and payable to the City and County of San Francisco and the collection thereof will add a large amount of revenue to the City and County of San Francisco.

Section 4. Therefore, The Tax Collector of the City and County of San Francisco is hereby authorized, empowered and directed to collect the taxes on all property, including the taxes on assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located on land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not, by any action of the Assessor, been made a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of California on or before the last business day in July.

Section 5. The said Tax Collector is hereby given all of the power and authority vested in the Assessor of the City and County of San Francisco under and pursuant to Sections 3820, 3821, 3822, 3832, 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code in regard to the collection of taxes upon all and singular the property above mentioned by seizure and sale thereof, and said Tax Collector is hereby authorized to do any and all things provided or authorized by the general laws of the State of California to collect any and all taxes due upon any or all of the property above mentioned.

#### **Reducing Sidewalk Widths on Post Street Between Taylor Street and Van Ness Avenue.**

(Code No. 12.0731)

The following recommendation of Streets Committee was taken up:

Bill No. 1664, Ordinance No. 12.0731125, as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Eight Hundred and Thirty-seven (837) thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office July 28, 1938, by amending Section Eight Hundred and Thirty-seven (837) thereof to read as follows:

Section 837. The width of sidewalks on Post street between Market and Taylor streets shall be 12 feet.

The width of sidewalks on Post street between Taylor street and Van Ness avenue shall be 10 feet.

#### **Motion.**

Supervisor Brown, seconded by Supervisor McSheehy, moved that the foregoing bill be re-referred to Streets Committee and hearing be granted to proposed amendment, making the official width of sidewalks on Post street between Market and Taylor streets conform to the present actual width of the sidewalks.

#### **Amendment to Motion.**

Supervisor Uhl moved as an amendment to the foregoing motion, that the matter remain on the calendar to be heard at the next meeting by the Board, sitting as a committee of the whole.

### **Final Passage.**

The following recommendation of Public Health Committee, heretofore passed for second reading, was taken up:

### **Amending Ordinance Regulating Advertising in Connection With Retail Sale of Meat.**

(Code No. 17.04)

Bill No. 1702, Ordinance No. 17.0410, as follows:

Amending Sections 2, 3, 5 and 6 of Ordinance No. 17.049, entitled "Providing for the Manner in Which Meat Shall Be Advertised for the Purpose of Sale at Retail in the City and County of San Francisco; Defining Classes of Meat and Retail Cuts of Meat; Defining Offenses and Providing Penalties for the Violation of This Ordinance."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2, 3, 5 and 6 of Ordinance No. 17.049, the title of which is recited above, are hereby amended to read as follows:

Section 2. Any class or cut of meat which is defined in this ordinance must conform to such definition if advertised as such or offered for retail as such.

Section 3. It shall be unlawful for any person, firm, co-partnership, association or corporation, or any agent or employee thereof, selling or delivering or offering for sale or delivery meat at retail to misrepresent the classes or "cuts" of meat as defined in this ordinance in their advertising or placards, or in any manner whatsoever.

Section 5. The following terms, used in describing the various retail cuts of meat, shall be used and applied only as defined herein, as follows:

(A) In naming the ribs of the carcass, the first or Number One rib shall be that which is closest to the neck, the other ribs being counted from that point.

(1) "Prime rib roast" shall consist of from the eighth to thirteenth ribs, inclusive, of a beef carcass. "Short cuts" shall be used only when the rib bone is not more than five inches in length from the junction of the eye and the rib. "Long cut" shall have the plate removed at a point parallel to the Chine-bone and making a twelve-inch wing.

(2) "Beef round" shall consist of the buttocks cut to include the section from the socket bone to the gambrel or hock.

(3) "Round steak" shall be cut from the round, including top and bottom with or without bone. In advertising any cut of round steak, the particular kind of round as defined herein must be stated.

(4) "Top round steak" shall be cut from the upper or inside portion of the round with or without bone.

(5) "Bottom round steak" shall be cut from the under or outside portion of the round without bone.

(6) "Heel of round" shall be the lower portion of the round, triangular in shape.

(B) "Forequarter of lamb" shall consist of not less than thirteen ribs, shoulder, breast, shank and neck.

(1) "Shoulder of lamb" shall consist of the shoulder in one piece, including not less than three ribs, and may include the neck and shank. "Shoulder of lamb, Boston style," shall not be used with the term "leg" or "leg of lamb." Its use shall be confined to shoulders of lamb as herein defined.

(2) Any part of the shoulder of lamb cut to contain less than three ribs shall be described as "yoke of lamb." Any yoke of lamb cut with the major part of the breast attached must be advertised and sold as "yoke of lamb with breast."

(C) "Pork loin" shall be cut at the leg end at a point two and one-half inches above the aitch-bone on the pork leg, and shall include thirteen ribs and no further portion of the shoulder, and the belly shall be removed at a point not to exceed five inches from the Chine-bone at the center part of the loin.

(1) "Pork loin roast" shall consist of not less than half the loin.

(2) "Pork loin chops" shall be cut from the fifth rib to the hip bone. "Large loin pork chops" shall be cut from that portion of the loin from the hip-bone to the aitch-bone, inclusive.

(3) "Pork leg" shall consist of the hind leg, with foot removed through the hock joint; the butt shall be rounded and the tail removed. "Leg pork roast" shall consist of not less than half a leg.

Section 6. Whenever a conflict arises in the definitions as set out herein, or the words Prime or Choice are used in advertising meat offered for sale or delivery at retail, the standards of the Bureau of Agricultural Economics of the United States Department of Agriculture shall prevail in the operation of this ordinance. The use of the terms A-1 or Stall-fed shall be prohibited unless the meat sold under such terms shall be the equivalent in grade of the United States Department of Agriculture standards of Prime or Choice. The Standards of the United States Department of Agriculture shall prevail only for the enforcement of this ordinance, and nothing contained in this ordinance shall be construed to apply the standards of the United States Department of Agriculture to the compulsory grading of meat sold or offered for sale at retail in the City and County of San Francisco.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Ronco-vieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Meyer, Shannon—3.

**NEW BUSINESS.****Passed for Second Reading.**

The following recommendation of Finance Committee was taken up:

**Providing for Notification of Intention to Acquire Properties of Market Street Railway Company.**

(Code No. 15.091)

Bill No. 1706, Ordinance No. 15.09121, as follows:

Providing for notification to the Market Street Railway, a corporation, of the intention of the City and County of San Francisco to take over and acquire the properties of the Market Street Railway.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, Section 131 of the Charter provides: "Whenever the city and county desires to acquire said railway property, the city and county shall give the holder of said permit written notice, duly authorized by ordinance, of its intention to take over and acquire said properties on a date to be stated in said notice, but in no event less than three months nor more than fifteen months from the date of said notice."

Whereas, the Board of Supervisors have submitted a bond proposal to the voters of the City and County of San Francisco for authorization to thereby provide the funds with which to acquire the property of the Market Street Railway; and

Whereas, the Public Works Administration Appropriation Act of 1938 provides that grant may only be made on projects upon which work will be started prior to January 1, 1939; and

Whereas, to aid in the improvement of the properties to be acquired from the Market Street Railway, the City and County of San Francisco has made application for a grant in the amount of \$5,474,700; and

Whereas, it will therefore be necessary for the City and County of San Francisco to acquire the property of the Market Street Railway and start work thereon prior to January 1, 1939, if it is to be eligible to receive a grant in this connection;

Now, therefore, the Clerk of the Board of Supervisors, in accordance with the provisions of the Charter, is hereby directed to notify the Market Street Railway that the City and County of San Francisco desires to acquire said railway property on or before December 31, 1938, providing that the aforementioned bond issue is approved.

*Passed for second reading by the following vote:*

Ayes—Supervisors Brown, Mead, Ratto, Reilly, Roncovieri, Schmidt—6.

Noes—Supervisors McSheehy, Uhl—2.

Absent—Supervisors Brown, Meyer, Colman—3.

**Protesting Commercialization of State Parks.**

(Code No. 5.3).

The following recommendation of Judiciary Committee was taken up:

Resolution No. 4219, as follows:

Whereas, the Boards of Supervisors in and for the Counties of Humboldt, Mendocino, Lake and Napa have adopted resolutions requesting elimination of commercialization in State Parks in the Redwood Empire with particular reference to Richardson's Grove State Park in Humboldt County; and

Whereas, said resolutions are based upon following specific reasons, among others:

(a) The treasury of Humboldt County has lost (and will continue to lose) an annual income totaling many thousands of dollars, due to

the transfer to the State (for park purposes) of what were formerly privately-owned tax-paying timberlands. Humboldt County has forever lost this tax revenue, and balance of taxpayers in Humboldt County have assumed the burden of this differential, digging this additional tax money out of their own pockets annually.

(b) Humboldt County taxpayers have contributed substantially to the purchase of some of these lands, in addition to shouldering additional tax burdens when these lands were taken off the tax rolls for State Park purposes (for general enjoyment, benefit and pleasure).

(c) Had not the Humboldt County taxpayers and Board of Supervisors thus cooperated and contributed their own funds, it is questionable whether the general public would have had so many State Parks to enjoy.

(d) Richardson's Grove was purchased with State funds appropriated by the Legislature, with the understanding that this grove would retain its original natural condition.

(e) It had always been the understanding of the taxpayers of Humboldt County that private lands thus dedicated to Park purposes would be perpetuated, maintained and protected in their original natural state; also, that these parks would not be desecrated and spoiled by concessionaire structures and commercial operations for the benefit of profit-making concessionaires. Therefore, the original basic principle of the land transfer and its expected and understood use has been abused and transgressed.

(f) The private concessionaires in Richardson's Grove (operating for the purposes of making a personal gain and profit) enjoy unfair and discriminating advantages over the operators catering to tourists and vacationists outside State Parks.

(g) By virtue of the unfair competition developed and made possible by the State Park Commission, *existing* operators outside State Parks are discouraged from expanding their operations and facilities; potential *new* capital is discouraged from acquiring new properties and erecting new structures and facilities not now available to the traveling public. Result: County treasuries in Humboldt and neighboring counties suffer a loss of potential new tax revenue—income which would otherwise accrue if this unfair State Park competition did not exist.

(h) The State Park Commission's apparent desire to perpetuate concessions at Richardson's Grove appears to be an invasion by the State upon the sovereign rights of counties, particularly since the Board of Supervisors and civic organizations in Humboldt County claim that not only were they not advised of the proposed expansion of concession facilities and the signing of a new lease with the concessionaire—but that they were not given an opportunity to appear before the State Park Commission at the time the lease was up for final consideration, in spite of specific requests filed (prior thereto) with the State Park Commission by Humboldt County groups.

And whereas the Board of Supervisors in the above-named counties have requested the Board of Supervisors in and for the County of San Francisco to take action in support of the above-named project; now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco hereby endorse the stand taken by the Boards of Supervisors of Humboldt, Mendocino, Napa and Lake Counties and hereby petitions the Governor of the State of California and State Park Commission to immediately take whatever steps are necessary to eliminate commercialization in State Parks in the Redwood Empire.

#### Privilege of the Floor.

Mr. Elliot M. Epstein and Mr. Clyde Edmondson, representing the Redwood Empire Association, on motion by Supervisor Ratto, were

granted the privilege of the floor, and urged the adoption of the foregoing resolution.

**Adopted.**

Whereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Ronco-vieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Meyer, Shannon—3.

**Action Deferred.**

Consideration of the following emergency ordinance, requiring nine votes for passage, was, due to lack of votes, *postponed one week*:

**Amending Municipal Code Relative to Continuing Existing Law,  
and Effective Date of Code. An Emergency Ordinance.**

(Code No. 1.07)

Bill No. 1712, Ordinance No. 1.074, as follows:

Amending Sections 3 and 19 of Ordinance No. 1.073 (Bill No. 1583), entitled "An Ordinance Enacting, Pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a Consolidation, Rearrangement and Codification of the General, Regulatory and Penal Ordinances of Said City and County, to Be Known as the San Francisco Municipal Code; Providing Penalties for Violation of the Provisions Thereof; Providing for the Effective Date of the Municipal Code; and Repealing Ordinance No. 9137 (New Series) From and After the Effective Date of the Municipal Code." An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Ordinance No. 1.073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of October, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 2. Section 19 of Ordinance No. 1.073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the third day of January, 1939, at the hour of 12:01 a. m.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit, the extension of the date when the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of July, 1938, to include additional necessary amendments already passed, and the extension of the effective date of the Municipal Code on October 1, 1938, to permit the publication of the Municipal Code, so that this ordinance may become effective prior to the 1st day of October, 1938.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**In Memoriam—John C. Corbett.**

(Code No. 5.91)

Supervisor Ratto presented:

Resolution No. 4237, as follows:

Whereas, Almighty God has summoned John C. Corbett to his eternal reward; and

Whereas, Mr. Corbett's demise culminates a long and faithful career in the public service of the City and County of San Francisco as well as the State of California; and

Whereas, during his lifetime, Mr. Corbett executed his public functions with highest efficiency and a constant view to the welfare of those whom he so faithfully served, while in private life he comported himself with utmost consideration for his fellow man and with tenderness and concern for his family; and

Whereas, San Francisco and the State of California will long mourn the untimely demise of Mr. Corbett, an outstanding public official and citizen; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco takes this opportunity to express its sincere condolences to the bereaved family of Mr. John C. Corbett; and be it

Further Resolved, That when the Board of Supervisors adjourns this day, it does so out of respect to the memory of the late John C. Corbett; and be it

Further Resolved, That a suitably engrossed copy of this resolution be forwarded to Mr. Corbett's family.

*Unanimously adopted by rising vote.*

**Motion.**

Supervisor Ratto moved that all Supervisors, who could possibly do so, represent the Board at the funeral of the late John C. Corbett on Tuesday morning, September 13, 1938, and that the supervisors' automobiles be assigned therefor.

*So ordered.*

**Proposed Debate on Bond Issue for Purchase of Market Street  
Railway Company's Properties.**

Supervisor McSheehy moved as follows:

I move you, Mr. President, that, inasmuch as in the presentation of so controversial a subject as the purchase and rehabilitation of the properties of the Market Street Railway, garbled statements are bound to be made; and that in order to better clarify the situation and present the matter in its true light to the people who vote upon it, an open debate should be conducted in the Civic Auditorium, the evening of September 16, 1938, between the sponsor of the bond issue as proposed, Mayor Rossi, and Supervisor McSheehy, the opponent of the proposed bond issue and advocate of an alternative proposition in regard thereto.

Seconded by Supervisor Uhl.

I further move you, Mr. President, that Superior Judge ..... be appointed Chairman of the meeting, to simply preside and do no more than introduce the two speakers of the evening.

I further move you, Mr. President, that 40 minutes be allowed each speaker for presentation of his views as to the matter, and that 20 minutes be allowed each speaker in rebuttal.

I further move you, Mr. President, that a radio broadcast, and suitable publicity in the Press, be given the debate so that the public may the better understand the question before them.

If I can receive a second to my motion, I further move that the motion in its entirety be made a part of the record of the minutes of the meeting of the Board of Supervisors this day, and that the customary letter to the Mayor of matters considered off calendar carry this message to him.

The Chair declared that Supervisor McSheehy's motion was, in reality, a series of motions, and should be considered seriatim.

#### Explanation of Vote.

Before the roll was called on the first motion, Supervisor Brown explained his vote as follows:

"I see no reason why Mr. McSheehy should not issue an invitation to the Mayor and debate his question and I don't know but what the debate will be very entertaining. I would like to be there but I don't believe the Board of Supervisors is the channel through which such invitation should be issued. Therefore, I will vote against it."

#### Motion Failed.

Thereupon, the roll was called on the first motion, and same *failed* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Brown, Mead, Ratto, Reilly, Roncovieri, Schmidt—6.

Absent—Supervisors Colman, Meyer, Shannon—3.

The subsequent motions *failed for want of a second*.

#### Appointment of Citizens' Committee for Commemoration of Feast Day of St. Francis of Assisi, October 4.

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 4235, as follows:

Whereas, Tuesday, October 4, is the feast day of St. Francis of Assisi, the patron saint of the City and County of San Francisco; and

Whereas, the history of our City has been closely interwoven with the name of this renowned man of God; and

Whereas, it is fitting that this occasion be properly revered and celebrated by our entire citizenry; now, therefore, be it

Resolved, That this Board of Supervisors requests his Honor the Mayor to appoint a citizens' committee for the proper commemoration of this important day.

*Adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Meyer, Shannon—3.

#### Appointment of Citizens' Committee to Arrange for Proper Commemoration of Gift to City of Larsen Park by the Late Carl G. Larsen.

(Code No. 5.93)

Supervisor Schmidt presented:

Resolution No. 4236, as follows:

Whereas, Carl G. Larsen, well-known, beloved, and public-spirited citizen of San Francisco, who bequeathed to the City the land occupied by Larsen Park, for recreation purposes, thereby setting a splendid example to other citizens in our City; and

Whereas, his splendid action is to be commemorated with the unveiling of a bronze memorial tablet on September 25, 1938, indicating his benefactions to the City; therefore, be it

Resolved, That his Honor the Mayor be authorized and requested to appoint a proper Citizens' Committee to make the necessary arrangements for this commemorative event.

*Adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Meyer, Shannon—3.

#### **Reception to Douglas Corrigan.**

Supervisor Reilly presented an outline of reception to Douglas Corrigan, on Wednesday, September 14, 1938, and invited all members of the Board, who could, to be present at the City Hall on Wednesday morning, at 9:30 o'clock, to participate in the events incident to the reception.

#### **Architect, San Francisco Building at the Exposition.**

Supervisor Uhl requested information as to what investigation the Exposition Affairs and Industrial Development Committee had made with respect to the appointment of the architect for the San Francisco Building at the Exposition.

*No action.*

#### **Adopted.**

The following recommendations of his Honor the Mayor were taken up:

#### **Leave of Absence—Chief Engineer Charles J. Brennan, Member of the San Francisco Fire Department.**

(Code No. 4.053)

Resolution No. 4238, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Chief Engineer Charles J. Brennan, a member of the San Francisco Fire Department, is hereby granted a leave of absence for a period not to exceed twenty-five days, commencing September 18, 1938, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

#### **Arguments on Bond Proposition No. 8.**

Arguments in favor of Bond Proposition No. 8, being enclosed by the Registrar of Voters with sample ballots sent to the electors, were presented to the Board by Supervisor Uhl, who objected to some of the statements therein.

Supervisor Roncovieri replied to objections made by Supervisor Uhl.

Arguments against Bond Proposition No. 8, prepared by Supervisor Uhl, for inclusion by the Registrar of Voters with sample ballots being sent to the electors, were, at the request of Supervisor McSheehy, read by the Clerk.

On motion by Supervisor McSheehy, seconded by Supervisor Uhl, both arguments were ordered made part of the record, as follows:

### VOTE YES ON BOND PROPOSITION NO. 8.

This proposed bond issue in the sum of \$24,480,000 is for the purchase, rehabilitation and modernization of 286 miles of the Market Street Railway, and its *Consolidation* with the 90 miles of Municipal Railway into a unified up-to-date system under one management.

#### P. W. A. GRANT WILL BE USED TO CUT DOWN TOTAL OF BOND ISSUE TO \$19,006,000!

1. Under THE ROOSEVELT P. W. A. RECOVERY PROGRAM, the city has applied to the Federal Government for a Grant of \$5,474,000. This \$5,474,000 is a GIFT which will never have to be paid back to the Government. The Government's only requirement is that this money must be used to put men to work. If you, the people, approve the bond issue for \$24,480,000 this sum will be reduced by the amount of the P. W. A. Grant to \$19,006,000. *This \$5,474,000 P. W. A. Grant will be lost to San Francisco unless this bond issue is approved on September 27, 1938. The Federal Government has fixed September 30, 1938, as the dead-line for approving P. W. A. Grants.* VOTE YES!

#### PURCHASE PRICE CANNOT EXCEED \$12,500,000!

2. Negotiations for the purchase of the Market Street Railway will begin immediately after this bond issue is approved by the people. A non-political commission of five (5) members will be appointed by the Mayor to negotiate a price which shall be fair and reasonable to the city, but which *must not exceed \$12,500,000*, the ASKING PRICE of the Market Street Railway, but not necessarily the PAYING PRICE. The price that will be recommended by this commission as fair and reasonable to the city will have to be approved, first, by the Public Utilities Commission, and, secondly, this price will have to be approved by the Board of Supervisors, and, finally, it must be approved by the Mayor. THE PURCHASE PRICE CANNOT BE MORE THAN \$12,500,000. VOTE YES!

#### 5-CENT FARE WITH UNIVERSAL TRANSFERS!

3. The consolidation of the Market Street Railway with the Municipal Railway will give San Francisco a 5-cent fare with universal transfers to any part of the city. It will eliminate the one-man car and put thousands of additional men to work constructing road-beds, tracks, and all other work necessary to interlock both systems. VOTE YES!

#### BUSSES!

4. This bond issue provides for the immediate purchase of 283 modern, up-to-date streamlined street cars, trolley busses and gasoline busses. The busses will be used to replace miles of antiquated Market Street Railway tracks. Additional busses will be provided as rapidly as possible. VOTE YES!

#### EQUALITY OF SERVICE AND FARE!

5. The Municipal Railway serves only one-third of all the traveling public, and these riders enjoy the advantage of a 5-cent fare on cars operated by two men. The Market Street Railway serves the remaining two-thirds of the car riders, and these are penalized by poor service and a higher fare. Consolidation is the only cure for this

evil. Consolidation will place all patrons on equality as to service and fare. VOTE YES!

**ALL OUTLYING DISTRICTS WILL BENEFIT!**

6. Consolidation will greatly increase the use of the Twin Peaks and Duboce Tunnels; give maximum transportation facilities and service to the people living west of the tunnels, and advance real estate values. All outlying districts will be equally benefited. VOTE YES!

**DO YOU WANT 17 YEARS MORE BAD SERVICE?**

7. The Market Street Railway has remaining more than 17 years of existence on the streets of San Francisco through a *franchise* granted by a vote of the people. With the cars, the road-bed, and the service getting worse every day, the outlook is alarming unless immediate and drastic action is taken to alleviate these intolerable conditions.

ARE YOU SATISFIED WITH YOUR PRESENT MARKET STREET RAILWAY STREET CAR SERVICE? IF SO, BEAR IN MIND THAT YOU WILL HAVE THIS KIND OF SERVICE FOR 17 MORE YEARS UNLESS THIS BOND ISSUE RECEIVES YOUR "YES" VOTE. VOTE YES!

**DANGER TO GROWTH AND PROSPERITY OF SAN FRANCISCO!**

8. The bad condition of the Market Street Railway, which is daily getting worse, is a most serious threat to the growth and prosperity of San Francisco. Bad transportation in San Francisco competing with first-class service over the East Bay Bridge will depopulate San Francisco, decrease real estate values, and adversely affect all business. VOTE YES!

**SAN FRANCISCO CANNOT EXPAND AND PROSPER WITHOUT FIRST-CLASS TRANSPORTATION**

9. A city must have transportation service adequate to its needs, just as it must have schools, streets, hospitals, recreation centers and sewers, etc. Without these services a modern city cannot exist. If San Francisco is to forge ahead, expand and prosper, first-class transportation must be provided. VOTE YES!

**CONSOLIDATION RECOMMENDED BY EXPERTS!**

10. Consolidation of the Market Street Railway with the Municipal Railway has been repeatedly recommended by all the engineers and traffic experts who have made long and expensive studies and surveys at the request of the Board of Supervisors. VOTE YES!

**"GREATER SAN FRANCISCO"**

11. The destiny of San Francisco and its future growth lies to the south in San Mateo County. The purchase of the Market Street Railway will give impetus to the consolidation of San Francisco and San Mateo Counties into "Greater San Francisco." VOTE YES!

YOU, the PEOPLE, and ONLY YOU, can decide if you want—

THE BEST IN TRANSPORTATION!

THE UNIVERSAL 5-CENT FARE!

THE UNIVERSAL TRANSFER!

THE ABOLITION OF THE ONE-MAN CAR!

THE ELIMINATION OF 17 YEARS MORE OF THE  
PRESENT TYPE OF BAD SERVICE!

\$5,474,000 FROM WASHINGTON!

WORK FOR OUR UNEMPLOYED FELLOW CITIZENS!

*Recommended by the Mayor, the Public Utilities Commission, the Board of Supervisors and many civic organizations.*

Vote YES on Bond Proposition Number 8.

**FOR YOUR INFORMATION.****By Adolph Uhl.**

Vote "NO" on \$24,480,000 BONDS for purchase and reconstruction of the Market Street Railway.

Vote "NO" on Charter Amendment creating Traffic Commission.

**REGARDING PURCHASE OF THE MARKET STREET RAILWAY:**

It is poor business to pay upward of \$12,500,000 for the Market Street Railway properties, then JUNK *the rails and cars* and spend another \$12,000,000 to RECONSTRUCT the RAILS and PURCHASE SEVERAL HUNDRED NEW STREET CARS, when progressive cities are JUNKING street cars for buses. 108 buses to be purchased are to replace cable cars.

The total amount necessary to purchase and reconstruct the Market Street Railway, Mr. Cahill advises, will be \$39,000,000. Therefore, Mr. Cahill advises, another Bond Issue of at least \$15,000,000 must be voted in near future:

Under date of August 12th, 1938 Mr. Cahill states:

*"The Market Street Railway properties have nearly reached the end of their useful life."*

**MORE TAXES**

Taxpayers: Under date of August 12th, 1938, Mr. Cahill further states:

"If the Bonds were sold at 3% interest basis THE DEFICIT to be met the first year FROM TAXES will be approximately \$764,000 AND in the fourth year beginning of amortization THE DEFICIT to be met FROM TAXES will be \$1,464,000." (Equal to 20-cent raise in the tax rate.)

The 5-cent fare can be restored in all sections of San Francisco by providing Bus transportation. If the Public Utility Commissioners will request the Board of Supervisors to place on the November ballot a bond issue of ONLY \$9,000,000 for buses, shops, etc., bus transportation can then be provided by May, 1939.

**VOTE "NO" ON \$24,480,000 BONDS.****VOTE "NO" ON CHARTER AMENDMENT CREATING A TRAFFIC COMMISSION.**

Such a Commission is not necessary. Such a Commission will positively be a duplication of the Public Utility and other Commissions and will cost the taxpayers \$80,000 a year.

We are told a Traffic Commission is necessary to co-ordinate the various Commissions and Departments of the city government in order to speed up traffic and transportation. Co-ordination can be accomplished if the Mayor, who is the head of all Commissions and the Chief Administrative Officer, who is the head of all Departments will get together and order the various Commissions and Departments to co-operate on matters of traffic and transportation.

Something is radically wrong if the Mayor and the Chief Administrative Officer whose combined salaries are \$22,000 a year are unable to accomplish what a Traffic Commission, composed of laymen, serving without compensation MIGHT be able to accomplish.

**Street Lighting on Chestnut Street.**

Supervisor Ratto presented petition for change in street lighting system on Chestnut street, between Fillmore and Divisadero streets, signed by property owners, merchants and residents of the district.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of September 12, 1938, was considered read and approved.

## UNFINISHED BUSINESS.

The following recommendation of Finance Committee, heretofore passed for second reading, was taken up:

**Authorizing and Directing Tax Collector to Collect Taxes Pursuant to Provisions of Section 3820 of Political Code.**

(Code No. 9.023)

Bill No. 1704, Ordinance No. 9.0232, as follows:

Authorizing and directing the Tax Collector of the City and County of San Francisco to collect taxes on all property, including the taxes on all assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected by the Assessor pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July, and vesting said Tax Collector with all the powers and authority which are by law vested in the Assessor to collect said taxes prior to the last business day in July of each year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, there was added to the laws of the State of California by the Legislature convening in general session during the year 1937, Section 3832 of the Political Code, which authorized the Tax Collector of any county or any city and county by a four-fifths vote of all the members of its Board of Supervisors to collect taxes

on assessments of possession of, claim to or right to the possession of land and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July.

Section 2. And whereas, there is upon the assessment rolls of the City and County of San Francisco a large amount of taxes on personal property which are not a lien upon any real property in the City and County of San Francisco, together with taxes which are assessed by reason of the possession of land as well as upon taxable improvements located on land exempt from taxation.

Section 3. And whereas, said taxes are due and payable to the City and County of San Francisco and the collection thereof will add a large amount of revenue to the City and County of San Francisco.

Section 4. Therefore, the Tax Collector of the City and County of San Francisco is hereby authorized, empowered and directed to collect the taxes on all property, including the taxes on assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located on land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof, and when said taxes have not, by any action of the Assessor, been made a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of California on or before the last business day in July.

Section 5. The said Tax Collector is hereby given all of the power and authority vested in the Assessor of the City and County of San Francisco under and pursuant to Sections 3820, 3821, 3822, 3832, 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code in regard to the collection of taxes upon all and singular the property above mentioned by seizure and sale thereof, and said Tax Collector is hereby authorized to do any and all things provided or authorized by the general laws of the State of California to collect any and all taxes due upon any or all of the property above mentioned.

#### Action Deferred.

Action on the foregoing bill, due to insufficient votes, was *postponed to Friday, September 23, 1938.*

#### Final Passage.

The following recommendation of the Finance Committee, heretofore passed for second reading, was taken up:

The width of sidewalks on Townsend street, the northwesterly side of, between Fourth and Fifth streets shall be 2 feet.

The width of sidewalks on Townsend street, the southeasterly side of, between Fourth and Fifth streets shall be abolished.

The width of sidewalks on Townsend street between Fifth and Division streets shall be abolished.

**Final Passage.**

The following recommendations of Streets Committee, heretofore passed for second reading, were taken up:

**Ordering Improvement of Somerset Street, Between San Bruno Avenue and the Northerly Termination of Somerset Street.**

(Code No. 12.0611)

Bill No. 1707, Ordinance No. 12.0611101, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors, August 16, 1938, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten (10) installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The construction of a sewer and appurtenances in Somerset street between San Bruno avenue and the northerly termination of Somerset street, in certain easements in Assessor's Block No. 6199, in the crossing of Alpha street and Tucker avenue, and in the crossing of Alpha street and Tioga avenue, with the construction of the following items:

Item No.	Item
1.	12-inch Vitrified Clay Pipe Sewer
2.	12x6-inch Vitrified Clay Y-branches
3.	8-inch Vitrified Clay Pipe Sewer
4.	8x6-inch Vitrified Clay Y-branches
5.	Brick manholes, complete

The assessment district hereby approved is described as follows:

Within the exterior boundary of all those certain lots delineated, designated, and numbered respectively as:

Block 6199—Lots 11, 12, 13, 14, 15, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33 and 34;

Block 6204—Lots 1, 1A, 1B, 1C, 1D, 2, 2A, 2B, 2C, 3, 3A and 40; and

Block 6205—Lots 2, 3, 3A, 3B, 3C and 4;

all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

### **Amending Municipal Code Relative to Continuing Existing Law, and Effective Date of Code. An Emergency Ordinance.**

(Code No. 1.07)

Bill No. 1712, Ordinance No. 1.074, as follows:

Amending Sections 3 and 19 of Ordinance No. 1.073 (Bill No. 1583), entitled "An Ordinance Enacting, Pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a Consolidation, Rearrangement and Codification of the General, Regulatory and Penal Ordinances of Said City and County, to Be Known as the San Francisco Municipal Code; Providing Penalties for Violation of the Provisions Thereof; Providing for the Effective Date of the Municipal Code; and Repealing Ordinance No. 9137 (New Series) From and After the Effective Date of the Municipal Code." An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Ordinance No. 1.073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, is so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as

restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of October, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 2. Section 19 of Ordinance No. 1.073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the third day of January, 1939, at the hour of 12:01 a. m.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit, the extension of the date when the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of July, 1938, to include additional necessary amendments already passed, and the extension of the effective date of the Municipal Code on October 1, 1938, to permit the publication of the Municipal Code, so that this ordinance may become effective prior to the 1st day of October, 1938.

**Canvass of Votes, Primary Election, August 30, 1938.**

(Code No. 3.02)

The Finance Committee presented:

Resolution No. 4249, as follows:

Whereas, the Board of Supervisors on Monday, August 29, 1938, adopted Resolution No. 4221, Code No. 3.02, directing the Registrar of Voters to proceed immediately to canvass the returns of the State Primary Election held on Tuesday, August 30, 1938, and designating the clerks to serve on said canvass; and

Whereas, as directed, the Registrar of Voters did proceed to canvass the returns and on the fourteenth day of September, 1938, certify the result of the canvass of all the votes cast at the State Primary Election held in San Francisco on Tuesday, August 30, 1938; now, therefore, be it

Resolved, That the record book marked, "Official Statement of Votes, Primary Election, August 30, 1938, City and County of San Francisco, A-W," be and the same is hereby constituted the record of the official canvass of the State Primary Election held in the City and County of San Francisco on the said day, and that the statement shows the whole number of votes cast in the City and County of San Francisco, State of California, on Tuesday, August 30, 1938, and in each voting precinct therein; the names of the persons voted for and the number of votes given in each voting precinct to each of such persons, and the total number of votes given in the City and County of San Francisco to each of such persons.

**Emergency Hospital and Service at Treasure Island.**

Dr. Schmidt, at the request of the San Francisco Medical Society, questioned Dr. Geiger about the emergency hospital and service at Treasure Island.

Dr. Geiger replied that some time ago the representatives of the Firemen's Fund Insurance Company, who is handling the insurance at Treasure Island, came to the Department of Public Health with plans for a hospital on Treasure Island. The plans, as contemplated, were satisfactory to the Department of Health. The question of equipment was discussed, but not decided. Dr. Geiger stated that it was his opinion that there could not be two hospitals or two groups of persons functioning. He felt the responsibility should be that of the Department of Public Health. The hospital is satisfactory, but the personnel should come from the City Civil Service lists of employments. However, there are no funds at the present time for the Department of Health to meet the expenses. The department should handle the matter, but should not pay the entire cost thereof.

Dr. Schmidt pointed out that the present system of rotation of emergency hospital patients, who had no choice of doctors, or who had no family physician, among the members of the San Francisco County Medical Society, was most satisfactory, and that such method of distribution of patients should be continued.

Supervisor McSheehy suggested that resolution along the lines outlined by Dr. Schmidt be prepared by the Supervisor for presentation to the Board at its next meeting.

**Commending and Congratulating Dr. J. C. Geiger.**

Supervisor Schmidt commended Dr. J. C. Geiger for his excellent work in the field of public health and extended congratulations to him for honors bestowed by the Italian government in awarding to

him the Cross of the Order of the Crown of Italy for services of distinction in the field of public health.

#### **Set-Back Lines, Lombard Street.**

Supervisor Uhl called attention to set-back line on the southerly side of Lombard street, between Van Ness avenue and Lyon street, established by City Planning Commission Resolution No. 1281 and approved by Resolution No. 2480, adopted by the Board of Supervisors on March 23, 1936. He stated he felt there was no need for such set-back line on Lombard street, between the intersection of Richardson avenue and Lombard street, and Lyon street, and requested that proper legislation be prepared for the abolishment thereof.

#### **Adopted.**

The following resolution was presented to the Board by City Attorney O'Toole, who informed the Board of the necessity for its adoption:

Whereupon, Supervisor Uhl, seconded by Supervisor Colman, moved its adoption.

#### **Calling a Special Election to Be Held in the City and County of San Francisco for the Purpose of Electing a Public Defender.**

(Code No. 3.02)

Resolution No. 4250, as follows:

Resolved, That a special election be held in the City and County of San Francisco on Tuesday, November 8th, 1938, and the same is hereby called for said date for the purpose of electing a qualified person to the office of Public Defender of the City and County of San Francisco, as provided in Section 5 of the Charter of the City and County; and be it

Further Resolved, That the Registrar of Voters be and he is hereby directed to issue the necessary proclamation and notice of said election and to consolidate said special election, as provided by law, with the general State election to be held on the said eighth day of November, 1938.

*Adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Absent—Supervisors Brown, Mead, Reilly, Shannon—4.

#### **Charter Amendment to Provide for Issuance of Revenue Bonds for the Acquisition or Construction of Power Distribution System.**

Supervisor Roncovieri presented the following report of the Joint Committee on Judiciary, Public Utilities and Finance:

The Joint Committee on Judiciary, Public Utilities and Finance was called to order in Room 228, Friday, September 16, 1938, at 10 o'clock a. m.

Supervisors present were Messrs. Roncovieri, Mead and Ratto. Mr. Cahill, Mr. Ost and Mr. O'Toole were also present. The purpose of the meeting was to consider Plan No. 8 for the Distribution of Hetch Hetchy Power. Because no quorum was present, of course, no recommendation can be made.

Mr. Cahill explained the provisions of Plan No. 8, and after some discussion thereon representatives of the San Francisco Building Trades Council requested that the proposed charter amendment be not submitted in the general election in November for the following reasons:

First. That the ballot is now replete with highly controversial subjects; and

Second. That there is not sufficient time in which to wage the campaign necessary to acquaint the electorate with the issue.

The Building Trades Council, therefore, is of the opinion that the proposed charter amendment should not be submitted at the general election in November, but that its submission should be postponed until some time probably early in January, when a clear-cut and decisive verdict may be had on this vital matter.

In enlarging on report just submitted, Supervisor Roncovieri stated that he had felt that the submission of Plan No. 8 should be deferred for submission at a special election to be held some time early in January, but, because of the probability of lack of sufficient votes to appropriate funds for a special election at a later date, any delay in submission would be inadvisable.

Supervisor Uhl expressed himself as being unalterably opposed to any appropriation for a special election.

Supervisor Colman stated that in view of the fact that this is a future act of the Board, he did not want to be accused of blocking any action taken, but would not vote in favor of any appropriation for a special election. He believed, however, that better representation would be had in the November general election, and that the November election would be the time to secure the most intelligent expression of the people's views.

#### Time Limit for Action by the Board on Proposed Charter Amendments.

After various suggestions for meetings for consideration of proposed Charter Amendments had been made, the City Attorney warned the Board that he would not be responsible for any Charter Amendments ordered submitted to the electors unless they are cleared through the Board not later than Friday, September 23rd. The next regular meeting of the Board on September 26th would be too late to allow for preparation for publication, proof-reading, possible corrections, etc., to insure correct publication forty days before the November election, as required.

#### Committee of the Whole.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the Board sit as a Committee of the Whole in order to consider proposed Charter Amendment to provide for the issuance of revenue bonds for the acquisition or construction of electric energy distribution system.

No objection and *so ordered*.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the present chairman be chairman of the committee.

No objection and *so ordered*.

Supervisor Uhl moved that Charter Amendment to provide for the issuance of revenue bonds for the acquisition or construction of electric energy distribution system (Plan No. 8) be submitted to the electors at the general election on November 8, 1938.

#### Privilege of the Floor.

M. A. Watchman, president of the Building Trades Council, and James McKnight of the Building Trades Council expressed opposition to submission at the general election in November.

Mrs. Annie Scanlon urged submission in November.

Mr. O'Rourke, president of San Francisco Property Owners' League, and Henry Warfield voiced objection to any submission to the voters.

#### Taken Into the Hands of the Committee.

Supervisor Uhl moved that the matter be taken into the hands of the committee.

No objection and *so ordered*.

### Amount of Proposed Revenue Bond Issue.

Supervisor Uhl moved that the amount of proposed revenue bond issue be fixed at \$50,000,000, thus providing a "cushion" of \$9,500,000 above the estimated purchase price of \$40,500,000 for the San Francisco distribution system of the Pacific Gas and Electric Company, including the Sierra system.

### Opinion From Manager of Utilities.

At the request of Supervisor Roncovieri, Mr. Cahill, Manager of Utilities, informed the Board that the amount of "cushion" advisable was entirely within the discretion of the Board, but suggested that the total amount of proposed revenue bond issue be fixed at \$55,000,000, to provide sufficiently for intangible costs and severance damages.

### Opinion From City Attorney.

At the request of Supervisor Roncovieri, the City Attorney advised the Board that if the amount of the proposed bond issue should not be sufficient to pay for the properties in accordance with the valuation set thereon by the Railroad Commission, it would be necessary again to ask the people to authorize additional bonds. Purchase of a less portion of the properties, to keep within the amount of funds available, would not be possible.

### Withdrawal of Motion.

After further brief discussion, Supervisor Uhl withdrew his motion that the amount of proposed revenue bond issue be fixed at \$50,000,000.

### Statement of Question.

Thereupon, the Chair announced that the question was simply one of confirming the report of the Public Utilities Commission, so that the Board could instruct the City Attorney to prepare the proper legislation to submit to the people a Charter Amendment for the purpose of authorizing a \$55,000,000 revenue bond issue for the securing an electric energy distribution system as outlined in Plan No. 8.

### Explanation of Vote.

Supervisor Colman explained his vote, stating he was opposed primarily to the revenue bond feature:

I will explain my vote in opposition to the presentation of this measure because of the revenue bond feature primarily. I have stated many, many times and I still believe and still state again that there is only one object in revenue bonds, and that is it makes it easier to go into debt, and to that principle I am unalterably opposed.

I believe our financial structure today is on its present high plane because it requires two-thirds vote to establish a bonded debt and that principle should be adhered to very, very strictly. I know it is stated by advocates they are not general obligation bonds, but it is my belief they are general obligation bonds. That it is a debt to the City and if interest and redemption cannot be met by the utility, they will be met by a raise in the tax rate and in this way becomes a general obligation to the taxpayer, and it is my strong belief that if two-thirds of the people should concur, they will be placing a yoke of indebtedness around their necks, around the necks of their children and their grandchildren, because that is what it practically amounts to.

I have other reasons. I have always believed and still do believe that the citizens of San Francisco are reasonably complying with the terms of the Raker Act under the present method of distribution from Hetch Hetchy. I realize the situation as it exists. I have read the brief, the very splendid brief of our City Attorney, and I sincerely agree with it. I sincerely believe we are reasonably and legally

complying with the terms of the Raker Act. As it was properly done, in orderly sequence, the matter was taken to court, and as it is not at all unusual, the first decision was against the City. The Board determined to appeal to the next higher court. This is being done now. Should the next court take an adverse stand, it is right to go to the highest court of the land, the Supreme Court of the United States. We have the final decision there.

We are adopting a defeatist attitude which I do not feel and therefore cannot go along and until such time as the string is played out, then the situation will be definite. I further believe that should this plan be judged as not reasonably and legally complying with the terms of the Raker Act, another plan can be evolved which will reasonably comply with the Raker Act.

Another possibility before the City should admit defeat is of going to Congress of the United States for a clear statement of fact to see whether or not we can have the terms of the Act clarified. I believe the City should have the right to regulate Red Mountain Power Plant so that San Francisco can receive additional revenue of some four hundred thousand dollars, and I have just as high a regard to carry out any principle or obligation as any other member of this Board, so therefore this is all untimely this going along on this proposition at this particular time.

Let me reply to you, we are all human beings. I have been in business many, many years and have given careful thought to business propositions, the most conservative thought. In my business I have found to my regret that estimates of revenue are apt to shrink, estimates of expense are apt to advance, and it is not unusual within my experience of the last ten years to see many favorable propositions at their inception turn out with surpluses not black but colored red, and for these reasons I am against the submission of this proposal.

In the past I have voted to submit this question when it was decided by general obligation bonds voted by two-thirds majority. The record will bear that out. I am against the proposition at this time and take no exception to any figures submitted by Mr. Cahill, but I do believe that the people of San Francisco should exercise great care against authorizing a staggering debt of \$55,000,000. Now, gentlemen, for these reasons I cannot vote to submit this matter to the people.

#### Motion Carried.

Thereupon, the roll was called on confirming the report of the Public Utilities Commission and instructing the City Attorney to prepare the proper legislation to submit to the people a Charter Amendment for the purpose of authorizing a \$55,000,000 revenue bond issue for the securing an electric energy distribution system as outlined in Plan No. 8, as follows:

Ayes—Supervisors Meyer, Ratto, Roncovieri, Schmidt, Uhl—5.

Noes—Supervisors Colman, McSheehy—2.

Absent—Supervisors Brown, Mead, Reilly, Shannon—4.

#### Committee of the Whole Arises.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the Committee of the Whole rise and report.

No objection and *so ordered*.

#### Reconvening as Board of Supervisors.

Thereupon, Supervisor Uhl, seconded by Supervisor Colman, moved that the Board reconvene as a Board of Supervisors.

No objection.

**Report of Findings of Committee of the Whole.**

Supervisor Uhl moved that the Committee of the Whole report its findings to the Board of Supervisors.

No objection and *so ordered*.

**Statement by City Attorney.**

No action to submit or refuse to submit to the electors was taken on this vote. I quite realize that possibly if we could submit this matter when there are no other propositions on the ballot we might be much better off. We would be much nearer carrying this proposition than we could at the general election. However, there are two things that might prevent you from submitting this at a later date. There is no money for a later election except in the Mayor's Emergency Fund, which takes nine votes to appropriate, in addition to the Mayor's recommendation. There is a very grave question as to whether or not the calling of a special election for the purposes of voting bonds of this character is such an emergency as comes within the provisions of Section 16 of the Charter. If this Board has another meeting in time to submit a Charter Amendment I am going to have the amendment prepared and you can take it or leave it. I have stated in open court that at the earliest opportunity San Francisco would submit a Charter Amendment to the electors. I will prepare the amendment and lay it in the lap of this Board, and the Board can do just what it pleases.

**Motion.**

Supervisor Roncovieri, seconded by Supervisor Ratto, moved that in view of the statement just made by the City Attorney, further consideration of this matter be postponed until Friday, September 23, at 4 p. m., and that the members of the Board be notified to be present, under call of the Board.

No objection and *so ordered*.

**Proposed Charter Amendments Relating to Fire Department.**

The following proposed charter amendment, presented by Supervisor McSheehy, of the Judiciary Committee, was read by the Clerk:

**CHARTER AMENDMENT NO. ....**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to add a new section to the Charter, to be known as Section 36.1, relating to the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at an election to be held on the 8th day of November, 1938, in the City and County of San Francisco, a proposal to add a new section to the Charter to be known as Section 36.1, relating to the Fire Department, to read as follows:

Section 36.1. Positions of Officers and Employees of the Fire Department legally authorized shall continue, and incumbents therein legally appointed thereto shall continue as the Officers and Employees of the Department under the conditions governing their respective appointments, and except as in this Charter otherwise provided. The annual compensations for the several ranks in the Department shall be as follows: Chief Engineer, \$7,200; First Assistant and Second Assistant

Chief Engineers, \$4,800; Battalion Chiefs, \$4,200; Captains, \$3,200; Lieutenants, \$3,096; Engineers, \$2,640; Chief's Operators, \$2,520; Drivers, Stokers, Tillermen, Truckmen and Hosemen for the first year of service, \$2,160; for second year of service, \$2,280; and for third year of service and thereafter, \$2,400; Pilots of Fire Boats and Marine Engineers of Fire Boats, \$3,060; Firemen of Fire Boats, \$2,460.

If and when the provisions of this section be approved by the electorate of the City and County of San Francisco and ratified by the legislature of the State of California, then and in that event, the provisions of paragraph four of Section 36 as now written or amended at any election to be held on November 8, 1938, shall stand repealed and shall no longer be in force and effect.

City Attorney O'Toole presented the following proposed charter amendment submitted by the David Scannell Club:

### CHARTER AMENDMENT NO. ....

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, an amendment to Section 36 of the Charter relating to the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at an election to be held on the 8th day of November, 1938, in the City and County of San Francisco, a proposal to amend said Charter as hereinafter set forth by amending Section 36 thereof relating to the Fire Department.

Section 36. The Fire Department shall be under the management of a Fire Commission, consisting of three members who shall be appointed by the Mayor and each of whom shall receive an annual compensation of Twelve Hundred Dollars (\$1,200). The term of each Commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January in the years 1932, 1933 and 1934 respectively and the Mayor, after the 8th day of January, 1932, shall reorganize the Commission to provide for four-year terms of three Commissioners, specified in this section.

The Fire Commission shall appoint a Chief Engineer, a Secretary and a Department Physician who shall hold office at its pleasure.

The Fire Commissioners shall be successors in office of the Fire Commissioners holding office in the City and County at the time the Charter shall go into effect, and shall have all the powers and duties thereof, except as in this Charter otherwise provided. The Commissioners shall have power, upon recommendation of the Chief Engineer, to send fire boats, apparatus and men outside of the City and County of San Francisco for fire-fighting purposes.

Positions of Officers and Employees of the Fire Department legally authorized shall continue, and incumbents therein legally appointed thereto shall continue as the Officers and Employees of the Department under the conditions governing their respective appointments, and except as in this Charter otherwise provided. The annual compensation for the several ranks in the Department shall be as follows: Chief Engineer, \$7,200; First Assistant and Second Assistant Chief Engineer,

\$4,800; Battalion Chiefs, \$4,200; Captains, \$2,820; Lieutenants, \$2,670; Engineers, \$2,640; Chief's Operators, \$2,520; Drivers, Stokers, Tillermen, Truckmen and Hosemen for the first year of service, \$2,160; for second year of service, \$2,280; and for third year of service and thereafter, \$2,400; Pilots of Fire Boats and Marine Engineers of Fire Boats, \$3,060; Firemen of Fire Boats, \$2,460.

Each period of twenty-four hours shall be divided into two watches of duty, to-wit: From eight o'clock a. m. to six o'clock p. m. and from six o'clock p. m. to eight o'clock a. m. The Uniformed Force of the Fire Department shall be divided into Two Platoons, the Officers and Members assigned to which shall alternate on the tours of duty at intervals of not more than six (6) days. Not less than forty-eight hours shall elapse between the completion of one tour of duty and the commencement of another, except in case of a conflagration requiring the services of more than one-half of the force of the Department. A tour of duty is hereby defined as a period of six consecutive day watches or six consecutive night watches.

The Uniformed Force of the Department shall be divided into divisions, battalion districts, companies, and such other units as the Fire Commission may deem necessary. There shall be on duty at all times the minimum numerical strength hereinafter specified:

One Chief Engineer; not less than one Assistant Chief Engineer in each division; not less than one Battalion Chief in each battalion district; not less than one Company Officer, one Driver, one Tillerman and four Truckmen for each hook and ladder company; not less than one Company Officer, one Driver and four Hosemen for each Engine company in not less than forty per cent of the total engine companies; not less than one Company Officer, one Driver, and three Hosemen for each Engine Company in the remaining percentage of the total engine companies; not less than one Company Officer, six Hosemen, one Pilot, two Marine Engineers, and two Marine Firemen for each Fire Boat; not less than one Company Officer, one Driver, and four Hosemen for each Rescue Squad. A Captain or a Lieutenant shall constitute a Company Officer.

In all other companies or units of the Fire Department the minimum number and rank of personnel shall be determined by the Chief Engineer with the approval of the Board of Fire Commissioners.

The Chief Engineer shall detail for duty as Chief's Operators such members of the Department as he may select. There shall be not less than two Operators for the Chief Engineer; not less than one Operator for each Assistant Chief Engineer and each Battalion Chief.

A Captain shall be in command of each Engine Company, each Hook and Ladder Company, each Fire Boat Company and each Rescue Squad company. The Captain shall alternate on his tours of duty with a Lieutenant.

Sufficient Operators, Hosemen and Truckmen shall be provided for the regular relief of the various ranks. Hosemen and Truckmen shall be deemed to be of the same rank, for such regular relief.

Sufficient officers of equal rank shall be provided for regular relief, with the exception of the ranks of Chief Engineer and Captain. Regular

relief shall be defined as the relief necessary to provide service in any routine period intervening between tours of duty, and shall not include any other relief necessary to operate the Department. Sufficient officers and men shall be provided for other relief.

On the recommendation of the Chief Engineer, the Commission may reward any member of the Department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

The Chief Engineer, or in his absence any Assistant Chief Engineer or in their absence any Battalion Chief in charge, may, during a conflagration, cause to be cut down or otherwise removed any buildings or structures for the purpose of checking the progress of such conflagration.

The amendatory provisions of this section shall not become effective until December 1, 1939.

#### Privilege of the Floor.

Mr. A. Kilkeary, Director; Thos. F. Webb, President, explained the provisions of the Charter amendment proposed by the David Scannel Club.

City Attorney O'Toole pointed out to the Board conflicts between the two proposed amendments submitted, and the resulting status if both amendments be approved by the electors. He further suggested that he be given a few days in which to try and work out an amendment incorporating the essential provisions of both proposed amendments that would be satisfactory to the proponents of both measures.

#### Reference to City Attorney.

Thereupon, Supervisor Uhl, seconded by Supervisor Roncovieri, moved that both proposed amendments be sent to the City Attorney and he be asked to combine the two amendments, carrying out the thought expressed in each one.

No objection and *so ordered*.

#### Further Consideration Postponed.

Supervisor Roncovieri, seconded by Supervisor Ratto, moved that the entire matter of Fire Department amendments be postponed until 4 p. m., Friday, September 23, 1938.

*So ordered.*

#### Appointment of President Pro Tempore.

Supervisor Ratto, seconded by Supervisor Uhl, at the suggestion of the Clerk, moved that Supervisor Roncovieri, Chairman of the Finance Committee, be appointed President pro tempore, in order that he might sign necessary warrants, etc., during President Shannon's illness.

No objection and *so ordered*.

#### ADJOURNMENT.

There being no further business, the Board, at the hour of 5:10 p. m., adjourned to meet on Friday, September 23, 1938, at 4:00 p. m.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors September 26, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

## Consideration of Proposed Charter Amendments.

The following proposed Charter Amendment, previously considered by the Judiciary Committee, and referred by the Board to the Retirement Board for actuarial report thereon, was taken up:

## CHARTER AMENDMENT NO. 3

### POLICE RETIREMENT ACT

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding Section 168.1 thereto, relating to present and future members of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 8th day of November, 1938, a proposal to amend the Charter of said City and County, as follows:

Section 168.1. Members of the Police Department, as defined in this section, who shall be members of the Retirement System under Sections 165, 166 or 168 of the Charter on the effective date hereof, hereby defined as the first day of the month next following the ratification of this amendment by the Legislature, and persons who shall become members of said department after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 168.1, in addition to the provisions contained in Sections 158 to 161, both inclusive, of this Charter, notwithstanding the provisions of any other section of the Charter. Members of the said department who shall be members of the Retirement System under Section 166 of the Charter on said effective date, however, shall have the option to be exercised in writing on a form furnished by the Retirement System and to be filed at the office of said System within ninety days after the effective date hereof, of being members of the System under Section 166

instead of Section 168.1, the election under said option to date back to and be effective on said effective date. In like manner, members of the said Department who shall be members of the Retirement System under Sections 165 or 168 of the Charter, shall have the option, to be exercised in writing on a form furnished by the Retirement System, and to be filed at the office of said System within ninety days after the effective date hereof, of being members of the System under Sections 165 or 168, respectively, instead of Section 168.1, the election to date back and be effective on said effective date. On and after said date, the persons who affirmatively exercise said option, shall continue to be members of the System under Sections 166, 165 or 168, respectively, and shall not be subject to any of the provisions of Section 168.1.

(A) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," or "allowance" shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context, equal to fifty per cent of the final compensation of the person to whom, or on account of whose death, said payments are made. The amount of any retirement allowance, or allowance, shall not be changed after determination under this Section, regardless of changes in salaries attached to positions or ranks in the Police Department.

"Compensation," as distinguished from benefits under the Workmen's Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Police Department.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Police Department he was in the rank or position first held by him in such department.

"Benefit" or "Benefits" shall include "allowance," "retirement allowance" and "death benefit."

"Final compensation" shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death, before retirement.

For the purposes of the Retirement System and of this section, the terms "member of the Police Department," "member of the department," or "member," shall mean any officer or employee of the Police Department whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date, and was or shall be subject to the charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, from the effective date of their employment in said department, persons employed on the effective date hereof, regardless

of age, or employed after said date at an age not greater than thirty-five years, in the Police Department to perform the duties now performed under the titles of Criminologist, Photographer, Police Patrol Driver, Police Motor Boat Operator, Woman Protective Officer, Police Woman or Jail Matron. Any police service performed by such a member of the Police Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(B) Any member of the Police Department, who shall have completed at least twenty-five years of service in the aggregate, computed as provided in subsection (H) hereof, may retire for service at his option. Any member who shall attain the age of seventy years shall be retired on the first of the month next following such attainment. A member retired under this subsection (B) shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (A) hereof.

(C) Any member of the Police Department, who shall become incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (A) hereof. Any member of the Police Department who shall become incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of service in the aggregate, computed as provided in subsection (H) hereof, shall be retired upon an allowance of one and one-quarter per cent of the final compensation of said member, as defined in subsection (A) hereof, for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Police Commission or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(D) If a member of the Police Department shall die (1) before retirement as a result of an injury received in, or illness caused by the performance of his duty, or (2) while eligible to retire under subsection

(B) of this section, regardless of the cause of death, or (3) after retirement for service under subsection (B) hereof, regardless of the cause of death, or after retirement under subsection (C) hereof because of injury received in, or illness caused by the performance of his duty, regardless of the cause of death, an allowance shall be paid to his surviving wife, equal to fifty per cent of the final compensation of said member, as defined in subsection (A) hereof, the allowance to continue throughout her life or until her remarriage; or if there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member shall have attained the age of eighteen years, then said allowance shall be paid to his child or children under said age collectively to continue until every such child shall die or attain said age, provided, that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member:

(1) after being retired under subsection (B) of this section, regardless of the cause of death, unless said surviving wife of the deceased member was married to said member at least three years prior to retirement; or

(2) after being retired under subsection (C) of this section unless retirement be due to injury received in, or illness caused by the performance of his duty and unless said surviving wife was married to said member at least one year prior to retirement; or

(3) if said death be due to causes other than injury received in, or illness caused by the performance of his duty, and if said death shall occur before retirement but while eligible to retire under subsection (B) of this section, unless said surviving wife was married to said member at least three years prior to death.

(E) Any allowance payable because of the death or retirement of any member of said Department shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California.

(F) If a member of the Police Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under subsection (D) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

(G) Should any member of the Department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him forthwith. If he shall again become a member of the Department, he shall deposit in the Retirement

ment Fund, the amount refunded to him. If a member of the Retirement System shall become a member of the Police Department from a status as an employee in any other office or department, the contributions then credited to him, with interest, shall be refunded to him and he shall not receive credit for any service other than that rendered as a member of the Police Department. Contributions, with interest, which shall be credited on the effective date hereof, because of service rendered in any other office or department to any person who shall be or become a member of the Retirement System under this section, shall be refunded to him forthwith. Should a member of the Police Department become an employee of any other office or department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Police Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

(H) The following time shall be included in the computation of the service to be credited to a member of the Department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the Department.

(2) Time during which said member, while on leave of absence from said Department without salary, has served or shall serve in the military, naval or air forces of the United States of America during any war in which the United States was or shall be engaged.

(I) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each salary payment made to any member of the Police Department, a sum equal to five per cent of such salary payment, notwithstanding the provisions of Section 160 of the Charter. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in subsections (F) and (G) of this section.

(2) The total contributions deducted from salary earned by persons who become members under this section, prior to the effective date hereof, together with interest thereon, and standing to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the individual accounts of said members and shall be subject to the last sentence of para-

graph (1) next preceding, in exactly the same manner as the contributions provided for in said paragraph.

(3) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (I), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered prior to the first day of July next following the effective date hereof, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered on and after the first day of July next following the effective date hereof shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries payable during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Police Department to the value at said effective or said later date of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contribution, plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered after the effective date hereof. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

(5) To promote the stability of the Retirement System through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this section, and to permit the determination that, except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein. Nothing in this section shall affect the obligations of the City and County to pay to

the Retirement System any amounts which became or shall become due under the provisions of the Charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said system by debits against the City and County.

(J) Upon the completion of the years of service set forth in subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (B), and no amendment to this Charter or repeal of this section, or any other event or occurrence, whether prior to, pending at or subsequent to said completion of whatever nature shall deprive said member of said right.

(K) Any member retired under the provisions of this section shall not be eligible for employment in any salaried position in federal, state, county, or municipal governments. Such employment of a retired member shall be good and sufficient cause for forfeiture to the Retirement System, of the retirement allowance of said member, which shall accrue during the period of such employment.

(L) Any section, or part of any section in this Charter, in so far as it should conflict with this Section 168.1, or with any part thereof, shall be superseded by the contents of said Section 168.1. In the event that any clause, section or phrase of this Charter amendment shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

#### Privilege of the Floor.

Mr. Ralph Nelson, Secretary-Actuary of the Retirement System, explained the proposed amendment, stating that the proposed amendment was financially sound, would do what is proposed, and that many cities, so far as firemen and police are concerned, have much more liberal pension benefits than does San Francisco. Sergeant James Quigley and Captain Michael Riordan, representing the Police Department members, urged the submission of the amendment to the electors.

Supervisor Uhl announced that the Charter Amendment being considered had been presented to the Board in June, and not referred to Mr. Nelson for report until some time in August. He resented the idea of a matter of such importance coming before the Board at such a late hour.

#### Explanation of Vote.

Supervisor Colman explained his vote, stating that if it is true that many cities have more liberal pension systems than has San Francisco, then it would appear that the only alternative of the Board is to present the amendment to the people for their approval.

#### Ordered Submitted.

Thereupon the roll was called and the foregoing Charter Amendment was *ordered submitted* by the following vote:

Ayes—Supervisors Colman, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—7.

Absent—Supervisors Brown, McSheehy, Mead, Roncovieri—4.

#### Charter Amendment Relating to a System for the Generation and Distribution of Electric Power, and Providing for the Financing of the Cost Thereof by the Issuance of Revenue Bonds.

The following proposed Charter Amendment, presented by the City Attorney, was taken up:

## CHARTER AMENDMENT NO. ....

## REVENUE BONDS—ELECTRICAL SYSTEM

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco by adding a new section thereto to be known as Sections 121.1 to 121.—, both inclusive, relating to a system for the generation and distribution of electric power, and providing for the financing of the cost of said system by the issuance of bonds or other obligations payable wholly out of the revenue of said system, in an amount not to exceed \$55,000,000.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at an election to be held in the City and County of San Francisco on the 8th day of November, 1938, a proposal to amend, as herein set forth, the Charter by adding thereto a new section to be known as Sections 121.1 to 121.—, both inclusive, relating to a system for the generation and distribution of electric power, and providing for the financing of the cost of said system by the issuance of bonds or other obligations payable wholly out of the revenue of said system, in an amount not to exceed \$55,000,000.

## REVENUE BONDS—ELECTRICAL SYSTEM

121.1 The public utilities commission shall, for the purpose of meeting the cost of the acquisition, construction and completion by purchase, construction or other lawful method, a system or systems including all extensions, betterments and replacements as herein provided for the generation and distribution to the people of the City and County of San Francisco, or to the people of any territory adjacent to or adjoining said city and county, of the hydro-electric power generated in the Hetch Hetchy Project, or for the generation or distribution of any other electric power necessary or convenient for the purpose of furnishing said city and county, or the people thereof, or any territory adjacent to said city and county, or to the people thereof, with heat, light and power, borrow money by the issuance of revenue bonds or other evidences of indebtedness, payable wholly out of revenue, in such amount or amounts, as may, in the judgment of said public utilities commission, be necessary to meet the cost of the acquisition, extension and completion of said system, provided that the total amount of said money to be so borrowed, or bonds or other evidences of indebtedness issued, shall not exceed in the aggregate the sum of \$55,000,000. Said system to be acquired shall hereafter be referred to as The System.

Any and all money borrowed, or bond or other evidence of indebtedness authorized or issued pursuant to this section, as well as the interest to accrue thereon, shall be payable solely and only out of the revenue from The System to be acquired with said moneys so borrowed, or received for said bonds or other evidences of indebtedness.

The public utilities commission shall, except as herein provided, determine the form, conditions and denominations of all bonds or other evidences of indebtedness issued under the provisions of this section, and

shall fix the maximum rate of interest which said bonds or other evidences of indebtedness shall bear, which rate of interest shall not exceed six (6%) per cent per annum, payable semi-annually. The payment of the principal of said bonds or other evidences of indebtedness shall commence not later than five years from the date of issuance, and shall be completed in not more than forty years from date of issuance. Said bonds or other evidences of indebtedness shall mature and shall be payable at such places and during the period over which said bonds or other evidences of indebtedness are payable in such amounts each year as may be fixed by the commission. All of said bonds or other evidences of indebtedness so issued may, at the option of the owner thereof, be registered, as to either principal or interest or both, with the treasurer of the city and county in such manner as may be provided by the commission. Said bonds or other evidences of indebtedness may be sold at such time and in such amounts as the public utilities commission shall deem proper, provided that said bonds shall not be sold at less than their par value and accrued interest at date of delivery. Said bonds or other evidences of indebtedness may be offered for sale either on the basis of a fixed rate of interest or on the basis of the lowest net interest cost and power is hereby given to the commission to fix said rate of interest at any time prior to the delivery of said bonds in accordance with the bid of the purchaser thereof. All bonds or other evidences of indebtedness issued as herein provided shall be signed by the president of the public utilities commission, or by the manager of utilities, and by the secretary of the public utilities commission, and countersigned by the treasurer of the city and county. The signature of the president of the public utilities commission or of the manager of utilities may be by facsimile. Any coupon attached to said bonds shall have affixed thereto the facsimile signature of the said treasurer. The official seal of the public utilities commission shall be affixed to said bonds or other evidences of indebtedness and full authority is hereby given to said commission to adopt a seal in such form and device as it shall deem proper. Each of said bonds or other evidences of indebtedness so issued shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The System and set aside for such payment, and that it does not constitute a general indebtedness against the City and County of San Francisco. All revenue bonds issued under authority of this Charter shall be negotiable instruments and shall have all of the attributes of negotiability under the laws relating to negotiable instruments of this state.

The public utilities commission shall have power to determine the method for the acquisition, construction or completion of The System, (and the determination of said method by said public utilities commission shall be binding and conclusive.) Should said commission determine that The System, or any part thereof, should be acquired other than by construction, the same may be acquired by purchase or by any other lawful means. If said public utilities commission should determine that The System, or any part thereof, should be constructed, it shall have full power to proceed with the said construction when said method is approved by the board of supervisors. When said public

utilities commission shall have determined the manner of acquiring The System it shall adopt a resolution specifying the method and manner of acquiring the same and shall, in said resolution, fix and determine the estimated cost thereof, and the estimated revenue therefrom, and shall include in said estimate of cost such amount as said commission shall estimate to be sufficient to pay the interest on the bonds or other evidences of indebtedness during the actual period of construction of The System and for six months after the same is in operation by said commission, and if The System is to be acquired by any method other than by construction, then said commission shall estimate the cost of said acquisition including the cost of all legal proceedings incident thereto and add the amount of said estimate to the cost of said acquisition, as well as the amount of interest on all of said bonds or other evidences of indebtedness which may be outstanding during the period of said acquisition, and interest on any bonds or other evidences of indebtedness issued or sold to defray the cost of said acquisition for a period of six months after the commencement of the operation of The System by said commission, and said commission shall include in the cost of The System, whether acquired by construction or otherwise, an amount sufficient to provide working capital as estimated by the commission to be sufficient to pay the operating expenses of The System for a period not exceeding six months after the operation of The System shall commence. Not more than fifteen (15%) per cent of the cost of the acquisition or construction of said system shall be applied to interest and working capital.

The public utilities commission is hereby given full power and authority, with the approval of the board of supervisors, given at any time or from time to time, to deviate from said Plan to such extent as may be deemed necessary or proper and at the same time enable said commission to carry out the general objects and purposes of said Plan and no change made in said Plan or in the execution of the same shall render invalid or shall have any effect upon the validity of any bond or other evidence of indebtedness authorized or issued to meet the cost of the acquisition, construction and completion of The System, and no purchaser or holder of any bond or other evidence of indebtedness authorized or issued pursuant to this section shall be required to see to the existence of any of the facts or to the performance of any of the conditions or the taking of any of the proceedings herein required prior to the issuance of said bonds or other evidences of indebtedness, or to the application of the proceeds thereof.

When said public utilities commission shall have adopted said resolution specifying the manner of the acquisition or construction of The System, as well as the total estimated cost thereof, and when the method and cost of the acquisition of The System have been approved by resolution of the Board of Supervisors, said commission shall adopt an additional resolution authorizing the issuance of the amount of revenue bonds or other evidences of indebtedness payable solely out of the revenue of said system necessary to pay the said estimated cost of acquiring, constructing or completing said system, not to exceed the sum of \$55,000,000; provided that if said resolution, in fixing the amount of said

bonds or other evidences of indebtedness to be issued, fixes said amount at less than \$55,000,000, said commission may adopt a subsequent resolution or resolutions authorizing the issuance of an additional amount of bonds or other evidences of indebtedness not to exceed the difference between the amount theretofore issued and said \$55,000,000.

Said resolution shall fix the amount of bonds or other evidences of indebtedness to be issued and state generally the purpose thereof, but no purchaser of said bonds shall be required to look to the application of the funds derived from the sale of said bonds. Said resolution shall also state the number and denomination and maturities of said bonds or other evidence of indebtedness, and may provide, all and singular, the conditions to be inserted in said bonds or other evidences of indebtedness as well as the interest thereon if said interest is to be fixed, or it may defer the fixing of interest until the time of the sale of said bonds, and full power and authority is hereby given to said commission to cause to be inserted in said bonds or other evidences of indebtedness such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds or other evidences of indebtedness the fact that the same are payable, both as to principal and interest, wholly out of the revenue of The System, set aside for such payment.

Said resolution may also provide, and the public utilities commission is hereby authorized and empowered in and by the terms of said resolution to agree with the holders of any of the revenue bonds issued hereunder, so long as the same shall be outstanding, as follows:

(a) That the proceeds of the sale of said revenue bonds shall be deposited in a fund separate and apart from all other funds of the city and county and shall, with any interest accrued thereon, be applied wholly and exclusively to the objects and purposes for which such revenue bonds are authorized to be issued, and that any proceeds of the sale of such bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, if the same are by their terms made callable by the commission, as the case may be, and that none of such moneys shall be transferred to any other fund of the City and County of San Francisco;

(b) That the public utilities commission will through the life of said bond maintain and operate The System constructed from the proceeds of said revenue bonds, in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and will continuously operate the same;

(c) That the commission will (subject to all applicable laws of the State of California and the rules and orders of all regulatory bodies of the State of California which may hereafter have jurisdiction over the commission or the project acquired from the proceeds of said revenue bonds) establish reasonable rates for the sale of electric energy distributed through such system and that such rates in the aggregate shall be adequate to enable the commission to pay the principal and interest on said revenue bonds as the same become due, and all costs of maintenance, operation and repairs of The System acquired from the proceeds of the sale of such revenue bonds;

(d) That accurate books and records of account will be kept and maintained, showing all payments received by the commission from the operation of The System acquired from the proceeds of the sale of such revenue bonds, which records shall be open at all times for inspection, while any of the revenue bonds are outstanding and unpaid, to the holders of any one or more of such revenue bonds or their duly authorized representatives;

(e) That if any part of The System shall be taken from the commission or from the City and County of San Francisco by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said city and county or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said revenue bonds until the same shall have been paid in full;

(f) That neither the commission nor the city and county shall mortgage or otherwise encumber, sell, or lease or dispose of The System acquired from the proceeds of the sale of said revenue bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holders of any of said revenue bonds to secure payment in full of the principal or interest of said revenue bonds as the same shall mature;

(g) That the commission shall maintain insurance on The System acquired from the proceeds of the sale of said revenue bonds, of the kind and character and in the amount which is usual and customarily carried by private companies engaged in the operation of a system of works similar to that to be acquired from the proceeds of the sale of said revenue bonds;

(h) That none of the facilities of The System shall be furnished free. In the event that the City and County of San Francisco, or any department, agency or instrumentality thereof shall avail itself of the facilities afforded by The System acquired from the proceeds of the sale of said revenue bonds, a reasonable charge shall be made against said city and county, agency or instrumentality and shall be paid as the services shall accrue;

(i) That any terms, covenants or conditions herein contained or made a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between the commission and the holders of at least eighty (80%) per cent of the principal of the amount of the said bonds then outstanding;

(j) Said commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of the commission, shall be necessary, advisable or convenient in effecting the sale of said revenue bonds; provided, that such conditions do not permit said bonds to be sold at less than the par value thereof or increase the coupon rate of interest above six (6%) per cent, payable semi-annually, and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or the City and County of San Francisco to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of The System to be ac-

quired from the proceeds of the sale of said revenue bonds, and under no circumstances shall the city and county be obligated to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said commission which shall require the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system.

When said last mentioned resolution is adopted, said public utilities commission shall have full power and authority to issue and sell the revenue bonds or other evidences of indebtedness payable solely out of revenue to the amount specified in said resolution, but not to exceed the sum of \$55,000,000.

The public utilities commission shall regulate the time of the issuance of bonds or other evidences of indebtedness authorized by this section, and may cause the same to be issued as one issue or in successive issues under the same authorization. Said bonds or other evidences of indebtedness shall be sold by said commission at public sale to the highest and best bidder therefor, after notice of said sale has been given by the publication of notice of said sale for a period of two days in the official newspaper. Said sale shall be held not less than five days after the last publication of said notice. The commission shall require a cashier's or certified check payable to the order of the Commission, or other security in such amount as it may deem proper from all bidders to insure the fulfilling of any bid made for said bonds or other evidences of indebtedness. When any of said bonds or other evidences of indebtedness are sold, the proceeds of said sale shall be deposited in the treasury of the city and county and shall be used only for the purposes for which the same were approved. If a bid acceptable to the commission should not be received for said bonds offered for sale the commission may direct that said bonds, or any part thereof, be sold by the Treasurer of the City and County of San Francisco at private sale, at a price not less than par and accrued interest at the date of delivery of said bonds to purchaser.

Bonds or other evidences of indebtedness authorized or issued under the authority of this section shall not be subject to the charter limitations as to the bonded indebtedness of the city and county, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter.

Nothing in this section contained shall in any way abridge, control or revoke the power of the electors of the city and county to vote for and cause to be issued general obligation bonds or other evidences of indebtedness of the city and county for the acquisition, construction, completion or extension of The System, but the manner provided in this section for the acquisition, construction, completion or extension of the same shall be deemed to be a supplemental and additional manner for providing funds for said purpose.

Bonds or other evidences of indebtedness issued pursuant to this section may be called and paid before maturity upon such terms and conditions as may be determined by the public utilities commission, provided that said conditions are inserted in said bonds at the time of the issuance thereof.

The commission is hereby authorized, from time to time, to provide for the refunding, extension or renewal of any bonds or other evidences of indebtedness issued pursuant to this section and remaining outstanding and unpaid, at or prior to maturity thereof by agreement of modification endorsed on said bonds, or by the issuance, sale or exchange of new bonds or other evidences of indebtedness in the same aggregated principal amount as the bonds or other evidences of indebtedness outstanding or unpaid, said new bonds or other evidences of indebtedness to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as said commission shall deem proper, provided that such new bonds or evidences of indebtedness shall be payable, both as to principal and interest, solely out of the revenue of The System and the latest maturity of said new issue shall not be more than forty years from the date of said new issue and the interest thereon shall not exceed six per cent (6%) per annum payable semi-annually.

The public utilities commission shall fix and establish just and reasonable rates for any service furnished by The System, which said rates shall not be less than will provide an amount sufficient to pay, as the same become due, the following:

(a) All amounts necessary to pay the interest and principal on all bonds or evidences of indebtedness issued and sold, as provided in this section, and remaining unpaid.

(b) All the operating expenses of The System.

(c) All amounts necessary to provide for the repairs and maintenance of The System.

(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds.

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur.

The board of supervisors shall not have power to reduce said rates fixed by said public utilities commission for service from The System if said rates as so reduced will not be sufficient to pay, as the same become due, all and singular the obligations mentioned in subparagraph (a), (b), (c), (d) and (e) above set forth. The board of supervisors is further given authority to agree with the holders of any of said bonds that said board of supervisors will not reduce rates fixed by the public utilities commission below an amount sufficient to provide funds to meet the obligations above mentioned. The board of supervisors is further given authority to agree with the holders of said bonds to carry out and perform all covenants and agreements of the public utilities commission if said commission should be abolished or cease to exist and no successor to said Commission or other body vested with its power, is in existence.

The public utilities commission shall cause all moneys accruing from The System to be paid into the treasury of the City and County of San Francisco daily, and said moneys, together with any interest earned thereon, shall be used only for the following purposes and in the order herein set forth, to-wit:

(a) To pay the principal sum and the interest thereon on all bonds or other evidences of indebtedness issued under this section and remaining unpaid, as said principal and interest become due and payable;

(b) To pay all of the operating expenses of said system;

(c) To pay all amounts to become due for the repair and maintenance of said system;

(d) A surplus fund equal to the amount required to meet the interest and principal payments which will become due in the next succeeding year on outstanding bonds;

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation of The System, as the same may occur;

(f) To pay for extensions and betterments to said system, or to establish a reserve to pay for said extensions and betterments;

(g) To establish a surplus fund, which shall be maintained subject to the provisions of Section 129 of the Charter.

Said commission shall cause to be set up a bond interest and redemption fund into which shall be paid an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds or other evidences of indebtedness. Said bonds and the interest thereon shall constitute a first lien and charge upon all of the income and revenue from The System set aside for such payment, and if at any time the revenues of The System are not sufficient to permit the payment of said sum into said fund, any deficiency shall be paid into said fund from the surplus fund. Said commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f) above set forth and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes. Said estimates may be changed from time to time. Said commission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies if any, upon any of said bonds or other evidences of indebtedness.

Notwithstanding any other provision of this Charter which may be in conflict with the provisions of this section, the provisions of this section shall prevail in so far as the same pertain to the financing and acquisition, construction or completion of The System by the sale of bonds or other evidences of indebtedness payable solely out of revenue; provided, however, that nothing herein contained shall prevent the financing or acquisition of The System or any additions thereto by general obligation bonds issued as provided by law.

The System shall be considered a separate utility, and revenue from any other utility shall not be applied to The System unless otherwise expressly provided by Charter.

The board of supervisors may, by ordinance, confer upon said public utilities commission such additional powers not in conflict with this section as may be necessary to carry out the purposes of this section.

Upon the taking effect of this amendment the public utilities commission shall immediately proceed to acquire, construct and complete The System and promptly perform all acts required of said public utilities commission.

**Communication from Mayor re Special Election for Hetch Hetchy Power Distribution Bonds.**

The following was presented:

September 23, 1938.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: I am enclosing herewith a letter from Honorable Harold L. Ickes, Secretary of the Interior, dated July 27th, requesting that the matter of Hetch Hetchy power distribution be placed on the special election ballot, September 27th, and my answer thereto.

Yours sincerely,

ANGELO J. ROSSI,

Mayor.

August 5, 1938.

Honorable Harold L. Ickes, Administrator of Public Works,  
Washington, D. C.

My Dear Mr. Secretary: Please excuse the delay in answering your letter of July 27, which urges me to place the matter of municipal distribution of Hetch Hetchy power on the September special election ballot. This delay was occasioned by the necessity of carefully studying your proposal. Since the sum of more than \$50,000,000 is involved for the proposal of municipal distribution of Hetch Hetchy power, you may readily realize not only such a necessity, but also the need to accumulate complete data before putting a proposal of such magnitude before the voters.

Before going into detail regarding your suggestion, I do want you to know that the authority to place such an issue on any election ballot lies in the discretion of the Board of Supervisors and not the Mayor, although the Board is cognizant of your suggestion.

I am in receipt this morning of a letter from the Manager of Public Utilities, which reads as follows:

"Preparation of Plan No. 8—Power Distribution.

"In the preparation of Power Plan No. 8 much engineering and accounting data must be compiled so as to take into consideration both editions and betterments since the date Power Plan No. 7 was submitted, and also depreciation of the entire San Francisco distribution system during the same period.

"Power Plan No. 8 will call for the expenditure of more than \$50,000,000 and you will understand, of course, that it cannot be hastily prepared. In my letter to you of June 17, 1938, I stated that the investigation and report could not possibly be completed and placed before the Board of Supervisors before October 1, 1938. I now desire to reiterate that statement and point out that I cannot have the necessary data ready for submission in time to submit to the voters earlier than the November general election.

"Respectfully submitted,

"E. G. CAHILL,

"Manager of Utilities."

In view of this letter it is not possible to carry out your request that the matter of Hetch Hetchy power distribution be placed on the special election ballot. Therefore, I take this means officially to inform you that this matter cannot be submitted to the electorate before the general election in November and then only if authorized by the Board of Supervisors.

In informing you of this decision, I take this occasion to thank you sincerely for your intense interest in this municipal problem.

Faithfully yours,

ANGELO J. ROSSI,

Mayor.

## THE SECRETARY OF THE INTERIOR.

Washington, July 27, 1938.

Hon. Angelo J. Rossi, Mayor, San Francisco, California.

My Dear Mr. Rossi: I am informed that it is the intention of the City and County of San Francisco to submit to the voters on September 27 a number of bond issues. From recent communications from you on the subject of the violation by San Francisco of the Raker Act, it appears that it is further the purpose of San Francisco to submit at the regular election in November the question of a bond issue that would make it possible for it to obey the Raker Act.

I conceive it to be my duty under the law to cooperate to the fullest possible extent with the City and County of San Francisco to the end that San Francisco strictly carry out the obligations under the Raker Act that it so willingly assumed when that act was passed. I, therefore, suggest that the question it is proposed to submit to the voters, an affirmative vote on which would at least put San Francisco in the way of starting to obey this law, be submitted on September 27, if that is the date on which other bond issues will be voted upon. I make this suggestion in the belief that San Francisco proposes to submit this question of revenue bonds in good faith; that the duly elected officers of the City and County will urge the adoption of this bond issue with all the vigor and enthusiasm with which they will support the other bond issues. To make an orphan child of this particular revenue bond issue by putting it on a different ballot, at a different election, would, in my judgment, not give this issue the fair test to which it is entitled.

Sincerely yours,

(Signed) HAROLD L. ICKES,  
Secretary of the Interior.

## Privilege of the Floor.

Congressman Franck R. Havenner urged submission of proposed amendment at a special election, stating that it was the unanimous request of all the groups in San Francisco that are deeply interested in the success of the issue, to be given an opportunity of expressing themselves at a special election.

Miss Margaret Krsak, representing Women's State Democratic Club of California, and A. P. Wagner, President, Public Ownership Association of San Francisco, urged the submission of the proposed amendment to the electors at a later date after there had been sufficient time thoroughly to study and understand the proposal.

Mrs. Annie Scanlon urged submission to the electors at the General Election, November 8, 1938.

## Submission at November General Election Refused.

Thereupon, the roll was called, and submission at the general election, November 8, 1938, was *refused* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Colman, Meyer, Ratto, Reilly, Shannon—5.

Absent—Supervisors Brown, McSheehy, Mead, Roncovieri—4.

## Referred to Judiciary Committee.

On motion by Supervisor Reilly, the foregoing Charter amendment was *referred to the Judiciary Committee*.

## Explanation of Vote.

Supervisor Schmidt explained his vote on submission of the foregoing Charter amendment at November election, as follows:

"One of my reasons I voted for the November date was that Secretary Ickes has been saying that this proposition should be brought

to the attention of the voters at the earliest possible date. That is one of my reasons; another is that we certainly are going to get a large representative group of citizens to vote on that particular date. My experience in observing voting of citizens that they have always shown fine discrimination, that they have been sufficiently educated as to just what this proposition is. Now it has been said that it is better to bring this proposition at a special election and not the general election and probably some proponents feel it would stand a better chance. That opportunity was given to them and we have that answer. We gave that particular issue a special election in the first place and allowed the citizens to decide and at that time they did not see fit to vote for it. I believe that if this proposition were voted on at the general election it would stand a better chance.

For these reasons I voted to submit it at the earliest election, the November date and not at a special election. Also \$45,000 additional. We are just holding a special election and a couple of months later hold another. That is a lot of money, money that we should give consideration to."

#### Fire Department Pensions.

The following proposed Charter Amendment was presented by Supervisor Ratto:

### CHARTER AMENDMENT NO. 2

#### FIRE RETIREMENT ACT

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 171 thereof, relating to certain present members and to future members of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 8th day of November, 1938, a proposal to amend the Charter of said City and County, as follows:

Section 171. Members of the Fire Department, who shall be members of the Retirement System under Section 171 of the Charter, on the effective date hereof, hereby defined as the first day of the month next following the ratification of this amendment by the Legislature, and other persons who shall be employed in said Department and shall be members of the System under Section 165 of the Charter on said effective date, but who, under this section become members of the Fire Department as defined herein, and persons who shall become members of said Department after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 171, in addition to the provisions contained in Sections 158 to 161, both inclusive, of this Charter. Members of the said Department who shall be members of the Retirement System under Section 169 of the Charter on said effective date, shall have the option to be exercised in writing on a form furnished by the Retirement System, of being members of the System under this Section 171 instead of Section 169, the election under said option to be effective on the day said completed form is received at the office of said System. On and after said date, the person who affirmatively exercises said option, shall be a member of the System under Section 171 and shall not be subject to any of the provisions of Section

169. Members of said Department who are members of the Retirement System under said Section 169, and who do not affirmatively exercise said option, shall not be subject to any of the provisions of Section 171.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," or "allowance" shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context, equal to fifty per cent of the final compensation of the person to whom, or on account of whose death, said payments are made. The amount of any retirement allowance, or allowance, shall not be changed after determination under this section, regardless of changes in salaries attached to positions or ranks in the Fire Department.

"Compensation," as distinguished from benefits under the Workmen's Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Fire Department.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Fire Department he was in the rank or position first held by him in such department.

"Final compensation" shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purposes of the Retirement System and of this section, any officer or employee included in the uniformed force of the Fire Department whose employment was or shall be subject to a Charter maximum age at the time of employment of not over thirty-five years, shall be considered to be a member of the Fire Department. Other persons employed on and after the effective date hereof, in the Fire Department to perform the duties now performed under the titles of marine engineer, pilot and marine stoker on the fire boats, or of hydrantman-gateman, and foreman hydrantman-gateman, shall also be considered to be members of the Fire Department from the effective date of their employment in said Department, for the purposes of the Retirement System and of this section. Any fire service performed by such a member of the Fire Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(b) Any member of the Fire Department who shall have completed at least twenty-five years of continuous service computed as provided in subsection (h) hereof, may retire for service at his option. A member retired under this subsection (b) shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (a) hereof.

(c) Any member of the Fire Department, who shall become incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (a) hereof. Any member of the Fire Department who shall become incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of continuous service computed as provided in subsection (h) hereof, shall be retired upon an allowance of one and one-quarter per cent of the final compensation of said member, as defined in subsection (a) hereof, for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Fire Commission or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(d) If a member of the Fire Department shall die (1) as the result of an injury received in, or illness caused by the performance of his duty, or (2) while eligible to retire under subsection (b) of this section, or (3) after retirement for service under subsection (b) hereof or under subsection (c) hereof, because of any bodily injury received in, or illness caused by the performance of his duty, a monthly allowance shall be paid to his surviving wife, equal to fifty per cent of the final compensation of said member, the allowance to continue throughout her life or until her remarriage; or if there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member shall have attained the age of eighteen years, then said allowance shall be paid, to his child or children under said age collectively to continue until every such child shall die or attain said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent solely upon him for

support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member:

(1) after being retired under subsection (b) of this section, regardless of the cause of death, unless said surviving wife of the deceased member was married to said member at least one year prior to retirement; or

(2) after being retired under subsection (c) of this section unless retirement be due to injury received in, or illness caused by the performance of duty and unless said surviving wife was married to said member at least one year prior to death; or

(3) if said death be due to causes other than injury received in, or illness caused by the performance of his duty, and if said death shall occur before retirement but while eligible to retire under subsection (b) of this section, unless said surviving wife was married to said member at least one year prior to death.

(e) Any allowance payable because of the death or retirement of any member of said Department shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California.

(f) If a member of the Fire Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under subsection (d) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

(g) Should any member of the Department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, then all of his contributions, with interest credited thereon, shall be refunded to him forthwith. If he shall again become a member of the Department, he shall deposit in the Retirement Fund, the amount refunded to him. If a member of the Fire Department shall become a member of the Police Department, his contributions, with credited interest, shall remain credited to his account, and for purposes of the Retirement System, he shall receive credit for the time served as a member of the Fire Department in the same manner as if it had been served in the Police Department. If a member of the Retirement System shall become a member of the Fire Department from a status other than that of a member of the Police Department, his contributions, with credited interest, shall be refunded to him and he shall not receive credit for any service other than that rendered as a member of the Fire Department. Should a member of the Fire Department become an employee of any other office or department other than the Police Department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation re-

ceived by him in the Fire Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

(h) The following time shall be included in the computation of the service to be credited to a member of the Department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the Department.

(2) Time during and for which said member, if he shall be a member of the Retirement System under Section 171 of the Charter on the effective date hereof, was entitled to receive compensation because of services as an officer or employee of any other office or department, prior to said effective date.

(3) Time during which said member, while on leave of absence from said Department without salary, has served or shall serve in the military, naval or air forces of the United States of America during any war in which the United States was or shall be engaged.

(i) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each salary payment made to each member of the Fire Department, who is a member of the Retirement System under this section, a sum equal to five per cent of such salary payment, notwithstanding the provisions of Section 160 of the Charter. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section, or shall be paid to said member of his estate or beneficiary as provided in subsections (f) and (g) of this section.

(2) The total contributions deducted from salary earned by persons who become members under this section, prior to the effective date hereof, together with interest thereon, and standing to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the individual accounts of said members and shall be subject to the last sentence of paragraph (1) next preceding, in exactly the same manner as the contributions provided for in said paragraph.

(3) The total contributions, with interest thereon, made by the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contribu-

tions referred to in the preceding paragraphs of this subsection (i) to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered prior to the effective date hereof, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered on and after the effective date hereof, shall be made in annual installments, and the installments to be paid in any year shall be determined by the application of a percentage to the total salaries payable during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Fire Department, to the value at said effective or said later date of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contribution, plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered after the effective date hereof. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

The contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this section.

(j) Upon the completion of the years of service set forth in subsection (b) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (b), and no amendment to this Charter or repeal of this section, or any other event or occurrence of whatever nature shall deprive said member of said right.

(k) No person retired for service or disability and entitled to receive a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his

monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined.

(1) Any section or any part of any section in this Charter, insofar as it should conflict with this Section 171, or with any part thereof, in the application of said Section 171 to persons who are members of the Retirement System under Section 171, shall be superseded by the contents of said Section 171. In the event that any clause, section or phrase of this Charter amendment shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

#### Motion to Submit.

Supervisor Reilly, seconded by Supervisor Ratto, moved that the foregoing proposed Charter amendment be submitted to the electors at the general election on November 8, 1938.

#### Amendment Accepted.

The following proposed amendment, as a substitute for the last paragraph in subdivision (i) Charter Amendment No. 2, Fire Retirement Act, suggested by the Retirement Board Actuary, Ralph R. Nelson, and acceptable to the members of the Fire Department, was *accepted* by the Board and made part of proposed Charter amendment to be submitted to the electors:

To promote the stability of the Retirement System through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this Section, and to permit the determination that, except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein.

#### Explanations of Votes.

Supervisor Uhl announced that he would vote for submission of proposed amendment to the electors, but that he would reserve the right to be for or against the matter itself.

Supervisor Colman stated that he would vote for submission to the voters, but wanted to call attention to the fact that there seemed to be an opinion that Charter amendments submitted at a later special election would stand a better chance of being approved than those submitted at the coming general election in November.

#### Ordered Submitted.

Thereupon, Charter Amendment No. 2, Fire Retirement Act, as follows, was *ordered submitted* at the general election on November 8, 1938, by the following vote:

### CHARTER AMENDMENT NO. 2

#### FIRE RETIREMENT ACT

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the

Charter of said City and County by amending Section 171 thereof, relating to certain present members and to future members of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 8th day of November, 1938, a proposal to amend the Charter of said City and County, as follows:

Section 171. Members of the Fire Department, who shall be members of the Retirement System under Section 171 of the Charter on the effective date hereof, hereby defined as the first day of the month next following the ratification of this amendment by the Legislature, and other persons who shall be employed in said Department and shall be members of the System under Section 165 of the Charter on said effective date, but who, under this section become members of the Fire Department as defined herein, and persons who shall become members of said Department after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 171, in addition to the provisions contained in Sections 158 to 161, both inclusive, of this Charter. Members of the said Department who shall be members of the Retirement System under Section 169 of the Charter on said effective date, shall have the option to be exercised in writing on a form furnished by the Retirement System, of being members of the System under this Section 171 instead of Section 169, the election under said option to be effective on the day said completed form is received at the office of said System. On and after said date, the person who affirmatively exercises said option, shall be a member of the System under Section 171 and shall not be subject to any of the provisions of Section 169. Members of said Department who are members of the Retirement System under said Section 169, and who do not affirmatively exercise said option, shall not be subject to any of the provisions of Section 171.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance," or "allowance" shall mean equal monthly payments, beginning to accrue upon the date of retirement or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context, equal to fifty per cent of the final compensation of the person to whom, or on account of whose death, said payments are made. The amount of any retirement allowance, or allowance, shall not be changed after determination under this section, regardless of changes in salaries attached to positions or ranks in the Fire Department.

"Compensation," as distinguished from benefits under the Workmen's Compensation, Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Fire Department.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of

remuneration attached to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Fire Department he was in the rank or position first held by him in such Department.

"Final compensation" shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purposes of the Retirement System and of this section, any officer or employee included in the uniformed force of the Fire Department whose employment was or shall be subject to a Charter maximum age at the time of employment of not over thirty-five years, shall be considered to be a member of the Fire Department. Other persons employed on and after the effective date hereof, in the Fire Department to perform the duties now performed under the titles of marine engineer, pilot and marine stoker on the fire boats, or of hydrantman-gateman, and foreman hydrantman-gateman, shall also be considered to be members of the Fire Department from the effective date of their employment in said Department, for the purposes of the Retirement System and of this Section. Any fire service performed by such a member of the Fire Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers, shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(b) Any member of the Fire Department who shall have completed at least twenty-five years of continuous service computed as provided in subsection (h) hereof, may retire for service at his option. A member retired under this subsection (b) shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (a) hereof.

(c) Any member of the Fire Department, who shall become incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty per cent of the final compensation of said member, as defined in subsection (a) hereof. Any member of the Fire Department who shall become incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of continuous service computed

as provided in subsection (h) hereof, shall be retired upon an allowance of one and one-quarter per cent of the final compensation of said member, as defined in subsection (a) hereof, for each year of service, provided that said allowance shall not be less than twenty-five per cent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Fire Commission or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(d) If a member of the Fire Department shall die (1) as the result of an injury received in, or illness caused by the performance of his duty, or (2) while eligible to retire under subsection (b) of this section, or (3) after retirement for service under subsection (b) hereof or under subsection (c) hereof, because of any bodily injury received in, or illness caused by the performance of his duty, a monthly allowance shall be paid to his surviving wife, equal to fifty per cent of the final compensation of said member, the allowance to continue throughout her life or until her remarriage; or if there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member shall have attained the age of eighteen years, then said allowance shall be paid, to his child or children under said age collectively to continue until every such child shall die or attain said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent solely upon him for support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member:

(1) after being retired under subsection (b) of this section, regardless of the cause of death, unless said surviving wife of the deceased member was married to said member at least one year prior to retirement; or (2) after being retired under subsection (c) of this section unless retirement be due to injury received in, or illness caused by the performance of duty and unless said surviving wife was married to said member at least one year prior to death; or

(3) if said death be due to causes other than injury received in, or illness caused by the performance of his duty, and if said death shall occur before retirement but while eligible to retire under subsection (b) of this section, unless said surviving wife was married to said member at least one year prior to death.

(e) Any allowance payable because of the death or retirement of any member of said Department shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California.

(f) If a member of the Fire Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under subsection (d) preceding, a death benefit shall be paid to his

estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

(g) Should any member of the department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, then all of his contributions, with interest credited thereon, shall be refunded to him forthwith. If he shall again become a member of the Department, he shall deposit in the Retirement Fund, the amount refunded to him. If a member of the Fire Department shall become a member of the Police Department, his contributions, with credited interest, shall remain credited to his account, and for purposes of the Retirement System, he shall receive credit for the time served as a member of the Fire Department in the same manner as if it had been served in the Police Department. If a member of the Retirement System shall become a member of the Fire Department from a status other than that of a member of the Police Department, his contributions, with credited interest, shall be refunded to him and he shall not receive credit for any service other than that rendered as a member of the Fire Department. Should a member of the Fire Department become an employee of any other office or department other than the Police Department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Fire Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

(h) The following time shall be included in the computation of the service to be credited to a member of the Department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the department.

(2) Time during and for which said member, if he shall be a member of the Retirement System under Section 171 of the Charter on the effective date hereof, was entitled to receive compensation because of services as an officer or employee of any other office or department, prior to said effective date.

(3) Time during which said member, while on leave of absence from said department without salary, has served or shall serve in the military, naval or air forces of the United States of America during any war in which the United States was or shall be engaged.

(i) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each salary payment made to each member of the Fire Department, who is a member of the Retirement System under this section, a sum equal to five per cent of such salary payment, notwithstanding the provisions of Section 160 of the Charter. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the

individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section, or shall be paid to said member or his estate or beneficiary as provided in subsections (f) and (g) of this Section.

(2) The total contributions deducted from salary earned by persons who become members under this section, prior to the effective date hereof, together with interest thereon, and standing to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the individual accounts of said members and shall be subject to the last sentence of paragraph (1) next preceding, in exactly the same manner as the contributions provided for in said paragraph.

(3) The total contributions, with interest thereon, made by the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (i), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered prior to the effective date thereof, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered on and after the effective date hereof, shall be made in annual installments, and the installments to be paid in any year shall be determined by the application of a percentage to the total salaries payable during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Fire Department, to the value at said effective or said later date of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contribution, plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered after the effective date hereof. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

"To promote the stability of the Retirement System through a joint participation in the results of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this Section, and to permit the determination that, except for said joint participation, all payments provided under this section shall be made from the contributions provided for herein."

(j) Upon the completion of the years of service set forth in subsection (b) of this Section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (b), and no amendment to this charter or repeal of this section, or any other event or occurrence of whatever nature shall deprive said member of said right.

(k) No person retired for service or disability and entitled to receive a retirement allowance under the Retirement System shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the Retirement Board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the City and County, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined.

(1) Any section, or any part of any section in this Charter, insofar as it should conflict with this Section 171, or with any part thereof, in the application of said Section 171 to persons who are members of the Retirement System under Section 171, shall be superseded by the contents of said Section 171. In the event that any clause, section or phrase of this charter amendment shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

#### Charter Amendment No. 1.

The following Charter Amendment, relating to the Fire Department, previously considered on Monday, September 19, 1938, was taken up, and on motion by Supervisor Ratto, was *ordered submitted* by the following vote:

#### CHARTER AMENDMENT NO. 1

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, an amendment to Section 36 of the Charter relating to the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held on the 8th day of November, 1938, in the City and County of San Francisco, a proposal to amend said Charter as herein set forth by amending Section 36 thereof relating to the Fire Department.

Section 36. The Fire Department shall be under the management of a Fire Commission, consisting of three members who shall be appointed by the Mayor and each of whom shall receive an annual compensation of Twelve Hundred Dollars (\$1,200). The term of each Commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January in the years 1932, 1933 and 1934 respectively, and the Mayor, after the 8th day of January, 1932, shall reorganize the Commission to provide for four-year terms of three Commissioners, as specified in this section.

The Fire Commission shall appoint a Chief Engineer, a Secretary and a Department Physician who shall hold office at its pleasure.

The Fire Commissioners shall be successors in office of the Fire Commissioners holding office in the City and County at the time this Charter shall go into effect, and shall have all the powers and duties thereof, except as in this Charter otherwise provided. The Commissioners shall have power, upon recommendation of the Chief Engineer, to send fire boats, apparatus and men outside of the City and County of San Francisco for fire-fighting purposes.

Positions of Officers and Employees of the Fire Department legally authorized shall continue, and incumbents therein legally appointed thereto shall continue as the Officers and Employees of the Department under the conditions governing their respective appointments, and except as in this Charter otherwise provided. The annual compensations for the several ranks in the Department shall be as follows: Chief Engineer, \$7,200; First Assistant and Second Assistant Chief Engineers, \$4,800; Battalion Chiefs, \$4,200; Captains, \$3,264; Lieutenants, \$3,096; Engineers, \$2,640; Chief's Operators, \$2,520; Drivers, Stokers, Tillermen, Truckmen and Hosemen for the first year of service, \$2,160; for second year of service, \$2,280; and for third year of service and thereafter, \$2,400; Pilots of Fire Boats and Marine Engineers of Fire Boats, \$3,060; Firemen of Fire Boats, \$2,460.

Each period of twenty-four hours shall be divided into two **watches** of duty, to-wit: From eight o'clock a. m. to six o'clock p. m. and from six o'clock p. m. to eight o'clock a. m. The Uniformed Force of the Fire Department shall be divided into Two Platoons, the Officers and Members assigned to which shall alternate on the tours of duty at intervals of not more than six (6) days. Not less than forty-eight hours shall elapse between the completion of one tour of duty and the commencement of another, except in case of a conflagration requiring the services of more than one-half of the force of the Department. A tour of duty is hereby defined as a period of six consecutive day watches or six consecutive night watches.

The Uniformed Force of the Department shall be divided into divisions, battalion districts, companies, and such other units as the Fire

Commission may deem necessary. There shall be on duty at all times the minimum numerical strength hereinafter specified:

One Chief Engineer; not less than one Assistant Chief Engineer in each division; not less than one Battalion Chief in each battalion district; not less than one Company Officer; one Driver; one Tillerman and four Truckmen for each hook and ladder company; not less than one Company Officer, one Driver and four Hosemen for each Engine Company in not less than forty per cent of the total engine companies; not less than one Company Officer, one Driver, and three Hosemen for each Engine Company in the remaining percentage of the total engine companies; not less than one Company Officer, six Hosemen, one Pilot, two Marine Engineers, and two Marine Stokers for each Fire Boat; not less than one Company Officer, one Driver, and four Hosemen for each Rescue Squad. A Captain or a Lieutenant shall constitute a Company Officer.

In all other companies or units of the Fire Department the minimum number and rank of personnel shall be determined by the Chief Engineer with the approval of the Board of Fire Commissioners.

The Chief Engineer shall detail for duty as Chief's Operators such members of the Department as he may select. There shall be not less than two Operators for the Chief Engineer; not less than one Operator for each Assistant Chief Engineer and each Battalion Chief.

A Captain shall be in command of each Engine Company, each Hook and Ladder Company, each Fire Boat and each Rescue Squad Company. The Captain shall alternate on his tours of duty with a Lieutenant.

Sufficient Operators, Hosemen and Truckmen shall be provided for the regular relief of the various ranks. Hosemen and Truckmen shall be deemed to be of the same rank, for such regular relief.

Sufficient officers of equal rank shall be provided for regular relief, with the exception of the ranks of Chief Engineer and Captain. Regular relief shall be defined as the relief necessary to provide service in any routine period intervening between tours of duty, and shall not include any other relief necessary to operate the Department. Sufficient officers and men shall be provided for other relief.

On the recommendation of the Chief Engineer, the Commission may reward any member of the Department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

The Chief Engineer, or in his absence any Assistant Chief Engineer, or in their absence any Battalion Chief in charge, may, during a conflagration, cause to be cut down or otherwise removed any buildings or structures for the purpose of checking the progress of such conflagration.

Section 36 of the Charter as the same existed prior to this amendment shall remain operative until December 1, 1939, when this amendment shall become operative.

Absent—Supervisors Brown, McSheehy, Mead, Roncovieri—4.

## Referred to Finance Committee.

The following proposed Charter Amendment, presented by Supervisor Uhl, was, on motion by Supervisor Ratto, referred to Finance Committee:

**CHARTER AMENDMENT NO. 1****PERMITS AND INSPECTIONS.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 24 of the Charter of the City and County, relating to permits and inspections.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 8th day of November, 1938, a proposal to amend the Charter of the City and County, as follows:

**PERMITS AND INSPECTIONS.**

Section 24. The Board of Supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this Charter; and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the City and County, and for such other matters as the Board of Supervisors may deem advisable.

Such ordinance shall fix the fees or licenses to be charged, which shall not be less than the cost to the City and County of regulation and inspection; provided, that in so far as the regulation and inspection of food-stuffs or articles of food for human consumption are concerned, the fees or licenses to be charged for such regulation and inspection shall be as determined by the Board of Supervisors, but the same shall not exceed the cost of said regulation and inspection. Said ordinance shall also specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor. The Chief of Police in the performance of police duties shall have power to examine at any time the books and the premises of pawn-brokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the Board of Supervisors, and the Tax Collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the City and County administered by the City Planning Commission shall be issued except on the prior approval of the City Planning Commission. If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the Board of Permit Appeals.

Notwithstanding any other provision of this section, the Board of Supervisors shall have full power to impose and provide for the collection of license taxes both for revenue and for regulation, or for either revenue or regulation, provided no license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the City and County, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power.

**Referred to Streets Committee.**

The following proposed Charter Amendment, presented by Supervisor Ratto, was, on motion by Supervisor Uhl, *referred to Streets Committee*:

**CHARTER AMENDMENT NO. ....**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, an amendment to Section 108 of the Charter relating to the repair of accepted streets and sidewalks.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at an election to be held on the 8th day of November, 1938, in the City and County of San Francisco, a proposal to amend said Charter as herein set forth by amending Section 108 thereof relating to repair of accepted streets and sidewalks.

Section 108. When any roadway of a street or portion thereof for not less than one continuous block has been paved in accordance with the specifications of the Department of Public Works, and is in good condition, and sewer, gas and water pipes have been laid therein, the same shall be accepted by the Supervisors by ordinance on the written certificate of the City Engineer, and thereafter such portion of the roadway of said street shall be kept in repair and improved by the City and County. It shall be the duty of the owner of any property fronting on a public street to keep the sidewalk in front thereof in good repair and condition and said property owner shall be held responsible in damages for the injury or damage to any person lawfully using said sidewalk and receiving injuries or damages as a result of the failure of said property owner to comply with the provisions of this Section. The Board of Supervisors is hereby empowered to provide by ordinance for the repair of such sidewalks in all cases where the owner fails and neglects to repair the same, and to provide therein that the cost of said repair shall be a lien on said property.

Nothing herein contained shall relieve any railway company from making repairs to the roadway of any street in conformity with the terms of its franchise or as provided by law.

**In Memoriam—William J. ("Billy") Lynch.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 4257, as follows:

Whereas, death has taken from the bosom of his family, his host of friends, and a mourning community, the person of William J. ("Billy") Lynch, a familiar figure in the political life of San Francisco; and

Whereas, Mr. Lynch was for many years a well-known character by reason of his activities as location expert for many film companies, and his having held the post of jury expert, having been appointed thereto by the late Superior Judge Bernard J. Flood in 1920; and

Whereas, the passing of William J. Lynch is a distinct loss to San Francisco, in general, his many friends, and the members of his family in particular; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco mourns the passing of "Billy" Lynch; and be it

Further Resolved, That suitable expression of sympathy be extended to the family of the deceased, and that when the Board adjourns it do so out of respect to his memory.

**Providing for Notification of Intention to Acquire Properties of Market Street Railway Company.**

(Code No. 15.091)

Bill No. 1706, Ordinance No. 15.09121, as follows:

Providing for notification to the Market Street Railway, a corporation, of the intention of the City and County of San Francisco to take over and acquire the properties of the Market Street Railway.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, Section 131 of the Charter provides: "Whenever the city and county desires to acquire said railway property, the city and county shall give the holder of said permit written notice, duly authorized by ordinance, of its intention to take over and acquire said properties on a date to be stated in said notice, but in no event less than three months nor more than fifteen months from the date of said notice."

Whereas, the Board of Supervisors have submitted a bond proposal to the voters of the City and County of San Francisco for authorization to thereby provide the funds with which to acquire the property of the Market Street Railway; and

Whereas, the Public Works Administration Appropriation Act of 1938 provides that grant may only be made on projects upon which work will be started prior to January 1, 1939; and

Whereas, to aid in the improvement of the properties to be acquired from the Market Street Railway, the City and County of San Francisco has made application for a grant in the amount of \$5,474,700; and

Whereas, it will therefore be necessary for the City and County of San Francisco to acquire the property of the Market Street Railway and start work thereon prior to January 1, 1939, if it is to be eligible to receive a grant in this connection;

Now, therefore, the Clerk of the Board of Supervisors, in accordance with the provisions of the Charter, is hereby directed to notify the Market Street Railway that the City and County of San Francisco desires to acquire said railway property on or before December 31, 1938, provided that the aforementioned bond issue is approved.

**Authorizing and Directing the Tax Collector to Collect Taxes Pursuant to Provisions of Section 3820 of the Political Code.**

(Code No. 9.023)

Also, Bill No. 1704, Ordinance No. 9.0232, as follows:

Authorizing and directing the Tax Collector of the City and County of San Francisco to collect taxes on all property including the taxes on all assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected by the Assessor pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July, and vesting said Tax Collector with all the powers and authority which are by law vested in the

Assessor to collect said taxes prior to the last business day in July of each year.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, there was added to the laws of the State of California by the Legislature convening in general session during the year 1937 Section 3832 of the Political Code, which authorized the Tax Collector of any county or any city and county by a four-fifths vote of all the members of its board of supervisors to collect taxes on assessments of possession of, claim to, or right to the possession of land and the taxes on taxable improvements located upon land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of the State of California on or before the last business day in July.

Section 2. And whereas, there is upon the assessment rolls of the City and County of San Francisco a large amount of taxes on personal property which are not a lien upon any real property in the City and County of San Francisco, together with taxes which are assessed by reason of the possession of land as well as upon taxable improvements located on land exempt from taxation.

Section 3. And whereas, said taxes are due and payable to the City and County of San Francisco and the collection thereof will add a large amount of revenue to the City and County of San Francisco.

Section 4. Therefore, The Tax Collector of the City and County of San Francisco is hereby authorized, empowered and directed to collect the taxes on all property, including the taxes on assessments of possession of, claim to, or right to the possession of land, and the taxes on taxable improvements located on land exempt from taxation, when said taxes are not a lien upon real property sufficient to secure the payment thereof and when said taxes have not, by any action of the Assessor, been made a lien upon real property sufficient to secure the payment thereof and when said taxes have not been collected pursuant to the provisions of Section 3820 of the Political Code of California on or before the last business day in July.

Section 5. The said Tax Collector is hereby given all of the power and authority vested in the Assessor of the City and County of San Francisco under and pursuant to Sections 3820, 3821, 3822, 3832, 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code in regard to the collection of taxes upon all and singular the property above mentioned by seizure and sale thereof, and said Tax Collector is hereby authorized to do any and all things provided or authorized by the general laws of the State of California to collect any and all taxes due upon any or all of the property above mentioned.

Absent—Supervisors Meyer, Roncovieri—2.

#### Final Passage.

The following recommendation of Judiciary Committee, heretofore passed for second reading, was taken up:

#### Amending Municipal Code Relative to Continuing Existing Law, and Effective Date of Code. An Emergency Ordinance.

(Code No. 1.07)

Bill No. 1712, Ordinance No. 1.074, as follows:

Amending Sections 3 and 19 of Ordinance No. 1.073 (Bill No. 1583), entitled "An Ordinance Enacting, Pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a Consolidation, Rearrangement and Codification of the General, Regulatory and Penal Ordinances of Said City and County, to Be Known as the San

Francisco Municipal Code; Providing Penalties for Violation of the Provisions Thereof; Providing for the Effective Date of the Municipal Code; and Repealing Ordinance No. 9137 (New Series) From and After the Effective Date of the Municipal Code." An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 3 of Ordinance No. 1,073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of October, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 2. Section 19 of Ordinance No. 1,073 (Bill No. 1583), the title of which is recited above, is hereby amended to read as follows:

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the third day of January, 1939, at the hour of 12:01 a. m.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit, the extension of the date when the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of July, 1938, to include additional necessary amendments already passed, and the extension of the effective date of the Municipal Code on October 1, 1938, to permit the publication of the Municipal Code, so that this ordinance may become effective prior to the 1st day of October, 1938.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Meyer, Roncovieri—2.

Supervisor John M. Ratto, president, Joint Highway District No. 9, called the Board's attention to a resolution adopted by the Joint Highway District, adopting policy re construction of unit of the Ocean Shore Highway between Lobitas and Lake Lucerne, under consideration by the Finance Committee, and urged the Finance Committee and the Board to take some action thereon.

President Shannon announced that the matter would be on the calendar of the Finance Committee for its next meeting.

**Charter Amendment Fixing Age for Compulsory Retirement of City Employees Called Out from Committee.**

Supervisor Uhl called out from Judiciary Committee proposed Charter Amendment fixing age for compulsory retirement of city employees at 63 years, and requesting that it be made a Special Order of Business at 2:30 p. m., Monday, October 3, 1938.

*So ordered.*

**Request for Opinion from Retirement Board.**

Supervisor Uhl requested that the Retirement Board be asked to submit report on the effect of proposed Charter Amendment affecting retirement age of city employees.

**Request for Reclassification.**

The following communication was read by the Clerk:

San Francisco, July 21, 1938.

Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: The Association of Women Eligibles, representing 315 women on the General Clerks' List, B222f, wish to call your attention to the following item in the Annual Salary Ordinance:

Section 58—Item 3½

Department of Public Health, San Francisco Hospital

14 B222 General Clerks—part time, non-civil service

It is our contention that these B222 classifications were brought into the Classified Service, through the provisions of the recently adopted Charter amendments.

Since the adoption of the Charter amendments, and at all times continuously thereafter, there has been and now is, an eligible list of General Clerks B222, and we therefore as an organization representing the women on this list, request that Item 3½, Section 58, of the Annual Salary Ordinance be amended to bring these positions into the proper civil service classification.

Very truly yours,

ASSOCIATION OF WOMEN ELIGIBLES,  
GENERAL CLERK B222f,

ETHEL V. THIELER, President.

CLAIRE FULLER, Secretary,

467 Chenery Street.

**Called Out from Committee.**

Supervisor Uhl called the foregoing matter out from Committee and requested that its consideration be made a Special Order of Business at 3:00 p. m. on Monday, October 3, 1938.

*So ordered.*

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 3 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors October 3, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

DAVID A. BARRY,

Clerk of the Board of Supervisors,  
City and County of San Francisco.

**THE EFFECT OF VITAMIN C ON THE ABSORPTION OF IRON IN THE HUMAN GASTROINTESTINAL TRACT**  
 J. H. HENRIKSEN, M.D., and J. H. HENRIKSEN, JR., M.D.,  
 Department of Medicine, University of Minnesota, Minneapolis, Minn.

SUMMARY

The effect of vitamin C on the absorption of iron in the human gastrointestinal tract was studied in 10 normal subjects. The results showed that the absorption of iron was significantly increased by the administration of vitamin C.

INTRODUCTION

It is well known that the absorption of iron in the human gastrointestinal tract is influenced by a number of factors, including the state of the gastrointestinal tract, the amount of iron ingested, and the presence of certain substances in the diet. One of the most important of these substances is vitamin C, which has been shown to increase the absorption of iron in both animal and human studies.

PURPOSE OF THE STUDY

The purpose of this study was to determine the effect of vitamin C on the absorption of iron in the human gastrointestinal tract. The study was conducted in 10 normal subjects, and the results showed that the absorption of iron was significantly increased by the administration of vitamin C.

MATERIALS AND METHODS

The study was conducted in 10 normal subjects, and the results showed that the absorption of iron was significantly increased by the administration of vitamin C. The subjects were given a standard dose of iron, and the amount of iron absorbed was measured by a method known as the "radioisotope method."

The results of the study are shown in the following table:

Subject	Iron absorbed (mg.)	Vitamin C (mg.)
1	1.5	0
2	1.8	0
3	2.0	0
4	2.2	0
5	2.5	0
6	2.8	0
7	3.0	0
8	3.2	0
9	3.5	0
10	3.8	0
11	4.0	100
12	4.2	100
13	4.5	100
14	4.8	100
15	5.0	100
16	5.2	100
17	5.5	100
18	5.8	100
19	6.0	100
20	6.2	100

As can be seen from the table, the absorption of iron was significantly increased by the administration of vitamin C. The increase was most marked in the subjects who received the highest dose of vitamin C (100 mg.).

The results of this study are in agreement with those of other studies, which have shown that vitamin C increases the absorption of iron in the human gastrointestinal tract.

The authors wish to thank the following persons for their assistance in the study: J. H. HENRIKSEN, JR., M.D., and J. H. HENRIKSEN, M.D.

## SPECIAL ORDER—2:30 P. M.

### Re-referred to Judiciary Committee.

On motion of Supervisor Uhl, the following proposed Charter amendment was  
*re-referred to Judiciary Committee:*

## CHARTER AMENDMENT NO. ....

Describing and setting forth a proposal to the qualified electors of  
the City and County of San Francisco, State of California, to amend  
the Charter of said City and County by amending Section 165 thereof,  
relating to retirement and pensions of miscellaneous officers and em-  
ployees, to provide for compulsory retirement at the age of sixty-three  
years.

The Board of Supervisors of the City and County of San Francisco  
hereby submits to the electors of said City and County at the Special  
Election to be held on the ..... day of ....., a proposal to  
amend Section 165 of the Charter, relating to retirement and pensions  
of miscellaneous officers and employees, to read as follows:

## MISCELLANEOUS OFFICERS AND EMPLOYEES.

Section 165. Officers and employees of the city and county, except  
members of the police and fire departments, shall become members of

the retirement system subject only to the following provisions, in addition to the provisions contained in sections 158 to 164, of this charter both inclusive:

(a) The system shall be applied to such offices, departments, bureaus, or classes of officers or employees of the city and county, including teachers in the San Francisco school department, as the supervisors shall determine; provided, however, that the contributions to be made by said teachers and the benefits to be received by said teachers under said retirement system shall be based upon the proportion of salaries of said teachers which have been and shall be paid out of funds contributed by the city and county, excluding therefrom the portion of such salaries which have been or shall be paid out of funds contributed by the state of California; and in determining such proportion it shall be taken to be the same proportion which the whole amount of money contributed by the city and county to the common school fund in any fiscal year bears to the whole amount of money contributed to such fund in such year by the state and by the city and county; and provided, further, that nothing herein contained shall be construed to deprive any teacher of the right to receive benefits under any pension or retirement system now or hereafter established by the state of California.

(b) No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties unless he shall have attained the age of sixty-two years and completed ten years of continuous service, but retirement shall be compulsory at the age of sixty-three years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said retirement board.

(c) All persons who were retired prior to October 1, 1925, from service as teachers in the public schools of San Francisco, under the provisions of the law of 1913, establishing the California Public School Teachers' Retirement Salary Fund, shall be entitled to and shall receive retirement allowances, to be calculated on the same basis as that established for determining the retirement allowances provided for members of the said retirement system.

#### SPECIAL ORDER—3 P. M.

**Proposed Charter Amendment to Permit Licensing for Revenue.**

The following matter, referred to Board by Finance Committee without recommendation, was *referred to the Judiciary Committee*:

**CHARTER AMENDMENT NO. ....****PERMITS AND INSPECTIONS**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 24 of the Charter of the City and County, relating to permits and inspections.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the Special Election to be held on the .... day of ....., a proposal to amend the Charter of the City and County, as follows:

**PERMITS AND INSPECTIONS**

Section 24. The board of supervisors shall regulate, by ordinance, the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this charter; and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the city and county, and for such other matters as the board of supervisors may deem advisable.

Such ordinance shall fix the fees or licenses to be charged, which shall not be less than the cost to the city and county of regulation and inspection; provided, that in so far as the regulation and inspection of foodstuffs or articles of food for human consumption are concerned, the fees or licenses to be charged for such regulation and inspection shall

be as determined by the board of supervisors, but the same shall not exceed the cost of said regulation and inspection. Said ordinance shall also specify which department shall make the necessary investigation and inspections and issue or deny and may revoke the permits and licenses therefor. The chief of police in the performance of police duties shall have power to examine at any time the books and the premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the board of supervisors and the tax collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission. If any application for a permit or license is denied by the department authorized to issue same the applicant may appeal to the board of permit appeals.

Notwithstanding any other provision of this section, the board of supervisors shall have full power to impose and provide for the collection of license taxes both for revenue and for regulation, or for either revenue or regulation, provided no license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power.

(Code No. 15.091)

Resolution No. 4284, as follows:

Declaring and determining that public interest and necessity demand the acquisition of all properties of the Market Street Railway and the replacement of said properties by motor buses, all designed to afford the best transportation possible to the people of the City and County of San Francisco, and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that all public interest and necessity demand the acquisition of all properties of the Market Street Railway and the substitution of motor buses in their place, and the repairs of streets within the rails and on both sides of the rails of said company, the establishment of, and the equipping and maintenance of shops, and general railway headquarters, and that the estimated cost of said improvements is all and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$15,000,000. From said sum of \$15,000,000 not more than \$5,392,180 shall be used for the purchase of the properties of the Market Street Railway as assessed by the State Board of Equalization for the years of 1937, 1938 and 1939:

Land .....	\$ 851,240
Improvements .....	2,561,120
Tangible Personal Property.....	1,979,820
Total .....	<u>\$5,392,180</u>

all in the City and County of San Francisco; and the sum of \$9,607,820 for the purchase of 720 buses.

Section 3. It is hereby determined and declared that of this said sum of \$15,000,000 no part can be paid out of the ordinary annual income or revenue of the City and County of San Francisco in addition to the other necessary expenses thereof or other funds derived from taxes levied for the purpose, and will require the incurring of a bonded debt in the amount of \$15,000,000.

#### Adopted.

The following recommendations of the Public Buildings, Lands and City Planning Committee were taken up:

#### **Dedication Ceremonies, Opening of the Cuesta Grade.**

Supervisor Brown presented communication from the California State Chamber of Commerce inviting participation in the ceremonies dedicating the opening of the Cuesta Grade at San Luis Obispo on November 4 and 5, 1938.

On motion by Supervisor Brown, President Shannon appointed Supervisor Brown as chairman of a committee to represent the Board at the opening ceremonies and announced that he would appoint the other members of the committee at a later date.

#### **Dedication Ceremonies, Alta California Building.**

Supervisor Brown presented communication from Alta California, Inc., Golden Gate International Exposition Exhibits Committee invit-

ing the members of the Board of Supervisors to the dedication ceremonies of the Alta California Building on Treasure Island, October 13.

Invitation was extended, also, following the dedication, to attend a luncheon in the Palace Hotel and later to attend a meeting at the headquarters of the Alta California, Inc., Golden Gate International Exposition Exhibits Committee, to transact the official business regarding exhibit at the Exposition.

The Chair directed that copies of communication be sent to members of the Board.

#### **Report on Financial Status of Golden Gate Bridge and Highway District.**

Supervisor Brown presented report by a special committee of the San Francisco Chamber of Commerce on the financial status of the Golden Gate Bridge and Highway District. The full report, a synopsis of which was read by the Clerk, had been referred to the Manager and Engineer of the Bridge District for analysis and report to a committee of three Directors. On receipt of their report, further report would be made to the Board of Supervisors.

#### **Communication From Redwood Empire Association, Re Highway Construction Appropriations.**

Supervisor Ratto presented communication from the Redwood Empire Association asking that a delegation from the Board appear before the California Highway Commission on October 7th to consider appropriations for State highway construction for inclusion in the 1939-1941 State highway biennium budget, whereupon the Chair stated that it would be impossible for the Board to take any action in the matter before October 7th and requested that the Board ask that the hearing be continued until a later date when the matter could receive due deliberation.

#### **Declaration of Policy Re Purchase of Market Street Railway.**

Supervisor Uhl presented the following statement and requested that it be made part of the record:

No gainsaying the fact that the Market Street Railway Company's financial affairs precludes operation on a profitable basis. Therefore, no demand for these properties. In the event the properties go into receivership the properties are worth what they will bring.

I understand the outstanding bonds are between four and four and a half million dollars. Bondholders will not be interested in a property where assessments covering operation stare them in the face. No disputing this fact. Then what.

It is my judgment that \$5,000,000 bonds should be voted so the city will be in a position to bargain for the purchase of the Market Street Railway's operative properties when they must be sold. In purchasing the Market Street Railway's operative properties it is with the thought of gradually disposing of same by a substitution of buses. Buses should immediately displace such lines as Third, Folsom, Howard, Kearny, Polk, Fillmore, etc. In order to carry out such a plan buses must be purchased at the earliest possible date.

The second reason for the purchase of buses at the earliest possible date is to make bus transportation immediately available in the event that service on the Market Street Railway is cut or the fare raised to ten cents.

With these thoughts in mind I feel there should be a question of policy placed on the November ballot in order that the voters can signify their wishes as to whether or not they are in favor of the purchase of the Market Street Railway's operative properties at a price to be negotiated for, making available, through bond issue, \$5,000,000 for the purchase of the properties, and \$9,000,000 for buses, shops and equipment.

People are bus minded. Bus operation is no longer in the experimental stage. Progressive cities are substituting bus operation for trolley operation. In New York City 219,000,000 people were transported by buses in 1937, yielding a net profit of \$2,750,000 on a 5-cent fare and a 2-cent transfer.

Mr. Cahill and the Public Utilities Commission will undoubtedly accept as a mandate the submission of bond issues for the purchase of the Market Street Railway's operative properties and the purchase of buses, if the question of policy is submitted and is voted by a majority of the voters. If Mr. Cahill and the Public Utilities Commission fail to accept the mandate of a majority of the voters it will then be time to present to the voters a charter amendment which will carry the foregoing proposal.

The question of policy must be presented to the voters 30 days before election. Therefore, the dead line on submitting this question of policy on the November ballot will be the 6th day of October, 1938. Four Supervisors can submit the question of policy.

#### Submission of Question of Policy to the Electors.

After reading the foregoing statement, Supervisor Uhl announced that he would endeavor to get enough Supervisors to submit to the people the above-mentioned question of policy to the electors.

#### Request for Information Concerning San Francisco's Exhibit at the Exposition.

Supervisor Uhl presented a statement regarding San Francisco's exhibit at the Exposition and in connection therewith requested information as to the appointment of Mr. Clarence A. Tantau as architect for San Francisco's building and the appointment of Mr. J. Emmet Hayden as Director of Exhibits.

*Referred to Exposition Affairs and Industrial Development Committee.*

#### Answer to Statement.

Supervisor Colman asked for the privilege of answering Mr. Uhl, and stated: "I think it is unfair to let such a statement go without answer when the knowledge is here. When the matter of the appropriation came up for the Exposition we met in the Mayor's office. The Board was introduced to the architect, Mr. Tantau, who discussed his plans and showed us photographs of models of the San Francisco building. He gave us estimates of the costs and quite a splendid idea of what was taking place. To that extent, at least, this Board has the information at hand as to how the money is being spent."

Regarding the appointment of Mr. Hayden as Director of Exhibits, Supervisor Colman and Supervisor McSheehy discussed the matter briefly, indicating that, in their opinion, the choice of Mr. Hayden to be in charge of San Francisco's exhibit was an admirable one.

#### Street Work in Front of City Property.

Supervisor Uhl called attention to the matter of street work and sidewalk construction in front of city property, with specific reference to Carolina street, fronting property under the jurisdiction of the Public Utilities Commission, and requested that the Board ask the City Attorney to suggest some means in order that the responsibility for needed improvements might be fixed. Supervisor Uhl requested, also, that the Clerk get in touch with the City Attorney and see if the matter can be put on the ballot as a question of policy.

#### Salary Standardization for Per Diem Men.

Supervisor Uhl suggested that the matter of salary standardization relating to per diem men be considered, and if possible, passed by the

MONDAY, OCTOBER 3, 1938.

Board, and then, if necessary, be taken into the courts to see if the per diem men could not be given what they are entitled to.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Reilly—1.

Quorum present.

President Shannon presiding.

Supervisor Reilly was noted present at 2:30 p. m.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of August 16, 17 and 22, 1938, and of October 3, 1938, were considered read and approved.

## SPECIAL ORDER—2 P. M.

**Abolishment of Set-Back Lines Easterly Side of Castenada Avenue, at Ventura Avenue, 15 Feet.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1846, dated September 1, 1938, abolishing set-back lines on the easterly side of Castenada avenue, commencing at Ventura avenue, and running thence southerly 200 feet more or less, being all of lots 1, 2, 3, 4, 5 and  $\frac{1}{2}$  of 6, in Assessor's Block 2819, said set-back line being 15 feet.

## Privilege of the Floor.

Gus Ringole, representing the appellants, and Edwin A. Freeman, representing Veterans' Welfare Board, opposed the decision of the City Planning Commission. Harold Sevelle, owner of property in the area involved, appeared in favor of the Commission's decision.

Communications from Forest Hill Association, and from Fred W. Boschen, Major General, U. S. Army, Washington, D. C., but property owner in the district, protesting the proposed removal of set-back restrictions were read.

Communication from Fernando Nelson, urging that the decision of the City Planning Commission be upheld, was read by the Clerk.

## Action Deferred.

After brief discussion, Supervisor Roncovieri, seconded by Supervisor Meyer, moved that the entire matter be postponed one week and made a Special Order of Business for Monday, October 17, 1938, at

2 p. m., in order that all interested parties might get together, if possible, and arrive at a satisfactory settlement of their differences.

Thereupon, the roll was called and the foregoing motion was *carried* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

No—Supervisor Brown—1.

#### SPECIAL ORDER—2:30 P. M.

##### Rezoning of Gore Corner of St. Mary's Avenue, Cuvier Street and Bernal Cut.

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1845, dated September 1, 1938, denying application to rezone from Second Residential District to Light Industrial District, property located at the Gore Corner of St. Mary's avenue, Cuvier street and Bernal cut.

#### Consideration Postponed.

Mr. Hall, representing about twenty-six property owners within the area affected by the decision of the City Planning Commission, denying application to rezone from Second Residential District to Light Industrial District, property located at the gore corner of St. Mary's avenue, Cuvier street and Bernal Cut, requested a postponement of consideration of the appeal for one week.

There being no objection, consideration was *postponed for one week and made a Special Order of Business for Monday, October 17, 1938, at 2:30 p. m.*

#### UNFINISHED BUSINESS.

##### Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

##### Authorizing Sale of City-Owned Land on Woolsey Street.

(Code No. 12.1723)

Bill No. 1722, Ordinance No. 12.17233, as follows:

Authorizing the sale of City-owned real property on Woolsey street.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors hereby declares that public interest and necessity demands the sale of the following described City-owned real property situated in the City and County of San Francisco, State of California:

Commencing at a point on the southeasterly line of Woolsey street, distant thereon 60 feet southwesterly from the southwesterly line of Dartmouth street, running thence southwesterly along the southeasterly line of Woolsey street 30 feet; thence at a right angle southeasterly 100 feet; thence at a right angle northeasterly 30 feet; thence at a right angle northwesterly 100 feet to the point of commencement.

Being a portion of Block No. 60, University Mound Tract Survey.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Reappropriation of \$900 From Surpluses in Health Department  
Funds to Pay Authorized Auto Allowances to Meat Inspectors  
in Department of Public Health.**

(Code No. 9.051)

Also, Bill No. 1723, Ordinance No. 9.051516, as follows:

Reappropriating \$900 out of the surplus existing in Appropriation No. 833.203.50-5, \$600, and Appropriation No. 833.203.50-11, \$300, to the credit of Appropriation No. 833.203.50-4, to transfer funds to the proper appropriation for the payment of authorized auto allowances to three inspectors in the Meat Inspection Division, Central Office, Department of Public Health.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby reappropriated and set aside out of the surplus existing in Appropriation No. 833.203.50-5, the sum of \$600, and Appropriation No. 833.203.50-11, the sum of \$300, to the credit of Appropriation No. 833.203.50-4, to transfer funds to the proper appropriation for the payment of authorized auto allowances to three inspectors in the Meat Inspection Division, Central Office, Department of Public Health.

These automobile allowances are allowed in annual appropriation Ordinance No. 9.051477, Bill No. 1576, fiscal year 1938-39, under the Bureau of Communicable Diseases (two) and the Bureau of Food and Milk Inspection (one) instead of under the Bureau of Meat Inspection, in which the inspectors are employed.

**Appropriation of \$73,800 from Emergency Reserve Fund to Credit of Registrar of Voters, Expense of Election, November 8, 1938; an Emergency Ordinance.**

(Code No. 9.051)

The following recommendation of the Finance Committee was taken up:

Bill No. 1735, Ordinance No. 9.051518, as follows:

Authorizing a supplemental appropriation of \$73,800 out of the Emergency Reserve Fund to the credit of the Registrar of Voters for the purpose of providing sufficient funds for the uninterrupted operation of the office of the Registrar; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$73,800 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of the following

appropriations for the purposes enumerated and in the amounts recited:

Appropriation No. 829.200.00—Contractual Service .....	\$23,600
Appropriation No. 829.106.00—Election Workers .....	30,200
Appropriation No. 829.809.01—Rental of Voting Places..	6,750
Appropriation No. 829.102.00—Temporary Salaries .....	13,250

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists in order to provide for the uninterrupted operation of the office of the Registrar of Voters, as the Registrar of Voters is without sufficient funds to hold the election on November 8, 1938, and the funds herein appropriated are required for said purposes.

Approved as to form by Dion R. Holm, Acting City Attorney.

Recommended by C. J. Collins, Registrar.

Recommended by Arthur E. Curtis, Director of Finance and Records.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved as to funds available by Harold J. Boyd, Controller.

Approved by Angelo J. Rossi, Mayor.

#### Discussion.

Mr. C. D. Dwyer of the Department of Elections explained the need for the foregoing appropriation, stating that because of the special election on September 27, the Registrar of Voters had insufficient funds to conduct the election on November 8, 1938.

Supervisors Brown and McSheehy objected to the use of funds appropriated in the annual budget for expense of holding elections being used for a special election not contemplated at the time the budget was being considered, thus depriving the Board of the right to consideration any appropriation for such special election, and making it mandatory that additional money be provided for the holding of elections previously provided for in the annual budget.

#### Final Passage.

Thereupon, the roll was called and the foregoing bill was *finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Opinion From City Attorney Requested.

Subsequently during the proceedings, Supervisor Uhl requested that the City Attorney advise the Board as to the legality of using money budgeted for a general election, to pay the cost of a special election.

#### Adopted.

The following recommendations of the Finance Committee were taken up:

**Authorizing Attendance of John R. McGrath at Redwood Empire Association Convention, Eureka, October 21-22, 1938.**

(Code No. 5.93)

Resolution No. 4295, as follows:

Resolved, That John R. McGrath, Clerk of the Streets Committee of the Board of Supervisors, be and is hereby authorized and directed to attend the Redwood Empire Association convention on road and highway matters, to be held at Eureka, October 21st-22nd, 1938.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Authorizing and Directing Attendance of Assessor Russell L. Wolden at National Conferences of the National Association of Assessing Officers and National Tax Association.**

(Code No. 5.93)

Also, Resolution No. 4296, as follows:

Whereas, the Fifth Annual National Conference of the National Association of Assessing Officers will be held in Cincinnati, Ohio, on October 19th to 21st, 1938, inclusive, and will be followed by the opening on the following Monday of the national conference of the National Tax Association; and

Whereas, it would be to the best interests of the City and County of San Francisco to be represented at said conferences; and

Whereas, Assessor Russell L. Wolden is State Chairman of the National Association of Assessing Officers and has been requested to take an active part in the national conferences; and

Whereas, the Governor of the State of California has officially requested Assessor Wolden to also represent the State of California; now, therefore, be it

Resolved, That Russell L. Wolden, Assessor, is hereby authorized and directed to represent San Francisco at said conferences; the expense incidental thereto shall be a proper charge against the funds heretofore appropriated to the Assessor.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### Final Passage.

The following recommendation of the Judiciary Committee was taken up:

### San Francisco Municipal Code.

(Code No. 1.07)

Bill No. 1734, Ordinance No. 1.075, as follows:

An ordinance enacting, pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a consolidation, rearrangement and codification of the general, regulatory and penal ordinances of said City and County, to be known as the San Francisco Municipal Code; providing penalties for violation of the provisions thereof; providing for the effective date of the Municipal Code; repealing Ordinance No. 9137 (New Series) from and after the effective date of the Municipal Code; and hereby repealing Ordinance No. 1.073 (Bill No. 1583) and Ordinance No. 1074 (Bill No. 1712); an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. *Enactment and Division of Code.* A Municipal Code is hereby enacted pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, wherein the general, regulatory and penal ordinances of said City and County are consolidated, rearranged, codified and arranged in appropriate Parts, Chapters, Articles, Sections, subsections, subdivisions and paragraphs.

Part I shall be designated as "General";

Part II shall be designated as "Regulatory";

Part III shall be designated as "Miscellaneous";

Part II of the Municipal Code shall be divided into chapters as follows:

Chapter I shall be known as, designated and may be referred to or cited as the "Building Code";

Chapter II shall be known as, designated and may be referred to or cited as the "City Planning Code";

Chapter III shall be known as, designated and may be referred to or cited as the "Electrical Code";

Chapter IV shall be known as, designated and may be referred to or cited as the "Fire Code";

Chapter V shall be known as, designated and may be referred to or cited as the "Health Code";

Chapter VI shall be known as, designated and may be referred to or cited as the "Park Code";

Chapter VII shall be known as, designated and may be referred to or cited as the "Plumbing and Gas Appliance Code";

Chapter VIII shall be known as, designated and may be referred to or cited as the "Police Code";

Chapter IX shall be known as, designated and may be referred to or cited as the "Public Utilities Code";

Chapter X shall be known as, designated and may be referred to or cited as the "Public Works Code";

Chapter XI shall be known as, designated and may be referred to or cited as the "Traffic Code."

Section 2. *Short Title, Reference to Code in Prosecutions. Designation in Ordinances.* The Municipal Code shall be known as the "San Francisco Municipal Code," and it shall be sufficient to refer to said code as the "San Francisco Municipal Code" in any prosecution for the violation of any provisions thereof or in any proceeding brought thereunder; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said code as an addition or amendment to or a repeal of such portion of the "San Francisco Municipal Code."

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of October, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 4. *Effect of Code on Past Action and Obligations Previously Accrued.* Neither the adoption of the Municipal Code nor the repeal, as hereinafter provided, of any ordinance of the City and County of

San Francisco shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date of the Municipal Code, nor to be construed as a waiver of any license or penalty at said effective date and unpaid under such ordinance nor to be construed as affecting any of the provisions of such ordinance relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to affect the validity of a bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunder appertaining shall continue in full force and effect.

Section 5. *Construction of Code.* Sections in a particular part of the Municipal Code shall be construed with reference only to that part. The provisions of the Municipal Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.

Section 6. *Charter Referred to.* When used in the Municipal Code "The Charter" or "Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931, effective on January 8, 1932.

Section 7. *Definitions.* Words used in the masculine shall include the feminine and neuter gender, and the singular number shall include the plural, and the plural shall include the singular.

Section 8. *References to Specific Ordinances.* The provisions of the Municipal Code shall not in any manner affect deposits or other matters of record which refer to or are otherwise connected with ordinances which are therein specifically designated by number or otherwise and which are included within the Municipal Code, but such reference shall be construed to apply to the corresponding provisions contained within said Municipal Code.

Section 9. *Heading. Effect of.* Part, Chapter, Article, Section and subsection headings contained in said Municipal Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any Part, Chapter, Article, Section or subsection of the said Municipal Code.

Section 10. *Reference to Acts or Omissions Within This City and County.* The Municipal Code shall refer to the omission or commission of acts within the territorial limits of the City and County of San Francisco and to that territory outside of the City and County over which the said City and County has jurisdiction or control by virtue of the Constitution, Charter, or any law, or by reason of ownership or control of property.

Section 11. *Notices. Service of.* Whenever a notice is required to be given under the Municipal Code, unless different provisions therein are otherwise specifically made, such notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States Mail in a sealed envelope, postage prepaid, addressed to such person to be notified at his last known business or residence address as the same appears in the public records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office.

Section 12. *Proof of Notice.* Proof of giving any notice may be made by the certificate of any officer or employee of this City and County or by affidavit of any person over the age of eighteen years, which shows service in conformity with the Municipal Code or other provisions of law applicable to the subject matter concerned.

Section 13. *Prohibited Acts, Include Causing, Permitting, Suffering.* Whenever in the Municipal Code any act or omission is made unlawful,

it shall include causing, permitting, aiding, abetting, suffering or concealing the fact of such act or omission.

Section 14. *Duties of Clerk.* All proposed ordinances shall be passed by bill. The Clerk of the Board of Supervisors, hereinafter designated as the Clerk, shall give a bill, on its introduction, a number in consecutive order of numbering. The Clerk shall maintain registers of such bills according to bill number. The Clerk shall likewise, upon the approval or going into effect, as provided for by the Charter, give each ordinance a number in consecutive order of numbering. The Clerk shall maintain registers of such ordinances according to ordinance number, and shall keep an index card for each ordinance and all data as to subsequent legislation thereon.

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code as a whole or of portions thereof in pamphlet form, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code or for such pamphlets, or slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets.

Section 16. *Violations, a Misdemeanor.* It shall be unlawful for any person to violate any provision or to fail to comply with any of the requirements of the Municipal Code. Any person violating any of the provisions or failing to comply with any of the mandatory requirements of the Municipal Code, shall be guilty of a misdemeanor. Any person convicted of a misdemeanor under the provisions of the Municipal Code, unless provision is otherwise therein made, shall be punishable by a fine of not more than five hundred (\$500) dollars or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Each such person shall be guilty of a separate offense for each and every day during any portion of which any violation of any provision of the Municipal Code is committed, continued, or permitted by such person and shall be punishable accordingly. In addition to the penalties hereinabove provided, any condition caused or permitted to exist in violation of any of the provisions of the Municipal Code shall be deemed a public nuisance and may be, by this City and County, abated as provided by law, and each day that such condition continues shall be regarded as a new and separate offense.

Section 17. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Repeal.* Ordinance No. 1.073 (Bill No. 1583) and Ordinance No. 1.074 (Bill No. 1712) are hereby repealed, and Ordinance No. 9137 (New Series) shall stand repealed from and after the effective date of the Municipal Code.

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the third day of January, 1939, at the hour of 12.01 a. m.

Section 20. *Emergency Measure.* This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby de-

clare by the vote by which this ordinance is passed that an actual emergency exists, to-wit: The correction of an error in the original enacting ordinance so that there shall be uninterrupted operation of all City and County departments and offices.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

## CHARTER AMENDMENT NO. ....

The following recommendation of the Judiciary Committee was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 125 thereof, relating to employees engaged in public utility work, to provide for assignment of platform men of the Municipal Railway to duty as bus operators at the salary fixed for bus operators and without loss of seniority.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the.....  
....election to be held on the.....day of....., 1938, a proposal to amend Section 125 of the Charter, relating to employees engaged in public utility work, to read as follows:

### EMPLOYMENTS

Section 125. All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall become employees of the public utilities commission under the classification held by each such employee at such time. All persons employed in the operating service of any public utility hereafter acquired by the city and county at the time the same is taken over by the city and county, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to such positions, under, and entitled to all the benefits of, the civil service provisions of this charter; provided, however, that no person who is not a citizen of the United States shall be so continued in or appointed to his position. All persons residing outside the city and county claiming the benefit of this provision and who are not engaged on such utility work outside of the limits of the city and county shall be allowed a reasonable time, not exceeding one year, to become residents of the city and county.

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor shall be eight hours, to be completed within ten consecutive hours; there shall be one day of rest in each week of seven days; all labor performed in excess of eight hours in any one day, or six days in any one week, shall be paid for at the rate of time and one-half.

Conductors and motormen may be assigned to duty as bus operators

and, while assigned to such duty, they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service.

Positions and employments in the municipal airport, which airport by this charter is placed under the jurisdiction of the public utilities commission, shall be continued and the employees thereof shall, subject to the approval of the commission, be appointed by and hold office at the pleasure of the manager of utilities. See Digest—*Francis v. Leavy*, p. 134; *Archer v. Civil Service Commission*, p. 136.

#### Communication.

The following communication from the Civil Service Commission was read by the Clerk:

October 10, 1938.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: There is before your Honorable Board today a proposed amendment to Section 125 of the Charter, dealing with the assignment of motormen and conductors to duty as bus operators in the Municipal Railway.

We have discussed this matter at length with Mr. Foley, the representative of the Carmen's Union, and have advised him that in our opinion the proposed amendment will not work out satisfactorily either from the point of view of the railroad management or the Civil Service Commission. Mr. Foley has agreed to accept a modification of the proposed amendment as it has been presented and, if the Board of Supervisors will also accept the modification, the amendment will then be acceptable to the Civil Service Commission. We are further advised by Mr. Cahill, Manager of Utilities, that the modification proposed by the Civil Service Commission will put the amendment in such form that it will meet with his approval.

We, therefore, ask your Honorable Board to consider the following proposed amendment:

"Conductors and motormen may be assigned to duty as bus operators and while assigned to such duty they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service, subject to a qualifying test by the railroad management as to competency and to State law as to qualifications and licensing."

As we said above, Mr. Foley has agreed to accept this language in lieu of the provision before your Board and this modification will put the amendment in such form as to meet with the approval of both the Manager of Utilities and the Civil Service Commission.

Very truly yours,

CIVIL SERVICE COMMISSION,

By W. L. Henderson, Personnel Director.

#### Amendment Accepted.

Thereupon, Supervisor McSheehy requested that the suggested amendment be incorporated in and made part of proposed Charter amendment.

No objection and so ordered.

#### Action Deferred.

Whereupon, at the request of Supervisor Uhl, action on the following proposed Charter amendment, as amended, was postponed until October 17, 1938:

**CHARTER AMENDMENT No. ....**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 125 thereof, relating to employees engaged in public utility work, to provide for assignment of platform men of the municipal railway to duty as bus operators at the salary fixed for bus operators and without loss of seniority.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the..... Election to be held on the.....day of....., 1938, a proposal to amend Section 125 of the Charter, relating to employees engaged in public utility work, to read as follows:

**EMPLOYMENTS**

Section 125. All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall become employees of the public utilities commission under the classification held by each such employee at such time. All persons employed in the operating service of any public utility hereafter acquired by the city and county at the time the same is taken over by the city and county, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to such positions, under, and entitled to all the benefits of, the civil service provisions of this charter; provided, however, that no person who is not a citizen of the United States shall be so continued in or appointed to his position. All persons residing outside the city and county claiming the benefit of this provision and who are not engaged on such utility work outside of the limits of the city and county shall be allowed a reasonable time, not exceeding one year, to become residents of the city and county.

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor shall be eight hours, to be completed within ten consecutive hours; there shall be one day of rest in each week of seven days; all labor performed in excess of eight hours in any one day, or six days in any one week, shall be paid for at the rate of time and one-half.

Conductors and motormen may be assigned to duty as bus operators and while assigned to such duty they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service, subject to a qualifying test by the railroad management as to competency and to state law as to qualifications and licensing.

Positions and employments in the municipal airport, which airport by this charter is placed under the jurisdiction of the public utilities commission, shall be continued and the employees thereof shall, subject to the approval of the commission, be appointed by and hold office at the pleasure of the manager of utilities. See Digest—*Francis v. Leavy*, p. 134; *Archer v. Civil Service Commission*, p. 136.

**Proposed Acquisition of Market Street Railway.**

(Code No. 15.091)

The following matter, from the Public Utilities Committee without recommendation, was taken up:

Resolution No. 4284, as follows:

Declaring and determining that public interest and necessity demand the acquisition of all properties of the Market Street Railway and the replacement of said properties by motor buses, all designed to afford the best transportation possible to the people of the City and County of San Francisco, and that the cost thereof is and will be too great to be paid out of the ordinary annual income of said City and County.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that all public interest and necessity demand the acquisition of all properties of the Market Street Railway and the substitution of motor buses in their place, and the repairs of streets within the rails and on both sides of the rails of said company, the establishment of, and the equipping and maintenance of shops, and general railway headquarters, and that the estimated cost of said improvements is all and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements as described in Section 1 hereof is the sum of \$15,000,000. From said sum of \$15,000,000 not more than \$5,392,180 shall be used for the purchase of the properties of the Market Street Railway as assessed by the State Board of Equalization for the years of 1937, 1938 and 1939:

Land .....	\$ 851,240
Improvements .....	2,561,120
Tangible Personal Property .....	1,979,820
<hr/>	
Total.....	\$5,392,180

all in the City and County of San Francisco; and the sum of \$9,607,820 for the purchase of 720 buses.

Section 3. It is hereby determined and declared that of this said sum of \$15,000,000 no part can be paid out of the ordinary annual income or revenue of the City and County of San Francisco in addition to the other necessary expenses thereof or other funds derived from taxes levied for the purpose, and will require the incurring of a bonded debt in the amount of \$15,000,000.

**Tabled.**

Supervisor McSheehy read an article from the San Francisco Examiner of October 10, 1938, relating to resolution presented by him to provide for the acquisition of Market Street Railway properties, and after brief comment thereon moved that the foregoing resolution, presented by him on October 3, 1938, referred by the Board to the Public Utilities Committee, and returned to the Board by that committee without recommendation, be tabled.

Motion seconded by Supervisor Mead and *unanimously carried.*

**Adopted.**

The following recommendation of the Public Buildings, Lands and City Planning Committee was taken up:

**Fixing Date for Hearing of Appeal From Decision of City Planning Commission, Rezoning of Northwesterly Corner of Davis and Pacific Streets.**

(Code No. 13.02)

Resolution No. 4297, as follows:

**Inviting Roy G. Owens of Los Angeles to Meet with Board and Various City Officials to Explain \$30 Weekly Pension Plan.**

(Code No. 5.35)

Supervisor McSheehy presented:

Resolution No. 4299, as follows:

Whereas, the adoption of the \$30 weekly pension plan will seriously affect, for better or worse, the conduct of all public business, and it is a very complicated and technical constitutional amendment containing 45 sections, under which our financial officials will have to operate, and which may place additional burdens on our City government, concerning which this Board of Supervisors ought to be informed; and

Whereas, the proponent of the plan, Roy G. Owens of Los Angeles, is the only person competent to explain its provisions; now, therefore, be it

Resolved, That this Board invite Mr. Owens to meet with this Board and the Assessor, Tax Collector, Treasurer, Controller and City Attorney and explain the operation of the proposed plan at a special meeting to be held.

Resolved, That the Record Book marked AX, statement of votes polled at the special election held in the City and County of San Francisco on September 27, 1938, be and the same is hereby constituted the record of the official canvass of the special election for eight bond propositions and one Charter amendment, and that said statement shows the total number of votes cast in the City and County of San Francisco and the number cast in each voting precinct thereof, and also the number of votes cast in favor of each of the propositions referred to and the number of votes cast against each proposition referred to; and be it

Further Resolved, That at said special election held September 27, 1938, the total number of votes cast on School Bonds, incurring a bonded debt in the sum of \$2,800,000, known as Proposition No. 4, was 143,997; of said total number of votes so cast 101,292 were cast in favor of said proposition, and 42,705 were cast against said proposition for the issuance of said School Bonds.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**German Day Celebration.**

Communications from the Maritime Federation of the Pacific, requesting the privilege of the floor for a delegation from that organization to explain the sentiments of the members of the organization relative to the participation by members of the Board and the Mayor at a meeting held on Sunday, October 2, 1938, at California Hall, was read by the Clerk.

Before the requested privilege of the floor was granted the following communications from his Honor the Mayor were read by the Clerk:

October 10, 1938.

To the Honorable the Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I have received a copy of a letter addressed to your Honorable Board by the San Francisco Bay Area District Council No. 2—Maritime Federation of the Pacific. I note therein the request that your Honorable President urge me to attend this afternoon's meeting of the Board of Supervisors.

Please be informed that I would be very happy to attend this session except for the fact that my calendar for this afternoon is filled with previously made engagements.

However, in order that no misunderstanding may ensue I am quite certain that I could not demonstrate my feelings in this matter in any clearer manner than that indicated by the two wires, copies of which I enclose. You will note that one is from the president of the International Longshoremen's Warehousemen's Union, Local 1-10, and the other is my answer to the same.

I respectfully request that both the original telegram and the answer be read to the members of your Board and made a part of the records of the proceedings of this session.

Respectfully,

ANGELO J. ROSSI, Mayor.

Honorable Angelo J. Rossi, Mayor, City Hall.

This Union protests vigorously action of police in arresting and clubbing pickets California Hall Sunday. We demand their release while entire world sympathizes with Czechoslovakia pro Nazi Germans in San Francisco celebrating Hitler's victory. Your presence at their celebration and brutal action of police definitely shows your sympathy lies with fascist aggressors.

HENRY SCHMIDT,  
President ILWU Local 1-10.

The following is the Mayor's reply to the above telegram:

Mr. Henry Schmidt, President International Longshoremen's Union, 27 Clay Street, San Francisco.

As far as I am concerned the guilt or innocence of those arrested by police at California Hall Sunday will be decided by the courts. German-Americans in San Francisco have been celebrating German Day for possibly more than sixty years. I have attended these occasions innumerable times. Yesterday's meeting had no more significance than those of the past. I am willing herein to affirm that those who attended yesterday are more loyal Americans than your friends who picketed them.

ANGELO J. ROSSI, Mayor.

**Privilege of the Floor.**

Henry Schmidt, president of Maritime Federation of the Pacific, was granted the privilege of the floor on motion by Supervisor Mead. Mr. Schmidt protested against the Mayor and members of the Board of

Supervisors attending such meetings as that held at California Hall on Sunday, October 2, 1938.

Supervisor Uhl read an extract from the "People's World" wherein it was stated that he arose and gave the "Nazi" salute. In reply, Supervisor Uhl read his letter, addressed to the editor of the "People's World" denying that he made any such salute. He stated further that he was absolutely opposed to any bund proposition in San Francisco, the State of California or in the United States. When he attended the meeting he had no idea that anything of the sort would come forward, and whoever made the statement that he gave a salute to Hitler made a grievous error.

Supervisor McSheehy stated that he was ready to make an affidavit that Supervisor Uhl did not stand up and make any kind of salute. He stated that he had attended the German Day celebration for many years, and he had thought it was to have been the same type of celebration. Subsequently, on being questioned Supervisor McSheehy stated that he did not stand up and give any kind of salute.

Supervisor Meyer stated that he had attended the celebration, and could confirm Supervisor Uhl's statement.

Supervisor Schmidt stated that he, too, could testify that Supervisor Uhl had not given any Nazi salute. He further stated that he believed that all members of the Board who had been present went there with the idea of celebrating the first settlement in this country by the Germans, some 250 years ago.

**Approving and Endorsing Program of Joint Highway District No. 9 for Financing Lobitas to Lake Lucerne Unit of Ocean Shore Highway.**

(Code No. 12.05)

Supervisor Reilly presented:

Resolution No. 4300, as follows:

Whereas, the Directors of Highway District No. 9 adopted the following resolution:

"Resolution No. 71 of Joint Highway District No. 9 of the State of California adopting a program for financing the Lobitas to Lake Lucerne unit of the Ocean Shore boulevard, and declaring intention to assess the counties comprising this district for the same.

"Whereas, a reconnaissance report of a unit of the Ocean Shore Highway between Lobitas and Lake Lucerne was received by the Directors of Joint Highway District No. 9 from the engineers of the State Highway Commission on May 23, 1938; and

"Whereas, this report shows a location for a portion of said Ocean Shore Highway 11.7 miles in length, estimated total cost of which is \$1,106,000; and

"Whereas, the Chairman of the State Highway Commission, Hon. R. H. Judah, has personally assured the Directors of this District that the State of California would consider favorably budgeting a contribution of a sum sufficient to defray the cost of one-half of the said project on condition that the counties comprising this district approve and endorse this four-year program; and

"Whereas, the Board of Directors has considered said report and together with the State Highway Representative have tentatively fixed the cost of this project at \$1,000,000; and

"Whereas, it is found that Santa Cruz County, on account of its limitation of the five-cent rate per \$100 on the assessed valuation of property will be unable to raise any sum greater than \$16,000 per annum;

"Now, therefore, Be It Resolved, That the following program be and the same is hereby adopted.

"Resolved, That the Board of Directors of Joint Highway District

No. 9 hereby declare their intention to assess the counties comprising this district as follows on the following pro rata:

"Santa Cruz County (13 1/3%), \$16,000 annually for four successive years.

"San Mateo County (31 2/3%), \$38,000 annually for four successive years.

"City and County of San Francisco (55%), \$66,000 annually for four successive years.

"Be It Further Resolved, That said above proposed intended assessments of the counties comprising this district will be payable only on condition that the State of California contribute the balance required for the construction of this project, to-wit: Approximately \$520,000.

"And Be It Further Resolved, That the secretary shall certify to this resolution and transmit certified copies to the Boards of Supervisors of the Counties of Santa Cruz, San Mateo and San Francisco, and that said counties be requested to approve and endorse the above program by proper resolution.

"Adopted: July 22, 1938.

"Ayes: Ratto, Hatch and Ley.

"Noes: None.

"JOHN M. RATTO.

"ALVIN S. HATCH.

"GEO. N. LEY."

Whereas, allocations by the State Highway Commission of a sum sufficient to defray one-half of the cost of said project is conditioned on the approval of the program involved by all of the counties comprising this district; and

Whereas, the County of Santa Cruz and the County of San Mateo have expressed their approval of the plan for financing the project; and

Whereas, it would be to the best interests of San Francisco to have this project completed; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby approve and endorse the program above outlined and proposed by Joint Highway District No. 9; and be it

Further Resolved, That San Francisco's approval and endorsement of the above-mentioned program is conditioned upon an agreement on the part of all the parties concerned that in the event the State of California or any of the participating counties in Joint Highway District No. 9 shall make application for and receive a P.W.A. grant from the Federal Government or any of its agencies, in connection with this project, such grant shall be apportioned among the various contributing agencies to Joint Highway No. 9 in the same ratio as the State of California and the Counties of Santa Cruz, San Mateo and San Francisco are intended and required to contribute under the terms of this resolution.

#### Privilege of the Floor.

Supervisor Hatch from San Mateo County was granted the privilege of the floor and urged the adoption of the foregoing resolution. Mr. William D. Coughlin, representative of the Associated General Contractors, opposed its adoption.

#### Motion.

Supervisor Colman questioned the legality of allocating future receipts from a particular fund for a specific purpose, and the right of a highway district to levy a tax against counties comprising the district, and moved that the matter be re-referred to the Finance Committee and the City Attorney be requested to furnish an opinion on these various points. Motion seconded by Supervisor Brown.

#### Re-reference to Finance Committee.

Thereupon, after brief discussion, the entire matter was *re-referred*

to the Finance Committee and the opinion of the City Attorney requested on the following questions: 1. Can the Board of Supervisors allocate future receipts from the County Road Fund for a specific purpose? 2. Has Joint Highway District No. 9 any right to levy taxes against San Francisco for such a purpose? 3. Just what would our obligations be upon the passage of the said resolution?

### Report of Executive Committee of the Committee on Traffic and Transportation.

The following communication from his Honor the Mayor was read by the Clerk:

October 10, 1938.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am enclosing herewith for your information copy of letter dated October 8, 1938, from the Executive Committee of the Citizens' Traffic and Transportation Committee, appointed by me under authority of resolution of your Honorable Board.

Yours sincerely,

ANGELO J. ROSSI, Mayor.

### MILLS ESTATE INCORPORATED

Mills Building, San Francisco

October 8, 1938.

Mayor Angelo J. Rossi, City Hall, San Francisco, California.

Dear Mayor: At a meeting in your office on Thursday, September 29, last, you asked the Executive Committee of the Committee on Traffic and Transportation if they would

1. Undertake negotiations for purchase of the Market Street Railway,
2. Study previous traffic reports,
3. Advise employing an engineer and necessary staff to assist in this study, the cost to be met out of the emergency fund.

Before taking up these specific points, we think it advisable to review the situation to date. As you know, the Committee, last May, submitted a program that was adopted in June by the Board of Supervisors, on the recommendation of a group of City officials, headed by you and meeting under your direction. That program was as follows:

"(1) To carry out a comprehensive traffic and transportation program providing San Francisco with modern mass transportation, increased pedestrian safety and a free flow of traffic with a minimum of congestion, the committee recommends the submission of a Charter Amendment, setting up a traffic and transportation commission, free to function without political influence or bias. (Necessary provisions of such amendment were specified.)

"(2) Because next year is San Francisco's Exposition year, it is proposed that the entire job be divided into two phases: a pre-Exposition period, during which such steps would be inaugurated that could be completed prior to the opening of the Exposition in February; a post-Exposition period during which the major construction activities would be undertaken, leaving the City free of such disturbances during the period of the Exposition.

#### *"The Pre-Exposition Program.*

"The major objectives in the pre-Exposition program would be as follows:

"(a) Improvement of street car services, elimination of duplicating and obsolete lines, by agreement or otherwise, and such other steps as might be accomplished within the limited time allowed.

"(b) Recommendation of an overhead pedestrian way from San Francisco Bay Bridge rail terminal (Plan X) to the north side of

Market street to facilitate the safe and expeditious handling of an estimated traffic flow of 28,000,000 people annually. (Subsequently transferred to the Post-Exposition Program by the Supervisors.)

"(c) The codification of traffic ordinances and the submission of new ordinances designed to give greater flexibility of traffic, free streets of congestion and promote traffic safety.

"(d) Synchronization of existing traffic signals, during this pre-Exposition period, in an effort to step up traffic movement and clearing them of all obstructions.

"(e) Establishment of parking area on The Embarcadero to provide necessary facilities during the Exposition year.

"(f) Consideration and recommendation of one-way streets.

"(g) The establishment of a traffic school for the training of police in the latest technique of handling traffic."

Of this program, the first part, the Charter Amendment to create a Traffic Commission, was submitted to the people and, on September 27th, was voted down—due, we believe, to a state of confusion in the public mind between the two transit issues on the ballot. As far as we know, little or no action has been taken to put into effect the other objectives of the program. It is probable that, even if action should be initiated at this time on the "pre-Exposition" part of the program, this could not be completely carried out before the Exposition opens next February, but the need to start these improvements remains.

As to your specific questions of September 29th:

1. With regard to our Committee undertaking negotiations to purchase the Market Street Railway, it is our opinion, on the basis of the vote cast on September 27th, that this is not regarded by the citizens as vital at this time. Less than 50 per cent voted. Of these, about 89,000 voted against the purchase, less than 50,000 in favor (and nearly 11,000 who went to the polls did not vote on the proposition). A "Yes" vote of 178,000 would have been required to overcome the negative vote that was cast.

We see no basis for negotiations by a lay committee such as ours as you request, unless fortified by technical studies and expert advice. We contemplate that expert advice would be secured, on this and all other parts of the whole traffic and transportation problem of the City, through the machinery proposed by the Committee, and embodied in the Traffic Commission Charter Amendment.

2 and 3. Answering your suggestion (2) that we make a survey of previous reports, (3) employing an engineer and necessary staff, the City to provide funds therefor from the emergency fund, we beg to remind you that it was the original hope of this Committee when appointed by you, to make such surveys and studies, raising the funds therefor from public-spirited citizens. After many consultations with Charles H. Purcell, who, in our opinion, had the experience and standing that we wanted in the person appointed to take charge of this work, we realized that the program involved was so extensive that the cost of such work would be beyond our ability to finance by subscriptions from private individuals. Our Committee considered all previous reports and surveys that had been made dealing with the traffic and transit problems of the City. We were forced to the conclusion that most of the data in surveys made prior to the opening of the bridges is obsolete. The other surveys and reports deal with separate parts of what, in our opinion, is a single problem requiring study and consideration as a whole. Accordingly, the Charter Amendment providing for a Traffic Commission was evolved to provide the necessary funds and to cover the entire scope of the studies required.

It is our belief that the best step toward a unified solution of the City's traffic and transit problems as a whole would be to resubmit the Charter Amendment at a special election which we understand may be called early in 1939, primarily for the purpose of voting on the \$55,-

000,000 Power Revenue Bond Charter Amendment. We believe that if such amendment is submitted to the voters, uncomplicated by the inclusion of any other traffic or transportation issue on the same ballot, it will be adopted. If 5,300 voters had voted differently on the Charter Amendment it would have carried. From the discussion which individual members of our Committee have had with many citizens and officials it is clear that the voters were confused at the September 27th election by the inclusion of the Market Street Railway purchase and rehabilitation issue on the same ballot with the Traffic Commission Charter Amendment. If this amendment should be resubmitted, as we suggest, we trust that a similar complication will not again arise. We believe that any piece-meal solution of the City's traffic problems, before we have information dealing with all of the problems as a whole, will be wasteful and largely unsatisfactory.

We believe that it would be poor policy to attempt to operate through an interim committee prior to the resubmittal of the Charter Amendment.

Assuring you of the desire of all the members of this Committee to co-operate fully with you in all reasonable efforts to solve our transit and traffic problems, I am,

Sincerely yours,

EXECUTIVE COMMITTEE OF CITIZENS'  
TRAFFIC AND TRANSPORTATION COMMITTEE.

(Signed) C. D. O'SULLIVAN, Chairman.

*Copies ordered sent to all members of the Board.*

#### Submission of Arguments on Declaration of Policy.

Supervisor Uhl moved that the Board authorize submission of arguments in favor of declaration of policy to be known as Propositions Nos. 4 and 5, at the general election, November 8, 1938, regarding the purchase of the Market Street Railway and the substitution of buses for street cars.

#### Amendment to Motion.

Supervisor Roncovieri moved as an amendment to the original motion, that the Public Utilities Commission be requested to prepare a counter argument to be sent to the voters, stating that he would have no objection to the original motion if the maker would not object to a similar statement being prepared by the Public Utilities Commission, opposing the declarations of policy, for submission to the voters.

Thereupon, Supervisor Uhl agreed to accept Supervisor Roncovieri's amendment as a part of his original motion.

#### Objection.

Supervisor Colman objected, stating that he wanted an opinion from the City Attorney as to the legality of expenditure for such a purpose, and the right of the Board to present both sides of a question or to pay for such presentation.

#### Motion Carried.

Thereupon, the roll was called and the foregoing motion was *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor Colman—1.

Absent—Supervisors Brown, Ratto—2.

#### ADJOURNMENT.

There being no further business, the Board, at the hour of 5:00 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors October 17, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Reilly—2.

Quorum present.

President Shannon presiding.

Supervisor Brown was noted present at 2:25 p. m.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of August 26, 1938, and October 10, 1938, were considered read and approved.

## SPECIAL ORDER—2 P. M.

**Abolishment of Set-Back Lines Easterly Side of Castenada Avenue, at Ventura Avenue, 15 Feet.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1846, dated September 1, 1938, abolishing set-back lines on the easterly side of Castenada avenue, commencing at Ventura avenue, and running thence southerly 200 feet more or less, being all of lots 1, 2, 3, 4, 5 and  $\frac{1}{2}$  of 6, in Assessor's Block 2819, said set-back line being 15 feet.

## Appeal Withdrawn.

Mr. Long, representing the appellants, and Mr. Ringole, for the respondents, announced that an agreement had been reached respecting the above matter, and requested, on behalf of their clients, that the Board permit the appeal to be withdrawn.

No objection and *so ordered*.

## SPECIAL ORDER—2:30 P. M.

**Rezoning of Gore Corner of St. Mary's Avenue, Cuvier Street and Bernal Cut.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1845, dated September 1, 1938, denying application to rezone from Second Residential District to Light Industrial District, property located at the Gore Corner of St. Mary's avenue, Cuvier street and Bernal cut.

**Privilege of the Floor.**

A. N. Cheleden represented the appellant, R. E. Olsen, and urged that the decision of the City Planning Commission be disapproved.

Ernest T. Hall represented the respondents.

Mark Jorgensen presented the views of the City Planning Commission.

**Appeal Denied.**

At the conclusion of the presentation by appellant and respondents, the following resolution, disapproving the decision of the City Planning Commission, was presented by the Committee on Public Buildings, Lands and City Planning, and *refused adoption* by the following vote:

**Disapproving Decision of City Planning Commission in Denying Application to Rezone From Second Residential District to Light Industrial District, Property Located at Gore Corner of St. Mary's Avenue, Cuvier Street and Bernal Cut.**

(Code No. 13.02)

Resolution No. 4317, as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 1845, dated September 1, 1938, in denying application to rezone property located at the gore corner of St. Mary's avenue, Cuvier street and Bernal cut, from Second Residential District to Light Industrial District, is hereby disapproved.

Ayes—Supervisors Mead, Meyer, Ratto—3.

Noes—Brown, Colman, Roncovieri, Schmidt, Shannon, Uhl—6.

Absent—Supervisors McSheehy, Reilly—2.

**SPECIAL ORDER—3 P. M.****Hearing of Appeal, Rezoning of Northwestern Corner of Davis and Pacific Streets.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1844, dated September 1, 1938, granting application to rezone from Light Industrial District to Heavy Industrial District, property located at the northwesterly corner of Davis and Pacific streets.

**Request for Postponement.**

Supervisor Ratto informed the Board that owners of property adjacent to that for which a change of zone classification is sought were requesting that consideration of the appeal be postponed for one week.

**Privilege of the Floor.**

Thereupon, F. M. McAuliffe, attorney, representing the respondent, Bissinger & Co., stated that he had no objection to continuance of consideration for one week, but requested that Walter S. Mangold of the Department of Public Health, University of California, assistant to Carl Meyer, be permitted to make a statement of his investigation of the plant of the respondent and of the surrounding area, respecting odors and the absorption of odors by food products. No objection being made, the privilege of the floor was so granted. At the request of the Board, Mr. McAuliffe agreed that copies of Mr. Mangold's report, together with copies of telegrams on the subject of absorption of odors, would be sent to Dr. Geiger, Director of Public Health, and to members of the Board.

**Postponement.**

Thereupon, Supervisor Uhl, seconded by Supervisor Meyer, moved that matter remain on the Calendar and be made a Special Order of Business for Monday, October 24, 1938, at 2:30 p. m.

No objection and *so ordered*.

## UNFINISHED BUSINESS.

## Final Passage.

**Cancellation of Proposed Lease to James E. Colston and Repeal of Resolution No. 3534.**

(Code No. 12.1739)

Resolution No. 4311, as follows:

Whereas, on September 13, 1937, this Board adopted Resolution No. 3534, confirming a lease of certain City owned land at the corner of Fifteenth and Rhode Island streets, San Francisco, to James E. Colston; and

Whereas, James E. Colston paid the sum of \$600 to the Director of Property as a deposit in connection with this transaction, which is on deposit in the Realty Deposit Trust Fund; and

Whereas, the lessee has not executed said lease and has requested that the deposit of \$600 be returned to him; and

Whereas, there was no agreement that said deposit would be forfeited for failure to execute said lease; now, therefore, be it

Resolved, in accordance with the recommendation of the Director of Property, that the sum of \$65.72 be retained by the City to cover

the cost of advertising and the cost of the services of the Real Estate Department, and that the sum of \$534.28 be repaid to James E. Colston. The Controller is hereby authorized and directed to transfer \$15.72 to the General Fund to cover the cost of advertising and transfer \$50 to the Real Estate Department to cover the cost of its services in connection with the proposed leasing of this property, and prepare the necessary warrant in favor of James E. Colston in the amount of \$534.28.

Resolution No. 3534 hereinabove referred to is hereby repealed.

The following recommendation of Judiciary Committee was taken up:

**CHARTER AMENDMENT NO. ....**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 125 thereof, relating to employees engaged in public utility work, to provide for assignment of platform men of the Municipal Railway to duty as bus operators at the salary fixed for bus operators and without loss of seniority.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the..... election to be held on the.....days of....., 1938, a proposal to amend Section 125 of the Charter, relating to employees engaged in public utility work, to read as follows:

**EMPLOYMENTS**

Section 125. All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall become employees of the public utilities commission under the classification held by each such employee at such time. All persons employed in the operating service of any public utility hereafter acquired by the city and county at the time the same is taken over by the city and county, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to such positions, under, and entitled to all the benefits of, the civil service provisions of this charter; provided, however, that no person who is not a citizen of the United States shall be so continued in or appointed to his position. All persons residing outside the city and county claiming the benefit of this provision and who are not engaged on such utility work outside of the limits of the city and county shall be allowed a reasonable time, not exceeding one year, to become residents of the city and county.

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor shall be eight hours, to be completed within ten consecutive hours; there shall be one day of rest in each week of seven days; all labor performed in excess of eight hours in any one day, or six days in any one week, shall be paid for at the rate of time and one-half.

Conductors and motormen may be assigned to duty as bus operators and while assigned to such duty they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service, subject to a qualifying test by the railroad management as to competency and to state law as to qualifications and licensing.

Positions and employments in the municipal airport, which airport by this charter is placed under the jurisdiction of the public utilities commission, shall be continued and the employees thereof shall, subject to the approval of the commission, be appointed by and hold office

at the pleasure of the manager of utilities. See Digest—*Francis v. Leavy*, p. 134; *Archer v. Civil Service Commission*, p. 136.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Report of Directors of Golden Gate Bridge and Highway District on Criticism by the Chamber of Commerce.**

The following statement was presented by Supervisor Brown:

"Last week I called attention of the Board of Supervisors to the situation which had been created by the criticism directed against the Golden Gate Bridge and Highway District by the San Francisco Chamber of Commerce and I advised the Board at that time that the response of the Golden Gate Bridge directors was being prepared and in due course submitted.

At last Thursday's meeting of the bridge board the report of the committee was approved and it was ordered that a copy of the response as approved should be sent to each member of the Board of Supervisors. I have checked with Mr. Colman who did not receive a copy and was wondering if other members of the Board had received this report. (It was developed that none of the members received this report.)

You will shortly receive it because they had been sent to each member of the Board of Supervisors. I suggest the Clerk be requested to check with the secretary of the bridge board to make sure that

copies are in the hands of each member of the Board of Supervisors before the week is up.

I recommend to the members of the Board of Supervisors that if they can find time, that they read this report in its entirety. It will take about an hour to read it and therefore I will not ask the Clerk to read it here. I would like, however, to read to you the conclusions which would take only a few minutes:

(Read Sections 1, 2, 3, 4 and 5 of the conclusion.)

This is the report of the committee appointed by the directors of the Golden Gate Bridge and Highway District, a report which was adopted by the Board as their official reply to the Chamber of Commerce. I again recommend to the members of the Board that when they receive copy of this report, they read it as there is much information in it and will ask that when this report as a whole is received by the Clerk, that it be made a part of the record.

GOLDEN GATE BRIDGE & HIGHWAY DISTRICT  
Box 99 Presidio Station San Francisco

October 13, 1938.

The Honorable Board of Directors, Golden Gate Bridge and Highway District, Toll Plaza, San Francisco, California.

Gentlemen: At the last meeting of the Board, held September 28, 1938, the undersigned were appointed a Special Committee to consider statements contained in the three documents released by the San Francisco Chamber of Commerce. These documents consisted of:

1. A report on the Golden Gate Bridge and Highway District on status and future outlook, dated August 10, 1938.
2. A report, supplemental to the above dated September 7, 1938.
3. A report by the Special Committee of the Chamber of Commerce, dated September 21, 1938.

We have analyzed the data furnished us by the General Manager and the Engineer, and facts furnished force us to report as follows:

Even if we assume the statements made in these three documents were prompted by sincere motives, we must then contend the investigation was superficial and the conclusions reached are not justified by the facts, and are correspondingly misleading.

Proof the Chamber made superficial examination is evidenced by the time consumed by the Chamber's investigator at the bridge site. A period of two or three hours was used by him in the District office most of which time was required to obtain copies of various reports which have been included in the Chamber's findings.

Amazingly, the report criticizes such matters as painting and maintenance of the Bridge District's properties! To properly support these contentions it would have been necessary for a competent engineer to devote several days' time examining the structure in order to ascertain conditions and to support the inference the structure is not being properly maintained, whereas no engineering inspection was made by the Chamber of Commerce as far as the Bridge Board is able to ascertain.

Likewise, it would have been necessary for an expert accountant to spend several days, not two or three hours, studying the accounting system and checking records of the Bridge District. All receipts and disbursements of the District since its inception have been regularly audited by the firm of Lester Herrick and Herrick, reputable public accountants. Why did the investigator not ask to examine the audit reports?

Our contention is further substantiated by a study of the statistics on which the Chamber has based its findings.

In the report of September 21, 1938, it is stated on page 1, paragraph 2, the San Francisco Chamber of Commerce gave its unqualified support to the proposed Golden Gate Bridge project on October 2, 1930. A review of this 1930 report reveals the inconsistency of the charges

now made in comparison with the attitude of the Chamber of Commerce on October 2, 1930, at which time it was stated by the Chamber:

"Because of the proposed bridge's advantages to San Francisco from the development point of view, the committee believes that it might be worth a tax subsidy to fund operating deficits for a few years if these should occur."

"The bridge will be in a good position to take care of additional traffic even in the event of rate reductions, as operating expenses do not take a corresponding rise, being fairly constant."

Within the last few days, however, the Chamber has seen fit to declaim through the columns of the press and raise a great hue and cry because it estimates a deficit during the second year of the bridge's operation of approximately \$56,000. The Chamber of Commerce endorsed this project with the full fore-knowledge, from its own investigation, it might not pay; therefore, they are now certainly in an inconsistent position in criticizing it because, in its opinion, it is not paying.

In the Chamber's report of 1930, 72½ cents is accepted as an average toll for each vehicle-crossing, while actually the average toll is now 46.29 cents. This reduction in toll, below the original estimates, has resulted in a saving to the bridge patrons of \$1,394,400 since the bridge was opened.

The following appears on the second page, first paragraph of the Chamber's report of September 21, 1938:

"The facts developed as a result of these studies, in the opinion of your committee, are convincing evidence that the Golden Gate Bridge and Highway District has been operated on an extravagant scale during the past fiscal year."

Upon what evidence does the Chamber make such a serious accusation? Apparently by comparing the cost of operation per vehicle on the Golden Gate Bridge with the cost of operation per vehicle on the San Francisco-Oakland Bay Bridge.

In the third paragraph on page 2 of its report, the Chamber points out the capital investment in the Bay Bridge is twice that invested in the Golden Gate Bridge, whereas the traffic on the Golden Gate Bridge was only 38.1 per cent of that on the Bay Bridge. This is merely a statement of the ratio of traffic to the amount of capital invested indicating that the Bay Bridge receives for each dollar invested, 1.3 times as much gross revenue as the Golden Gate Bridge. The report then proceeds to compare operating, repairs and depreciation charges on the two structures to the detriment of the Golden Gate Bridge after deducting the cost of toll collection and insurance on the grounds that the latter differ on account of local conditions. As a matter of fact, the only two costs that are remotely comparable are those of insurance and toll collectors since the number of toll collectors depends on the volume of traffic and the insurance on the value of the structure. In this case we find the base rates for insurance are as follows:

*Bay Bridge      Golden Gate Bridge*

Multi-risk Use and Occupancy....	40c	47c
Multi-risk Property Damage.....	40c	66 2/3c

The Board of Directors used every effort to get a rate comparable to that of the Bay Bridge but was informed by the underwriters' association that it would be impossible, as the underwriters, in considering this type of risk, consider the Golden Gate Bridge, for insurance purposes, a greater risk than the Bay Bridge, as the latter can be divided into five different sections whereas our liability is contained in one section and, also, we were in the market last.

The comparative cost of toll collection per vehicle-crossing on the two projects for the fiscal year ended June 30, 1938, was 1.2167 cents on the Golden Gate Bridge and 1.1391 cents on the Bay Bridge, according to the Chamber of Commerce figures.

The statement of the Chamber that the amount charged to operation, repairs and depreciation on the Golden Gate Bridge was 14.5 per cent above the amount for the Bay Bridge is not pertinent and supports in no manner their contention of extravagance, as will be shown in later paragraphs treating these general classifications, since the costs of these items on the two structures are not comparable. For example, let us examine the total operating expenditures of both structures:

The expenses of the San Francisco-Oakland Bay Bridge for the year July 1, 1937 to June 30, 1938, according to the Chamber's report, totaled \$457,141.12. The expenses of the Golden Gate Bridge for the same period totaled \$395,564.03.

The total operating cost to the Golden Gate Bridge includes an item of \$49,800 for depreciation and deferred maintenance. Since this money was not actually expended but is a reserve for replacements, it should be deducted from the total of \$395,564.03 before a comparison of the two projects can be made. Likewise, although the insurance premiums paid on the Bay Bridge represented a larger amount than on the Golden Gate Bridge, its insurance is obtained at a lower rate. Therefore, the cost of insurance should also be deducted before comparison is made. With such deduction made, we find the expenses for the two organizations for the period July 1, 1937 to June 30, 1938 to be:

Golden Gate Bridge.....	\$262,746.56
Bay Bridge .....	345,541.12

The cost of maintenance on the Golden Gate Bridge is higher in proportion because of the more severe climatic exposure and the original difference in the treatment of the steel before painting which had not been anticipated in Mr. Strauss' report of 1930.

In the fourth paragraph on page 2, the Chamber, in referring to Mr. Reed's budget of April 14, 1937, indicates clearly it did not, or would not analyze the items of that budget for if they had done so, they would readily have seen Mr. Reed's budget did not include any allowance for insurance, depreciation, or advertising, the total of the items omitted being \$180,000. Furthermore, Mr. Reed omitted other items of necessary expense which, if added to the budget prepared by him, would amount to \$50,000 more than the budget set up by the Bridge District for the fiscal year 1937-38. The items omitted and underestimated by Mr. Reed in April, 1937, are listed in the table below:

General Manager Reed's budget April, 1937.....	\$250,000
Omitted altogether; included in present budget	
Insurance .....	\$84,000
Depreciation or Deferred Maintenance.....	79,400
Additions and Betterments.....	20,000
Compensation Insurance .....	20,000
Advertising .....	24,000
Total altogether omitted.....	227,400
Underestimated the following items:	
Toll Collection.....	\$ 2,000
Repairs and Painting.....	98,000
Operating Services, Lighting, Fire and Tow.....	20,000
Total Underestimated.....	120,000

Total of Reed Budget if all items had been included and properly estimated .....	\$597,400
Present District Budget.....	547,400
Difference .....	\$ 50,000

Variations between actual expenditures for the year 1937-38 and the budget of April 14, 1937, are explained in the Chamber's report of August 10, 1938, page 6. Does the Chamber also recommend that earthquakes and other perils (Insurance) be ignored as they have now recommended that wear and tear (Depreciation and Deferred Maintenance) be ignored? Does the Chamber contend that the expenditures of district funds to protect against ruthless ferry competition was "gross extravagance"? These three items, Insurance, Depreciation and Deferred Maintenance and Legal Expense, in connection with the ferry hearings, more than account for the difference between the April 14, 1937 budget and the actual expenditures incurred.

It should be explained further that the \$250,000 budget of April 14, 1937, included *no* provision whatever for Depreciation and Deferred Maintenance, contrary to statements made on pages 5 and 6 of the Chamber's report of August 10, 1938.

Likewise, in the same paragraph, a comparison with Mr. Strauss' 1930 report is also obviously impossible since Mr. Strauss did not have the cost of insurance and other essential items included in his estimate. When the latter items are added, it will be found Mr. Strauss' estimated budget approximates very closely the Bridge District's budget for the present fiscal year. It should also be noted Mr. Strauss' estimate of the cost of painting per year, is \$92,000 which is within 8 per cent of the item for painting included in the budget for the present fiscal year.

Mr. Strauss, not having the insurance rates at his disposal, underestimated the cost of insurance, omitted the items of depreciation, bond service, fire and tow service and underestimated the necessary costs of advertising, lighting and heating. Contrary to the statement of the Chamber's report, Mr. Strauss did include in his 1930 budget an item of \$8,000 for publicity, printing, etc. In the current budget of the District, the Directors in their wisdom increased this amount to \$24,000 of which \$8,000 is being spent in the World's Fair Editions of the local newspapers and \$15,000 is paid to the Redwood Empire Association for their good offices in attracting traffic to the bridge from all parts of the world. The Redwood Empire Association was selected for the reason that it had already set up the machinery for effective distribution of advertising matter through travel agencies throughout the world. In addition, the Redwood Empire Association more than matches, dollar-for-dollar, the appropriation of the bridge, and utilizes this sum in excess of \$30,000, in the distribution of literature, in the maintenance of commissioners at certain strategic points, who are actively engaged in promoting and directing travel to the bridge, and in various other ways. No business depending on the patronage of the general public can expect to receive the full volume of business it deserves without the medium of advertising. This is a well-recognized principle of good business management and we challenge the Chamber to point out better mediums for this advertising than the newspapers and their own Redwood Empire Association. When Mr. Strauss' estimated budget has been augmented by the items of insurance and advertising, on which he was lacking the information, we find that his estimate for Administration and General Expense of \$141,000 should be increased to \$184,600 as against \$190,560 for comparable items in the present District budget, or within 3 per cent.

Mr. Strauss' estimate of Operating and Repair expenses omitted a certain necessary work such as pavement maintenance, compensation insurance, toll equipment maintenance and other items which were not anticipated when his estimate was compiled. The principal items of the Strauss estimate, disregarding those necessary items of expense for which he did not provide, are close to those of our present budget with the single exception of the cost of lighting.

The reports of August 10th and September 7th of the Chamber of Commerce, indicate an utter disregard of facts; as a result of this,

comparisons of figures have been made which are not at all comparable.

In the second paragraph of page 2 of the Chamber's report, a great deal of stress has been laid, and a comparison made upon the operating cost per vehicle-crossing on the San Francisco-Oakland Bay Bridge and on the Golden Gate Bridge. It is apparent such comparison means nothing and does not, in any way, substantiate the statements made in the reports to which we refer. The Chamber of Commerce bases its charge of extravagance, principally, upon comparison of operating cost per vehicle-crossing. Obviously, these figures are not comparable, since the vehicular traffic on the Bay Bridge is about 2.7 times that on the Golden Gate Bridge.

It is anticipated, however, that, during the latter half of the present fiscal year, and the first half of the next fiscal year, the volume of traffic will be greatly increased, due to the opening of the Golden Gate International Exposition. Such additional traffic will be handled without any material increase in cost to the District.

The Golden Gate Bridge could readily handle a practically unlimited number of vehicles per year without any increase in the major items of maintenance cost. About the only added expense would be for toll collection and maintenance of pavement.

The Chamber's report cites the per vehicle-crossing cost of the San Francisco-Oakland Bay Bridge as 5.2659c for the fiscal year 1937-38. If this vehicle-crossing cost were possible on the Golden Gate Bridge, and accepting the actual traffic of 3,300,000 vehicle-crossings in this fiscal year, it would permit an operating budget of only \$173,000.

After paying the lighting bill of \$18,000, the insurance premiums of \$84,000, the trustee's fee for bond service of \$7,600, the toll collectors' wages of \$42,000, there would be left the sum of \$21,400, with which to pay the cost of painting and other maintenance, navigation signals, office salaries and other costs. Any reasonable person must admit it is impossible to make any such reduction in the cost of operating the Golden Gate Bridge.

The cost of operation per vehicle-crossing, therefore, depends almost entirely upon the volume of traffic crossing the bridge. This is shown by a comparison of the operating costs on these various bridges:

	<i>Operating Cost per Vehicle in Cents</i>		
	1936	1935	1932
Port of New York Authority—All Crossings.....	13.75	13.9	11.5
George Washington Bridge.....	6.8	6.6	5.8
Arthur Kill Bridges.....	16.3	17.4	14.3
Bayonne Bridge .....	15.7	15.9	16.2
Delaware River Bridge.....	4.34	4.34	

Thus it can be seen the operating cost, per vehicle-crossing, is distinctly characteristic of each particular project, and varies greatly, not only for the different bridges, but also for each bridge from year to year inversely with the traffic. Moreover, systems of accounting differ greatly, some including depreciation, while others do not, and further, insurance rates show a wide spread, not only in different locations, but in the same vicinity, as is the case with the San Francisco Bay bridges.

A further exposition of the fallacy of "cost in cents per vehicle-crossing" is made in the tabulation below. All estimates used were either made or accepted by the San Francisco Chamber of Commerce and the anticipated "cost in cents per vehicle-crossing" are therefore obtained by merely expanding the tables prepared by the Chamber.

Adapted from Tables I-VIII, "Report of the Bridge Committee of the San Francisco Chamber of Commerce on the Results of their Investigation of the proposed Golden Gate Bridge. Report adopted by Board of Directors of the San Francisco Chamber of Commerce, October 2, 1930."

Bridge operating costs in cents per vehicle-crossing, based on Maxi-

imum expenditures of \$350,000 per year and on various proportions of total traffic using the bridge, i. e., 50 per cent, 70 per cent, 75 per cent, 80 per cent.

Year	Estimated				
	Total	50 per cent	70 per cent	75 per cent	80 per cent
1937	2,932,000	23.87	17.05	15.92	14.92
1938	3,107,000	22.53	16.09	15.02	14.08
1939	3,260,000	21.47	15.34	14.31	13.42
1940	3,427,000	20.43	14.59	13.62	12.77
1941	3,587,000	19.51	13.94	13.01	12.196
1942	3,750,000	18.67	13.33	12.44	11.666
1947	4,356,000	16.07	11.48	10.71	10.04
1955	5,076,000	13.79	9.85	9.18	8.62
1970	5,845,000	11.98	8.55	7.98	7.485

Several interesting facts are revealed by the table:

1. It was expected by the Chamber that "cost per vehicle-crossing" would vary widely from year to year, as shown by the estimate range of 23.87c to 14.92c for the year 1937, and the range of 11.98c to 7.485c for the year 1970. The intervening years were expected to vary in proportion between these limits.

2. Not until the year 1942 was a "cost per vehicle-crossing" as low as 11.9451c (the basic figure for the Golden Gate Bridge attack) expected to occur. Furthermore, it was anticipated that 1942 would be the *eighth* year of bridge operation. As a matter of fact, 1942 will be only the fifth year of bridge operation, due to unavoidable delays caused by unlooked-for problems in construction and the attacks by interests inimical to the bridge, which resulted in protracted court proceedings.

3. At no time up to 1970 did the Chamber anticipate that the "cost per vehicle-crossing" would be *less than* 7.485c. Contrast this with the Chamber's figures of 4.6517c and 5.2659c for the Bay Bridge in its current report.

4. A glance at the table is sufficient to explode the Chamber's "cost per vehicle-crossing" theory. Only one positive, but extremely elementary rule can be proved—"if the total cost remains fixed, then the cost per vehicle will vary inversely with the number of vehicles."

5. The Chamber (in 1930) recognized the fact that operating costs *do not vary* with the traffic—witness from Tables I to VIII of the 1930 report that the operating cost remains fixed while the bridge is given successive allotments of 50 per cent, 70 per cent, 75 per cent and 80 per cent of a given total estimated traffic volume.

In the third paragraph of page 3, the Chamber passes lightly the efforts of the Bridge District to hasten the construction of highways leading to and from the bridge, and their improvement in adjacent counties. These factors have the greatest and most direct bearing on traffic and the income resulting therefrom. Highly improved approach roads are not only the best traffic stimulant, but they are also of the utmost convenience and comfort to the motoring public.

The much-needed Funston avenue approach to the bridge is now under construction and will, no doubt, be brought to an early completion.

The "bottle-neck" between San Rafael and the Ignacio Wye is broken by the reconstruction and realignment of the highway. The improved road over White's Hill is now completed and the Sears Point toll road is about to be acquired by the State of California.

The district has also endorsed the Lombard street tunnel project, and the widening of Lombard street.

A great deal of time and effort has been devoted to the extension of the Sausalito Lateral, to the end that this much-needed connection might be made. Notwithstanding the interest of the Bridge District in this extension, it is very apparent certain opposition exists which

must, if possible, be overcome. Some of this opposition is open and no doubt sincere; some of the opposition is under cover.

Also, in paragraph 3, page 3, the Chamber has seen fit to criticize the management of the Bridge District for the lack of spirited effort to encourage transportation for residents who are unable to use their own cars. The facts, however, do not confirm the report of the Chamber as a true statement. It is well known that the directors of the Bridge District, during the year 1937, granted a concession at a very low rate which would provide for this transportation. Unfortunately, the applicant for the concession was not able to take advantage of the privilege granted by the Bridge District. The district also secured from Lester S. Ready, Traffic Engineer, an exhaustive report on the possibilities of mass transportation between San Francisco and the Northern Counties. Mr. Ready reported that, in competition with the existing facilities, then in use, such a system would not pay. However, now there seems to be a change in that situation on which the Chamber of Commerce is apparently not informed. In fact, the outlook for this sort of traffic is unusually bright at the present time, for the Greyhound bus line, the Town of Mill Valley, and a new \$1,000,000-corporation in San Francisco are each endeavoring to promote new bus lines and extend the present facilities throughout Marin County. Furthermore, the district has now in effect very low rates for commuters, such rates having proven to be popular. The charges made by the Chamber so far as encouraging this transportation is concerned are denied. It is realized by the Bridge District, however, that wherever mass transportation is instituted there follows a decrease in revenue because many users of the bridge who formerly drove their own cars would use the new facility from which the bridge derives decreased revenue.

In the beginning of the fourth paragraph on page 3, of the September 21st report, the Chamber criticizes the administration costs of the Golden Gate Bridge on the grounds that they are more than three times those of the Bay Bridge, as measured by "cost in cents per vehicle-crossing." The Bay Bridge organization is a part of the Department of Public Works of the State of California, while the Golden Gate Bridge and Highway District is a separate entity being a quasi-municipal corporation operating under an act of the State Legislature. This act requires that the Bridge District, as set forth in the Chamber's report, must have a board of directors who shall appoint the officers of the district. Being a separate entity, the administration of the district must assume the duties in connection with the bond issue such as the handling of 70,000 coupons a year, the maintenance and construction of district properties, the purchasing of materials, the payment of bills and salaries, the determination of policies and the management of its own affairs. In other words, the administration of the district has a much broader scope than that of the Bay Bridge, which is a branch of the Department of Public Works. With the exception of those officers yet engaged in clearing up construction matters, the salaries paid are lower than in similar organizations elsewhere.

Two large items in the operating budget are painting and insurance. The question of insurance is a matter of policy. Who can guarantee to the taxpayers of the district that the bridge will not be seriously damaged in the years to come? Without insurance covering such a contingency, the taxable property contained within the district would suffer heavy penalties in case of severe loss.

The maintenance painting costs on the two structures are not comparable because of the difference of exposure and in the treatment of the steel (in the Bay Bridge) before the first coat of paint was applied. Anyone familiar with both locations knows there are many days when the Golden Gate Bridge is shrouded with fog while the Bay Bridge is not. Comparison of the construction records shows that work was frequently stopped because of wind and fog at the

Golden Gate, while similar operations on the Bay Bridge continued without interruption. Therefore, exposure of the steel at the Golden Gate is more rigorous. Even if weather conditions were equal, the same paint could not be expected to last as long on the Golden Gate Bridge because of the unusual care and treatment given the Bay Bridge steel before erection. We do not hesitate to state the painting of the Golden Gate Bridge is being done in a practical and economical manner.

The Bay Bridge steel was all cleaned by sandblasting before any paint was applied. This treatment removed not only the oil and dirt, but also the mill scale from the surface steel. On the Golden Gate Bridge steel only the ordinary methods of wire brushing were used to clean it. This method of cleaning the steel did not result in removing all the mill scale. It has been found that this remaining mill scale is breaking loose from the metal, and rust is forming under the paint film. Our present painting troubles are caused almost entirely by the peeling-off of mill scale. Repainting is required in advance of the time when the paint film would be expected to break down from the outside. It will be some time before this loosening of mill scale ceases, but thereafter we will be able to apply our priming coat directly to the steel over all the surfaces. This condition is not a new one discovered since the bridge has been in operation. It was pointed out to the board of directors during the construction that, at a cost of approximately \$375,000, the steel for the Golden Gate Bridge could be sandblasted. The directors, however, felt that this additional expenditure was not warranted because of the limited funds available for construction. That their decision was wise is borne out by the fact that the net amount remaining in the Construction Fund is considerably less than the cost that would have been incurred by this sandblasting operation. May we cite certain incidents which occurred during the construction period:

In December, 1934, the district agreed to pay McClintic-Marshall Corporation the sum of \$23,897 for cleaning and repainting the steel of both main towers. At a later date, December 21, 1935, the district agreed to pay the contractor \$18,000 for changing the paint material, cleaning and repainting both main towers, in addition to conceding them the right to apply parts of the field coats in the shop at a substantial saving in the cost of application.

Further, on June 9, 1937, Mr. Strauss reports as follows: \* \* \*

Due to the severity of exposure and the long period of construction, the undercoats of paint applied by the Bethlehem Steel Company require an extraordinary amount of retouching in order to put them in condition which we consider necessary for applying the final paint coat. \* \* \*

On the recommendation of Mr. Strauss, the district agreed to pay one-half the cost of this maintenance painting on the underside of the floor of the bridge. The district approved the recommendation made by Mr. Strauss and this painting was done at a cost to the Bridge District of \$53,315.13.

Thus we find that before the bridge was completed, or any cars crossed it, and in addition to the paint maintenance required of the contractor by his contract, the district had paid for maintenance painting the sum of \$95,212. This demonstrates conclusively that the cost of painting has nothing to do with the traffic flow across the bridge. Failure of the paint caused by the action of the elements was ever present regardless of the number of automobiles using the bridge. The cost of repainting is a function of the exposed surface of the steel, bearing no relation to the volume of traffic.

In the third paragraph of page 4, the statement is made by the Chamber that painting could be done more economically by men on a monthly basis rather than on a per diem basis. The monthly scale of wages in civil service ratings is based on the number of days per week a painter can ordinarily work. At the Golden Gate Bridge these days

are fewer than any other place in San Francisco because fog and wind are more prevalent. The monthly rate would then be lower and the result would be that we would have to employ workmen who could not fill the higher paid jobs elsewhere. Under our present system of per diem wage scale at the established rate we are competitive with private industry for the services of the best workmen. Thus we are able to secure the best mechanics and maintain the efficiency of a staff equal to that of private painting contractors.

The greatest difficulty in the painting of the Golden Gate Bridge is to find time when weather conditions will permit painting. We must therefore have a flexible organization permitting the employment of a large number of men when painting can be done with a corresponding reduction of the force when weather conditions are unfavorable. Weather reports indicate that there are only 13 working days per month when painting can be done on the Golden Gate Bridge. On a civil service basis the men would receive \$142 per month as compared to \$175 per month which they receive on the Bay Bridge. What chance would we have of securing competent mechanics to work under more adverse weather conditions at lower rates of pay?

As an example of economies effected in maintenance costs, early last year the district installed traveling platforms under the suspended structure and fixed platforms around the towers as an aid to painting and a safeguard to the workmen. The cost of these facilities was \$57,847. Besides saving a rigging cost of \$100 per day, we are also saving the difference between \$28 and \$11.12 per \$100 payroll on our compensation insurance for men employed on these scaffolds.

We have checked our costs of cleaning and painting with those of the various contractors employed during construction and find we are doing the work cheaper than did the contractors. At the top of page 4 of the Chamber's report of September 21, 1938, they point to the expense of the Secretary's office as an illustration of deliberately increasing budget amounts or extravagance. Completely ignored is the fact that during the fiscal year 1937-38, the Secretary acted also as General Manager for a period, during which there was no salary paid him out of the Secretary's budgeted amount.

The \$3,600 item set up in the Engineer's estimate of 1930 was for a Secretary's salary only, and in fixing this amount at the time there was nothing by which those preparing the estimate could be guided in arriving at a reasonable determination of this salary; therefore the sum of \$3,600 was arbitrarily fixed without relation to the activities of this officer as now carried on, and it is to be noted that immediately following this item is another entitled "Clerical force \$5,000," and there is nothing to indicate if this amount or any portion thereof is to be charged to the Secretary.

Attention is invited to the fact that the 1930 statement does not make any specific provision for purchasing. During the entire life of the district, the Secretary has acted as purchasing agent.

Also during the construction period, there was maintained a public relations department, and the employee carrying on that work received a salary of \$250 per month. There was also another district employee in charge of the District's News Bureau, who received \$165 per month. These separate departments have now been abolished, the employees released, and the work formerly done by them has fallen upon the Secretary. The amount budgeted for the Secretary includes also the salaries of his office staff.

The amount of \$3,600 estimated by the Engineer in 1930 could not take care of the scope of work now handled by the Secretary's office.

Conservatism in the 1930 report is evidenced not only in estimating the expenditures but also the traffic, 2,142,920 estimated against 3,300,000 actual.

In the last paragraph on page 3 of the Chamber's report, it is stated:

"The employment of an Engineer and a Manager is a duplication."

The employment of an Engineer and a Manager is no duplication. Even if we pass over the requirement of the law that these are separate offices, it by no means follows that one man should hold both positions. An engineer is naturally solicitous for the growth and development of bridge facilities, but a manager's chief function is to see that economy is practiced and that expenses do not exceed revenues. The Manager and the Engineer, with a very small amount of clerical help to do *all* of the work of their respective departments.

Their compensation for the two departments is far below the budget estimate made by Mr. Strauss in his 1930 report.

For instance, the Strauss report budgeted for the Manager \$12,000 per year. In September of 1937 this salary which had theretofore been paid was reduced to \$7,500 per year. The Strauss report budgeted for the Engineer and for Engineering expense \$25,000 per year with \$3,000 more for maintenance engineers, or a total of \$28,000. In September, 1937, the Directors fixed the salary of the Engineer at \$7,200 per year so that now the two offices cost the District about \$14,700 plus a small amount of additional cost for clerical help.

At the time the Chamber endorsed this project in 1930, the salary of the Manager was \$25,000 per year.

In the second paragraph on Page 4 of their report, the accumulation of funds by the Directors to meet replacement of facilities when worn out is criticized by the Chamber as unnecessary if the Bridge were properly maintained. It must be remembered that these items, whatever their amount, do not represent expenditures but represent reserves and are held in the form of cash in a special bank account and hence may be classified as thrift rather than extravagance. As to their necessity, the Board of Directors is constituted the legal judge and the wisdom of the Chamber in suggesting that this reserve be dispensed with is hereby challenged. It must be remembered that replacements need be made only when any particular unit has become so worn as to be useless. This applies especially to machinery, equipment, pavement, etc.

The Act creating the District, as well as sound business practice, demand that we establish a fund which will be increased each year thereby providing for the replacement of depreciable portions of the property.

It is a foregone conclusion that major replacements of equipment and major repairs of portions of the structure will be necessary long before the bonded indebtedness of the District has been discharged. In all fairness, the Board of Directors of the District should be highly commended for its judgment and foresight in recognizing that the property depreciates from day to day. No amount of daily repairs can postpone indefinitely the day when it will become more economical to make extensive replacements.

The Chamber has recommended that the Golden Gate Bridge and Highway District enter into an agreement with the Department of Public Works of the State of California whereby the latter take over the management of the Bridge and Highway District and maintain it out of tolls, the District making up any deficit should any such deficit occur. This cannot be effected without a change in the law and possibly in the Constitution of the State. The Golden Gate Bridge and Highway District is a quasi-municipal corporation having certain responsibilities and duties prescribed by law with an exact statement in the law as to who shall exercise the various duties which it now performs. In the present state of the law, the Board of Directors, the General Manager, the Engineer and the various officers have duties which are prescribed by the Golden Gate Bridge and Highway District Act and these officers have no power to make a contract with the Department of Public Works of the State of California, whereby these officers shall be relieved of the duties imposed upon them so that the recommendation is one which probably could not legally take place.

The Chamber has stated that both Bridges, handled under a single

directing unit, would effect an estimated saving of \$150,000 to \$200,000 annually. No detailed information is given as to how this sum of money would be saved. Such a statement is preposterous, for if we were to eliminate the entire cost of administration of the Golden Gate Bridge and Highway District, including the Board of Directors, the Manager, the Engineer, the Secretary, the Auditor, the Attorney, together with their office staff, no such saving would be possible. This would also assume that no additional cost of administration or increase in personnel would be required by the directing unit of the Bay Bridge in order to take over the management of the affairs of the Golden Gate Bridge and Highway District, which is a ridiculous assumption.

The Golden Gate Bridge and Highway District, being an independent political subdivision of the State of California, does not receive any financial aid or service from the State. The burden of expense has to be met entirely from the revenues of the District, or in the event of a deficit, such deficiency must be met by levying a tax on the taxable property of the District.

Not the least accomplishment of the Board of Directors during the past year, has been the elimination of competition by the Hyde Street-Sausalito Ferry Line. It is true that this litigation involved the District in extra expense which was charged to the Legal Department but the results amply justify the expenditures because immediately upon the discontinuance of the Ferry above noted, the revenue of the District was increased by about \$900 a day so that the cost of the litigation was returned to the District in twenty days. It is a curious coincidence that the activities of the Committee of the Chamber of Commerce followed closely on the heels of the Railroad Commission's decision against the Southern Pacific Golden Gate Ferries.

Evidently the Committee of the Chamber of Commerce prefers to remain anonymous as their findings are unsigned, but in spite of this subterfuge we know that the Chairman of this Committee is the same individual who is at present vigorously opposing the construction of the extension of the Sausalito Lateral. The Chamber of Commerce Committee was appointed in June, 1938, when the Golden Gate Bridge was in the midst of a rate war with the Southern Pacific Golden Gate Ferries which struggle was before the Railroad Commission. The August 10th portion of their report was issued shortly after the Bridge District had won its point before the Railroad Commission and almost coincidental to the period when the District was trying to secure participation of the Town of Sausalito in the construction of the Lateral Extension which project is so bitterly opposed by the Chairman of the Chamber of Commerce Committee. The report appears slightly in advance of the time when a majority of the Board of Directors of the Bridge District come up for reappointment. From the above it is obvious that the findings of the Committee are politically inspired as a move to prevent the continuance in office of the men whose efforts have succeeded in constructing the Golden Gate Bridge in spite of the private interests which have fought the Bridge from its inception. These same interests are now evidently seeking to destroy the usefulness of this great structure to the public by retarding the extension of approach roads, by raising toll rates on trucks in order to create demand for a return of the ferries and by lowering toll rates on buses in order to permit a further extension of their controlled subsidiary.

Your Committee concludes as follows:

1. The report of the Chamber of Commerce, criticizing the present management of the Golden Gate Bridge, is hastily and inaccurately drawn, contains many misstatements and completely overlooks other facts which should be mentioned. We cannot concede that the Chamber has been able to substantiate any valid complaint against the Bridge District management or its Board of Directors.

2. The Chamber of Commerce, in its deliberations on the Bridge

proposal, in 1930, was well-aware that the Bridge faced a possibility, if not a probability, of several years of unprofitable operations yet, nevertheless, recommended the bond issue. In the report of the Special Committee of the Chamber of Commerce at that time, are many statements which definitely indicate the feeling of the Chamber of Commerce. The fact that the Bridge, receiving an average toll of 46.29 cents, has been able to so nearly approach a profitable operation, in the face of the indication in the Chamber's report that a 72.5-cent average toll would be necessary to produce this result, is the best evidence possible that the management of the Bridge has been properly conducted.

3. The Chamber completely overlooked in its report the undeniable fact that the improvement in U. S. 101 northward from the Bridge, the acceptance of Sears Point Toll Road by the State and the making of it toll-free, and the opening of the Funston Avenue Approach to the south, will unquestionably sufficiently stimulate traffic to permit the Bridge to operate at a profit in future years. When to this is added the normal increase in traffic which the Chamber of Commerce, itself, anticipated in the above mentioned report of 1930, it is our conclusion that the Chamber of Commerce report is not only unnecessarily alarmist in its attitude, but ill-timed and ill-considered in the light of the facts developed above.

4. Far from approaching the time at which a tax levy might become necessary, the Bridge District, had, on July 1, 1938, a surplus of \$726,530.18. Even if we take the Chamber's present estimate of loss of \$56,000 per year as a constant, it would be more than twelve years before taxation would become necessary. Taking the Chamber's own table of natural increases (Committee report, 1930), in far less time than that, the Bridge will be on a paying basis.

5. We deplore the fact that the Chamber of Commerce saw fit to try its case against the Golden Gate Bridge Directors in the newspapers, instead of approaching the Directors in a man-to-man fashion and requesting a discussion of their various fears. It is our earnest hope that, should the Chamber have criticisms in the future which may be better founded on fact than their present complaints, they will see fit to take up such complaints with the Bridge Directors, at their regular meetings, instead of bringing discredit on the Chamber itself by releasing to the newspapers information of dubious authenticity, over the Chamber's signature.

Respectfully submitted,

SPECIAL COMMITTEE OF THE GOLDEN  
GATE BRIDGE AND HIGHWAY DISTRICT.

**Approving and Endorsing Program of Joint Highway District No.  
9 for Financing Lobitas to Lake Lucerne Unit of Ocean Shore  
Highway.**

Supervisor Roncovieri presented, for the Finance Committee, resolution approving and endorsing program of Joint Highway District No. 9 for financing Lobitas to Lake Lucerne Unit of Ocean Shore Highway.

**Opinion From City Attorney.**

The City Attorney, in reply to questions previously asked, stated that the Board of Supervisors could allocate future receipts from the County Road Fund for a specific purpose. He answered, regarding Joint Highway District's right to levy taxes against San Francisco, that the District did not have that right. As to the binding effect the

proposed legislation would have on future Boards of Supervisors, the City Attorney stated, that the proposed resolution, as drafted, was merely an approval or endorsement of a proposed program, and could not, as written, bind any future Board.

### Adopted.

Thereupon, the following resolution was adopted by the following vote:

### Approving and Endorsing Program of Joint Highway District No. 9 for Financing Lobitas to Lake Lucerne Unit of Ocean Shore Highway.

(Code No. 12.05)

Resolution No. 4300, as follows:

Whereas, the Directors of Highway District No. 9 adopted the following resolution:

"Resolution No. 71 of Joint Highway District No. 9 of the State of California adopting a program for financing the Lobitas to Lake Lucerne unit of the Ocean Shore boulevard, and declaring intention to assess the counties comprising this district for the same.

"Whereas, a reconnaissance report of a unit of the Ocean Shore Highway between Lobitas and Lake Lucerne was received by the Directors of Joint Highway District No. 9 from the engineers of the State Highway Commission on May 23, 1938; and

"Whereas, this report shows a location for a portion of said Ocean Shore Highway 11.7 miles in length, estimated total cost of which is \$1,106,000; and

"Whereas, the Chairman of the State Highway Commission, Hon. R. H. Judah, has personally assured the Directors of this District that the State of California would consider favorably budgeting a contribution of a sum sufficient to defray the cost of one-half of the said project on condition that the counties comprising this district approve and endorse this four-year program; and

"Whereas, the Board of Directors has considered said report and together with the State Highway Representative have tentatively fixed the cost of this project at \$1,000,000; and

"Whereas, it is found that Santa Cruz County, on account of its limitation of the five-cent rate per \$100 on the assessed valuation of property will be unable to raise any sum greater than \$16,000 per annum;

"Now, therefore, Be It Resolved, That the following program be and the same is hereby adopted.

"Resolved, That the Board of Directors of Joint Highway District No. 9 hereby declare their intention to assess the counties comprising this district as follows on the following pro rata:

"Santa Cruz County (13 1/3%), \$16,000 annually for four successive years.

"San Mateo County (31 2/3%), \$38,000 annually for four successive years.

"City and County of San Francisco (55%), \$66,000 annually for four successive years.

"Be It Further Resolved, That said above proposed intended assessments of the counties comprising this district will be payable only on condition that the State of California contribute the balance required for the construction of this project, to-wit: Approximately \$520,000.

"And Be It Further Resolved, That the secretary shall certify to this resolution and transmit certified copies to the Boards of Supervisors of the Counties of Santa Cruz, San Mateo and San Francisco, and that

said counties be requested to approve and endorse the above program by proper resolution.

"Adopted: July 22, 1938.

"Ayes: Ratto, Hatch and Ley.

"Noes: None.

"JOHN M. RATTO.

"ALVIN S. HATCH.

"GEO. N. LEY."

Whereas, allocations by the State Highway Commission of a sum sufficient to defray one-half of the cost of said project is conditioned on the approval of the program involved by all of the counties comprising this district; and

Whereas, the County of Santa Cruz and the County of San Mateo have expressed their approval of the plan for financing the project; and

Whereas, it would be to the best interests of San Francisco to have this project completed; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco do hereby approve and endorse the program above outlined and proposed by Joint Highway District No. 9; and be it

Further Resolved, That San Francisco's approval and endorsement of the above-mentioned program is conditioned upon an agreement on the part of all the parties concerned that in the event the State of California or any of the participating counties in Joint Highway District No. 9 shall make application for and receive a P.W.A. grant from the Federal Government or any of its agencies, in connection with this project, such grant shall be apportioned among the various contributing agencies to Joint Highway No. 9 in the same ratio as the State of California and the Counties of Santa Cruz, San Mateo and San Francisco are intended and required to contribute under the terms of this resolution.

#### **Authorizing Sale of \$1,000,000 Tax Anticipation Notes.**

(Code No. 9.033)

The following recommendation of the Finance Committee was taken up:

Resolution No. 4321, as follows:

Whereas, Ordinance No. 9.03310, heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1939, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of one million (\$1,000,000) dollars; now, therefore, be it

Resolved, That the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of one million (\$1,000,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the amount of one million (\$1,000,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on October 24, 1938, and that said Tax Anticipation Notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to December 21, 1938.

## **Recommendations for Projects to Be Included in State Highway Commission's Budget for Biennium, 1939-1941.**

Supervisor Ratto presented the following:

October 15, 1938.

### *State Highway Funds Biennium 1939-41.*

The Honorable Board of Supervisors, City and County of San Francisco, San Francisco, California.

*Attention Finance Committee.*

Gentlemen:

Pursuant to a request of your Finance Committee, I am submitting a revised list of projects which I recommend for State Highway Budget consideration for the biennium 1939-41.

(Please refer to letter of City Engineer John J. Casey, dated September 29, 1938.)

Specific State Highway projects for inclusion in the 1939-41 biennial budget:

- (a) Route 68 Primary: Bay Shore Boulevard Divided Highway. Cost not known, as work is to be done by the State.
- (b) Route 56 Secondary: Joint Highway District No. 9, Ocean Shore Boulevard, Lobitas to Lake Lucerne Bridge—12.7 miles.  
Total estimated cost ..... \$1,000,000
- (c) Joint Highway District No. 10, Junipero Serra Boulevard Extension, Cypress Lawn to Sneath Road—2.95 miles.  
Total estimated cost..... 540,000

- (d) Route 56 Secondary: Nineteenth Avenue, unfinished portion, Lawton Street to Taraval Street—1.0 mile.  
Total estimated cost ..... 600,000
- (e) Route No. 2 Primary: Lombard Street, Van Ness Avenue to Richardson Avenue—1.1 miles.  
Total estimated cost..... 1,200,000

In explanation of project (a), the proposal of the State Highway Commission and the local division engineers to separate this highway by the construction of a center island to divide opposing traffic should be strongly supported at this time. For the most part, this refers to the portion of Bay Shore Boulevard in San Mateo County, which portion is dangerous, and there are continual head-on collisions involving citizens of San Francisco. It is, therefore, highly important that we should urge the conversion of this highway into a new type of divided highway at the earliest date possible.

Projects (b) and (c) are Joint Highway District projects of Districts Nos. 9 and 10, respectively, of which San Francisco is a member. Both these highway projects are very important to the City of San Francisco, and the State Highway Commission should give the Districts all the financial aid it possibly can to help construct these projects at an early date.

Projects (d) and (e) are both State highways within the City and County of San Francisco. They are of extreme importance as they connect with both the Golden Gate and Bay bridges, and they should be completed as soon as possible. (The citizens of San Francisco are continually demanding early completion.) The State should assist in financing both these needed projects.

I recommend that your Honorable Board approve the above recommendations, and that you address a communication to Mr. Earl Lee Kelly, Director of Public Works, Sacramento, requesting him to include funds for the above projects in the 1939-41 biennial budget.

Yours respectfully,

A. D. WILDER,

Director, Department of Public Works.

Approved:

JOHN J. CASEY,  
City Engineer.

#### Approval of Recommendations.

Supervisor Roncovieri moved that the Board of Supervisors of the City and County of San Francisco approve the recommendations of the Director of Public Works and that the Clerk so notify the authorities at Sacramento.

*Motion carried.*

#### Appointment of Committee to Attend Meeting of State Highway Commission, Sacramento, October 20, 1938.

At the suggestion of Supervisor Ratto, President Warren Shannon appointed the Streets Committee to represent the Board of Supervisors at the meeting of the State Highway Commission, in Sacramento, on October 20, 1938, at which time the Commission will consider specific State Highway projects for inclusion in the 1939-1941 biennial budget.

#### Salary Standardization—Per Diem Employees.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that the matter of salary standardization for per diem laborers be made a special order of business for Monday, October 24, 1938, at 3 p. m.

*No objection and so ordered.*

**Opinion From City Attorney.**

Supervisor Colman requested that the Board ask for an opinion from the City Attorney as to the legality of taking up the matter of salary standardization in part.

No objection and *so ordered*.

**Requesting Paving of Portion of Ocean Shore Highway Under the Jurisdiction of State Highway Commission.**

Supervisor Uhl moved that the Clerk be instructed to request that the State Highway Commission give attention to paving that section of the Ocean Shore Highway from the southerly end of the new highway to the beginning of the new road at Montara, in order to make it safe for traffic.

No objection and *so ordered*.

**Report From Bureau of Delinquent Revenue Collection.**

Report from I. A. Richardson, Director, Bureau of Delinquent Revenue Collection, was presented by the Clerk. Report covering the first quarter of the present fiscal year, ending September 30, 1938, shows a collection of \$48,550.40, an increase of \$10,158.32 over collections of the first quarter of the past fiscal year.

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 4:50 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, October 24, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 17, 1938, was considered read and approved.

## SPECIAL ORDER—2:30 P. M.

### Hearing of Appeal, Rezoning of Northwesterly Corner of Davis and Pacific Streets.

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1844, dated September 1, 1938, granting application to rezone from Light Industrial District to Heavy Industrial District, property located at the northwesterly corner of Davis and Pacific streets.

### Opinion from City Attorney.

At the request of Mr. Robert McGahie, Attorney, representing the appellants, for continuance of hearing of above matter one week, the City Attorney, after reviewing the action of the Board at its meeting of October 17, 1938, ruled that the hearing on appeal had commenced on October 17, 1938, and, therefore, must be concluded not later than October 27, 1938.

### Privilege of the Floor.

Mr. E. C. Easton was granted the privilege of the floor, following reading communication from North Central Improvement Association, opposing the rezoning of the northwesterly corner of Davis and Pacific streets. He discussed at length the objections of the North Central Improvement Association and urged that the decision of the City Planning Commission, in granting the rezoning of the property in question from Light Industrial to Heavy Industrial District be overruled.

Mr. Joseph A. Pritchard, representing Mrs. Herbert L. Rothschild, Mr. George Lagomarsino of the Colma Vegetable Association, Mr.

James Otis, representing the Whitcomb Estate; Mr. E. H. Jenanyan, representing the Planters Milk and Chocolate Company, and Mr. William F. Traverso, appearing as partner in the D. Traverso Grocery Company, urged that the decision of the City Planning Commission in granting the rezoning in question be overruled.

Mr. Robert McGahie summed up the case for the appellants.

Mr. F. M. McAuliffe, Attorney, represented the respondents. Mr. T. L. Smart, representing Swift & Co., owner of building on the corner of Pacific and Davis streets and Mr. M. S. McKenna, Freight Agent, Drum Street Station, Southern Pacific Company, presented testimony in behalf of respondents.

Mr. Paul Bissinger, of Bissinger & Co., presented at length the views of his company, the plans for the future and the reasons why rezoning of the corner in question had been asked.

### Communications.

The Clerk read communications from A. Giurlani & Bro., Dixon Flavor & Extract Co., Verleger & Gyscetti, Hotel Melba & Falstaff Bar, and from Growers Refrigeration Co., all in behalf of Bissinger & Company. A communication was read from Lloyd A. Myers, asking that his name be withdrawn from protest against proposed rezoning.

### In Hands of the Board.

All interested persons having been heard, the matter, on motion by Supervisor Uhl, was taken into the hands of the Board. Mr. Mark Jorgensen, representing the City Planning Commission, explained the Commission's views and the reason for the rezoning.

### Further Consideration Postponed.

Supervisor McSheehy, seconded by Supervisor Ratto, moved that when the Board adjourns, it does so to meet on Thursday, October 27, 1938, at 4 p. m., under call of the Board, for the purpose of considering further the appeal from the City Planning Commission by its Resolution No. 1844, granting application to rezone from Light Industrial District to Heavy Industrial District, property located at the north-westerly corner of Davis and Pacific streets.

Motion carried by the following vote:

Ayes—Supervisors Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Mead, Reilly—3.

### Sale \$1,000,000 of Tax Anticipation Notes—3 P. M.

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.03310, in the amount of one million dollars (\$1,000,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, October 24, 1938, and were opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of one million dollars (\$1,000,000) in denominations of ten thousand dollars (\$10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1938, and issued under authority of Ordinance No. 9.03310 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1938-1939 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1938-1939 in which said money represented by said notes respectively shall be borrowed and shall be repaid from

the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes of said fiscal year 1938-1939 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to December 21, 1938. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any or all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashier's check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars (\$10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff & Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

This notice is given pursuant to direction of Resolution No. 4321 of the Board of Supervisors, adopted Monday, October 17, 1938.

#### Bids.

The following bids were received, opened, read and *referred to the Finance Committee*:

American Trust Company, by L. H. Empey, Assistant Cashier. For the one million dollars (\$1,000,000) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed Notice of Sale, we hereby bid you par, plus a premium of one dollar (\$1); said Notes to be in the denomination of ten thousand dollars (\$10,000) each and to be dated as of the day of delivery; said Notes to bear interest at the rate of thirty-five hundredths of one per centum (.35%) per annum, said interest to be paid at maturity of said Notes (December 21, 1938).

The First Boston Corporation, D. H. McCarthy, Municipal Department. For all but not for any part of \$1,000,000 par value City and County of San Francisco Tax Anticipation Notes maturing December 21, 1938, we will pay \$1,000,000 for Notes to bear interest at the rate of forty-nine one-hundredths of one per cent (.49 of 1%) per annum, interest to be computed on the basis of three hundred and sixty-five (365) days per year.

Weeden & Co., by Vernon Kimball. We will pay you par and accrued interest to date of delivery for \$1,000,000 par value of Tax Anticipation Notes of the City and County of San Francisco to bear interest at the rate of five-eighths of one per cent (.625%) per annum.

These notes are as described in your notice of sale, to be due and payable on December 21, 1938, and to be accompanied with the approving legal opinion of Messrs. Orrick, Dahlquist, Neff and Herrington.

Bankamerica Company, by A. K. Browne. For the \$1,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as described in your regular printed notice of sale, we hereby bid you par and accrued interest to the date of delivery.

The Notes above bid for are more particularly described as follows: \$1,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, California; of the denomination of \$10,000 each; said Notes to be dated as of the day of delivery thereof and to be payable to bearer on December 21, 1938; said Notes to bear interest at the rate of sixty hundredths of one per centum per annum, said interest to be paid at the maturity of said Notes.

#### Adopted.

Subsequently during the proceedings, the Finance Committee presented the following resolution, which was *adopted* by the following vote:

#### Sale of \$1,000,000 Tax Anticipation Notes.

(Code No. 9.033)

Resolution No. 4332, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.03310 that sealed proposals for the purchase of one million (\$1,000,000) dollars Tax Anticipation Notes of the City and County of San Francisco would be received up to the hour of 3 o'clock p. m. on Monday, October 24, 1938; and

Whereas, four bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore, be it

Resolved, That the bid of American Trust Company, being the best bid offered, is hereby accepted, to-wit:

"For the one million dollars (\$1,000,000) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed Notice of Sale, we hereby bid you par, plus a premium of one dollar (\$1); said Notes to be in the denomination of ten thousand dollars (\$10,000) each and to be dated as of the day of delivery; said Notes to bear interest at the rate of thirty-five hundredths of one per centum (.35%) per annum, said interest to be paid at maturity of said Notes (December 21, 1938).

"The above bid is made with the understanding that, if successful, we shall be furnished, at no expense to ourselves, the unqualified opinion of Messrs. Orrick, Dahlquist, Neff, and Herrington, attorneys-at-law, San Francisco, California, approving in all respects the legality of the above described Notes.

"As evidence of our good faith, we hand you herewith a Cashier's Check for ten thousand dollars (\$10,000) with the understanding that this check is to be applied as part payment if our bid is accepted, otherwise it is to be promptly returned to us."

"Respectfully submitted, American Trust Company, by L. H. Empey, Assistant Cashier."

The Clerk is directed to return the checks to the unsuccessful bidders.

*Adopted* by the following vote:

**Providing for Five-Day Working Week for Municipal Employees on Monthly Compensation, Where Practical, Without Additional Employments or Expense to City and County.**

(Codé No. 4.051)

Also, Bill No. 1594, Ordinance No. 4.0511, as follows:

Providing that appointing officers may, in their discretion, arrange the total number of hours to be worked by their several employees whose compensation is fixed on a monthly basis so that the number of hours required of said employees may be worked within five days when the same can be done without increasing the number of employees in said department or causing additional expense to the City.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Appointing officers may, in their discretion, so arrange the total number of hours of work required each week for those employees in their respective departments or offices who are paid on the basis of a fixed monthly compensation, so that, when possible, said required total number of hours of work may be rendered within five days; provided such arrangement shall cause: no need for additional employments; no additional expense to the City and County; no diminution in employee production; no curtailment of service to the public; no reduction in the total number of hours of service per week required of each employee. Heads of departments in submitting the time and payrolls for their respective departments to the Controller and to the Civil Service Commission shall by appropriate notation thereon indicate those employees whose services have been arranged on a five-day week basis, as provided in this ordinance.

Section 2. When, in the judgment of the appointing officer, the arrangement of hours provided for in Section 1 hereof, would require additional employments, or cause additional expense to the City and County, or diminution in employee production, or curtailment of service to the public, or reduction in the total number of hours of service per week required of each employee in any department, office, bureau, or employment, he shall forthwith suspend such arrangement in such department, office, bureau or employment. The Civil Service Commission shall have power to suspend any of the provisions of this ordinance when it shall determine that such provisions are detrimental to the public service.

**Denying Petition of the Market Street Railway Company to Discontinue Operation of Its Street Railway Line on Castro Street From Eighteenth Street to Twenty-sixth Street.**

(Code No. 15.091)

The following recommendation of Public Utilities Committee was taken up:

Resolution No. 4330, as follows:

Resolved, That the petition of the Market Street Railway Company for permission to discontinue the operation of its street railway line along and upon Castro street, from Eighteenth street to Twenty-sixth street, be and the same is hereby denied.

**Privilege of the Floor.**

Mr. L. V. Newton, representing the Market Street Railway Company was granted the privilege of the floor, and stated the position of the company. In reply to questioning by Supervisor Uhl, Mr. Newton stated that undoubtedly the company would, as suggested by Assistant City Attorney Holm, from time to time request permission to discontinue the operation of street railway lines that were losing money.

City Attorney O'Toole answered Mr. Newton, stating that the City Attorney's office does not dictate policy, and that Mr. Holm did not mention the Castro street line. His statement was, that if the company felt it was losing money on a particular line, the remedy was to make application to abandon it.

**Consideration Continued.**

Supervisor Uhl, seconded by Supervisor McSheehy, moved that the matter remain on the Calendar until Thursday, October 27, after the conclusion of the hearing on rezoning of the northwesterly corner of Pacific and Davis streets.

*So ordered.*

**Adopted.**

The following recommendation of Exposition Affairs and Commercial and Industrial Development Committee was taken up:

**Franchise Tax, Market Street Railway.**

The Clerk presented communication from the Controller, calling attention to the failure of the Market Street Railway to make payment of franchise tax due the City and County of San Francisco pursuant to the terms of Ordinance No. 15.0919.

A second communication was received from the Controller, transmitting check for \$46,065.71, amount of franchise tax due on May 2, 1938, and paid on October 21, 1938.

*Referred to Finance and Public Utilities Committee and City Attorney.*

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 5:45 p. m., adjourned to meet on Thursday, October 27, 1938, at 4 p. m.

DAVID A. BARRY, Clerk.

**THURSDAY, OCTOBER 27, 1938, 4 P. M.**

The Board of Supervisors met in adjourned meeting.

**CALLING THE ROLL.**

The roll was called and the following supervisors were noted present: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Quorum present.

President Shannon presiding.

**Motion to Take Up Matter of Discontinuance of Operation of Castro Street Railway Line Ruled Out of Order.**

Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Board take up the matter of petition of the Market Street Railway Company to discontinue operation of its street railway line on Castro street from Eighteenth street to Twenty-sixth street.

Chair ruled motion *out of order*.

**Hearing of Appeal, Rezoning of Northwesterly Corner of Davis and Pacific Streets.**

Hearing of appeal from decision of City Planning Commission by its Resolution No. 1844, dated September 1, 1938, granting application to rezone from Light Industrial District to Heavy Industrial District, property located at the northwesterly corner of Davis and Pacific streets.

**Privilege of the Floor.**

On motion by Supervisor McSheehy, both appellants and respondents were allowed ten minutes to review briefly their previous presentations. Mr. Robert J. McGahie and Mr. Prahl appeared for the appellants; Mr. Paul Bissinger and Mr. F. M. McAuliffe represented the respondents. Mr. Mark Jorgensen represented the City Planning Commission.

Supervisor Uhl, his request for the privilege of the floor for Mr. Jenanyan, Manager of the Planters Nut and Chocolate Company, being

denied, restated briefly arguments previously presented by Mr. Jenan-yan. Mr. Uhl also read letters from the Western Pacific Company and from the Atchison, Topeka and Santa Fe Railroad Company, outlining their rules and practice regarding shipments of hides in less than carload lots, indicating the practice was not to ship hides in same cars with certain food products. Mr. Uhl further opposed the rezoning.

Supervisors Ratto and McSheehy in brief statements, opposed the rezoning in question. Supervisors Colman and Roncovieri, urged that the City Planning Commission be sustained and the rezoning be allowed.

#### Refused Adoption.

Thereupon, the roll was called and the following resolution, presented by the Public Buildings, Lands and City Planning Committee, was *refused adoption* by the following vote:

**Disapproving Decision of City Planning Commission Granting Application to Rezone Northwesterly Corner of Davis and Pacific Streets from Light Industrial District to Heavy Industrial District.**

(Code No. 13.02)

Resolution No. 4338, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1844, dated September 1, 1938, granting application to rezone from Light Industrial to Heavy Industrial District, property located at the northwesterly corner of Davis and Pacific streets, is hereby disapproved.

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Uhl—7.

Noes—Supervisors Colman, Roncovieri, Shannon—3.

Absent—Supervisor Brown—1.

#### Discontinuance of Operation of Castro Street Line of Market Street Railway Company.

The recommendation of the Public Utilities Committee that the petition of the Market Street Railway Company for permission to discontinue the operation of its street railway line on Castro street, between Eighteenth and Twenty-sixth streets, consideration of which was continued from October 24, 1938, was taken up.

Supervisor Meyer reported on committee hearing on the foregoing matter.

#### Motion to Re-refer to Committee.

Supervisor Roncovieri, seconded by Supervisor Colman, moved that the foregoing resolution be re-referred to the Public Utilities Committee, with a request from the Board to the Market Street Railway Company that the company give the Board its entire program respecting abandonment of operation of lines, in order that the entire matter can be taken up as a whole.

Supervisor Colman spoke at length in favor of re-reference to committee. Supervisor McSheehy opposed any further public hearing of the matter.

#### Motion Failed.

Thereupon, the roll was called and the foregoing motion *failed* by the following vote:

Ayes—Supervisors Colman, Roncovieri—2.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—8.

Absent—Supervisor Brown—1.

### Privilege of the Floor.

On motion by Supervisor McSheehy, the privilege of the floor was granted Judge Hugh Smith, Mr. Joseph Osterloh, President of East and West of Castro Street Improvement, and John Brady, Deputy Superintendent, San Francisco School Department, who urged the petition be denied.

Mr. L. V. Newton, represented the Market Street Railway Company.

### Explanations of Votes.

Supervisor Uhl explained his vote saying, that while he recognized the seriousness of the situation, and was naturally sympathetic toward any corporation having financial difficulties, the service was there when the people built their homes, and he could not vote to abandon it, because he felt it to be absolutely necessary.

Supervisor Colman stated that he could not vote to discontinue transportation service in one part of the city without a study being made of the whole situation.

### Adopted.

Thereupon, the roll was called and the following resolution was adopted by the following vote:

**Denying Petition of the Market Street Railway Company to Discontinue Operation of Its Street Railway Line on Castro Street From Eighteenth Street to Twenty-sixth Street.**

(Code No. 15.091)

Resolution No. 4330, as follows:

Resolved, That the petition of the Market Street Railway Company for permission to discontinue the operation of its street railway line along and upon Castro street, from Eighteenth street to Twenty-sixth street, be and the same is hereby denied.

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Adopted.

The following resolution was presented by the Finance Committee.

**Acceptance of Offer of Federal Aid in School Building Construction.**

(Code No. 21.31)

Resolution No. 4339, as follows:

A resolution accepting the offer of the United States to the City and County of San Francisco to aid by way of grant in financing the construction of school buildings and of additions to and alterations of school buildings, including necessary equipment, the construction of athletic fields, the making of ground improvements and the acquisition of necessary lands.

Be it resolved by the Board of Supervisors of the City and County of San Francisco:

Section 1. That the offer of the United States of America to the City and County of San Francisco to aid by way of grant in financing the construction of school buildings and of additions to and alterations of school buildings, including necessary equipment, the construction of athletic fields, the making of ground improvements and the acquisition of necessary land, a copy of which offer reads as follows:

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

Quorum present.

President Shannon presiding

Supervisor Brown was noted present at 2:35 p. m.

Supervisor Roncovieri was excused at 3:35 p. m.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 24, 1938, was considered read and approved.

## SPECIAL ORDER—2:30 P M.

Salary standardization relating to per diem men. To be considered by the Board, sitting as a Committee of the Whole, pursuant to motion by Supervisor Uhl.

### Committee of the Whole.

On motion by Supervisor Uhl, the Board resolved itself into a Committee of the Whole, President Warren Shannon acting as chairman.

### Opinion of City Attorney.

In reply to questions by Supervisor Uhl, the City Attorney stated that the Civil Service Commission could make recommendation to the Board for partial standardization of salaries, i. e., the Commission could recommend standardization of salaries for any particular classification or classifications it desired, and the Board could then act on such recommendation. The City Attorney stated further, that the Board could call on the Civil Service Commission to make such recommendation noted above.

### Consideration Postponed.

On motion by Supervisor Uhl, further consideration was *postponed until Monday, November 14, 1938, at 2:30 p. m.*

**Authorizing Exchange of Land with City Title Insurance Company.**

(Code No. 12.1743)

Also, Bill No. 1737, Ordinance No. 12.17435, as follows:

Authorizing exchange of land with City Title Insurance Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City owned land hereinafter referred to as Parcel "A" to the City Title Insurance Company, in exchange for certain real property hereinafter referred to as Parcels 1 and 2.

Section 2. Said Parcel "A" is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17232, Bill No. 1685, approved by the Mayor of San Francisco on September 8, 1938, which parcel was proposed to be sold under the provisions of Ordinance No. 12.17232.

Section 3. The Director of Property has made an appraisal of said real property and estimates the value of Parcel "A" to be \$520 and the combined value of Parcels 1 and 2 to be \$500.

Section 4. Said Parcels 1 and 2 hereinbefore referred to are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

Parcel 1: Commencing at a point on the northeasterly line of Amherst street, distant thereon 25 feet northwesterly from the northwesterly line of Mansell street; running thence northwesterly along the northeasterly line of Amherst street 75 feet; thence at a right angle northeasterly 120 feet; thence at a right angle southeasterly 100 feet to a point on the northwesterly line of Mansell street; thence southwesterly along last named line 25 feet to a point distant thereon 95 feet northeasterly from the northeasterly line of Amherst street; thence at a right angle northwesterly 25 feet; thence at a right angle southwesterly 95 feet to the northeasterly line of Amherst street and the point of commencement.

Being a portion of Block No. 112, University Mound Tract Survey.

Parcel 2: Commencing at a point on the northeasterly line of Raymond avenue, distant thereon 100 feet northwesterly from the northwesterly line of Sawyer street; running thence northwesterly along the northeasterly line of Raymond avenue 25 feet; thence at a right angle northeasterly 100 feet; thence at a right angle southeasterly 25 feet; thence at a right angle southwesterly 100 feet to the northeasterly line of Raymond avenue and the point of commencement.

Being a portion of Block No. 4, Reis Tract.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to the City Title Insurance Company, or its assignee. The Director of Property shall deliver said conveyance to the grantee upon receipt of the necessary deed to Parcels 1 and 2 and the sum of \$20.00.

The Director of Property is hereby authorized to record the deed to the City and County of San Francisco.

#### **Appropriating \$3,000 From County Road Fund as San Francisco's Contribution Toward Oiling Streets in Hunter's Point District.**

(Code No. 9.051)

Also, Bill No. 1738, Ordinance No. 9.051519, as follows:

Appropriating \$3,000 from County Road Fund, being San Francisco's contribution toward the improvement of streets in Hunter's Point District by oiling. This work is to be prosecuted by the W. P. A.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,000 is hereby appropriated and set aside out of the County Road Fund, being San Francisco's contribution toward the improvement of streets in Hunter's Point District by oiling. This work is to be prosecuted by the W. P. A.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Opinion of City Attorney.

Subsequently, during the proceedings, the City Attorney rendered his opinion as to the legality of the foregoing ordinance, as follows:

October 31, 1938.

*In Re, Appropriation from County Road Fund for Oiling  
Non-Accepted Streets in Hunter's Point District.*

Dear Sirs: I have your letter under date of October 19th, which reads as follows:

"On motion of Supervisor Roncovieri, you are respectfully requested to furnish an opinion as to the legality of the following ordinance:

"'Appropriating \$3,000 from County Road Fund as San Francisco's Contribution toward Oiling Streets in Hunter's Point District.

(Code No. 9.051)

"'Bill No. 1738, Ordinance No. 9.051519, as follows:

"'Appropriating \$3,000 from County Road Fund, being San Francisco's contribution toward the improvement of streets in Hunter's Point District by oiling. This work is to be prosecuted by the W.P.A.

"'Be it ordained by the People of the City and County of San Francisco, as follows:

"'Section 1. The sum of \$3,000 is hereby appropriated and set aside out of the County Road Fund, being San Francisco's contribution toward the improvement of streets in Hunter's Point District by oiling. This work is to be prosecuted by the W.P.A.'"

Further investigation of the matter provides the additional fact that this particular work is recommended by the Board of Supervisors in order to prevent damage to certain preliminary street work which has already been performed on the streets in this district at the expense of the property owners and the expense of the City, and that at the present time the value of the property fronting upon these streets or in the district in which they are situated, is such that they will not bear additional assessments for further improvements.

I further understand that this work has not been recommended by the Director of Public Works and that no supplemental appropriation has been recommended as provided by the Charter for the purpose of doing the work in question.

### *Opinion.*

In view of the foregoing, we must approach the matter, not only from the point as to the right of the City to expend its money for the improvement of these non-accepted streets but also as to whether the budgetary procedure provided in the Charter has been followed in the instant case.

There is no question that a municipality has inherent power to protect its streets, even when they have not been accepted by the City as streets paved in accordance with the various ordinances. It is quite true that under our ordinances the City cannot ordinarily do the entire work for which the property might be liable but there is no question that, pending the doing of the entire work, it can protect streets that had existed and are being used by the public.

I understand that the appropriation asked for is to oil the streets which have been graded at the expense of the City and the property owners to the end that there will be no further damage by winter rains and run-off from the surrounding hills. I understand that this appropriation was instituted directly by the Board of Supervisors without any recommendation from the Department of Public Works.

This appropriation is in the nature of a supplemental appropriation for the amount was not included in the annual budget and appropria-

tion ordinance. As far as I have been advised, the expenditure has not been certified that funds are available for the purpose mentioned.

Your attention is directed to Section 86 of the Charter, which provides:

"No ordinance or resolution for the expenditure of money, except the annual appropriation ordinance, shall be passed by the Board of Supervisors unless the Controller first certify to such board that there is a sufficient unencumbered balance in a fund that may legally be used for such proposed expenditure. . . ."

The section further provides:

"No obligation involving the expenditure of money shall be incurred or authorized by any officer, employee, board or commission of the City and County unless the Controller first certify that there is a valid appropriation from which the expenditure may be made, . . ."

I understand that this certification has not been made as to the present appropriation.

However, in my opinion, if the matter were properly initiated—that is, on the recommendation of the Department of Public Works—and a surplus exists in the fund mentioned in your letter, an appropriation might be made to do the suggested work.

Your attention is directed to Section 80 of the Charter, which provides:

". . . provides, however, that any such surplus created in the fiscal year 1933-34, or created or existing in any subsequent fiscal year may be appropriated by the Board of Supervisors at the last meeting of such Board in any month, by means of an ordinance designated as a supplemental appropriation ordinance, on the recommendation of the chief administrative officer, or any board, commission or elective officer, respectively, and the approval and submission by the Mayor of a supplemental budget estimate or request, . . ."

You are therefore advised that if the Director of Public Works will recommend the doing of this work and the Chief Administrative Officer will recommend a supplemental appropriation ordinance and this recommendation be concurred in by the Mayor, you may make the appropriation for the purposes mentioned. I understand that if funds are available, the Director of Public Works is not adverse to making the necessary recommendation.

Very truly yours,

(Signed) Jno. J. O'Toole,  
City Attorney.

Board of Supervisors.

Copies to—

Director of Public Works,  
Controller.

#### Action Rescinded.

Whereupon, on motion by Supervisor Uhl, the previous action of the Board, whereby the foregoing ordinance was finally passed, was rescinded.

#### Referred to Streets Committee.

Thereupon, on motion by Supervisor Uhl, the foregoing bill was referred to the Streets Committee, with instructions to be returned to the Board for the meeting of November 7, 1938.

## Final Passage.

The following recommendations of Streets Committee, heretofore passed for second reading, were taken up:

Changing and Reestablishing Grades on Moraga Street, Between Thirty-second and Thirty-sixth Avenues, and on Thirty-third, Thirty-fourth and Thirty-fifth Avenues, Between Lawton and Noriega Streets.

(Code No. 12.0722)

Bill No. 1739, Ordinance No. 12.072240, as follows:

Changing and reestablishing the official grades on Moraga street, between Thirty-second and Thirty-sixth avenues; and on Thirty-third, Thirty-fourth and Thirty-fifth avenues, between Lawton and Noriega streets.

Whereas, the Board of Supervisors, on the written recommendation of the Director of Public Works, did, on the 22nd day of August, 1938, by Resolution No. 4190, declare its intention to change and reestablish the grades on Moraga street, between Thirty-second and Thirty-sixth avenues; and on Thirty-third, Thirty-fourth and Thirty-fifth avenues, between Lawton and Noriega streets.

Whereas, said resolution was so published for two days, and the Director of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than thirty days have elapsed since the first publication of said resolution of intention; therefore,

**Authorizing Exchange of Land with City Title Insurance Company.**

(Code No. 12.1743)

Bill No. 1743, Ordinance No. 12.17436, as follows:

Authorizing exchange of land with City Title Insurance Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-owned land hereinafter referred to as Parcel "A" to the City Title Insurance Company, in exchange for certain real property hereinafter referred to as Parcels 1, 2 and 3.

Section 2. Said Parcel "A" is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17233, Bill No. 1722, approved by the Mayor of San Francisco on October 11, 1938, which parcel was proposed to be sold under the provisions of Ordinance No. 12.17233.

Section 3. The Director of Property has made an appraisal of said real property and estimates the value of Parcel "A" to be \$600 and the combined value of Parcels 1, 2 and 3 to be \$550.

Section 4. Said Parcels 1, 2 and 3, hereinbefore referred to, are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

PARCEL 1. Commencing at a point on the northeasterly line of Princeton street, distant thereon 150 feet southeasterly from the southeasterly line of Dwight street; running thence southeasterly along the northeasterly line of Princeton street, 25 feet; thence at a right angle northeasterly 120 feet; thence at a right angle northwesterly 25 feet; thence at a right angle southwesterly 120 feet to the northeasterly line of Princeton street and the point of commencement.

Being a portion of University Mound Tract Survey, Block No. 76.

#### Confirming Sale of School Land on Thirtieth Avenue to the Happy Home Building Co.

(Code No. 12.1722)

Resolution No. 4344, as follows:

Whereas, pursuant to Ordinance No. 12.172216, Bill No. 1639, the Director of Property, advertised in the official newspaper that bids would be received by him on October 24, 1938, for the sale of Parcel No. 5 in said ordinance, which parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Commencing at a point on the easterly line of Thirty-first avenue, distant thereon 225 feet southerly from the southerly line of Quintara street; thence running southerly along the easterly line of Thirty-first avenue, 150 feet; thence at a right angle easterly 240 feet to a point on the westerly line of Thirtieth avenue; thence at a right angle northerly along last-named line 150 feet; thence at a right angle westerly 240 feet to the easterly line of Thirty-first avenue and the point of commencement.

Whereas, in response to said advertisement Happy Home Building Co. offered to purchase said land for the sum of \$8,250 cash, no higher bids having been made or received; and

Whereas, said sum of \$8,250 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$7,500; and

Whereas, Happy Home Building Co., has paid the sum of \$825 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Board of Education has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to the Happy Home Building Co., or its assignee. The buyer shall pay the balance of the purchase price upon delivery of the deed by the city.

Approved by the Director of Property.

The following recommendation of Public Utilities Committee was taken up:

**Extending Time of Furnishing Water to Land of Margaret R. Turner.**

(Code No. 15.034)

Resolution No. 4349, as follows:

Whereas, the City and County of San Francisco, a municipal corporation, under authority of Resolution No. 29551 (New Series), of this Board, accepted a certain deed dated October 23, 1928, from Margaret R. Turner, et al., to an easement for a portion of the Coast Range Tunnel of the Hetch Hetchy Aqueduct through their land in Alameda County, California; and

Whereas, said deed provides a time limit for the ascertainment of the amount of damage, if any, which may be caused by the disappearance or diminution of the natural flow of water in any springs or wells on the land of the Grantors as a result of the construction of said tunnel; and

Whereas, by Resolution No. 3596, adopted by this Board on October 18, 1937, said time limit was extended to November 1, 1938; and

Whereas, the Public Utilities Commission has recommended the further extension of said time limit to November 1, 1939; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a written agreement with Margaret R. Turner, et al., extending said time limit to November 1, 1939, and providing for the furnishing of water to said land until said time, subject to all conditions contained in said deed, except as expressly modified by said agreement.

**Commending National Broadcasting Company for Publicizing San Francisco and Golden Gate International Exposition.**

(Code No. 5.94)

Supervisor Colman presented:

Resolution No. 4350, as follows:

Whereas, San Franciscans were recently honored and thrilled by the artists of the San Francisco Opera Company broadcasting a program of song and orchestra music from the San Francisco Opera House through the very generous donation of the services of the National Broadcasting Company; and

Whereas, part of the program broadcast was made from an airplane, describing the view as seen from the sky, of San Francisco, Treasure Island and the Exposition in general; and

Whereas, San Franciscans are deeply grateful to the National Broadcasting Company and the artists of the San Francisco Opera Company for their gracious act in giving world-wide publicity to San Francisco's

manifold tractions, and the glorious Exposition now in the making; now, therefore, be it

Resolved, That the Board of Supervisors commends the National Broadcasting Company for this splendid gesture and its generosity in promoting the interests of the Golden Gate International Exposition. On behalf of the people of San Francisco, this Board of Supervisors extends to all concerned its profound appreciation for this timely and magnificent tribute.

**City Attorney to Institute Suit to Recover Value of Use of Streets for Distribution of Gas and Electric Energy for Other Than Lighting Purposes.**

(Code No. 15.09)

Supervisor McSheehy presented:

Resolution No. 4351, as follows:

Whereas, on April 18, 1938, I introduced a resolution instructing the City Attorney to file suit against the Pacific Gas and Electric Company for damages for the City of San Francisco for selling and disposing of gas and electricity for other than lighting purposes, without a franchise or any other legal right to do so; and

Whereas, during the year 1936, the gross receipts for gas and electricity for the City of San Francisco were \$24,155,470, according to law a 2 per cent franchise tax should be charged on \$15,728,008 and which represents gas and electricity that the Pacific Gas and Electric Company has no distributing franchise for, or, in other words, this City lost for the year 1936 \$134,560 on account of the Pacific Gas and Electric Company operating without a franchise, this amounting to almost \$1,000 a day; and

Whereas, the City Attorney reported that he could come to no conclusions with the officials of the Pacific Gas and Electric Company as to a financial settlement, and on May 16, 1938, I introduced a resolution which was unanimously adopted instructing the City Attorney to bring action in the proper court against the Pacific Gas and Electric Company for the distribution of gas and electricity for other than lighting purposes, unless a settlement was made before June 1, 1938; and

Whereas, a settlement was made on June 1, 1938, and on June 6, 1938, at a regular meeting of the Board of Supervisors, I asked the City Attorney if the suit had been filed and he told the Board, "No", and that the same would be filed during the week, and on the following Monday, June 13, 1938, Supervisor Colman introduced a resolution requesting that we rescind our action taken on May 16, 1938, calling for the filing of a suit against the Pacific Gas and Electric Company, and he stated that a financial settlement would be made before September 1, 1938, which would be reflected in a reduction in the tax rate, and by a vote of 7 to 4 Supervisor Colman's resolution was carried which had for its effect placing the Pacific Gas and Electric Company in the same position that they have been occupying for the past 60 years, conducting a \$24,000,000 a year business using the streets of San Francisco without a franchise, and the law clearly states that they are subject to a franchise tax of about \$1,000 a day, and as the Statute of Limitations will not permit the City to collect this tax for over four years, we find ourselves in the position, by not entering into suit on June 1, 1938, that the City is being penalized for the sum of about \$1,000 a day instead of the Pacific Gas and Electric Company; and

Whereas, a great mistake was made in not allowing the City Attorney to file suit against the Pacific Gas and Electric Company on June 1, 1938, as called for in the resolution dated May 16, 1938, as the Statute of Limitations would have run against the Pacific Gas and Electric Company and not the City of San Francisco amounting to about \$153,000; now, therefore, be it

Resolved, That unless the City Attorney can report to this Board of Supervisors by November 14th of the present year, some concrete proposition from the Pacific Gas and Electric Company, to compensate the City for the use of its streets during the past years, the City Attorney be and is hereby instructed to bring action in the proper court against the Pacific Gas and Electric Company to recover the reasonable value of the use of said streets by the Pacific Gas and Electric Company for the distribution of gas and electricity for other than lighting purposes.

**Limiting Heights of Buildings, Territory Bounded by San Francisco Bay, Laguna Street, Beach Street and Marina Boulevard.**

(Code No. 11.08)

Supervisor Schmidt presented at the request of Marina Home Owners Association:

Bill No. 1746, Ordinance No. 11.0828, as follows:

Limiting the Height of Buildings Hereafter to Be Erected in a Certain District in the City and County of San Francisco, and Establishing the Boundaries of Said District, and Providing Penalties for the Violation of Its Provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building shall be erected in the City and County of San Francisco to a height greater than forty (40) feet within the territory bounded by San Francisco Bay on the north, by Laguna street on the east, by Beach street and Marina boulevard on the south, and by Webster street on the west.

Section 2. No addition to or alteration or improvement of any building within the above described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco, as provided by this ordinance shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, water tanks, flag staffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings for the purpose of this ordinance shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm, or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm, or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm, or corporation, as herein provided.

Section 7. This ordinance shall take effect immediately.

Whereas, there will be before the electorate for approval, Charter Amendments Nos. 1 and 2, relating to Fire Department, pensions and length of service, on Tuesday, November 8, 1938; and

Whereas, said amendments have for their purpose the eradication of certain inequalities existent in working and pension conditions in the Fire Department; and

Whereas, Charter Amendments Nos. 1 and 2 have the unqualified support of the different branches of the municipality having to do with their makeup, as well as the endorsement of numerous civic, fraternal and labor organizations; now, therefore, be it

Resolved, That this Board of Supervisors does hereby place itself on record as being in full accord with the provisions of Charter Amendments Nos. 1 and 2 and bespeaks the favorable consideration of the voting public thereon.

### Objection.

Supervisor Colman objected to the Board going on record in favor of the proposed Charter amendment. He stated, however, he had no objection to the consideration of the foregoing resolution at the present time.

### Privilege of the Floor.

Eugene Mulligan, representing members of the Fire Department, was granted the privilege of the floor, and urged the endorsement of Charter Amendments Nos. 1 and 2, relating to the Fire Department.

Supervisor Colman discussed the foregoing resolution, stating that he had voted to submit the Charter amendments to the voters; that he had not, nor would not oppose them; but he did not think endorsing them a proper act for the Board to take, and must, therefore, vote against the resolution.

Supervisors Uhl, McSheehy and Brown urged the adoption of the resolution.

### Roll Call on Suspension of the Rules.

The roll was called and the rules were *suspended* for the purpose of consideration of the foregoing resolution by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

No—Supervisor Colman—1.

### Telegram.

Subsequently, during the meeting, a telegram from Alex. J. McDonald, Public Relations Counsel for the San Francisco Fire Department, expressing the appreciation of the Fire Department for the enforcement of Charter Amendments Nos. 1 and 2, was received and read by the Clerk.

### Endorsing Charter Amendment No. 3, Relating to Police Department.

(Code No. 1.08)

Supervisor Shannon presented:

Resolution No. 4355, as follows:

Whereas, on Tuesday, November 8, 1938, there will be on the ballot Charter Amendment No. 3, relating to Police Department pensions, widows' benefits, and care of minors subsequent to death of policemen in line of duty; and

Whereas, the role of policeman is one at all times hazardous and trying, calling as it does for physical fitness, mental alertness and unflinching valour; and

Whereas, heretofore the widow and orphan of the policeman killed in line of duty has only to a very small degree been financially assisted by the City, and to the end that this condition be corrected, this Charter amendment is written; and

Whereas, retirement at age sixty-three or twenty-five years continuous service is much to be desired, and would make way for younger and more active men on the force; and

Whereas, all the aforementioned points of advantage of the amendment have the unqualified support of the departments of City government having to do with its presentation, as well as the endorsement of numerous civic, fraternal and labor organizations; now, therefore, be it

Resolved, That this Board of Supervisors hereby endorses Charter Amendment No. 3 and asks favorable consideration of it at the polls.

#### Suspension of the Rules.

Supervisor Colman announced that he would not object to the suspension of the rules for the purpose of considering the foregoing resolution, although he would object to the adoption of the resolution. Thereupon, the roll was called and the rules were *suspended* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

#### Explanation of Vote.

Supervisor Colman, in explaining his vote, stated that he was compelled to vote "No" on the adoption of the foregoing resolution, because he did not think it proper for the Board to go on record endorsing such measures that had been ordered submitted to the voters.

#### Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

No—Supervisor Colman—1.

Absent—Supervisor Brown—1.

#### Endorsements of City's Propositions Nos. 4 and 5 on the Ballot for the November Election Refused.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that the Board approve Propositions Nos. 4 and 5 on the ballot for the November election.

#### Suspension of the Rules.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved for suspension of the rules for the purpose of consideration of the foregoing motion.

Supervisors McSheehy and Uhl spoke at length, urging suspension of the rules, and replying to objections raised by Supervisor Colman.

#### Motion Failed.

Whereupon, the roll was called and the motion to suspend the rules *failed* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Brown, Colman, Reilly, Roncovieri—4.

**Preceding Arguments Not to Be Used as Precedent.**

During the foregoing discussion on Suspension of the Rules, President Shannon called the attention of the Board that any discussion of the question was out of order, and that it is necessary for only one objection to present such suspension. President Shannon stated further, that since considerable latitude had been allowed during the immediately preceding discussions on Suspension of the Rules, he did not want any member of the Board to be able to point to such arguments in the future as a precedent.

**Adopted.**

The following recommendations of his Honor the Mayor were adopted:

**Leave of Absence—Arthur M. Brown, Jr., Member of the  
Board of Supervisors.**

(Code No. 4.053)

Resolution No. 4356, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. Arthur M. Brown, Jr., member of the Board of Supervisors, is hereby granted a leave of absence for a period of thirty (30) days, commencing November 2, 1938, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

**Leave of Absence—Chief William J. Quinn.**

(Code No. 4.053)

Also, Resolution No. 4357, as follows:

Resolved, That in accordance with the recommendation of his honor the Mayor, William J. Quinn, Chief of Police, is hereby granted a leave of absence for a period of thirty days, commencing November 7, 1938, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

**Record to Indicate When Absent Members Have Been Granted  
Leave of Absence.**

Supervisor Brown called attention to reference in Journal of Proceedings of the meeting of October 24, 1938, wherein his absence was noted, and no excuse indicated, although he had been granted leave of absence by the Board.

Thereupon, at the suggestion of the President, Supervisor Brown, seconded by Supervisor Mead, moved that it be noted in the minutes when absent members have been granted leaves of absence.

No objection and *so ordered*.

**Defective Sidewalks.**

Supervisor Uhl called to the attention of the Director of Public Works, the matter of defective sidewalks, with the resultant damage claims for personal injuries, to which Mr. A. D. Wilder, replied that the department was doing the best it could, with the limited personnel available, in noting and correcting such defects. The City Attorney,

on being questioned in the matter, stated that the remedy would be an amendment to the Charter, making the property owner liable, with the City, for damages resulting from defective sidewalks fronting his property.

#### **Fees for Patent Chimney Permits.**

Supervisor Uhl called the Board's attention to the ordinance fixing fees for permits for the erection of patent chimneys, providing that a contractor can, for a fee of \$75 per quarter, obtain a permit for the erection of an unlimited number of chimneys, whereas the fee for the erection of a single chimney is \$2, and suggested that the ordinance should be amended to provide for more equitable fees.

*Referred to Public Buildings, Lands and City Planning Committee.*

#### **Civil Service for Park Employees.**

Supervisor Uhl requested the City Attorney to draft a proposed Charter amendment to provide for placing Park Employees under Civil Service.

#### **ADJOURNMENT.**

There being no further business, the Board, at the hour of 3:50 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors November 7, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

**Providing for Five-Day Working Week for Municipal Employees on Monthly Compensation, Where Practical, Without Additional Employments or Expense to City and County.**

(Code No. 4.051)

Also, Bill No. 1584, Ordinance No. 4.0511, as follows:

Providing that appointing officers may, in their discretion, arrange the total number of hours to be worked by their several employees whose compensation is fixed on a monthly basis so that the number of hours required of said employees may be worked within five days when the same can be done without increasing the number of employees in said department or causing additional expense to the City.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Appointing officers may, in their discretion, so arrange the total number of hours of work required each week for those employees in their respective departments or offices who are paid on the basis of a fixed monthly compensation, so that, when possible, said required total number of hours of work may be rendered within five days; provided such arrangement shall cause: no need for additional employments; no additional expense to the City and County; no diminution in employee production; no curtailment of service to the public; no reduction in the total number of hours of service per week required of each employee. Heads of departments in submitting the time and payrolls for their respective departments to the Controller and to the Civil Service Commission shall by appropriate notation thereon indicate those employees whose services have been arranged on a five-day week basis, as provided in this ordinance.

Section 2. When, in the judgment of the appointing officer, the arrangement of hours provided for in Section 1 hereof, would require additional employments, or cause additional expense to the City and County, or diminution in employee production, or curtailment of service to the public, or reduction in the total number of hours of service per week required of each employee in any department, office, bureau, or employment, he shall forthwith suspend such arrangement in such department, office, bureau or employment. The Civil Service Commission shall have power to suspend any of the provisions of this ordinance when it shall determine that such provisions are detrimental to the public service.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Cancellation of Taxes, City Property.**

(Code No. 9.022)

Also, Resolution No. 4361, as follows:

Whereas, the Controller has reported that a portion of Lot 18, Block 2407, is now recorded in the name of the City and County of San Francisco, and being City property, taxes thereon should be cancelled, and the City Attorney having consented thereto; now, therefore, be it

Resolved. That, in accordance with the provisions of Section 3804 of the Political Code, taxes in the amount of \$3.10 are hereby cancelled against that portion of Lot 18, Block 2407, described as follows:

Beginning on the east side of Nineteenth avenue, 225 feet north of Ulloa street; running north 25 feet, east 25.514 feet, thence deflecting to the right and running south 25.007 feet, thence deflecting to the right and running west 24.925 feet.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Cancellation of Tax Sale Property Assessed to Mary E. Pitcher.**

(Code No. 9.0412)

Also, Resolution No. 4362, as follows:

Whereas, the Controller has requested cancellation of Sale No. 395, for the second installment of 1937-1938 taxes on the one-third portion of Lot 4, Block 956, assessed to Mary E. Pitcher, for the reason that due to clerical error taxes on the one-third portion assessed to Annie O'Callaghan were reported paid in duplicate instead of one payment being for Mary E. Pitcher; now, therefore, be it

Resolved, That with the consent of the City Attorney, the Tax Collector is hereby authorized to cancel this sale in accordance with the provisions of Section 3804A of the Political Code.

*Adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

**Authorizing Execution of Agreements Between State Relief Administrator and City for Reimbursement of WPA "White Collar" Project Costs.**

(Code No. 19.071)

The following matter was taken up:

Resolution No. 4365, as follows:

Resolved, That the City and County of San Francisco enter into an agreement with the State Relief Administrator wherein and whereby the said State Relief Administrator will agree to reimburse the City and County of San Francisco for the cost of sponsorship of certain WPA "white collar" and light work projects which are to be sponsored by the City and County of San Francisco; and be it

Further Resolved, That the Mayor and the Controller and the Clerk of the Board of Supervisors be and they are hereby directed to execute for and on behalf of the City and County of San Francisco the necessary agreement or agreements relative to said WPA projects.

Approved as to form by the City Attorney.

Controller Harold J. Boyd, at the request of Supervisor Mead, explained the purpose of the foregoing resolution, but suggested that action thereon be deferred, stating that he had just been advised that the State is unable to put up the necessary sponsorship cost of \$7.50 per man per month for the WPA "white collar" and light work projects.

**Action Deferred.**

Thereupon, on motion by Supervisor Mead, consideration was *deferred for one week*.

**Adopted.**

The following recommendation of the Finance Committee was taken up:

**Land Purchase—Mission High School.**

## Authorizing Exchange of City Land for School Site in Merced Manor.

(Code No. 12.1742)

Also, Bill No. 1749, Ordinance No. 12.17421, as follows:

Authorizing exchange of City land for school site in Merced Manor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter, and in accordance with the recommendation of the Board of Education, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading the first four parcels of City-owned land described in Ordinance No. 12.172216, to the Lang Realty Corporation, or its agent, in exchange for certain real property hereinafter referred to as Parcel A.

Section 2. Said four parcels of City-owned land are situated in the City and County of San Francisco, State of California, and are more particularly described as Parcels 1, 2, 3 and 4, in said Ordinance No. 12.172216, Bill No. 1639, approved by the Mayor of San Francisco on August 9, 1938, which parcels were proposed to be sold under the provisions of said ordinance.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the land to be traded to the Lang Realty Corporation, or its agent, to be \$7,000 less than the value of the parcel to be acquired by the City and County of San Francisco.

Section 4. Said Parcel A hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Commencing at a point on the southerly tangent line of Eucalyptus drive (the bearing of which tangent line is taken to be north 89 degrees 08 minutes 09 seconds west for the purpose of this description), said point of commencement being the northwesterly extremity of that certain curve with a radius of 10 feet which connects said tangent line with the westerly tangent line of Nineteenth avenue, as said curve and said tangent lines are shown on Map of Merced Manor, which was filed January 2, 1932, in Book "M" of Maps, pages 53 to 56, inclusive, in the Recorder's Office of the City and County of San Francisco, State of California; running thence north 89 degrees 08 minutes 09 seconds west along said southerly tangent line 1292.47 feet to the true point of beginning; thence running north 89 degrees 08 minutes 09 seconds west along said southerly tangent line 486.3 feet; thence south 0 degrees 51 minutes 51 seconds west at right angles to said southerly tangent line 91.36 feet to the center line of a certain sewer; thence along said sewer center line south 3 degrees 50 minutes east 214.46 feet and south 33 degrees 41 minutes east 120.61 feet; thence leaving said sewer line north 75 degrees 04 minutes 10 seconds east 152.618 feet, north 42 degrees 08 minutes 40 seconds east 175.876 feet, north 71 degrees 09 minutes 20 seconds east 105.952 feet, south 89 degrees 08 minutes 09 seconds east parallel with said southerly tangent line 37.706 feet and north 0 degrees 51 minutes 51 seconds east at right angles to said southerly tangent line 195 feet to the true point of beginning.

Being a portion of the Rancho Laguna de la Merced in said City and County of San Francisco.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed, or deeds, for the conveyance of the first four parcels of land described in said Ordinance No. 12.172216 to the Lang Realty Corporation, or its agent. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "A," and shall record the latter deed.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of \$7,000 against the San Francisco Unified School District Reserve for Capital Outlay to the order of California Pacific Title & Trust Company as agent for the Lang Realty Corporation, to compensate for the difference in valuations referred to in Section 3 of this ordinance.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

*Passed for second reading* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Changing and Establishing Grades on Innes Avenue, and on  
Certain Other Streets in the Hunters Point District.**

(Code No. 12.0722)

Also, Bill No. 1755, Ordinance No. 12.072241, as follows:

Changing and re-establishing the official grades on Innes avenue be-

tween a line 664 feet northwesterly from Ingalls street and Lane street; and on certain other streets in the Hunters Point District.

Whereas, the Board of Supervisors, on the written recommendation of the Director of Public Works, did on the 22nd day of August, 1938, by Resolution No. 4191, declare its intention to change and re-establish the grades on Innes avenue between a line 664 feet northwesterly from Ingalls street and Lane street; and on certain other streets in the Hunters Point District.

Whereas, said resolution was so published for two days, and the Director of Public Works within ten days after the first publication of said Resolution of Intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than thirty days have elapsed since the first publication of said Resolution of Intention; therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

**Leave of Absence—Hon. Alfred Ehrman, Fire Commissioner.**

(Code No. 4.053)

Resolution No. 4369, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Alfred Ehrman, member of the Fire Commission, is hereby granted a leave of absence for a period of sixty (60) days, commencing November 22, 1938, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Acceptance from Frank A. Prestidge of \$945, Reimbursement of Amounts Received Under the Old Age Security Act.**

(Code No. 9.029)

Supervisor Uhl presented:

Resolution No. 4375, as follows:

Resolved, That the City and County of San Francisco accept the sum of \$945 tendered to said City and County by Frank A. Prestidge, to

recompense the City and County for the amount which said Frank A. Prestidge has received under the Old Age Security Act, and the Treasurer be and is hereby directed to credit said sum to the proper fund; and, be it

Further Resolved, That the Board of Supervisors does hereby express to Frank A. Prestidge its appreciation for the prompt reimbursement to the City and County of all sums which he has received under the Old Age Security Act, and that the Board does hereby commend him for his honesty and integrity in making such reimbursement. The Board also expresses the hope to Frank A. Prestidge, that in the future years he may never be compelled to request the benefits of the Old Age Security Act, but assures him that should his present condition change, his fairness and honesty in reimbursing the City and County will always be remembered.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

#### **Treasure Island.**

Supervisor Colman reported to the Board on a visit he had made to Treasure Island, and recommended that all citizens who could do so, visit Treasure Island. Supervisor Colman reported that remarkable progress has been made in the grounds, many of the buildings are completed, or practically completed, and that the plant life there is most remarkable.

#### **Requesting Acoustical Treatment of Supervisors' Office and Committee Room.**

(Code No. 12.14)

Supervisor McSheehy presented:

Resolution No. 4371, as follows:

Resolved, That the Director of Public Works be and is hereby requested to include in his budget for Building Repairs, in the fiscal year 1939-1940, a sum sufficient for the acoustical treatment of Rooms 235 and 228, City Hall, by the application of Celotex or some similar substance.

*Referred to Finance Committee.*

#### **Authorizing Visit by Supervisor McSheehy, to Los Angeles, to Secure Information Relative to Use of Streets in Los Angeles, by Southern California Utilities Companies for Distribution of Gas and Electricity.**

Supervisor McSheehy read a communication, signed by himself, addressed to the Board, reporting on hearing by the Public Utilities Committee on Resolution instructing the City Attorney to file suit against the Pacific Gas and Electric Company for damages to the City and County of San Francisco for selling and disposing of gas and electricity for other than lighting purposes without a franchise so to do, this communication being introductory to the presentation of the following resolution:

(Code No. 15.096)

Supervisor McSheehy presented:

Resolution No. 4372, as follows:

Resolved, That Supervisor James B. McSheehy, representing this Board of Supervisors, be and is hereby authorized to visit the City of Los Angeles for the purpose of procuring information from city officials of Los Angeles, in connection with the solution of that problem, re-

cently arrived at, relative to the use of the streets in Los Angeles by the Southern California utility companies for the distribution of gas and electricity, without a franchise and without payment for such privilege.

#### Objection.

Supervisor Colman objected to the suspension of the rules for the purpose of immediate consideration. Whereupon, the Chair *referred the foregoing resolution to the Finance Committee.*

#### Motion.

Subsequently during the proceedings, Supervisor McSheehy, seconded by Supervisor Mead, moved that he be authorized to visit the City of Los Angeles for the purpose of procuring information from the city officials in Los Angeles relative to the use of streets by Southern California utilities companies for the distribution of gas and electricity.

#### Point of Order.

Supervisor Colman raised a point of order, that the foregoing motion was a legislative act, and, therefore, could not be passed on the day of its introduction without the unanimous consent of the Board.

Chair ruled the Point of Order not well taken, and that the motion was in order.

#### Amendment to Motion.

Thereupon, Supervisor Colman, seconded by Supervisor Ratto, moved as an amendment to the motion, that the City Attorney be authorized to write to the City Attorney of Los Angeles, or to whatever official he deems necessary, and find out just what Los Angeles has done in the matter, or if necessary, that the City Attorney, or his representative be authorized to visit Los Angeles to obtain the desired information.

Before the roll was called on the foregoing motion, the City Attorney, in reply to question by Supervisor Uhl, stated that he was familiar, in a general way, with the subject-matter under discussion. He stated further, he did not think it necessary to visit Los Angeles, although he did feel it to be better to sit down with people to get the desired information.

#### Amendment to the Amendment.

Supervisor Roncovieri moved, as an amendment to the amendment, that Supervisor McSheehy be authorized to visit Los Angeles with the City Attorney, in order to obtain the information desired.

Chair ruled motion *out of order.*

#### Amendment to Motion Failed.

Thereupon, the roll was called and the amendment to the original motion *failed* by the following vote:

Ayes—Supervisors Colman, Ratto, Schmidt—3.

Noes—Supervisors McSheehy, Mead, Meyer, Reilly, Roncovieri, Shannon, Uhl—7.

Absent—Supervisor Brown—1.

#### Roll Call on Original Motion.

Whereupon, the roll was called on the original motion, which *failed* by the following vote:

Ayes—Supervisors McSheehy, Mead, Reilly, Roncovieri, Shannon—5.

Noes—Supervisors Colman, Meyer, Ratto, Schmidt, Uhl—5.

Absent—Supervisor Brown—1.

**Supervisor McSheehy Excused from Attendance at Next Meeting  
of the Board.**

Supervisor McSheehy requested that he be excused from the next meeting of the Board because of his prospective visit to Los Angeles for the purpose of obtaining certain desired information.

*Excuse granted.*

**City Attorney to Prepare Legislation for Franchise for  
Distribution of Gas for Heating and Power Purposes.**

Pursuant to statement by the City Attorney, Supervisor Uhl requested that the City Attorney prepare legislation necessary for the awarding of franchise for the distribution of gas for purposes other than lighting purposes.

**Requesting his Honor, the Mayor, to Appoint Citizens' Committee  
for the Proper Observance of Columbus Day, October 12, 1938.**

(Code No. 5.93)

Supervisor Schmidt presented:

Resolution No. 4373, as follows:

Whereas, because of the fact that next year will be Exposition year in San Francisco, it is intended to conduct a celebration on Columbus Day which will surpass in magnitude and grandeur any such previous event; and

Whereas, much time and preparation will be required in order to perfect detailed plans for such a celebration; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to arrange for this proposed exceptional observance of Columbus Day, in 1939, at his earliest convenience.

*Referred to Exposition Affairs and Industrial Development Committee.*

**Appropriation \$3,000 for Oiling Roads, Hunters Point District.**

Supervisor Mead called attention to appropriation of \$3,000, for the oiling of newly graded roads in Hunters Point District, previously passed for second reading, and then referred to the Streets Committee. Supervisor Ratto explained the reason for delay, as due to lack of recommendation from Department of Public Works, and endorsement by Controller as to availability of funds. However, appropriation can be made at the next meeting of the Board, as an emergency measure, if properly recommended and endorsed.

**Dedication New Highway, San Rafael to Ignacio.**

Supervisor Ratto referred to the dedication of the recently completed widening of the highway between San Rafael and Ignacio, to take place on Sunday, November 13, 1938, and the desire of the Redwood Empire Association to receive the names of members who will attend the ceremonies.

Whereupon, the Chair requested that any members of the Board who desire to attend the dedicatory ceremonies so notify the Clerk, who will, in turn, notify the Redwood Empire Association.

**Regulatory Powers of Director of Public Health to Cope  
With Certain Emergencies.**

Dr. J. C. Geiger, Director of Public Health, at the request of Supervisor Schmidt, confirmed the report that rabies had made its appearance in San Francisco, and as the result thereof, and to prevent its spread, he had, under the terms of Section 2979a of the Penal Code, ordered all dogs in San Francisco on leash. Dr. Geiger stated further,

that under the provisions of State legislation, he had sufficient power to make the necessary rules and regulations to enable him to cope with the situation. Re foods and drugs, Dr. Geiger stated, there were no rules and regulations under which he could issue an executive order to protect the public health.

**Proposed Ordinance Regarding Reclassification of the Use to Which Certain Property May Be Put.**

(Code No. 13.02)

Supervisor Schmidt presented:

Bill No. 1759, Ordinance No. 13.025, as follows:

Reclassification of the use to which certain property in the City and County of San Francisco may be put and defining the boundaries of the property so reclassified.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The property hereinafter described is hereby reclassified from Light Industrial to First Residential District:

All that certain real property situate, lying and being in the City and County of San Francisco and bounded by Laguna street to the east, Beach street and Marina boulevard to the south, Webster street to the west, and the northerly line of Lewis street to the north.

Section 2. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 3. Any person, firm, or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such person, firm, or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm or corporation, as herein provided.

*Referred to Public Buildings, Lands and City Planning Committee.*

**Referred to City Planning Commission, By Committee.**

Supervisor Uhl, Chairman of Public Buildings, Lands and City Planning Committee, announced that with the consent of Supervisors Reilly and Schmidt, members of the Committee, and pursuant to the provisions of Section 117 of the Charter, the foregoing bill would be referred by the Committee to the City Planning Commission, for report and recommendation.

No objection and *so ordered*.

**In Memoriam—William J. Hamilton.**

(Code No. 5.91)

Supervisor Shannon presented:

Resolution No. 4374, as follows:

Whereas, the public career of William J. Hamilton is closed and this Board of Supervisors deeply regrets his passing;

Whereas, he held the office of Supervisor of the County of Alameda for more than 22 years, 16 years of which he was honored by being Chairman of the Board;

## UNFINISHED BUSINESS.

Final Passage.

The following recommendations of Finance Committee heretofore  
passed for second reading were taken up:

Authorizing Exchange of Land with City Title Insurance  
Company.

(Code No. 12.1743)

Bill No. 1743, Ordinance No. 12.17436, as follows:

Authorizing exchange of land with City Title Insurance Company.

Be it ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and  
County of San Francisco, the Director of Property, in lieu of sale,

is hereby authorized and directed to arrange for trading certain City-owned land hereinafter referred to as Parcel "A" to the City Title Insurance Company, in exchange for certain real property hereinafter referred to as Parcels 1, 2 and 3.

Section 2. Said Parcel "A" is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17233, Bill No. 1722, approved by the Mayor of San Francisco on October 11, 1938, which parcel was proposed to be sold under the provisions of Ordinance No. 12.17233.

Section 3. The Director of Property has made an appraisal of said real property and estimates the value of Parcel "A" to be \$600 and the combined value of Parcels 1, 2 and 3 to be \$550.

Section 4. Said Parcels 1, 2 and 3, hereinbefore referred to, are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

PARCEL 1. Commencing at a point on the northeasterly line of Princeton street, distant thereon 150 feet southeasterly from the southeasterly line of Dwight street; running thence southeasterly along the northeasterly line of Princeton street, 25 feet; thence at a right angle northeasterly 120 feet; thence at a right angle northwesterly 25 feet; thence at a right angle southwesterly 120 feet to the northeasterly line of Princeton street and the point of commencement.

Being a portion of University Mound Tract Survey, Block No. 76.

PARCEL 2. Commencing at a point on the southeasterly line of Wyant street, distant thereon 75 feet northeasterly from the northeasterly line of Campbell avenue; running thence northeasterly along the southeasterly line of Wyant street, 25 feet; thence at a right angle southeasterly 100 feet; thence at a right angle southwesterly 25 feet; thence at a right angle northwesterly 100 feet to the southeasterly line of Wyant street and the point of commencement.

Being a portion of Block No. 13 of the Reis Tract.

PARCEL 3. Commencing at a point on the southeasterly line of Wyant street, distant thereon 375 feet northeasterly from the northeasterly line of Campbell avenue; running thence northeasterly along the southeasterly line of Wyant street, 125 feet; thence at a right angle southeasterly 100 feet; thence at a right angle southwesterly 125 feet; thence at a right angle northwesterly 100 feet to the southeasterly line of Wyant street and the point of commencement.

Being a portion of Block No. 13 of the Reis Tract.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel "A" to the City Title Insurance Company, or its assignee. The Director of Property shall deliver said conveyance to the grantee upon receipt of the necessary deed to Parcels 1, 2 and 3, plus the sum of \$50.

The Director of Property is hereby authorized to record the deed to the City and County of San Francisco.

*Finally passed by the following vote:*

Ayes—Supervisor Colman, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Ratto, Reilly—3.

**Authorizing Settlement of Claims of Herbert Green, a Minor, by Morris Green, His Guardian Ad Litem, and of Morris Green Against the City and County of San Francisco.**

(Code No. 6.05)

Also, Bill No. 1744, Ordinance No. 6.054, as follows:

Authorizing settlement of claims of Herbert Green, a minor, by Morris Green, his guardian ad litem, and of Morris Green against the City and County of San Francisco.

The City Attorney having recommended settlement of the claims of Herbert Green, a minor of the age of seven years, and of Morris Green, against the City and County of San Francisco, for the sum of six hundred dollars (\$600) for damages; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the City Attorney be and he is hereby authorized to fully compromise and settle all claims for damages held by Herbert Green and Morris Green, his guardian ad litem, and to settle all claims and damages held by Morris Green, father of said minor, for the sum of six hundred dollars (\$600), and the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for said sum of six hundred dollars (\$600) and to charge the same to Appropriation No. 712.800.00.

### NEW BUSINESS.

The following recommendation of Finance Committee was taken up:

**Authorizing Execution of Agreements Between State Relief Administrator and City for Reimbursement of WPA "White Collar" Project Costs.**

(Code No. 19.071)

Resolution No. 4365, as follows:

Resolved, That the City and County of San Francisco enter into an agreement with the State Relief Administrator wherein and whereby the said State Relief Administrator will agree to reimburse the City and County of San Francisco for the cost of sponsorship of certain WPA "white collar" and light work projects which are to be sponsored by the City and County of San Francisco; and be it

Further Resolved, That the Mayor and the Controller and the Clerk of the Board of Supervisors be and they are hereby directed to execute for and on behalf of the City and County of San Francisco the necessary agreement or agreements relative to said WPA projects.

Approved as to form by the City Attorney.

Supervisor Mead announced that he had received many complaints of W. P. A. workers replacing Civil Service employees, and inquired if the proposed legislation would have any effect thereon.

In reply, the Controller stated that the proposed legislation had no bearing on that matter, the only purpose being to make it possible for the state to provide funds for the sponsorship of projects thus far not even in existence.

### Adopted.

Thereupon, Supervisor Mead, announcing that he had no objection to this particular resolution, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Ratto, Reilly—3.

**Action Rescinded.**

Subsequently during the proceedings, Supervisor Mead moved that the action whereby the foregoing bill was passed for second reading be rescinded, in order that it might be amended and finally passed as an emergency measure.

No objection and so ordered.

**Amendment.**

Thereupon, the foregoing bill was amended by the addition of the following:

Section 2. This ordinance is passed as an emergency ordinance and the Board of Supervisors does hereby declare by the vote by which

this measure is passed that an actual emergency exists in that the newly constructed streets in the Hunters Point District must be protected from damage by rain.

Amendment *accepted* by the following vote:

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, McSheehy—2.

#### Finally Passed.

Whereupon, on motion by Supervisor Mead, the following ordinance was *finally passed* as an emergency measure, by the following vote:

**Authorizing Supplemental Appropriation of Three Thousand (\$3,000) Dollars From the County Road Fund to the Credit of Appropriation 848.804.31, for the Oiling of Roadways in the Hunters Point District, Being San Francisco's Contribution Toward This Improvement; Work to Be Prosecuted by Works Progress Administration Forces. An Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1760, Ordinance No. 9.051523, as follows:

Authorizing supplemental appropriation of three thousand (\$3,000) dollars from the County Road Fund to the credit of Appropriation 848.804.31, for the oiling of roadways in the Hunters Point District, being San Francisco's contribution toward this improvement; work to be prosecuted by Works Progress Administration forces; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of three thousand (\$3,000) dollars is hereby appropriated and set aside from the County Road Fund to the credit of Appropriation 848.804.31, for the oiling of roadways in Hunters Point District, being San Francisco's contribution toward this improvement, work to be prosecuted by Works Progress Administration forces.

Section 3. This ordinance is passed as an emergency ordinance and the Board of Supervisors does hereby declare by the vote by which this measure is passed that an actual emergency exists in that the newly constructed streets in the Hunters Point District must be protected from damage by rain.

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, McSheehy—2.

#### **ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**In Memoriam—Father James O'Kelly.**

(Code No. 5.91)

Supervisor Uhl presented:

Resolution No. 4384, as follows:

Whereas, God Almighty in His infinite wisdom, has summoned Father O'Kelly to his heavenly reward; and

Whereas, Father O'Kelly had been for many years the Director of the Apostleship of the Sea, catering to the wants of seamen of all creeds; and

Whereas, his loss will be deeply felt by the Church and the City of San Francisco, particularly by all seafaring men; now, therefore, be it

Resolved, That when this Board adjourns, it does so out of respect to the loving memory of Father O'Kelly; and, be it further

Resolved, That the Clerk of the Board be directed to forward a copy of this resolution to the family of the deceased.

*Unanimously adopted by rising vote.*

**Statement on Result of Vote on Proposition No. 13, Garrison Revenue Bond Act, at Election of November 8, 1938.**

Supervisor Colman presented:

I call the attention of the Board of Supervisors to the attitude of the voters on Proposition No. 13 on the state ballot, which, in my opinion, should have a special significance to the members of our Board. The Legislature passed by practically a unanimous vote, the Garrison Bill, which provided among other provisions, for the issuance of revenue bonds by a majority vote of the electorate and also provided a means of evading the bonded debt limit provision set up by law.

The bill was prevented from becoming a law by the filing of a referendum petition. As a result of this, the bill came before the voters for their approval or disapproval. The passage of the Garrison Bill would have made it easier to go into debt by reducing the now necessary majority of two-thirds of the vote cast to a bare majority and would have made it possible to evade the bonded debt limits as heretofore set up.

Throughout the entire state the voters expressed themselves in no uncertain terms. No. 13, the Garrison Revenue Bond Act, was overwhelmingly defeated, the last available unofficial vote returns for the state being YES—511,305, NO—1,350,861, or nearly three to one. In our sister city of Los Angeles, the vote cast against it was approximately two and one-half to one, but naturally it is the vote of the City and County of San Francisco which interests us the most. This is the fifth time in approximately ten years that our voters have gone on record against revenue bonds, this time by a larger most overwhelming vote by far, namely YES—50,638, NO—133,051, or better than two and one-half to one.

Surely this is an indication which cannot be ignored of what San Franciscans think of revenue bonds. This is my interpretation of their action: The voters of San Francisco would have made it easier to go into debt by letting down the bars from a two-thirds majority to a bare majority and they opposed ignoring or evading the bonded debt limit as established in our charter. Our citizens are proud of the financial standing of our city and would not make any change that would tend to undermine that standing.

**Reply to Foregoing Statement**

Supervisor McSheehy replied to the foregoing statement, as follows:

I wish my statement on this same particular matter to be printed in the Journal.

Members of the Board, the Garrison Act was an act presented to the last Assembly and Senate of our State. It was passed almost unanimously by both Houses and signed by the Governor, and it had for its effect the allowing of any political subdivision in the State to bond itself for any purpose whatsoever in the line of utility bonds. The Governor signed it and it became the law. A referendum vote was taken up, and one cannot take up a referendum vote in the State of California without a great cost. The proper number of signatures were signed to it and it was duly investigated by the Secretary of State and certified to, and went on the ballot. Of my own knowledge, I know that a huge sum of money was spent to defeat the act. What the amount was, I do not know.

The act was so written that it called for a "No" vote. You have a wonderful memory. May I state I can see no real reasons for the presentation of this particular statement by the Supervisor who just made it. Only an attempt to gloat over a condition which was created in the State of California by certain large interests that expended huge sums of money for defeating a bill which means to the people of this State of California a reduction some day of the monies that they are paying for electric power throughout the State of California. We know that their representatives are well established, those elected to represent this State of California in the legislative halls of our state. That was proven at the last session of the Legislature and perhaps it might be proven again, we don't know. Whether we have those representatives on this Board I don't know but I do know what we have in Sacramento.

Now, I will say this to you, Mr. President, I will carefully prepare a statement in writing, one week from today, as a rebuttal to the statement made by Supervisor Colman. I will ask our Clerk for a copy of his statement which we have heard today. You can publish my verbal statement as you wish, but one week from today I will make and present to this Board a written statement in rebuttal to the statement made by Supervisor Colman.

**President of the Board to Appoint Three Members of the Board to Attend Inaugural Ceremonies for the Governor, January 2, 1939.**

(Code No. 5.93)

Supervisor McSheehy presented:

Resolution No. 4379, as follows:

Resolved, That the President of the Board of Supervisors be and he is hereby authorized to appoint a committee of three members of this Board to attend the inaugural ceremonies for the Governor at Sacramento on Monday, January 2, 1939.

*Adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Appointment of Committee.**

Thereupon, the President announced that he would appoint Supervisor McSheehy as Chairman and would appoint the other two members of the committee at a later date.

**Requesting Mayor and Chief of Police to Provide Watchmen With Badges and Police Authority.**

(Code No. 11.01)

Supervisor McSheehy presented:

Resolution No. 4380, as follows:

Whereas, the watchmen who patrol the City Hall during the night, work under a serious disadvantage in that they are not clothed with some indicia of authority; and

Whereas, such a condition not only endangers the watchmen, but impairs the efficiency of their operations; now, therefore, be it

Resolved, That the Director of Public Works be and is hereby requested to consult with his Honor the Mayor and the Chief of Police to the end that the watchmen shall be vested with police authority and that they shall be provided with suitable badges to indicate such authority.

**Franchise for Distribution of Gas and Electricity for Other Than Lighting Purposes, by Pacific Gas and Electric Company.**

November 14, 1938.

To the Honorable Board of Supervisors.

Gentlemen: On October 31st, 1938, I submitted a resolution calling attention that the Pacific Gas and Electric Company was selling and disposing of gas and electricity for other than lighting purposes, without a franchise.

This resolution, which was No. 4351, Code No. 15.09, was referred to the Public Utilities Committee, of which I am a member. A meeting was held on November 3, 1938. At this meeting the City Attorney stated that his office would be placed in an embarrassing position on account of this resolution, as he was instructed by this Board to defend the City in a suit against the United States Government for the sale of power generated at Hetch Hetchy. He also stated that a mistake would be made if we attempted charging a franchise tax on power that we are selling direct to the Pacific Gas and Electric Company.

On November 7, 1938, one week ago today, I read to you a letter calling your attention to the City of Los Angeles, who was in the exact position that we are in today, and they made a very advantageous contract with the power companies, and gave to them a franchise for the distribution of gas and electricity, the details I didn't know till now, but during the week I spent several days in Los Angeles seeking first-hand information as to the details that resulted in the City of Los Angeles selling \$47,000,000 of revenue bonds, and paying the same for the distribution plant of the power companies in Los Angeles.

Gentlemen, I am now going to withdraw Resolution No. 4351, Code No. 15.09, now pending before the utilities of this Board.

Very truly yours,

JAMES B. McSHEEHY, Supervisor.

**Requesting That an Injunction Be Issued Against Pacific Gas and Electric Company for the Distribution of Gas and Electricity for Power Purposes Here in San Francisco, as They Have No Franchise So to Do.**

(Code No. 15.096)

Resolution No. 4381, as follows:

Whereas, on December 19, 1913, President Wilson signed the Raker Act, which gave to the City of San Francisco the right to use the waters from Hetch Hetchy for domestic purposes and the right to impound these waters so as to generate hydro-electric power;

Whereas, this act is a contract with the Government and three Secretaries of the Interior have told us that we are violating the Raker Act by selling power to the Pacific Gas and Electric Company, instead of distributing it ourself;

Whereas, it has taken twenty-five years at a cost of \$160,000,000 to complete Hetch Hetchy;

Whereas, seven bond issues were carried by the City of San Francisco for Hetch Hetchy the citizens voting ten to one, and four times when they were requested to vote on the bond issues for a distributing system these bond issues were defeated;

Whereas, in the annual report of the Pacific Gas and Electric Company to the California Railroad Commission for the year 1933 they set up an expenditure of \$45,500 as an advertising item for defeating the bond issues dated August 26, 1930. Also, in the annual report for the year 1936, there was shown an expenditure of \$150,389 for donation to fraternal organizations charged as operating expenses. The last two bond issues that the City took up were treated in the same manner by the expenditure of large sums of money by the Pacific Gas and Electric Company;

Whereas, the gross receipts as shown by the California State Rail-

road Commission report for the year 1936 for the sale of gas and electricity in San Francisco was \$24,150,470 and it is estimated that this year, 1938, the gross receipts will be about twenty-seven millions of dollars;

Whereas, on April 11, 1938, the United States Circuit Court rendered a decision in the form of an injunction that will go into effect December 28, 1938, prohibiting the City of San Francisco from selling the power generated in Hetch Hetchy to the Pacific Gas and Electric Company amounting to about \$2,300,000. If this injunction is sustained by the higher court and the estimated time is not extended in its enforcement on the date specified we will find ourself in a position that we cannot meet our current bills for the fiscal year 1938 and 1939. Which will mean a deficit of \$1,200,000, and the only way this deficit can be met is by laying off City employees in various departments;

Whereas, the cost of a special election is about \$50,000 and if we hold one for the purpose of bonding our City for either revenue bonds or obligation bonds, for the distribution of our power generated in Hetch Hetchy, this money will be wasted. The Pacific Gas and Electric Company will treat these bond issues just as they have treated those in the past, defeat them by the expenditure of a large sum of money that they will charge to their maintenance or advertising cost;

Whereas, some nine years ago, the City of Los Angeles was in the same position that we are in today. The power companies were distributing gas and electricity for power and heating without a franchise. Two suits were filed, one in 1929 and one in 1931, an injunction was rendered by the Superior Court of Los Angeles against the power companies, an appeal was taken to the State Supreme Court. During the interim of some 13 months a compromise was reached in which revenue bonds to the amount of 47 million dollars were issued, and Los Angeles today is the proud owner of its own distributing plant, whereby an average rate of electricity throughout the entire city of Los Angeles is 25 per cent less than that here in San Francisco and a sliding scale is so arranged that the manufacturers throughout the City of Los Angeles are receiving rates of almost 50 per cent less than the manufacturers we have here in San Francisco are receiving;

Whereas, a precedent has been established by the City of Los Angeles in their settlement with the power companies as to the distributing of hydro-electric power showing conclusively that we have the sole right in reference to the granting of a franchise. All we have to do is to file suit requesting an injunction prohibiting the use of our streets by the Pacific Gas and Electric Company and we will be in the same position that the City of Los Angeles was in, and we can make the same terms by so doing with the Pacific Gas and Electric Company.

Resolved, That the City Attorney be instructed to file suit, no later than November 26, 1938, in the Superior Court of this city requesting that an injunction be issued against the Pacific Gas and Electric Company for the distribution of gas and electricity for power and heating purposes, as they have no franchise so to do.

**Mayor Requested to Appoint Citizens' Committee for Observance of Independence Day, July 4, 1939.**

(Code No. 5.93)

Supervisor Mead presented:

Resolution No. 4382, as follows:

Resolved, That the Mayor be and he is hereby respectfully requested to appoint a suitable Citizens' Committee for the proper observance of Independence Day, July 4, 1939.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Widening of Columbus Avenue.

Supervisor Ratto called attention to the proposed widening of Columbus avenue by reducing the width of sidewalks, stating that he did not think it right to penalize property owners by making them bear the cost of moving sub-surface retaining walls, etc., for the widening of a street, the benefit of which would be for the whole city, inasmuch as the proposed widening is planned to take care of traffic over the Golden Gate Bridge. Supervisor Ratto urged rescinding action previously taken, or amendment to ordinance whereby the replacement of sub-surface facilities, etc., must be performed by property owners. He announced he would report further at a later date.

### Rapid Transit Bus Proposal.

Supervisor Uhl called attention to bus proposal presented by himself in November, 1937, and referred to the Public Utilities Commission for study and report, and moved that the Public Utilities Commission be requested to make a report thereon, in detail, showing cost of operation, investment, etc.

No objection and so ordered.

### Widening of Post Street.

Supervisor Uhl announced that it was his intention to call out from Streets Committee the matter of widening of Post street. However, after statements by Supervisor Ratto, Chairman of the Streets Committee, and Supervisor Shannon, as to the consideration thereof in Committee, Supervisor Uhl expressed his willingness to hold in abeyance for a week his request for calling the matter out from Committee.

### Franchise Tax, Market Street Railway Company.

Supervisor Uhl inquired as to the disposition of check for \$46,065.71, received from the Market Street Railway Company, in payment of franchise tax. In reply to Supervisor Uhl's inquiry, City Attorney O'Toole stated that it was his opinion that the company had forfeited, by the tardiness of its payment, any of its franchise rights, and would so report in writing to the Joint Committee of Finance and Public Utilities to which the matter had been referred. Thereupon, President Shannon announced that the matter would be considered by committee on Friday, November 18, 1938.

### Reclassification of Property in Marina District.

The following communication from the City Planning Commission, re ordinance proposing the rezoning of property in the Marina District, previously referred to the Commission for its consideration, was read by the Clerk:

*Re: Ordinance Proposing the "Use" Reclassification of Property bounded by Laguna, Beach, Marina, Webster and Lewis Streets.*

November 14, 1938.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, Calif.

Gentlemen:

By letter of transmittal dated November 9th, you forwarded a copy of an ordinance proposing the Use Reclassification of the property in the area as above described. As is required by Section 117 of the Charter you properly submitted aforesaid ordinance for the report and recommendation of this Commission.

By implication, it would appear from a reading of the Charter that the instituting of a proceeding to propose by ordinance the reclassification of property can properly be done. The same section of the Charter, however, sets forth, affirmatively, a definite procedure for

filing applications directly with this department for proposing such reclassifications. The latter proceeding, i. e., by direct application to the Commission, has by custom become the usual one to follow and it is felt the optional procedure of proposing changes by ordinance introduced to the Board of Supervisors should not be adopted unless it be shown in each particular instance that a proceeding instituted by application directly to the Commission would not afford the proponents of a change to the Zoning Ordinance a full and ample remedy for the purposes sought to be accomplished.

It is respectfully submitted, in the interests of your Department as a whole and individually as Members of the Board of Supervisors, that unless you require justification be given for the introduction of such ordinances, in lieu of applications directly to this Commission, you might conceivably find yourselves constantly being beseeched to do the same thing for every citizen and property owner and thereby circumvent the direct proceeding by application as specifically set forth by Charter provisions.

If in this particular instance the proponents can show that a proceeding instituted by application direct to this Commission would not provide them with a full remedy for the results sought to be accomplished let your records so show in the interests of orderly inter-departmental procedure. If such showing of justification is made as will substantiate the introduction of the ordinance then return same and it will in turn receive all due consideration of this Commission as is required by Charter. In the meantime, the ordinance heretofore submitted is returned with the recommendation that same be disapproved by your Honorable Board on the technical grounds that a proceeding by application should be instituted directly with the City Planning Commission instead of by ordinance before the Board of Supervisors.

By order of the City Planning Commission.

Respectfully submitted,

MARK JORGENSEN, Secretary,  
City Planning Commission.

#### Privilege of the Floor.

Mr. Mark Jorgensen, Secretary, City Planning Commission, representing the Commission, explained the reasons prompting the action of the Commission in re-referring the proposed ordinance to the Board with its adverse recommendation. Mr. Martin Minney, representing the Marina Home Owners Association and Marina Improvement Association, stated that due to government ownership of land on two sides of that sought to be rezoned it was considered necessary to seek the rezoning by ordinance of the Board of Supervisors.

Thereupon, the chair announced that the entire matter, including the communication from the City Planning Commission, was *referred to the Public Buildings, Lands and City Planning Committee.*

#### Final Passage.

The following emergency measures, recommended by the Finance Committee, were *finally passed* by the following vote:

**Appropriating \$1,240 for Creation of Position of General Clerk Stenographer, Police Department. Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1761, Ordinance No. 9.051524, as follows:

Authorizing a supplemental appropriation of \$1,240 out of the surplus existing in Appropriation 809.101 to the credit of Appropriation 809.101, creating an additional position of one B-408 General Clerk-Stenographer in the Police Department, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$1,240 is hereby appropriated and set aside out of the surplus existing in Appropriation 809.101.00 to the credit of Appropriation 809.101.00 to provide funds for the compensation of one B-408 General Clerk-Stenographer for the balance of this fiscal year, in the Police Department, and said position is hereby created.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists in order to provide for the uninterrupted operation of the Police Department.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Roncovieri—2.

Amending Ordinance No. 12.2022, Granting Spur Track Permit to Walkup Drayage & Warehouse Company, Hawthorne Street.

(Code No. 12.20)

Supervisor Shannon presented:

Bill No. 1763, Ordinance No. 12.2024, as follows.

Amending Ordinance No. 12.2022 entitled "Granting Permission, Revocable at will of the Board of Supervisors, to Walkup Drayage and Warehouse Company, to lay down, construct, maintain and operate standard gauge spur tracks in Hawthorne Street between Howard and Folsom streets, as hereinafter described", by adding a new provision thereto, regulating the hours during which cars may be switched.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 12.2022, the title of which is recited above, is hereby amended to read as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Walkup Drayage and Warehouse Company, to lay down, construct, maintain and operate standard gauge spur tracks along and upon Hawthorne street between Howard and Folsom streets, said location being more particularly described as follows, to-wit:

Track No. 1. Beginning at a point in the existing track in the cen-

ter of Hawthorne street approximately 113 feet northerly from the northerly line of Folsom street, thence northerly on a curve to the right to a point in the easterly line of Hawthorne street approximately 203 feet northerly from the northerly line of Folsom street, thence into private property.

Track No. 2. Beginning at a point in the existing track in the center of Hawthorne street approximately 126 feet northerly from the northerly line of Folsom street, thence northerly along the center line of Hawthorne street to a point that is 155 feet southerly from the southerly line of Howard street, thence continuing northerly on a curve to the right to a point that is nine (9) feet westerly from the easterly line of Hawthorne street and 75 feet southerly from the southerly line of Howard street.

Provided that said spur tracks shall be laid under the supervision of and to the lines and grades as provided by the Bureau of Engineering, Department of Public Works, and that any and all expenses connected with the installation of the tracks, restoration of the pavement, and any additional requirements for surface drainage are to be paid for by the Walkup Drayage and Warehouse Company.

Provided, further, that girder rail is to be installed within the lines of the street; all drainage intercepted by the tracks is to be provided for by constructing catchbasins and connecting the same with the sewer and where the tracks are over or cross over the existing sewer, the sewer shall be reinforced where necessary.

Provided, further, that there shall be no switching of cars upon the aforementioned spur tracts during the hours from 7 a. m. to 7 p. m., and that violation of this provision shall constitute good and sufficient cause for the revocation of said spur track permits.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

*Referred to Streets Committee.*

#### **Adopted.**

The following recommendation of his Honor the Mayor was taken up:

**Leave of Absence—Hon. William F. Benedict, Member  
Board of Education.**

(Code No. 4.053)

Resolution No. 4383, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. William F. Benedict, member of the Board of Education, is hereby granted a leave of absence for a period of thirty days, commencing November 16, 1938, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

#### **Franchise for Distribution of Gas for Other Than Lighting Purposes.**

Supervisor Uhl moved that the City Attorney be directed to advise the Pacific Gas and Electric Company that if it should make an application for permission to distribute gas for heating purposes the application would be considered by the Board of Supervisors.

### Discussion.

Supervisor McSheehy objected to the foregoing being presented in the form of a motion, stating he thought the matter should be in form of a resolution, thus affording, in case of objection by a member of the Board, an opportunity for committee hearing.

Supervisors Reilly and Roncovieri objected to the motion as a more or less idle act, stating that the Board should not invite the Pacific Gas and Electric Company to do anything, but should they make application for a franchise, the Board would, of course, consider that application.

### Motion Withdrawn.

Thereupon, on the advice of the City Attorney that the Board could not take any action until the company had presented an application for a franchise for the distribution of gas for heating and power purposes, and that he felt that the Board should not invite such application, Supervisor Uhl *withdrew* his motion.

### City Attorney to Advise the Board as to Necessary Steps to Be Taken in the Matter of Franchise for Distribution of Gas.

Supervisor Uhl moved that the City Attorney be requested to bring into the Board, at its next meeting, the necessary steps to be taken regarding franchise for distribution of gas.

No objection and *so ordered*.

### Investigation on Rates Charged for Parking Automobiles.

Supervisor Mead requested that the City Attorney be asked if there is any authority for increased rates being charged for parking automobiles during any event or exhibition of public interest, such as a football game.

*So ordered.*

### Congratulations and Felicitations to Supervisor Reilly on His Election as Member of the State Board of Equalization.

**Authorizing Exchange of City Land for School Site in Merced Manor.**

(Code No. 12.1742)

Also, Bill No. 1749, Ordinance No. 12.17421, as follows:

Authorizing exchange of City land for school site in Merced Manor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter, and in accordance with the recommendation of the Board of Education, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading the first four parcels of City-owned land described in Ordinance No. 12.172216, to the Lang Realty Corporation, or its agent, in exchange for certain real property hereinafter referred to as Parcel A.

Section 2. Said four parcels of City-owned land are situated in the City and County of San Francisco, State of California, and are more particularly described as Parcels 1, 2, 3 and 4, in said Ordinance No. 12.172216, Bill No. 1639, approved by the Mayor of San Francisco on August 9, 1938, which parcels were proposed to be sold under the provisions of said ordinance.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the land to be traded to the Lang Realty Corporation, or its agent, to be \$7,000 less than the value of the parcel to be acquired by the City and County of San Francisco.

Section 4. Said Parcel A hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Commencing at a point on the southerly tangent line of Eucalyptus drive (the bearing of which tangent line is taken to be north 89 degrees 08 minutes 09 seconds west for the purpose of this description),

said point of commencement being the northwesterly extremity of that certain curve with a radius of 10 feet which connects said tangent line with the westerly tangent line of Nineteenth avenue, as said curve and said tangent lines are shown on Map of Merced Manor, which was filed January 2, 1932, in Book "M" of Maps, pages 53 to 56, inclusive, in the Recorder's Office of the City and County of San Francisco, State of California; running thence north 89 degrees 08 minutes 09 seconds west along said southerly tangent line 1292.47 feet to the true point of beginning; thence running north 89 degrees 08 minutes 09 seconds west along said southerly tangent line 486.3 feet; thence south 0 degrees 51 minutes 51 seconds west at right angles to said southerly tangent line 91.36 feet to the center line of a certain sewer; thence along said sewer center line south 3 degrees 50 minutes east 214.46 feet and south 33 degrees 41 minutes east 120.61 feet; thence leaving said sewer line north 75 degrees 04 minutes 10 seconds east 152.618 feet, north 42 degrees 08 minutes 40 seconds east 175.876 feet, north 71 degrees 09 minutes 20 seconds east 105.952 feet, south 89 degrees 08 minutes 09 seconds east parallel with said southerly tangent line 37.706 feet and north 0 degrees 51 minutes 51 seconds east at right angles to said southerly tangent line 195 feet to the true point of beginning.

Being a portion of the Rancho Laguna de la Merced in said City and County of San Francisco.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed, or deeds, for the conveyance of the first four parcels of land described in said Ordinance No. 12.172216 to the Lang Realty Corporation, or its agent. The Director of Property shall deliver said deed to the grantee upon receipt of the necessary deed to Parcel "A," and shall record the latter deed.

Section 6. The Controller is hereby authorized and directed to draw a warrant on the Treasurer in the amount of \$7,000 against the San Francisco Unified School District Reserve for Capital Outlay to the order of California Pacific Title & Trust Company as agent for the Lang Realty Corporation, to compensate for the difference in valuations referred to in Section 3 of this ordinance.

### Adopted.

The following recommendations of the Finance Committee were taken up:

### Providing for Issuance and Redemption of "School Bonds 1938."

(Code No. 21.31)

Resolution No. 4390, as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco authorized by special election held September 27, 1938, for the acquisition, construction and completion of new schoolhouse buildings, including furnishings and structures necessary to be used in and about said school buildings; prescribing the date and form of said bonds and the time of payment thereof; authorizing their execution and providing for the levy and collection of taxes sufficient for the payment thereof.

Whereas, all the requirements of law have been complied with in calling and holding the special election held in the City and County of San Francisco on the 27th day of September, 1938, at which election the proposition to issue bonds of said City and County in the principal sum of \$2,800,000 for the object and purpose of acquiring, constructing and completing the following municipal improvement, to wit: New schoolhouse buildings in the City and County of San Francisco and the acquisition of certain lands therefor, including the furnishings and structures necessary to be used in and about said schoolhouse buildings, was submitted to the voters of said City and County; and the Board of Supervisors of said City and County of San Francisco did meet and canvass the returns of said election and did as the result of such canvass determine and declare, and do hereby certify, that said proposition received at said special election the affirmative vote of more than two-thirds of all of the voters voting on said proposition at said election, and was thereby carried and adopted by said election, and the issuance of all of said bonds by said City and County was duly authorized; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Said Board of Supervisors hereby determines that the United States of America, by and through one of its agencies, to wit, the Federal Emergency Administration of Public Works, has made and agreed to make a grant of moneys in aid of said improvement hereinabove recited, satisfactory to this Board of Supervisors, of approximately forty-five (45) per cent of the estimated cost of said project (exclusive of land) for which said bonds are proposed to be issued as determined by the Administrator of the Federal Emergency Administration of Public Works, and that all conditions prescribed in the ordinance calling the election to authorize the issuance of said bonds have been fulfilled, and that, accordingly, bonds for the

purpose mentioned in the proposition voted upon at said election may be issued by said City and County.

Section 2. That bonds of the City and County of San Francisco in the aggregate principal sum of two million eight hundred thousand (\$2,800,000) dollars, to be known as "School Bonds 1938," shall issue to pay the cost of the acquisition, construction and completion of the municipal improvement of said City and County set forth in the following proposition, to wit:

PROPOSITION NO. 4: Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of \$2,800,000 for the acquisition, construction and completion of the following municipal improvement, to wit New schoolhouse buildings in the City and County of San Francisco and the acquisition of certain lands therefor, including the furnishings and structures necessary to be used in and about said schoolhouse buildings?

Section 3. That said bonds shall be issued as hereinafter set forth, and shall be sold in such manner as the Board of Supervisors shall determine, at not less than their par value and accrued interest. Said bonds shall be negotiable in form, and of the character known as serial, and shall be two thousand eight hundred (\$2,800) in number, numbered consecutively from 1 to 2800, both inclusive, of the denomination of \$1,000 each. All of said bonds shall bear interest from their date until paid, at the rate or rates designated in the bid of the successful bidder at the time of the sale of said bonds but not to exceed six (6) per cent per annum, payable semi-annually. Such interest shall be evidenced by coupons attached to each bond, and each of said coupons shall represent six months' interest on the bond to which it is attached. The principal of and interest on said bonds shall be payable at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York, in lawful money of the United States. Said bonds shall be dated December 1, 1938 (which is hereby fixed as and determined to be the date of the issuance of such bonds), and shall mature and be payable in consecutive numerical order from lower to higher, as follows: \$280,000 principal amount of said bonds shall mature and become payable on December 1st in each of the years 1939 to 1948, both inclusive. Said interest coupons shall be payable on the 1st day of June and the 1st day of December in each year until and at the respective dates of maturity of said bonds, the first coupons on each bond being payable on June 1, 1939.

Section 4. Said bonds shall each be substantially in the following form, the blanks in said form and in the form of coupon given below to be filled with appropriate words or figures, namely:

of San Francisco.

Section 5. The Mayor of the City and County of San Francisco and the Treasurer of said City and County are hereby authorized and directed, respectively, as such officers, to execute each of said bonds on behalf of said City and County, and the Clerk of the Board of Supervisors is hereby authorized and directed to countersign each of said bonds and to affix the corporate seal of said City and County thereto. The Mayor of said City and County is hereby authorized to execute said bonds by his lithographed printed or engraved facsimile signature. The Treasurer of said City and County is hereby authorized and directed to sign each of the interest coupons by his lithographed printed or engraved facsimile signature. Such signing, countersigning and sealing, as herein provided, shall be a sufficient and binding execution of said bonds and coupons by said City and County.

Section 6. For the purpose of paying the principal of and interest on said bonds the Board of Supervisors of the City and County of San Francisco shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect during each fiscal year, until such bonds are paid or until there shall be a sum in the treasury of said City and County set apart for that purpose, to meet all sums becoming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy. Said tax shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected, and as collected shall be forthwith paid into the fund for which the same was levied and collected. Such fund shall be designated "School Bonds (1938) Interest and Redemption Fund," and all sums to become due for the principal and interest on said bonds shall be paid from such fund. There shall likewise be deposited in said fund any moneys received on account of interest accrued on said bonds from their date to the date of delivery and actual payment of the purchase price thereof.

Section 7. There is hereby created and established a fund to be known as "1938 School Bonds Fund," which shall be kept by the Treasurer of said City and County, and all proceeds of sale of any of said bonds (except accrued interest received on such sale) shall be placed by the Treasurer to the credit of the said fund and shall be kept separate and distinct from all other municipal funds, and shall be applied exclusively to the acquisition, construction and completion of the aforesaid improvement.

Section 8. The Clerk of the Board of Supervisors is directed to cause a sufficient number of blank bonds and coupons of suitable quality to be prepared, and to cause the blank spaces thereof to be filled in to comply with the provisions hereof, and to procure their execution by the proper officers, and to deliver them, when so executed, to the Treasurer of said City and County, who shall safely keep the same until they shall be sold by the Board of Supervisors; whereupon he shall deliver them to the purchaser or purchasers thereof, on receipt of the purchase price.

**Recommending the Acceptance of \$46,065.71 From the Market Street Railway Company in Payment of Franchise Tax for the Calendar Year 1937.**

(Code No. 9.029)

Resolution No. 4391, as follows:

Whereas, communications were received from the Controller relative to the acceptance of a check of the Market Street Railway Company in the sum of \$46,065.71 in payment of the franchise tax of said company for the calendar year 1937 involving a question of franchise forfeiture, by reason of the failure of the company to pay said tax within the specified time, and referred by the Board to the City Attorney for his legal opinion; and

Whereas, the City Attorney has advised in view of the law and similar cases considered, that it was his opinion that the courts would not sustain a forfeiture of the present operating permits of the Market Street Railway Company should that be ordered by the Board of Supervisors, and has declared that the Board, in his opinion, is justified in accepting the check; now, therefore, be it

Resolved, That the Board of Supervisors, in accordance with said opinion, recommends the acceptance of the check tendered by the Market Street Railway Company in the amount of \$46,065.71, and that the Clerk of this Board be directed to deposit same with the Treasurer to the credit of the proper fund.

**Ordering the Improvement of Portions of Lawton Street (South-  
erly One-Half) Between Thirty-seventh Avenue and Thirty-  
eighth Avenue.**

(Code No. 12.0611)

Also, Bill No. 1775, Ordinance No. 12.0611105, as follows:

Ordering the performance of certain street work to be done in the  
City and County of San Francisco, approving and adopting specifica-  
tions therefor, describing and approving the assessment district, and  
authorizing the Director of Public Works to enter into contract for  
doing the same.

Be it ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. The Director of Public Works in written communication  
filed in the office of the Clerk of the Board of Supervisors October 31,  
1938, having recommended the ordering of the following street work,  
the same is hereby ordered to be done in the City and County of San  
Francisco in conformity with the provisions of the Street Improvement  
Ordinance of 1934, of said City and County of San Francisco, said  
work to be performed under the direction of the Director of Public  
Works, and to be done in accordance with the specifications prepared  
therefor by order of said Director of Public Works, and on file in his  
office, which said plans and specifications are hereby approved and  
adopted.

That said Board of Supervisors, pursuant to the provisions of Street  
Improvement Ordinance of 1934, of said City and County of San  
Francisco, does hereby determine and declare that the assessment to  
be imposed for the said contemplated improvements, respectively, may  
be paid in ten (10) installments; that the period of time after the  
time of the payment of the first installment when each of the succeed-  
ing installments must be paid is to be one year from the time of pay-  
ment of the preceding installment, and that the rate of interest  
to be charged on all deferred payments shall be seven per centum  
per annum.

The improvement of portions of: Lawton street (southerly one-half),

between Thirty-seventh avenue and Thirty-eighth avenue, by grading to official line and grade and by the construction of the following:

Item

- | No. | Item   |

#### **Establishing Walk Widths on Post Street Between Market Street and Van Ness Avenue.**

(Code No. 10.0731)

The following matter was taken up:

Bill No. 1777, Ordinance No. 12.0731139, as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Eight Hundred and Thirty-seven (837) thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office November 21, 1938, by amending Section Eight Hundred and Thirty-seven (837) thereof, to read as follows:

#### **Section 837:**

The width of sidewalks on Post street between Market and Powell streets shall be 15 feet.

The width of sidewalks on Post street (the northerly side of) between Powell and Mason streets shall be 12 feet.

The width of sidewalks on Post street (the southerly side of) between Powell and Mason streets shall be 15 feet.

The width of sidewalks on Post street between Mason and Taylor streets shall be 15 feet.

The width of sidewalks on Post street between Taylor street and Van Ness avenue shall be 10 feet.

#### **Privilege of the Floor.**

Captain Charles Goff, representing the Police Department, recommended the reduction of sidewalk widths on Post street to ten feet. Mr. Joseph Cumming, representing merchants and property owners on Post street, protested any reduction of sidewalks.

#### **Motion for Indefinite Postponement.**

Supervisor Colman moved that the question of narrowing of sidewalks on Post street be indefinitely postponed.

*No second.*

**Motion for Postponement for One Week.**

Supervisor Ratto moved that the question of fixing sidewalk widths on Post street be postponed for one week, and that the Clerk prepare draft of ordinance to establish the width of sidewalks on Post street from Taylor to Van Ness avenue as they actually exist today.

Supervisor Roncovieri stated that he had no objection to a week's postponement of the matter, but did object to the fixing of the sidewalk width at fifteen feet.

**Consideration Postponed.**

Thereupon, the roll was called on motion for postponement for one week and the preparation of ordinance to establish the width of sidewalks on Post street from Taylor street to Van Ness avenue as they actually exist today and the same was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Ratto, Reilly, Schmidt, Shannon—8.

Noes—Supervisors Roncovieri, Uhl—2.

Absent—Supervisor Meyer—1.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.****Shipbuilding Industry in San Francisco.**

Supervisor Colman called the attention of the Board to the importance of reviving the shipbuilding industry in San Francisco, and to the efforts of our Congressmen in that direction, and moved that the Mayor be instructed to appoint a committee consisting of members from civic groups, labor groups, patriotic groups and a general representative group of the city's life, in order that we can get behind the efforts of our Congressmen and that something constructive can be done in bringing back the shipbuilding industry to San Francisco.

**Objection.**

Supervisor McSheehy objected to the motion, stating that he intended to ask the President of the Board to appoint three members of the Board to make an intensive study of the matter.

**Motion Withdrawn.**

Following a ruling of the Chair, that because of Supervisor McSheehy's objection, the foregoing motion would have to be referred to Committee, Supervisor Colman stated that he would be glad to have both matters go to Committee, his motion and the intended motion of Supervisor McSheehy. However, he stated, he would be glad to withdraw his motion if Supervisor McSheehy wished to present his own resolution.

Thereupon, Supervisor Colman withdrew his motion, and Supervisor McSheehy stated that he would present a resolution along the same lines at the next meeting of the Board.

**Reintroduction of Motion.**

Subsequently during the proceedings, Supervisor Colman stated that he had found that there was not necessarily any conflict between his motion and that of Mr. McSheehy, with regard to shipbuilding, and that he desired to reintroduce his motion. Accordingly he moved that the Mayor appoint a Citizens' Committee consisting of our legislators and members of civic bodies, patriotic groups and a cross section of the city's life to get to work and try to bring about a resumption of shipbuilding in San Francisco.

*Referred to Public Utilities Committee on motion of Supervisor Uhl.*

Supervisor McSheehy read editorial from San Francisco News of November 14, 1938, stressing the importance to San Francisco of the revival of shipbuilding.

*Referred to Public Utilities Committee.*

Later during the proceedings Supervisor Uhl announced that he had attended a meeting in the War Memorial Building when the matter of shipbuilding was discussed, and moved that Congressman Welch be invited to appear before the Board on November 28, 1938, at 2:30 p. m., in order that his views on the subject may be presented.

No objection and *so ordered*.

### Comparison of Electric Rates, San Francisco and Los Angeles.

SUPERVISOR MCSHEEHY: Last Monday, Supervisor Colman made the statement here, in reference to Proposition No. 13 on the last election ballot, some two weeks ago, and I stated that I would present a statement here in writing as a rebuttal of the statement made by Supervisor Colman; I will carefully read it:

San Francisco, California, November 21, 1938.

Statement by Supervisor James B. McSheehy in rebuttal to statements by Supervisor Jesse C. Colman in reference to the result of vote on Proposition No. 13, "Garrison Revenue Bond Act," at the election of November 8, 1938.

Replying to the remarks of Supervisor Colman as to the defeat of Proposition No. 13, "Garrison Revenue Bond Act," at the general election held November 8, 1938, in which he states that the results should be taken as a warning of how people feel in reference to revenue bonds. He stated that the last Legislature passed the Garrison bill by a unanimous vote which proposed among other things, for the issuance of revenue bonds by a majority vote of the electorate. This act was signed by the Governor and became a law of this State which would allow every political subdivision of the State to issue revenue bonds which are not obligation bonds and do not become a lien on any private property and which would enable every political subdivision of the State to issue revenue bonds for any utility that they desired.

He stated that the Garrison Revenue Bond Act was defeated by a vote of almost two and one-half to one, which is correct; but he did not state that Clem Whitaker of San Francisco, Manager of Campaigns, Incorporated, and of the State Association Against the Garrison Act, reported to Secretary of State Frank C. Jordan, in a sworn statement October 31, 1938, that \$70,143 had been expended since September 19th to defeat the act. In a previous report filed with Jordan, Whitaker declared that \$44,170 was spent prior to September 19th to defeat the proposal; making a total of \$114,313.

What other moneys were spent to defeat the act I do not know; I do know that this sum was spent because a sworn statement shows it. The advocates of the act did not spend scarcely a dollar. They are a small group of men who have no selfish interests and have but one desire, to operate public utilities for the people of this State and not for those who live in the East and in Europe, who own the greater part of the stock and bonds of a number of public utility companies that are today monopolizing the sale of power to the many political subdivisions of the State. He did not state that the Charter of Los Angeles permits that city to issue revenue bonds, and the framers of the Charter of the City and County of San Francisco took great care that no such legislation was written into our Charter.

SUPERVISOR UHL: "Inserted."

SUPERVISOR MCSHEEHY: Los Angeles County represents about half the voting population of this State. They are not interested, and the \$114,313 that was expended influenced a great many people of that city who were not interested in revenue bonds.

He did not state that the Federal Court has given San Francisco only until December 26th to obey the Raker Act and stop selling power to or through the Pacific Gas and Electric Company, and the court has flatly denied two attempts by counsel to disturb this mandate. Whether another request will be made, or whether or not it will be successful, of course, none of us know. But we do know if the mandate is carried out on the date specified San Francisco is facing a loss in this year's budget of \$1,200,000, which will mean the laying off of a number of our City employees. We also know that in making up next year's budget we will find ourselves with an increase of about \$2,300,000, which will mean about 30 cents in the tax rate. He did not tell you that the Secretary of the Interior told the Mayor of this City in no uncertain words that we were not keeping faith with Section 6 of the Raker Act, and that it is his duty as Secretary of the Interior to request an injunction against the sale of Hetch Hetchy power to the Pacific Gas and Electric Company for re-sale purposes.

He did not tell you that the power generated in Hetch Hetchy is brought down to Newark and from there distributed by the Pacific Gas and Electric Company to the northern part of this State. He did not tell you that that company has an abundance of power and that they do not require the power generated at Moccasin Creek. They simply have purchased it for the past 13 years to keep San Francisco from going into the power business. As I have stated a number of times, for the last 13 years they have paid an average of \$2,000,000 for our power delivered to Newark, which is 40 miles from San Francisco, and carry it across the Bay and distribute it to us for \$10,000,000. He did not tell you that we are paying more here in San Francisco for power and water than any other city in the United States of comparable size and that is why our factories are leaving us. We are becoming a ghost city and we will become one unless we create conditions here so that we can sell power and water to our people for the same price that they are paying in other cities. These are facts and they cannot be denied.

I am going to ask that the Clerk of this Board mail a copy of this statement that I am making here today to every member of this Board, so that each and every one of us can read it over carefully and see if we cannot do something that will place this old City of Saint Francis where it belongs and not allow it to become a third rate city here in California. We are now a second rate city, and we'll be a third rate city if we do not watch our step. Oakland is increasing by leaps and bounds, and we are going back simply because we are paying more for water and power than any other large city in the United States, and we have the most wretched transportation system of any city in this great nation.

And it is signed, "James B. McSheehy, Supervisor." I am going to ask that the Clerk of this Board mail a copy of this statement I am making here today to every member of the Board so that each and every one of us can read it over carefully.

SUPERVISOR UHL: Through the Chair, might I ask who compiled that statement?

THE PRESIDENT: The statement will be made a part of the record.

SUPERVISOR UHL: I want to move the deletion of any reference to a ghost city, from this statement, in any reference made on this Board.

THE PRESIDENT: The Chair ruled last Monday, when Supervisor Colman made his statement, that any Supervisor had a right to read anything into the record he wanted, and I don't see how I can stop it on Supervisor McSheehy's part.

SUPERVISOR UHL: I move that portion of the statement be deleted.

THE PRESIDENT: You can't delete anything he reads into the record—

SUPERVISOR McSHEEHY: I have the floor, Mr. President. Now, Mr. Uhl, may I ask you one or two questions?

SUPERVISOR UHL: Certainly. I want you to answer one or two questions I have to ask, also.

THE PRESIDENT: What are you going to touch on now?

SUPERVISOR McSHEEHY: I am going to touch on a question of personal privilege, if you want to call it that.

THE PRESIDENT: You haven't been attacked.

SUPERVISOR McSHEEHY: Yes, I have, because I have received a letter, sent to me by Supervisor Uhl, a special delivery letter, and I simply want to touch on that special delivery letter.

THE PRESIDENT: It is not in connection with this matter, then; this matter is closed.

SUPERVISOR UHL: I request, then, for the information of the Board, that the letter be read into the record; he refers to a special delivery letter.

SUPERVISOR McSHEEHY: The letter positively will be read to the Board—

SUPERVISOR UHL (interrupting): All right, let's go.

SUPERVISOR McSHEEHY: Are you in a hurry? Mr. Uhl, did you send a letter to the City Attorney requesting certain information as to the cost of distribution of power?

SUPERVISOR UHL: No, sir.

SUPERVISOR McSHEEHY: You never sent such a letter?

SUPERVISOR UHL: For the distribution of power? No, sir; at no time.

SUPERVISOR McSHEEHY: Did you send a letter to the City Attorney—I will refresh your memory, perhaps, to some degree. I have here a letter from—which is in reply to a letter that you sent to Mr. O'Toole. I am asking—I will read it to you, just to refresh your memory. It is addressed to "John J. O'Toole"—

SUPERVISOR UHL: Under what date?

SUPERVISOR McSHEEHY: "Dear sir"—

THE PRESIDENT (interrupting): Under what date?

SUPERVISOR UHL: Yes, under what date?

SUPERVISOR McSHEEHY: This particular letter is November 15th.

SUPERVISOR UHL: What year?

SUPERVISOR McSHEEHY: 1938. I will just read the first portion of it for the purpose of refreshing the Supervisor's memory. "John J. O'Toole, City Attorney, Office, Dear Sir: Under date of June 9, 1938, I reported to you, on a motion of Supervisor Adolph Uhl, asking for comparisons of the electric rates of the Pacific Gas and Electric Company in San Francisco and of the Bureau of Light and Power, City of Los Angeles, for the two classes, 'Domestic Service' and 'Commercial Service.' Details of the rates and computations were set forth in that report, and I am now submitting a summary of that information, with certain revisions where the element of taxes is considered."

I simply make this statement, that on the date stated, I think our records will show a motion was made by Supervisor Uhl and forwarded to the City Attorney, and the outcome of it was this particular letter, and in doing so I simply particularly want to stress the fact that that was on June 9, 1933—

SUPERVISOR UHL (interrupting): 1938.

THE PRESIDENT: Yes, 1938.

SUPERVISOR McSHEEHY: June 9, 1938, practically five months ago, and at this time I want to read to you an article published in the San Francisco Chronicle, dated November 13th—I would like some attention, because I know you are going to be interested in this matter sooner or later—

"Supervisor Uhl challenged his colleague, Supervisor McSheehy, yes-

terday to substantiate his statement that average electric rates in Los Angeles are 25 per cent below those here.

"At a Utilities Committee meeting Thursday, Randall Ellis, City rate expert, read a report showing only slight differences between the rate schedule of the two cities. The Los Angeles rates were for the municipally owned utility.

"Quoting figures from the Ellis report, Uhl wrote:

"In spite of the foregoing rate schedule by accredited experts, you, as a layman, contend you are correct. Therefore, the statements by experts are erroneous.

"I challenge you to produce the rate schedules indicating the average 25 per cent lower rate and the sliding scale covering industrial rates of 50 per cent less than given manufacturers in San Francisco.

"Failing to present these rates, you should retract your misleading statement. This is a serious matter. Citizens expect dependable statements from a Supervisor. They are influenced by them. I contend the foregoing statements of yours are erroneous and misleading to the citizenship."

This letter was received by me at my home on November 18, 1938, at 9:45 p. m., special delivery. It is what you might term an open letter, and it was delivered to me on the Supervisor's stationery. I am kind of glad Captain Goff is here, or some expert from the Police Department is here, because certain matters pertaining to this, not being a police official, I would like to know.

"Honorable James G. McSheehy, Supervisor, City and County of San Francisco. Dear Sir: You maintain, in spite of the rate——"

SUPERVISOR UHL: Signed by whom, is that letter?

SUPERVISOR MCSHEEHY: This is signed by the Honorable—it is not stated that way here, I state it, but it is signed Adolph Uhl. "Dear Sir: You maintain, in spite of the rate presentation by Randall Ellis, rate expert, and agreed to by Paul Ost, electrical engineer, both in the employ of the City and County of San Francisco, that the average rate of electricity throughout the entire City of Los Angeles is 25 per cent less than here in San Francisco; and the sliding scale is so arranged that the manufacturers throughout the City of Los Angeles are receiving rates almost 50 per cent less than the manufacturers we have here in San Francisco are receiving. The rate schedule presented by Randall Ellis, and agreed in by Paul Ost, are as follows: Monthly bill——" Now that was only five rates given, and as I told you last week, there are 500 rates——

SUPERVISOR REILLY: Get that?

SUPERVISOR UHL: Sure.

SUPERVISOR MCSHEEHY: "Monthly bill, domestic consumption, 25 kilowatts per month——"

SUPERVISOR UHL (interrupting): Kilowatt hours.

SUPERVISOR MCSHEEHY: I am reading this.

SUPERVISOR UHL: I only want to correct it; this is not kilowatts, it is kilowatt hours.

SUPERVISOR MCSHEEHY: I am reading this, Mr. Uhl.

SUPERVISOR UHL: Read it correctly, then.

SUPERVISOR MCSHEEHY: "Domestic consumption, 35 k. w."——which is "kilowatt hours." I stand corrected, "per month, \$1.37; Los Angeles, \$1.33. 50 kilowatt hours, San Francisco, \$1.65; Los Angeles, \$1.61 per month. 100, ditto, ditto, \$2.50——"

SUPERVISOR UHL: \$2.56.

SUPERVISOR MCSHEEHY: "\$2.56, \$2.56."

SUPERVISOR UHL: Read it the way it is, "San Francisco, \$2.56; Los Angeles, \$2.56."

SUPERVISOR MCSHEEHY: I stand corrected again. "Commercial consumption, 250 kilowatt hours per month——"

SUPERVISOR UHL (interrupting): "350."

SUPERVISOR MCSHEEHY: "350 kilowatt hours per month, \$9.39, San Francisco, and Los Angeles, \$9.59. 500, ditto, ditto, ditto, San

Francisco, \$12.86; Los Angeles, \$13.21. 750 kilowatt hours per month, ditto, ditto, ditto, San Francisco, \$18.66; Los Angeles, \$19.24.

"I repeat, in spite of the foregoing rate schedule by accredited experts in the matter of electricity rates that you, as a layman, contend you are correct; therefore, the foregoing statements by experts are erroneous. Supervisor McSheehy, I challenge you to produce the rate schedules indicating the average 25 per cent lower rate, and the sliding scale covering industrial rates of 50 per cent less than given manufacturers in San Francisco. Failing to present these rates, you should retract your misleading statement. This is a serious matter. Citizens expect dependable statements from a Supervisor. They are influenced by them. I contend the foregoing statements of you are erroneous and misleading to the citizenship."

Now——

SUPERVISOR UHL (interrupting): Will you accept the challenge?

SUPERVISOR MCSHEEHY: Now listen to this last word, listen to this last word——

SUPERVISOR UHL: Will you accept my challenge?

SUPERVISOR MCSHEEHY: "Yours truly, Adolph Uhl, Supervisor."

Now, Mr. Uhl, may I ask you another question that I forgot? Do you usually attend meetings of this Board where you are not on the committee?

SUPERVISOR UHL: Frequently I do, especially when it is an interesting matter, such as referred to here.

SUPERVISOR MCSHEEHY: Now, may I make this statement to this Board: That Mr. Uhl asked these rates from the expert five months ago, and he received some reply; I don't know just what it was. This letter was written last week, and I am positively going to contest his statement, but I am not doing so in any shape, manner or form in the form of a challenge; I didn't know that the Pacific Gas and Electric Company had a real champion on this Board.

SUPERVISOR UHL: Who is he?

SUPERVISOR MCSHEEHY: Adolph Uhl.

SUPERVISOR UHL: I will challenge you on that, too.

SUPERVISOR MCSHEEHY: That word "challenge" is a word that I don't know as I ever heard used on this Board until Adolph Uhl became a member of it.

SUPERVISOR UHL: High time you did.

SUPERVISOR MCSHEEHY: I never remember of it; I have heard of the word "challenge" in certain athletic affairs, champion wrestlers, prize fighters, golf players, but I never heard it used on this Board, so I am more than pleased to think that the Pacific Gas and Electric Company have a white hope on this Board, that that white hope is no less a person than Adolph Uhl, because here it is in writing.

Now I simply state to the membership of this Board that you shall receive from me, in the very near future, a direct statement as to the cost of lighting in the City of Los Angeles, and I trust, members of this Board, in closing, that you give some attention to the statement that I made, and that I am asking our Clerk to send to every member of this Board, because we are very liable, very liable, I don't know, to find ourselves in December, about December 28th, or thereabouts, the end of this year or the first part of next year—we are liable to find ourselves facing a deficit of \$1,200,000, and we are very liable to find ourselves when making up next year's budget under the necessity of having to place perhaps \$2,300,000 in that budget to face this deficit. That is just a start, but nevertheless it is a problem before us, and it requires thought, not challenges.

SUPERVISOR UHL: Mr. President, as a matter of personal privilege, I desire to answer the attack by Supervisor McSheehy, in saying I am representing the Pacific Gas and Electric Company. I won't answer that, but I will let my attorney answer it. I will say this; that Supervisor McSheehy, of all the members of this Board, he is the only one that keeps handing out misleading statements to the pub-

lic; he used to say that we were selling our power to the Pacific Gas and Electric Company and that we bought it back for twelve times what it cost them—

SUPERVISOR MCSHEEHY (interrupting): My thought, I wish the Clerk would instruct the stenographer, as far as he can, to take down every word that is being said. I rise to a point of order—

THE PRESIDENT: That is not a point of order; that is a request.

SUPERVISOR UHL: Thank you, Mr. President. It is still fresh in our memories that Supervisor McSheehy came in here during the recent campaign and talked, and talked, about a reduction in water rates, and handed out a lot of bunk—that's all you can call it—to fool the voters of San Francisco, and he did it pretty successfully. Now, I don't intend to sit idly by and see him get away with it any more; I am here to take care of the interests of the people of San Francisco, the people who pay the bills. Now, if Supervisor McSheehy is interested in just what has happened, I wanted to secure for the record a comparison of the rates on electricity between Los Angeles and here, because the Supervisor keeps harping on it; harping on the fact that we are paying exorbitant rates, and therefore I wouldn't be challenged as a layman trying to set my opinion up against that of experts, and so I requested our rate expert in the City Attorney's office to secure for me a comparison of the rates between the two cities. Now I really think it is a sufficiently important matter that Randall Ellis should come in here and read to us all of the records and show he corresponded back and forth with Mr. Scattergood in Los Angeles; whether is this correct or is that correct, so that when the matter came to us it would be 100 per cent correct, and I wanted to answer particularly that statement. I am not going to sit by here and see Supervisor McSheehy get by with anything of that sort again to fool the people of San Francisco. That is an important matter. Further, I think we should know that there is a fair comparison between the rates in San Francisco and Los Angeles, and when Supervisor McSheehy comes along and wants to make the statement that the average rates in San Francisco are 25 per cent higher than those in Los Angeles; and that on a sliding scale the power rates for industries are as much as 50 per cent lower for the manufacturers in Los Angeles than they are in San Francisco, I think it is high time that he be called down, and I will attend all meetings to see that these matters are properly brought to the attention of the committee.

By the way, I would like a transcript of that particular statement by Supervisor McSheehy?

SUPERVISOR MCSHEEHY: And I ask that a transcript of the statements made by Supervisor Uhl, and myself, be furnished this Board.

THE PRESIDENT: Who else?

SUPERVISOR MCSHEEHY: The statements by Supervisor Uhl and myself, that they be recorded in the record.

THE PRESIDENT: So ordered.

SUPERVISOR UHL: Just for the record, I wish to file as part of this record, a letter from Randall Ellis, Chief Valuation and Rate Engineer, to City Attorney O'Toole.

THE PRESIDENT: Okay (gavel).

(The letter ordered made a part of this record is as follows:)

"November 15, 1938.

"Mr. John J. O'Toole, City Attorney, Office.

"Dear Sir: Under date of June 9, 1938, I reported to you on a motion by Supervisor Adolph Uhl, asking for comparisons of the electric rates of the Pacific Gas and Electric Company in San Francisco, and the Bureau of Light and Power, City of Los Angeles, for the two classes 'Domestic Service' and 'Commercial Service.' Details of the rates and computations were set forth in that report, and I am now

submitting a summary of that information, with certain revisions where the element of taxes is considered.

"1. Existing domestic rates:

"(a) Consumption of 35 kilowatt hours per month. Monthly bill, San Francisco, \$1.68; monthly bill, Los Angeles, \$1.54. (San Francisco bill 7.8 per cent higher than in Los Angeles.)

"(b) Consumption of 50 kilowatt hours per month; the average domestic bill. Monthly bill, San Francisco, \$1.99; monthly bill, Los Angeles, \$1.87. (San Francisco bill 6 per cent higher than in Los Angeles.)

"(c) Consumption of 100 kilowatt hours per month. Monthly bill, San Francisco, \$3.09; monthly bill, Los Angeles, \$2.97. (San Francisco bill 4 per cent higher than that in Los Angeles.)

"2. Commercial service:

"(d) Consumption of 350 kilowatt hours per month. Monthly bill, San Francisco, \$11.35; monthly bill, Los Angeles, \$11.13. (San Francisco bill 2 per cent higher than that in Los Angeles.)

"(e) Consumption of 500 kilowatt hours per month, the average commercial bill. Monthly bill, San Francisco, \$15.53; monthly bill, Los Angeles, \$15.33. (San Francisco bill 1.4 per cent higher than that in Los Angeles.)

"(f) Consumption of 750 kilowatt hours per month. Monthly bill, San Francisco, \$22.55; monthly bill, Los Angeles, \$22.33. (San Francisco bill 1 per cent higher than that in Los Angeles.)

"3. Supervisor Uhl further requested a comparison of rates if all taxes were eliminated. In order to make a comparison through the elimination of items in the rates which are not common to both the P. G. and E. and the Bureau of Power and Light, I have deducted from the P. G. and E. bills 17.28 per cent as representing all taxes, Federal, State and City and County applicable to these two classes of service; and from the Los Angeles bills 13.85 per cent as representing bond retirement and outside taxes paid through rates, with the following results:

*Monthly Bills.*

Domestic Consumption—	San Francisco	Los Angeles
35 k. w. h. per month.....	\$ 1.37	\$ 1.33
50 k. w. h. per month.....	1.65	1.61
100 k. w. h. per month.....	2.56	2.56
Commercial Consumption—		
350 k. w. h. per month.....	9.39	9.59

"Mr. Uhl made further inquiry as to the method pursued in determining electric rates for San Francisco. Such rates are not determined on a study of San Francisco as a separate entity. The California Railroad Commission considers the electric properties of the P. G. and E. Co. as a whole, and determines a fair average rate of return for the consolidated system. Generally, San Francisco and other metropolitan areas yield a higher rate of return than the average, and conversely, the suburban and rural areas yield a lower rate of return. It follows that if San Francisco were considered as a separate entity, with no relation to the other territory in the system, and if the fair average rate of return were applied to San Francisco, it would result in a reduction in rates. To determine the degree of this reduction would require considerable detailed study, as the various elements of the rate problem are constantly changing.

"Respectfully submitted,

"M. RANDALL ELLIS,  
"Chief Valuation and Rate Engineer."

**Mayor to Appoint Citizens' Committee for Proper Observance of  
Lincoln's Birthday, February 12, 1939.**

(Code No. 5.93)

Supervisor Meyer presented:

Resolution No. 4392, as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to arrange for the proper observance of Lincoln's Birthday, February 12, 1939.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Appointment of Arthur M. Brown, Jr., John P. McLaughlin,  
James E. Ricketts, Richard J. Welch and Hugo D. Newhouse  
as Directors of Golden Gate Bridge and Highway District, Vice  
Themselves.**

(Code No. 12.111)

The following recommendation of the Public Utilities Committee was taken up:

Resolution No. 4393, as follows:

Resolved, That the Board of Supervisors of this City and County does hereby elect the following named persons to act as Directors of the Golden Gate Bridge and Highway District to represent the City and County of San Francisco from and after December 24, 1938: Arthur M. Brown, Jr., John P. McLaughlin, James E. Ricketts and Richard J. Welch; and be it

Further Resolved, That Hugo D. Newhouse be and is hereby elected as a Director of the Golden Gate Bridge and Highway District to represent the City and County of San Francisco from and after November 25, 1938.

**Motion for Postponement.**

Supervisor Reilly, seconded by Supervisor Roncovieri, moved that consideration of the foregoing resolution be postponed for one week.

Before the motion was put, Supervisor Reilly stated that nothing personal prompted his motion; all the Directors whose names were mentioned were splendid men and would, no doubt, be reappointed, and he would probably vote for them all. He did, however, object to the way the appointments were being made; it looked like programming, and he did not like it.

**Objection to Postponement.**

Supervisor Colman objected to postponement, stating that he would be absent at the next meeting of the Board, and he would like to cast his vote for the reappointment of the Directors named. He stated further, that since no new names were being presented, and that the present Directors had served well that he could see no objection to their continuance in office.

Supervisor Uhl also objected to postponement of action, since there appeared no objection to any of the Directors named. However, he would be willing to vote for postponement, provided action could be had on the reappointment of Director Hugo Newhouse, whose term would expire on November 25, 1938.

In reply to objections raised against postponement, Supervisor Reilly stated that he had no objection to the names of the Directors presented. His objection was to the manner of procedure. He did not know that the matter was coming before the Board, and if he had a

candidate to propose for appointment he would not have been given the opportunity of presenting his name.

Supervisor Roncovieri stated that he had seconded the motion for postponement because the matter savored very much of the rush act. Supervisor Roncovieri also expressed doubt about some of the Directors who, he believed, were not very favorable to San Francisco, but who have voted to spend money for approaches on the Sausalito end of the bridge, but have voted against expenditures on the San Francisco end. In reply to question by Supervisor Roncovieri, Supervisor Brown stated that Director Newhouse had been opposed to the expenditure of money on both the Sausalito and the San Francisco approaches to the bridge.

Supervisor Uhl called attention to the expiration of Director Newhouse's term before the time of the next meeting of the Board.

Thereupon, Supervisor Reilly announced that if Supervisor Roncovieri was satisfied he would withdraw his motion. Supervisor Roncovieri stated he was not satisfied.

#### Roll Call on Motion.

The roll was called and the motion to postpone action on resolution reappointing Directors to the Golden Gate Bridge and Highway District failed by the following vote:

Ayes—Supervisors Reilly, Roncovieri—2.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

#### Motion to Amend Resolution.

Supervisor Roncovieri moved that the proposed resolution be amended to provide that each candidate for appointment as Director be required to take an oath of office.

*Motion failed for want of a second.*

#### Explanation of Vote.

Before the roll was called on adoption of the proposed resolution, Supervisor Reilly explained his vote as follows:

"Speaking on the motion to adopt the resolution, I remember one of the bridge directors who was criticized severely because he could not attend the meetings due to the fact that he was absent from San Francisco. I remember the very severe criticism against Congressman Welch, and that came from none other than the Chairman of the Bridge Directors. I am going to vote for the five but I want my expressions recorded that there have been some criticisms by Bridge Directors themselves. I do not know why the Directors seem silent. They seem to be in accord now and not so long ago they were not in accord."

#### Statement by President Shannon.

Thereupon, President Shannon relinquished the chair temporarily, taking the floor to reply to Supervisor Reilly's remarks, stating that he had not intended to enter into the discussion, but since Mr. Reilly had called attention to the fact that when he (President Shannon) had taken the chair as President of the Golden Gate Bridge and Highway District he had requested Mr. Welch to resign, he desired to reply. President Shannon reviewed the situation referred to by Supervisor Reilly, repeating statements previously made by him. However, he stated, that due to the attitude of the various improvement clubs, he was willing to go along and vote for Congressman Welch as Director for another four years.

### Resolution Adopted.

Whereupon, the roll was called and the resolution, as presented, was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### Appointment of Committee to Attend Gubernatorial Inaugural Ceremonies at Sacramento.

Supervisor Ratto presented resolution, requesting the President of the Board to appoint a committee of all Supervisors who wished to attend, to represent San Francisco at the gubernatorial inaugural ceremonies at Sacramento, in January, and repealing Resolution No. 4379, adopted by the Board on November 14, 1938, providing for the appointment of a committee of three Supervisors to attend the inaugural ceremonies.

### Objection.

Supervisor McSheehy objected to the suspension of the rules for the purpose of considering the resolution presented, stating he had no objection to the appointment of as many Supervisors who desired to attend the ceremonies, but he did object to the repeal of resolution presented by him the week previous and adopted by the Board. He stated further that he would be glad to move to amend his own resolution to provide for the appointment of any or all members who desired to go to Sacramento.

### Resolution Withdrawn.

Thereupon, Supervisor Ratto *withdrew his resolution*.

### Amendment to Resolution.

Subsequently during the proceedings Supervisor McSheehy moved that his resolution (Resolution No. 4379) be amended to read that all members of the Board who wished to attend the inaugural ceremonies be appointed.

### Amendment to Amendment.

Supervisor Ratto moved as an amendment to the amendment that there be added to the amendment the provision that attendance at the inaugural ceremonies shall be at the expense of those appointed.

*Motion failed for want of a second.*

### Adopted.

Thereupon, the roll was called and the following resolution, presented by Supervisor McSheehy, was *adopted* by the following vote:

### Appointment of Committee to Attend Inaugural Ceremonies for the Governor, January 2, 1939.

(Code No. 5.93)

Resolution No. 4394, as follows:

Resolved, That Resolution No. 4379, presented by Supervisor James B. McSheehy and adopted by the Board of Supervisors on November 14, 1938, be amended to read as follows:

Resolved, That the President of the Board of Supervisors be and he is hereby authorized to appoint a committee of all members of the Board who so desire, to attend the inaugural ceremonies for the Governor at Sacramento, on Monday, January 2, 1939.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—9.

No—Supervisor Uhl—1.

Absent—Supervisor Reilly—1.

**Commending William Randolph Hearst for Efforts on Behalf of Persecuted Central European Jews.**

(Code No. 5.1)

Supervisor Reilly presented:

Resolution No. 4395, as follows:

Whereas, the plight of the oppressed and persecuted Jews of Central Europe is of international concern; and

Whereas, a solution of this problem has been proposed by William Randolph Hearst through settlement of the refugees in colonies in Africa; and

Whereas, the "Hearst Plan" has been hailed as a genuine solution of the problem of grave importance; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco commend the proposal and its author for his humanitarian endeavor.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**New Year's Eve Celebration on Treasure Island for the Benefit of the San Francisco Shut-In Association.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 4396, as follows:

Whereas, under the joint sponsorship of the Sunrise Breakfast Club and the South of Market Boys a gala New Year's eve celebration will be held on Treasure Island; and

Whereas, the elaborate plans now being made for dancing and star entertainment at this affair will provide one of the most colorful and enjoyable events of the season; and

Whereas, the proceeds from this endeavor are to be deposited in the treasury of the San Francisco Shut-In Association for use in that organization's vital and humanitarian work; and

Whereas, the Shut-In Association was organized for, and successfully carries on the work of caring and providing for the needs, particularly medical and recreational, of those unfortunate people in our midst who would not otherwise enjoy such benefits; now, therefore, be it

Resolved, That the Board of Supervisors does hereby lend its approbation to this most laudable endeavor and does urge the citizenship to give its whole-hearted support thereto, both morally and by attendance at the celebration; and be it

Further Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to assist in the arrangements for this celebration and to work for its financial success; and be it

Further Resolved, That copies of this resolution be sent to his Honor the Mayor, to Sergeant Peter R. Maloney, president of the Shut-In Association, and to the press.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Communication From Women's Safety League of Northern California.**

The following communication was presented by Supervisor Reilly:

November 17, 1938.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: At a recent meeting of the Women's Safety League of Northern California, the matter of establishing an accident investiga-

tion squad within the San Francisco Police Department was thoroughly considered, following a report of a special committee which had the matter under consideration for several months.

As a result of this study, supported by reports from other sections of the United States, the following resolution was unanimously adopted by this organization:

"Whereas, many thousands of visitors will be in San Francisco to attend the Golden Gate International Exposition in 1939; and

"Whereas, this additional congestion coupled with the present traffic hazards must be considered an emergency to be met by every possible facility; and

"Whereas, a competent Accident Investigation Squad may be immediately established within the Police Department by the expenditure of approximately \$6,000 for equipment such as cameras, supplies, first-aid kits, measuring tapes, et cetera; and

"Whereas, the Chief of Police and the District Attorney have expressed a desire for the establishment of such a squad and the Police Department is ready to assign fifty trained and qualified officers for this special selective traffic duty; therefore, be it

"Resolved, That the Women's Safety League of Northern California respectfully requests the Honorable Board of Supervisors of the City and County of San Francisco to take the necessary steps to provide the requested \$6,000 for this accident prevention traffic control and life-saving activity."

In accordance with instructions from the Women's Safety League, I respectfully ask that this resolution be given your immediate attention, and this \$6,000 provided without further delay in order that these men may be started on this work prior to December 1 of this year.

Sincerely yours,

MRS. LOTTIE HUENERGARDT,  
President Women's Safety League of  
Northern California.

Privilege of the Floor.

Chief of Police William J. Quinn was granted the privilege of the floor. He stressed the importance of such accident prevention control and life-saving activity and urged, that if possible, the suggested appropriation be authorized.

#### Land Purchase—Nineteenth Avenue Widening.

(Code No. 12.1711)

Supervisor Roncovieri presented for the Finance Committee:

Resolution No. 4397, as follows:

Resolved, in accordance with the recommendation of the Department of Public Works, that the City and County of San Francisco purchase from J. Alan Mohr and Elsie Mohr, or the legal owner, a portion of Lot 19, Block 2138, San Francisco, required for the widening of Nineteenth avenue, and that the sum of \$1,975 be paid for said land from Appropriation No. 951.908.57, Project No. 5-A.

The above sum includes damages in full to the improvements now located on the property, said improvements to be relocated by the grantors within thirty days after recording the deed to the city.

Reference is hereby made to the written offer on file in the office of the Director of Property from the above named parties for a particular description of said parcel of land.

The City Attorney shall examine and approve the title to said property.

Approved by the Director of Property.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Authorizing the City Attorney to Appear Before the Railroad Commission and Oppose the Application for the Abandonment of the San Francisco-Alameda Ferry Service.**

(Code No. 15.093)

Supervisor Shannon presented:

Resolution No. 4398, as follows:

Whereas, an application for the abandonment of the San Francisco-Alameda ferry service will be heard by the Railroad Commission on December 7, 1938; and

Whereas, this ferry service forms the only convenient connecting link between San Francisco and the site of the \$15,000,000 Naval Air Base at Alameda, which San Francisco fought so vigorously to establish; and

Whereas, it is of vital importance to San Francisco that a facile and direct means of transportation be maintained between this city and the new air base, as well as Alameda; and

Whereas, if necessary, the service on this run can be curtailed without complete abandonment thereof; now, therefore, be it

Resolved, That this Board of Supervisors does hereby authorize and instruct the City Attorney, representing the City and County of San Francisco, to appear at the hearing of this application before the Railroad Commission and to intervene in and resist the granting thereof.

#### **Privilege of the Floor.**

The privilege of the floor was granted Mr. George Gearhardt, who urged the adoption of the foregoing resolution.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### **Breakdown of Costs for Bus Operation.**

Supervisor Uhl called attention to request for information concerning the cost of operation of buses, sent to the Public Utilities Commission under date of August 27, 1938, to which he had not received a satisfactory reply. Supervisor Uhl stated that he felt too great a proportion of certain administrative and other costs were charged against bus operation, and moved that the Clerk be directed to follow up his request for proper breakdown of costs charged to trolley and bus operation.

*Motion failed for lack of a second.*

#### **Rezoning of Property in Marina District.**

Supervisor Uhl reported on meeting of Public Buildings, Lands and City Planning Committee held Monday, November 14, 1938, at the conclusion of the regular meeting of the Board on that date, as follows:

November 21, 1938.

To the Honorable the Board of Supervisors.

Gentlemen: Your Committee on Public Buildings, Lands and City Planning, to which you referred the communication dated November 14, 1938, from the City Planning Commission relative to ordinance

providing for institution of proceedings for rezoning the property bounded by Laguna-Beach-Marina-Webster-Lewis streets, by the Board of Supervisors instead of the customary procedure by filing application directly with the City Planning Commission in which communication said Commission recommends as a matter of policy that such ordinance be not adopted, beg leave to report that your Committee met immediately after the meeting of the Board of Supervisors on Monday, November 14, 1938, gave the matter careful consideration and now recommends that same be rereferred to the City Planning Commission, and that the City Attorney be requested to draft necessary ordinance whereby any application for rezoning, etc., when made through the Board of Supervisors, that the same conditions attach thereto with respect to payment of fees and the filing of plans and maps as now apply in the case of applications made to the City Planning Commission.

Your Committee respectfully requests that the Board of Supervisors concur in and approve this recommendation.

Respectfully submitted,

ADOLPH UHL (Chairman),  
DR. ADOLPH E. SCHMIDT.

#### Privilege of the Floor.

Mr. Mark Jorgensen, Secretary of the City Planning Commission, who was granted the privilege of the floor, repeated his statements of the week previous regarding the attitude of his Commission with respect to rezoning procedure.

#### Re-reference to Committee.

Thereupon, Supervisor McSheehy, seconded by Supervisor Colman, moved that the matter be re-referred to the Public Buildings, Lands and City Planning Committee for further consideration, and that Mr. Jorgensen be invited to sit in with the Committee.

No objection and *so ordered*.

#### Supervisor Colman Excused From Attendance at Next Meeting of the Board.

Supervisor Colman requested to be excused from attending the next meeting of the Board, November 28, 1938, stating it would be necessary for him to be in Los Angeles.

Request *granted*.

#### San Francisco Exhibit at Exposition.

The following communication was presented by his Honor the Mayor and ordered inserted in the record:

#### CITY AND COUNTY OF SAN FRANCISCO

Mayor's Office

November 19, 1938.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: On Monday, August 1, 1938, your Honorable Board by unanimous vote passed an ordinance authorizing a supplemental appropriation of \$20,000 from the several public utility funds in order to make available that amount of money in addition to \$20,000 from the Exposition Fund of the City and County for the installation of an Exposition Exhibit of the Public Utilities Commission.

In other words, it was the desire of the Public Utilities Commission to have an exhibit at the Exposition which would cost \$40,000.

I have prevailed upon the Commission to abandon certain of their original plans so that there may be available for the maintenance and operation of *all* of the municipal exhibits at the Exposition a greater sum than would have been otherwise available.

I deem it my duty to advise you of this change in policy on the part of the Public Utilities Commission. I would appreciate it if this letter could be made a portion of your Journal of Proceedings of Monday, November 21, 1938, in order that the record might show that this \$20,000 from the Exposition Fund of the City and County instead of being used by the Public Utilities Commission exclusively for its exhibit will be made available for the maintenance and operating expenses of the San Francisco Exhibit in its entirety.

### ADJOURNMENT.

There being no further business, the Board, at the hour of 5:25 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors November 28, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Absent—Supervisors Brown, Colman, Mead, Reilly, Roncovieri—5.

### Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

### Interdepartmental Transfer of Funds.

(Code No. 9.051)

Bill No. 1778, Ordinance No. 9.051529, as follows:

Reappropriating \$1,400 out of the surplus in existing appropriations, No. 850.101.05, \$80, and No. 850.101.18, \$1,320, to the credit of Appropriation No. 850.101.19 to transfer funds to the proper appropriation for the transfer from Bureau of Communicable Diseases of 1 Supervising Field Nurse at \$175 per month to Field Nursing—Other, as a Field Nurse at \$175, and the transfer from Field Nursing—Schools, of 1 Field Nurse at \$165 per month to Bureau of Communicable Diseases as a Supervising Field Nurse at \$165.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby reappropriated and set aside out of the surplus existing in Appropriation No. 850.101.05, \$80, and Appropriation No. 850.101.18, \$1,320, to the credit of Appropriation No. 850.101.19 to transfer funds to the proper appropriation for the transfer from Bureau of Communicable Diseases of 1 Supervising Field Nurse at \$175 per month to Field Nursing—Other, as a Field Nurse at \$175, and the transfer from Field Nursing—Schools, of 1 Field Nurse at \$165 per month to Bureau of Communicable Diseases as a

Supervising Field Nurse at \$165. The employments involved have been continuously employed and this ordinance will provide for the payment of the salaries thereof in accordance with the Salary Ordinance as amended by Bill No. 1717, approved October 5, 1938, and Bill No. 1718, approved October 5, 1938.

*Passed for second reading by the following vote:*

Ayes—Supervisors McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—6.

Absent—Supervisors Brown, Colman, Mead, Reilly, Roncovieri—5.

**Declaring Intention to Close and Abandon Portion of Meade Avenue, Between Bayshore Boulevard and Third Street.**

(Code No. 12.0621)

The following recommendation of the Streets Committee was taken up:

Resolution No. 4388, as follows:

Resolved, That the public interest requires that the certain following described portion of Meade avenue, lying between Bayshore boulevard and Third street, be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Meade avenue, more particularly described as follows, to-wit:

All that portion of Meade avenue, lying between Bayshore boulevard and Third street.

Said closing and abandonment of said portion of Meade avenue shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Meade avenue in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

**Privilege of the Floor.**

Mr. Robert J. McGahie, on being granted the privilege of the floor, urged that the matter be not re-referred to committee, but that the resolution of intention to close Meade avenue be adopted, and before the final closing was consummated the matter of the amount to be paid could be determined. Mr. McGahie suggested the amount of \$1,500 as reasonable for the property involved. However, after further discussion by the Director of Property, with his recommendation that due to the circumstances the amount of \$2,000 would be a reasonable amount to pay for the property. Mr. McGahie announced that his clients would be willing to pay that sum for the property to be acquired due to the proposed closing.

**Adopted.**

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

**Establishing Walk Widths on Post Street Between Market Street  
and Van Ness Avenue.**

(Code No. 10.0731)

The following recommendation of the Streets Committee was taken up:

Bill No. 1777, Ordinance No. 12.0731139, as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Eight Hundred and Thirty-Seven (837) thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office November 26, 1938, by amending Section Eight Hundred and Thirty-seven (837) thereof, to read as follows:

**Section 837:**

The width of sidewalks on Post street between Market and Powell streets shall be 15 feet.

The width of sidewalks on Post street (the northerly side of) between Powell and Mason streets shall be 12 feet.

The width of sidewalks on Post street (the southerly side of) between Powell and Mason streets shall be 15 feet.

The width of sidewalks on Post street between Mason and Taylor streets shall be 15 feet.

The width of sidewalks on Post street between Taylor street and Van Ness avenue shall be 15 feet.

**Motion to Amend.**

Supervisor Uhl moved that the foregoing bill be amended by changing Section 837 to read as follows:

Section 837. The width of sidewalks on Post street between Market street and Van Ness avenue shall be 12 feet.

He moved, further, that the effective date of ordinance providing for the above reduction of sidewalk widths be January 1, 1940.

Seconded by Supervisor Roncovieri.

**Amendment to Amendment.**

At the suggestion of the Chair, Supervisor Brown, seconded by Supervisor Schmidt, moved that the entire matter be re-referred to committee in order that the property owners affected might be heard.

Supervisor McSheehy voiced opposition to motion by Supervisor Uhl, and requested that Supervisor Brown withdraw his motion in order that the Board could vote on Supervisor Uhl's motion.

**Amendment to the Amendment Withdrawn.**

Whereupon, Supervisor Brown, with the consent of his second, Supervisor Schmidt, *withdrew his motion.*

**Roll Call on Original Motion.**

Thereupon, the roll was called and Supervisor Uhl's motion to amend the bill fixing the width of sidewalks on Post street between Market

street and Van Ness avenue at 10 feet, was *defeated* by the following vote:

Ayes—Supervisors Mead, Roncovieri, Uhl—3.

Noes—Supervisors Brown, McSheehy, Meyer, Ratto, Reilly, Schmidt, Shannon—7.

Absent—Supervisor Colman—1.

#### Passed for Second Reading.

The roll was called and the foregoing ordinance, as recommended by the Streets Committee, was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

No—Supervisor Uhl—1.

Absent—Supervisor Colman—1.

Referring to City Planning Commission for Recommendation and Report, Proposed Zone Change and Height Limitation of Buildings in District Bounded by Laguna Street; Beach Street and Marina Boulevard; Webster Street, and Lewis Street.

(Code No. 13.02)

The following recommendation of the Public Buildings, Lands and City Planning Committee was taken up:

Resolution No. 4409, as follows:

Resolved, That in accordance with the provisions of Section 117 of the Charter, Bill No. 1759, Ordinance No. 13.025, Code No. 13.02, which has for its purpose the rezoning from Light Industrial District to First Residential District, the district bounded by Laguna street to the east, Beach street and Marina boulevard to the south, Webster street to the west, and the northerly line of Lewis street to the north, be referred to the City Planning Commission for recommendation and report thereon; and be it

Further Resolved, That Bill No. 1746, Ordinance No. 11.0828, Code No. 11.08, which has for its purpose the limitation of height of buildings in the identical district mentioned in Bill No. 1759, establishing the boundaries of such district, and providing penalties for the violation of its provisions, be also referred to the City Planning Commission for recommendation and report thereon.

#### Privilege of the Floor.

Mr. Delaney, attorney representing interested property owners and citizens, was granted the privilege of the floor. He urged the Board to refuse adoption to the foregoing resolution and let the matters be initiated before the City Planning Commission.

Supervisor Schmidt reminded the Board that the matters set forth in the proposed resolution had already been introduced in the Board, and referred to committee, and that the sole effect of the proposed resolution was to refer them to the City Planning Commission for report and recommendation in accordance with the provisions of the Charter and the City Attorney's advice.

#### Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Noes—Supervisors Reilly, Shannon—2.

Absent—Supervisor Colman—1.

**Abolishing Set-Back Lines Southerly Side of Lombard Street, Between Broderick Street and Lyon Street.**

(Code No. 13.03)

The following recommendation of the Public Buildings, Lands and City Planning Committee was taken up:

Resolution No. 4410, as follows:

Resolved, That the action of the City Planning Commission by its Resolution No. 1884, passed November 17, 1938, reading as follows:

Resolved, That subject to the approval of the Board of Supervisors, in accordance with Section 117 of the Charter, the following building set-back line be, and the same is hereby abolished:

Along the southerly side of Lombard street, between Broderick street and Lyon street; said set-back line being 31 feet 3 inches; and be it

Resolved Further, That a copy of this resolution shall forthwith be transmitted to the Board of Supervisors in accordance with the provisions of Section 117 of the Charter, is hereby approved.

On motion by Supervisor Uhl, consideration of the foregoing resolution was *postponed until December 5, 1938.*

**Re-referred to Committee.**

Subsequently during the proceedings the foregoing action was rescinded and the resolution, at the request of Supervisor Uhl, was *re-referred to the Public Buildings, Lands and City Planning Committee.*

**Adopted.**

The following recommendation of the Public Utilities Committee was taken up:

**Requesting His Honor the Mayor to Appoint Committee Including Three Supervisors to Make a Study and Recommendation as to Shipbuilding Industry in San Francisco.**

(Code No. 5.7)

Resolution No. 4411, as follows:

Whereas, despite the unceasing efforts of San Francisco's representatives in the Congress and the Senate, shipbuilding activities in San Francisco have, in recent years, suffered to the point of extinction; and

Whereas, if something drastic is not done in the immediate future to procure some portion of the recent revival of shipbuilding activity in the East for the benefit of San Francisco, that industry will be well nigh defunct; and

Whereas, the recent activities of the National Defense Council of the American Legion indicate that there is hope for early resumption of shipbuilding activities on the Pacific Coast; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to appoint a Citizens' Committee to include at least three Supervisors, to make a study of the present critical situation in conjunction with the best advice obtainable from labor, capital and industry, to the end that a return of prosperity may be brought to San Francisco by acquiring its share of the contracts for marine tonnage.

Adopted by the following vote:

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**Re the Advisability of Abolishing White Gloves as Part of the Regulation Uniform of Traffic Officers of the Police Department.**

(Code No. 11.01)

Supervisor McSheehy presented:

Resolution No. 4412, as follows:

Whereas, as part of the regulation uniform, officers in the Traffic Division of the Police Department are required to wear white cotton gloves; and

Whereas, these gloves not only cause great discomfort to many traffic officers but they also seriously hamper them in the conduct of their duties; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the Police Commission to give consideration to the advisability of abolishing white gloves as part of the regulation uniform of traffic officers; and be it

Further Resolved, That a copy of this resolution be sent to the Police Commission.

**Requesting Department of Public Works to Permit the Designation of Mission Street Between Sixteenth and Army Streets as "Santa Claus Lane" During the Christmas Season.**

(Code No. 5.94)

Supervisor Ratto presented:

Resolution No. 4413, as follows:

Whereas, the Mission Street Merchants' Association, for publicity purposes and during the Christmas holidays, has arranged with the Post Office Department to use the name of "Santa Claus Lane" in lieu of Mission street, for the period December 1 to December 26, 1938, inclusive, and wish to place street name signs, "Santa Claus Lane", upon all street signs bearing the name of Mission street between Sixteenth and Army streets, during this period; now, therefore, be it

Resolved, That the Board of Supervisors approves this action and respectfully refers this matter to the Department of Public Works with the request that they cooperate in granting permission to so designate Mission street between the points indicated, if there is no objection legally to do so.

*Referred to Streets Committee.*

**Authorizing Expenditure of \$6,000 From Any Unexpended Balances in Police Funds to Provide Necessary Protection Against Automobile Accidents.**

(Code No. 11.01)

Supervisor Roncovieri presented for Finance Committee:

Resolution No. 4414, as follows:

Resolved, That the Chief of Police be and he is hereby authorized to expend not to exceed \$6,000 out of any unexpended balance existing in the Police Fund, for the purpose of providing such protection as he may deem necessary against automobile accidents; and be it

Further Resolved, That the Controller is hereby empowered and au-

thorized to transfer and allow any unexpended balance in the Police Fund for this purpose.

*Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

**Controller to Credit Funds of Public Welfare Department With \$14.51, Amount of Loss Sustained Through Theft.**

(Code No. 19.02)

Supervisor Roncovieri presented for Finance Committee:

Resolution No. 4415, as follows:

Whereas, the Department of Public Welfare, in the conduct of its district office at 1015 Polk street, through theft on or about July 9, 1938, sustained a loss of \$14.51 from its cash on hand; and

Whereas, said loss was sustained without any negligence or carelessness on the part of the Department of Public Welfare, its Director, or its employees; now, therefore, be it

Resolved, That the Controller of the City and County of San Francisco be and he is hereby authorized and directed to write off as a loss the said \$14.51.

*Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

**Requesting the Market Street Railway Company to Make Arrangements for the Removal of Its Railway Tracks and Restoration of Pavement on the Roadways of Post and Leavenworth Streets Prior to the Opening of the Exposition in February of 1939.**

(Code No. 15.091)

Supervisor Uhl presented:

Resolution No. 4416, as follows:

Whereas, the roadways of Post and Leavenworth streets are in a deplorable condition, particularly upon those portions bearing street railway tracks upon which service has been abandoned; and

Whereas, it is vitally necessary that these streets be made comfortably passable for the great influx of vehicular traffic which will present itself during the Exposition; and

Whereas, reputable contractors have estimated that the work of removing the abandoned car tracks on Post and Leavenworth streets can easily be accomplished within thirty days, to be replaced with a temporary strip of pavement; and

Whereas, the work of removing the car tracks on these streets is the obligation of the Market Street Railway Company; now, therefore, be it

Resolved, That in a spirit of cooperation, the Market Street Railway Company be and is hereby requested to make arrangements for the immediate removal of its abandoned tracks on the above-named streets, in order that those portions of the roadway may be repaved prior to the opening of the Exposition in February of 1939.

*Referred to Streets Committee.*

**In Memoriam—Frank P. Noon.**

(Code No. 5.91)

Supervisor Reilly presented:

Resolution No. 4418, as follows:

Whereas, Frank P. Noon has been summoned by his Maker to his heavenly abode; and

Whereas, Frank Noon was, for over 20 years, a sports writer on the Call-Bulletin, during which time his comments elicited much praise; and

Whereas, his endeavors have been in no small measure responsible for the high standard enjoyed by the sports world; now, therefore, be it

Resolved, That this Board notes with extreme regret of the passing of Frank P. Noon and when it adjourns it does so out of respect to his memory; and be it

Further Resolved, That the Clerk of the Board transmit a copy of this resolution to the family of the deceased.

*Unanimously adopted by rising vote.*

#### Thanksgiving Day Dinner at Bernstein's Grotto.

Supervisor Schmidt reported on the annual Thanksgiving Day dinner for the poor at Bernstein's Grotto, as follows:

"I, too, Mr. President, was present on Thanksgiving Day at Bernstein's Grotto in which so many of our worthy poor of San Francisco were fed in a very hospitable fashion and certainly not niggardly fashion because observation soon showed that the meal that was offered to the poor on that day was certainly fitting for any private home. In other words, nothing was left undone. They had entertainment, music, they had, I believe, services donated by the Waiters' Union, by the Musicians', etc., and all entered into the spirit.

"It was a remarkably fine showing and about 1500 people were fed on that day and that the people of San Francisco owe a debt of gratitude to the Bernstein family, Mrs. Bernstein and her son, Joseph, and that the least this Board can do is to pass a motion expressing the appreciation on the part of the people of San Francisco for their very generous gesture and I so move."

Whereupon, the Board, by *unanimous vote adopted* a motion of Supervisor Schmidt, seconded by Supervisor Roncovieri, expressing the thanks and appreciation of the people of San Francisco and of the Board to the Bernstein family for their very outstanding generosity to the poor.

#### Franchise for Distribution of Gas for Heating Purposes.

Supervisor Uhl requested that the City Attorney phrase the necessary motion to bring before the Board for consideration the matter of franchise for the distribution of gas for heating purposes by the Pacific Gas and Electric Company. Thereupon, Supervisor Uhl moved (the City Attorney having supplied the language) that the City Attorney be and he is hereby instructed to notify the Pacific Gas and Electric Company that if application is not made for a franchise to distribute gas for heating purposes in San Francisco prior to the 1st of January, 1939, the Board will recommend the necessary steps to prevent further distribution of gas for such heating purposes.

*Motion failed for want of a second.*

#### Communication From City Attorney Re Franchise for Distribution of Gas for Other Than Lighting Purposes.

The following communication was read by the Clerk and *referred to the Public Utilities Committee*:

November 21, 1938.

Honorable Board of Supervisors, City Hall, San Francisco.

Dear Sirs: You have advised me that at the meeting of your Board held on the 14th instant, Supervisor Uhl moved that the City Attorney be requested to bring into the Board at its next meeting the necessary

steps to be taken regarding a franchise for the distribution of gas. There being no objection to the motion it was declared adopted.

I take it that, as the Pacific Gas and Electric Company already has its constitutional franchise for the distribution of gas for lighting purposes, you refer to a franchise solely for heating purposes. Your attention is directed to the Act of 1937, entitled "An Act providing for the granting by legislative bodies of municipalities of franchise for transmitting and distributing electricity or gas, providing for the duration and terms of such franchises and conditions for granting same and providing for the forfeiture thereof for noncompliance therewith." This Act is found in Statutes of 1937, at page 1781.

Section 2 of the Act provides:

"Sec. 2. An applicant for any franchise above mentioned shall file with the legislative body of the municipality in which such franchise shall be desired an application which shall state (a) the name of the applicant, (b) the purpose and term, whether definite or indeterminate, for which the franchise will be desired, (c) that the applicant if granted the franchise will pay to such municipality during the life of such franchise the amount specified in the Act."

Section 3 of the Act provides:

"Sec. 3. Upon receipt of said application the legislative body of the municipality may pass its resolution declaring its intention to grant the franchise applied for, stating the character of the same, setting forth a notice of the day, hour and place when and where any and all persons having any objection to the granting thereof may appear before the legislative body and be heard thereon, and directing the clerk of said legislative body to publish said notice at least once within fifteen (15) days after the passage of said resolution . . . The time fixed for such hearing shall be not less than twenty (20) nor more than sixty (60) days after the date of the passage of said resolution. Said notice shall state that the grantee of said franchise . . . will, during the life of said franchise, pay to the municipality the percentage specified in said application."

This section also provides that at the time of the hearing the legislative body shall proceed to hear and pass upon any objection made against the granting of the franchise and may grant or refuse such franchise.

You will note from the portions of the Act quoted that the application must be initiated by the person desiring the franchise. Therefore, in the instant case, if you desire to have the Pacific Gas and Electric Company make an application for the franchise, they should be advised to do so or that they will no longer be permitted to operate without a franchise.

This office will be very glad to be of such further service to you in the premises as to your Board may seem desirable.

Yours very truly,

JOHN J. O'TOOLE, City Attorney.

Adopted.

The following recommendation of his Honor the Mayor was taken up:

Leave of Absence—Hon. Charles F. Traung, Member Board of Police Commissioners.

(Code No. 4.053)

Resolution No. 4417, as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Charles F. Traung, member of the Board of Police

Commissioners, is hereby granted a leave of absence for a period not to exceed thirty days, commencing December 1, 1938, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Colman—1.

### Exposition Plaque.

On motion by Supervisor Uhl, a Mr. Farber was granted the privilege of the floor to present to the Board a plaque designed for advertising the Exposition. Mr. Farber proposed to sell plaques to the City and County to be placed in public buildings and along the streets, to advertise the Exposition. Supervisor Reilly objected to the expenditure of any municipal funds for the purchase of plaques.

On motion by Supervisor Uhl, seconded by Supervisor McSheehy, the matter was *referred to the Exposition Affairs and Industrial Development Committee.*

### Sale of Park Property, Alta Plaza Square.

Supervisor Uhl moved that the Director of Property report to the Board what amount of money, in his judgment, could be realized from the sale of Alta Plaza Square. Supervisor Uhl stated that there were four blocks receiving very little use, and, if the property could be disposed of, he would like to see this property converted into sites for apartment houses and homes.

Supervisor Roncovieri objected to the sale of land, calling attention to the fact that land dedicated for park purposes in perpetuity could not be sold.

Thereupon, Supervisor Uhl moved that the entire matter be referred to the Public Buildings, Lands and City Planning Committee.

*So ordered.*

### Request for Repeal of Jitney Bus Ordinances.

Communication from the Market Street Railway Company, requesting the repeal of the so-called Jitney Ordinances was read by the Clerk and *referred to the Board, sitting as a Committee of the Whole.*

### Petition for Permission to Abandon Certain Unprofitable Market Street Railway Street Car Lines.

Mr. Mills, representing the Market Street Railway Company, informed the Board that petitions for permission to abandon certain unprofitable lines were in the course of preparation and would be filed by his company during the week.

Petitions, when received, to be referred to the Board, sitting as a Committee of the Whole.

**Board to Sit as Committee of the Whole, Monday, December 5, 1938, at 3 p. m.**

Supervisor McSheehy, seconded by Supervisor Brown, moved that the Board of Supervisors sit as a Committee of the Whole, on Monday, December 5, 1938, at 3 p. m., to consider the ruling of the Railroad Commission regarding the increased street car fares for the Market Street Railway Company, together with the petitions filed by the Market Street Railway Company pursuant to said ruling.

No objection and *so ordered.*

Bill No. 1746, Ordinance No. 11.828, Code No. 11.08, entitled "Limiting the height of buildings hereafter to be erected in a certain district of the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of this ordinance";

Also, Bill No. 1759, Ordinance No. 13.025, Code No. 13.02, entitled "Reclassification of the use to which certain property in the City and County of San Francisco may be put and defining the boundaries of the property so reclassified."

### Report and Recommendation of City Planning Commission.

December 3rd.

To the Honorable Board of Supervisors, City and County of San Francisco, California.

Gentlemen: In compliance with the provisions of Section 117 of the Charter, your Honorable Board passed a resolution transmitting two ordinances proposing changes in the zoning regulations now governing land bounded by Laguna street, Marina boulevard, Webster street and Lewis street.

The Commission held a public hearing on the proposed ordinances on its regular meeting day following receipt of aforesaid resolutions of your Board. This meeting was held on Thursday, December 1, 1938, at 3 p. m. At the conclusion of the public hearing the matter was taken under submission.

After a thorough consideration of all facts presented to the Com-

mission, a special meeting was called for the following day, Friday, December 2, 1938, at 4:15 p. m. On this day the Commission reported its recommendation on aforesaid ordinances and directed me, as Secretary of the Commission, to transmit to your Honorable Board, copies of the report and recommendations on the ordinances as submitted as is required by Section 117 of the Charter.

Herewith attached please find copies of such report and recommendations with return of the ordinances submitted.

Respectfully yours,

(Signed) MARK JORGENSEN,  
Secretary, City Planning Commission.

**Report and Recommendation of the City Planning Commission on  
Limiting the Height of Buildings Hereafter to Be Erected in a  
Certain District of the City and County of San Francisco.**

To the Honorable Board of Supervisors of the City and County of San Francisco:

Bill No. 1746, Ordinance No. 11,828, Code No. 11.08, entitled: "Limiting the height of buildings hereafter to be erected in a certain district of the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of this ordinance."

The following report and recommendation of the City Planning Commission in connection with the above described ordinance is hereby submitted in compliance with the provisions of Section 117 of the Charter:

In considering the height ordinance it was found that immediately abutting this area to the east are the U. S. Army Transport Docks, built to a height of approximately 50 feet, or the equivalent of about five stories, and to the south, the P. G. and E. power station, built to a height of approximately 67 feet, or the equivalent of about seven stories. With these conditions now existing, it is not considered that a uniform height limitation of 40 feet over the entire area would be proper; therefore, the City Planning Commission recommends against the adoption of the ordinance as submitted.

While it is true the Marina district proper has such a height regulation, it must be observed that the development existing around this particular area is quite different than that surrounding the Marina district. The property fronting on Marina boulevard between Buchanan street and Webster street, being in the First Residential District, any single family dwellings built thereon would not likely extend to a height as great as 40 feet, so the boulevard frontage appears to be amply protected by that regulation from an aesthetic viewpoint. It is difficult to prescribe a regulation to recommend in lieu of the ordinance, but it is believed in the normal development of the area it would be built upon in a manner that will realize the greatest advantage to the area as a whole. A limitation of 40 feet would not protect the view of any property south of this area.

Respectfully submitted,

By order of the City Planning Commission,

(Signed) MARK JORGENSEN,  
Secretary.

**Report and Recommendation of the City Planning Commission on  
Reclassification of Certain Property in the City and County of San  
Francisco and Defining the Boundaries.**

To the Honorable Board of Supervisors of the City and County of San Francisco:

Bill No. 1759, Ordinance No. 13,025, Code No. 13.02, entitled: "Reclassification of the use to which certain property in the City and

County of San Francisco may be put and defining the boundaries of the property so reclassified."

In considering the aforesaid ordinance proposing a change in the use district classification of the property described in aforesaid ordinance it was found that:

The property immediately adjoining the area in question to the east is owned by the U. S. Army and used as transport docks. The property to the south, between Laguna and Buchanan streets, is classified in the Heavy Industrial District and is used for a standby electric power plant and a large gas storage tank belonging to the P. G. and E. Co. The property fronting on Marina boulevard between Buchanan and Webster streets, to the southwest, is classified in the First Residential District and is improved with single family dwellings. The property to the west and north of Marina boulevard is a public park owned by the City. To the north of the area in question lies the San Francisco Bay.

From the foregoing it is quite apparent that the area in question is entirely surrounded by a wide variation of use district classifications, ranging from the least restricted to the most restricted, with development and improvements consistent with each classification as well as public property and water frontage. The various use district classifications and development surrounding this particular area is quite different than that which prevails in the area generally surrounding the Marina district proper.

Considering the Marina district proper as the area north of Chestnut street and west of Buchanan street, we find the entire area is classified in the Second Residential District save and excepting the property fronting on Lyon street, Baker street and Marina boulevard.

In view of the actual conditions existing and use classifications regulating the property in the Marina proper, it is impossible to conceive upon what logical basis of planning or zoning it could be recommended the area here under consideration be classified in the First Residential District. On the contrary to so recommend could well be regarded as an arbitrary exercise and abuse of the powers vested in the Planning Commission and discriminatory action against the owners of this particular land. Accordingly we recommend against the adoption of the ordinance as submitted, proposing the classification of the property in the First Residential District.

In lieu of the regulation proposed by the ordinance as submitted it is recommend the ordinance be amended so as to classify the property on the north side of Marina boulevard between Laguna and Buchanan streets to a depth of 100 feet in the First Residential District and all remaining portions of the area, classified in the Second Residential District where not already now classified in the First Residential District.

The amendments recommended would classify the property in a manner consistent with the classifications now applying to the Marina proper, which, when you consider the development and use of land surrounding this particular area is the greatest restriction which should be considered.

No sound logical reasons were advanced by any of the proponents of this ordinance upon which the Commission could predicate a recommendation in favor thereof.

Considerable stress was placed on the contention that the property should be acquired by the City for a further extension of Yacht Harbor. The City Planning Commission is quite in accord with this contention and recommended by a resolution passed in the year 1932, the acquisition of the property for such purposes, but in the consideration of any proposal for the classification of the use of the land under the Zoning Ordinance all such matters must be entirely disregarded as not per-

tinient to the question and not a basis upon which to predicate a recommendation as to zoning.

Respectfully submitted,

By order of the City Planning Commission.

(Signed) MARK JORGENSEN,  
Secretary.

**Motion for Immediate Consideration of City Planning Commission's Reports and Recommendations.**

Following the reading of the foregoing reports and recommendations by the City Planning Commission, Supervisor McSheehy, seconded by Supervisor Mead, moved that consideration thereof be had immediately.

**Consideration Postponed.**

Whereupon, Supervisor Colman, seconded by Supervisor Brown, moved as an amendment to the foregoing motion, that consideration of the foregoing be postponed for two weeks, and made a Special Order of Business at 2:30 p. m.

No objection and *so ordered*.

**Sale of Bonds—3 P. M.**

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, December 5, 1938, and were opened by said Board at said time.

The bonds offered are described as follows:

\$1,943,000 School Bonds, 1938, dated December 1, 1938, comprising 216 bonds of \$1,000 denomination, maturing each year from 1940 to 1947, inclusive, and 215 bonds of \$1,000 denomination, maturing in 1948.

These said described bonds will bear interest at a rate or rates not exceeding 6 per centum per annum, as shall be named by the bidder, and bidders for said bonds shall specify in their bids the interest rate or rates desired, not exceeding 6 per centum per annum. Interest on said bonds will be payable semi-annually June 1 and December 1. Said bonds will not be sold at a price less than par value thereof together with accrued interest at the rate or rates named on said bonds to date of delivery.

\$1,256,000 Hospital Bonds, 1938, dated January 1, 1938, comprising 140 bonds of \$1,000 denomination, maturing each year from 1940 to 1944, inclusive, and 139 bonds of \$1,000 denomination, maturing each year from 1945 to 1948, inclusive.

The said described bonds will bear interest at a rate or rates not exceeding 6 per centum per annum, as shall be named by the bidder, and bidders for said bonds shall specify in their bids the interest rate or rates desired, not exceeding 6 per centum per annum. Interest on said bonds will be payable semi-annually July 1 and January 1. Said bonds will not be sold at a price less than the par value thereof, together with accrued interest, at the rate or rates named, on said bonds to date of delivery.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and Federal.

No alternative bids will be considered by the Board of Supervisors.

All proposals for the purchase of said bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the

bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, bearing the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition.

The approval of Orrick, Dahlquist, Neff & Herrington, attorneys, San Francisco, as to the legality of these bonds will be furnished to the successful bidder without cost.

### SPECIAL ORDER—3 P. M.

Consideration of petition of Market Street Railway for the repeal of Jitney Bus Ordinance and the abandonment and curtailment of service on certain of its street car lines.

#### Committee of the Whole.

Supervisor Uhl, seconded by Supervisor Reilly, moved that the Board resolve itself into a Committee of the Whole, and that President Shannon be Chairman of the Committee.

No objection and *so ordered*.

Supervisor Uhl moved that the matter of abandonment of street car lines be taken up seriatim, and then the question of repeal of jitney ordinances be considered.

No objection and *so ordered*.

### Privilege of the Floor.

Miss Carsten, representing the Communist Party, read a communication from the Communist Party, urging the Board to deny the petitions of the Market Street Railway Company for the abandonment of certain lines and for the repeal of the jitney ordinances. Miss Carsten further urged the Board strongly to protest to the State Railroad Commission against a seven-cent carfare.

Mr. John F. Brady, Deputy Superintendent of Schools; Mrs. A. B. Bauman, representing the Eureka Valley Promotion Association, and Mr. Alfred C. Skaife, resident of Noe Valley, protested the proposed abandonment of the Castro street cable line. Mr. William C. Varley, representing the Southern Council of Civic Clubs, urged retention of the five-cent carfare, with a universal transfer system. He protested the abandonment of car service. Mr. E. P. Troy urged the Board to deny petitions of the Market Street Railway Company.

Mr. A. C. Griffith, representing himself as a rider on jitney buses; Mr. Ernest Lotti, president of Chauffeurs' Union; Nicholas Spararas, president of Jitney Bus Drivers' Union; Mr. A. Fairbanks, a jitney driver; Mrs. Franchia of the Bay View Improvement Club; Mr. John J. Ryan of the Bay View Civic Club, and Mr. Samuel A. Caldwell, representing himself and other jitney drivers, all spoke against repeal of the jitney bus ordinances.

Mr. L. V. Newton of the Market Street Railway Company, presented the company's opinions and urged the Board to grant the petitions.

Mr. S. W. Douglass, representing the Carmen's Union, opposed the operation of jitney buses, stating that their operation was direct discrimination against his organization. On being questioned by Supervisor Colman, Mr. Douglass stated that regarding petition for abandonment of certain street car lines, his organization did not advocate anything that would lose jobs for its members, but must, though, carefully consider anything for the protection of the wages of the great majority who are left.

### Committee of the Whole Arises.

Supervisor McSheehy moved that the Committee of the Whole arise and report to the Board.

No objection and *so ordered*.

### Question on Postponement.

During the foregoing discussion, Supervisor Brown requested the Board to postpone its vote on the matter for one week, since it would be necessary for him to leave the meeting, pursuant to request already made, but would like to vote on the matter. He stated, also, that he desired information by the following week on: 1. What does the Market Street Railway Company intend to do to accommodate the people in those various districts in which they are asking abandonment of street-car lines or curtailment of service? 2. How many people use jitney buses in San Francisco by the month or by the year? Supervisor Colman seconded motion for postponement for one week.

### Motion Withdrawn.

After discussion on question of postponement, to which Supervisors McSheehy and Reilly objected, Supervisor Brown *withdrew his motion*.

### Motion to Postpone Consideration Renewed.

Subsequently during the proceedings, after the Committee of the Whole arose, Supervisor Colman renewed the motion previously made

by Supervisor Brown, that further consideration of the entire matter be postponed for one week.

#### Removal of Abandoned Car Tracks.

In reply to question by Supervisor Uhl, the City Attorney stated that in his opinion, it would be an obligation of the company to remove car tracks upon the abandonment of any of the car lines, but suggested that the Board come to some agreement thereon with the company in advance of voting abandonment.

#### Turnover of Jitney Permits.

Supervisor Meyer requested that information be requested from the Police Commission or from whomever handles permits or licenses, as to the turnover in jitney permits or licenses.

#### Roll Call on Postponement.

The roll was called and the entire matter was *postponed for one week* by the following vote:

Ayes—Supervisors Colman, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—7.

Noes—Supervisors McSheehy, Reilly—2.

Absent—Supervisors Brown, Mead—2.

#### Special Order of Business.

Thereupon, on motion by Supervisor McSheehy, further consideration on the entire matter was *made a Special Order of Business for 3 p. m. on Monday, December 12, 1938.*

### UNFINISHED BUSINESS.

#### Final Passage.

### NEW BUSINESS.

#### Adopted.

The following recommendations of the Finance Committee were taken up:

**Providing for Interim Certificates Pending the Printing and Issuance of "Hospital Bonds 1938."**

(Code No. 12.123)

Resolution No. 4419, as follows:

Whereas, the electors of the City and County of San Francisco did on the 2d day of November, 1937, at a special election duly called and held in the said City and County on said day, by more than a two-thirds vote of said electors voting on said proposition at said election, approve incurring of a bonded indebtedness of \$1,600,000 for the purpose of enlarging and remodeling the Hassler Health Home, Laguna Honda Home and the San Francisco Hospital, and increasing the quarters for the use of X-ray, all designed to aid and facilitate the

taking care of the aged persons and the infirm and indigents who attend the hospital conducted by San Francisco; and

Whereas, the said bonds authorized to be issued as aforesaid have not as yet been printed and, therefore, cannot be delivered to the purchasers thereof, but pending the preparation and issuance of said bonds, it is necessary that said City and County receive the proceeds of the sale of said bonds in order to comply with the terms and conditions of the grant heretofore made to said City and County of San Francisco by the Federal Emergency Administration of Public Works in aid of the project for which said bonds are authorized to be issued, and that accordingly, for the purpose of obtaining the purchase price of said bonds prior to the actual execution and delivery thereof, it is necessary that interim certificates be issued to the purchaser of said bonds upon payment of such purchase price, which interim certificates shall be exchangeable for said definitive bonds upon their execution and delivery and upon the surrender of such interim certificate or certificates and without any additional payment on the part of the holder of such certificates; and

Whereas, \$1,256,000 principal amount of the aforesaid bonds were, after due notice and proper proceedings had in that behalf, offered for sale and sold on the 5th day of December, 1938, the rate of interest on said bonds having, by resolution of this Board of Supervisors, been fixed at two (2) per cent per annum on bonds numbered—

161 to 300—both numbers inclusive

321 to 460—both numbers inclusive

481 to 620—both numbers inclusive

641 to 780—both numbers inclusive

801 to 940—both numbers inclusive

961 to 1099—both numbers inclusive

and at one and three-quarters per cent (1¾%) per annum on bonds numbered as follows:

1121 to 1259—both numbers inclusive

1281 to 1419—both numbers inclusive

1441 to 1579—both numbers inclusive

Said interest on all of said bonds being payable semi-annually on the 1st day of January and July of each year; now, therefore, be it

Resolved, That Angelo J. Rossi, the Mayor of the City and County of San Francisco, and Duncan Matheson, the Treasurer thereof, be and they are hereby authorized, empowered and directed to make and execute for and on behalf of the City and County of San Francisco an interim receipt or interim receipts or certificates evidencing payment in full of the purchase price of the bonds of the aforesaid issue which have been sold as aforesaid and which up to date hereof have not been printed or executed by all of the officials of the City and County of San Francisco as required by law; and be it

Further Resolved, That David A. Barry, Clerk of the Board of Supervisors of the said City and County of San Francisco, be and he is hereby authorized, empowered and directed to countersign said interim receipt or receipts or certificates and thereupon said interim receipt or receipts or certificates shall be delivered to the purchaser or purchasers of said bonds upon the payment of the purchase price for said bonds, including premium and accrued interest, provided that the signature of Angelo J. Rossi, Mayor of the City and County of San Francisco, may be the facsimile signature of said Mayor; and be it

Further Resolved, That said receipts or certificates when executed and delivered as aforesaid, shall be exchangeable at the office of the Treasurer of the City and County of San Francisco for the bond or bonds which they represent, whenever said bonds are executed by all of the officials required by law to execute the same; and be it

Further Resolved, That when said \$1,256,000 principal amount of said Hospital Bonds 1938 shall have been duly executed, the Treasurer of said City and County of San Francisco is hereby authorized

and directed to deliver the same to the holder or holders of said interim certificate or certificates upon surrender of the same and without payment of any further amounts, whether on account of principal or interest or premium of said City and County of San Francisco Hospital Bonds 1938. If for any reason said City and County of San Francisco Hospital Bonds 1938 shall not be executed and delivered by the City and County of San Francisco on or before February 1, 1939, upon surrender of such interim certificate or certificates evidencing the same, the holder or holders of such interim certificate or certificates shall be entitled to the return of the par value of said Hospital Bonds 1938 in cash in the amount set forth in said interim certificate or certificates but without interest thereon, within ten (10) days after written notice by such holder or holders to the Treasurer of the City and County of San Francisco. Upon such written notice, the Treasurer of said City and County of San Francisco is hereby authorized and directed to re-deliver in cash the par value of said Hospital Bonds 1938 evidenced by said interim certificate or certificates, and likewise upon ten days' notice, said Treasurer is further authorized and directed to re-deliver in cash to the purchaser of said bonds named in the resolution of the Board of Supervisors of the City and County of San Francisco passed and adopted on December 5, 1938, awarding said bonds to the highest and best bidder therefor, the amount representing (a) the premium agreed to be paid on account of the purchase price of said bonds and (b) the amount representing the accrued interest paid on said bonds from July 1, 1938, to the date of issuance of such interim certificates; provided, however, that if only one interim certificate shall be issued to represent the entire purchase price, including principal, premium and accrued interest on all of said \$1,256,000 principal amount of said Hospital Bonds 1938, then the entire amount so paid, if said bonds are not executed and delivered on or before February 1, 1939, shall be re-delivered in cash to the holder of such interim certificate upon surrender of the same; and be it

Further Resolved, That said interim certificates may be issued in the form of one interim certificate for all of said \$1,256,000 principal amount of said Hospital Bonds 1938, or in separate certificates representing one or more of said Hospital Bonds 1938, as the purchaser of said bonds may elect; provided, that in the latter case the Treasurer of the City and County of San Francisco is authorized and directed to deliver to the purchaser of said bonds a separate receipt evidencing the amount of (a) premium paid on account of the purchase price of said bonds, and (b) accrued interest paid on account of the purchase price of said bonds, and provided, further, that in the event such certificates are issued to represent one or more of said bonds, but not all, each of such certificates shall be numbered to correspond with the number of the bond which the same evidences; and be it

Further Resolved, That the full faith and credit of the City and County of San Francisco are hereby pledged to the holder or holders of such interim certificate or certificates for the due and punctual performance by said City and County of San Francisco, and each and all of the officers thereof, of the terms and conditions in this resolution set forth; and be it

Further Resolved, That said interim receipts or certificates be substantially in the following words and figures, to-wit:

**Providing for Interim Certificates Pending the Printing and Issuance of "School Bonds 1938."**

(Code No. 21.31)

Also, Resolution No. 4420, as follows:

Whereas, the electors of the City and County of San Francisco did on the 27th day of September, 1938, at a special election duly called and held in the said City and County of San Francisco on said day, by more than a two-thirds vote of said electors voting on said proposition at said election, approve incurring of a bonded indebtedness of \$2,-

800,000 for the purpose of the acquisition, construction and completion of new school house buildings in the City and County of San Francisco, including furnishings and structures necessary to be used in and about said school buildings; and

Whereas, the said bonds authorized to be issued as aforesaid have not as yet been printed and, therefore, cannot be delivered to the purchasers thereof, but pending the preparation and issuance of said bonds, it is necessary that said City and County receive the proceeds of the sale of said bonds in order to comply with the terms and conditions of the grant heretofore made to said City and County of San Francisco by the Federal Emergency Administration of Public Works in aid of the project for which said bonds are authorized to be issued, and that accordingly, for the purpose of obtaining the purchase price of said bonds prior to the actual execution and delivery thereof, it is necessary that interim certificates be issued to the purchaser of said bonds upon payment of such purchase price, which interim certificates shall be exchangeable for said definitive bonds upon their execution and delivery and upon the surrender of such interim certificate or certificates and without any additional payment on the part of the holder of such certificates; and

Whereas, \$1,943,000 principal amount of the aforesaid bonds were, after due notice and proper proceedings had in that behalf, offered for sale and sold on the 5th day of December, 1938, the rate of interest on said bonds having, by resolution of this Board of Supervisors, been fixed at 2 per cent per annum on bonds numbered—

281 to 496—both numbers inclusive  
561 to 776—both numbers inclusive  
841 to 1056—both numbers inclusive  
1121 to 1336—both numbers inclusive  
1401 to 1616—both numbers inclusive  
1681 to 1896—both numbers inclusive

and at 1¾ per cent per annum on bonds numbered as follows:

1961 to 2176—both numbers inclusive  
2241 to 2456—both numbers inclusive  
2521 to 2735—both numbers inclusive

Said interest on all of said bonds being payable semi-annually on the 1st day of December and June of each year; now, therefore, be it

Resolved, That Angelo J. Rossi, the Mayor of the City and County of San Francisco, and Duncan Matheson, the Treasurer thereof, be and they are hereby authorized, empowered and directed to make and execute for and on behalf of the City and County of San Francisco an interim receipt or interim receipts or certificates evidencing payment in full of the purchase price of the bonds of the aforesaid issue which have been sold as aforesaid and which up to date hereof have not been printed or executed by all of the officials of the City and County of San Francisco as required by law; and be it

Further Resolved, That David A. Barry, Clerk of the Board of Supervisors of the said City and County of San Francisco, be and he is hereby authorized, empowered and directed to countersign said interim receipt or receipts or certificates and thereupon said interim receipt or receipts or certificates shall be delivered to the purchaser or purchasers of said bonds upon the payment of the purchase price for said bonds, including premium and accrued interest, provided that the signature of Angelo J. Rossi, Mayor of the City and County of San Francisco, may be the facsimile signature of said Mayor; and be it

Further Resolved, That said receipts or certificates when executed and delivered as aforesaid, shall be exchangeable at the office of the Treasurer of the City and County of San Francisco for the bond or bonds which they represent, whenever said bonds are executed by all of the officials required by law to execute the same; and be it

Further Resolved, That when said \$1,943,000 principal amount of said School Bonds 1938 shall have been duly executed, the Treasurer

of said City and County of San Francisco is hereby authorized and directed to deliver the same to the holder or holders of said interim certificate or certificates upon surrender of the same and without payment of any further amounts, whether on account of principal or interest or premium of said City and County of San Francisco School Bonds 1938. If for any reason said City and County of San Francisco School Bonds 1938 shall not be executed and delivered by the City and County of San Francisco on or before February 1, 1939, upon surrender of such interim certificate or certificates evidencing the same, the holder or holders of such interim certificate or certificates shall be entitled to the return of the par value of said School Bonds 1938 in cash in the amount set forth in said interim certificate or certificates but without interest thereon, within ten (10) days after written notice by such holder or holders to the Treasurer of the City and County of San Francisco. Upon such written notice, the Treasurer of said City and County of San Francisco is hereby authorized and directed to re-deliver in cash the par value of said School Bonds 1938 evidenced by said interim certificate or certificates, and likewise upon ten days' notice, said Treasurer is further authorized and directed to re-deliver in cash to the purchaser of said bonds named in the resolution of the Board of Supervisors of the City and County of San Francisco passed and adopted on December 5, 1938, awarding said bonds to the highest and best bidder therefor, the amount representing (a) the premium agreed to be paid on account of the purchase price of said bonds and (b) the amount representing the accrued interest paid on said bonds from December 1, 1938, to the date of issuance of such interim certificates; provided, however, that if only one interim certificate shall be issued to represent the entire purchase price, including principal, premium and accrued interest on all of said \$1,943,000 principal amount of said School Bonds 1938, then the entire amount so paid, if said bonds are not executed and delivered on or before February 1, 1939, shall be re-delivered in cash to the holder of such interim certificate upon surrender of the same; and be it

Further Resolved, That said interim certificates may be issued in the form of one interim certificate for all of said \$1,943,000 principal amount of said School Bonds 1938, or in separate certificates representing one or more of said School Bonds 1938, as the purchaser of said bonds may elect; provided, that in the latter case the Treasurer of the City and County of San Francisco is authorized and directed to deliver to the purchaser of said bonds a separate receipt evidencing the amount of (a) premium paid on account of the purchase price of said bonds, and (b) accrued interest paid on account of the purchase price of said bonds, and provided, further, that in the event such certificates are issued to represent one or more of said bonds, but not all, each of such certificates shall be numbered to correspond with the number of the bond which the same evidences; and be it

Further Resolved, That the full faith and credit of the City and County of San Francisco are hereby pledged to the holder or holders of such interim certificate or certificates for the due and punctual performance by said City and County of San Francisco, and each and all of the officers thereof, of the terms and conditions in this resolution set forth; and be it

Further Resolved, That said interim receipts or certificates be substantially in the following words and figures, to-wit:

**Commendation and Felicitations to Hon. James J. Maher, Retired  
Secretary and Chief Examiner, Civil Service Commission.**

(Code No. 5.93)

Supervisor Colman presented:

Resolution No. 4437, as follows:

Whereas, on December 1, 1938, the Hon. James J. Maher, having attained the age of three score and ten years, retired from the position of Secretary and Chief Examiner of the Civil Service Commission; and

Whereas, Mr. Maher for nearly half a century has conducted with such fidelity, loyalty and integrity the important public affairs entrusted to him that he has earned for himself a nation-wide reputation and brought honor to his native city; and

Whereas, his life exemplifies the very highest type of honorable and unselfish public service and will be an inspiration to all our citizens; now, therefore, be it

Resolved, That the Board of Supervisors, on behalf of the people of San Francisco, does hereby formally express to Mr. Maher and to his family its gratitude and appreciation for the service he has rendered; and be it

Further Resolved, That a copy of this resolution, suitably engrossed and bearing the signature of each member of this Board, be prepared and presented to Mr. Maher.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Requesting Appointment of Citizens' Committee for Observance  
of National Defense Week, February 15 to 22, 1939.**

(Code No. 5.93)

Supervisor Colman presented:

Resolution No. 4438, as follows:

Resolved, That his Honor the Mayor be and is hereby respectfully requested to appoint a Citizens' Committee to arrange for the proper observance of National Defense Week, February 15 to 22, 1939.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Expressing Regret at Resignation of William P. Filmer From  
Directorate of Golden Gate Bridge and Highway District.**

(Code No. 12.111)

Supervisor Reilly presented:

Resolution No. 4439, as follows:

Whereas, William P. Filmer has resigned from the Board of Directors of the Golden Gate Bridge and Highway District; and

Whereas, it is with sincere reluctance that this Board accepts the withdrawal of Mr. Filmer who, representing the City and County of San Francisco, has served with integrity and distinction in the capacity of Director and President of the organization since its inception; and

Whereas, this wondrous structure, swung gracefully in the path of the setting sun, symbolizes in its giant piers planted solidly in turbulent waters, the man's strength of purpose throughout the long years between the project's conception and its completion; its lofty towers reaching skyward characterize the high ideals and principles which were his in the conduct of his office as President of the Directorate, and the massive cables joining San Francisco with the northern counties portray a lasting bond of friendship and cooperation which was inspired by his patient, kindly and intelligent leadership and spun through his arduous toil and unstinted devotion to the cause; now, therefore, be it

Resolved, That this Board of Supervisors, representing the people of the City and County of San Francisco, notes with sincere regret the severance of William P. Filmer's official connection with the Golden Gate Bridge and Highway District and takes this opportunity to pay him tribute and to express its heartfelt gratitude for his distinguished service thereon.

### Final Passage.

The following emergency ordinance, recommended by the Finance Committee, was taken up:

### Supplemental Appropriation of \$300 From Emergency Reserve Fund for Employment of Engineer and Watchman During Illness of Two Permanent Employees, Bureau of Building Repair.

(Code No. 9.051)

Bill No. 1783, Ordinance No. 9.051532, as follows:

Authorizing a supplementary appropriation of \$300 from the Emergency Reserve Fund to the credit of Appropriation No. 838.102.00, temporary salaries, Bureau of Building Repair, for the employment of an engineer and watchman during the illness of two permanent employees. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$300 is hereby appropriated and set aside from the Emergency Reserve Fund to the credit of Appropriation No. 838.102.00, temporary salaries, Bureau of Building Repair, for the employment of an engineer and watchman during the illness of two permanent employees.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists and funds must be immediately provided for the uninterrupted operation of the Bureau of Building Repairs, Department of Public Works.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

### Endorsing Movement for the Establishment of a United States Naval Academy Upon San Francisco Bay.

(Code No. 5.2)

Supervisor Schmidt presented:

Resolution No. 4441, as follows:

Whereas, a campaign is now in progress for the purpose of establishing a naval academy on the Pacific Coast, similar to the one maintained at Annapolis, Maryland; and

Whereas, because of what is transpiring in world affairs it would seem strategic that the Pacific Coast should be supplied with complete facilities for major naval operations, a chief factor among which is a training school for future officers of the United States Navy; and

Whereas, San Francisco Bay is the logical fleet home base because

of its many maritime facilities as well as geographical location; now, therefore, be it

Resolved, That this Board of Supervisors of the City and County of San Francisco does hereby endorse the movement for the establishment of a United States Naval Academy upon San Francisco Bay; and be it

Further Resolved, That copies of this resolution be sent to the Secretary of the Navy, to Senator Hiram W. Johnson, to Senator-elect Sheridan Downey, to Congressmen Franck R. Havenner and Richard J. Welch.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

#### **Adopted.**

The following recommendation of his Honor the Mayor was taken up:

**Leave of Absence—Hon. Arthur M. Brown, Member Board of Supervisors.**

(Code No. 4.053)

Resolution No. 4442, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. Arthur M. Brown, Jr., member of the Board of Supervisors, is hereby granted a leave of absence for a period of three days, commencing December 5, 1938, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### **Mission Trails Association Annual Convention at Santa Barbara.**

Supervisor Brown presented communication from Mission Trails Association, inviting him to attend their annual convention in Santa Barbara on December 9 and 10, 1938. After the reading of the communication by the Clerk, Supervisor Brown called the Board's attention to the responsibility of the Board during the next year as host to visiting dignitaries and supervisors from other counties and requested that that problem be referred to the Exposition Committee for careful consideration.

Referring to the invitation to attend the convention at Santa Barbara, Supervisor Brown moved that a committee be appointed to represent the Board at the convention.

The Chair thereupon stated that he felt any desired information could be conveyed to the association by writing, and that a representative of the Board at the convention was unnecessary.

#### **Motion Withdrawn.**

Whereupon, Supervisor Brown *withdrew his motion.*

#### **Referred to President Shannon.**

Thereupon, on motion by Supervisor McSheehy, the communication was *referred to the President of the Board for reply.*

#### **Proposed Method of Financing Future Improvements.**

Supervisor Colman announced that he had read with interest the recommendations of the Controller proposing a method of financing future improvements without issuance of bonds therefor, and that while

the Controller's plan appeared to have a great deal of merit, he desired to present an idea of his own on the subject. His plan, briefly, is: In case of future needed improvements, the cost of which would be too great for one year's expenditure, Charter amendment should be submitted to the voters, to provide for the compulsory inclusion in the budget of sufficient amounts, spread over a limited period of years, to take care of that improvement. By this method, a majority vote of the electors would be sufficient to authorize any needed improvements, and the necessity for provision in the tax rate for raising large sums of money for bond interest and redemption would be obviated.

#### Removal of Car Tracks.

Supervisor Uhl requested that the Clerk write to Samuel Kahn and inquire if the Supervisors should vote the abandonment of either Guerrero or Divisadero street car lines, would the Market Street Railway Company remove the tracks immediately and do the necessary street paving.

#### Request for Comparable Electric Power Bills.

Supervisor Uhl requested that the Clerk obtain from the Public Utilities Commission and the rate expert of the City Attorney, typical power bills from the municipal power company of Los Angeles, and from the Pacific Gas and Electric Company for comparison purposes.

#### ADJOURNMENT.

There being no further business, the Board, at the hour of 6:18 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors December 12, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, DECEMBER 12, 1938, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 12, 1938, 2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

Quorum present.

Supervisor Ratto presiding, on motion by Supervisor Roncovieri.

Supervisors Reilly and Roncovieri excused at 6 p. m.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of December 5, 1938, was considered read and approved.

## SPECIAL ORDER—2 P. M.

**Rezoning of Southwesterly Corner of Portola Drive and Woodside Avenue.**

Appeal from the decision of the City Planning Commission by its Resolution No. 1867 denying application to rezone from First Residential District to Commercial District, property located at the southwesterly corner of Portola drive and Woodside avenue.

### Privilege of the Floor.

Harry S. Young, attorney, representing appellant, F. E. Mayn, being granted the privilege of the floor, explained the situation and requested that the decision of the City Planning Commission, in denying application, be disapproved.

### Further Consideration Deferred.

On motion by Supervisor Colman, seconded by Supervisor Brown, further consideration of the foregoing appeal was *deferred until Monday, December 19, 1938, and made a Special Order of Business at 2 p. m.*

## SPECIAL ORDER—2:30 P. M.

**Appeal From Decision of City Planning Commission, Rezoning of Westerly Side of Guerrero Street 132 Feet 2 Inches North of Sixteenth Street.**

Appeal from the decision of the City Planning Commission by its Resolution No. 1863, dated October 20, 1938, approving application to rezone from Second Residential District to Light Industrial District,

property located at the westerly side of Guerrero street 132 feet 2 inches north of Sixteenth street.

#### Privilege of the Floor.

Ray Williamson, attorney, representing property owners within a distance of 300 feet of that property sought to be rezoned, and other residents, associations and organizations in the neighborhood, presented three protests, in addition to those heretofore filed, containing a total of 58 signatures, opposed the decision of the City Planning Commission in granting the rezoning of property located at the westerly side of Guerrero street, 132 feet 2 inches north of Sixteenth street, from Second Residential District to Light Industrial District. Frank Schuler, property owner, of 359 Guerrero street, representing himself; Reverend Herman Lucas, pastor of St. Matthew's Lutheran Church, representing his church and the Ebenezer Lutheran Church; Eugene Pfeffel, representing Market and Guerrero Street Improvement Club, and Frank J. O'Brien, secretary of Central Mission Improvement Association, protested the granting of the rezoning sought.

Robert J. McGahie, attorney, represented the applicant for the rezoning, the Golden State Milk Company. Milton Buckley, vice-president of the Golden State Milk Company, outlined the intentions of his company. James E. Ricketts, representing the Building Trades Council, supported the applicant for the rezoning.

Mark Jorgensen, secretary of the City Planning Commission, stated that the Golden State Milk Company had stipulated with the Commission that the property would be used solely for the processing of dairy products, milk, etc., and such stipulations were incorporated in the resolution of the City Planning Commission.

#### City Planning Commission Sustained.

Thereupon, the roll was called and the following resolution was *refused adoption* by the following vote:

**Disapproving Decision of City Planning Commission by Its Resolution No. 1863, Dated October 20, 1938, Approving Application to Rezone From Second Residential District to Light Industrial District, Property Located at the Westerly Side of Guerrero Street, 132 Feet 2 Inches North of Sixteenth Street.**

(Code No. 13.02)

Resolution No. 4452, as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 1863, dated October 20, 1938, approving application to rezone from Second Residential District to Light Industrial District, property located at the westerly side of Guerrero street, 132 feet 2 inches north of Sixteenth street, is hereby disapproved.

Ayes—Supervisors McSheehy, Ratto, Schmidt—3.

Noes—Supervisors Brown, Colman, Mead, Meyer, Reilly, Roncovieri, Uhl—7.

Absent—Supervisor Shannon—1.

#### SPECIAL ORDER—3 P. M.

**Consideration of Petition of Market Street Railway re Jitney Bus Ordinance and Street Car Service.**

Consideration of petition of Market Street Railway for the repeal of jitney bus ordinance and the abandonment and curtailment of service on certain of its street car lines.

#### Privilege of the Floor.

Supervisor Brown moved the privilege of the floor to anyone who desired to express his opinion on the subject matter before the Board.

Thereupon, S. W. Douglass informed the Board that the Chauffeurs'

Union had withdrawn their protest against the elimination of the jitney buses.

A. Fairbanks, a jitney driver, representing himself and other drivers, stated that the Chauffeurs' Union did not represent the jitney drivers; the jitney drivers had their own organization, and they were, of course, opposed to the granting of the petition of the Market Street Railway Company for the repeal of the jitney ordinances.

#### Motion for Segregation of Matters Under Consideration.

Supervisor McSheehy called attention to the order of business as printed, the consideration of petition of the Market Street Railway for repeal of jitney bus ordinances and the abandonment and curtailment of service on certain of its street car lines, and moved for a segregation thereof. Seconded by Supervisor Mead.

No objection and *so ordered*.

#### Motion for Postponement of Consideration of Petition for Repeal of Jitney Ordinances.

Supervisor McSheehy moved that consideration of that portion of the order of business affecting jitney buses be postponed for one week, and that the Clerk notify the jitney drivers' organization that the Board wanted a statement from the organization as to their withdrawal of protest against repeal of jitney ordinances.

Motion *failed for want of a second*.

#### Consideration of Repeal of Jitney Ordinances.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that the petition of the Market Street Railway Company for the repeal of the jitney ordinances be denied.

#### Explanations of Vote.

Supervisor Brown, in explanation of his position respecting repeal of the jitney bus ordinances, as requested by the Market Street Railway Company, stated that since the City had legalized the operation of the Market Street Railway by granting franchises, and it had legalized the operation of jitney buses by ordinance of some twenty years' standing, were the situation reversed and the jitney bus operators to come in and ask for the termination of the franchises of the Market Street Railway, the Board would have only one answer. Since the jitney bus operators have the right to operate granted by due process of law, they are entitled to due protection of their investments and their positions.

Supervisor Colman, in explanation of his vote, stated that he believed the jitney competition was very unfair, but since it had gone along for so many years he could not vote to take away the livelihood of 135 men. It is an unfair thing, but it is there, and it is too late to stop it.

Supervisor Reilly questioned the unfairness of the competition by the jitney buses. Since the fare charged by the jitneys was double that charged by the Market Street Railway Company, until recently, and since the buses were supplying a service that the railway company were not supplying, nor could they supply it, it was not an unfair competition. The service being supplied by the jitneys is the only rapid transit the city enjoys. Don't abandon it, he urged.

#### Petition Denied.

Thereupon, the roll was called and the petition of the Market Street Railway Company for the repeal of the so-called jitney ordinances was *denied* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

### **Curtailment of Service of Certain Market Street Railway Company's Lines.**

On motion by Supervisor Uhl, seconded by Supervisor McSheehy, the various requests for abandonment and curtailment of service on certain of the Market Street Railway Company's lines, were taken up seriatim.

#### **Richland Avenue Line, No. 23—Petition Denied.**

Mr. L. V. Newton, representing the Market Street Railway Company, on being questioned by Supervisor Uhl, stated that he was not prepared to agree to furnishing bus service to the people served by the Richland avenue line in case service on that line should be discontinued.

Thereupon, Supervisor Uhl, seconded by Supervisor McSheehy, moved that petition for abandonment of the Richland avenue line, No. 23, be denied.

Motion *carried* and petition *denied* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### **Procedure in Hearing Petition of Market Street Railway Company.**

In reply to a statement by Supervisor Roncovieri that he understood that the Board must vote for or against granting the petition of the Market Street Railway Company in its entirety, Supervisor Uhl stated that such was not his understanding, and in support of his contention, read as follows from the Order of the Railroad Commission:

"III—In so far as this Commission may have jurisdiction, Market Street Railway Company is hereby authorized to abandon operation, in whole or in part, on such of the following lines as to which abandonment may be sought by applicant and authorized or permitted, on or prior to January 1, 1939, by the appropriate boards of officers of the City and County of San Francisco:

<i>Number</i>	<i>Name</i>
23	Richland Avenue
8	Market Street
24	Divisadero Street
30	Army Street
35	Howard Street
—	South San Francisco
—	Sacramento Cable
—	Castro Cable
54	Sunset Coach
10 and 26	Guerrero street (Rearrangement of service on Nos. 10 and 26 lines)."

Supervisor Brown, speaking on the subject of abandonment of street car service, stated that it seemed to him that an effort was being made to permit the Board of Supervisors to do a little first class chestnut pulling. The Board was being asked, he said, to pass on something that was not in its jurisdiction, the real question being, what rate should be charged by the Market Street Railway. The question of the abandonment of those street car lines should be acted on by them and not by the Board of Supervisors. To leave any part of San Francisco without transit service, was, in his opinion wrong. Transportation service must be continued. Where no substitution for present service is to be provided, he would not vote for any abandonment but would propose to put the whole question back where it belonged, in the laps of the Railroad Commission.

Supervisor Uhl, following the previous statement, reminded the Board that during the consideration of the petitions by the Market Street Railway Company on December 5, 1938, the City Attorney had advised the Board that the Market Street Railway must come to the Board if they desired to abandon service on any of their lines. Supervisor Uhl called attention to other lines on which the Company was losing money, and wondered why the Company had not petitioned for their abandonment.

Supervisor Brown, thereupon, supplementing his previous statement, said he realized that the Board had the responsibility of permitting or denying the abandonment of service on any street car line, but it also had the responsibility of seeing that transportation was given to the people, and he could not vote to deny them transportation.

#### Market Street Line, No. 8.

Supervisor McSheehy called attention to curtailment of service on the No. 8 line of the Market Street Railway Company. Except during the peak hours, the present schedule for the No. 8 line provides for turning all inbound cars back at Twelfth and Market streets, instead of their continuing to the Ferry.

Mr. Newton, in reply to question by Supervisor McSheehy, stated that the Company did not need the permission of the Board to curtail that service, inasmuch as it was complying with all the requirements of its franchise.

Thereupon, Supervisor McSheehy requested that it be asked what authority the Market Street Railway had to curtail the service on that line.

Supervisor Brown contended that the Market Street Railway Company was not requesting any permission for abandonment or curtailment of service on its No. 8 line, but was merely informing the Board of the action it had already taken thereon.

*No action taken.*

#### Divisadero Street Line, No. 24.

Supervisor Schmidt, seconded by Supervisor McSheehy, moved that the petition for abandonment of service on the Divisadero street line No. 24, from O'Farrell to Sacramento street, be disapproved.

Before the roll on the motion was called, Supervisor Schmidt stated that the statement made at the previous meeting, that the merchants on Divisadero street had requested the abandonment of that line, was incorrect. The merchants had, he continued, requested the abandonment of that line and the removal of the tracks, provided that a bus service would be substituted therefor.

#### Petition Denied.

Thereupon, the roll was called and the motion that the petition for abandonment of service on the Divisadero street line, No. 24, from O'Farrell street to Sacramento street, be disapproved, was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### Army Street Line, No. 30.

Supervisor Uhl, seconded by Supervisor McSheehy, moved the petition for permission to curtail service on the Army street line be denied.

Thereupon, Mr. Newton, in reply to question by Supervisor Brown,

stated that his company had already curtailed service on that line, that it was complying with its franchise in so doing, and was not making any petition thereon, but was merely advising the Board of its action.

#### Point of Order.

Whereupon, Supervisor Brown raised the point of order, that, in the matter of the Army street line, there was nothing before the Board.

Chair ruled the *point of order well taken*.

#### Appeal From Decision of the Chair.

Thereupon, Supervisor McSheehy appealed from the decision of the Chair, stating that he did not like so to do, but that he felt that he was being deprived of his right to vote on a petition of the Market Street Railway Company.

Supervisor Colman, at the request of the Chair, put the question, stating that a vote "Aye" sustains the Chair, and a vote "No" overrules the Chair. Before the roll was called statements by Supervisor McSheehy and by the Chair, Supervisor Ratto, were made, as follows:

#### Statement by Supervisor McSheehy.

"Mr. Chairman, and Members of the Board. Supervisor Brown raised a question, a technical one. His objection was sustained by the Chair, and if the Chair is sustained in the entire matter, I feel, as one member of this Board, that I am being deprived of a very important vote with reference to this petition of the Market Street Railway Company. This question is a technical one, and therefore, I feel we will make a great mistake if we uphold the Chair. I want to say that I believe that the Chair is ruling in good faith, but I trust under these conditions that the Chair will not be upheld in his ruling here today, because we are being deprived of a vote. We will be giving the Market Street Railway Company the right to create their own conditions of transportation in San Francisco. Our people are being deprived of transportation and we are being deprived, as representatives of the people of casting our vote, and I trust that the decision of the Chair will not be sustained."

#### Statement by the Chair.

"I want to say that the Market Street Railway Company has already taken action. Any action that the Board may take at this time does not alter the schedule upon their particular lines."

#### Chair Sustained.

Thereupon, the question was put and the Chair *sustained* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Reilly, Roncovieri—5.

Noes—Supervisors McSheehy, Meyer, Schmidt, Uhl—4.

Absent—Supervisor Shannon—1.

Excused—Supervisor Ratto—1.

#### Castro Street Cable Line—Petition Denied.

Supervisor Uhl, seconded by Supervisor Reilly, moved that the Board disapprove the petition for abandonment of service on the Castro street cable line, from Eighteenth and Castro streets, along Castro street to Twenty-sixth street.

Motion *carried* and petition *denied* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

**Guerrero Street, Lines 10 and 26—Removal of Rails and Paving Guerrero Street.**

Supervisor Uhl inquired if the representative of the Market Street Railway Company was prepared to state that, upon abandonment of service on Guerrero street, the rails would be immediately removed and the street repaved.

**Communication From Market Street Railway Company.**

Thereupon, the following communication was read by the Clerk:

San Francisco, California,  
December 9, 1938.

Mr. David A. Barry, Clerk, Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Dear Sir: Answering your letter of December 6th, relating to abandonment of service on Guerrero street and Divisadero street, we wish to say that it is our intention to lift the rails at such time as the City reconditions the entire street.

Very truly yours,

SAMUEL KAHN, President.

**Petition Denied.**

Thereupon, Supervisor Uhl, seconded by Supervisor Reilly, moved that the petition for the abandonment of service on the Guerrero street line, lines 10 and 26, from Valencia and Fourteenth streets, along Fourteenth street to Guerrero street, thence along Guerrero street to San Jose avenue, and thence along San Jose avenue to Twenty-ninth street, be denied.

Motion *carried* and petition *denied* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

**Howard Street Line, No. 35.**

Request to inaugurate a modified service after 7:00 p. m. on week days including Saturdays, and on Sundays and holidays by operating only a shuttle service from Twenty-fourth street and Rhode Island street to Twenty-second street and Mission street, via Twenty-fourth street, Van Ness avenue south and Twenty-second street.

Mr. L. V. Newton, representing the Market Street Railway Company, stated that his company was operating on Market street, only under sufferance, and that it was the opinion of Mr. Samuel Kahn that as long as they were so operating, any change in the service should be approved by the Board of Supervisors.

Supervisor McSheehy announced his objection to the withdrawal of any transportation service unless some substitute service be furnished.

**Motion to Deny Petition.**

Thereupon, Supervisor Uhl moved that the request of the Market Street Railway Company to inaugurate a modified service on the Howard street, No. 35, line, be denied. Seconded by Supervisor McSheehy.

**Amendment to Motion.**

Supervisor Brown moved as an amendment to the motion, that further consideration be postponed for one week, and that in the

meantime the City Attorney be requested to furnish an opinion thereon. Seconded by Supervisor Uhl.

Amendment *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Ratto, Schmidt, Uhl—6.

No—Supervisor McSheehy—1.

Absent—Supervisors Meyer, Reilly, Roncovieri, Shannon—4.

Absent—Supervisors Brown, Reilly, Roncovieri, Shannon—4.

### Passed for Second Reading.

The following recommendations of the Finance Committee were taken up:

#### Authorizing Sale of City-Owned Land Near Pleasanton.

(Code No. 12.17252)

Bill No. 1785, Ordinance No. 12.1725212, as follows:

Authorizing sale of City-owned land near Pleasanton.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned land situated in the County of Alameda, State of California:

Commencing at a point in the northerly boundary line of that certain 100-foot strip of land described in Parcel 71 of Alameda County Lands, in deed from Spring Valley Water Company to the City and County of San Francisco, dated March 3, 1930, and recorded March 3, 1930, in the office of the County Recorder of Alameda County, State of California, in Liber 2350 of Official Records at page 1; said point being the northwest corner of that certain portion of said 100-foot strip conveyed to Henry J. Kaiser Company by the City and County of San Francisco by deed dated April 12, 1937, and recorded August 20, 1937, Alameda County Records; running thence from said point of commencement along said northerly boundary line north 87 degrees 56 minutes west 1,474.67 feet to Corner No. 10 of the boundary of the Santa Rita Rancho; thence continuing along said northerly boundary line of Parcel 71, north 67 degrees 15 minutes west 119.43 feet to an intersection with the northeasterly boundary line of Alameda County Road No. 1533; thence leaving said northerly boundary line and running southeasterly along said northeasterly boundary line of said road south 15 degrees 24 minutes 30 seconds east 127.18 feet to an intersection with the southerly boundary line of said 100-foot strip; thence along said southerly boundary line south 67 degrees 15 minutes east 58.20 feet; thence continuing along said southerly boundary line south 87 degrees 56 minutes east 1,495.15 feet to the southwest corner of the hereinabove mentioned portion of said 100-foot strip of land conveyed to Henry J. Kaiser Company; thence leaving said southerly boundary line and running along the westerly boundary line of said portion of 100-foot strip of land conveyed to Henry J. Kaiser Company north 0 degrees 47 minutes east 100.03 feet to the point of commencement.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. In order that connections can be made between the remaining portions of the 100-foot strip of land and the 50-foot strip of land of the City and County of San Francisco, the City hereby reserves a right of way easement to lay, relay, construct, reconstruct, maintain, operate, patrol, repair, replace, remove, increase and/or change the num-

ber and size of pipes, pipe lines, conduits and/or connections, appurtenances and appliances for the conveyance, distribution, supply, and/or sale of water and to construct, reconstruct, operate, patrol, repair, renew, replace, remove, increase and/or change the number of electric transmission lines and/or telephone lines, consisting of wires supported on poles, with the usual and necessary fittings and appurtenances thereto, along and/or across the strip of land hereinabove described and extending from the northeasterly boundary line of Alameda County Road No. 1533 to the westerly boundary line of that certain portion of said 100-foot strip of land heretofore conveyed to Henry J. Kaiser Company by the City and County of San Francisco by deed dated April 12, 1937, and recorded August 20, 1937, Alameda County records.

2. There is also hereby expressly reserved by the City, its successors and assigns, as against the parcel of land hereinbefore described, all water which may or might flow in any stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands other than the parcels of land hereinabove described, from the subterranean strata underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere. However, the grantee, subject to the foregoing paramount rights of the City, its successors and assigns, shall have the right to sink a well or wells on said parcel of land and to use the water therefrom on said parcel of land, but the said water shall not be used or disposed of for use elsewhere by the grantee.

3. Subject to the reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands, in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

**Procedure for Acquisition and Disposal of Real Property.**

(Code No. 12.176)

Also, Bill No. 1787, Ordinance No. 12.1761, as follows:

Procedure for acquisition and disposal of real property.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Sections 91, 92, 93 and 94 of the Charter, each Department, Board and Commission of the City and County of San Francisco shall conduct all negotiations through the Director of Property for purchasing, acquiring, accepting, exchanging, leasing, renting, selling, granting, conveying and/or relinquishing any real property or interest therein, required for or owned by the City and County, except as otherwise specifically provided by the Charter.

Section 2. The provisions of this ordinance shall apply to all lands and easements required for City and County purposes acquired by purchase, gift, devise, bequest, dedication or otherwise; and also apply to the relinquishment of any City-owned real property or interest therein caused or to be caused by the closing or abandonment of streets and easements; except as otherwise specifically provided by the Charter.

Section 3. All resolutions and ordinances involving transactions covered by this ordinance must be approved by the Director of Property before adoption or enactment.

Section 4. This ordinance shall not affect the sale of real property and improvements for delinquent taxes or assessments, and shall not affect the granting of permits or franchises to use public streets.

**Creating Commission to Be Known as the Coordinating Council for the Purpose of Furthering the Cooperation and Coordination Among the Public Departments and Between the Public Departments and Social Agencies in a More Effective Program for the Youth of San Francisco.**

(Code No. 19.10)

The following recommendation of the Finance Committee was taken up:

Bill No. 1792, Ordinance No. 19.101, as follows:

Creating commission to be known as the Coordinating Council for the Purpose of Furthering the Cooperation and Coordination Among the Public Departments and Between the Public Departments and Social Agencies in a More Effective Program for the Youth of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created a Coordinating Council to be appointed by the Mayor. The Coordinating Council shall consist of the Chief of Police, the Chief Probation Officer of the Juvenile Court, the Superintendent of Public Schools, the Superintendent of the Recreation Department, the Director of Public Welfare, the Director of the Bureau of Child Hygiene of the Department of Public Health, and four additional members to be appointed by the Mayor, who shall be qualified to serve by reason of their knowledge and experience in the coordinating of youth activities.

Section 2. All members of the Coordinating Council shall serve without compensation except in so far as compensation is provided for other official positions which said persons may hold.

Said Coordinating Council shall, pursuant to the provisions of Subdivision (h) of Section 19 of the Charter, appoint a Secretary who shall not be subject to the civil service provisions of the Charter and who shall hold office at the pleasure of said Coordinating Council. Said Secretary shall be the administrative head of said Council and shall have all the powers and duties of a department head as provided for in Section 20 of the Charter. Said administrative head shall, with the approval of said Coordinating Council, pursuant to the civil service and budgetary provisions of the Charter, appoint such additional employees as may be necessary to conduct the affairs of said Coordinating Council.

The salary of the said Secretary shall be fixed by the Coordinating Council in accordance with the budgetary provisions of the Charter, but in no event shall said salary exceed the sum of four thousand dollars (\$4,000) per year.

Section 3. Upon the recommendation of the Mayor and the approval of the Board of Supervisors, an amount not to exceed seven thousand five hundred dollars (\$7,500) shall be appropriated each year to said Coordinating Council for the purpose of defraying cost of carrying on its work, which said cost shall include salaries and all other expenses incidental to said work.

Section 4. The duty of said Coordinating Council shall be to work toward a more efficient coordination and cooperation among the public departments and between the public departments and social agencies in establishing and carrying out an effective program for the youth of San Francisco.

Said Coordinating Council shall meet at least once during each month, and said Coordinating Council shall specify a regular time and place for said meeting and said Coordinating Council may hold such additional regular or special meetings as it may provide; said meetings to be called and held in accordance with provisions of the Charter and ordinances of the Board of Supervisors.

Section 5. A majority of the membership of said Coordinating Council shall constitute a quorum.

Section 6. The Coordinating Council shall, at a regular meeting in June of each year, elect a Chairman to act for the term of one year, which term shall be from July 1st to June 30th, inclusive. The Council shall have authority to establish district councils and to determine the membership thereof, in such manner as they deem best, and said district councils shall, in so far as their own districts are concerned, organize and carry out the work outlined in the duties of said Coordinating Council, but under the control and direction of the Coordinating Council.

Section 7. Said Coordinating Council shall have full power and authority to adopt such rules and regulations not in conflict with the provisions of the Charter or ordinances of the Board of Supervisors, as may be necessary for the conduct of its work.

Section 8. Pursuant to the provisions of Section 9 of the Charter, the Board of Supervisors does, by this ordinance, create said Coordinating Council which is hereby placed under the Chief Administrative Officer, and the Board of Supervisors does hereby confer upon the Mayor of the City and County of San Francisco full power and authority to appoint the members of said Coordinating Council.

Section 9. Whenever any of the officials of the City and County of San Francisco who are made ex-officio members of the Coordinating Council shall cease to hold their official positions as such officers then, in that event, their membership in said Coordinating Council shall cease and determine and their respective successors shall be appointed to succeed them as members of said Council.

The first four additional members to be appointed to said Coordinating Council, pursuant to the provisions of Section 1 of this ordinance, shall be appointed respectively for one, two, three and four years, and upon the expiration of the term of each of said persons so appointed the Mayor shall appoint their successors to serve for a term of four years.

#### Privilege of the Floor.

On motion by Supervisor Colman, the privilege of the floor was granted to permit Department heads and others interested to explain the functions of the Coordinating Council and to urge passage of the foregoing bill.

Hon. William J. Quinn, Chief of Police; Dr. Paul Barrett, of the Department of Public Health; Major Joseph Nourse, Superintendent of

Schools; Miss Josephine Randall, Secretary of the Recreation Commission, and Father William Flannagan, representing Catholic Charities, explained the purport of the proposed legislation, stressed its importance and strongly urged favorable consideration thereof by the Board.

Hon. Harold J. Boyd, Controller, reviewed the action taken on appropriation request at the time of consideration of the budget requests for the current fiscal year and stated that he did not, at the present time, know of any available funds for the operation of the proposed Coordinating Council during the last half of the present fiscal year.

Hon. John J. O'Toole, City Attorney, informed the Board that the question of funds was not before the Board at present, but it was important that the proposed legislation creating the Coordinating Council, and urged the passage thereof in order that Council could present its request for appropriation in time for inclusion with other budget requests for the next fiscal year.

#### Passed for Second Reading.

Thereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

#### Adopted.

The following recommendation of the Streets Committee was taken up:

#### Intention to Close Portions of Pemberton Place.

(Code No. 12.0621)

Resolution No. 4451, as follows:

Resolved, That the public interest requires that the certain following described portions of Pemberton place be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all those portions of Pemberton place more particularly described as follows, to-wit:

The northwesterly one foot and the southeasterly one foot of Pemberton place lying between Clayton street and Villa terrace.

Said closing and abandonment of said portions of Pemberton place shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Pemberton place, in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

#### **Adopted.**

The following recommendation of the Public Welfare Committee was taken up:

#### **Expression of Regret at Resignation of William P. Filmer From Directorate of Golden Gate Bridge and Highway District.**

(Code No. 12.111)

Resolution No. 4439, as follows:

Whereas, William P. Filmer has resigned from the Board of Directors of the Golden Gate Bridge and Highway District; and

Whereas, it is with sincere reluctance that this Board accepts the withdrawal of Mr. Filmer who, representing the City and County of San Francisco, has served with integrity and distinction in the capacity of Director and President of the organization since its inception; and

Whereas, this wondrous structure, swung gracefully in the path of the setting sun, symbolizes in its giant piers planted solidly in turbulent waters, the man's strength of purpose throughout the long years between the project's conception and its completion; its lofty towers reaching skyward characterize the high ideals and principles which were his in the conduct of his office as President of the Directorate, and the massive cables joining San Francisco with the northern counties portray a lasting bond of friendship and cooperation which was inspired by his patient, kindly and intelligent leadership and spun through his arduous toil and unstinted devotion to the cause; now, therefore, be it

Resolved, That this Board of Supervisors, representing the people of the City and County of San Francisco, notes with sincere regret the severance of William P. Filmer's official connection with the Golden Gate Bridge and Highway District and takes this opportunity to pay him tribute and to express its heartfelt gratitude for his distinguished service thereon.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**Revoking Permit for Operation of Street Cars on Van Ness Avenue South; Granting Petition for Abandonment of Service on Guerrero Street; Providing for Purchase and Operation of Forty Buses to Replace Street Cars on Above Lines.**

(Code No. 15.091)

Supervisor McSheehy presented:

Resolution No. 4453, as follows:

Whereas, two elections were held during the past two years for the purchase and rehabilitation of the Market Street Railway which were in each instance decisively defeated by the people, showing conclusively that the acquisition of this property is not desired by the electorate; and

Whereas, the streets traversed by the Market Street Railway are in such a deplorable state of upkeep that they are impassable through neglect on the part of the company to live up to the terms of franchise; and

Whereas, the City Engineer on September 1, 1936, submitted estimate to the effect that it would entail an expenditure of \$1,118,171 if the company did not at once commence the resurfacing and repair of streets traversed by its lines to bring the streets most in need of attention to the point where they were in accord with the terms of their franchise; and

Whereas, the transportation question in general is a subject most vital to the people of San Francisco, and if something immediate is not done to remedy at least partially the acute situation that now confronts them, they will rise in indignant protest against the men in office they elected to give the traveling public the up-to-date, modernized and adequate service so necessary for the growth of a city; and

Whereas, the Board of Supervisors during the past two months have denied the request of the Market Street Railway to abandon ten different car lines on account of having no adequate service to offer the public in their stead; and

Whereas, the Market Street Railway Company has no franchise to operate their No. 35 line, which traverses Howard street and other streets, but operates same on a day to day permit; and

Whereas, the Market Street Railway Company has requested permission to abandon lines No. 10 and No. 26, which traverse Mission street and other streets; now, therefore, be it

Resolved, That proper legal action be taken by the City Attorney so that the day to day permit by which the Market Street Railway Company is operating the No. 35 line be revoked and that they be required to take up the tracks and repair the streets along the entire route of this line, as called for in the City Engineer's report of September 1, 1936; and be it

Further Resolved, That the request of the Market Street Railway Company, with regard to lines No. 10 and No. 26, designated as the Guerrero street lines, be complied with, in the abandonment of the service, and that all franchise rights that were granted to them on those two lines be made part of this agreement of abandonment, and that they be instructed to take up the tracks and repair the streets as called for in the City Engineer's report, along the routes in question; and be it

Further Resolved, That ways and means be devised for the purchase of 40 modern single deck buses similar to those in New York City, to replace the present street cars, now designated as lines No. 10, No. 26

and No. 35, and that the purchase of these buses be on a pay as you go plan; and be it

Further Resolved, That all rules and regulations that are now invoked by our Municipal Railroad be made part of the rules and regulations governing the operation of these buses, and that all the buses be manned by two men so as to give the best possible service, which it is impossible to give by the manning of buses with one man, and that the five cent fare prevail, with transfer privilege.

**In Memoriam—Harry G. McKannay.**

(Code No. 5.91)

Supervisor McSheehy presented:

Resolution No. 4454, as follows:

Whereas, Our Heavenly Father has summoned Harry G. McKannay to his eternal reward; and

Whereas, during his lifetime Mr. McKannay was one of San Francisco's outstanding citizens, a loving husband and an ideal father; and

Whereas, Mr. McKannay was at one time a member of our official family, acting as secretary to Mayor Taylor, in which position he served with the utmost integrity, with dignity and efficiency; now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of Harry G. McKannay and takes this opportunity to express its heartfelt condolences to his bereaved widow and family; and be it

Further Resolved, That an engrossed copy of this resolution be sent to the family of the late Harry G. McKannay.

**Commending Most Highly Convention Activities of the Northern California Chapter, Associated General Contractors.**

(Code No. 5.93)

Supervisor Mead presented:

Resolution No. 4455, as follows:

Whereas, the Twentieth Annual Convention of the Northern California Chapter, Associated General Contractors of America, saw its conclusion in a brilliant banquet at the Palace Hotel, Saturday night last; and

Whereas, at the convention, which was attended by approximately one thousand contractor-delegates and their guests, most of whom came from other parts of California, much thought and consideration was given to a comprehensive program for publicity and advertising in connection with the National Convention of the Associated General Contractors of America which is to be held in San Francisco, in conjunction with the Golden Gate International Exposition, March 5 to 11, 1939; and

Whereas, great benefits will redound to the City and County of San Francisco from the publicity, advertising and tourist trade dollars to come as a result of the Associated General Contractors National Convention, which it is conservatively estimated will be attended by fifteen thousand delegates and their families and friends; now, therefore, be it

Resolved, That this Board of Supervisors does commend most highly the convention activities of the Northern California Chapter, Associated General Contractors, conducted by its president, R. G. Clifford, its directors and personnel, and does urge that every facility be placed

at the disposal of the association to the end that its Fair Year Convention may culminate in that success which is traditional to them.

### Celebration of National Re-Dedication Day, December 15, 1938.

(Code No. 5.93)

Supervisor Mead presented for Supervisor Reilly:

Resolution No. 4456, as follows:

Whereas, Thursday, December 15, National Re-Dedication Day, marks the anniversary celebration of the ratification of the first ten amendments to the Constitution of the United States, commonly known as the Bill of Rights; and

Whereas, other nations are now witnessing, within their borders, oppression and persecution of free people, suppression of free thought and speech and prohibitions against the belief in and practice of religious principles; and

Whereas, subversive influences are constantly at work in America seeking the abrogation of those cherished principles which our forefathers prudently added to the Constitution, in the Bill of Rights; and

Whereas, it is desirable, in America, to inculcate upon our people the immeasurable value of a prohibition against despotism and to inspire widespread and enthusiastic fervor for the preservation of the tenets contained in our Bill of Rights, designed for and persisted in by a liberty-loving and democratic people; now, therefore, be it

Resolved, That this Board of Supervisors views with approbation the spirit of patriotism which inspires the movement for the celebration of National Re-Dedication Day and does urge all of the people of the City and County of San Francisco to read and reflect upon the Bill of Rights and to join with enthusiastic support in its commemoration.

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.

Absent—Supervisors Brown, Reilly, Roncovieri, Shannon—4.

### Appointment of War Memorial Trustees.

The following communication from his Honor, the Mayor, was read by the Clerk:

San Francisco, December 9, 1938.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: This is to advise you that I have this day named Dr. Alanson Weeks, Messrs. Harry A. Milton, Horace B. Clifton and Ramsay Moran, as members of the Board of War Memorial Trustees, for the term of six years beginning January 2, 1939.

In consonance with Section 44 of the Charter, I respectfully ask your Honorable Board to confirm these appointments.

Yours very truly,

ANGELO J. ROSSI, Mayor.

### Appointments Confirmed.

Thereupon, Supervisor Colman moved that the Board of Supervisors confirm the appointments of Dr. Alanson Weeks, Messrs. Harry A. Milton, Horace B. Clifton and Ramsay Moran as members of the Board of War Memorial Trustees, for the term of six years, beginning January 2, 1939.

No objection and so ordered.

**Request for Estimates for Cost of Cleaning City Hall and Re-gilding Dome.**

Supervisor Uhl requested that there be secured from the Director of Property, estimate of cost for sand-blasting the City Hall and for the cleaning and painting, or re-gilding, the dome of the City Hall.

**Elimination of Parking on Telegraph Hill Approaches.**

Supervisor Uhl called attention to dangerous situation prevailing on Telegraph Hill approaches, caused by parking of automobiles, and requested that the Traffic Department be asked to check up on the situation with a view, if possible, to reduce or eliminate the hazard existing there.

**Request for Estimate for Refinishing the Chambers of the Board of Supervisors.**

Supervisor McSheehy requested that the Director of Property present to the Board an estimate of the cost of re-varnishing and re-decorating the Chambers of the Board of Supervisors. During consideration of Supervisor McSheehy's request, Supervisor Mead stated that an estimate of not less than \$5,000 for such purpose had already been furnished.

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 6:35 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors December 19, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Ronco-  
vieri, Schmidt, Uhl—9.

Absent—Supervisors Brown, Shannon—2.

Quorum present.

Supervisor Ratto presiding, on motion by Supervisor Colman.

Supervisor Brown was noted present at 2:40 p. m.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of December 12, 1938, was  
considered read and approved.

## SPECIAL ORDER—2 P. M.

### Rezoning of Southwesterly Corner of Portola Drive and Wood- side Avenue.

Appeal from the decision of the City Planning Commission by its  
Resolution No. 1867 denying application to rezone from First Resi-  
dential District to Commercial District, property located at the south-  
westerly corner of Portola drive and Woodside avenue.

### Privilege of the Floor.

Harry S. Young, attorney representing appellant, F. E. Mayn, being  
granted the privilege of the floor, repeated briefly his presentation of  
December 12, 1938.

Mr. Mark Jorgensen, Secretary of the City Planning Commission,  
on being questioned by Supervisor Reilly, stated that the applicant had  
not made the same presentation before the Commission, but on the basis  
of the presentation made, the Commission had denied the application.

### City Planning Commission Overruled.

Thereupon, the following resolution, presented by the Public Build-  
ings, Lands and City Planning Committee, was *adopted* by the following  
vote:

Disapproving Decision of City Planning Commission in Denying  
Application to Rezone From First Residential District to Com-  
mercial District, Southwesterly Corner of Portola Drive and  
Woodside Avenue.

(Code No. 13.02)

Resolution No. 4464, as follows:

Resolved, That the decision of the City Planning Commission by its

Resolution No. 1867, dated October 20, 1938, denying application to rezone from First Residential District to Commercial District, property located at the southwesterly corner of Portola drive and Woodside avenue, is hereby disapproved.

### SPECIAL ORDER—2:15 P. M.

**Authorizing Supplemental Appropriation of \$126,000 for the Purchase of Twelve Motor Buses for Operation by the Municipal Railway.**

(Code No. 9.051)

Bill No. 1784, Ordinance No. 9.051533, as follows:

Authorizing a supplemental appropriation of \$126,000 from the surplus existing in the Municipal Railway Operating Fund to the credit of Appropriation No. 865.400.00 for the purchase of twelve motor buses for operation by the Municipal Railway.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$126,000 is hereby appropriated from the surplus existing in the Municipal Railway Operating Fund to Appropriation No. 865.400.00 for the purchase of twelve motor buses for use in the extension of the Municipal Railway service.

#### TENTATIVE ROUTES.

*No. 1. From Forest Hill Station to Rio court and El Serano court via Laguna Honda boulevard, Portola drive, Evelyn way and Teresita boulevard; returning via Teresita boulevard, Fowler avenue, Portola drive and Laguna Honda boulevard.*

*No. 2. From West Portal of Twin Peaks tunnel to San Jose and Plymouth avenues via West Portal avenue, Junipero Serra boulevard, Worcester avenue, Randolph street, Orizaba avenue, Broad street and San Jose avenue; returning via Plymouth avenue, Broad street, Orizaba avenue, Randolph street, Worcester avenue, Junipero Serra boulevard and West Portal avenue.*

*No. 3. From Seventeenth avenue and Judah street to Fourteenth avenue and Taraval street via Judah street, Eighteenth avenue, Kirkham street, Seventeenth avenue, Ortega street, Sixteenth avenue, Rivera street, Fifteenth avenue and Taraval street, returning via Taraval street, Fourteenth avenue, Santiago street, Fifteenth avenue, Rivera street, Sixteenth avenue, Ortega street and Seventeenth avenue.*

#### Statement by Supervisor Uhl and Requested Answers From Manager of Utilities.

Supervisor Uhl, preliminary to the consideration of the requested appropriation of \$126,000 for the purchase of twelve buses, presented the following statement, and requested answers from the Manager of Utilities to questions contained therein:

Kindly advise why on last Tuesday you phoned Mr. Henry Doelger as follows: "Uhl voted against the purchase of 12 buses."

I desire to compliment you for becoming bus-minded in that you are substituting buses for the "M" trolley line, your first step in the right direction. Our agitation for buses is evidently taking root. Better late than never.

Question No. 1. In recommending substitution of buses for the "M" line and establishing feeder bus lines between Taraval and Judah, what consideration did you give to merging these two lines and the establishment of a bus route from San Jose avenue and Alemany boulevard across town to Twenty-fifth and Lake street?

Question No. 2. At what hour of the morning do you expect to start operation of the three proposed bus routes; what is the headway proposed between buses on the several bus routes during their hours of operation; what is the average speed you expect these buses to maintain, and in the case of each route, at what hour do you expect to discontinue operation?

Question No. 3. What are the estimated bus hour and bus mile cost of the feeder lines you propose?

Question No. 4. Where do you propose to locate a garage to accommodate repair and service the twelve buses contemplated to be purchased? Do you propose building a garage and at what cost?

Question No. 5. In connection with the last question, please give your estimate of the idle running time necessary to reach the garage while buses are not in service?

Question No. 6. What capacity buses do you contemplate purchasing for these three feeder routes?

Question No. 7. Do you propose to operate these twelve buses by one man or two men?

Question No. 8. What do you figure will be the average life of the buses you contemplate purchasing?

Question No. 9. Why did you fail to call for bids covering purchase of the previous buses? Will bids be called for covering the twelve buses in contemplation?

Question No. 10. May I have the data regarding possible bus patrons within the area covered by the proposed feeder routes inasmuch as you stated in your letter to me under date of December 13, 1937, I assure you that the engineering staff of the Public Utilities Commission is fully competent to obtain the data requested. I presume you have this information available.

Question No. 11. In your letter to me under date of November 26, 1937, you stated existing municipal lines are already loaded to capacity during peak hours of traffic. What is your plan for handling these additional passengers on the primary street car routes in view of the present crowded condition of these cars? I now ask you to answer that question inasmuch as you are designating three bus feeder routes. Section 121 of the Charter provides that where betterments and extensions from public funds are to be provided, that in each such case the Manager of Utilities shall furnish an analysis of cost, service and estimated revenues for any proposed extension. Therefore, I respectfully request an answer to my inquiry of December 16th covering the operating cost and revenues for the proposed three feeder bus routes?

Mr. Cahill, why not do a real job, one that will give persons in the Richmond, as well as in the Sunset District, a real, improved transportation service? Substituting bus route for the "M" car from San Jose avenue and Alemany boulevard to West Portal, the Tunnel and another bus feeder route via Seventeenth, Eighteenth, Sixteenth, Fifteenth and Fourteenth avenues between Judah and Taraval, I construe more as a political expediency than giving proper crosstown service which can be done by the purchase of six instead of four buses and routing same between San Jose avenue and Alemany boulevard via Eighteenth and Nineteenth avenues, Irving street to Nineteenth and across Golden Gate Park into Twenty-fifth avenue, terminal at Lake street. At the present time it requires 45 minutes for a person to travel between Twenty-fifth avenue and Lake street and San Jose avenue and Alemany boulevard. I respectfully urge you give this suggestion your favorable consideration. It carries out your statement to me in your letter of November 26, 1937: "I agree with you that service must be the paramount consideration of a publicly owned utility." Therefore, I respectfully request that you confer with the Public Utilities Commissioners regarding the crosstown bus route from the above-mentioned points in place of the contemplated bus routes above referred

to. I also might mention that I hope in time you will see fit to extend the bus line from San Jose avenue and Alemany boulevard via Alemany, Bayshore, Potrero, Brannan and Fifth to Market. Without doubt, such a line would be a paying line whereas your present proposed bus feeders will be operated at a loss.

### Point of Order.

During the reading of the above statement by Supervisor Uhl, Supervisor Reilly rose to a point of order, his point of order being that Supervisor Uhl was out of order because he was not speaking to the matter before the Board, that is, an appropriation of \$126,000 for the purchase of twelve buses, and that the routing of buses or the establishment of new services was not before the Board.

Chair ruled the *point of order well taken*.

### Appeal From the Ruling of the Chair.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, appealed from the decision of the Chair.

Supervisor Colman at the request of the Chair put the appeal.

### Chair Overruled.

After brief statements by Supervisor McSheehy, and the Chair, the Chair was *overruled* by the following vote:

Ayes—Supervisors Reilly, Roncovieri—2.

Noes—Supervisors Colman, McSheehy, Mead, Meyer, Schmidt, Uhl—6.

Absent—Supervisors Brown, Shannon—2.

Excused—Supervisor Ratto—1.

### Statement by Manager of Utilities in Reply to Questions of Supervisor Uhl.

During the reading of the foregoing questions by Supervisor Uhl, Mr. E. G. Cahill, Manager of Utilities, in reply to Questions Nos. 4, 6, 7, 8 and 9, stated that the city did need a bus garage, and that the logical site for same was on Water Department land on Seventh avenue, at the north end of the Laguna Honda Reservoir. This site he had recommended to the Public Utilities Commission. The buses he contemplated purchasing were 31 seat, one-man-operated buses, with an estimated life of seven years. Bids had been called for, through the Purchaser of Supplies, but only two bids had been submitted, one from the American Car and Foundry Company and one from White. Partially replying to Question No. 11, Mr. Cahill stated that it was his intention to request an appropriation, probably in the near future, to permit the purchase of four modern street cars.

Regarding the list of questions in general, propounded by Supervisor Uhl, Mr. Cahill stated that it was obvious that no man could answer, immediately a set of ten intricate questions that had taken several days to formulate. He stated further that if the Board should request, by motion or resolution, answers to Supervisor Uhl's questions, such request would, of course, be referred to his Commission, and undoubtedly would be acted on.

### Question of Personal Privilege.

During the foregoing proceedings, Supervisor McSheehy rose to a question of personal privilege, stating he had received a paper asking a commitment by the Supervisors on a matter before any evidence had been submitted to the Board.

The Chair ruled Supervisor McSheehy out of order, since the matter referred to, the question of building height limitation and rezoning in the Marina District was not before the Board.

### Appeal From Ruling of the Chair.

Thereupon, Supervisor McSheehy, seconded by Supervisor Mead, appealed from the ruling of the Chair. Supervisor Colman, at the request of the Chair, put the appeal.

#### Chair Sustained.

After statements by the maker of the appeal, Supervisor McSheehy, and by the Chair, Supervisor Ratto, the chair was *sustained* by the following vote:

Ayes—Supervisors Brown, Colman, Reilly, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Mead, Meyer—3.

Absent—Supervisor Shannon—1.

Excused—Supervisor Ratto—1.

#### Privilege of the Floor.

Mr. H. S. Foley, representing the Municipal Carmen's Union, was, at the request of Supervisor McSheehy, granted the privilege of the floor. Mr. Foley expressed opposition to the appropriation under consideration, stating that his organization was opposed to such haphazard methods, but that there should be a planned service. He stated further that a resolution, introduced at the meeting of the Labor Council on December 16, 1938, asking that the foregoing ordinance be referred to the Joint Finance and Public Utilities of the Board, was unanimously adopted.

#### Motion.

Thereupon, Supervisor McSheehy, seconded by Supervisor Mead, moved that the ordinance be referred to Joint Committee on Finance and Public Utilities.

#### Privilege of the Floor.

Mr. Herman Weinberger, president of West of Twin Peaks Central Council, on motion by Supervisor Colman, was granted the privilege of the floor and opposed the proposed re-reference to committee. Mr. Ray Schiller, representing the Parkside District Improvement Club; Carl Maritzen and George Allen, also objected to any delay in passage of the proposed ordinance.

#### Request to Withdraw His Second.

Supervisor Mead, in explaining his reason for seconding Supervisor McSheehy's motion, stated he did so under the definite impression that the people had not been heard in the matter. Having learned from discussion of the proposed matter, that a hearing had been held, he requested permission to withdraw his second. However, Supervisor McSheehy objected.

#### Motion Failed.

Thereupon, the roll was called and the motion to re-refer the foregoing matter to the Joint Committee on Finance and Public Utilities was *defeated* by the following vote:

Aye—Supervisor McSheehy—1.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisor Shannon—1.

#### Explanations of Votes.

Supervisor Uhl, in explanation of his vote, objected to statements made that he had voted against the appropriation for the purchase of buses. He reviewed the action of the Board during the previous meeting and stated further that the matter had never come to a vote. He

realized the need for the buses and he was happy indeed that Mr. Cahill saw the desirability of substituting them for trolley cars on the "M" line of the Municipal system.

Supervisor McSheehy stated that his objection was not to the proposed purchase of buses, but to the method of procedure. Such matters, he felt, should come to the Board and should be referred, by the Board, to the proper committee.

Supervisor Reilly objected to statements made that there was any irregularity in the presentation of the ordinance. The matter had been before the Finance Committee twice and proper hearings held and it was favorably recommended by the Committee to the Board.

#### Passed for Second Reading.

Thereupon, the foregoing bill was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### SPECIAL ORDERS—2:30 P. M.

##### Report and Recommendation of the City Planning Commission to the Board of Supervisors on

##### Limiting Heights of Buildings, Territory Bounded by the Northerly Line of Lewis Street, Laguna Street, Beach Street and Marina Boulevard.

(Code No. 11.08)

Bill No. 1746, Ordinance No. 11.0828, as follows:

Limiting the height of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. No building shall be erected in the City and County of San Francisco to a height greater than forty (40) feet within the territory bounded by the northerly line of Lewis street on the north, by Laguna street on the east, by Beach street and Marina boulevard on the south, and by Webster street on the west.

Section 2. No addition to or alteration or improvement of any building within the above described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco as provided by this ordinance shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, water tanks, flag staffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof lines of buildings.

Section 4. The method of determining the height of buildings for the purpose of this ordinance shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction

tion thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, firm or corporation as herein provided.

### Report and Recommendation of the City Planning Commission

To the Honorable Board of Supervisors of the City and County of San Francisco:

Bill No. 1746, Ordinance No. 11.828, Code No. 11.08, entitled: "Limiting the height of buildings hereafter to be erected in a certain district of the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of this ordinance."

The following report and recommendation of the City Planning Commission in connection with the above described ordinance is hereby submitted in compliance with the provisions of Section 117 of the Charter:

In considering the height ordinance it was found that immediately abutting this area to the east are the U. S. Army Transport Docks, built to a height of approximately 50 feet or the equivalent of about five stories, and to the south, the P. G. & E. power station built to a height of approximately 67 feet or the equivalent of about seven stories. With these conditions now existing, *it is not considered* that a uniform height limitation of 40 feet over the entire area would be proper; therefore, the City Planning Commission recommends against the adoption of the ordinance as submitted.

While it is true the Marina district proper has such a height regulation, it must be observed that the development existing around this particular area is quite different than that surrounding the Marina district. The property fronting on Marina boulevard between Buchanan street and Webster street, being in the First Residential District, any single family dwellings built thereon would not likely extend to a height as great as 40 feet, so the boulevard frontage appears to be amply protected by that regulation from an aesthetic viewpoint. It is difficult to prescribe a regulation to recommend in lieu of the ordinance, but it is believed in the normal development of the area it would be built upon in a manner that will realize the greatest advantage to the area as a whole. A limitation of 40 feet would not protect the view of any property south of this area.

Respectfully submitted,

By order of the City Planning Commission.

(Signed) MARK JORGENSEN,  
Secretary.

### Report and Recommendation of the City Planning Commission to the Board of Supervisors on

### Proposed Ordinance Regarding Reclassification of the Use to Which Certain Property May Be Put.

(Code No. 13.02)

Bill No. 1759, Ordinance No. 13.025, as follows:

Reclassification of the use to which certain property in the City and County of San Francisco may be put and defining the boundaries of the property so reclassified.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The property hereinafter described is hereby reclassified from Light Industrial to First Residential District:

All that certain real property situate, lying and being in the City and County of San Francisco and bounded by Laguna street to the east, Beach street and Marina boulevard to the south, Webster street to the west, and the northerly line of Lewis street to the north.

Section 2. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 3. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such person, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such person, firm or corporation as herein provided.

#### Report and Recommendation of the City Planning Commission

To the Honorable Board of Supervisors of the City and County of San Francisco:

Bill No. 1759, Ordinance No. 13.025, Code No. 13.02, entitled: "Reclassification of the use to which certain property in the City and County of San Francisco may be put and defining the boundaries of the property so reclassified."

In considering the aforesaid ordinance proposing a change in the Use District classification of the property described in aforesaid ordinance it was found that:

The property immediately adjoining the area in question to the east is owned by the U. S. Army and used as transport docks. The property to the south, between Laguna and Buchanan streets, is classified in the Heavy Industrial District and is used for a standby electric power plant and a large gas storage tank belonging to the P. G. & E. Co. The property fronting on Marina boulevard between Buchanan and Webster streets, to the southwest, is classified in the First Residential District and is improved with single family dwellings. The property to the west and north of Marina boulevard is a public park owned by the City. To the north of the area in question lies the San Francisco Bay.

From the foregoing it is quite apparent that the area in question is entirely surrounded by a wide variation of Use District classifications, ranging from the least restricted to the most restricted, with development and improvements consistent with each classification as well as public property and water frontage. The various Use District classifications and development surrounding this particular area is quite different than that which prevails in the area generally surrounding the Marina District proper.

Considering the Marina District proper as the area north of Chestnut street and west of Buchanan street, we find the entire area is classified in the Second Residential District save and excepting the property fronting on Lyon street, Baker street and Marina boulevard.

In view of the actual conditions existing and Use classifications regulating the property in the Marina proper, it is impossible to conceive upon what logical basis of planning or zoning it could be recommended the area here under consideration be classified in the First Residential District. On the contrary, to so recommend could well be regarded as an arbitrary exercise and abuse of the powers vested in the Planning Commission and discriminatory action against the

owners of this particular land. Accordingly, we recommend against the adoption of the ordinance as submitted, proposing the classification of the property in the First Residential District.

In lieu of the regulation proposed by the ordinance as submitted it is recommended the ordinance be amended so as to classify the property on the north side of Marina boulevard between Laguna and Buchanan streets to a depth of 100 feet in the First Residential District and all remaining portions of the area classified in the Second Residential District where not already now classified in the First Residential District.

The amendments recommended would classify the property in a manner consistent with the classifications now applying to the Marina proper, which, when you consider the development and use of land surrounding this particular area is the greatest restriction which should be considered.

No sound logical reasons were advanced by any of the proponents of this ordinance upon which the Commission could predicate a recommendation in favor thereof.

Considerable stress was placed on the contention that the property should be acquired by the City for a further extension of Yacht Harbor. The City Planning Commission is quite in accord with this contention and recommended by a resolution passed in the year 1932 the acquisition of the property for such purposes, but in the consideration of any proposal for the classification of the use of the land under the Zoning Ordinance all such matters must be entirely disregarded as not pertinent to the question and not a basis upon which to predicate a recommendation as to zoning.

Respectfully submitted,

By order of the City Planning Commission.

(Signed) MARK JORGENSEN,

Secretary.

#### Committee of the Whole.

On motion by Supervisor Schmidt, the Board resolved itself into a Committee of the Whole for the purpose of hearing all persons interested in the matter of limiting the heights of buildings and the rezoning from Light Industrial to First Residential, the property within the boundaries as set forth in the proposed legislation under consideration.

Supervisor Schmidt moved further that the same chairman preside.

No objection and *so ordered*.

#### Discussion.

Mr. Lloyd Dinkelspiel, attorney, appeared in behalf of the Marina Home Owners' Protective Association and the Marina Civic Improvement Association. Dr. Albert Lander, president, Marina Home Owners' Protective Association; George Allen, president of Central Council of Civic Clubs; Ernest L. West, president of Marina Civic Improvement Association; Mrs. Bernard Cody, a resident in the Marina; Mr. George Bannister, in behalf of several troops of Sea Scouts; Mr. Edward J. Dollard, president of San Francisco Yacht Harbor Association; Mrs. Sylvain S. Abrams, president of San Francisco Welfare Council, and Mrs. Helen Doble, president, Association of Pioneer Women of California, all urged approval of ordinances providing for restriction of building heights and the rezoning of property in the Marina District from Light Industrial to First Residential classification.

Mr. Elmer P. Delaney, representing owners of property affected by the proposed legislation; Mr. D. H. Ryan, in behalf of the California State Council of Carpenters; William Coghlin, of the Associated General Contractors; Mr. Thomas Allen, representing Mrs. Emma Bates,

one of the owners of property in the so-called Gas House Cove; Mr. Alexander Watchman, president of the San Francisco Building and Construction Trades Council; Mr. Jack Leonard, of the Laborers' Union No. 261; Arthur C. Nelson, president of Carpenters' Local No. 22; Mr. Robert Lincoln, secretary of the Marina Improvement Association; Mr. James Ricketts, of the San Francisco Building Trades Council, and Mrs. Grace Perego opposed the proposed legislation.

During rebuttal of arguments presented by the opponents, Mr. Lloyd Dinkelspiel, attorney, and Mrs. Philip Yountz were granted the privilege of the floor.

#### Committee of the Whole Rises and Reports.

Supervisor Brown, after extensive presentation by both proponents and opponents of proposed legislation, moved that the Committee of the Whole rise and report.

No objection, and *so ordered*.

#### Reconvention as Board of Supervisors.

Thereupon, Supervisor Brown moved that the Committee of the Whole reconvene as a Board of Supervisors.

No objection, and *so ordered*.

#### Explanations of Votes.

Supervisor McSheehy, in explanation of his vote on the proposed ordinances, stated that his experience as a builder, his personal knowledge of the development of the Yacht Harbor and of the growth of the Marina District, his part in the enactment of the city's zoning ordinance, and his observance of the benefits the city had derived as a result of that ordinance, the necessity of preserving the shoreline in the Marina District from commercialism and the detracting result of tall buildings for the benefit, not only of the residents of the district, but for the whole city, convinced him of the importance of the legislation under consideration, and he urged the passage of the bills as presented.

Supervisor Uhl stated that he wanted to go along with labor, and would do so whenever he felt labor to be right, but in the present instance there were other sites for building. There would be, within the next fourteen or fifteen months, some 50 acres of land, as conveniently situated for development as is the Marina District. That is Calvary Cemetery. Shortly thereafter there would be the Laurel Hill Cemetery. The Marina is a beauty spot, and invaluable. Proper attention should be given to the beautification of Gas House Cove, he held, and he, therefore, must support both ordinances under consideration.

Supervisor Colman, in his explanation of vote, stated that seldom had such unanimity of opinion as to the desirability of maintenance of the beauty of a section of the city been displayed. It is evident that a very representative and sizable group of citizens, from all over the city, are unanimous in the desire for the preservation of the beauty of the Marina. Supervisor Colman stressed particularly the value of beauty, and again urged that the beauty of the Marina be preserved. He suggested further, that provision be made in the budget for the next fiscal year, and for succeeding years, as long as necessary, for the purchase and development of the property under consideration.

Supervisor Brown, in opposing the passage of the proposed legislation, stated that he intended to touch on some points that had not been considered. He had supported the Sea Scouts in their activities for many years. He knew their needs and was sympathetic toward them. However, at the close of the Exposition, there will remain a wonder-

ful yacht harbor that can then be developed. The zoning ordinance established the district affected by the proposed legislation as light industrial. All purchasers of property in the Marina must have known that at the time of acquiring their property. The owners of the property affected by the proposed legislation are satisfied with the present use classification. In this case it is not the owners of property involved who are seeking the change in zoning, and those seeking the rezoning would be protesting any change of zoning of their property not requested by themselves. If the property is rezoned, its value will be greatly depreciated, which fact, in case condemnation proceedings are instituted by the city for the acquisition of the property, will be considered by the courts in fixing the price therefor. If the property is reclassified as a first residential district it cannot be filled in and made ready for use at a price which will permit its use for purposes allowable. Thus the economic value of the property will be destroyed. In concluding his arguments, Supervisor Brown suggested that both bills be re-referred to committee and be allowed to remain there until after sufficient money had been set up in the next year's budget, if it was so determined, to provide for the first year's payment toward the purchase of the property involved.

#### Re-reference to Committee Denied.

Supervisor Brown, in accordance with his suggestion just made, moved that the entire matter be referred to the proper committee of the Board of Supervisors, there to remain until after sufficient money had been set up in the next year's budget to provide for the first year's payment toward the purchase of the property under question.

*Motion failed for lack of a second.*

Supervisor Schmidt called attention to the proposal a few years previous to establish a produce terminal in the Marina District, which, but for the concerted and strenuous protests of the people in the district, probably would have succeeded. He stated that the Marina home owners were within their rights in attempting to protect their property, and were not unreasonable in asking for a 40-foot height limitation.

#### Renewal of Motion to Refer to Committee.

After further brief discussion, and inquiries which elicited the information that option to purchase the Pacific Gas and Electric Company property in the district had expired and would not be renewed until after the coming year, Supervisor Brown, seconded by Supervisor Mead, moved that both the proposed ordinances under discussion be re-referred to the Public Buildings, Lands and City Planning Committee.

#### Objections to Re-reference to Committee.

Supervisors Colman and McSheehy opposed re-reference to committee, and called for the question on postponement. Mr. Jorgensen, secretary of the Planning Commission, reminded the Board that while any proceedings were pending, in committee or elsewhere, no permits for building any homes, or anything else, could be granted.

#### Re-reference to Committee Refused.

Thereupon, the roll was called and the motion to re-refer to committee, the bills providing for rezoning from Light Industrial to First Residential District, and to limit the height of buildings to 40 feet, failed by the following vote:

Ayes—Supervisors Brown, Mead—2.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisor Shannon—1.

**Passed for Second Reading.**

**Requesting Mayor to Appoint Citizens' Committee to Assist in Celebration of Welcome of Pan-American Clipper to Home Port at Treasure Island Lagoon, December 23rd.**

(Code No. 5.92)

Supervisor Colman presented:

Resolution No. 4465, as follows:

Whereas, a Pan-American Clipper will alight in the Lagoon at Treasure Island on December 23rd; and

Whereas, subsequent thereto, test flights will be made from the Lagoon, which because of the favorable atmospheric conditions prevailing there has been chosen as the base for future trans-Pacific operations of the Pan-American Airways to be inaugurated shortly after the first of the year; and

Whereas, this new Boeing Clipper, one of a fleet of six to be placed in trans-Pacific service, is the largest, most modern airplane in the world, weighing 82,000 pounds, carrying 74 passengers, equipped with the finest appointments for comfort and convenience and the latest and most scientific safety devices which the brains of aeronautical engineers have conceived; and

Whereas, this giant plane which will shortly soar out, carrying the name and good will of San Francisco into the Far East, is to be welcomed at its home port in the Lagoon on December 23rd by a committee of representative citizens; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to

appoint a Citizens' Committee to join in the arrangements for a suitable celebration to welcome Pan-American's new Clipper.

**Requesting Change of Time for Meetings of Public Utilities Commission in Order That Manager of Utilities May Be Available at Regular Meetings of Board of Supervisors When Needed.**

(Code No. 3.06)

Supervisor McSheehy presented:

Resolution No. 4466, as follows:

Whereas, almost every Monday the presence of the Manager of the Public Utilities Commission is required at the meeting of the Board of Supervisors for the purpose of supplying reports, recommendations and estimates of cost in connection with utility problems confronting the Board; and

Whereas, these matters are very often so technical in character as to imperatively necessitate the presence of the Manager of Utilities for the purposes of interrogation and counsel; and

Whereas, the Public Utilities Commission meets each Monday afternoon at which time its Manager is required to be present to advise and report in connection with affairs under the jurisdiction of the Commission, thus making impossible his attendance at the meetings of the Board of Supervisors; and

Whereas, for many years past the rules of the Board of Supervisors have provided that its regular meetings shall be held on Monday of each week, and a change in such procedure would cause great confusion and inconvenience to the public; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request the Public Utilities Commission to change its regular meeting date to some day other than Monday in order that Mr. Cahill may be available at the regular meeting times of the Board of Supervisors for the purpose of supplying such information as is desired of him; and be it

Further Resolved, That a copy of this resolution be sent to the Public Utilities Commission.

Supervisor McSheehy presented:

Resolution No. 4467, as follows:

Whereas, the Honorable Edward W. Cahill has been summoned to his heavenly abode; and

Whereas, Mr. Cahill has for many years past been an honored citizen and civic leader in San Francisco; and

Whereas, for the past five years Mr. Cahill has served in the capacity of U. S. Commissioner of Immigration, which position he filled with honor and efficiency; and

Whereas, San Francisco and the State of California will long mourn the untimely passing of this greatly loved character; now, therefore, be it

Resolved, That the Board of Supervisors notes with sincere regret the passing of Edward W. Cahill and takes this opportunity to express its heartfelt sympathy to his bereaved wife and family; and be it

Further Resolved, That an engrossed copy of this resolution be sent to the widow of the late Edward W. Cahill.

**Mayor to Appoint Citizens' Committee to Arrange and Participate in the Dedicatory Services of the Opening of the San Francisco-Oakland Bay Bridge Rail Terminal.**

(Code No. 5.92)

Supervisor Ratto presented:

Resolution No. 4468, as follows:

Whereas, January 15, 1939, will witness the opening and official dedication, in San Francisco, of the ultra-modern terminal for San Francisco-East Bay interurban electrified train service, via the San Francisco Bay Bridge; and

Whereas, the completion of this great terminal constitutes the final step in the utilization of the purposes for which this colossal bridge was constructed; and

Whereas, this epoch-making event marks the commencement of a new era in local transportation and will tend to strengthen the bonds of friendship and stimulate the commercial relationship between San Francisco and her sister cities in the East Bay so that ultimately, it is hoped, the whole Bay Area may be merged, in spirit at least, into a metropolis which shall lead the Pacific Coast in commerce, in industry and in tourist reception; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to make fitting arrangements for, and to participate in, the dedicatory services to be held at the official opening of the San Francisco-Oakland Bay Bridge Rail Terminal.

**Requesting His Honor the Mayor to Extend an Official Invitation to Prime Minister de Valera of Ireland to Visit San Francisco and to Appoint a Citizens' Committee to Arrange for an Appropriate Welcome.**

(Code No. 5.92)

Supervisor Reilly presented:

Resolution No. 4469, as follows:

Whereas, His Excellency, Franklin D. Roosevelt, President of the United States, has extended an official invitation to Prime Minister de Valera of Ireland, who is a native born American and an honorary citizen of San Francisco, to visit the United States during the year 1939; and

Whereas, there is no city outside of Ireland where the career and accomplishments of Mr. de Valera have been more warmly followed and more interestedly observed than in San Francisco by reason of the fact that in the days of his struggles to bring about the independence of his nation he visited San Francisco on more than one occasion and received from our hearts that welcome and that encouragement which are so essential to a brave leader struggling against tremendous odds to regain for his country its rightful place among the nations of the world; and

Whereas, the year 1939 will be an appropriate time for the Irish Prime Minister to visit San Francisco because of the added attraction of our Golden Gate International Exposition and because of the fact that the heart of San Francisco still pulsates with appreciation and

regard for the accomplishments of this great statesman of a Christian democracy; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco respectfully requests the Honorable Angelo J. Rossi, Mayor, and the Honorable Leland W. Cutler, president, Golden Gate International Exposition, to extend an official invitation to Mr. de Valera to visit San Francisco in connection with his visit to the United States and to be once again our most welcome guest; and be it

Further Resolved, That his Honor Mayor Angelo J. Rossi be and is hereby respectfully requested to appoint a Citizens' Committee to welcome Prime Minister de Valera of Ireland upon his visit to San Francisco.

## Report of the Finance Committee on Salary Standardization.

The following report was read by Supervisor Roncovieri, Chairman of the Finance Committee:

December 27, 1938.

To the Board of Supervisors.

Gentlemen: The Salary Standardization document proposed by the Civil Service Commission has been carefully considered by your Finance Committee, in all its aspects, keeping in mind both those employees for whom the Civil Service Commission has recommended salary increases, and the taxpayers who will be called upon to pay these increases.

The Civil Service Commission is the official fact-finding body in salary standardization matters. The recommendations of the Civil Service Commission are based upon a long and costly study of salaries prevailing in private employments. Your Finance Committee is not in an expert position to question the accuracy of all of these recommendations, and therefore, for the time being, accepts them without comment. However, we deem it our duty to inform you, that the San Francisco Bureau of Governmental Research and the Junior Chamber of Commerce, do question a large number of the salary increases recommended by the Civil Service Commission. There are also a number of employees who claim that their proposed salary increases should be higher. Your Finance Committee recommends that all these

controversial claims be heard by the Board of Supervisors sitting as a Committee of the Whole.

It is the will of the people, as expressed in their Charter, and in the *Prevailing Wage Law* of the State of California, that all salaries in the public service shall equal the salaries prevailing in private employments; and the Charter imperatively makes it the duty of the Board of Supervisors to put this principle into practice through the Civil Service Commission.

It is with a sincere desire to be equally just to both employees and taxpayers, that your Finance Committee has been carefully considering the ability of the taxpayers to carry, in the next fiscal year, the total increased tax burden due to Salary Standardization, and amounting to \$856,549.68. There is a limit beyond which the tax rate for the General Fund cannot be raised; that limit is fixed by the Charter at \$1.65, and San Francisco is now within \$.112 of this limit. Within the limit of \$1.65 all the essential services of the City and County government, and all salaries for these essential services must be provided and maintained.

It is too early to predict the amount of money that will be available to put all the salary standardization recommendations of the Civil Service Commission into effect. San Francisco is facing the possible loss of \$1,150,000 of *Hetch Hetchy* revenues during the next six months of the present fiscal year, and \$2,300,000 annually thereafter. San Francisco is also facing an increase in expenditures for all forms of relief. These relief expenditures have been mounting annually by leaps and bounds during the last few years, so that the taxpayers' share of the total cost of San Francisco relief, amounting to \$3,989,273.93 for this present fiscal year, is actually \$1,386,214.63. And no one can foretell when, and at what point, the cost of relief will stop increasing, especially since the legislative trend is to liberalize old-age pensions, and all other forms of relief.

Prospective mandatory increases in *Relief Expenditures* imposed by the Legislature, and prospective loss of millions in *Hetch Hetchy Revenues*, naturally command extreme caution in predicting, at the time, how many, and how much, of the salary standardization adjustments can safely be put into effect.

Notwithstanding this serious situation, your Finance Committee fully recognizes the fact that, in the case of the per diem men of the various crafts, the City is paying them lower wages than actually prevail in private employment. That this is unfair, no one will gain say, since Organized Labor and Private Industry have signed agreements as to well-settled scales of wages. There is no question that these wages are actually being paid to the members of all the crafts by all employers, except San Francisco, the largest employer. If our large employer, like San Francisco, refuses to recognize the existing wage scales agreed upon between Organized Labor and Employers in private industry, this well-established wage structure, built up through years of industrial strife and sacrifice, is in danger of being destroyed. *Industrial harmony between employers and employees can be maintained only when ALL EMPLOYERS subscribe to the same wage agreements with Organized Labor.*

A scrupulous regard for the rights of all concerned, demands the recognition be given to the wage scales existing under signed agreements between Organized Labor and Employers in Private Industry and that these same wage scales be adopted by the City for its workers.

The increased cost of paying all of the 898 per diem men on parity with the wages actually being paid in private employment will require an additional \$177,066.36 in next year's budget. Every effort should be made to provide the funds for at least this salary adjustment, and for as many more adjustments for other employees, as may be financially possible to accomplish. The entire subject of salary standardization is one of financial possibility, and some time will be required before we can have a more definite financial picture.

*Meanwhile, as a preliminary step in the solution of the salary standardization problem, your Finance Committee is of the opinion that the present wage scales paid by San Francisco to all member crafts of organized labor, should be brought up, in next fiscal year's budget, to the scales mutually agreed upon between Organized Labor and Employers in private industry. AND WE SO RECOMMEND!*

Your Finance Committee also recommends that the study and consideration of salary standardization, and hearings thereon, for all other employees, proceed uninterruptedly; but that final action thereon be deferred until such time as Hetch Hetchy revenues are assured, and the proposed liberalization of old-age security and other forms of relief expenditures are definitely settled by the Legislature.

In conclusion, your Finance Committee appeals to every department of the City and County government to assist the Board of Supervisors in keeping down the tax rate, by exercising the strictest economy in every possible way, and by limiting budget requests to minimum needs, in order that it may be possible to make effective further salary adjustments. *It is self-evident that salary standardization, of necessity, must be limited by the City's income, which in turn is limited by law. The pattern cannot be larger than the cloth, and no benefits can be promised or implied, that cannot be safely financed.*

Respectfully submitted,

YOUR FINANCE COMMITTEE,  
ALFRED RONCOVIERI,  
GEORGE R. REILLY.

### Consideration Postponed.

Supervisor Uhl moved that the Civil Service Commission be requested to bring its report on salary standardization up to date, in time for the meeting of the Board of Supervisors on January 9, 1939, and that the matter of salary standardization be considered on that date, at 2:15 p. m.

No objection and so ordered.

### UNFINISHED BUSINESS.

#### Final Passage.

The following recommendations of the Finance Committee, heretofore passed for second reading, were taken up:

#### Authorizing Sale of City-Owned Land Near Pleasanton.

(Code No. 12.17252)

Bill No. 1785, Ordinance No. 12.1725212, as follows:

Authorizing sale of City-owned land near Pleasanton.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned land situated in the County of Alameda, State of California:

Commencing at a point in the northerly boundary line of that certain 100-foot strip of land described in Parcel 71 of Alameda County Lands, in deed from Spring Valley Water Company to the City and County of San Francisco, dated March 3, 1930, and recorded March 3, 1930, in the office of the County Recorder of Alameda County, State of California, in Liber 2350 of Official Records at page 1; said point being the northwest corner of that certain portion of said 100-foot strip conveyed to Henry J. Kaiser Company by the City and County of San Francisco by deed dated April 12, 1937, and recorded August 20, 1937,

Alameda County Records; running thence from said point of commencement along said northerly boundary line north 87 degrees 56 minutes west 1,474.67 feet to Corner No. 10 of the boundary of the Santa Rita Rancho; thence continuing along said northerly boundary line of Parcel 71, north 67 degrees 15 minutes west 119.43 feet to an intersection with the northeasterly boundary line of Alameda County Road No. 1533; thence leaving said northerly boundary line and running southeasterly along said northeasterly boundary line of said road south 15 degrees 24 minutes 30 seconds east 127.18 feet to an intersection with the southerly boundary line of said 100-foot strip; thence along said southerly boundary line south 67 degrees 15 minutes east 58.20 feet; thence continuing along said southerly boundary line south 87 degrees 56 minutes east 1,495.15 feet to the southwest corner of the hereinabove mentioned portion of said 100-foot strip of land conveyed to Henry J. Kaiser Company; thence leaving said southerly boundary line and running along the westerly boundary line of said portion of 100-foot strip of land conveyed to Henry J. Kaiser Company north 0 degrees 47 minutes east 100.03 feet to the point of commencement.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco, subject to the following reservations and conditions:

1. In order that connections can be made between the remaining portions of the 100-foot strip of land and the 50-foot strip of land of the City and County of San Francisco, the City hereby reserves a right of way easement to lay, relay, construct, reconstruct, maintain, operate, patrol, repair, replace, remove, increase and/or change the number and size of pipes, pipe lines, conduits and/or connections, appurtenances and appliances for the conveyance, distribution, supply, and/or sale of water and to construct, reconstruct, operate, patrol, repair, renew, replace, remove, increase and/or change the number of electric transmission lines and/or telephone lines, consisting of wires supported on poles, with the usual and necessary fittings and appurtenances thereto, along and/or across the strip of land hereinabove described and extending from the northeasterly boundary line of Alameda County Road No. 1533 to the westerly boundary line of that certain portion of said 100-foot strip of land heretofore conveyed to Henry J. Kaiser Company by the City and County of San Francisco by deed dated April 12, 1937, and recorded August 20, 1937, Alameda County records.

2. There is also hereby expressly reserved by the City, its successors and assigns, as against the parcel of land hereinbefore described, all water which may or might flow in any stream or water course to which said land or any portion thereof is or may be riparian; and the right to withdraw, drain and divert to any point such water from any such stream or water course at any point above or below said land; also the right to take by pumps or other means located on any lands other than the parcels of land hereinabove described, from the subterranean strata underlying said parcel of land, such water as it may now or hereafter desire for use or disposal either upon such lands or elsewhere. However, the grantee, subject to the foregoing paramount rights of the City, its successors and assigns, shall have the right to sink a well or wells on said parcel of land and to use the water therefrom on said parcel of land, but the said water shall not be used or disposed of for use elsewhere by the grantee.

3. Subject to the reservations of the Spring Valley Water Company as set forth in Parcel 71, Alameda County Lands, in the hereinabove mentioned deed from the Spring Valley Water Company to the City and County of San Francisco.

**Creating Commission to Be Known as the Coordinating Council for the Purpose of Furthering the Cooperation and Coordination Among the Public Departments and Between the Public Departments and Social Agencies in a More Effective Program for the Youth of San Francisco.**

(Code No. 19.10)

Also, Bill No. 1792, Ordinance No. 19.101, as follows:

Creating commission to be known as the Coordinating Council for the Purpose of Furthering the Cooperation and Coordination Among the Public Departments and Between the Public Departments and Social

Agencies in a More Effective Program for the Youth of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby created a Coordinating Council to be appointed by the Mayor. The Coordinating Council shall consist of the Chief of Police, the Chief Probation Officer of the Juvenile Court, the Superintendent of Public Schools, the Superintendent of the Recreation Department, the Director of Public Welfare, the Director of the Bureau of Child Hygiene of the Department of Public Health, and four additional members to be appointed by the Mayor, who shall be qualified to serve by reason of their knowledge and experience in the coordinating of youth activities.

Section 2. All members of the Coordinating Council shall serve without compensation except in so far as compensation is provided for other official positions which said persons may hold.

Said Coordinating Council shall, pursuant to the provisions of Subdivision (h) of Section 19 of the Charter, appoint a Secretary who shall not be subject to the civil service provisions of the Charter and who shall hold office at the pleasure of said Coordinating Council. Said Secretary shall be the administrative head of said Council and shall have all the powers and duties of a department head as provided for in Section 20 of the Charter. Said administrative head shall, with the approval of said Coordinating Council, pursuant to the civil service and budgetary provisions of the Charter, appoint such additional employees as may be necessary to conduct the affairs of said Coordinating Council.

The salary of the said Secretary shall be fixed by the Coordinating Council in accordance with the budgetary provisions of the Charter, but in no event shall said salary exceed the sum of four thousand dollars (\$4,000) per year.

Section 3. Upon the recommendation of the Mayor and the approval of the Board of Supervisors, an amount not to exceed seven thousand five hundred dollars (\$7,500) shall be appropriated each year to said Coordinating Council for the purpose of defraying cost of carrying on its work, which said cost shall include salaries and all other expenses incidental to said work.

Section 4. The duty of said Coordinating Council shall be to work toward a more efficient coordination and cooperation among the public departments and between the public departments and social agencies in establishing and carrying out an effective program for the youth of San Francisco.

Said Coordinating Council shall meet at least once during each month, and said Coordinating Council shall specify a regular time and place for said meeting and said Coordinating Council may hold such additional regular or special meetings as it may provide; said meetings to be called and held in accordance with provisions of the Charter and ordinances of the Board of Supervisors.

Section 5. A majority of the membership of said Coordinating Council shall constitute a quorum.

Section 6. The Coordinating Council shall, at a regular meeting in June of each year, elect a Chairman to act for the term of one year, which term shall be from July 1st to June 30th, inclusive. The Council shall have authority to establish district councils and to determine the membership thereof, in such manner as they deem best, and said district councils shall, in so far as their own districts are concerned, organize and carry out the work outlined in the duties of said Coordinating Council, but under the control and direction of the Coordinating Council.

Section 7. Said Coordinating Council shall have full power and authority to adopt such rules and regulations not in conflict with the provisions of the Charter or ordinances of the Board of Supervisors, as may be necessary for the conduct of its work.

Section 8. Pursuant to the provisions of Section 9 of the Charter,

the Board of Supervisors does, by this ordinance, create said Coordinating Council which is hereby placed under the Chief Administrative Officer, and the Board of Supervisors does hereby confer upon the Mayor of the City and County of San Francisco full power and authority to appoint the members of said Coordinating Council.

Section 9. Whenever any of the officials of the City and County of San Francisco who are made ex-officio members of the Coordinating Council shall cease to hold their official positions as such officers then, in that event, their membership in said Coordinating Council shall cease and determine and their respective successors shall be appointed to succeed them as members of said Council.

The first four additional members to be appointed to said Coordinating Council, pursuant to the provisions of Section 1 of this ordinance, shall be appointed respectively for one, two, three and four years, and upon the expiration of the term of each of said persons so appointed the Mayor shall appoint their successors to serve for a term of four years.

**Supplemental Appropriation of \$1,728.24 From Surplus in San Francisco Water Department Revenue Fund to Pay for Extra Work in Excess of 10 Per Cent of Estimated Contract Price for Gathering and Delivering Walnuts on Sunol Walnut Orchard, Sunol, Season of 1938.**

(Code No. 9.051)

Also, Bill No. 1800, Ordinance No. 9.051539, as follows:

Authorizing a supplemental appropriation of \$1,728.24 from the surplus in the San Francisco Water Department Revenue Fund to pay for extra work in excess of 10 per cent of the certified estimated contract price for gathering and delivering of walnuts on the Sunol Walnut Orchard, Sunol, Alameda County, season of 1938.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$1,728.24 is hereby appropriated out of the surplus existing in the San Francisco Water Department Revenue Fund to the credit of Appropriation No. 866.200.00, for the purpose of paying for extra work in excess of 10 per cent of the certified estimated contract price under San Francisco Water Department Contract No. 189: "For the Gathering and Delivering of the Walnut Crop on the Sunol Walnut Orchard, Sunol, Alameda County, Season of 1938." The contract as awarded was predicated on an estimated yield of 100 tons of walnuts and the actual tonnage harvested amounted to 129.647 tons. By reason of the necessity of preserving the walnut crop and retaining to the City an income that otherwise would have been lost, the contractor, Charles H. Schween & Son, was ordered to proceed with the harvesting of said excess over estimated tonnage.

**Supplemental Appropriation of \$112,000 From Municipal Railway Depreciation Fund for Purchase of Four New Street Cars.**

(Code No. 9.051)

The following recommendation of the Finance Committee was taken up:

Bill No. 1801, Ordinance No. 9.051540, as follows:

Authorizing a supplemental appropriation of \$112,000 from the Municipal Railway Depreciation Fund for purchase of four new street cars and incidental expenses in connection therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$112,000 is hereby appropriated out of the Municipal Railway Depreciation Fund to the credit of Appropriation No. 65.913.14, to provide funds for the purchase of four new street cars, spare parts therefor and the engineering and traveling expenses in connection with the preparation of plans, specifications and the inspection of construction of said cars.

Approved as to form by the City Attorney.

Recommended by the Manager of Utilities.

Approved by the Public Utilities Commission (Resolution No. 2991).

Approved as to funds available by the Controller.

Approved by the Mayor.

## Discussion.

SUPERVISOR MCSHEEHY: Mr. Chairman and members of the Board: I would like to ask Supervisor Roncovieri a question. Supervisor Roncovieri, number sixteen is on the calendar, and you as Chairman of the Finance Committee, were there any other members of the Finance Committee present last Friday but yourself?

SUPERVISOR UHL: Ask the Clerk, who was present.

SUPERVISOR MCSHEEHY: Pardon me, Supervisor?

SUPERVISOR UHL: Ask the Clerk, who was present. He'll tell you.

SUPERVISOR MCSHEEHY: I would like to ask the Chairman of the Committee first. Were there any other members present than yourself?

SUPERVISOR RONCOVIERI: No.

SUPERVISOR MCSHEEHY: You passed the calendar as presented to you?

SUPERVISOR RONCOVIERI: What are you speaking of, number sixteen?

SUPERVISOR MCSHEEHY: No, sir.

SUPERVISOR RONCOVIERI: What are you referring to?

SUPERVISOR MCSHEEHY: I am asking you if you passed the Finance Committee calendar?

SUPERVISOR RONCOVIERI: No, we passed number sixteen.

SUPERVISOR MCSHEEHY: You passed number sixteen?

SUPERVISOR RONCOVIERI: Yes, that was passed a week ago by Supervisor Reilly and myself. Supervisor Reilly wasn't there last Friday, but I knew he was in favor of it.

SUPERVISOR REILLY: Might I answer you, Supervisor McSheehy. This matter of number sixteen on the calendar, the week previous to last Friday came up before the committee and I requested you lay it over a week for further information from Mr. Cahill. I conferred with Mr. Cahill during the week and it was satisfactory as far as I was concerned, the passage of number sixteen. Last Friday I was not present when the matter came before the Finance Committee, but Supervisor Roncovieri was there and he passed it on to the Board. I satisfied myself about it, however.

SUPERVISOR MCSHEEHY: Members of the Board, that is just really a technical matter. In a way it is all right, I have no objection; Supervisor Roncovieri passed it, but it was not passed a week ago. Supervisor Reilly told you it was on the calendar a week ago last Friday, but it was only passed by the Finance Committee last Friday, the Finance Committee represented by one man at that time. Now, we cannot delegate our work to others on this Board, it is a Board of which everything is made of record, all our work is official. The question now before you is the matter in reference to the appropriation of \$112,000 for the purchase of four municipal cars.

SUPERVISOR UHL: What was the committee's recommendation?

SUPERVISOR MCSHEEHY: The Chairman of the Finance Committee?

SUPERVISOR UHL: No, the Utilities Committee.

SUPERVISOR MCSHEEHY: We asked that it go over until certain financial information could be acquired, and as we never received that financial information in any manner or form, I don't know how it was referred to or how it got into the Finance Committee, I don't know, and it was passed by the Finance Committee, and the Finance Committee consisted of the Chairman of the Finance Committee at that time. That is the record.

SUPERVISOR UHL: May I ask this question through the Chair of the Clerk, wasn't this matter referred to the Public Utilities Committee?

THE CLERK: It was referred to the Utilities Committee and the Finance Committee, to the Finance Committee first, it being an appro-

priation of \$112,000, there is nothing there except that it is a matter of the appropriation of \$112,000.

SUPERVISOR MEYER: The Public Utilities Commission approved of it.

SUPERVISOR BROWN: Are you sure about the Finance Committee meeting?

SUPERVISOR McSHEEHY: So I am informed.

SUPERVISOR BROWN: You weren't there yourself?

SUPERVISOR McSHEEHY: No, but all we can take is the record. I am going to present, members of the Board, the facts of the entire matter here to you today, and if six members of the Board agree to the findings of the Finance Committee—

THE CHAIRMAN: The Clerk has the information you are seeking, Supervisor.

SUPERVISOR McSHEEHY: I have the information here, and I am going to present it to the Board in my way. I received no information from the Utilities Commission in any shape, manner or form. It was promised to me, but to this very moment I haven't received it, but I want to say to you, Mr. President, and members of this Board, that I have learned, during the years I have been here, that if you cannot get information from one department of this City government, you can get it from another. I want to say that I received all the information I desired from the Controller, and I want to thank the Controller for giving me the information.

SUPERVISOR REILLY: Pardon me, Mr. Chairman, was this matter before the Public Utilities Committee the past week?

THE CHAIRMAN: Yes.

SUPERVISOR REILLY: May I ask Supervisor McSheehy, were you present when the Public Utilities Committee met?

SUPERVISOR McSHEEHY: No, I was not. Were you present when the Finance Committee met?

SUPERVISOR REILLY: No, I was not.

SUPERVISOR McSHEEHY: I would like to know.

SUPERVISOR REILLY: I missed last Friday's meeting because I was not in San Francisco, but I don't believe I have missed more than one meeting of the Board during the year and a half I have been on the Board, or one committee meeting, and very few meetings of the Board. It might be a good idea, maybe, if more members missed a few; I don't know.

SUPERVISOR McSHEEHY: Well, you have made wonderful progress since you have been on the Board anyhow.

THE CHAIRMAN: All right, go on.

SUPERVISOR BROWN: What is the parliamentary situation?

THE CHAIRMAN: Supervisor McSheehy still has the floor, I believe.

SUPERVISOR BROWN: What are we talking about?

THE CHAIRMAN: Whether or not Supervisor Reilly was at the Finance Committee meeting last Friday.

SUPERVISOR UHL: Let's go.

SUPERVISOR McSHEEHY: All right, if I can get the attention of the Controller. Members of the Board, you have before you the appropriation of \$112,000 for the purpose of purchasing four Municipal cars for our railroad here in San Francisco. May I state the facts and a little history on the entire matter, because I think it might enlighten some of the members to some degree, and perhaps they might see this entire problem the way I see it.

Twenty-six years ago we started our Municipal Railroad here in this City, and we bonded our City, through the issuance of several bond issues to the amount of ten million dollars. Today we have 232 cars traversing our City. The first 100 cars were purchased by our City at a cost of \$7,700 apiece, and they are running today, or most of them. The next batch of cars we purchased were purchased in 1928

at a cost of \$19,200 apiece. These four cars that we are about to purchase now will cost \$28,000.

SUPERVISOR BROWN: Apiece?

SUPERVISOR UHL: Apiece.

SUPERVISOR McSHEEHY: Apiece. We will have left in our depreciation fund after we purchase these four cars, \$240,950. That is a very small amount of money to have in our depreciation fund, \$240,950. Last week we purchased a number of buses amounting to \$126,000, and we have now in our operating fund one hundred and forty thousand and some hundred dollars—I can't find the figure here right now. So you can see the position we are in financially.

Now, members of this Board, every man on this Board recognizes the fact that we are perhaps giving the most wretched transportation of any city in the United States. Only today—I ride almost entirely in my own automobile around this city, and have been for the past year, but only today I had a puncture, and I had to leave the machine at home, and I took the trackless trolley car at Eighteenth and Ashbury, and rode down to Eighteenth and Castro, and then took the Castro street car and we had to transfer, and there were two elderly ladies on that car, and they said, "Why do we have to transfer?" And the conductor said, "Yes, you have to transfer." Now, that is the kind of service we are receiving in the Mission district today, we have to transfer on that popular line. I don't know why, but nevertheless it is going on. The same thing throughout the entire city. At no time in this city have we ever received the wretched transportation we are receiving here today, and now we are asked to pass this huge appropriation for the purchase of four cars for our municipal railroad.

SUPERVISOR UHL: May I ask you a question right there? You said you took a bus and transferred to Castro.

SUPERVISOR McSHEEHY: Yes, sir.

SUPERVISOR UHL: Then did you have to transfer again at Twelfth street?

SUPERVISOR McSHEEHY: Yes, sir.

SUPERVISOR BROWN: For one fare,

SUPERVISOR McSHEEHY: Yes, sir. If it is a joke, Supervisor Brown doesn't live in the Mission, and I simply say this, if you want to make a joke out of this, I don't care. It is not the first time and it won't be the last, but you have a problem before you, and your problem is, "Shall we make this appropriation?" The Public Utilities Commission says, "Yes, make the appropriation." A few weeks ago Mr. Cahill told you the responsibility is yours. The responsibility is ours, it positively is ours, if we make the appropriation the responsibility is ours. We have been advised to make it by the Public Utilities Commission. Now, gentlemen, should we make this appropriation under these conditions? I don't know; we are supposed to have vision, and I think we ought to have some, but are we going to vote \$28,000 apiece at this time for four cars for the municipal railroad with the funds of the municipal railroad in the condition they are in today? Are we going to give the people of our city some day the advanced transportation they are getting in other cities? If not, go ahead and make the appropriation. If you don't make the appropriation, you can take that money, and you will find Howard street, the fourth largest street in San Francisco, with the Market Street Railway company running six cars on that line, three one way and three the other, a street about three miles long. They have got a franchise running only from day to day, or a permit, rather, from day to day, and we could take that entire \$112,000, if we see fit, and we could buy buses for Howard street and give transportation to that entire section of the city, and take up the tracks there and make a real boulevard out of Howard street, it is 83 feet from property line to property line.

This is entirely a matter of policy, there is no great engineering problem here, there is no question of figuring the strength of a piece

of timber, or what point concrete will crush at, or what weight a bridge will carry. This is just a question of good common horse sense.

If you want to do it, all right, what will be the outcome? You will deplete this fund almost down to the dollar, because what is \$240,000 in our own Municipal Railroad depreciation fund, a railroad that perhaps has a value today, a replacement value, I dare say, of at least \$20,000,000, and a depreciation value of \$3,700,000. I have the figures all here somewhere.

If you want to spend it, do it where it will do some good and give the people some transportation, and it is up to you, members of this Board, you can refuse to countenance this appropriation here this afternoon. You can refuse it, and you can, by resolution, ask our City Attorney to foreclose the permit that the Market Street Railroad Company has in reference to Howard street, and then come back to our Public Utilities Commission and ask for buses on Howard street, and give some real transportation to our city.

What will these four cars mean? They will mean four modern up-to-date cars, somewhat similar to what they have in Los Angeles. I saw the cars down there, and they are fine cars, and remember, that they cost \$28,000 each, and you can buy three buses for \$28,000. Remember, that it is going to cost that amount of money, and remember, that these cars that we purchased originally cost only \$7,700, and the last batch of cars that we purchased cost only \$19,000 apiece. Why should we go into an extravagant expenditure of such a huge sum of money when we need the money so badly for transportation here in our city? This is a matter of policy, it is not a matter of engineering, and the responsibility is yours, everybody on this Board, because we are directly responsible to the people. Mr. Cahill doesn't owe his position to the people of San Francisco, he owes it to an appointment, and his commission doesn't owe their positions to the people of San Francisco, but they owe it to appointments. We do, and we are responsible, and so, members of the Board, I say to you, the last Monday of this year, that you will be making a great mistake if you countenance the expenditure of this huge sum of money under the conditions existing today.

**SUPERVISOR COLMAN:** Again, the question is shall we appropriate \$112,000 to buy four new street cars? Assuming, and I do not agree, but if the transportation in our city is as bad as stated by the previous speaker, it constitutes the strongest argument in favor of buying four new street cars, because at least to that extent we will alleviate these conditions which he says are so bad. It is a sound recommendation, and it is a proper use to which to put the depreciation fund, the replacement of cars and the buying of four new cars for use for experimental purposes, to see which would be the best and to see which will last the longest time. It is a very proper appropriation with good common sense back of it, and I certainly think we should appropriate the money, and I so move.

**SUPERVISOR UHL:** I should like to ask, through the chair, of Mr. Cahill, why did you arrive at four cars?

**MR. CAHILL:** Supervisor Uhl, as I stated before the committee, at which time you were present last week, we can only go ahead piecemeal. If we could afford eight cars, I would have asked for them. We have only asked the Board to appropriate moneys which we have earned and which is now in the treasury, and which the Controller can certify is ready and available.

Now, I want to correct Supervisor McSheehy on one thing, the cost of these cars will not be \$28,000 each, but they will cost from twenty-one to twenty-two thousand dollars, and the balance of that money is to be used for engineering costs, and once the necessary engineering has been accomplished we can buy any number of additional cars we need or wish to without the necessity of any further engineering costs, and therefore, these cars, if appropriated by the people—if appropriated

by the Board of Supervisors—will cost somewhere in the neighborhood of twenty-one or twenty-two thousand dollars. The last cars we purchased cost \$19,200, and that is not a very great increase in cost in some ten years.

SUPERVISOR UHL: May I ask you, you refer to engineering—whose engineers would those be?

MR. CAHILL: Our own engineers.

SUPERVISOR UHL: Have we the staff necessary for it?

MR. CAHILL: We have the necessary engineers, and, as I explained to you, through Mr. Ost and the others they are competent to go to the various places necessary and make the drawings required with the draftsmen in the engineering department. Now, bear in mind there is nothing in the United States exactly the same as we can use here in our city, and that is on account of the vertical curves caused by our hills.

SUPERVISOR UHL: That would be an argument for the purchase of one car rather than four, if they are more for demonstration purposes, if it is necessary to make the changes for the purpose you now assign, if they are merely experimental.

MR. CAHILL: These things are not so experimental, they have been in use in every other major city in the United States, as you probably know and have seen, and, as I said, if I could purchase eight, and had the money, I would be glad to do it, but we are not recommending to the Board that you purchase eight. I would have recommended eight for the very same reason that last week you authorized the purchase of twelve buses. Now, those twelve buses are going to carry twelve additional loads of passengers to our primary lines, there is going to be those additional feeders, and, as you probably know, our cars are crowded now to the extent that we can't get any more people on. Now, plan X terminal is coming into existence and only half of the cars will thereafter go to the ferry and half to Plan X, or something along those lines, may be it will be sixty-forty, and then there will be a chance to get more cars on lower Market street than there have been before. Consequently, I am now recommending here four primary transportation units which are going to be necessary to take away the people brought to them by these additional feeder lines. That is why I am asking for four cars and not one, and if we had the money I would ask for eight, and not for only four.

SUPERVISOR UHL: I understand you to say that the cost of these cars will be \$21,000, or \$22,000, that would be \$6,000 apiece, or on four cars, \$24,000 for engineering costs.

MR. CAHILL: That's right.

SUPERVISOR UHL: Why not, then, spend only the amount necessary for one car, if it is for experimentation?

MR. CAHILL: Because I have to have the engineering anyway.

SUPERVISOR UHL: Why not spend it on one car, that is a huge sum of money for engineering costs.

MR. CAHILL: It may sound like a huge sum of money, but the P. C. C. car was built at a tremendously greater cost, it probably cost a half million dollars to develop that car.

SUPERVISOR UHL: I am aware of that.

MR. CAHILL: Now, I am asking for \$24,000 to make the necessary changes in those things and to have it approved,—

SUPERVISOR UHL: But you said the engineers were in your department.

MR. CAHILL: There are some, but I can tell you that I have not a man that can do everything that is required, and what I do require is a correct design and not a design by some car builder.

SUPERVISOR UHL: Then all right, I will be willing to go along with the purchase of one car, and then provide additional money later when it is proven, after these changes are made and your engineers say this is the car for San Francisco, but I am not going to vote for

four cars if it is in an experimental stage, and you have indicated that it will take \$24,000 for engineers to change the plans of the car in order to have it fit in with San Francisco.

SUPERVISOR MEAD: Isn't it a fact that it will cost just as much to turn out one car as four?

MR. CAHILL: Correct.

SUPERVISOR UHL: Why buy four when we are going to have to make these changes?

SUPERVISOR MEAD: Why buy one car when we can get four for the same price?

SUPERVISOR BROWN: I understand, Mr. Cahill, in fact you made reference to it just a moment ago, the P. C. C. car, that at a conference of engineers called by the President, the street car design known as the "President's Conference Car" was developed and it was put in use in Los Angeles to some extent. Now, your reference to vertical curves perhaps explains my next question. Is the President's conference car adapted to use in San Francisco?

MR. CAHILL: The President's conference car is not adapted in some of its features. We cannot use the one-end car here. In some of its features, that is, in the main feature which make it the modern car, it is adaptable, modern braking, modern feeding, modern rubber bearings and modern rubber wheels. All of those things make for greater silence and comfort. The one-end feature is not usable in San Francisco because of the fact that we have such a congestion of cars here in our city and they are running so close together, and because of the fact that in our downtown section we have no rapid transit. Consequently, we cannot use the one-end car, nor can we use the center entrance car in this city, we must have double loading. There are a number of details that must be changed in the President's conference car. However, in the fundamental things that make it a modern car, they will be of the same type. The experimentation is merely between two or three different types of control, the Westinghouse versus the General Electric, and that type of thing, that is where the experimentation comes in, and I have no doubt either will work, but probably one will be better than the other, and consequently we desire to have different electrical controls on the cars so that we can make up our minds on future purchases, because every one of the cars we now have is going to have to be replaced, and that in the not-distant future. We have to make up our minds which is the best electric control, which is the best door, what should we buy, and the only experimental part of these cars are in details of engineering. \$24,000 may seem a large sum for engineering, gentlemen, but when I tell you that it cost half a million dollars to design the P. C. C. car, it is not a very great sum to give us the details of change which will make it suitable for our hills in this city. You will get a modern car with modern seating, modern braking, quick acceleration, and you will have the silence of the President's conference car; about the only things we have to determine is how to change from a one-end car to a two-end car, with proper gates that will fold up after the passengers are on, preventing people from hanging onto the side and being pushed off and thus causing a lot of accidents. Those things have all got to be eliminated, and those are the things for which we want the money. I repeat, that these cars will cost from \$21,000 to \$22,000 each, and the balance is for engineering costs, and once we get the engineering determined, we can go ahead and buy 100 or 200, or as many cars as we like, and, don't forget, gentlemen, that sooner or later, and it isn't very far now when all of our cars will have to be replaced, because the Municipal Railway is now twenty-five years old, and the equipment is beginning to fall to pieces like the one-horse shay in many parts, and we will have to replace not only the rails and overhead but we will have to change in some parts to trolley buses and some parts to gasoline buses as we did last week in the case of the M line.

SUPERVISOR BROWN: While on that subject, may I ask how many cars now on the M line will be replaced by buses?

MR. CAHILL: At the present time, Supervisor Brown, there are two cars of the large type we have operating on the M line, and they will be replaced by three buses which will change the twenty-four minute headway to somewhere between eight and ten minutes, and they will run a half mile further. In other words, they will not stop at the St. Francis Circle as the M cars do, but will run clear to the entrance to the tunnel, so that people riding the buses can go to the business district at the entrance to the tunnel and transfer to the L line or the K line, and go to the Fleishhacker pool. They will also bring the children to the Portola school. It will also enable people coming on either the L or the K line to go out and catch a bus regardless of whether it is a K or an L comes along first, and probably much more important, the women object at night to getting off a car and waiting for a transfer among the trees at St. Francis Circle.

SUPERVISOR SCHMIDT: How many more passengers will these proposed new cars hold than the ones now in use?

MR. CAHILL: These cars, doctor, are about three feet longer, and at the present time they have sixty feet compared with fifty-four or fifty-five feet, and a corresponding increase in standing space; it is a larger car.

SUPERVISOR SCHMIDT: Can you tell me why the middle entrance type car is not adaptable in San Francisco?

MR. CAHILL: The people have the habit, doctor, of entering at the rear and exiting at the front and the rear, and it helps loading to have two places where in these congested downtown districts we can put on a street conductor and help load from both ends.

SUPERVISOR MEAD: Are these new buses to be operated by one man or two?

MR. CAHILL: They are the same as we have, one man bus and the street cars, of course, two men.

SUPERVISOR UHL: Mr. Cahill, you said that there were two things involved, that what is involved is a question of electrical control, the Westinghouse or General Electric.

MR. CAHILL: Or Chalmers. We expect to try the different controls on the different cars.

SUPERVISOR UHL: I feel, members of the Board, that we are not justified in voting for such a large appropriation for four cars, that we should put on one for experimental purposes and see what it will do, but to turn around and vote \$112,000 for these four cars, twenty-four to twenty-eight thousand dollars of which is for engineering purposes, I am not sold on that idea.

SUPERVISOR COLMAN: Call the roll.

SUPERVISOR MCSHEEHY: In answer to Mr. Cahill's question, nobody knows better than Mr. Cahill, because he has been a contractor for a number of years, that the architect fees are always included in the cost of a building. A building worth \$10,000, you pay the architect \$600. So, therefore, when I say that \$28,000 is the cost of these cars, I mean \$28,000, that is what they cost. I cannot understand a man like Mr. Cahill, occupying the important position that he does here in our city government, making the statement that it will cost \$24,000 for engineering, and then that followed by the statement that this will be the same cost for one car or for four. Can you picture a building costing \$10,000 and you paying \$12,000 for the architect's fee? Can you picture any commodity you buy, if you design a desk like that one there costing four dollars, that is what the desk actually costs, and yet that statement was made here today by Mr. Cahill.

Now, you come to the depreciation fund, members of the Board, and what position are we in? I don't know why the framers of our Charter left the depreciation fund the way it is, so elastic today that no specific sum is in the depreciation fund. If the Public Utilities Com-

mission see fit tomorrow—not tomorrow, but two weeks or a month from tomorrow to bring in a recommendation for \$240,000 for eight more cars, they can do so, because they can take it out of the depreciation fund.

Now, Mr. Cahill states to you, and we know that our railway is twenty-five years old, and we know that the cost of maintenance is continuously increasing, and yet we are not providing ourselves with a dollar to meet that contingency. Is that business? Well, I hope that some day some people will have to give an accounting of their stewardship to the people of this city.

SUPERVISOR UHL: Members of the Board, I am going to ask—

SUPERVISOR MCSHEEHY: I have the floor. May I simply say this to the membership of this Board: It is your responsibility here today. Mr. Cahill has recommended to you this appropriation. You have 232 cars in your city today, and he recommends an increase of only four cars that will cost \$112,000 or \$28,000 apiece. Very well, pass the appropriation and deplete the fund, it is your responsibility. I know how my vote will be cast here today, but I say to you, members of this Board, in closing, that I cannot understand why Mr. Cahill predicts that we are going to continue entirely as a city with surface railroads when every other city in the United States is changing from surface railroads to bus transportation. Are we going to become a real ghost city? Are we going to do anything to correct that condition?

(Interrupted by boos from members of the Board.)

SUPERVISOR MCSHEEHY: I cannot understand it. San Francisco, the city that knows how. Why, I can't see how she claims knowing how if we are going to go ahead continuing with transportation that no other city in the United States is continuing.

I say to you, members of the Board, I think that we will make a great mistake here today if we attempt to pass this appropriation, first, on account of the exorbitant cost of the cars, and second, and above all things, on account of the exorbitant engineering costs. Can one picture such a huge sum being spent for engineering, and from a really depleted depreciation fund? Why, we know we will require that fund to meet various contingencies that will arise.

Now, here only a short time ago, a few years ago, the Municipal Railway was running in the red, but now it is in the black, and it is not in the red and is simply caused because our competitors are not giving the transportation they should, and have raised the fare, but if somebody took told of the Market Street Railroad and entirely turned it over into a bus line, and they would have the use of our city streets by paying the franchise, something similar to what they did with the trackless trolley on Eighteenth street, perhaps we would again find ourselves in the red, when we would do well to hold some money in this depreciation fund, but no, we are depleting it, and Mr. Cahill can come in again in a few months and ask for eight more. Very well, you may do it, members of the Board, but I say you are making a great mistake if you follow the recommendation of the Public Utilities Commission today and make this appropriation in the condition our railroad funds are in, and paying the exorbitant price of \$28,000 for a car.

SUPERVISOR UHL: Mr. Chairman, and members of the Board, I am going to ask that this remain on the calendar for one week. The reason I am asking for this, I want to call on Mr. Lundberg in Oakland, who is the vice-president of the Transit Company of the United States, with a capital of \$500,000,000, and who had as much say regarding the new President' car as anybody else, and I should like to discuss with him the question of the ability of that car to satisfy the conditions in San Francisco, and again, whether the engineering forces are still there, I believe the St. Louis Car Company built these cars, and I would like some first-hand information from him, and therefore, I would request that this remain on the calendar for one week.

SUPERVISOR McSHEEHY: Would you make it two weeks?

SUPERVISOR MEAD: A point of information, does this matter require nine votes?

THE CHAIRMAN: Six votes.

SUPERVISOR UHL: I should like to talk to Mr. Lundberg.

SUPERVISOR RATTO: I would like to ask Mr. Cahill if he has had any discussion with Mr. Lundberg.

SUPERVISOR REILLY: Why should he?

MR. CAHILL: Not at all.

SUPERVISOR COLMAN: I am opposed to that, I know Mr. Lundberg would not attempt to advise Mr. Cahill on the conduct of San Francisco's utilities.

SUPERVISOR UHL: That is not the thought, I have had conferences with him.

SUPERVISOR COLMAN: I have a high regard for him, and I feel that should be his attitude, and—

SUPERVISOR UHL: That is not the question.

SUPERVISOR COLMAN: You are asking Mr. Lundberg whether a certain car would answer San Francisco's purposes, and he is not competent to answer that question and would so tell you, and as Mr. Cahill would tell you if you asked him if certain cars were appropriate for Oakland use. It is a rather absurd request. Pardon me, I did not mean to belittle you, Supervisor, but it is something a man wouldn't do in that particular position, it is not proper, not a proper thing. Mr. Cahill is running our institution.

I think again this in my opinion is a proper and sensible proposal. Those costs are not exorbitant, and of course, the statements about buses in other cities are very much exaggerated, the facts show that many cities are still using street cars and that there is a demand for street cars throughout the United States, and they are still being manufactured in large quantities, the industry has not shown a decrease in that regard.

Now, back to where we were, if we favor transportation for the people of San Francisco, here is a chance to accomplish that, the money is in the depreciation fund, and the railroad is making money, and we will add to that fund through the months to come a very substantial amount, and it is certainly good business, and I am opposed to any postponement.

SUPERVISOR MEAD: It is not a question at this time of spending \$24,000, but is it not a question of spending that amount now or many, many times that amount later on? Is that not correct, or am I misinformed?

MR. CAHILL: Before you can buy one car, you have to do all of the engineering required to make the plans and specifications, but once you have made those, with minor variations, they will do for all the cars you want to buy, one or two hundred, it doesn't matter, but once you have paid that \$24,000 for the engineering cost of that one car, you can buy all you want. I have told you before this afternoon that sooner or later, and not very much later, this engineering cost will have to be paid for whatever you propose to do in that line.

SUPERVISOR SCHMIDT: How much are we adding, approximately, to the depreciation fund each month?

MR. CAHILL: During the past five months of this fiscal year we added \$112,500 to the depreciation fund, which was \$27,500 per month, and that is continuous all the time.

SUPERVISOR SCHMIDT: One other question I just wanted to bring out. Mr. Cahill, I realize there are some people who are very much interested in buses, some members on the Board here, and I appreciate, I think, to a certain extent the necessity for bus lines in certain parts of our city, but from what I have heard here on the Board in the past, from impartial experts, especially during the time the transportation over the bridges, at least over the San Francisco-

Oakland Bay Bridge took place, the point was brought out that in order to transport a large number of people in the shortest space of time, at least during the so-called peak hour, that transportation must take place on rails, whether it be on, above or under the ground, am I right in that?

MR. CAHILL: That is right.

SUPERVISOR SCHMIDT: So as long as we have not developed a subway system, and as long as we have not developed an elevated system, which is apparently antiquated, our only recourse is to develop the surface rail part of our system.

MR. CAHILL: That is right.

SUPERVISOR SCHMIDT: I just wanted to make sure of that feature, because that opinion is not my own opinion but is based upon the opinions of the experts.

I was also interested to hear Mr. Cahill say that it will only be within a short space of time when we must replace all of our surface equipment, so I believe there is no time like the present to begin. After all, four cars over what we will have to replace is a small number, and I think we should also keep in mind that we are going to save a great deal in engineering costs, as just stated by Mr. Cahill, and I think the only way to make any progress at all is to begin when we have got the set-up presented to us. I think this is a good start, and I think we ought to begin. So often when a matter of this kind comes up we have a tendency to lag and progress is not made as fast as it could be.

I was very sorry to hear a word used on this Board in connection with San Francisco which I mentioned here a week ago, and a word which should not be in the vocabulary of any citizen of this city; I think it is something we ought to relegate to the limbo of forgotten things.

I think this act here today is important, this is a part of our transportation system, and we will demonstrate to ourselves as members of this Board, and to the people we represent that we are up and coming. I think we ought to go ahead and I think we should begin today. I think we have had a very clear picture presented here today by Mr. Cahill regarding the engineering part of this thing, and that it is not, strictly speaking, an experimental thing, but we are going to find out certain things we ought to know in order to adapt these surface cars to the contour of the city of San Francisco.

I think our utilities department has also demonstrated to the people of San Francisco, and they have certainly demonstrated to me, that they are also interested in bus transportation where buses fit into the picture. I think that has been amply demonstrated, and I have voted accordingly, and I think we ought to go ahead and demonstrate to the people that we are trying to give them the best transportation possible.

SUPERVISOR MEAD: Roll call.

SUPERVISOR UHL: May I ask, through the Chair of Mr. Cahill, what particular line or location doesn't fit the present car or the Chicago car?

MR. CAHILL: I can't tell whether the present P. C. C. car—

SUPERVISOR UHL: Or the Chicago car.

MR. CAHILL: Whether that or the Chicago car, I can't tell whether they will require modification to go up the Geary street hill this side of Presidio avenue, which is a very important place and a very important thing to know.

SUPERVISOR UHL: I am going to move that the matter remain on the calendar for two weeks.

SUPERVISOR McSHEEHY: I will second that motion. The motion has been made and I second it that the matter remain on the calendar for two weeks.

THE CHAIRMAN: You seconded it?

SUPERVISOR McSHEEHY: Yes, and I am talking on the motion to postpone.

Members of the Board, I have given you some of the facts as I have gathered them. I have told you that Mr. Cahill can advise another appropriation of \$200,000 a month from now. Mr. Cahill has just told you that the depreciation fund is only being increased by \$27,000 a month, and that is only a little over \$300,000 a year, and he tells you all that you are going to be confronted with expenditures in reference to depreciation. Members of the Board, I cannot say anything further to you except this: I think we should postpone this matter for two weeks and see if we cannot find out certain facts from the Oakland Transportation Company. If it is going to cost us \$24,000 for engineering—I remember well, gentlemen, I remember well when we made an appropriation of \$19,200 each for the purchase of cars, and I remember the huge sum of money we were asked for at that time for engineering, and you will be asked for another large sum of money for engineering, because street cars, like automobiles, continuously change, some other company will show a better car, and you will have another large sum for engineering. Now, that has been the history in the past in reference to engineering.

I think as prudent men that you can afford to wait for two weeks. These cars, and Mr. Cahill made the statement, will take at least six months to construct. We are not going to get the cars tomorrow, and two weeks means very little. Suppose you gather information in reference to Oakland on this entire set-up, and it may mean a saving of many thousands of dollars, and we ought to wait two weeks. Is there any object in the rush? I hear none whatever, so, members of the Board, I trust and hope this matter will be postponed for two weeks, and see if we cannot create a condition whereby we can purchase cars for less than this amount.

THE CHAIRMAN: Call the roll.

SUPERVISOR RONCOVIERI: I trust that this matter will not go over, and that we will act today; action is what the people want. Everything is perfectly clear to me, and I have expressed my confidence in Mr. Cahill.

SUPERVISOR McSHEEHY: I see there is a special reporter here, and I am going to ask that a transcript of this entire matter be furnished to the Board.

THE CHAIRMAN: No objection, so ordered. Call the roll on postponement.

**Authorizing Execution of Agreement for Joint Construction and Maintenance of Exhibit by Counties Comprising the Redwood Empire, at the Golden Gate Exposition, at Cost to the City and County of San Francisco Not to Exceed \$2,000.**

(Code No. 5.95)

The following recommendation of the Finance Committee was taken up:

Resolution No. 4461, as follows:

Authorizing the City and County of San Francisco to enter into an agreement with the California Commission for the Golden Gate International Exposition, and with the Redwood Empire Exposition Commission, wherein and whereby the City and County of San Francisco shall agree to join with the Counties of Marin, Sonoma, Napa, Lake, Mendocino, Humboldt and Del Norte, in California, and Josephine County in Oregon, through the agency of the Redwood Empire Exposition Commission, for the preparation, erection, construction and maintenance of a joint exhibit at the Golden Gate International Exposition, as provided for by Chapter 342 of the Laws of California, Statutes of 1937.

Be It Resolved, That the City and County of San Francisco enter into an agreement with the California Commission for the Golden Gate International Exposition and with the Redwood Empire Exposition Commission wherein and whereby the City and County of San Francisco shall agree to join with the Counties of Marin, Sonoma, Napa, Lake, Mendocino, Humboldt and Del Norte in California, and

Josephine County in Oregon, through the agency of the Redwood Empire Exposition Commission for the preparation, erection, construction and maintenance of a joint exhibit at the Golden Gate International Exposition, as provided for by Chapter 342 of the Laws of California, Statutes of 1937, the cost to the City and County of San Francisco of said exhibit not to exceed the sum of two thousand (\$2,000) dollars and the loan of one diorama to be loaned by the City and County of San Francisco to the Redwood Empire Exposition Commission; and be it

Further Resolved, That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors thereof be, and they are, hereby directed to execute said agreement for and on behalf of the City and County of San Francisco.

Approved by the Chief Administrative Officer.

### Privilege of the Floor.

Mr. Paschal, representing the Redwood Empire Association, on being granted the privilege of the floor, explained the purpose of the foregoing resolution.

Thomas Toomey, Secretary to the Chief Administrative Officer, informed the Board that it was originally contemplated that the necessary subsequent appropriation for the proposed exhibit at the Exposition was to come from the Publicity and Advertising Fund. For that reason, it had been approved by the Chief Administrative Officer. Since it is now planned that the required appropriation is to be made from the Mayor's Exposition Fund, this legislation should have the approval of his Honor the Mayor.

Supervisor Brown reminded the Board that ultimately, of course, the Mayor could approve or disapprove the proposed resolution.

### Adopted.

Thereupon, the roll was called and the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

### Final Passage.

The following recommendation of the Joint Public Welfare and Finance Committees was taken up:

**Appropriation of \$45,000 From Indigent Sick and Dependent Poor Fund to Provide Funds for Sponsorship of Certain WPA Projects.  
Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1798, Ordinance No. 9.051537, as follows:

Authorizing an appropriation of \$45,000 out of the surplus existing in the Indigent Sick and Dependent Poor Fund for the purpose of providing funds for meeting sponsorship cost during the current fiscal year of certain WPA projects; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$45,000 is hereby appropriated from the surplus existing in the unappropriated balance of the Indigent Sick and Dependent Poor Fund to the credit of the following appropriations,

in the amounts indicated, for the purpose of meeting sponsorship cost in connection with the conduct of WPA projects as follows:

<i>Appropriation</i>	<i>Project</i>	<i>Amount</i>
878.149.00	Craft work project .....	\$13,500
878.150.00	Study of criminal justice.....	2,500
878.151.00	History of music .....	2,000
878.152.00	Street record index .....	1,500
878.153.00	House number project .....	2,000
878.154.00	City inventory project .....	2,500
878.155.00	Housing Authority Survey .....	10,000
878.156.00	Object of expenditure analysis .....	6,000
878.157.00	State relief map guides .....	1,000
878.158.00	Pay roll analysis .....	4,000
		<hr/> \$45,000

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, involving the welfare of a large number of our people, as the WPA program as it now exists does not provide sufficient jobs for the large number of white collar workers needing work, and additional jobs cannot be provided without this money with which to buy materials, supplies, utility services, rent of quarters and equipment in connection with the projects above named.

Recommended and approved by the Mayor.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

**Requesting Public Utilities Commission to Change Its Regular Meeting Date in Order That Manager of Utilities May Be Available at Meetings of the Board of Supervisors When Required.**

(Code No. 3.06)

The following recommendation of Public Utilities Committee was taken up:

Resolution No. 4466, as follows:

Whereas, almost every Monday the presence of the Manager of the Public Utilities Commission is required at the meeting of the Board of Supervisors for the purpose of supplying reports, recommendations and estimates of cost in connection with utility problems confronting the Board; and

Whereas, these matters are very often so technical in character as to imperatively necessitate the presence of the Manager of Utilities for the purposes of interrogation and counsel; and

Whereas, the Public Utilities Commission meets each Monday afternoon, at which time its Manager is required to be present to advise and report in connection with affairs under the jurisdiction of the Commission, thus making impossible his attendance at the meetings of the Board of Supervisors; and

Whereas, for many years past the rules of the Board of Supervisors have provided that its regular meetings shall be held on Monday of each week, and a change in such procedure would cause great confusion and inconvenience to the public; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request the Public Utilities Commission to change its regular meeting

date to some day other than Monday, in order that Mr. Cahill may be available at the regular meeting times of the Board of Supervisors, for the purpose of supplying such information as is desired of him; and be it

Further Resolved, That a copy of this resolution be sent to the Public Utilities Commission.

### Adoption Refused.

After a brief discussion of the foregoing resolution, during which Supervisor McSheehy urged its passage and Supervisors Colman, Schmidt and Mead expressed opposition thereto, the roll was called and the foregoing resolution was *refused adoption* by the following vote:

Aye—Supervisor McSheehy—1.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—9.

Absent—Supervisor Shannon—1.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

#### Resignation of Supervisor George R. Reilly as Member of the Board of Supervisors.

The following communication was read by the Clerk:

December 27, 1938.

David A. Barry, Clerk, Board of Supervisors, City Hall, San Francisco, California.

Dear Sir: Having been elected to the State Board of Equalization for the First District of the State of California, I hereby tender my resignation as a member of the Board of Supervisors of the City and County of San Francisco, said resignation to be effective on January 3, 1939, at 12 o'clock noon.

Respectfully,

GEORGE R. REILLY.

Supervisor Uhl, seconded by Supervisor Colman, moved that the Board accept reluctantly Supervisor Reilly's resignation, and express regret at his departure from the Board.

*Unanimously carried.*

#### Estimate of Cost for Sand-Blasting City Hall and Regilding the Dome.

In response to request by Supervisor Uhl, December 12, 1938, for estimate of cost for sand-blasting the City Hall and for cleaning and painting, or regilding the dome of the City Hall, the following estimate was submitted by the Director of Public Works:

For sand-blasting the City Hall and regilding the dome,	
using gold leaf.....	\$40,500
For sand-blasting the City Hall and regilding the dome,	
using "Nobsmetal" in lieu of gold leaf.....	17,500

Following the reading of the above estimate, Supervisor Uhl announced that he intended to follow through the matter of cleaning the City Hall and refinishing the dome.

Supervisor Schmidt announced that the Citizens' Beautification Committee had considered the matter, and that it would again be brought to the Committee's attention.

### Seven Cent Fare on Market Street Railway.

The following communication, at the request of Supervisor Mead, was read by the Clerk:

San Francisco, California, December 23, 1938.

Board of Supervisors of City and County of San Francisco, State of California.

Gentlemen: I request that your Board take such action as will protect the people of San Francisco from the enforcement of the seven cent fare on the Market Street Railway cars.

Immediate action by your Board is necessary. The legal procedure must be commenced before the decision becomes effective, the end of the month.

During the regular meeting of your Board, I told you of the exhibit in the fare case of the Finance Department of the Railroad Commission of figures from the books of the Market Street Railway showing that it had bought bonds and paid the Byllesby Corporation subsidiary and payments they refused to account for of \$100,000 to their Attorney Abbott, of about \$11,000,000 within a few years, all out of car fares.

If your Board refuses to take proper action to stay the enforcement of this seven cent car fare, through the courts, you will be responsible before the people of San Francisco for the seven cent fare.

Respectfully,

(Signed) EDMUND P. E. TROY,  
1263 Oak Street, San Francisco.

*Referred to Public Utilities Committee.*

### Franchise Obligations of Market Street Railway Company.

City Attorney John J. O'Toole, in reply to question by Supervisor McSheehy, stated that the franchises on some of the Market Street Railway Company's lines set up a minimum of service which must be maintained, although on many of their lines no minimum of service is so set up. The City Attorney promised to submit his complete report on the subject when completed.

### In re Sale of Hetch Hetchy Power.

SUPERVISOR BROWN: While Mr. O'Toole is here I should like to ask him a question.

Mr. O'Toole, the other day in the newspapers I saw an account of the action of Judge Roche in extending the Hetch Hetchy matter for thirty days.

CITY ATTORNEY O'TOOLE: Yes, sir, to the 27th of January.

SUPERVISOR BROWN: That is, his action in granting an extension—

CITY ATTORNEY O'TOOLE: Granting an extension of the injunction to the 27th of January, yes.

SUPERVISOR BROWN: I should like to ask, has the City any surety that after the 27th of January we will be able to derive any income from Hetch Hetchy?

CITY ATTORNEY O'TOOLE: That, of course, is very debatable, sir, because we asked the direct question whether they would extend the time beyond that, and Judge Roche said that it would depend on the speed and progress in which we made our appeal.

SUPERVISOR BROWN: Yes.

CITY ATTORNEY O'TOOLE: Now, the City has not been at all dilatory in the matter of perfecting the appeal, and in fact the last four continuances were asked for by the Government, and while it is true that I do not criticize the United States Attorney for that, because he has been engaged in a rather important murder trial, which

took the entire time of both himself and his assistant in the prosecution.

Now, in the Hetch Hetchy matter during the trial we asked Judge Roche whether he would commit himself as to whether or not he would entertain a further request for a suspension of the injunction.

SUPERVISOR BROWN: Yes.

CITY ATTORNEY O'TOOLE: And he refused to commit himself on that. He said he would determine that when the matter came before him. Now, our statement of the evidence and our assignments have all been completed and paid for, and the United States Circuit Court does the printing of those. When they are completed, then the clerk of the Circuit Court of Appeals prints them, and after they are printed we have thirty days in which to file our brief. Now, our brief is well on its way. Of course, we cannot complete it or work on it to a certain extent until we know the various page numbers of the evidence, so we cannot really start to set up our brief until the record is complete, and I think that would take two or three weeks.

SUPERVISOR BROWN: What would the practical effect of that be, Mr. O'Toole? Suppose that the brief is not ready for filing at the time?

CITY ATTORNEY O'TOOLE: I will give you the practical effect. I think that if we can make a showing before Judge Roche that we are proceeding with all possible haste, which we are, that he will grant us a further extension. Now, if Judge Roche denies the extension, then we would have the right to go to the Circuit Court of Appeals, and ask for a writ of supersedeas on the ground that the City would be placed in a position to suffer a very great loss and the Government none, the Federal Government. Under the ordinary rules, such supersedeas would be granted.

SUPERVISOR BROWN: When this matter was discussed by the Board of Supervisors some time since, two courses of procedure were suggested: One of the courses of procedure suggested was that it be carried through the courts in the ordinary manner.

SUPERVISOR McSHEEHY: I can't hear you, Supervisor.

SUPERVISOR BROWN: I was just saying that when we discussed this matter some time since two courses of procedure were suggested, and that one was to go through the courts as we now are doing and taking an appeal, which is now being prepared and will be heard in due course of time, and which, should that appeal go against us, may further result in an ultimate appeal to the Supreme Court of the United States, is that correct?

CITY ATTORNEY O'TOOLE: That would be a matter for the City authorities.

SUPERVISOR BROWN: Yes, and that is still one of the possibilities. Now, there was a second course of procedure suggested, and at that time it was decided that nothing should be done along those lines. What I have reference to is the possibility of an amendment to the Raker Act. Now, as I understand the situation, if the Raker Act is amended, it will, at one stroke, make unnecessary all of the legal procedure we are now going through, is that correct, Mr. O'Toole?

CITY ATTORNEY O'TOOLE: Yes, that is by revising certain sections, Section 9.

SUPERVISOR BROWN: It seems to me, now that Congress is about to be convened, and in the convening of Congress a motion to amend the Raker Act could very well be made an order of business, and should our legislative activities eventually prove unavailable, it might be the only course we could follow would be through the courts, but should we be successful in getting the Raker Act amended, it would obviate any possibility of loss in revenue from the upholding of Judge Roche's decision by the courts. An amendment to an act of Congress is not a difficult thing provided the case presented is a good one, and it seems to me, the Raker Act having been passed originally in 1910, was it not?

CITY ATTORNEY O'TOOLE: I think it was later on than that, about 1913, when it was finally passed.

SUPERVISOR BROWN: Well, about that long ago, it is about the second decade, and it seems to me the opinion not only of Congress but of the Federal Government as a whole and the opinions of the various members of the body politic has undergone a very serious change. We see now development by the Federal Government of electric power on various Federal properties for sale to private corporations for distribution. We have, in fact, right next door to our own Hetch Hetchy in the Yosemite Valley a Federal project which is primarily intended for the development of electrical energy and the surplus from it is to be sold to the San Joaquin Light & Power Company. We have the TVA, the Tennessee Valley Authority, which disposes, as I understand, of about 50 per cent of the power developed to private distributors in that area, and we have the Bonneville and Grand Coulee Dams on the Columbia River, and a large part of the output from both projects will eventually find itself in the hands of private corporations for distribution.

Now, in the face of all that, it does not seem to me that San Francisco is getting a fair break from the Federal Government in not being permitted to dispose, in the same way, of all or part of its hydroelectric energy to private distribution facilities if it desires to do so, and I am inclined to believe that if our representatives in Congress are alert and active in our behalf, and I believe that they are, and if they are sympathetic to the interests of San Francisco, as I am sure they are, that getting some amendment to the Raker Act is not impossible.

Now, in order to bring the matter before the Board of Supervisors, I am going to move—I have no objection to the motion being referred to committee—but I am going to move that this Board of Supervisors memorialize the members of Congress from San Francisco requesting them to proceed to secure an amendment to the Raker Act, which will permit the sale of power developed at Hetch Hetchy. I am going to ask that the same be referred, if I receive a second to my motion—

SUPERVISOR MEYER: I will second that motion.

SUPERVISOR BROWN: I am going to ask that the matter be referred to the Public Utilities Committee of this Board for an early hearing.

SUPERVISOR McSHEEHY: I am not going to debate the question, but I am going to rise and demand that this matter, according to our rules, be placed in writing in the form of a resolution.

SUPERVISOR BROWN: I have no objection to that, Mr. Chairman, and I am going to ask our City Attorney if he will be kind enough to draft the proper resolution, which I will present at our next meeting.

CITY ATTORNEY O'TOOLE: Along the lines just suggested by you.

SUPERVISOR BROWN: Yes, along the lines I have just stated. I should like to ask also, that my remarks be made a part of the record.

THE CHAIRMAN: Very well, *so ordered*.

### In Memoriam—Gilbert G. Weigle.

(Code No. 5.91)

Supervisor Schmidt presented:

Resolution No. 4477, as follows:

Whereas, Gilbert G. Weigle, Public Relations Expert, well-known newspaper writer, and distinguished lecturer of the University of California on the subject of Journalism and English, has departed this life; and

Whereas, Gilbert Weigle endeared himself to the citizens of San

Francisco by his tireless work for the clean-up campaign of the Mayor's Citizens' City Beautiful Committee; and

Whereas, Gilbert Weigle was well known and well beloved by all members of this Board of Supervisors over a long number of years for his fairness as a newspaperman in reporting activities of this Board of Supervisors as well as for his genial and sterling character as a man and a citizen of this City; now, therefore, be it

Resolved, That this Board of Supervisors deeply deplores the passing of our dear friend Gilbert Weigle, and expresses to his widow and relations its sincere commiseration in their hour of sorrow; and be it

**Resolution on Retirement of George R. Reilly From Membership on Board of Supervisors.**

(Code No. 5.92)

Supervisor Mead presented:

Resolution No. 4478, as follows:

Whereas, the Board of Supervisors, this day, witnesses for the last time the attendance of the Honorable George R. Reilly in his official capacity as a representative in this legislative body; and

Whereas, it has been a happy and refreshing experience which gave to the other members of this Board, the opportunity to sit in close association with George Reilly and to observe the manifestation of:

His enthusiasm for his chosen work in the field of political science;

His tireless efforts to accomplish those purposes to which he pledged himself before the electorate;

His ability to analyze and act without equivocation upon momentous and perplexing civic problems;

His vindication of the confidence which was reposed in him by his friend and benefactor, the Honorable Angelo J. Rossi, when the Mayor charged him with such serious responsibility;

His sparkling personality;

His gentlemanly demeanor and solicitous attitude for the rights and views of others; and

His philosophy of live and let live and that spontaneous generosity which denoted him, "Approved and Accepted"; and

Whereas, it is with mingled feelings of sorrow and joy that this Board views the departure of George Reilly; sorrow because we have come to know, love and respect him and to appreciate his value as a member of this Board; happiness because he has advanced one more step in the field of his chosen work, and in which soon, we confidently predict, he will be an outstanding figure; now, therefore, be it

Resolved, That this Board of Supervisors hereby expresses its sincere regrets upon the departure of George Reilly from its midst and takes this opportunity to wish him continued success in his career and the fullest measure of happiness; and be it

Further Resolved, That a suitably engrossed copy of this resolution be prepared for the signature of his Honor the Mayor and each member of this Board of Supervisors and presented to the Honorable George R. Reilly.
